

The Amazing Son In Law (Charlie Wade)

Chapter 3594)

These three conditions of Abbas are unheard of to anyone!

If you want the ancestral grave of the Wade Family, leave the coffins of Bruce and his wife, and ask the Wade Family to wear a sackcloth to give his parents a funeral, you also need half of the Wade Family's assets!

It is said that there are three conditions, but there are actually four.

And these four conditions, no matter which one, is to challenge Wade Family's limit, to put Wade Family's face on the ground and step on it vigorously.

And these four conditions are superimposed together, not only to step on the Wade Family's face on the ground, but also to step on with spiked shoes, and at the same time, to spit out a few more sputum, and then chop off the hands and feet of the Wade Family and let Wade Family become a stick.

When Lord Wade heard this, he was so angry that he was about to have a heart attack!

The anger in his heart had already overcome the fear, so he roared in anger: "Your Palace Master is really deceiving people too much!!!"

"Back then, Manar and his wife committed suicide, and they have nothing to do with my Wade Family! I am willing to give 10 billion, which is the best of my kindness!!!"

"But your Lord, you can still make so many despicable and shameless requests. It's tolerable or unbearable!!!"

Salmaan smiled and took out a good Cuban cigar. After lighting it, he took a deep breath and spit it directly on Lord Wade's face. He coldly said, "Old things, it doesn't matter if you don't accept it. You must not see the coffin without weeping!"

Having said that, he turned around, pointed at the coffins behind him, and sneered: "So our palace owner asked me to bring these coffins over and show you clearly so that you know that these coffins are all prepared for you! "

Lord Wade said coldly: "I don't believe you can kill all the Wade Family! This is not the Middle East or Africa! It's not the place where you want to go wild!"

Salmaan said disdainfully: "Of course our Palace Master knows this, and our Palace Master will return to Eastcliff this time. In addition to seeking revenge from your Wade Family, he will also announce the official return of Manar's son to the entire Eastcliff family. , So in this case, of course our Lord must abide by the law..."

Speaking of this, Salmaan smiled sinisterly, and said: "But our Palace Master also said that if your family does not agree to his conditions, he will not do anything to your Wade Family. It's just that, in the future Your Wade Family will definitely die one by one!"

"Moreover, the causes of death may be diverse and varied!"

“Some people may die in a car accident, some people may die in a fire, some people may die from drowning or suicide, maybe even someone will be bitten to death by dozens of dogs...”

“However, every way of death is like opening a blind box to you. The way each person can open depends entirely on your own luck.”

Salmaan’s words made everyone in Wade’s family, except Charlie, feel like a light on their backs.

This feeling is as if the opponent’s sharp knife has reached their backs, and it will be stabbed in at any time.

When Lord Wade heard this, his heart was ashamed.

He already understood Abbas’s plan.

Since Abbas wanted to come back openly, naturally he didn’t dare to kill the Wade Family with a big fanfare.

Although it cannot be killed, the assassination is much easier.

Wanlongdian itself is the world’s top mercenary organization, with countless masters.

If all these masters came to assassinate the Wade Family, it would be absolutely impossible for any of the Wade Family to survive.

He even felt that even Charlie would not be able to withstand such a terrifying master.

If the Wade Family cannot meet Abbas’s requirements, the Abbas will definitely launch an indiscriminate assassination against the Wade Family.

And he also believed that Abbas had waited for this day for twenty years, and he was definitely not just talking about it.
