### **Chapter 1001: This Old Man Was Very Bad**

Jian Ai picked up the document and opened it. As she spoke, she said, "I sent someone to check the scene. Other than a chemical item called potassium propionate, I found nothing else."

As soon as she finished speaking, Jian Ai couldn't help but look up at Ji Haoyu. "You went to my company's warehouse in the western suburbs?"

Ji Haoyu shook his head. "No, Yuan Ye investigated everything. The angle of his investigation is more tricky. Look at the contents of the document yourself. There will be a surprise."

Jian Ai couldn't help but look at Yuan Ye when she heard this. She saw he was also looking at her expressionlessly. His eyes behind the glasses were expressionless, as if someone had hit his acupoints.

Jian Ai shook her head slightly in her heart. She thought to herself that people with ability were indeed strange.

She lowered her head and read the document seriously. The more she read, the deeper Jian Ai's frown became.

Most of the documents were pictures, and some of these pictures were screenshots of information, while others were photos. Moreover, there was a text explanation under every picture. It looked like a formal case file.

The first photo was a call record. It seemed to have been obtained from a communication company. There was only the call time and phone number on it. The caption explained that the caller's number was the Jian residence's landline and Old Master Jian's phone number. The person who picked up the call was a man called Hu Dezhi.

The second photo was Hu Dezhi's photo and personal information. This person was forty-four years old and was an acquaintance that Old Master Jian had known for decades. This person had been to prison several times and had committed all kinds of crimes. However, most of the incidents involved Jin Province and even major real estate companies in the capital.

Then, they listed the real estate companies that had a competitive relationship with the Jian Group and the accidents that had happened to these real estate companies. Most of the accidents ended because of insufficient evidence, but there was only one criminal who had been arrested, and that was Hu Dezhi!

Looking further, a screenshot of Hu Dezhi appeared on the surveillance screen. The caption was Xinghe Road in the western suburbs. Jian Ai remembered it was only two kilometers away from the warehouse in the western suburbs.

Seeing this, Jian Ai understood something. Old Master Jian had instructed Hu Dezhi, who had worked for him for many years, to do all of this.

Because of his experience, Hu Dezhi did not leave any beneficial clues this time.

In the end, Jian Ai looked up at Yuan Ye and asked, “How did you suspect Old Master Jian?”

After all, Old Master Jian had retired for many years, and Jian Changsheng had always been in charge of the Jian Group. Even if they suspected the Jian Group, shouldn't they investigate Jian Changsheng?

Yuan Ye gently pushed his glasses and said slowly, “The first person I suspected was Jian Changsheng. After all, he is the current controller of the Jian Group. However, after I investigated this person, I realized that although Jian Changsheng is very capable, he has only competed in the business world. Over the years, there have been no negative scandals, and he did nothing despicable to his opponent.”

“In that case, I considered what happened at East Sea Real Estate before. The instigator of that incident was Secretary Wang, and Secretary Wang is a senior member of the Jian Group. He was Old Master Jian's trusted aide many years ago. Compared to his son, there were many things to investigate regarding him.”

“Therefore, as I investigated, I found this Hu Dezhi, who had known Old Master Jian for many years and had been to jail many times. Over the years, Old Master Jian had done many dirty things in the business world. He did not do these dirty things. It was all done by this person called Hu Dezhi!”

### **Chapter 1002: I'll Do It Personally**

Ji Haoyu continued Yuan Ye's words. “Moreover, this Hu Dezhi hasn't had a proper job all these years, but he has two villas in Baiyun City. He drives a Bentley and has savings of over twenty million yuan.”

“No wonder he got arrested so many times, but the Jian Group and Old Master Jian were never implicated. It's obvious that the two of them had reached a tacit understanding. Hu Dezhi took all the blame, and Old Master Jian was never stingy with Hu Dezhi's remuneration.”

Yuan Ye nodded. “At this point in the investigation, many problems appeared, so I followed Hu Dezhi's lead and found the information you saw. The first call between the two of them was half a month before the warehouse in the western suburbs caught fire!”

Jian Ai nodded and put down the document in her hand. However, she couldn't calm down for a long time.

Obviously, this result was beyond her imagination. If what Yuan Ye said was true, then Old Master Jian had instructed Secretary Wang Yang to cause frequent accidents in East Sea Real Estate.

“So all of this has nothing to do with Jian Changsheng. He might not know?” Jian Ai asked softly.

Ji Haoyu pursed his lips. “We can't rule out this possibility. However, Jian Changsheng can't completely remove himself now. Old Master Jian attacked your company because of the Jian Group. They are one family.”

Jian Ai sighed softly and thought for a moment. She chuckled helplessly. “Even the retired old man took action personally. He thinks too highly of me.”

She was not a genius. Although she had superpowers, she was not omnipotent. If an old fox like Old Jian trapped her, and if Ji Haoyu had not helped her, she might not have been able to find anything.

She had already planned to give up and wait for the other party to attack again.

Ji Haoyu looked at the helpless expression on Jian Ai's beautiful face and felt his heart ache. He immediately said slowly, "At first, I wanted to help you deal with them secretly like last time, but after thinking about it, I think it's better to tell you."

Jian Ai looked up at Ji Haoyu and felt the sincerity in his tone. Jian Ai said, "Thank you."

"What do you plan to do?" Ji Haoyu looked at Jian Ai and blinked. He said casually, "With just a word from you, I can turn the Jian Group upside down."

Jian Ai immediately shook her head. Her gaze suddenly changed, and a fierce look flashed across her eyes. "I owe you enough. I'll do it myself this time."

Feeling the aura emanating from Jian Ai, excitement and interest filled Ji Haoyu's eyes. He narrowed his beautiful peach blossom eyes and asked with a smile, "What do you plan to do?"

Jian Ai sat up straight and pursed her lips. "I haven't thought about it, but I won't let the Jian Group off easily."

At this moment, Jian Ai was like a poisonous snake that had its eyes on its prey. She looked quiet and motionless, but she had already entered a hunting state.

At this moment, Yuan Ye's expression changed slightly. He looked at Jian Ai with a deeper gaze. It was difficult to imagine that such an aura would appear on this little girl.

He suddenly understood why Young Master Ji was so interested in her.

"I'll secretly help you keep an eye on this old fox." Ji Haoyu looked at Jian Ai and said, "I won't interfere in anything else."

Jian Ai knew that Ji Haoyu would not do nothing, so she immediately nodded. As for the favor, she would slowly return it in the future.

### **Chapter 1003: Happy One Hundred Days**

Because she had promised to accompany Qiao Yuan to the movies tonight, Jiang Chunfen finished her work as soon as possible before work ended.

When she took the elevator downstairs, she bumped into Wang Yunzhi, who had also gotten off work.

"Sister-in-law!" Wang Yunzhi called out.

When Jiang Chunfen saw Wang Yunzhi, she said, "Zhi, I'll get Zimeng to go to your place for dinner tonight."

"Sure. Aren't you going? Sister and I are preparing to make dumplings tonight," Wang Yunzhi said.

Jiang Chunfen shook her head. "I have something on tonight. Otherwise, I would have gone back to cook for Zimeng."

Wang Yunzhi looked at Jiang Chunfen's exquisite makeup. It was obvious that she had specially done makeup before getting off work. She couldn't help but smile in understanding. "Are you going out for a meal with Vice President Qiao?"

1

Jiang Chunfen nodded slightly. "Yes."

"That's good." Wang Yunzhi sighed in relief. She looked at Jiang Chunfen and said, "Does Zimeng know?"

"Let's wait a while longer. Your brother is getting married again soon. If I mention this to her now, I'm afraid the child will be under too much pressure," Jiang Chunfen said gently.

Wang Yunzhi knew what Jiang Chunfen was worried about and immediately nodded to respect her thoughts.

The two of them went downstairs and saw Qiao Yuan's car waiting downstairs.

After bidding farewell to Wang Yunzhi, Jiang Chunfen got into Qiao Yuan's car. It was obvious that she no longer avoided her colleagues in the company. After all, their relationship was no secret.

Unexpectedly, as soon as Jiang Chunfen got into the car, she was surrounded by an enormous bouquet of red roses.

"What... what is this?" Jiang Chunfen was shocked. She instinctively hugged the flowers and looked surprised.

"Flowers." Qiao Yuan smiled gently and looked at Jiang Chunfen. "Happy one hundred days!"

One hundred days?

Although Jiang Chunfen was not someone who remembered anniversaries, she estimated that the two of them had only been together for two months, right?

"You... you remembered the wrong day, right?" Jiang Chunfen looked at Qiao Yuan, not knowing whether to laugh or cry.

Qiao Yuan said, "It's the hundredth day since you first sat in the front passenger seat!"

1

Jiang Chunfen: "..."

She still remembered that day when her car was sent for maintenance. Then, Qiao Yuan passed by, so she hitched a ride with him.

So it was this one hundred days.

However...

"Is this something to commemorate?" Jiang Chunfen looked at Qiao Yuan with a helpless expression.

"Of course." Qiao Yuan suddenly reached out to hold Jiang Chunfen's wrist. He looked at her intently and said, "Because that day was the day I fell for you."

Qiao Yuan's sudden words caught Jiang Chunfen off guard.

If another man said this, it might make people feel mushy. However, when Qiao Yuan said it, Jiang Chunfen's face turned red, and her heart was filled.

The smile on Qiao Yuan's face deepened. He said to Jiang Chunfen, "I've prepared a gift for you."

Jiang Chunfen looked up and saw an exquisite rectangular gift box in the middle of the roses. After opening it, there was an exquisite diamond necklace inside.

The necklace was simple and gorgeous. It was not an exaggerated style. It was obvious that Qiao Yuan had specially prepared it so that Jiang Chunfen could wear it every day.

Jiang Chunfen's eyes revealed joy and gratitude. As a middle-aged woman, she had long forgotten the joy of receiving a gift.

"Do you like it?" Qiao Yuan looked at Jiang Chunfen's satisfied smile and asked softly.

Jiang Chunfen's eyes were filled with tears as she nodded gently. "I like it. Thank you."

#### **Chapter 1004: Do You Want to Come to the Wedding Banquet?**

"Put the flowers in the backseat first," Qiao Yuan said as he took the enormous bouquet of roses from Jiang Chunfen's hand and carefully placed it in the backseat.

Seeing this, Jiang Chunfen couldn't help but say apologetically, "You should have told me in advance. I didn't prepare anything for you."

"This is a surprise for you. If I tell you, it will lose its meaning," Qiao Yuan said.

He was four years younger than her, but in front of Qiao Yuan, Jiang Chunfen seemed to have found the feelings of a young girl that had been lost for many years. With him, there were gentle and ambiguous bubbles everywhere, making her enjoy it.

"Help me put on the necklace." Jiang Chunfen looked at Qiao Yuan and said, "I'll always wear it."

Qiao Yuan couldn't help but look delighted. "Alright."

To him, happiness had always been so simple. Jiang Chunfen's every frown and smile, or even her words, could satisfy him.

Qiao Yuan also booked a very romantic French restaurant for dinner. There was red wine, steak, candlelight, and music. It was very romantic.

After dinner, the two of them went to the cinema in Baiyun Commercial Building to watch a movie.

"There's a disaster movie and a romance movie. Which do you want to see?" Qiao Yuan looked at Jiang Chunfen and asked.

When Jiang Chunfen heard this, she looked at Qiao Yuan in embarrassment and said, "If I say that I want to watch a disaster movie, wouldn't it ruin the atmosphere today?"

“Of course not. It doesn’t matter what movie we’re watching. What’s important is who you’re watching it with,” Qiao Yuan said seriously. “Even disasters can turn into love when I’m watching it with you.”

Jiang Chunfen couldn’t help but shake her head helplessly and laugh. “How did you stay single for so many years?”

“With strength!” Qiao Yuan raised his eyebrows and smiled.

Just as the two of them were walking towards the elevator and talking sweetly, a voice suddenly interrupted, “Chunfen?”

Jiang Chunfen stopped in her tracks and turned around. She saw Wang Yunzhong standing beside the jewelry counter, looking at her.

The jewelry counter was only a few steps away from her. However, she was only focused on talking to Qiao Yuan just now that she did not look at anything else. She did not expect to meet Wang Yunzhong twice in the same mall.

Xu Qianqian was naturally beside Wang Yunzhong.

Xu Qianqian was holding two kinds of rings in her hand. It was obvious that she was choosing a wedding ring. When she saw Jiang Chunfen, she instinctively revealed a trace of provocation. She stood up and looked up, as if declaring her sovereignty.

Wang Yunzhong’s gaze landed on Jiang Chunfen and Qiao Yuan’s hands.

After pausing for a moment, Wang Yunzhong’s gaze followed and looked at Qiao Yuan’s face.

It was a handsome and young face. Wang Yunzhong didn’t know Qiao Yuan, but his first instinct was that Qiao Yuan was only in his thirties.

He was handsome and tall. Any man would pale in comparison to Qiao Yuan, let alone Wang Yunzhong!

1

It was unknown if Qiao Yuan had agitated him or if he was unhappy that Jiang Chunfen’s new lover was a ‘little white lotus,’ but Wang Yunzhong’s expression was not good.

Jiang Chunfen took the initiative to say, “Are you picking a wedding ring?”

Wang Yunzhong’s eyes flickered, and he nodded gently. Looking at Jiang Chunfen and Qiao Yuan’s hands, which they still didn’t let go, Wang Yunzhong’s mind heated. He said to Jiang Chunfen, “Do you want to come to the wedding banquet on the eighth of next month?”

1

## **Chapter 1005: Terrifying and Funny**

Wang Yunzhong regretted it the moment he finished speaking. Was he crazy? Letting Jiang Chunfen attend his wedding was clearly an insult to Jiang Chunfen.

Xu Qianqian looked at Jiang Chunfen with a gloating expression, as if she wanted to capture her embarrassed and angry expression.

However, to their surprise, Jiang Chunfen smiled and agreed. "Alright, remember to send me an invitation card when the time comes. You know the address."

As soon as she finished speaking, she didn't forget to introduce Qiao Yuan to Wang Yunzhong. "Oh right, I forgot to introduce you. This is my boyfriend, Qiao Yuan."

Then, she said to Qiao Yuan, "This is my ex-husband, Wang Yunzhong."

Wang Yunzhong's expression froze slightly. Jiang Chunfen's calmness completely shocked him. She could introduce her current boyfriend to him so easily!

Qiao Yuan was even more refined. He smiled and said, "Nice to meet you."

However, he didn't reach out his hand. It was obvious that he didn't want to know Wang Yunzhong.

1

Wang Yunzhong looked at Jiang Chunfen, and his emotions were surging and complicated. His lips moved, but just as he was about to say something, Qiao Yuan beat him to it. "We still have to go to the movies. We're a little late, so we won't disturb you from choosing the rings."

As soon as he had finished speaking, Qiao Yuan turned around and blocked Wang Yunzhong's gaze on Jiang Chunfen. He coolly brought Jiang Chunfen away from the scene.

Wang Yunzhong's pupils constricted as he looked at Jiang Chunfen's back. Even if he didn't want to admit it, he had to admit that Jiang Chunfen had become more beautiful.

Moreover, he had never had such beauty before!

"You're really going?"

On the other side, Qiao Yuan looked at Jiang Chunfen worriedly and asked. It was as if he was afraid that she was just putting on a strong front and not willing to admit defeat.

After all, with the situation just now, her ex-husband made things difficult for her. She could not back down.

Unexpectedly, Jiang Chunfen smiled and whispered, "When I first learned of this news, the people around me asked me if I wanted to attend their wedding. My answer was that if he dared to invite me, I would dare to go."

Qiao Yuan reached out and pulled her into his arms. His heart ached as he said, "Actually, there's no need. It looks so bad."

Jiang Chunfen shook her head indifferently. "Every qualified ex should look like they're dead. What does his future marriage have to do with me? They're all underworld marriages!"

1

Qiao Yuan: "..."

In the next second, Qiao Yuan couldn't help but laugh. "Where did you hear that from? Why is it so terrifying and funny?"

Jiang Chunfen raised her eyebrows slightly. "That's the logic. After a divorce, we're strangers. Since he dared to invite me, why wouldn't I go? It's as if I'm afraid of him!"

"Then... I'll go with you," Qiao Yuan asked tentatively.

Appearing at Wang Yunzhong's wedding was equivalent to publicizing their relationship.

Qiao Yuan naturally did not want to force Jiang Chunfen to do this, but he really yearned for it in his heart. He wanted everyone to know that he was Jiang Chunfen's boyfriend, including Jiang Chunfen's children!

When Jiang Chunfen heard this, she looked up at Qiao Yuan for a long time. In the end, she said, "If the two of us go together, it looks like we're going to cause trouble."

2

Qiao Yuan chuckled. "He should have expected such a turn of events since he dared to invite you just now. After all, I'm a living person standing at the side!"

He initially thought that Jiang Chunfen would struggle or refuse directly. Unexpectedly, Jiang Chunfen seemed to have suddenly thought it through and nodded decisively. "Alright, accompany me."

### **Chapter 1006: The Day of Entering the Production Team**

Qiao Yuan was stunned for a moment before joy filled his face. "Really?"

Looking at the light in Qiao Yuan's eyes, Jiang Chunfen couldn't help but smile. "Really!"

Excited, Qiao Yuan ignored the situation and pulled Jiang Chunfen into his arms. He knew how difficult it was for Jiang Chunfen to take this step.

On the other hand, even after Jiang Chunfen's figure left his sight, Wang Yunzhong still hadn't regained his senses.

Xu Qianqian saw this and couldn't help but feel angry. "Stop looking. They're already gone!"

Wang Yunzhong regained his senses. Even though he hid the emotions in his heart, his expression still didn't look good. He immediately looked at Xu Qianqian and asked indifferently, "Have you chosen?"

Xu Qianqian also felt uncomfortable in her heart, but she was pregnant now and didn't want to argue with Wang Yunzhong on such an occasion. She could only swallow this anger. She raised the two rings in her hand. "I think these two are quite good. Which do you like?"

Wang Yunzhong looked at it and said, "Buy whichever you like."

Xu Qianqian naturally liked bigger ones, so she didn't stand on ceremony. However, Wang Yunzhong was no longer in the mood to think about the ring. He paid the bill without a word.

...

The weekend was the day 'Interweaving Night' started filming. All the production team staff and actors gathered in the morning and went to the filming location together.

Because the background of the script was in the sixties and seventies, the filming venue this time was a professional film base.

"Mom, why are you going with me?!" On the way to the company, Jian Yiyi looked at Qiao Shuyi reluctantly and said, "Other actors don't have their parents accompanying them. Those who don't know might think that I'm spoiled."

"It's your first time on the production team. Isn't Mom worried about you?" Qiao Shuyi said gently, "Besides, your father is worried as well. Mom won't disturb your filming, so I'm just in charge of taking care of you and accompanying you."

Jian Yiyi sighed helplessly, but then thought about it and forgot about it. After all, she didn't have an assistant and only had Brother Jie as her manager. However, Brother Jie's focus was on the male lead, Yuan Guang. It was still unknown if he could take care of her.

Therefore, it was not a bad thing to have someone take care of her. She was just worried that the other actors in the same team would laugh at her.

"Mom will accompany you for the first time. When you have experience and when you get used to it, Mom won't follow you anymore," Qiao Shuyi said, afraid that her daughter would be unhappy.

Jian Yiyi nodded. "I understand."

It was only half-past six in the morning, but there was already a row of buses and nanny vans parked downstairs. Almost everyone was present.

"Yiyi!"

As soon as Jian Yiyi got out of the car, Dong Jie called out, "You're finally here. I thought you were going to be late."

Jian Yiyi couldn't help but apologize. "I'm sorry, Brother Jie. I left the house five minutes late. Fortunately, I'm not late."

"Mom, this is my manager, Dong Jie. He's always taken care of me in the company," Jian Yiyi quickly introduced him to Qiao Shuyi.

"Hello, Auntie. Just call me Xiao Jie." Dong Jie naturally knew Jian Yiyi's identity as the daughter of the Jian Group. Moreover, Qiao Shuyi had an outstanding temperament and was elegant and noble. Dong Jie was very polite.

Qiao Shuyi also smiled and nodded as a greeting to Dong Jie.

Dong Jie looked at the time and said, "There's still over ten minutes before we set off. Wait for a while."

**Chapter 1007: Everything Has a Purpose**

On the other side, Wang Mingxiao saw Jian Yiyi, who had just arrived. He immediately went forward to welcome her, but his uncle pulled him back.

Wang Mingxiao paused and turned around to look at Yu Xiaofeng in confusion. "Uncle, what are you doing?"

"Tsk, where are you going?" Yu Xiaofeng glared at him unhappily.

"I'll go greet Yiyi." Wang Mingxiao frowned and pulled his hand out of Yu Xiaofeng's hand.

Seeing this, Yu Xiaofeng looked at Wang Mingxiao disapprovingly and said in a low voice, "Why are you leaning towards a third female lead? Have you forgotten what I told you?"

"The person you want to know is Xia Qinghuan. You have to build a good relationship with Xia Qinghuan! Perhaps you can even spread some rumors with her. This way, you can become famous!"

When Wang Mingxiao heard this, he couldn't help but throw a look of disgust at Yu Xiaofeng. "No, Uncle. What are you thinking? I don't know Xia Qinghuan. Why should I want to know her? I only know Jian Yiyi. I'm just going up to greet her."

"Are you stupid?!" Yu Xiaofeng glared at Wang Mingxiao with a fierce expression. He looked at him and said, "Even if that's the case, she should be the one to stick to you! Why are you taking the initiative? Moreover, Uncle has investigated thoroughly for you. Xia Qinghuan is a newcomer supported by Rose Entertainment. She worked with Yun Buyao before. If you build a good relationship with her and become friends with her now, won't you be able to benefit in the future? What a rare opportunity to collaborate!"

Wang Mingxiao was speechless by Yu Xiaofeng's words. He immediately turned around and ignored him, giving up on the idea of greeting Jian Yiyi.

Yu Xiaofeng, on the other hand, kept talking as he leaned forward. "I've put in so much effort. Would I harm you? You don't know the ways of the world. Without me in the future, you won't even know if someone eats you in the entertainment circle."

1

At this moment, Wang Mingxiao didn't listen to a word he said. This was because he really didn't like his uncle's tricks now. He had to have a goal in everything and be profitable.

If not because he had raised him since he was young, Wang Mingxiao would have long talked back to him. However, his conscience told him that the kindness of raising him was greater than the heavens. As for these things, they would pass after enduring for a while.

1

"Mingxiao!"

At this moment, Jian Yiyi saw Wang Mingxiao and greeted him.

Almost instantly, Wang Mingxiao smiled. "Yiyi."

Because she would sit in the car for a few hours today, Jian Yiyi was dressed comfortably and casually. She looked more approachable than usual. Her face was still exquisite and flawless. She was a perfect goddess.

Jian Yiyi smiled and blinked at Wang Mingxiao. "I haven't seen you for a long time. You weren't here the last time I came to the company to try on clothes."

He didn't expect Jian Yiyi to pay so much attention to him that she even found out that he didn't come to try on clothes. He couldn't help but feel excited and delighted. However, he revealed a handsome smile and said, "I went back to my hometown with my uncle a while ago."

At this moment, Yu Xiaofeng said smugly, "Since ancient times, our side has produced only a celebrity like Mingxiao. Even the mayor personally treated him to a meal."

"Uncle, don't talk nonsense." Wang Mingxiao was embarrassed and immediately frowned.

### **Chapter 1008: Only She Didn't Have a Nanny Van**

Jian Yiyi acted as if she didn't hear him. She looked at Wang Mingxiao with concern and said, "Did you read the script recently? I realized that you have a few scenes that are quite difficult."

Wang Mingxiao immediately smiled and nodded. "I've practiced a lot, but I don't know if I can meet the director's requirements. I'm still a little nervous."

"You can do it. After all, among so many people who auditioned, you got this role. It must be because you're the most suitable," Jian Yiyi encouraged.

Wang Mingxiao looked at Jian Yiyi's sweet appearance and listened to her words. He immediately felt as if he had been injected with a stimulant and nodded hard. "Yes, you can do it too!"

On the other hand, Ye Tong was already doing the final verification.

"Is everyone here? Check the props carefully. Don't tell me you forgot this and that when you reach the place!" Ye Tong was wearing a professional lady's suit. Under her exquisite makeup was an extremely dignified aura.

The teams reported the situation to Ye Tong. After confirming that there were no mistakes, Ye Tong waved her hand. "Everyone, get in the car. Let's go!"

Xia Qinghuan opened the door of a luxurious black nanny van and got in first. Chen Jin and his assistant, Momo, followed suit. Even the stylist and makeup artist assigned to Qinghuan by the company benefited from this and could sit in the spacious and comfortable nanny van.

Not far away, Jian Yiyi, who was queuing to get on the bus, saw this scene and felt terrible. They were all from the same company. Why was the treatment of the female lead so different from the third female lead?

Even though she was a newcomer, Xia Qinghuan had only been in two advertisements. She even had an assistant, a stylist, and a hairstylist.

She had nothing!

Jian Yiyi suppressed the jealousy in her heart, but she swore in her heart that she would become famous. She would become a hundred times more famous than Xia Qinghuan. When the time came, she would sign with a bigger company and let these people regret treating her like this!

“Yiyi!”

At this moment, Wang Mingxiao suddenly ran over again. He pursed his lips shyly and said softly, “If you don’t mind, do you want to take my nanny van? It’ll be more comfortable than the bus.”

Jian Yiyi was stunned. Even Wang Mingxiao had a nanny van?

And she did not!

1

Because Wang Mingxiao and Jian Yiyi were not from the same company. Although Wang Mingxiao almost signed with Rose Entertainment, he accidentally offended Jian Ai, so the contract was ruined.

He was now an artist from Qihua Management. Because of his outstanding appearance and being the only artist from Qihua Management who had won a role in this audition, Qihua Management also saw Wang Mingxiao as a suitable candidate and matched him with all kinds of hard equipment.

Other than the nanny van, Wang Mingxiao also had his personal assistant.

In short, all the comprehensive indicators were over one level higher than Jian Yiyi.

Jian Yiyi suppressed the imbalance in her heart but said gratefully, “Can I? Because my mother accompanied me this time, my heart aches for her to take the bus with me.”

“Then take my car!” Wang Mingxiao quickly invited.

Qiao Shuyi watched everything from the side and couldn’t help but have a good impression of Wang Mingxiao. She immediately said, “Thank you.”

After everyone got into the car, the entire production team set off for the largest film base in the north of China, Zhongshan Film City.

### **Chapter 1009: How Can Anyone Live Here?**

Zhongshan Film City was in Qing Province in the north, between Yaner Island City and Hailin City. It was one of the top ten film bases in China.

Because film crews came here to film movies or television dramas all year round, there were many hotels around Zhongshan Film City. The development of the business district was even better than Hailin City. During the holidays, this place even became a tourist destination with an endless stream of tourists.

It was almost one in the afternoon when they arrived at Zhongshan Film City from Baiyun City. The first thing they did was arrange for everyone to check in at the hotel.

Previously, Ye Tong flew into a rage because the female lead and the male lead did not have five-star hotel rooms. The subordinate used various methods and finally booked a few more rooms. If she did not force him to a certain extent, he would not know how capable he was.

The hotel was divided into two groups. The main staff stayed at a five-star hotel while the rest stayed at a three-star hotel.

The hotel environment in the film base was naturally not much better. Because there were many production teams, there were very few rooms, so they could only book good hotels a few months or even half a year in advance.

Most three-star hotels could not reach the standards of a three-star hotel. The facilities were old, and the location was very remote. At most, it was better than ordinary motels.

“How can anyone stay here?!”

As soon as she entered the room, Jian Yiyi looked as if she had come to hell. She looked at the extremely small room in front of her and couldn't help but complain, “It's so small. I don't even have room for my clothes. The bed is also so small!”

There were two beds in the standard room, so Qiao Shuyi naturally had to sleep with her daughter. Seeing this environment, Qiao Shuyi couldn't help but frown. Her heart ached for her daughter, so she said, “Why don't Mom book a better hotel for you alone?”

Jian Yiyi was about to agree, but she thought about it and gave up. “Forget it. I don't want to be special. It's as if I'm dissatisfied with the company's arrangements.”

“That's how filming is. Some production teams can stay in hotels, while others have tougher conditions,” Qiao Shuyi looked at Jian Yiyi.

Jian Yiyi was afraid that Qiao Shuyi would say something to make her give up, so she quickly said, “It's okay. I'll get used to it.”

Seeing this, Qiao Shuyi only smiled and said nothing.

Xia Qinghuan's five-star hotel was much more luxurious. Not only did she have a small living room, but she also had a big floor-to-ceiling window. The scenery was excellent.

Because Xia Qinghuan was the female lead, her team, including Chen Jin, could stay in a five-star hotel.

However, Xia Qinghuan did not have time to admire the scenery of the film base. The opening ceremony was at three in the afternoon. Now that a large number of reporters were in position, she had to hurry and put on her makeup.

After all, ‘Interweaving Night’ did not hold any press conference before filming started. As the female lead, this was the first time Xia Qinghuan had officially appeared in front of the media at the opening ceremony today.

The makeup artist was busy on her face, and the stylist was helping her choose her clothes. Chen Jin was not idle either. He had to feed her while she was doing her makeup.

“Brother Jin, this braised pork is delicious. Give me another bite.” Xia Qinghuan looked at Chen Jin through the mirror and opened her mouth to eat.

When Chen Jin heard this, he picked up a piece of carrot and said, “There are only three pieces of braised pork. That’s all. Eat this.”

“Ah?” Xia Qinghuan opened her mouth and ate the carrot. Then, she said, “Aren’t you too petty? You made just three pieces of meat?”

Chen Jin looked at Qinghuan in the mirror and said, “You can only eat three pieces. It’s not that I made only three pieces.”

### **Chapter 1010: Opening Ceremony**

As soon as he finished speaking, Chen Jin picked up another cup of stomach-warming soup and handed it to Qinghuan with a straw. He continued, “Although the braised meat is delicious, it’s too oily. I can’t let you eat whatever you want. If it affects balance, just eat until you’re full.”

Qinghuan pursed her lips unwillingly and took the soup to drink. Unexpectedly, Chen Jin snatched it away after she drank half of it. “Alright, you can’t drink anymore. Water fills your stomach. You won’t look good wearing clothes later.”

Xia Qinghuan maintained her posture of holding the soup cup with both hands and blinked inexplicably.

The others couldn’t help but purse their lips and chuckle.

Her assistant, Momo, even chimed in, “Qinghuan, Ah Jin is too concerned about you. You can’t find another such wonderful manager in the entertainment circle.”

Because Chen Jin was not old, everyone in Qinghuan’s team called him Ah Jin.

Qinghuan snorted. “Isn’t that so...”

The makeup artist only put on very light makeup for Qinghuan to look better on screen. As for her hairstyle and clothes, they were also simple. After all, it was a filming ceremony, not an awards party.

Outside the film base, the opening ceremony for ‘Interweaving Night’ was ready. When Xia Qinghuan arrived, she found a group of reporters carrying equipment surrounding a person. It was lively.

“What are they doing?”

Xia Qinghuan looked at the other cold places and couldn’t help but feel surprised.

“It’s Director Cloony Kia.” Chen Jin lowered his voice, but he couldn’t hide the excitement in his tone.

When Xia Qinghuan heard this, her eyes couldn’t help but light up. “The director is here?”

As soon as she finished speaking, she wanted to rush forward to see what was going on, but Chen Jin pulled her back. "Don't go over. He's a director, and you're an actor. Are you afraid that you won't see him in person?"

When Xia Qinghuan heard this, she thought to herself that it made sense. She then nodded, but she was still very excited.

Cloony was an international director and the biggest living signboard for this project. Otherwise, why would every role be snatched for a movie full of newcomers? Of course, it was for Cloony. This was obviously a movie where whoever filmed in it would become famous.

"Chu Lingfeng is here!"

At this moment, a sharp-eyed reporter saw Chu Lingfeng and rushed over.

Chu Lingfeng was a master of Chinese mystery novels, the original author and screenwriter of 'Interweaving Night.' He was extremely popular and famous in China.

As such, a group of reporters surrounded the director and a group of reporters surrounded the scriptwriter. On the other hand, there was no one around the actors or actresses. The main reason was that the entire cast was new. Compared to the international directors and Chu Lingfeng, there was nothing to talk about.

Not long after, Fang Qiming's team rushed over after the event in the capital, afraid that they would be punished for breach of contract if they were late.

After the reporters' interviews, they consciously formed a circle around them. Because the production team's opening ceremony was held at an auspicious time, these media reporters knew the rules.

At three in the afternoon, under the lead of the producer's representative, Ye Tong, the director, scriptwriter, assistant director, and main actors all held an incense stick in their hands and prayed to the heavens and the earth. It meant that the filming was smooth, and that everything was safe.

After that, it was time for everyone to take a photo together to provide material for the media.

At this moment, Jian Yiyi suddenly leaned towards Xia Qinghuan and greeted her. "Qinghuan, are you used to this?"

As she spoke, Jian Yiyi pushed the second female lead beside Xia Qinghuan to the side.
