## Chapter 3657 )

“What’s even more ridiculous is that according to what you said earlier, Uncle banks, bruce was not only my father-killing enemy, but he also tried to persuade my dad to get lost. Even indirectly dragged my mother to death...”

Speaking of this, Abbas leaned on the ground with his hands on the ground, tears and nose, and said desperately: “I don’t understand! I really can’t understand! I have spent the past 20 years abroad and tried courageously...what are they all for...”

“In the past 20 years, I have not dared to return to China, or go to the graves of my parents to worship. Whenever Qingming Festival or their death day, I can only burn some paper money abroad and cry bitterly as a sacrifice...”

“The reason why I have not dared to come back for so many years is because I want to wait until I have the strength to win, and then I will fight for them and shame them...”

“But now, everything turned out to be in this situation again...”

When Abbas said this, he raised his head, looked at Zayne with red eyes and desperate eyes, and cried out: “I don’t understand... I really don’t understand, Uncle wade... It feels like I have lived for nothing in the past twenty years...”

Zayne was sad and couldn’t help but burst into tears.

He can understand the multiple pains of Abbas.

The hatred back then, the failure now, and the misunderstanding behind this are all tormenting Abbas crazily, making him worse than death.

So, Zayne comforted and said: “Broken the army... if you want to start a little bit, the death of your parents is already a fixed number, and your 20 years of hard work are not in vain. I have heard of the reputation of the Wanlong Palace, you You have done a very good job. As long as you can clear up misunderstandings with MR. Wade and the wade family, and strive for MR. Wade’s forgiveness, your future will still be limitless!”

With that said, Zayne looked at Charlie and pleaded: “MR. Wade, please look at the filial piety of the army, and for the hardship he has suffered in the past 20 years, forgive him this time!”

Charlie sneered and said: “If he just came to seek justice for his parents, after the matter is said to be clear, he can consciously be wrong, admit a mistake to my parents and apologize, I can also let him go.”

Speaking of this, Charlie turned around and said coldly, with a fierce tone: “But! He thinks he is the lord of the Wanlong Palace, he thinks he has extraordinary accomplishments and extraordinary strength, so he dared to speak up to defeat my parents. Ash! I can’t forgive this incident! If you want to blame, you can only blame him for being too crazy!”

Upon hearing this, Abbas hurriedly asked him: “MR. Wade, how can you be satisfied with this matter?”

Charlie said indifferently: "I said! I want to treat him as a human being! It just so happened that he took the initiative to bring his parents' coffin with him, and that's why he took his own humiliation!"

As he said, Charlie stared at Abbas fiercely, and said word by word: "And I can put my words here now, no matter what Charlie wants to do, you Abbas can't stop me! If you are not convinced, you can compete with me first! If you lose, I will not kill you, I will dispose of you, and let you see with your own eyes how your parents were frustrated and ashes as you said before!"

Abbas shuddered subconsciously, turned his head to look at the coffin of his parents, and then looked at Charlie, his heart was ashamed.

After a while, he suddenly clenched his fists and suddenly mobilized all the internal forces in his body.

Just when others thought that he was going to rush to fight Charlie desperately, Abbas broke all his eight meridians in an instant!

Immediately afterwards, Abbas spit out a big mouthful of blood, looked at Charlie, and said weakly: "MR. Wade, I have already cut all meridians by myself. From today on, I can only be a useless person without the power to bind a chicken. You can raise your hands high and let my parents go!"
