

The Amazing Son In Law (Charlie Wade)

Chapter 3533)

conquer the Wade Family, pick up bruce's coffin, and raise bruce's. The ashes, then take out the coffins of the other ancestors of the Wade Family, let the Wade Family knelt on the ground with sackcloth, and bury the coffin of his parents in Yeling Mountain. The reputation and prestige of the Wade Family will surely be destroyed!"

"Once he kneels down completely with Lord Wade, he will never get up again in his life!"

Bank's Butler pondered for a moment, and said, "If this matter really develops in the direction you said, then the reputation of the Wade Family will indeed be completely ruined, but the reputation is ruined. The assets of the Wade Family are still there, and the business is still there. At the most, we have lost contacts and face. In this case, we want to further suppress the Wade Family, but it will not be easy."

After speaking, he hesitated for a long time before seriously saying: "Master, I have a word, you must not get angry when you say it."

Lord Banks waved his hand and said coldly: "I know what you want to say, you are trying to say that the reputation of the Banks Family has already been ruined by me, so I am afraid that the Wade Family and I will not have a fig leaf by then, everyone. Half a catty is right, right?"

Bank's Butler hurriedly knelt down, and said in fear, "Master, I... I didn't mean that..."

Lord Banks asked him back: "Then what do you mean?"

"I...I..." Bank's Butler was speechless.

What he wanted to express was indeed what he meant, but he didn't want to use such a direct language.

Lord Banks said calmly: "Okay, I won't be angry. After all, you are also loyal."

Bank's Butler knelt on the ground and did not dare to answer any more.

Lord Banks said at this time: "What problems Wanlongdian encountered overseas, this is not what we need to care about, we only need to care about one thing, since Abbas wants to bury his parents' coffins in the ancestral grave of the Wade Family, then It proves that he must be confident enough to ensure that the Wade Family will not retaliate or cannot retaliate in the future, so I guess she will arrange a lot of manpower in Eastcliff in the future to ensure that the coffin of his parents will not be picked up by the Wade Family.

Speaking of this, Lord Banks smiled, and said inexplicably: "Based on this, I can be sure that for this Abbas, seeking revenge on the Wade Family is just one of his many purposes. Deep down in his heart, He must really want to go back to China for development. After all, his parents fell in the country back then. He definitely wants the Wan family to stand up again in the country. Therefore, as long as Abbas focuses on the country in the future, the Wade Family will definitely not have it. It's just in the early days."

Bank's Butler quickly exclaimed, "Master, wise! In this way, the Wade Family will be tortured to ruin and even ruined by the Abbas in the future. At that time, they will naturally not be able to fight against us in business."

Lord Banks sneered and said, "Lord Wade will be overwhelmed immediately, what else is he doing against me?"

Speaking of this, he said with great expectation: "Lord Wade has the most face in this life. I really look forward to the scene where the coffins of more than 100 ancestors of the Wade Family are dug out on the day of Qingming Festival. Wearing a linen and filial piety! At that time, I will take pictures of his worst face and post it on the Internet, so that everyone can take a look at how the Patriarch of the Tangtang Wade Family knelt on the ground like a dog, begging for mercy!
