

The Amazing Son In Law (Charlie Wade)

Chapter 3523)

As for the other auxiliary medicinal materials, Mr. Quinton could also obtain them, so Charlie asked him to arrange for someone to send over all the medicinal materials he needed.

Because Peiyuan Pill requires many types and quantities of medicinal materials, when the time comes to refine it, just refining the essence of the medicine is comparable to boiling a big pot of Chinese medicine.

What's more, there is also a medicinal material with a strong fragrance like ambergris. With it in it, the taste will be even stronger.

Charlie was afraid that the smell of the medicinal materials would be too great to explain to his family, so he brought ambergris and thousand-year-old snow ginseng, and planned to go to Isaac Cameron to send him to the Champs Elys hot spring villa on the outskirts to refine the pill. .

That place was a single-family villa on the hillside, hundreds of kilometers away from its neighbors, so it was quieter and more confidential.

As for the other medicinal materials he needs, he has asked Mr. Quinton to send someone to the gate of Tomson Yipin. He will drive out after a while and just grab the medicinal materials and go to the Champs Elysian Hot Spring Villa.

And as soon as he drove out, he received a call from Stefanie Sun. Stefanie Sun happily asked on the other side of the phone: " Charlie , my dad said you are coming to Eastcliff tomorrow?"

Charlie was a little surprised, and said: "How did Uncle Sun know? I did plan to leave tomorrow, but there are still a few things I haven't done yet. So when I will leave tomorrow, I haven't decided yet, so I didn't follow you. Say hello to Uncle Sun and Aunt . I want to wait until it's settled before telling you."

Stefanie Sun chuckled and said, "My dad is really accurate in guessing! He said you will definitely come tomorrow!"

After speaking, Stefanie Sun said again: " Charlie , if you come tomorrow, you can live in our house! Mom and dad miss you a lot!"

"Okay." Charlie said with a slight smile: "I promised Uncle Sun to live in your house. Besides, I and the people in the Wade Family can't deal with each other very well. It happens to be quiet and quiet in your house!"

"That's great!" Stefanie Sun said without hesitation: " Charlie , after you have confirmed your schedule for tomorrow, tell me, I will pick you up at the airport!"

Charlie said hurriedly: "Don't have to be so troublesome, I can go by myself tomorrow. Anyway, I know the way and can touch my house."

"How can it be done!" Stefanie Sun said without a doubt: "It's our distinguished guest, how can you let you come by yourself! Same as last time, I will pick you up at the airport, and that's it! You are sure to take off. Time tells me, if you dare not tell me, I will ignore you! You can figure it out!"

"Good, good." Charlie smiled helplessly: "Since you have said so, then you will work hard to pick me up at the airport tomorrow."

Stefanie Sun said excitedly: "No hard work, no hard work! If you are willing to come every day, I am also willing to pick you up at the airport every day!"

Charlie smiled and said: "Okay, then it's settled. After I determine the departure time, I will tell you in advance. See you at the airport tomorrow."

Stefanie Sun said happily, "Okay! See you at the airport tomorrow!"
