

The Amazing Son In Law (Charlie Wade)

Chapter 3455)

"I originally thought that after he took back his identity and owned the Emgrand Group, he would realize the difference between him and that Claire's cloud and mud and take the initiative to leave that woman!"

"But what I didn't expect is that after such a long time, he has not yet divorced!"

"You said, is he going to spend a lifetime with that Claire?"

Stephen Thompson hurriedly said, "Master, feelings are not something we can control. I think you still have to respect Master Charlie's choice."

Lord Wade waved his hand and said seriously: "As the head of the Wade Family, I really can't accept my own grandson to marry such a woman from a bad background!"

As he said, Lord Wade said emotionally: "I said that Claire had a bad background, not only because the Wilson family's rank is too low! More importantly, Claire's grandfather was originally from our Wade Family. Domestic slave!"

"You said, any big family will let their grandson marry their own slave's granddaughter as their wife? Isn't this smearing the old ancestor's face!"

"So, Charlie must divorce that woman anyway!"

Stephen Thompson persuaded, "Master, you can't take this matter too hastily. I think you should give Young Master Charlie some more time and let him solve the matter by himself."

Lord Wade said seriously: "I originally thought the same way. Considering that I have not seen Charlie for so many years and lacked a normal relationship between grandparents and grandchildren, I did not force him to divorce and return to Wade. Home, I gave him the Emgrand Group, just to let him take the initiative to leave Claire, but now it seems that this is my own passion!"

Originally, in Lord Wade's cognition, once men and women had a huge class gap, it would be a matter of time before they separated.

Once Charlie has money, power and status, he is likely to lose interest in Claire himself, and will most likely give Claire a severance pay to send her away, and then completely end the marriage between the two. .

But how could he have thought that Charlie hadn't divorced Claire after so long.

Moreover, according to some sporadic news he received, Charlie didn't seem to have any plans to divorce Claire.

Even if Stefanie Sun had recognized him, he still did not divorce Claire.

This made Lord Wade feel a little bad.

Thinking of this, Lord Wade said depressed: "I watched the entertainment news a few days ago. The little girl from the Sun family confessed affectionately at the concert. She ran all the way to Aurous Hill for a concert, and it was still on Charlie's birthday. One day, I don't have to think about it and I know that I went to confess to Charlie, but what about Charlie? Haven't I divorced that Claire yet? That girl from the Sun family has a marriage contract with Charlie! Charlie doesn't even care about this. It proves that he didn't want to leave at all!"

Stephen Thompson naturally knew Charlie's thoughts, so he said, "Master, I understand your feelings, but have you ever thought about it? Master Charlie's personality is very similar to Master Bruce. If you force him to do something he doesn't want to do, there is a high probability that he will resist to the end."

Lord Wade said coldly: "I'm just afraid that he will resist, so I have never forced him, but this time I can't continue to let him go. For this ancestor worship ceremony, I have to put some pressure on him anyway. Otherwise, this One thing may never be what I want!"

Having said this, he stood up, looked out the window, and said seriously: "Jon married the Nordic princess and Charlie married the only daughter of the Sun family. Once these two marriages land, the strength of the Wade Family will completely surpass the Wade family and become The first family, so in these two things, I will never allow any business trips!"
