

# The Amazing Son In Law ( The Charismatic Charlie Wade )

## Chapter 3643 )

to follow Charlie in the future, Charlie will never treat her wrongly.

As for the crisis in the Wanlong Palace today, he believes that it is not a problem for Charlie at all. at the same time.

Salmaan, who was ready and planned to fight Charlie with all his strength, saw that Charlie was not ready, and said with a sneer: "Boy, why haven't you mobilized your internal strength? Don't you plan to resist?"

The most powerful thing about martial artists is that they have internal power. As internal power increases, their physical strength, agility, and striking power will multiply geometrically.

Precisely because internal force is the original strength of the warrior, every warrior must transport the internal force to his hands and feet before attacking in order to display the strongest combat effectiveness.

However, Salmaan didn't know that Charlie didn't need the so-called internal force at all.

At this moment, his whole body is filled with spiritual energy, and this kind of energy is an existence that the warrior can't reach at all.

So, he yawned and said to Salmaan, "You are so inked, you just want to fight, what are the sentences crooked?"

"Grass!" Salmaan was humiliated by Charlie in public and was already extremely angry. He gritted his teeth and said: "I'm the damn kind to ask you to move first. You damn you don't appreciate it. In that case, don't blame my subordinates for being merciless!"

As soon as the voice fell, Salmaan immediately attacked Charlie!

The strength of the six-star martial artist was not covered, Salmaan suddenly made a move, and everyone who was about to reach Charlie couldn't even see it clearly.

With extremely fast speed and strong strength, this punch actually made a sound of breaking through the air, and it was fierce at first glance!

This is the power of the six-star warrior. Lord Elms (Wilfred), a four-star warrior, only needs to take a look, and the depths of his heart are involuntarily filled with despair.

The ninjas of the four major families in Japan were completely stunned at this moment. Salmaan's performance alone exceeded their level by more than one level!

Everyone immediately looked at Charlie, they wanted to know what kind of method Charlie planned to use to deal with such a fierce attack.

However, beyond everyone's expectations, Charlie didn't move at all.

Even when he saw Salmaan's right fist, he suddenly attacked Charlie's chest.

The sound of punching through the air was like a cannonball roaring by, making everyone's expressions tense.

Seeing him doing his best, Abbas was afraid that he would beat Charlie to death with a punch, so he subconsciously shouted: "salmaan, leave him a..."

Abbas wanted to say to keep him alive, but before that fate was spoken, he was immediately stunned by the sight in front of him!

I saw that Salmaan's right fist had already made a full blow at this time, and suddenly stopped at a position less than 20 centimeters from Charlie's chest.

Neither the person behind Salmaan nor the person behind Charlie had seen Salmaan's right fist, and Charlie had already grasped it tightly at this time!

At this time, Salmaan's expression was already extremely shocked!

On his fierce face, there was a three-year-old child's shock and panic.

He couldn't understand why Charlie was so easily grasped by his full blow.

What's even more outrageous is that the moment he was caught by him, the force of the mighty force gathered on his arm disappeared out of thin air.

This feeling is like a person jumping from an altitude of 10,000 meters. As the acceleration of gravity gets stronger and stronger, the speed and strength become stronger.

However, just when the speed and strength reached the extreme, the whole person suddenly fell into a state of weightlessness similar to that in space. The big difference between the front and the back is simply subverting common sense!

Everyone, including Abbas, was shocked to add nothing!

Everyone can see that Salmaan's punch just now has been extremely powerful!

Abbas was even afraid that he would smash Charlie's internal organs with one punch!

However, this can be called the attack of sparks hitting the earth, and it was dissipated silently by Charlie as soon as Charlie raised his hand. This... this is simply unimaginable!

Just when everyone didn't understand why, Charlie smiled contemptuously and shouted to Salmaan coldly: "Trash! I think you are a big man, you are a big man, how can you be like a woman." Lumpy? Give me all the power of eating mother's milk quickly! Come again!"
