

The Amazing Son In Law (Charlie Wade)

Chapter 3468)

When the sky in the east of Syria just showed a hint of white belly, Charlie carried a parachute on his back and jumped down from a height of several thousand meters for the second time.

Hunter (Hamid) had already pinched a bit at this time, taking Zayne, who was still awake, waiting at the top of the mountain.

Zayne was a bit nervous due to the movement of the fighting in the past two days. He didn't eat well every day and didn't sleep well. After he finally fell asleep for a long time, he was dragged out of the tunnel by Hunter (Hamid) himself.

Zayne was dragged out by Hunter (Hamid) in a daze, thinking that Hunter (Hamid) was going to shoot himself, and after several questions, Hunter (Hamid) didn't tell the reason, which made him feel very nervous.

Seeing that the top of the mountain was bare and there was nothing around him, he felt a furry in his heart and couldn't help asking Hunter (Hamid), "Commander Hunter (Hamid), you... what are you doing to bring me here so early in the morning? "

Hunter (Hamid) said impatiently: "You don't talk nonsense, always stay! As for what I want to do, you will know in a moment!"

Zayne saw Hunter (Hamid)'s expression very impatient, so he shrank his neck angrily and stopped speaking.

At this moment, Hunter (Hamid) was holding a pair of binoculars, searching for something in the faintly bright sky.

And in his mouth, he murmured: "It's almost time, right? Where is it? I didn't see it."

Zayne looked more and more confused. After thinking for a long time, a thought suddenly popped out of his mind, so he asked nervously, "Ha...Commander Hunter (Hamid)... Tomb-sweeping Festival is coming soon, did Charlie ask you to send me back? I can't go now! Otherwise, I might have been taken away by a missile launched by the people of Wanlong Temple before the helicopter flew for a few kilometers..."

In fact, Zayne has been thinking about returning to China on Ching Ming Festival recently.

Before the Wanlong Palace declared war on Hunter (Hamid), he was wholeheartedly looking forward to the Ching Ming Festival coming soon, so that he could return to China soon, even if he only returned to China for a few days and then came back, it was much better than staying in this broken place.

However, after the two rounds of fighting with Hunter (Hamid) in the Wanlong Palace, Zayne dare not leave.

He has also learned about the current situation in the past two days. He knows that Hunter (Hamid)'s base has been surrounded. He also knows that Hunter (Hamid) is going to use strong fortifications and

a large amount of strategic reserves to fight a protracted battle, so he is afraid that Charlie will insist. Get yourself back home.

He knew that at this time, staying at Hunter (Hamid)'s base was the safest.

Now, Hunter (Hamid) took him to the top of the mountain and looked around in the sky with a telescope, as if looking for something. This made Zayne mistakenly think that Hunter (Hamid) was waiting for a helicopter and wanted to send him away by helicopter.

Therefore, he was very worried.

Hunter (Hamid) heard him buzzing in front of his ears and kicked him in dissatisfaction. He cursed and said, "I'm going to ask you to stop talking nonsense, don't you understand?"

Zayne was angry and scared in his heart, but he didn't want to risk his life safety, so he could only plead with all his heart: "Commander Hunter (Hamid), listen to me, since the enemy has blocked us all, he will definitely think about it. We can block our ground and air by all means. The helicopter has large targets and loud noises. It is no different from flying over to death. It does not matter if I die, but if I die, you have to let you take a precious helicopter. That's not worth it, what do you think?"
