

At School 1369

Chapter 1369 Red Carpet (2)

As soon as he finished speaking, Wang Mingxiao looked at Jian Yiyi affectionately. His gaze were too obvious. In front of these experienced entertainment reporters, it was impossible to fake it. Anyone with discerning eyes could tell at a glance that Wang Mingxiao was interested in Jian Yiyi.

Jian Yiyi pretended not to know. When she heard this, she only smiled and shook her head. Then, she said to the reporters, "Don't listen to his nonsense. I've never thought about winning an award. Of course, if I can win it, I'll be very happy and cherish it. After all, it's an affirmation of my acting skills. However, I won't be discouraged if I can't win it. Afterall, 'Interweaving Night' is my debut work. There must be something immature and lacking. I'll continue to work hard!"

It was an extremely standard line, but Jian Yiyi's words made others feel she was very sincere. After all, what bad intentions could a seventeen-year-old girl have?

"Yiyi, other than the best supporting actress, they also nominated you and Xia Qinghuan for this Star Award for the Best Newcomer Award at the same time. This award can only be nominated once in your life? Xia Qinghuan has already won the Galaxy Award's Best Newcomer Award and Best Actress Award. Moreover, you're classmates. Are you confident in competing with Xia Qinghuan this time?"

An entertainment reporter hit the nail on the head and found the best question. In the entertainment circle, being compared was the best way to cause a heated discussion.

Xia Qinghuan and Jian Yiyi were the hottest stars in the past year. No matter what occasion they appeared, they would inevitably be compared.

However, Xia Qinghuan's achievements this year were not something Jian Yiyi could reach.

Be it commercial endorsements or awards, Xia Qinghuan could be said to be outstanding. No one among the newcomers in the same batch could compare to her.

Therefore, this entertainment reporter's question would more or less embarrass Jian Yiyi because even she knew that the Best Newcomer Award from the Star Award should belong to Xia Qinghuan!

After all, Xia Qinghuan had already won the Best Newcomer Award and Best Actress Award from the Galaxy Award, which was also one of the three grand awards. However, Jian Yiyi did not even get nominated for the Galaxy Award.

It was also unexpected for her to be nominated for the Star Award this time. Being nominated already made her ecstatic. As for whether she could win the award, Jian Yiyi knew very well that there was not much possibility.

However, although she was clear, Jian Yiyi had always been unconvinced by Xia Qinghuan. Even if Xia Qinghuan's development was better than hers, Jian Yiyi believed that it wouldn't be long before she could surpass her.

She couldn't help but smile innocently and say humbly, "It's already a pleasant surprise that I'm nominated for the Best Newcomer Award. I really didn't expect to win this award. Moreover, I can only

be nominated once in my life. It's naturally a pity that I can't win it, but I'm very open-minded. I'll keep looking forward to it. After all, everyone is so outstanding!"

Her words were quite standard. She did not belittle herself, but it also reflected her neither arrogant nor rash personality, making all the entertainment reporters present nod.

Wang Mingxiao was overjoyed. As expected of the person he couldn't forget. He had been in the industry for more than a year, but Yiyi was still as beautiful as when they first met.

At this moment, an extremely crazy cheer suddenly broke out on the red carpet, scaring everyone in the interview area.

"Xia Qinghuan is here!"

Someone shouted, and the entertainment reporters present stood on their tiptoes and craned their necks to look into the distance. The microphones gathered in front of Jian Yiyi were gone, making them feel embarrassed.

Jian Yiyi's expression froze, but she quickly adjusted. The host also went forward to inform Jian Yiyi and Wang Mingxiao that they could enter the venue!

On the other side, the door of the black luxury car opened. The first person to walk into the public eye was a handsome and tall A-list celebrity, Lu Xiao.

Lu Xiao once acted as the male lead in "There Will Be an Angel Who Loves You on My Behalf." He played a couple with Yun Buyao in the drama and was also Xia Qinghuan's brother.

It was also because of his collaboration with Yun Buyao that Lu Xiao, who was already a popular celebrity, improved his career. Among the male celebrities in the Chinese entertainment circle, his status was transcendent, and he was already one of the top!

The fans at the scene were as passionate as fire. Compared to Jian Yiyi and Wang Mingxiao's popularity just now, Lu Xiao's appearance was obvious!

Faced with the fans' crazy shouts, Lu Xiao was already used to it. He first waved at the fans with a handsome smile before turning around and pulling his red carpet partner out!

She was wearing a long, aqua blue evening gown that covered the ground. The material of the gauze was cleverly used. The design of the shoulder and girdle revealed her well-developed and impressive figure. On the gauzy dress, there seemed to be a faint starlight flashing. Under the spotlight, it was as dazzling as the Milky Way and beautiful!

"Xia Qinghuan! Ah!"

"Damn, she's too beautiful. She's a fairy, right?!"

"Oh my, Xia Qinghuan, kill me. I don't want to live anymore!"

"Xia Qinghuan!!!"

The fans screamed and shouted, releasing their love and support for Xia Qinghuan. The security guards at the scene sent more people to where Xia Qinghuan and Lu Xiao's fans were and tried their best to

secure the guardrails. Otherwise, they were afraid that the fans would be too agitated and break through the guardrails!

Xia Qinghuan waved her hand slightly, causing the fans to scream wildly.

Stepping onto the red carpet, photographers from various entertainment channels and magazines started pressing the shutter crazily. Flashbulbs rose and fell, and the voices calling for the two of them were endless.

Logically speaking, although Xia Qinghuan was the hottest new star this year, as a newcomer who had just entered the industry, her status was not enough to walk the red carpet with Lu Xiao.

However, Lu Xiao's team still accepted this result because of Rose Entertainment, which was behind Xia Qinghuan!

Lu Xiao's team was concerned about the opportunity to collaborate with Rose Entertainment in the future. After all, Yun Buyao was Rose Entertainment's number one artist, and they could not afford to offend her.

Moreover, Xia Qinghuan was a newcomer supported by Rose Entertainment. From the resources for the past year, it was not difficult to tell how much importance the company placed on Xia Qinghuan. If Lu Xiao could show his kindness at this time, he might be able to collaborate with Rose Entertainment in the future or even Yun Buyao again!

Lu Xiao had tasted the sweetness of collaborating with Yun Buyao. No one could refuse a second time!

This was not the first time she had walked the red carpet. Xia Qinghuan was already familiar with it. In the beginning, she did not like it, but now, she was used to it.

She could not do whatever she wanted as she had thought back then. There were some things that she had to do and could not refuse.

For example, Xia Qinghuan roughly estimated that she had walked the red carpet more than twenty times in just a year!

Fortunately, these things were not something she hated. Sometimes, after the red carpet photos were released, the photographers would take exceptionally beautiful photos of her. They could make her happy for a few days!
