

At School 1261

Chapter 1261 You Can Receive Two Hundred Thousand Yuan Today!

Everyone from the Wang family nodded crazily in their hearts, but no one held back their words.

Yesterday, Officer Wang asked their family to discuss a sum of money. They had considered about two hundred thousand yuan.

In the end, the other party asked for three hundred thousand yuan as soon as he opened his mouth. It was a hundred thousand yuan more than they had expected, and it was indeed ridiculously high.

Hearing Officer Wang's words, Liu Meili couldn't help but feel a little guilty. At this moment, Wang Dapeng said with a firm attitude, "Reconciliation is to satisfy the victim. Since you can't do it, why talk about reconciliation?"

"Officer Wang said that our price is unreasonable?" Wang Dapeng said and turned to look at Officer Wang. He slowly asked, "May I ask if it's illegal for us to ask for three hundred thousand yuan?"

When Officer Wang heard this, he shook his head gently. "Of course not. Private mediation is private. It won't violate the law."

Officer Wang was very fair. It was obvious that he was not deliberately biased toward either party.

Wang Dapeng immediately snorted. "That's settled then. I didn't break the law. They asked me how much money I wanted, so I said it. Whether or not they give it to me depends on them, right?"

Wang Dapeng looked strong and burly, and his head had been smashed. They did not expect that he was not stupid at all, and his words were filled with shrewdness.

No wonder Liu Meili didn't agree to reconcile at first. Now that she suddenly agreed, it must be Wang Dapeng's idea.

What good would it do for them if Wang Yunfa went to jail? Of course, it was more practical to get the other party to compensate them. They were not from a rich family. If they got three hundred thousand yuan, wouldn't they have made a comeback?!

It was obvious that Wang Dapeng had decided on the three hundred thousand yuan as compensation from the beginning.

Wang Yunzhong quickly calmed down. As expected of a businessman. He thought for a moment and immediately asked, "Brother, does your three hundred thousand yuan include everything? I mean, does it include the medical fees?"

Wang Dapeng was stunned when he heard this. He subconsciously thought about Wang Yunzhong's words.

Three hundred thousand yuan was not a small sum. If they excluded the medical fees, wouldn't it be almost four hundred thousand yuan?

For a family like Wang Dapeng's, three hundred thousand yuan was already the limit. No matter how much he wanted, he felt weak in his heart. First, he was afraid. Second, he was afraid that if he forced the other party into a corner and they refused to reconcile, his wishful thinking would fail.

He nodded. "Yes, it's all included. You don't have to take out the rest of the money!"

Wang Yunzhong nodded. After all, they still had room for negotiation for other things, but they had to pay the medical fees. They couldn't escape.

Therefore, after counting the medical fees into three hundred thousand yuan, the final settlement amount was not much different from the two hundred thousand yuan they had expected!

"We came once before and left fifty thousand yuan for Sister-in-law. In that case, we can just take another two hundred and fifty thousand yuan. Is that what you mean?" Wang Yunzhong asked.

Wang Dapeng nodded. "That's right. Hand over the money and we'll close the case!"

Behind him, the old lady couldn't help but tug at the corner of the old man's clothes. She lowered her voice and trembled. "Three hundred thousand yuan. That's too much!"

"Don't talk. Let Yunzhong talk!" The old man glared at the old lady. In fact, he felt very aggrieved.

For a moment, he even wanted Wang Yunfa to stay in jail. With a settlement of three hundred thousand yuan, anyone would lose a layer of skin!

Wang Yunzhong's words made everyone think he had already agreed to the other party's conditions.

Unexpectedly, he suddenly said to Wang Dapeng, "Brother, if it's two hundred and fifty thousand yuan, give us some time."

"How long?" Wang Dapeng frowned and subconsciously asked.

He initially thought that he would receive the money today, but after hearing Wang Yunzhong's words, Wang Dapeng felt uncertain.

Wang Yunzhong said, "It's not certain. I'll send it to you after I've raised enough money!"

Without waiting for Wang Dapeng to speak, Wang Yunzhong said, "But if you want two hundred thousand yuan, I'll get it for you immediately!"

Eh?

Wang Dapeng was stunned. When he reacted, his face twitched. "What do you mean? You can even take out two hundred thousand yuan, but you're short of fifty thousand yuan?"

"That's right. We're just short of the fifty thousand yuan!" Wang Yunzhong said, "If you want two hundred thousand yuan, you can get the money today. If you want two hundred and fifty thousand yuan, you have to wait a few more days!"

At this moment, Wang Yunzhong was obviously playing mind games with the other party.

Two hundred thousand yuan was a huge sum for any ordinary family. It felt completely different to own it immediately and in a few days.

Because the word 'wait' contained many uncertainties. Who knew if the other party regretted it in a few days? They would not receive a single cent.

Wang Dapeng struggled in his heart for a while. Liu Meili also gave him a look. Getting two hundred thousand yuan immediately was enough of a temptation for them.

At this moment, they were just one step short!

Officer Wang said, "Two hundred thousand yuan is not a small sum. Including the fifty thousand yuan of medical fees they left you before, it's two hundred and fifty thousand yuan. With your injury identification and the other party's sentencing, two hundred and fifty thousand yuan is more than enough!"

Officer Wang's action was equivalent to giving the other party a way out.

Wang Dapeng seized the opportunity and quickly said, "Alright, on account that I know Yunfa, so be it. But give me the money immediately!"

Seeing this, Wang Yunzhong said, "Alright, I'll go to the bank to withdraw the money now."

An hour later, everyone came out of the hospital.

"Officer Wang, thank you for your help." Wang Yunzhong immediately thanked Officer Wang.

"You're welcome. This is what we police officers should do," Officer Wang said. "Wang Dapeng has already signed the document here. Wang Yunfa will be acquitted tomorrow at the earliest. Just wait at home."

"That's great." The old lady was so agitated that her eyes turned red.

After sending Officer Wang off, Wang Yunzhong's expression darkened. He had agreed not to take out the money. However, he had already taken out fifty thousand yuan for the first trip and two hundred thousand yuan for the second.

He had no choice. If he didn't take the money, who would?

"Brother..." Li Xia felt very apologetic. She immediately walked up to Wang Yunzhong and said, "I'll go back to my maternal family in the afternoon and see how much my mother can give me. I'll return some to you first. When my brother returns the rest of the money to me, I'll return it to you!"

Wang Yunzhong looked at Li Xia and nodded silently. Of course, he had to get the money back and not a single cent less!

The old man and the old lady, who initially had a good attitude towards Li Xia, found her even more unpleasant to the eye now. The two elders took out five hundred thousand yuan from their retirement money to give to their youngest son. In the end, their daughter-in-law turned around and lent it to her elder brother. How could anyone accept this?

After all, it was not a small sum!

Chapter 1262 How Much Did He Take Out?!

This matter had finally ended. Although there were no ups and downs in the middle, Wang Yunfa's

incident caused the two elders at home to lose a layer of skin, and they were mentally and physically exhausted.

Wang Yunzhong didn't have it any better. Initially, the two brothers in the family had a good relationship. Now that so many things had happened in the past year, Wang Yunzhong looked down on Wang Yunfa even more.

"Everyone, go back first. I have to go to the company too." Wang Yunzhong didn't want to say anything else. After saying this, he drove away.

On the bus, the old man and the old lady sat in the backseat together. The more the old lady thought about this, the angrier she became. She couldn't help but mutter, "This Xiao Xia. To think that I usually dote on her so much. She did such a thing."

"A few hundred thousand yuan. She lent it to someone just like that. Yunfa is like a fool every day. He knows nothing about such a big matter!"

"I'm so angry!"

It was rare for the old man not to stop the old lady's nagging because he could not accept it in his heart as well.

Especially when their most beloved elder son took out two hundred and fifty thousand yuan alone because of this, it made the two elders feel even more upset. Old people were all like this. They did not feel heartache when spending their money, but their heart ached when spending their elder son's money.

Putting aside whether Li Xia could return the money in the end, even if she could, it would be in the future. The two of them were very unbalanced now.

Even when they reached home, the old lady was still sitting on the sofa, upset. Even the fact that Wang Yunfa would be released from prison tomorrow made her unhappy.

At noon, Xu Qianqian went downstairs for lunch and felt something was wrong with the two elders' auras today.

"Dad, Mom, what's wrong with the two of you?" Xu Qianqian asked with casual concern. "Didn't you say this morning that you went to the hospital to discuss reconciliation? Didn't they agree?"

"It's fine, Qianqian. We're fine. Eat," the old lady said with a forced smile.

As such, Xu Qianqian muttered in her heart.

"Mom, no matter what, I'm the eldest daughter-in-law of the family. There are some things you don't have to hide from me deliberately. Yunzhong ran around because of this. No matter what, I have the right to know, right?" Xu Qianqian suddenly asked about Wang Yunfa.

This caught the old lady off guard because last night, Wang Yunzhong said not to mention this to Xu Qianqian. Otherwise, she would chase after him and ask if he had spent money.

In the end, what she was afraid of came true. Xu Qianqian mentioned it herself.

“Qianqian, what are you talking about? Your mother is afraid that Yunfa’s lousy matter will affect the atmosphere at home and affect your recuperation!” the old man said.

The old lady quickly nodded. “That’s right. This lousy matter is annoying and disturbs the peace.”

Little did they know that their straightforward answers would not make Xu Qianqian think too much about it. Instead, their cover-up made her suspicious.

Although pregnancy made one stupid for three years, Xu Qianqian was not so stupid that she could not tell. Wasn’t this obvious to avoid her question?

Wang Yunzhong had to fork out money!

Thinking of this, Xu Qianqian’s expression darkened slightly. She put down her chopsticks and looked at the old lady’s face. “Mom, tell me the truth. How much money did Yunzhong take out?”

Xu Qianqian’s reaction speed was a little terrifying. When the old lady heard this, she was shocked and subconsciously shook her head to deny it. “Take out money? What money?! He didn’t take out money. I didn’t let Yunzhong take out money!”

The old lady would still deny it, but the old man did not know how to lie. He immediately sat there as if he was sitting on pins and needles, and his entire body was not in sync.

The old man was usually very calm, but two hundred and fifty thousand yuan was too much.

The fact that Xu Qianqian could marry Wang Yunzhong from the position of a mistress in the past few years meant she was not a brainless woman. Seeing the two elders’ reactions, they were simply exposing themselves.

“You’re not going to say it, right? Alright, I’ll call Yunzhong. If it doesn’t work out, I’ll go to Yunfa’s house to ask Sister-in-law why her man should let my family fork out this money,” Xu Qianqian said with a firm attitude.

“Qianqian, Qianqian!” The old lady immediately panicked. She had never seen Xu Qianqian like this.

However, it was understandable. Even biological brothers would settle accounts. When faced with such a situation, there was no reason for his brother to fork out money. Moreover, the settlement fee was not just thirty to fifty thousand yuan. Not to mention Xu Qianqian, if it were any other wife, they could not accept this matter calmly.

As the old lady spoke, she moved her buttocks and sat beside Xu Qianqian. She smiled apologetically and said, “It’s not that I won’t tell you, but you’re pregnant. I don’t want you to be angry.”

Xu Qianqian snorted in her heart. Pregnancy was an all-purpose excuse – it was always for the child in her stomach.

“Alright, we can’t hide this anymore. Let’s tell Qianqian,” the old man said, making the atmosphere uncomfortable.

Since Xu Qianqian had already sensed it, they might as well say it directly.

Xu Qianqian said nothing and just sat there waiting for one of the two elders to tell her the truth.

After a while, the old lady sighed and slowly said, "Qianqian, don't blame Yunzhong. There was no other way."

Xu Qianqian still said nothing, looking impervious. Now, she wanted to know how much their family had taken out.

The old lady initially wanted to take things step by step, but with Xu Qianqian's attitude, it was useless to say anything.

She paused for a moment and gritted her teeth. "A total of two hundred and fifty thousand yuan. Yunzhong took it all out!"

This time, she hid nothing and said a real number.

"What?" Xu Qianqian's voice instantly raised by seventy percent. "Two hundred and fifty thousand yuan? The settlement fee is two hundred and fifty thousand yuan?"

"Including medical fees!" The old lady quickly explained.

"That's too much!" Xu Qianqian widened her eyes.

Although she did not know the law, it was a minor injury case. The other party had no surgery, no fatal injuries, and only stayed in the hospital for a month. A settlement of such a case was at most a hundred thousand yuan.

He spent two hundred and fifty thousand yuan to save a useless piece of mud?!

If he was not a sucker, what was he? He might as well let Wang Yunfa reform in prison for two years!

Most importantly, their family took out two hundred and fifty thousand yuan. They paid for it!

"Mom, didn't you give Yunfa and his wife five hundred thousand yuan?" Xu Qianqian thought of this and couldn't help but ask, "Something happened to her man, but she couldn't bear to use their family's money? He only knows how to take advantage of his brother, right?"

"It's not like that, Qianqian." When the old lady saw that Xu Qianqian was angry, she panicked. "Don't be so angry first. Listen to Mom!"

Xu Qianqian looked at the old lady with a terrible expression. She wanted to hear what reason the old lady could give!

Chapter 1263 Yunzhong Can't Spend This Money Alone

As the old lady comforted Xu Qianqian, she said, "Xiao Xia lent that money to someone. She couldn't get it back for a while, so Yunzhong paid for it first."

"Your father and I are also furious about this. Didn't you see that we've been angry since we came back? It's because of this."

"But don't worry, they'll return the money. When they return the money, they'll return it to you immediately. Xiao Xia promised!"

The old lady was not lying. Everything she said was the truth. She also knew there was no need to hide it from Xu Qianqian.

However, Xu Qianqian did not accept this excuse.

“Return it?” Xu Qianqian immediately sneered. “Mom, don’t you know your son? Is it so easy to return this money?”

Although it was his brother’s second marriage, he was still his biological brother. Wang Yunfa could give them a hundred yuan as a gift. It was obvious how difficult it was to get money from him!

Anyway, even if the old lady said it, Xu Qianqian didn’t believe that the other party would return the money.

The more she thought about it, the angrier she became. Xu Qianqian’s entire body heaved up and down because of her heavy breathing. Seeing this, the old lady said anxiously, “Qianqian, don’t be angry. You’re pregnant!”

“You didn’t want me to be angry, but you still did these things behind my back. How can I not be angry?!” Xu Qianqian was so angry that she was about to cry.

After all, she was already married to Wang Yunzhong. The money Wang Yunzhong took out was her money. It was two hundred and fifty thousand yuan. Putting aside how long it would take to get it back, this money was enough to make her heartache!

“But try to understand Dad and Mom,” the old lady said. “We can’t let Yunfa go to jail, right? Because of this, your father and I can’t eat or sleep well. Isn’t the most important thing now to get him out?”

“Mom knows it’s wrong for your family to take out this money, but since we’re here in a hurry, there’s no other way,” the old lady said helplessly and sadly.

The old lady also knew that once Yunfa came out, it was indeed difficult to ask for money. Just as Xu Qianqian had said, she knew her son the best. Since he was young, who could ask Wang Yunfa for a single cent?

Even the alimony that Wang Yunfa is supposed to give to the two elders every month never materialized. The two elders felt heartache for their son and teamed up to help hide it from their other three children. Until now, no one knew about this. They thought that Wang Yunfa gave it every month!

At the old lady’s words, Xu Qianqian felt wronged and aggrieved, but she didn’t know what to say.

Because of this matter, the old man had lost a lot of weight, and the old lady had become much more haggard. It was naturally good to resolve it as soon as possible.

However, their family had paid for all the money. Xu Qianqian could not accept it.

She had no appetite and had nothing to say. They had already given him the money. What else could she say? She couldn’t possibly get it back!

Who should she ask for it from? Wang Dapeng? Could she get it?

Furious, Xu Qianqian said nothing and stood up to go upstairs.

“What’s going on?!” The old lady couldn’t help but sigh.

She was not afraid of anything else. First, she was afraid it would be bad for the fetus if Xu Qianqian were angry. Second, she was afraid that the two of them would fight because of this when Yunzhong returned at night.

Once they fought, Xu Qianqian would be angry again. It would still affect the fetus.

In the end, she was afraid that the child in her stomach would be affected.

“Why didn’t you say something?!” The old lady looked at the silent old man and glared at him.

No matter when such a thing happened, he became mute and didn’t speak up.

“Say what?” The old man glared at the old lady and said, “Wait for Yunfa to come out. Watch how I teach him a lesson!”

“Hah, that’s what you always say when Yunfa causes trouble. Every time, you just hit his head twice. How is that teaching him a lesson?” The old lady snorted disdainfully. As she spoke, she stood up and walked towards the living room. “I have to call Yunzhong and tell him that Qianqian knows about this. Let him be mentally prepared.”

“Oh, he’s at work. Don’t cause trouble for him. Let’s talk tonight,” the old man stopped her.

The old lady stopped in her tracks and looked at the second floor before looking at the old man. “What about Qianqian? I can’t coax her!”

“If you can’t coax her, then don’t!” the old man said.

Anyway, the old man couldn’t coax his daughter-in-law.

Hearing this, the old lady couldn’t help but sigh deeply. She thought to herself that if she couldn’t get the money back, Xu Qianqian wouldn’t be able to calm down.

She was still pregnant. How could she be angry every day?

Suddenly, an idea flashed across the old lady’s mind.

“Eh?” The old lady’s eyes lit up. She looked at the old man and said, “We can’t let Yunzhong fork out this money alone!”

The old man looked at her shocked expression and immediately frowned impatiently. “If Yunzhong doesn’t pay, would you? The demolition fee isn’t here yet!”

“There’s also Xiao Mei and Zhi!” The old lady seemed to have woken up from a dream and clapped her hands excitedly. “The two sisters have to fork out some too. Xiao Mei is so rich now. She should take the lion’s share!”

When the old lady said that, the old man was enlightened. “That’s right. Two hundred and fifty thousand yuan is indeed too much for Yunzhong alone. If each family member takes out some, the burden won’t be so heavy!”

"Isn't that so?!" The old lady's mood instantly brightened. It was as if her heart ached when she spent her son's money, but spending her daughter's money was like spending someone else's money.

"I'll call Xiao Mei and Zhi now!" the old lady said.

This time, the old man did not stop her. After all, this was not a small matter. It was only right for the family to contribute together!

At this time, Wang Yunmei had just finished her lunch and was about to shop for appliances. She had just renovated her house and had yet to buy all the furniture. After all, it was a two hundred square meter house. It would take a lot of time and energy to buy these things.

Unexpectedly, just as she was about to go out, she received a call from the old lady. This surprised her.

Wang Yunzhi was taking a lunch break at the company when she received a call from the old lady.

The sisters took a taxi to Wang Yunzhong's house simultaneously and bumped into each other at the entrance.

"Sister, why are you here?"

Seeing Wang Yunmei, Wang Yunzhi was stunned.

Wang Yunmei said, "Mom called me and said there was an urgent matter. She said nothing, so I rushed over! You too?"

Wang Yunzhi nodded. "Let's go in first."

She knocked on the door of Wang Yunzhong's villa. The old lady opened the door.

"You're here." The old lady's expression was indifferent. She might as well be more passionate about her neighbors.

However, the sisters were already used to it. Ever since Wang Yunzhong's wedding, this was the first time they had seen each other.

"Mom, why did you call us here in a hurry? There's something urgent? What is it?" Wang Yunmei asked when she entered the house to change into her slippers.

When the old lady heard this, she said, "Come in and sit down. I'll tell you!"

Chapter 1264 Now You Know to Be Fair

With this tone, attitude, and understanding of their mother, the sisters already understood that what had happened today was probably not a good thing.

When they entered the living room, the old man was also there. He was sitting on the sofa drinking tea. When he saw Wang Yunmei and Wang Yunzhi, he said the same thing as the old lady, "You're here."

However, compared to the old lady, the old man's tone was gentler. Although he did not take his two daughters seriously, the old man could see the situation. At this time, his elder daughter's conditions were the best in the family, and his elder son was doing his best to repair the relationship between the two families.

Therefore, as a father, he was unwilling to drag his son down.

From this point of view, the old man understood more than the old lady and was more flexible.

“Dad,” Wang Yunmei and her sister called out in unison. Then, they walked to the sofa and sat down.

The old lady sat down on the sofa on the other side with a stony expression. Her gaze landed on her two daughters’ faces. Saying nothing, she could see disdain and disgust in their expressions.

As soon as she opened her mouth, she questioned, “Yunfa caused such a big incident. As sisters, how can you not ask about it?!”

Wang Yunmei and Wang Yunzhi looked at each other and immediately understood. This trip today was probably related to Yunfa.

However, the old lady criticized them for no reason the moment she opened her mouth. Wang Yunmei couldn’t accept it because no one had told them about Wang Yunfa.

They knew about this, but that was because Wang Yunzhong accidentally let it slip. Otherwise, how would they know?

The old man immediately said, “How would Xiao Mei and Zhi know about this? It’s not like they have clairvoyance or hearing. You didn’t tell them as well, right?”

“Dad, we know about this. Brother told us a few days ago,” Wang Yunzhi said.

As soon as she finished speaking, Wang Yunzhi looked at the old lady and said calmly, “Mom, Sister and I are still thinking about Yunfa. However, what can the two of us do about this illegal matter? When Brother told us, he said that Yunfa had already been arrested. Don’t tell me you want Sister and me to break into the prison?”

“Listen to this.” When the old lady heard Wang Yunzhi’s words, she was immediately angry. “Is this something an elder sister should say? Your brother almost went to jail. I think you’re not anxious at all!”

“Mom, what do you want to say? Why don’t you just say it?” Wang Yunmei couldn’t stand it anymore. Every time she met the old lady, no matter what, no matter who was right or wrong, she had to scold and humiliate them before she felt comfortable.

Wang Yunmei looked at the old lady with a cold expression and said coldly, “You called Zhi and me over. If there’s anything we can help with Yunfa’s matter, we definitely won’t sit idle. Although our relationship is tense now, he’s still my brother.”

Wang Yunmei meant what she said. Ever since they found out that the police station had taken Wang Yunfa away, she and Wang Yunzhi had been thinking about him.

However, as Wang Yunzhi had said, they did not know what they could do or help with this illegal matter. They could only be anxious.

No matter how much of a bastard Wang Yunfa was, he was still her biological brother. She naturally didn’t want to see him jailed at this critical juncture.

“Xiao Mei, you sound like an elder sister,” the old man praised.

The old lady snorted in disdain in her heart. However, since Wang Yunmei had said so, she couldn't say anything nasty. She immediately shared about the reconciliation.

In the end, the old lady emphasized, "Two hundred and fifty thousand yuan is too much. It's naturally difficult for your brother to take out all the money alone. Moreover, your brother took out fifty thousand yuan previously. The remaining two hundred thousand yuan isn't a small sum. We should split this among the three families. As for how to split it, it still depends on your conditions."

The old man also said, "You're all biological brothers and sisters. Everyone will contribute together to reduce each other's burden. You can't let your brother take out so much money alone, right?"

In the end, it was because of money.

Wang Yunmei couldn't help but ask, "It's a good thing that the reconciliation succeeded, but isn't this two hundred and fifty thousand yuan too much? This sum is unreasonable, but Brother agreed?"

"Hah, they asked for three hundred thousand yuan as soon as they opened their mouths!" The old lady sneered and explained, "Your brother even lowered it to two hundred and fifty thousand yuan in the end. They're the victims, so they would ask for as much as they want, right?"

"Xiao Mei, the situation at that time was not optimistic. We won't lie to you about such a thing!" the old man said.

"Dad, I didn't say that you were lying to us. I'm just raising my doubts about the settlement amount," Wang Yunmei said.

However, they had already given him the money, so there was no point in saying anything.

The old lady urged impatiently, "Anyway, since your brother took out the money, you have to take it out too. This is only fair!"

Wang Yunzhi looked at the old lady's matter-of-fact expression and couldn't help but sneer in her heart. Now, she knew to be fair?

Since they were young, she and her elder sister had never experienced what fairness was!

However, to her surprise, Wang Yunmei showed no resistance or unwillingness.

Instead, she said to Wang Yunzhi, "Zhi, calculate how to split it fairly."

Wang Yunzhi was now in the finance department of East Sea Real Estate. What she did every day was settle accounts, so she was relatively good at this.

Seeing that her elder sister didn't object, Wang Yunzhi said nothing. Hearing this, she nodded and said, "Two hundred and fifty thousand yuan. Brother took out fifty thousand yuan, so there's still two hundred thousand yuan left. My family, Elder Sister's family, and Yunfa's family can fork out sixty thousand yuan each. That's a total of one hundred and eighty thousand yuan, so there's still twenty thousand yuan left. In the end, this is Yunfa's family's matter. Yunfa will make up the remaining twenty thousand yuan."

“This means that Brother will fork out fifty thousand yuan. Because Brother is the one who has been worried about this from the beginning to the end, we can accept him forking out the least!”

“Yunfa’s family will take the largest sum of eighty thousand yuan. After all, he caused trouble himself. Of course, he has to bear more responsibility.”

“Sister and I will fork out sixty thousand yuan each. That’s one hundred and twenty thousand yuan! Including Yunfa’s eighty thousand yuan and Brother’s fifty thousand yuan, it’s two hundred and fifty thousand yuan!”

Wang Yunzhi didn’t split the two hundred and fifty thousand yuan equally into four portions. Instead, she divided it according to various factors. Whoever took more and why they took so much was reasonable.

However, when Wang Yunmei heard this, she had no expression on her face. She only looked at the two elders.

“Dad, Mom, do you have any objections?” Wang Yunmei asked.

Without waiting for the old lady to speak, the old man beat her to it. “No, this is quite good!”

The old lady opened her mouth with a reluctant expression. Her idea was that Wang Yunmei should take the lion’s share. After all, her family was the richest now!

The old man gave the old lady a look and gestured for her to shut up. The old lady turned her head away unwillingly.

Chapter 1265 Don’t Let Xiao Ai Know

However, she thought that with the old man’s words, this suggestion would be implemented.

Unexpectedly, Wang Yunmei sighed.

This sigh was very heavy, and it carried an indescribable emotion. In addition, Wang Yunmei was now the general manager of Yaochi, so she gradually developed a powerful aura unique to women in the workplace. This silent sigh imperceptibly gave everyone pressure.

The old man looked at Wang Yunmei in confusion.

The old lady frowned slightly and thought to herself, ‘I asked you to take out sixty thousand yuan. Why are you sighing?’

After a while, Wang Yunmei suddenly chuckled. She looked at the old man and the old lady, and the emotions in her eyes were abnormally cold.

“Dad, Mom, do you think this suggestion is good?” Wang Yunmei asked. There was something in her words.

This time, even the old man, who had always been quick-witted, was stunned. Wang Yunzhi’s analysis looked very reasonable. She stood on all sides, and there was nothing wrong.

Looking at the old man’s confused expression, Wang Yunmei’s heart turned cold. She wasn’t feeling cold for herself, but for Wang Yunzhi.

Wang Yunmei didn't keep them in suspense anymore. She immediately said, "Your heart aches for Yunfa, so you didn't hesitate to use two hundred and fifty thousand yuan to free him. Your heart aches for Brother, so you didn't want him to take out so much money! That's why you thought of us as daughters!"

"But have you thought about Yunzhi? Have you thought about Yunzhi for even a second? Have you?"

The old man was stunned.

The old lady's frown deepened!

"Sister..." Wang Yunzhi felt something in her heart. She couldn't help but reach out and pull Wang Yunmei's wrist, showing that she didn't have to say anything.

However, Wang Yunmei wanted to say it.

She looked at the two elders and said, "What's going on at Yunzhi's house? Yes, she's living in a big house! Didn't she tell you how she got that house? Xiao Ai asked her business partner for it when she was discussing business with someone!"

"Yunzhi and Yao Feng only started living their lives in the past six months. They worked so hard to save money together. Ask her if she's saved enough for sixty thousand yuan?"

"When something happened to your son, your daughter has to take out sixty thousand yuan for Yunfa. What's wrong? Does Yunzhi owe him?"

"If you had thought about Yunzhi for a moment, I wouldn't have been so angry today!"

At this point, Wang Yunmei's eyes had already turned red. First, it was because her heart turned cold for Yunzhi. Second, as a daughter, her parents had hurt her too many times, and it was always in her heart.

The two elders always had a way to push her, their elder daughter, away again and again!

"Xiao Mei... This..." At this moment, the old man also realized that it was too obvious that he only considered his son and not his daughter.

Because of their deep-rooted beliefs, the old man and the old lady subconsciously didn't think about this. Now that Wang Yunmei said it in front of them, they couldn't hold it in anymore!

Wang Yunmei didn't stand up and leave because of this. Instead, she instantly restrained her emotions. She looked at the two elders and said, "I know what my mother means. She wants me to take the lion's share. Alright, I'll take one hundred thousand yuan. You can split the remaining one hundred and fifty thousand yuan however your two sons want."

"But if you dare to take a single cent from Yunzhi, I won't fork out a single cent!"

Wang Yunmei saw through the old lady's original thoughts and made a new suggestion. Without giving the two elders a chance to speak, she pulled Wang Yunzhi and walked out.

Wang Yunmei exposed the old lady's thoughts, and she immediately blushed in embarrassment. Just as she was about to curse, the old man stopped her. "Alright, stop talking!"

“Listen to what she said!” The old lady was so angry that smoke rose from her head.

The old man glared at her and said, “She already said she would take out one hundred thousand yuan. It’s not a small sum. Stop it!”

Wang Yunmei pulled Wang Yunzhi out of Wang Yunzhong’s house. Only then did Wang Yunzhi have time to say, “Sister, what are you doing? My family has sixty thousand yuan now. I can take it out!”

“Yao Feng told me that there were sixty thousand yuan in your bankbook that day. I know,” Wang Yunmei said.

At this moment, she had already calmed down. She looked at Wang Yunzhi and said, “It wasn’t easy for you and Yao Feng to save this up. Are you taking it all out for Yunfa? Do you think it’s okay? Anyway, it definitely won’t work with me!”

“But one hundred thousand yuan is too much for you.” Wang Yunzhi didn’t want Wang Yunmei to bear it alone.

Although Wang Yunmei took out one hundred thousand yuan alone, Wang Yunzhi knew she was bearing it together with her share. To put it bluntly, she was thinking about her.

“Just treat it as if I owe Yunfa.” Wang Yunmei sighed softly. “One hundred thousand yuan is not much.”

The reason Wang Yunmei said this was because she had this thought after hearing the old lady’s words.

The main reason was that one hundred thousand yuan was a figure she could afford, but sixty thousand yuan was all of Wang Yunzhi’s savings. It was obvious which was more important.

Second, although Wang Yunmei listened to Jian Ai and swallowed Wang Yunfa’s two courtyards in South City, she didn’t feel at ease.

The words ‘just treat it as if I owe Yunfa’ just now meant that she had always been a little upset about this.

The demolition fee for the two courtyards was about a million yuan. Other than the two hundred thousand yuan she gave him when she bought the two courtyards back then, taking out another one hundred thousand yuan was not much.

When Wang Yunzhi heard this, she was slightly stunned. She instantly understood what her sister meant.

Wang Yunmei was such a warm person. If Jian Ai hadn’t done what she did back then, with Wang Yunmei’s personality, she wouldn’t have wanted Wang Yunfa’s two courtyards.

“Don’t let Xiao Ai know about this,” Wang Yunmei looked at Wang Yunzhi and instructed.

She didn’t want to disappoint her daughter because her daughter had always wanted her to cut ties with the Wang family, especially Wang Yunfa.

However, she could not do it. Sometimes, Wang Yunmei hated herself for being soft-hearted.

Wang Yunzhi knew Wang Yunmei’s dilemma and nodded gently. “I understand. I won’t say it.”

At this moment, at a barbecue shop in Wanbao District. Jian Ai was eating skewers.

In the north, many barbecue stalls opened at noon, but there were not many customers.

Jian Ai looked at the roasted mutton skewers in front of her and the six bottles of beer on the table. Then, she looked across at Xiang Nanfeng, who was wearing a dark blue down jacket and looking straight at her.

“This is the first time you’ve treated me to a meal. It’s fine if it’s just skewers, but it’s noon!” Jian Ai didn’t know whether to laugh or cry. “Don’t you have any passion?!”

When Xiang Nanfeng heard this, he picked up a beer bottle and poured himself a glass. He said, “Please forgive me. I’m a poor student and I’m short of money. Please finish this meal. The next time I treat you again is when I get my living allowance next month!”

Seeing that he was only pouring alcohol for himself, Jian Ai couldn’t help but glare at him. “What are you doing? Pour me a glass too!”

Chapter 1266 Be My Girlfriend!

Xiang Nanfeng looked up at Jian Ai and frowned. “You’re a girl. Why are you drinking?!”

Jian Ai couldn’t help but laugh. “Why can’t girls drink? I’ve already learned martial arts, so of course, I can drink!”

As soon as she finished speaking, Jian Ai ignored Xiang Nanfeng’s gaze and took a bottle of beer herself. Without opening the bottle, she grabbed the mouth of the bottle with her hand and circulated her genuine energy. She raised her hand again, and the bottle cap fell from her hand.

Seeing this, Xiang Nanfeng’s eyes widened in shock.

What the hell?

“Impossible!” Xiang Nanfeng looked incredulous. “It’s fake!”

Jian Ai poured herself a glass of beer. Looking at Xiang Nanfeng’s inexperienced appearance, she couldn’t help but snort. “China’s martial arts are vast and profound. There are many things you haven’t seen!”

Xiang Nanfeng looked at Jian Ai, and then at the bottle of beer she had opened. He couldn’t help but say, “This is a magic trick, right? I don’t believe you can open the bottle cap with your bare hands!”

Although Xiang Nanfeng learned karate, he knew Chinese martial arts. Perhaps some people in the world could open bottle caps with their bare hands, but he didn’t believe that Jian Ai could do it.

Looking at Jian Ai’s slender hands, how could she do such a thing?

Therefore, he firmly believed that this must be Jian Ai’s trick. As for how this trick came about, he did not know.

Jian Ai’s expression was calm, but she couldn’t help but laugh in her heart. Of course, this wasn’t something an ordinary person could do. She was deliberately teasing Xiang Nanfeng.

Over the past few days, she suddenly realized that Xiang Nanfeng differed completely from her first impression of him. He was a dazed and dignified boy.

Perhaps because of his achievements in karate, where he was already an international champion at a young age, inevitably, his heart would swell.

However, putting aside this exaggerated surface, Xiang Nanfeng gave Jian Ai the feeling that he was a person who did things recklessly. He had no methods and was not scheming.

Why was she sitting here for lunch with Xiang Nanfeng today? It was because recently, Xiang Nanfeng had been blocking the entrance of Longxing Martial Arts School every day for no other reason than to treat her to a meal.

Because Jian Ai didn't have a good impression of him at first, she definitely wouldn't agree. In the end, Xiang Nanfeng became the door god of Longxing Martial Arts School. Every time she came out of the martial arts school, the first thing she saw was Xiang Nanfeng waiting at the door.

Not only did Xiang Nanfeng wait every day in a daze, but he had done nothing extreme or inappropriate. When he saw Jian Ai, he only asked, "I'll treat you to a meal. Are you going?"

Jian Ai naturally replied, "No!"

Then, he said nothing and left without looking back. However, the next day, he would still appear and ask the same question!

If it were anyone else, they would probably give up after being rejected twice or thrice.

However, Xiang Nanfeng persisted. In the end, Jian Ai was too embarrassed to refuse him.

Later, she thought about it. It was just a meal. Perhaps after eating with him, this matter would stop. This was because Jian Ai could tell that if she didn't agree with him, he would probably become like a statue in front of Longxing Martial Arts School!

Therefore, Jian Ai sat there and felt that the person who started the trouble should end it. Xiang Nanfeng seemed to have an obsession with her in his heart. Only by eating this meal with him could he resolve this obsession.

It sounded like she was expiating a vengeful spirit who had died unjustly, but when she thought about it, it was indeed the same. However, what puzzled Jian Ai was when exactly did she exude her charm that Xiang Nanfeng pursued her so blindly?!

He was even bolder than Lin Yi!

"You said you didn't have money, but you insisted on treating me to a meal. Why?" Jian Ai didn't mention opening the bottle cap anymore and looked at Xiang Nanfeng.

There were only two people at the table today. The table was not wide, so Jian Ai could see all the details of his facial features and appearance.

In terms of looks, Xiang Nanfeng was above average. At least in Jian Ai's aesthetics, a boy with single eyelids like Xiang Nanfeng was more pleasing to the eye.

He had a short crew cut. His face was round, but he was not fat. Because he had practiced martial arts for a long time, his skin was especially tight and smooth. He also had a unique awkwardness on his body. This was something Jian Ai had never seen from others.

Moreover, the more she interacted with him, the more she felt he was awkward.

For example, after hearing Jian Ai's words, Xiang Nanfeng finished his glass of beer and answered, "I'm willing to!"

Jian Ai: "..."

Look, how awkward? It was his persistence that got her to agree to accompany him for a meal, but now?

Jian Ai pursed her lips and drank a glass of beer before eating a mutton skewer.

At this moment, Xiang Nanfeng said, "I've asked around. You don't have a boyfriend!"

"So?" Jian Ai looked up at him and asked, "You want to pursue me?"

Xiang Nanfeng nodded without dodging.

Jian Ai looked at the mutton skewers and beer in front of her. "Using these?"

Xiang Nanfeng nodded again!

"Pfft..." Jian Ai finally couldn't help but smile and nod helplessly. "Alright, after this period of observation, I seem to have some understanding of you. This is indeed quite like your style!"

Moreover, this style was quite different.

He appeared on time every day, but he never pestered her!

Then, he finally got a chance, but he brought a girl to eat skewers. As the person being pursued, Jian Ai didn't know whether to laugh or cry.

"You think I'm not good?" Xiang Nanfeng looked at Jian Ai and asked seriously.

However, as soon as he finished speaking, he explained, "Of course, I know that the first time we met might not have been pleasant. I used to have many flaws, but after you beat me up, I realized I was nothing."

Jian Ai raised her eyebrows. Why did these words sound weird? Did he think he was nothing after she beat him up?

Was he looking down on her or himself?

"You beat up everything I was proud of in the past. I've changed!" Xiang Nanfeng said.

Jian Ai nodded. "I can tell. That's why I'm sitting here!"

As soon as she finished speaking, Jian Ai took the initiative to answer Xiang Nanfeng's question. "I don't think you're bad. At least, I think the current you sitting in front of me is quite good. I mean it!"

"Then be my girlfriend!" Xiang Nanfeng confessed!

Chapter 1267 Good Person Card!

“Cough...” Jian Ai was caught off guard and choked on her saliva.

Seeing this, Xiang Nanfeng quickly poured her a glass of warm water and said, “You don’t have to be so agitated.”

Agitated?

She was not agitated!

Jian Ai took a sip of water and looked at Xiang Nanfeng. “I think you’re quite good. These words are just an evaluation of you, but it doesn’t mean that I have a good impression of you and that I even agreed to date you. Do you understand what I mean?”

Xiang Nanfeng nodded. “It’s a good person card. It’s often like this on television. Girls tell boys I think you’re a good person, but we’re not suitable. Isn’t that what you mean?”

Jian Ai: “...”

Xiang Nanfeng even watched idol dramas and knew what was a good person card?

This did not match his persona as a straightforward man!

Jian Ai was not surprised or amused by Xiang Nanfeng’s straightforward pursuit of her because she knew very well that most boys and girls around eighteen years old were so impulsive with relationships. Sometimes, there was no reason.

It was the same in her previous life. Jian Ai carefully thought about why she had a crush on Lin Yi for three years in her previous life. In fact, she couldn’t say why because their interactions in her previous life were almost zero. Perhaps at that time, she only shallowly and purely liked Lin Yi’s beauty!

Compared to her, Xiang Nanfeng, who was sitting in front of her, might have a better motive for liking her than her liking Lin Yi!

However, Xiang Nanfeng was right.

He was a good person, but Jian Ai felt that the two of them were not suitable.

Why was it inappropriate? Because Jian Ai’s soul was that of a twenty-six-year-old auntie. She could not accept a seventeen-year-old boy.

This was also why she was no longer as tempted by Lin Yi as she was in her previous life.

After her rebirth, her body was indeed younger, but her soul had not returned to fourteen years old.

In Jian Ai’s concept of love, she knew that age should not be the limit of relationships. However, even so, most people would have an upper and lower limit in their hearts. She was not immune to it. She had it too!

With a twenty-six-year-old soul, she could accept men between twenty years old and thirty years old.

However, it was impossible for her to like someone underage!

Because the current Jian Ai could no longer treat herself as fifteen years old. She always felt that she was already in her twenties. This could not be changed. Unless there was a miracle pill that could make her forget her previous life or she had lost her memory!

Jian Ai sighed softly and looked at Xiang Nanfeng helplessly. "Actually, the only reason I agreed to this meal is to ask you not to wait for me at the martial arts school entrance in the future. That's all."

"Did it cause you trouble?" Xiang Nanfeng didn't feel disappointed by Jian Ai's rejection. Or perhaps, he was already prepared and just wanted to try harder.

Jian Ai smiled and shook her head. "No, I admire your perseverance and confident attitude. To be honest, I didn't expect you to be such a person."

"I quite admire you for refusing if you don't like it. You're not draggy." Xiang Nanfeng also smiled. This was the first time Jian Ai had seen him smile, but she suddenly realized that there was a light dimple on his left cheek when he smiled.

This dimple instantly pulled Xiang Nanfeng's temperament in another rarer direction. A dazed and awkward boy was even a little cute!

Xiang Nanfeng continued, "I've been learning karate since I was six years old. It's been almost twelve years. I've never fallen for a girl or pursued one."

"So after meeting you, I didn't know what to do, so I could only try the most direct way. Anyway, as long as I don't make you hate me, I know nothing else. It's mainly because I'm not a rich person. I can't afford to give flowers or gifts!"

Xiang Nanfeng spoke exceptionally sincerely and seriously, but he did not feel inferior at all. He was just calmly explaining his situation.

Jian Ai smiled and said, "You convinced me directly. If you wait for me at the entrance of the martial arts school with flowers every day, you might get beaten up again!"

Xiang Nanfeng smiled and lowered his head. His long eyelashes echoed his dimples, and he instantly softened.

This topic should have ended silently by now. Jian Ai thanked Xiang Nanfeng for his liking for her in her heart, and Xiang Nanfeng also silently commemorated the first time he was tempted.

The two of them diverted the topic at the same time and chatted casually with the six bottles of beer on the table.

After a while, Jian Ai suddenly asked, "Has your martial arts school started teaching Chinese martial arts?"

Xiang Nanfeng nodded slightly and said without hiding anything, "That's right. Didn't most of the martial arts schools on the street start teaching? For the first Chinese martial arts competition!"

Everyone already had a tacit understanding of this matter. All the martial arts schools had the same motive, so there was nothing to hide.

“Are you taking part in the competition too?” Jian Ai subconsciously asked.

Xiang Nanfeng nodded again. “That’s right. I quite like to take part in such competitions. I like the feeling of being there.”

Jian Ai blinked in surprise and said, “But aren’t you taking the college entrance examination next year?”

“The college entrance examination?” This time, Xiang Nanfeng looked surprised.

However, in the next second, he reacted and couldn’t help but reveal an enlightened expression. “Oh! I forgot to tell you I dropped out of junior high!”

“You dropped out of school? You stopped studying in junior high?” Jian Ai was even more surprised!

Xiang Nanfeng nodded and explained, “I’m quite embarrassed to say it, but I don’t want to hide it from you. When I was in junior high, I was expelled because of a fight!”

Jian Ai: “...”

This surprised her because she had never thought about it.

“Then what did you mean when you said that you don’t have money, and the next time you treat someone, it’ll be after you get your living allowance next month?” Jian Ai continued to ask.

Most of the living allowance was given because the children were in school, right?

Xiang Nanfeng said, “My parents got a divorce, so I followed my mother. My father gave her money for child support every month and secretly gave me two hundred yuan as a living allowance!”

Jian Ai: “...”

She suddenly regretted asking these personal questions. Although Xiang Nanfeng didn’t seem to care about these things, she felt guilty.

Chapter 1268 Exchange

Therefore, Jian Ai subconsciously said in exchange, “My mother raised me too. Since I was born, my father wasn’t in our family anymore!”

Xiang Nanfeng frowned. “Really?”

Jian Ai nodded. “It’s true. Besides, I have a brother. My mother raised me and my brother alone!”

“Have you never seen your father since you were young?” Xiang Nanfeng seemed attracted by Jian Ai’s background.

Like Xiang Nanfeng, Jian Ai’s attitude towards this matter was the same. It was as if it had nothing to do with her. She immediately said, “It was only this year that I saw him for the first time!”

“Ah?” Xiang Nanfeng opened his mouth in surprise. He looked at Jian Ai and carefully probed, “Then you...”

“I hate him!” Before Xiang Nanfeng could ask, she sensed the question he wanted to ask from his tone. “Because he caused my mother’s hard work all these years, I hate him!”

Xiang Nanfeng nodded. In exchange, he took the initiative to say, "I don't hate my father. I think their divorce is inevitable. It's boring to fight every day. I was still young at that time. If I were sensible, I would have been the first to stand up and persuade them to get a divorce!"

After saying this, the two looked at each other speechlessly for two to three seconds before smiling. It was as if they had silently gotten closer to each other because of these conversations.

It was like having a friend who knew some secrets that others did not.

Jian Ai had never mentioned her father to anyone else. Xiang Nanfeng was the first!

"Then you're practicing martial arts at the martial arts school every day. Is there anything else? For example, are you looking for a job?"

After the in-depth and private conversation, Jian Ai was much more relaxed when asking questions.

Xiang Nanfeng shook his head. "No, everyone says I'm too young, so I want to wait another year. When I'm an adult, I'll find a job to earn money!"

Jian Ai nodded, but Xiang Nanfeng suddenly smiled and said, "On second thought, you're right!"

"What is right?" Jian Ai blinked inexplicably, not understanding what he meant.

Xiang Nanfeng: "You're right not to agree to me. Otherwise, you're dating an unemployed person with no money or job!"

Jian Ai chuckled when she heard this. At this moment, she looked at Xiang Nanfeng. She had long forgotten about the provocative words at the beginning and the manic Xiang Nanfeng.

If what Xiang Nanfeng said was true and he became like this because she beat him up, Jian Ai had to say that if she was given another chance, she would still beat him up.

Because Xiang Nanfeng was a very good person!

Jian Ai didn't believe that her punches and kicks had made him what he was now. She was more willing to believe that the real Xiang Nanfeng was like this!

...

After Wang Yunmei left Wang Yunzhong's place, she went straight to the bank and took out one hundred thousand yuan before sending it back.

Wang Yunzhong returned home after work. As soon as he entered the house, he found one hundred thousand yuan in cash on the table.

He couldn't help but be stunned. He looked at the money and then at the old man. "Dad, Sister-in-law sent it over?"

After the adjustment this morning, Li Xia said she would go to her maternal family to raise money and see how much she could raise. She would return it to Wang Yunzhong first.

Therefore, Wang Yunzhong subconsciously thought Li Xia had sent the money over.

However, he did not expect her to return so much money!

When the old man heard this, he said, "Xia didn't send this. Xiao Mei did!"

"Ah?" Wang Yunzhong was stunned when he heard that. He asked inexplicably, "Xiao Mei sent it? Why did she give me money? She even gave me so much!"

"Your mother and I have discussed it. You can't fork out the money for Yunfa's matter alone," the old man said.

Wang Yunzhong was a smart person. He didn't need the old man to elaborate on the details to understand!

Anger immediately rushed out of his heart. "Dad! What does this have to do with Xiao Mei? Moreover, didn't we agree that Yunfa would fork out the money? I lent it to him, so he has to return it to me!"

"What do you mean by letting Xiao Mei take a share? Everyone will split it equally? Does that make sense?"

These two elders convinced Wang Yunzhong. They did such a big thing behind his back without even discussing it with him.

Just like that, the other party sent the money over in the afternoon!

When the old man saw that Wang Yunzhong was angry, he felt a little guilty. He couldn't help but say, "I couldn't hide it, so Qianqian found out!"

"Qianqian felt she couldn't get the money back after lending it to Yunfa. She felt that your family had spent this money, so she was angry for the entire afternoon!"

"That's why your mother and I thought everyone could split it so that Qianqian could calm down!"

It would have been fine if the old man didn't say it, but once he did, Wang Yunzhong became even angrier. "What kind of twisted logic is this?! How can we not get back the money we lent out? Officer Wang was present when I took out the money. How dare Yunfa go back on his word? I'll go to court and sue him!"

"Can you not cause trouble for me?!"

Wang Yunzhong couldn't be bothered to scold them. He didn't know if these two elders weren't thinking about things because they were old.

Indeed, Wang Yunfa was a miser. It was as difficult as ascending to the heavens to get money from him.

However, this also depended on the situation. Two hundred and fifty thousand yuan was not a small sum of money. Wang Yunzhong was the one who provided the reconciliation fee. There were witnesses, including Officer Wang. If Wang Yunfa dared to go back on his word and not return the money, Wang Yunzhong could sue him. When the court enforced it, the money would return to Wang Yunzhong's pocket!

Moreover, Wang Yunfa was married now. Wang Yunfa was a good-for-nothing, and there was still Li Xia. From Li Xia's attitude today, Wang Yunzhong could feel that she had no intention of not returning the money!

In the end, he did not take it seriously, but these two elders even "helped him" when they came back!

Moreover, Wang Yunmei had to fork out money for this matter? Could she handle it? So what if she was his biological sister? Wang Yunfa had caused such a huge disaster, so he had to bear it himself!

Wang Yunzhong couldn't be bothered to talk to the old man anymore. He immediately found a plastic bag from the cabinet, walked to the sofa, and stuffed the one hundred thousand yuan into it. "I'll send this money back to Xiao Mei. Let me tell you. The settlement fee for this matter is two hundred and fifty thousand yuan. Be it me or Xiao Mei, we have no obligation to fork out money for Yunfa! I did fork out money, but that was a loan. He has to return it. There's no way he can go back on his word! It's already good enough that I ran around for him without asking for money, but he still wants us to fork out money for him? Dream on!"

Without waiting for the old man to speak, Wang Yunzhong strode out of the house!

When the old lady heard the voice, she came down from upstairs. She didn't see Wang Yunzhong, but she saw the old man standing there with an ugly expression. She couldn't help but ask with a strange expression, "I heard Yunzhong speak just now. Where is he?"

The old man snorted and sat down. Without looking up, he said, "He went to deliver money to Xiao Mei!"

Chapter 1269 Creating Trouble for Her

"Deliver money?"

The old lady rushed down the stairs and looked at the empty coffee table. The one hundred thousand yuan in cash that was piled there was gone!

The old lady widened her eyes and looked at the old man anxiously. "What is he doing? Didn't we agree to split it equally?!"

After being scolded by Wang Yunzhong, the old man was also extremely upset. How could he have the mood to explain to the old lady? He couldn't help but say impatiently, "Oh, don't interfere in this matter. Yunzhong has his plans!"

Seeing that the old man was unwilling to say anything, the old lady became even more anxious. She immediately put on her slippers and chased after him, but she only saw the tail light of Wang Yunzhong's Mercedes-Benz car!

It was already eight in the evening. Yaochi Club was preparing for the night's opening. As soon as Wang Yunmei arrived at the office, her assistant came in with a pile of documents!

"Manager Wang!" The assistant called out. Then, she walked to the desk and said, "This is the club's report for this month, as well as the breakdown of all the club's revenue output and the summary of the various departments in the second half of this year."

"They're all here?" Wang Yunmei asked gently.

The assistant nodded. "They're all here. The details of the drinks department are more complicated, but they also submitted it within the stipulated time. They even simplified the report so that it's easier for you to review it!"

When Wang Yunmei heard this, she couldn't help but smile and nod gently. "It's been hard on everyone. Later, inform the various departments. It's almost the end of the year. Our Yaochi will hold an employee team bonding session. Let's set it at the afternoon of Monday, the twenty-ninth. Inform the managers of the various departments in advance to let me know the number of attendees!"

Because Yaochi was a club, other than Wang Yunmei, the club's leader, and the second-in-command, the vice president, who belonged to the Ji Group, the various department managers and low-level employees only belonged to Yaochi. Therefore, they could not take part in the Ji Group's annual meeting.

Because of the nature of the club's operations, there had never been an annual meeting activity in the past. Therefore, Wang Yunmei thought she could organize an employee team bonding session at the end of the year. When the time came, everyone could gather for a gathering to play games and draw the lottery. It would also be lively!

The assistant nodded. "Alright, Manager Wang. I'll inform them now."

After the assistant left, Wang Yunmei focused on looking through these documents.

Originally, the reports for that month had to be tabulated and reviewed at the beginning of the next month. However, because this was the last month at the end of the year and involved the club statistics for the second half of the year, the reports for the last month had to be submitted for review in advance.

Ever since Wang Yunmei took over this year, Yaochi's business situation had been increasing every month. First, it was a high-end club and it was the first choice for the upper class to have fun.

Second, it was also because of Wang Yunmei, the general manager. Many customers were very sticky with Wang Yunmei. Most of them often came to Yaochi to have fun because of Wang Yunmei.

However, if she wanted to complete the review of this thick stack of documents with no mistakes, she would probably have to work overtime tonight!

Because Wang Yunmei knew she could not be negligent about this matter. After she handled it, they would send the final report to the Ji Group's headquarters!

Wang Yunzhong knew that Wang Yunmei was already at work, so he didn't go to Wang Yunzhi's house to look for her. Instead, he drove straight to Yaochi.

"Welcome. Hello, Sir. Do you have an appointment?"

As soon as Wang Yunzhong entered because he was still wearing his work suit, it was obvious that he was an elite in the business world. Therefore, the receptionist went forward to welcome him warmly.

When Wang Yunzhong heard this, he said, "Ah, I'm here to look for someone!"

“Alright, Sir. Which private room has the customer you’re looking for? I can take you there.” The receptionist asked with a smile.

“No, I’m looking for your Manager Wang. I’m her brother!” Wang Yunzhong quickly explained his intentions.

The receptionist was stunned for a moment before coming back to her senses and nodding. “Alright, Mr. Wang, please wait in the rest area at the side. I’ll inform our lobby manager first and let the lobby manager inform Manager Wang for you, okay?!”

The procedure was clear because the receptionist naturally couldn’t look for Wang Yunmei directly.

Wang Yunzhong nodded. “Alright, thank you. Sorry to trouble you!”

He walked to the sofa in the rest area and sat down. In the next second, a waiter in the hall served black tea and fruits. The service was excellent.

Wang Yunzhong had been to Yaochi once, but it was many years ago. At that time, Yaochi Club had just opened for business, but it was already famous among the upper-class society.

It was not like the harsh membership system in Shuiyun Club. Yaochi welcomed everyone to spend. The only condition was that as long as they had money!

It was also because of this condition that most people were rejected. Even Wang Yunzhong, who was a millionaire a few years ago, had only visited once.

He knew very well what the consumption level was in Yaochi. A few years ago, it was already not something he could withstand. Now, it would probably be even higher.

At least tens of thousands of yuan or even millions of yuan were spent on each trip. The reason was that the Ji Group’s club targeted upper-class people. The extravagance of the upper-class people was not something ordinary people could imagine!

At this moment, he was sitting in the rest area and looking around Yaochi’s dazzling hall. It did not change from the Yaochi in his impression, but it still looked brand new. It was as dazzling as when Yaochi first opened.

Even though Wang Yunzhong had already become a big boss with a net worth of tens of millions of yuan, he still didn’t have much confidence sitting there.

As time passed, his sister, whom he initially looked down on the most, became the general manager with the highest authority here!

When Wang Yunmei learned her brother was here, she subconsciously thought of Wang Yunzhong. She looked at the pile of documents in front of her and couldn’t help but sigh. She thought to herself that he had caused trouble for her.

However, she was helpless. Since she knew, she definitely wouldn’t leave Wang Yunzhong alone. She could only stop what she was doing and come down from the office on the top floor.

As soon as she reached the hall, Wang Yunzhong, who had been waiting for a long time, saw Wang Yunmei in a professional outfit. He stood up and was about to go forward when a customer who had come to Yaochi to have a fun beat him to it!

“Oh, Manager Wang, long time no see!”

The person who greeted her was a successful female boss. Her surname was Guo, and she specialized in the clothing industry. Her brand was very famous in the country and she was a regular customer of Yaochi.

“Manager Guo! It’s been a while since you’ve been here. How have you been? Are you busy?” Wang Yunmei immediately remembered the other party’s surname. This was also one of her strengths. After all, there were thousands of customers who came to Yaochi. It was not easy to remember the other party’s surname.

However, Wang Yunmei could. As long as she came two or three times and chatted with her, she would remember!

Chapter 1270 Wang Yunmei’s Network

Manager Guo pulled Wang Yunmei’s hand affectionately and nodded repeatedly. “I’m busy. I’m so busy that my feet can’t keep up with my buttocks. The company is preparing to go public next year, so I have to do many things myself. I only have a few days left at the end of the year, so I quickly came out to have a gathering with my friends.”

As soon as she finished speaking, she stuffed a handbag in her hand into Wang Yunmei’s hands and said, “Didn’t I tell you last time that the company’s high heels brand released a new product? I’ll give you a pair. I brought them for you. It’s a size 38, right?!”

Seeing this, Wang Yunmei couldn’t help but be shocked. She suddenly remembered that the last time Manager Guo came to the club for a drink, she sent her off personally before she left. She warmly held her arm then. She had told her she would give her a pair of the company’s new high heels the next time she came over.

Because Manager Guo was a frequent customer, Wang Yunmei would give her something in the private room every time. Sometimes, when Manager Guo spent more, Wang Yunmei would give her an expensive bottle of wine. Because Wang Yunmei was the general manager of Yaochi and had all the authority, she could give it to her!

After going back and forth, she had indeed established a friendship with Manager Guo. The two of them were both career women, and Manager Guo also admired Wang Yunmei.

However, the reason Wang Yunmei was surprised was that when Manager Guo said this last time, she was already very drunk. She even needed her and the other party’s friend to help her walk.

She initially thought it was just a drunken sentence, so Wang Yunmei didn’t take it to heart. She didn’t expect that the drunk Manager Guo would remember her words.

Or did the other party’s friend mention it to her?

However, no matter what, Wang Yunmei was still a little touched. "Oh, Manager Guo, you still remember. I almost forgot about this."

"How can I forget? Do you think I can't remember after drinking too much?" Manager Guo smiled and said, "Let me tell you that unless I have blackouts, I remember what I said clearly."

As she spoke, Manager Guo patted the shoes and said, "It's red. It's a popular color for our season's main style. The market is completely out of stock now. Others can't buy it!"

"Thank you, Manager Guo. Look at you. I'm embarrassed!" Wang Yunmei said with a smile, but she didn't refuse Manager Guo's gift because it was specially given to her.

"What's there to be embarrassed about? Part of the reason I'm willing to come to Yaochi is that I can talk to you. You always send things to my private room. We'll return the favor and treat each other as friends. Don't you think so?!" Manager Guo said.

Wang Yunmei quickly nodded. "It's my honor that Manager Guo is willing to be my friend. In the future, call me Xiao Mei."

Manager Guo smiled when she heard that. "Alright, I'm a few years older than you, so call me Sister Guo. Xiao Mei, I'll go in first. My friends are waiting for me. When you're free later, come to my private room for a drink!"

"Alright, Sister Guo. I'll get someone to send something over later. Then, I'll give you the best discount for today's expenses," Wang Yunmei said.

Wang Yunzhong had been watching Wang Yunmei from afar. He watched as she chatted with the customers who came to Yaochi. The other party even specially brought her a gift.

Although he didn't know Manager Guo, Wang Yunzhong knew that since she was so familiar with Wang Yunmei, she must be a regular at Yaochi. A regular at Yaochi meant that she was very rich, much richer than Wang Yunzhong!

After greeting Manager Guo, Wang Yunmei heaved a sigh of relief. She looked up at the resting area in the distance and saw Wang Yunzhong waving at her.

However, before she could take two steps, the next customer to enter Yaochi was Wang Yunmei's regular customer.

"Manager Wang, don't move. I'll catch you!"

The person who came was Gao Boyong, the chairman of Baiyun City's communication industry big shot, Gao Tong Group!

Gao Boyong was over forty years old, but he was exceptionally young. He was humorous and did not have the imposing manner of ordinary successful people. He often said some jokes to ease the atmosphere.

Wang Yunmei and Gao Boyong had known each other for many years. From the time she was an escort in her twenties, Gao Boyong was her regular customer. Moreover, he often helped Wang Yunmei drink. Gao Boyong had a family and came to Yaochi purely to have fun. He had done nothing overboard or

hinted at something ambiguous towards Wang Yunmei, so Wang Yunmei's impression of Gao Boyong had always been good!

Most importantly, when the two of them chatted a while ago, they accidentally realized that their children were studying in Erzhong and were classmates!

Gao Boyong's son was one of Jian Ai's best friends, Gao Yang!

The father and son's personalities were vastly different. She didn't know why a funny person like Gao Boyong would have a son who was like an adult. Jian Ai would probably be shocked if she knew.

Seeing Gao Boyong walk over, the smile on Wang Yunmei's face became more genuine. This was because she had known him for too many years. If she had just become friends with Manager Guo, then facing Gao Boyong now, Wang Yunmei had long treated him as a friend.

Gao Boyong was the same!

"What do you mean by catching me? I go to work punctually every day!" As soon as she opened her mouth, Wang Yunmei's tone towards Gao Boyong differed from others. It was obvious that only a close friend would say this!

"Whenever I look for you, Xiao Liu said that you were in the office upstairs. I couldn't bear to disturb you, right?!" Gao Boyong walked forward and looked at Wang Yunmei. He smiled and said, "It might be because of distance. It's been a while since we last met. I feel that you're young and beautiful again!"

If anyone else said this, they might let their imaginations run wild. However, when Gao Boyong said it, Wang Yunmei didn't think it was frivolous at all.

Because she knew him too well and knew his character, Wang Yunmei only smiled. "I'll disappear for a while longer. Praise me again next time!"

"Let's talk about it next time. You can't escape alcohol tonight!" Gao Boyong smiled.

If it were anyone else, Wang Yunmei wouldn't be able to refuse. However, Gao Boyong didn't have any taboos. She immediately said, "I'm really busy today. A pile of documents is waiting for me upstairs!"

Gao Boyong raised his eyebrows. Wang Yunmei knew him, and he also knew Wang Yunmei. He knew Wang Yunmei wasn't lying, so he could only nod. "Alright, I won't cause trouble for you. Next week, a customer of mine will come to Baiyun. I'll come again. When the time comes, let's have a drink together!"

"Of course. Go in quickly. My brother has been waiting for me for a long time! Isn't it the same private room? I'll send a bottle of wine over later!" Wang Yunmei said casually.

Gao Boyong pressed the tip of his tongue against the roof of his mouth and made a crisp sound. He said to Wang Yunmei, "After they promoted you to a manager, I benefited a lot!"

"Don't stand on ceremony with me. We've been friends for over ten years. This is what I should do!" Wang Yunmei smiled.
