

# The Amazing Son In Law ( The Charismatic Charlie Wade )

## Chapter 3614 )

Seeing that she was scared, Charlie said to Don Albert, "Don't rush to kill, let her say."

The girl hurriedly said: "Princess Olivia asked us to take Princess Helena...to St. Petersburg, Russia..."

Charlie frowned and asked, "What are you going to do in St. Petersburg?"

The girl said truthfully: "Go to St. Petersburg and give Princess Helena to the local energy oligarch, Aman Ramovic..."

When Helena heard this name, her expression suddenly became horrified.

"Aman Ramovic?" Charlie frowned and asked, "What does this buddy do?"

Isaac Cameron on the side said, "Master, Aman Ramovic is no longer a buddy, he should be a man... This guy is in his fifties this year, and he is a Russian energy oligarch, worth about 20 billion U.S. dollars, right? ."

Charlie nodded and asked the Chinese girl: "You princess Olivia, why do you want to give Helena to Aman Ramovic?"

The Chinese girl said nervously: "I don't know the specific situation very well, but I guess...it should be that Princess Helena wants to use Princess Helena to exchange benefits from Aman Ramovic..."

Helena said with a red eye: "Aman Ramovich has a humble background. Even if he is an oligarch, he has been ridiculed by the upper class because of his poor background. Especially in the UK, he has been discriminated against by the mainstream media and the aristocracy. The overall environment is not very good, so his development focus has always been in Western Europe and Northern Europe, but because of discrimination in Western Europe and Northern Europe, he wanted to marry a young and beautiful member of the European royal family in order to avenge those who look down on him. European nobility..."

After speaking, Helena said again: "Aman Ramovic tried this a long time ago, but many European royal families, including our Nordic royal families, are unwilling to lose this person, so he has never been able to do so... .."

Charlie nodded and said lightly: "It seems that your sister is planning to do her best now to squeeze your surplus value."

"Yes..." Helena choked: "Now my grandmother has reached the end of her life, she is about to inherit the Datong and become the new Nordic Queen. At this time, she makes any decisions and there is no one in the royal family. I can stop her..."

Charlie looked at Helena and said: "If you don't want to be controlled by the royal family, you can get your free body back now. I can guarantee that no one in China can force you to do anything, but you have to consider it yourself. Clearly, your mother is still in the hands of the royal family after all."

Helena nodded slightly, her tears had completely burst.

She sobbed and said, "I don't want to go to Russia, let alone become Aman Ramovich's plaything... But... But I really can't ignore my mother's life and death..."

Charlie asked her back: "Then what do you plan to do now? If you decide not to go to Russia, I will let the two women lock up, but if you still decide to go, then follow them now and you can catch the plane. ."

Such cruel multiple-choice questions caused Helena to collapse instantly.

She cried and said, "I don't know what to do..."

Seeing this, the Chinese girl hurriedly persuaded her: "Princess Helena, I sincerely suggest that you go to Russia with us..."

As she said, she was afraid that her words would irritate Helena, so she quickly explained: "You also know that Aman Ramovic has always wanted to marry a royal princess. If you are willing to marry him, he will definitely love you in every possible way..."
