

## My Rejected Assassin Queen Chapter 5 - 2 Years Later

### Chapter 5: 2 Years Later

Phoenix's POV

Today I am leaving EAH with Ethan, Nikesh, and his mate Winter. When I started here I met Winter and we became best friends. As we got on the jet back home, I was excited. I learned a lot here at the EAH. In just being here for the first few months Nikesh, Ethan, Winter, and I have become the most elite assassins in the world. In the assassin world, Nikesh is known as 'Silent Killer'

He can kill his victims mercilessly without them making a sound. Ethan is known as 'King Killer' He can make his victims suffer for a long period of time and make them kill themselves.

As for Winter and I are known as 'Ripper and Reaper' or 'Twin destroyers' we will get the job done and no one will know it.

Anyway, we will be going back home and I am both excited and nervous.

SKIP TWO HOURS LATER...

We made it home. I can't wait to see them. Ethan knocks on the door, and we are immediately attacked by our parents. They welcomed us and made Skylar feel welcomed. Tomorrow is Saturday meaning we have come back in summer. Meaning NO SCHOOL!!!!

I went upstairs to my room and jumped on my bed. I was ready to go to sleep when my phone rang. I groaned in annoyance. I went to see the caller and saw that it was 'HAWC' meaning the 'Head Assassin for Werewolf Council.'

"Hello this is reaper," I said professionally.

"Hello, reaper. I know this is bad timing but we need you to do a job" the HAWC said.

"Of course. What is the job?" I questioned

"It requires Silent Killer, King Killer, and Ripper and Reaper. We need you to go and train a pack. More specifically Luna Evie and Alpha Rocky's pack. You must leave Tomorrow at 12:30 am"

"No need to worry. We are Quite close with Luna Evie and Alpha Rocky. We will use our real names." I replied

"Very well. And also they have been many rouge attacks and investigate. Only the Alpha and Luna may know. That is all"

After that, the line went dead. I mind-linked the others on the news and they all agreed. I sigh and let sleep take me.

.....

Ring...

Ring...

I instantly got up. I saw the time and it was 8 am. I went and did my daily routine. Once done I got changed into a pair of black skinny jeans and a grey long sleeve crop top that said 'don't mess with me' and I pulled on my combat boots. I left my hair in its natural state and headed downstairs.

In the kitchen, I saw everyone here eating waffles. Apparently, the HAWC told them about us needing to go and train a pack and they both agreed that it was fine since it was Aunt Evie and Uncle Rock.

We said our goodbyes and loaded the cars. There were two black Convertibles and our motorbikes. We packed up the cars full of our weapons and suitcases. Winter and I will be taking our motorbikes while the boys take the Convertibles.

We drove off at 12 o'clock knowing it was half our drive. Well, this will be fun.
