

The Amazing Son In Law (Charlie Wade)

Chapter 3449)

After all, Abbas was taken out of the country when he was less than ten years old. This is the first time in more than 20 years that he has come back to pay homage to his parents. At this time, it is difficult for him to step forward and disturb.

And Abbas seemed to be aware of something at this time, and said coldly: "If you have anything, just say it!"

Salmaan was a little horrified, but he calmed down quickly. He stepped forward and said in a low voice: "Hall Master, the Blue Eyed Wolf King sent a battle report. The 1,000 elites he sent were ambushed by the enemy after parachuting. Annihilated!"

"What?!" Abbas stood up quickly, turned around and grabbed Salmaan by the collar, and asked angrily: "A thousand Wanlongian elites, who actively attacked those stragglers, could also be wiped out? Are you kidding me!?"

Salmaan was grabbed by his neck and couldn't move at all. He said with some difficulty, "The hall... the lord... what I said... all... it was all sent to me by the Blue Eyed Wolf King, you... if you don't believe it if you do, you can read my information..."

Abbas grabbed his mobile phone and looked down at the content of the text message, and the whole person was already in extreme anger.

He struggled to smash Salmaan's phone to the ground and smashed it to pieces, then gritted his teeth and shouted: "Yesterday, more than 1,500 people died, and today another 1,000 people died. Is he Chen a waste?"

Salmaan coughed twice, but he dared not answer.

Abbas said with an extremely cold expression: "These two defeats will definitely make our Wanlong Palace discredited! It may even make us fall out of 10 in the ranking of the World Mercenary Organization! The entire mercenary! In the world, there has not been such a tragic sacrifice in the past few decades! This is really a horrible story!!"

Immediately, he took out his mobile phone and turned on Chen after turning it on. He came up and yelled: "You rice bucket!!! I give you such a simple task. Will you make me look like what I am today?"

Chen said with ashamed: "Hall Master, please listen to my explanation..."

Abbas gritted his teeth and asked: "After such a big defeat, what else can you explain? Are you worthy of the title of King of the Four Great Wars in the Wanlong Palace?"

Chen said dejectedly: "Hall Master... I'm sorry, I'm sorry Wanlong Palace... However, the enemies this time are really extraordinary. Not only have they already built very strong fortifications, they can even be accurate. In anticipation of every step of our tactical planning, our people randomly selected two locations for parachute landing. As a result, these two locations had the high explosives that they planted in advance, so I believe they must have deployed them in all places throughout the base. The explosion point, no matter where our soldiers land, they are within their kill range..."

Speaking of this, Chen said with great grief and indignation: "Hall Master, I accept how you punish me, even if you directly deal with it by military law and shoot me to death, I have no complaints..."

"But I have to say that Hamid and his people are extremely surprised by the opposition groups we encountered before. This person's strategic vision and tactical arrangements are very precise and extremely harsh..."

"In all our contacts with him up to now, we can see that he is an extreme pragmatist. All his fortifications and all tactical arrangements have only one purpose, and that is to do everything possible to kill the enemy and never give The enemy leaves any way to survive..."

"This kind of person must be taken seriously and taken seriously to be able to defeat him. If you shoot me, please consider carefully in the next strategic arrangement. Don't underestimate this guy..."

Abbas's expression was extremely gloomy. He was silent for a moment and said coldly: "We have fought two unprecedented defeats in succession. Based on this alone, I have not shot you twice!"

Speaking of this, Abbas turned around and continued: "But now is not the time to kill you, but the time to make you guilty and meritorious! The more defeated by this Hamid, the more we are in the Wanlong Palace. Can't let him go. It won't take long for the entire mercenary world to know about this, and then everyone will read our jokes, so we must completely annihilate this Hamid and restore the face we lost. Come!"

Chen blurted out: "Hall Master...Now this Hamid has made his base like an iron bucket, and it is difficult for us to attack it unless we use corpses to pile..."

Abbas gritted his teeth and said: "You can no longer attack blindly. That will only bring more damage. We can't afford the third defeat now!"

As he said, Abbas immediately ordered: "You must gather all your troops now, so as to calm everyone's emotions first. Don't let these two failures shake the military spirit. I'll give them from Yemen and other regions. You mobilize a group of troops to make up 15,000 people for you, and surround this Hamid for me! Surrounded like an iron bucket! No fly is allowed to fly in!"

"In addition, as long as it is the living thing in the iron bucket, come out and kill one by one! Even if a fly dared to fly out, it must be killed for me! Even if they surrender, don't accept it! Leave nothing to live! , Never die!"
