

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3302-3303

Zara's metaphor of a fairy descending to the earth made Claire nod his head again and again.

She felt that Zara was too right, and the real development direction of the matter should be the same as she speculated.

However, she didn't know that these words fell into Charlie's ears, and it was another taste.

Charlie knew that Zara's remarks seemed to be deliberately mentioning his wife, but he deliberately mentioned something very vaguely, so that his wife did not know that all this was related to her.

Charlie didn't understand. Why did Zara say this to Claire? Could it be that Claire was vaccinated?

However, he didn't even think about leaving Claire.

Or, did she deliberately want to tell herself what she said?

But what's the point of this?

Charlie didn't quite understand for a while. And he didn't quite understand the woman Zara.

He felt that this woman was a bit too smart, so that he always kept a little guard deep in his heart.

The three followed the crowd out of the venue, and Zara asked Claire and Charlie: "By the way, Miss. Claire and Mr. wade, how did you get here?"

Claire said, "We came by taxi."

Zara hurriedly said: "Oh, at this point, you can't take a taxi anymore. I guess at least 10,000 or 20,000 people need to take a taxi in our neighborhood. I just drove over, or I will take you back."

Claire said quickly: "Don't bother Miss Zara, we are not too far away, and we will be there in 2 minutes' walk."

Zara hurriedly said, "Well, it's so late now. When you walk home, you will definitely be tired enough, and it will definitely affect your work tomorrow. Besides, my mother needs to know that I will finish watching with you. During the show, I didn't send you home, so I'll definitely say me. I'll send you off. It's just a matter of stepping on your feet. It's no trouble."

When Claire heard this, he couldn't face it anymore, so he looked at Charlie and asked, "My husband, what do you think, shall we walk back or take Miss zara's car?"

Charlie glanced at Zara and said lightly: "Since Miss zara has been so kindly invited, we can't live up to the kindness of others."

After that, he looked at Zara and said seriously: "Miss zara, I'm causing you trouble."

Zara hurriedly said: "Mr. wade is too polite. I should do such a small thing."

At this moment, Loreen saw Claire in the crowd, ran over quickly, and said as he ran: "Claire, how are you going back? My cousin drove to pick me up, or I'll see you off."

current tasks are two, one is to live in a village in the city and the other is to be a driver for Loreen, so Loreen usually takes him wherever he goes, so that her cousin will not be so boring. .

And Loreen also has her own selfishness.

She feels about the living conditions of her cousin Sam in the village in the city. It's really hard. I often call him out. On the one hand, I will be a driver for myself. On the other hand, I can take him to eat a good meal on the basis of work.

Seeing Loreen coming, Claire hurriedly said, "I'm sorry, Ruolin, I have already made an appointment with my friend and take my friend's car back, so I won't bother you and your cousin."

Loreen only saw Zara next to Claire at this time.

When she saw Zara, Loreen was stunned.

She recognized Zara at a glance, after all, Zara is the eldest granddaughter of the banks family. In the Eastcliff second generation circle, it is very famous, and it can be said that it is the strongest in the Eastcliff socialite circle.

And even though the two are not friends, they were more or less acquaintances before, and they have met on many high-class occasions.

It's just that she didn't expect why Zara would be here.
