

My Rejected Assassin Queen Chapter 1 - Great! Just as much great!

Phoenix POV

Beep! Beep! Beep! Beep!

1

There goes my alarm waking me up from my beautiful slumber.

"Phoenix! Get your butt up!"

My brother yelled.

I groaned in annoyance as I got up from my bed and went to the bathroom to have my shower and did my usual morning routine. I got out of the shower and decided to wear a long-sleeved cropped hoodie with white jeans that had black and red crystal designs, wore my hair in a high ponytail with part of my hair braided, and headed downstairs for breakfast.

when I went down the stairs I could already make out what was for breakfast and I could smell scrambled eggs, bacon, and slices of toast. And I was right.

Mmmmmmmmmmm.....

I sat down at the table and greeted my brother, my mom, dad, and my cousin.

"Morning Mom and Dad."

I said as I kissed them on their cheek.

"Morning Sweetie"

My Mom said.

"Hey, sis. Ready to go to school?"

My brother Ethan asked.

"Yeah."

I replied. I quickly put on my black heels, grabbed my Lamborghini car keys, and headed out the door while Ethan followed behind me. My side bag and phone were already in the car.

We hopped in and I started the engine and enjoyed the sound of my lovely car made and then we drove off. We got to school and told my brother and my cousin to go on without me as I have to park the car in the parking lot.

As I found a spot to park my car another car parked right next to me and it had dark tints so I could not see the driver. But as I got out of the car, my best friend, Catherine, came out of the car next to me and closed the door. Catherine was the beta's daughter in our pack and we basically do everything together. And I was shocked to see her. She started to drive last year and didn't have a car of her own and used her parent's car and now she had a car of her own.

She looked at me and came running and I hugged her. I knew her car as her car is a Lamborghini as mine but hers is Lamborghini Huracan EVO and mine was the Lamborghini Veneno Roadster. It is the MOST expensive Lamborghini in the world. My car is a whopping \$8.3 Million.

We are like the most popular girls in our school with our cars as our parents were really rich and owned a lot of money. We went in and everyone's head turned to us and we just walked to our classes and the teacher started the class.

After a few classes, we were talking until the most amazing smell caught my attention. The smell of fresh raindrops with lavender and honey will my nose.

It was so good. The scent became stronger and stronger until the person who owned it was right next to me. I looked up and saw that it was Justin Andrews.

He was the playboy of the school. He looked at me as if I were a plague. The look of disgust and hate was so visible on his face. Fear shot through my entire body as I knew what was coming next.

"I, Justin Andrews reject you, Pheonix as my mate and luna."

He smiled evilly at me. As to say it was going to break me and my wolves heart. My wolf howled in pain as her mate rejected us. I put on a stone-hard expression and looked at him directly in the eye.

"I accept your rejection."

With that, I walked away. I could sense that my pack wanted to rip him to shreds.

"Don't do it!"

I mind-linked them. Then I walked away as though nothing had happened. The day had rolled so fast and now there was lunch. I grabbed a tray and got some food before heading to Catherine, Ethan, Nikesh, and Catherine's brother Tyler.

As we ate lunch I felt eyes burning at the back of my head. So I decided to ignore them.

"Hey, so my mom and dad are sending me to this school all the way to North Atlanta," Nikesh said.

"Oh yeah? What school? Catherine asked.

"The EAH.," Nikesh said.

Everyone gasped. The EAH is "The Elite Assasian's High". It is where you go to train to become an assassin. But not everyone knows that, only people are forced to be rogues, alpha's, betas, and deltas.

"Why there?" Ethan asked.

"Because I want to go and they also said that I could take two people with me to fill in," Nikesh explained.

"Oh. Ok." I said

Maybe if I go with him it could help me.

"Can I come with you?" I asked.

Everyone was looking at me. Curious looks were now shown. I knew they wanted a reason so I told them when I would be back at home. Lunch was over and soon my last period was over too so I headed to my locker.

My mate's scent was getting stronger. I slammed my locker door to find him standing beside it. I groaned. I was so angry and pissed off to even talk to him.

What does he want?

"What?" I asked him with anger.

"What pack are you from ?" He asked suddenly.

"Why?" I questioned.

"Because you were sitting with the Full Moon Pack's future alpha." He said.

"So?" I asked.

"Why would a guy with a high status sit beside an omega like you?" He questioned.

Now that got me really mad and angry. Before I could answer him, Nikesh yelled at me.

"Hey, Phoenix! Let's go!"

"Coming!" I yelled back. I gave Justin a death glare before walking off to my car.
