

At School 1031

Chapter 1031: Banquet

“Manager Liu, sorry to trouble you. You have to worry about such a small matter yourself.”

Wang Yunmei was an old friend of Manager Liu from the hotel. This time, when she was helping Wang Yunzhong choose a hotel for his wedding, Wang Yunmei’s first thought was Manager Liu’s hotel.

Manager Liu had a smile on his face. When he heard this, he looked at Wang Yunmei and said, “Manager Wang, why are you standing on ceremony with me? It’s nothing. I’m doing business. There’s no need to talk about trouble.”

Wang Yunmei smiled and nodded. Then, she quickly introduced Wang Yunzhi and Manager Liu.

Then, Manager Liu handed the hotel’s banquet menu to Wang Yunmei. “Manager Wang, take a look. All the specifications are on it. Decide what price you want for the wedding banquet.”

Wang Yunmei took it and opened it.

The specifications were very comprehensive. The lowest price for a table was 1,888 yuan, followed by 3,888 yuan, 5,888 yuan, 8,888 yuan, and 10,888 yuan.

The difference in price meant that the dishes were different, and there was no alcohol or beverages involved.

The lowest price was 1,888 yuan. There were twelve dishes, including meat, vegetables, cold dishes, and soup. However, they were all relatively common dishes. In terms of seafood, there was only one dish of drunken prawns.

The 3,888 yuan meal was more high-class than the previous dishes. The meat dishes were also more presentable. In terms of seafood, other than prawns, there was also squid.

Looking down, the higher the price, the better the dishes. For the 10,888 yuan meal, there were lobsters and sea cucumbers at each table.

Wang Yunzhi watched from the side and couldn’t help but mutter, “This banquet is expensive.”

When Wang Yunmei heard this, she smiled and said, “Of course, it won’t be cheap here. You know Brother as well. He cares so much about his face. It’s also a wedding banquet. When the time comes, his relatives, friends, and business associates will come. If he becomes too stingy, he won’t be able to keep his face.”

Wang Yunzhi nodded in agreement. “You’re right. Brother will choose something better himself. Anyway, he’s the one spending money.”

The two of them didn’t avoid Manager Liu when they spoke. When Manager Liu heard this, he smiled and immediately interrupted, “Manager Wang, choose whatever you want. I’ll give you a discount when the time comes. We’ve known each other for so long, so I still have to give you face.”

“And I won’t hide it from you. I have a lot of benefits in this industry. Even if I give you a discount, I can still earn money, so you don’t have to be embarrassed.”

Wang Yunmei couldn’t help but look up at Manager Liu and smile gratefully. “Thank you, Manager Liu.”

As soon as she finished speaking, Wang Yunmei pointed at the table with 8,888 yuan and said, “This will do. It’s auspicious. My brother is also a businessman, so he should like this number.”

Manager Liu looked at it and couldn’t help but raise his eyebrows. “Manager Wang, your 8,888 yuan is auspicious, but it won’t be at this price once I give a discount!”

Wang Yunmei was stunned when she heard that. She thought to herself, ‘That’s true. It’ll be cheaper after the discount.’

Unexpectedly, Manager Liu suddenly said, “Manager Wang, how about this? I’ll charge you 8,888 yuan for the 10,888 yuan table. What do you think? This way, you can save money and have face. This is the highest tier in our hotel!”

Wang Yunmei was stunned and couldn’t help but say in surprise, “Manager Liu, you’re charging two thousand yuan less per table. Can you still earn money?”

“Yes! Would I let myself suffer a loss?” Manager Liu smiled and decided for Wang Yunmei. “It’s settled then. When you have time later, you can come over and try the dishes.”

When she heard she had to try the dishes, Wang Yunmei quickly shook her head. “No need, Manager Liu. I trust you.”

Chapter 1032: Used to Picking the Time

With such a huge discount, how could Yunmei still have the cheek to try the dishes? Although testing the dishes was a basic process, time was indeed tight.

“It’s only a few days before the eighth. I still have a lot of things to do, so I can’t spare time,” Wang Yunmei added.

Manager Liu didn’t insist. He only smiled and nodded. “Alright, leave everything to us. We’ll make sure to satisfy you.”

That night, because of this, Wang Yunmei and Wang Yunzhi specially went to Wang Yunzhong’s house.

After so many years, this was the first time Wang Yunmei and her sister had visited Wang Yunzhong’s house.

“I just entered the house and haven’t changed my clothes, but you’re already here.”

When he saw the two of them, Wang Yunzhong, who had just returned from work, greeted them warmly, “Come in quickly. Dad and Mom are at home.”

The two of them changed into slippers and entered the living room. They saw Old Master Wang sitting on the sofa and called out at the same time. “Dad.”

Old Master Wang was making tea. When he heard this, he looked up and answered calmly. Compared to before, his expression had softened.

Obviously, for the sake of his elder son, the old man could be more flexible. Compared to the old lady, he was much smarter.

As soon as the two of them sat down, the old lady in the kitchen walked out. As soon as she saw them, she pulled a long face and complained, "You're used to picking the time, so you came during mealtime. You could have come half an hour earlier. I've already prepared the meal, but I didn't include your share."

"Mom!" Wang Yunzhong was unwilling when he heard that. He immediately looked at the old lady and frowned. "Are you lacking food at home? Aren't there any rice or vegetables? Can't you bring out a dinner for two?"

When the old lady saw her son was going against her because of her two daughters, she immediately glared at him. "You're not the one cooking. I've already steamed the rice. Do you want me to steam it again?"

Wang Yunzhong wanted to say something, but Wang Yunmei's voice interrupted calmly and indifferently. "Brother, Yunzhi and I finished eating outside and came over. There's no need to let Mom busy herself."

Wang Yunzhi turned her head away angrily. It would be a lie to say that her heart did not turn cold. The old lady was getting overboard.

Ever since her brother's attitude towards them changed, this old lady seemed to find them more and more unpleasant to the eye.

Wang Yunmei ignored the old lady and looked at Wang Yunzhong. "Brother, I've booked the wedding banquet today. The boss of the hotel is an acquaintance I've known for many years when I was at Yaochi. He gave me a huge discount. Take a look."

As she spoke, Wang Yunmei took out the details of the meal from her Hermes bag and handed it to Wang Yunzhong.

Wang Yunzhong took it and opened it. He said embarrassedly, "Xiao Mei, it's been hard on you these few days. You've been helping Brother so much, and you even got an acquaintance to give a discount. Brother will give you a big red packet later."

Wang Yunmei smiled and said nothing or refused.

There were eighteen dishes for the 10,888 yuan meal. Lobsters, abalones, sea cucumbers, and so on were all available. It looked like there were enough dishes. Because it was a second marriage, the Wang family didn't invite too many people. Instead, Wang Yunzhong had more business friends, so they booked twelve tables. Including alcohol and other miscellaneous fees, it was about a hundred thousand yuan in total.

This was naturally not a lot of money for Wang Yunzhong, who was already worth over ten million yuan, but it was not cheap either.

Chapter 1033: Don't Be a Bully!

However, Wang Yunzhong was a person who cared about face. He could save some money, but not his face.

Therefore, Wang Yunzhong was very satisfied with the tables Wang Yunmei had booked.

"Very good, Xiao Mei. This is exactly what I want. It doesn't lower my status," Wang Yunzhong said with a satisfied smile.

At this moment, Wang Yunmei also said, "This is the highest priced table from Manager Liu's hotel. It was 10,888 yuan per table, but he lowered the price to 8,888 yuan per table for me. It's also for auspicious reasons."

"Is that so? That's good!" Wang Yunzhong was delighted.

As expected, businessmen liked the number eight.

Unexpectedly, when the old lady heard this, she shouted and stomped her feet. "What? A table costs over eight thousand yuan? Xiao Mei, what are you thinking? Just because we're not spending your money?!"

"What are you shouting for?!" The old man was shocked by the old lady. He came back to his senses and retorted, "Xiao Mei helped Yunzhong book a banquet and got an acquaintance to get a discount. She's so attentive!"

"You're old and muddle-headed. A table costs over eight thousand yuan. Twelve tables cost one hundred thousand yuan!" The old lady wailed with heartache, as if they had cut the money from her body.

"Mom, if you don't know, then don't kick up a fuss. Nowadays, a wedding banquet table at a formal hotel costs at least five thousand yuan. Xiao Mei booked the highest tier and lowered the price to over eight thousand yuan. We saved money and gained face. This is the best of both worlds!" Wang Yunzhong frowned impatiently.

"Don't let her fool you. Who knows if this meal is worth this money? It's over eight thousand yuan. Are we eating gold?" The old lady didn't relent. It was as if she had to think of a way to make Wang Yunmei unhappy. She said, "She might collude with that acquaintance to earn your money!"

"Mom!"

When Wang Yunmei heard this, she suddenly bounced up from the sofa and glared at the old lady angrily. "Don't be a bully!"

"I didn't want to interfere in this matter in the first place. It was Brother who begged Yunzhi to say that he didn't have time and was afraid that you wouldn't do anything, so he asked Yunzhi and me to help. You're at Yunfa's place every day. What haven't I been doing these past few days? I've been busy helping your son, but in the end, I didn't get any good words from you, right?"

“If you don’t trust others, do it yourself. I’ll see if you can satisfy your son. Anyway, I know the boss of this hotel. It’s just a matter of a word for me to cancel the reservation. At most, I’ll treat him to a meal to apologize!”

“It’s only a few days until the eighth. When the time comes, don’t blame others if your son can’t get married!”

Wang Yunmei seemed to have been agitated by the old lady’s words. She immediately spewed out all the anger in her mouth.

On the surface, she could tolerate it if she didn’t like her. She could also tolerate the occasional ridicule, but the old lady’s words were too much.

Wang Yunmei had been poor for so many years, but she had never taken advantage of anyone. She had a backbone and didn’t want the old lady to trample on her so easily.

However, when the old lady heard Wang Yunmei’s words, not only was she not frightened, but she also shouted back in a louder voice, “How dare you! Your brother is getting married. If you cancel the reservation now, where will the wedding banquet take place? I think you just don’t want us to feel comfortable!”

At this moment, Wang Yunmei’s anger had already reached her heart. In all these years, she had never been so angry with the old lady. She immediately replied without hesitation, “Whatever you do has nothing to do with me!”

Chapter 1034: I’m Not Caring Anymore

Wang Yunmei said this with red eyes. She immediately picked up her bag and walked out quickly. Seeing this, Wang Yunzhi quickly stood up and followed without looking at the old lady.

Wang Yunzhong panicked and quickly chased after them. “Xiao Mei, Xiao Mei, Zhi, don’t leave first...”

Wang Yunmei left Wang Yunzhong’s house without looking back. Wang Yunzhi ran after her and comforted her. “Sister, calm down. Mom went overboard just now, but don’t anger yourself too much. Don’t you know what kind of person she is by now?”

Wang Yunmei felt wronged, but she held back her tears and said, “I’ve never been humiliated like this in my life. If I were such a scheming person, I would have soared into the sky after being at Yaochi for so many years. I didn’t expect that such words would come from my mother in the end!”

“She was just saying angry words.” Wang Yunzhi hugged Wang Yunmei’s arm and comforted her. “Mom is good at talking, and the elders are used to being thrifty. A wedding banquet costs over a hundred thousand yuan, so she can’t accept it immediately. Of course, she went overboard with her words. Although you’re angry, can you really put down Brother’s matter? If you don’t care, can Brother still get married? It’s almost time!”

As soon as Wang Yunzhi finished speaking, Wang Yunzhong had already caught up. He immediately rushed to his two sisters and stopped them. He said apologetically, “Xiao Mei, don’t be angry. Mom didn’t mean it.”

“Didn’t mean it?” Wang Yunmei sneered and looked at Wang Yunzhong. “Brother, in Mom’s eyes, I’m not a member of the Wang family. I have ulterior motives for everything I do. I shouldn’t have gotten involved.”

“Mom is so smart *and* powerful. Let her arrange it. I won’t interfere in this matter anymore.”

Wang Yunmei wasn’t joking. Hadn’t she done many thankless things in her life? She had forgotten about the pain after her scar healed to have interfered in this. In the end, she got humiliated by the old lady!

“Don’t!” Wang Yunzhong panicked and begged, “Just take it as giving Brother face. After all, this is Brother’s business. If you don’t care, what do you want me to do?”

Wang Yunmei looked at Wang Yunzhong’s appearance and her heart almost softened. However, when she thought of the old lady’s expression just now, didn’t she only care about her elder son? Then she wouldn’t let the person she cared about do as he pleased!

At this moment, Wang Yunmei seemed to have suddenly turned evil. Her expression turned exceptionally cold as she looked at Wang Yunzhong and said, “How would I know what you’re going to do? You should ask the old lady what to do!”

As soon as she finished speaking, Wang Yunmei turned around and walked around Wang Yunzhong.

Wang Yunzhong was frightened by Wang Yunmei’s gaze just now. Her gaze was cold and heartless, and she didn’t look like she was joking with him.

“Brother, go back first. I’ll help you persuade Sister.” Wang Yunzhi also felt that things were getting out of control. It innocently implicated her brother in the matter between the old lady and her sister.

Putting aside their relationship, marriage was a big deal. If her elder sister really didn’t care, this would ruin the wedding unless the old lady had three heads and six arms!

“Zhi, you have to help me persuade her.” Wang Yunzhong panicked.

Wang Yunzhi nodded. Seeing that Wang Yunmei was walking further and further away, she didn’t have time to say anything else. She only said, “You have to teach Mom a lesson when you get back. She went overboard today. Sister is really angry!”

Wang Yunzhong answered repeatedly, “I know!”

Chapter 1035: The Stone in a Manure Pit

At this moment, at Wang Yunzhong’s house, the old man had already started arguing with the old lady.

The old man was so angry that his face was red. He pointed at the old lady with a trembling finger and scolded, “You really can’t do anything right. Yunzhong worked so hard for so long to ease his relationship with Xiao Mei to this extent, but you ruined it with just a word. Do you have a brain?!”

The old lady did not realize that she was wrong at all. She immediately pulled her neck and shouted at the old man, “What’s wrong with me? Is it wrong for me to feel heartache for my son’s money? Didn’t you hear what she said just now? She even got a discount for the ten thousand yuan table so that it’s

eight thousand and eight hundred yuan. Bah! She makes it sound so nice, but it's just that she doesn't feel heartache since we're not spending her money."

"Don't you know your son?" Seeing that the old lady was so unreasonable, the old man immediately glared at her and scolded, "See if he's willing if you get him a thousand yuan table. Besides, what have you done these days? Isn't it Xiao Mei who did everything? You didn't have to worry about anything, so you should have just held your words in and not let them out to disgust others!"

When the old lady heard this, she immediately snorted. "I just can't stand to see her comfortable. I just don't like her. So what?! Anyway, she's done with her preparations. I don't believe that she can just let it go at the last minute. I just want to say a few unpleasant words to her. Who asked her to cheat Yunfa of two courtyards and is living a comfortable life now? She doesn't stand a chance with me!"

It turned out that the old lady had been holding her anger in. Until now, she had not gotten over the demolition matter, which was why she found Wang Yunmei more and more displeasing to the eye!

The old man was so angry that he had nothing to say. In the end, he only said angrily, "You're just like a stone in a manure pit – smelly and hard!"

As soon as he finished speaking, the old man sat back on the sofa and snorted. "Just wait and see. If Xiao Mei doesn't care anymore, let's see if you're dumbfounded. If Yunzhong doesn't get married on the eighth, let's see if he'll kick up a fuss with you!"

When the old lady heard this, the flesh on her face couldn't help but harden. She looked indifferent. "With Xiao Mei's personality, would she dare to shirk her responsibilities in Yunzhong's marriage? Hah, she's really capable!"

As soon as she finished speaking, the door opened. Then, Wang Yunzhong entered the house angrily.

The old man looked up behind Wang Yunzhong and froze. "Where are Xiao Mei and Zhi?"

Wang Yunzhong glared at the old lady with hatred and gritted his teeth. "She left. Xiao Mei said that she doesn't care about this matter anymore. Zhi said she will help me persuade her!"

"What?" The old lady was shocked and quickly asked, "She... she really doesn't care anymore?"

Wang Yunzhong looked at the old lady in front of him. If she wasn't his mother, he would have slapped her.

Suppressing the surging anger in his heart, Wang Yunzhong looked at the old lady fiercely and said, "Are you satisfied now?"

"No..." The old lady panicked. If Wang Yunmei didn't care about anything and cancelled the reservation, how would her son get married on the eighth?

"Didn't I just say a few words to her?! Her temper is getting worse!" The old lady rolled her eyes. She was panicking, but she didn't want to admit defeat.

"You just said a few words to her? Was that human language?" The old man said coldly, "Great. Since you can't trust others, go and arrange it yourself. Let's see what you can do!"

When the old lady heard this, she stood in the living room with a helpless expression. Not to mention whether there was enough time, but she didn't even know the wedding format that Xu Qianqian suggested. How could she make the preparations?

1

Chapter 1036: What a Sin

Wang Yunzhong was distraught. In his eyes, he didn't care how the wedding went or how much money they spent. He only cared about getting closer to Wang Yunmei.

Initially, everything seemed to go smoothly. Xiao Mei was busy with his matters and looked especially concerned. She probably had him in her heart.

Unexpectedly, the old lady only wanted to be straightforward with her words and offended her. She did not know what to do about the wedding. Wasn't this a complete failure?

Not in the mood to care about the old lady, Wang Yunzhong turned around and wanted to go upstairs, but the old lady pulled him back. Wang Yunzhong looked at the old lady impatiently, while she asked anxiously, "Yunzhong, Xiao Mei won't ignore you, right..."

In the end, she was still afraid. After all, this was her son's wedding. Her future daughter-in-law was pregnant with the grandson of the Wang family. There was no room for mistakes.

However, facing the old lady's lingering fear, Wang Yunzhong snorted. "Now you know how to be nervous? What have you been thinking about? Coincidentally, I didn't want to get married either. If I don't marry, I won't have to worry."

With that, Wang Yunzhong flung his hand and quickly went upstairs.

The old lady stomped her feet anxiously. "Oh, how can they not get married? We've already given Qianqian the betrothal money. She's still pregnant. Why won't they get married?!"

"Alright, stop kicking up a fuss!" The old man couldn't help but shout. He glared at the old lady and said in a low voice, "Didn't Zhi say she would go back and persuade Xiao Mei? Wait for the news!"

The old lady was anxious. She couldn't help but cry as she asked, "What if Xiao Mei doesn't care anymore? It's almost time!"

"Then you make arrangements. What else can you do? Is there any use in crying and howling here?" The old man did not spoil the old lady. This matter had come to this because of her. He could not help but scold, "Aren't you capable? You look down on this and that. Let's see how much you can do for your son."

The old lady was completely flustered. No matter what the old man said, she could not feel it. Her mind was filled with thoughts of the wedding. However, it was useless for her to worry. She could only wait for news from Wang Yunzhi.

However, this news came quickly. That night, Wang Yunzhi called. She didn't call Wang Yunzhong's phone, but the landline. The old man picked up the call.

Wang Yunzhi said nothing else. She only said that Wang Yunmei had already canceled the hotel, wedding car, and wedding company she had booked. She didn't care about this anymore. If her brother sent her an invitation to his wedding, she would go. If he didn't, she wouldn't go.

In short, this had nothing to do with Wang Yunmei anymore. She informed them immediately so that they could think of a solution themselves.

The old man didn't give up and asked Wang Yunzhi to persuade Wang Yunmei, but Wang Yunzhi had already persuaded her. She only said that she had tried her best and hung up.

"How is it?"

The old lady asked worriedly.

The old man held the phone and snorted. "Xiao Mei doesn't care anymore. She cancelled everything that was ordered."

"Oh..." When the old lady heard this, she felt the world spin. Her head was dizzy, and her heart felt stuffy. She immediately leaned against the sofa as if the sky had collapsed. She snorted. "What a sin. It's her brother's wedding, but she just shirked her responsibilities like that..."

Chapter 1037: It Has Nothing to Do With Me

"Who are you blaming for what you did?!" The old man roared angrily. "If you have the time to howl here, quickly think of what to do. We have already sent the invitation out. If Yunzhong can't get married on the eighth, he'll be embarrassed!"

With that, the old man didn't want to look at the old lady anymore. He carried the teapot back to his room.

The old lady leaned on the sofa alone and looked at the ceiling with lifeless eyes. She looked like the frost had beaten her up. She was no longer as arrogant as she was in the afternoon.

At this moment, Wang Yunmei and Wang Yunzhi didn't go home. After leaving Wang Yunzhong's house, they went straight to Jiang Chunfen's place.

On the sofa in the living room, the three of them sat together and talked about what had happened in the afternoon.

When Jiang Chunfen heard the entire story, she couldn't help but frown slightly. She couldn't figure it out. "This old lady really doesn't know what's important and what's not. She still dares to say such nasty words at this juncture. If it were me, I wouldn't care as well."

Wang Yunmei's anger had already subsided a little, but this didn't change her mind. She immediately said slowly, "The old lady thinks I won't dare to do anything out of line. Anyway, everything has been booked, so she can say whatever she wants to say. She just doesn't want me to feel comfortable."

Jiang Chunfen couldn't help but smile when she heard that. She looked at Wang Yunmei in surprise. "Xiao Mei, to be honest, I'm quite surprised too. Are you planning to ignore everything? Then won't your brother's wedding be a disaster? What's the date today? It's the fourth, right?"

"That's right!" Wang Yunzhi added, "There's only three days until the wedding. Who can make the wedding preparations so quickly? It doesn't look like much, but how many trips did my sister make these days? Just watch. This wedding won't happen!"

Wang Yunmei was unmoved. She said with a cold expression, "Whether or not it happens has nothing to do with me. I won't interfere anymore."

Seeing Wang Yunmei's serious and determined attitude, Wang Yunzhi and Jiang Chunfen couldn't help but look at each other. The meaning in their eyes was obvious.

"Sigh, won't my invitation be invalid?" Jiang Chunfen suddenly smiled and said, "I was still preparing to dress up."

Wang Yunmei was shocked. "He really sent you an invitation?"

Wang Yunzhi also said in surprise, "Brother did such a thing?"

Jiang Chunfen smiled and nodded indifferently. "I was still planning to ask Qiao Yuan to accompany me, but looking at the situation now, it's uncertain if the wedding can be held as scheduled."

"If you bring Vice President Qiao along, won't Zimeng and Zichen know?" Wang Yunzhi asked.

Jiang Chunfen smiled. "Zimeng already knows. I have said nothing, but she can tell."

Seeing Jiang Chunfen's reaction, the two of them guessed that Zimeng didn't object. Wang Yunmei couldn't help but nod. "Zimeng is sensible and knows that it's not easy for you."

Wang Yunzhi also said, "That's right. Why are you still having an underground relationship at your age? It's so comfortable to put it on the surface. Isn't it much easier?"

Jiang Chunfen nodded. "That's true. I've been under psychological pressure before, as if I was doing something sneaky. After talking to Zimeng, I feel much more at ease."

"Qiao Yuan is the happiest. He's been looking forward to this day. I was planning to let them have their first meeting this weekend. You don't know how nervous Qiao Yuan was when he found out about this."

Wang Yunmei and Wang Yunzhi couldn't help but laugh. They could already imagine Qiao Yuan's reaction.

Chapter 1038: Another Attack

At night, dark clouds covered the moon, and the autumn wind blew.

In the apartment, only a floor lamp was lit in the living room. Bai Zhou and Chi Yang had already fallen asleep.

Downstairs, a group of six men in black stopped in their tracks. The six of them were blond and blue-eyed foreign men. All of them were strong. The leader looked up at the quiet apartment building and gently raised his hand to gesture. Seeing this, the people behind him quickly entered.

An undetectable sound suddenly sounded in the silent night. Chi Yang, who was still highly alert in his sleep, suddenly opened his eyes. In the next second, he turned around and jumped to the door.

He pulled the door open with one hand and was greeted with a strong murderous aura. Almost instantly, Chi Yang reacted instinctively. He quickly attacked, and a dark green transparent shield was already in front of him. In the next second, countless bullets hit the shield.

Chi Yang looked over. In the living room, six men were pulling the triggers crazily.

When the six of them saw the green transparent shield appear out of thin air in front of Chi Yang, they were shocked. It was obvious that they had never seen a human who knew mental cultivation techniques. The bullets they fired rippled on the shield, but they could not penetrate it.

Seeing this, the blond man in the lead said in a language Chi Yang didn't understand, "You guys finish the target. I'll stall him."

When his companions behind him heard this, they scanned the apartment. Although Chi Yang did not understand their words, their reactions were obvious that they were looking for something. In this room, other than him, only his master was left.

As expected, these people were here for his master.

Without time to think, Chi Yang opened his palm, and two thick and powerful balls of genuine energy condensed before he suddenly waved them out.

The genuine energy was colorless and transparent, but it raised a powerful shockwave that blasted towards the men in black in the living room. They did not know what had happened, as if an invisible force had kicked them out.

The six bodies flew backward uncontrollably in the air and suddenly smashed into various corners of the living room.

Unfortunately, Chi Yang's mental cultivation techniques were not very offensive. The six of them were all well-trained mercenaries, and their skin was very rough. This level of attack could not hurt many of them.

Even so, it made the other party feel afraid. After all, Chi Yang's ability was like magic in the eyes of ordinary people.

They quickly got up from the ground. The leader looked at Chi Yang and asked in broken Chinese, "Who are you? What move was that..."

Chi Yang looked at the other party warily, but he moved towards Bai Zhou's door without batting an eyelid. Hearing this, he only looked at the person and sneered. "If you're sensible and leave now, I will still let you live."

These words were more or less exaggerated. Chi Yang relied on his ability to intimidate the other party and fool them.

If it were a one-on-one battle, he was confident of defeating them. However, the other party had six professional international mercenaries. With his auxiliary mental cultivation techniques, it was almost impossible to defeat the other party.

Fortunately, the other party did not know Chi Yang's trump card, so they did not dare to act rashly, afraid that the other party would take their lives if they were not careful.

This was enough for Chi Yang. It was enough to buy him a little time because his master would have heard the voices in the living room just now. If nothing went wrong, he would have already contacted Lord Si Yue and Lord Xiao Zhen.

Chapter 1039: Northern Dancer, Chi Lian

The blond man looked at Chi Yang and imperceptibly analyzed the situation in front of him.

Chi Yang was wearing silk pajamas and did not have any fatal weapons on him. The only threat was his inexplicable move, but that attack did not hurt them. In other words, the power of that move was limited.

The corners of his mouth curled up. The blond man had already discovered Chi Yang's mental cultivation techniques' weakness in an instant. He immediately said, "Attack separately!"

The six of them were well-trained international mercenaries. They immediately dispersed because the living room of this apartment was spacious, giving them space to perform.

Once they were separated, Chi Yang's genuine energy had no time to care about everyone. This was the other party's opportunity.

One of them rushed over first. Seeing this, Chi Yang's eyes turned cold. He quickly retreated and waved his hand. The person's body was suddenly pushed away by the genuine energy in mid-air and smashed into the wall.

However, in the next second, he stood up again. It could be seen that the power of Chi Yang's mental cultivation techniques could cause almost zero damage to mercenaries with extremely high physical fitness.

Before he could react, the second person attacked from the other direction. Chi Yang waved his hand again and pushed him away.

When he looked up, a foot at least fifty meters long had already appeared in front of him. Chi Yang did not have time to gather his genuine energy. He immediately punched out and collided with the other party's foot.

The person quickly took half a step back, while Chi Yang took two steps back until his body was pressed against the wall.

With a cold expression, Chi Yang loosened his fist. At this moment, half of his arm was numb, showing how strong these people were.

However, no matter what, he had to persist until Lord Si Yue and Lord Xiao Zhen arrived. As long as one of them could arrive in time, he could protect his master's life.

As for himself, even if he had to risk his life, he would not let these people cross his master's bedroom door.

Just as Chi Yang was about to fight to the death with the other party, he suddenly looked in the direction of the floor-to-ceiling window in the living room. His eyes widened in shock and surprise.

The six of them seemed to have noticed Chi Yang's abnormality and subconsciously followed his gaze. It was fine when they looked, but they were so frightened that they almost fell to the ground.

Outside the huge floor-to-ceiling window, a slender red-haired woman was floating outside. That's right. At the height of almost thirty floors, the woman was floating in the air.

Under the night sky, the woman's thick red hair that reached her waist danced in the wind. She had a fair face and sexy red lips. Her extremely good figure was wrapped in a black knee-length trench coat, but it still could not hide her sexy and cold temperament.

The strangest thing was that the belt wrapped around the woman's waist was a pitch-black snake. The snake's body circled her waist, and it exposed the head of the snake on her shoulder. A pair of dark green eyes was looking greedily at everyone in the living room through the window. From time to time, a scarlet tongue would spit out, making it look exceptionally terrifying.

Seeing this scene, the six mercenaries felt like they had seen a ghost. Their legs went weak, and they stood rooted to the ground in shock, forgetting how to react.

Only Chi Yang was delighted when he reacted. He immediately heaved a sigh of relief. "Lord Chi Lian..."

This person was one of the twelve guards under the ancient sect. She was also the only woman other than Yun Buyao. She was the Northern Dancer, Chi Lian!

Chapter 1040: Won't Leave Anyone Alive

Chi Lian was like a Rakshasa who had suddenly descended from the sky in the dark. Her cold gaze swept across everyone's faces with no hint of warmth. Her gaze seemed to have been tainted with ten thousand years of frost. With just a look, it made everyone feel cold from head to toe. Even their souls felt like they were being swallowed.

At this moment, Chi Lian, who was floating outside the window, slowly raised her right arm. Before anyone could react, a bang suddenly sounded in the silent night!

The huge floor-to-ceiling window shattered, but strangely, the shattered glass did not fall to the ground but floated in front of everyone.

The six mercenaries widened their eyes, revealing fear for the unknown. No matter how experienced they were, they had never seen such extraordinary power.

There was actually someone with such powerful abilities in this world. If one did not see it with their own eyes, no one would believe it.

The leader reacted immediately. He endured the fear in his heart and his legs that were trembling uncontrollably. He immediately gave the order to retreat. "Immediately..."

However, before the man could finish speaking, a piece of broken glass quickly streaked across the darkness. The edge of the glass shone coldly under the night light and pierced through the man's head.

A line of blood flew out from the back of the man's head with the glass fragments. It was a dazzling and enchanting red.

No one knew what had happened at that moment. The man's eyes were filled with horror, and his mouth was half-open. It was obvious that he would never be able to finish his words.

In the next second, with a bang, his strong body hit the ground.

This sudden scene suddenly jolted the remaining few companions back to their senses. Their instinctive reaction was to run.

However, how could Chi Lian let a tiger return to the mountain? These people had seen something they shouldn't have seen, so she naturally wouldn't leave any of them alive.

Her fiery red lips curled up slightly, revealing a bloodthirsty and cruel smile. She raised her fair hand, and the countless pieces of broken glass flew out. They were dense and covered the sky!

In an instant, the remaining five mercenaries were covered in glass. All of them widened their eyes, and their deaths were exceptionally terrifying.

The six high-ranking mercenaries who dominated the international scene could not withstand a single blow from Chi Lian. They did not even have the chance to retaliate. The only thing they could welcome was death. They did not even feel any pain before losing their lives.

Chi Lian's body floated into the living room from the shattered floor-to-ceiling window and slowly landed on the ground by the window.

Then, she saw the small black snake wrapped around her slowly crawling over. It twisted its dark body on the ground and swam beside a few corpses, as if looking for corpses that matched its appetite.

In the end, it locked onto the leader's body and bit his neck without hesitation.

Not long after, the man's body gradually changed color. When his body was black and purple, the black snake let go in satisfaction and slowly returned to Chi Lian.

Chi Yang witnessed all of this but did not show any surprise. It was as if he was already used to everything about Chi Lian. At least, he was more familiar with her than the other twelve guards.

When he came back to his senses, he bounced up to her. "Lord Chi Lian!"

Facing the exceptionally respectful Chi Yang, Chi Lian frowned impatiently. Her voice, which was as cold as her temperament, slowly sounded, "How many times have I told you not to call me that!"

Chi Yang was slightly stunned. He pursed his thin lips and called out in a low voice, "Sister."
