

## At School 1446

### Chapter 1446 I Can See It!

Jian Ai subconsciously frowned.

It was already yesterday that she asked Ji Haoyu to retrieve the surveillance footage. Why was he not back yet?

He was always efficient, so there could only be one reason, which was that there were unnecessary troubles in the middle.

Taking out her phone, there were indeed a few missed calls. Ji Haoyu had called her a few times yesterday. Because Jian Ai was casting a spell, she did not hear him. Ji Haoyu called Wang Yunzhi, who told him about the situation in the hospital and what had happened. Knowing that Bai Zhou was here, Ji Haoyu was relieved and did not disturb Jian Ai anymore. He focused on handling the things she had instructed him to do.

!!

Jian Ai didn't know this.

She quickly called back. The phone only rang once before it was picked up. Jian Ai quickly said, "Haoyu, where are you?"

"I'll be at the hospital soon," Ji Haoyu said. "Let's talk when we meet."

Jian Ai hung up.

Not long after, Ji Haoyu arrived. Behind him was a refined man wearing glasses. It was Yuan Ye. He was one of Ji Haoyu's few close friends and could be considered his capable assistant.

Yuan Ye was following Ji Haoyu with a laptop in his hand. When he saw Jian Ai, he nodded slightly as a form of greeting. His personality was like this, and Jian Ai had already seen him a few times.

“What happened? Why are you only back now?” Jian Ai looked at Ji Haoyu and asked.

Ji Haoyu’s expression turned slightly cold as he said, “We lost all the surveillance footage at the scene. I looked for Yuan Ye, who spent a day before recovering them.”

Jian Ai’s expression instantly turned cold. “Someone deliberately erased the surveillance footage, which indirectly confirmed my thoughts!”

This accident was not an accident!

Ji Haoyu nodded.

Jian Ai quickly asked, “Where’s the truck driver?”

“He’s dead!” Ji Haoyu said truthfully, “He died inside. He suddenly had a heart attack in the interrogation room.”

How suspicious!

Jian Ai’s expression was cold. Who was it who did not hesitate to sacrifice a life to control this man-made accident just to harm her mother’s and brother’s lives?!

The surveillance footage had been erased, and the perpetrator was dead. There was no way to prove anything. If the traffic accident succeeded, and they spared no one on either side, wouldn’t that be flawless?

What a good plan!

“Let’s look at the surveillance footage first!” Ji Haoyu said.

Jian Ai took a deep breath and told herself to calm down. She had already guessed this result and expected it.

Yuan Ye turned on his computer and pulled up the recovered surveillance footage. Everyone surrounded him, trying to observe a trace of a clue from the footage.

In this era, the surveillance cameras on the road were not clear. They could only vaguely see the road conditions and the cars driving. The time displayed on the surveillance cameras was the ninth of April.

Jian Ai stared at this day and felt it was familiar.

Before she could think too much, her mother's Mercedes-Benz car appeared on the screen. At the same time, the heavy sand truck appeared. In almost a few seconds, the sand truck suddenly flipped sideways, and her mother's car was instantly swallowed by fine sand.

The ninth of April!

The truck flipped sideways!

She died on the spot!

Jian Ai shivered and instantly had goosebumps.

In her previous life, the time of her death was also the ninth of April. Similarly, on the way to sign a contract with a customer, while the car was driving, a running truck suddenly turned sideways. Then, she was reborn!

The same day and the same method. They were surprisingly consistent.

Was it a coincidence?

Jian Ai was afraid, but she couldn't think of anything. Her head was instantly blocked, and she couldn't think.

Why did all of this happen? Who did it?!

Jian Ai secretly clenched her fists. Unknowingly, her two lives seemed to have been connected. A pair of dark hands were slowly reaching out to her and her family.

If what she thought was true, then her death in her previous life and her brother's unfortunate death from falling from a high altitude at the construction site was no longer an accident.

In her previous life and this lifetime, there was a person who wanted them to die. This person had always been in the dark, leaving her no room to fantasize or doubt.

She had to find out.

"Fortunately, Mom drove a four-seater car that day. Brother was sitting in the backseat. If she had driven that Ferrari sports car, the consequences would have been unimaginable," Ji Haoyu couldn't help but say with lingering fear when he saw the surveillance cameras.

The Ferrari sports car was a two-seater, so one of them had to sit in the front passenger seat. The front passenger seat at the scene was crushed into a discus on the spot. If someone was sitting there, there was no chance of survival.

"What should we do next?" Bai Zhou asked. "We can't tell anything from the surveillance cameras. The truck driver is dead. We don't even have a place to check."

Things had reached a deadlock, and Jian Ai had no idea. Everything stopped.

"Who said there were no clues to investigate?"

At this moment, a voice suddenly sounded behind them. Everyone turned around and saw Yun Buyao appearing in the hospital corridor with an enchanting smile. She was slowly walking towards them.

Seeing this, everyone's expressions softened slightly. If Yun Buyao took action, there might be hope of finding clues.

"I quickly settled my work when I received the news. I'm not late, right?" Yun Buyao came forward and raised her eyebrows at them.

Bai Zhou beat her to it. "No, no. We were just worried that we had lost the clues. Do you have a way?"

Jian Ai also looked at Yun Buyao, hoping to hear good news from her.

Yun Buyao smiled and said softly, "I heard what you said just now. Didn't you suspect that this accident was man-made? I'm most proficient in human psychology. If this accident was man-made, the person who caused it would have appeared at the scene. He would only leave after seeing the accident with his own eyes and achieving the effect he wanted."

When everyone heard this, they couldn't help but nod secretly. They felt she was right. If they controlled all of this, they would hide in a corner of the scene and only leave after seeing everything.

"But the surveillance cameras can only capture these scenes. They can't capture the people on the street beside the road," Bai Zhou said.

The surveillance cameras in this era had not reached the level of Skynet. The coverage area was far from enough compared to the future. It was already not bad that they could film every street.

...

Unexpectedly, Yun Buyao smiled enchantingly and raised her eyebrows smugly. "I can see what the surveillance cameras can't capture!"

"You can see it?" Jian Ai was shocked and subconsciously asked, "How do you do that?"

Yun Buyao pointed at her eyes. “Of course, I see it with my eyes!”

The matter of the ancient sect was still a secret. At least, Ji Haoyu did not know yet, so Yun Buyao did not explain in detail, but Jian Ai already understood.

The power of the Spiritual Art was not as simple as it looked. Yun Buyao had long cultivated it to perfection and had already grasped the highest level of mental cultivation techniques.

Jian Ai looked at Yun Buyao and suddenly smiled. As expected, she still had some powerful things she had never seen before.

1447 I Found Him

That night, at two in the morning, the scene fell silent. Occasionally, a car would pass by.

Jian Ai and the rest arrived together. Yun Buyao looked around. Fortunately, the area involved was not significant, so she should be able to hold on until she had seen all the details.

“The exact time?” Yun Buyao asked Jian Ai.

Jian Ai said, “The ninth of April, six minutes past eleven in the morning.”

!!

Yun Buyao nodded and stood at the scene. Gradually, her eyes changed from black and white to jade green.

The most advanced Spiritual Art—Time Reversal!

The world in front of Jian Ai and the rest did not change, but at this moment, the world in Yun Buyao’s eyes was spinning. The night turned back to dusk and then back to noon. In the end, it stopped at six minutes past eleven in the morning!

On the bustling street, there was an endless stream of cars and pedestrians. All the surrounding businesses were open. Yun Buyao saw everything that had happened yesterday.

She observed every pedestrian, every person in the shops, and even every newspaper stand, trying to find the suspicious one.

The car accident in the surveillance cameras played out in Yun Buyao's eyes again. Yun Buyao slowly moved her gaze and looked at every window on the second, third, and even higher floors of all the shops.

Jian Ai and Bai Zhou quietly observed Yun Buyao's movements. They did not know what Yun Buyao had seen, but at this moment, Yun Buyao's face gradually turned pale, and her lips gradually lost their redness.

"What happened to her?" Bai Zhou asked worriedly.

Jian Ai frowned. "It seems that this Spiritual Art is too powerful, and she needs to release a large amount of spiritual energy to support it. She consumed too much energy."

This was Jian Ai's guess based on her experience as a cultivator. This was only one reason. The more important one was that the reversal of time allowed the world in her eyes to reverse time and see what had happened.

The passage of time was a natural law, and Yun Buyao's move was undoubtedly contending with nature. This was an action that went against the heavens. It was also extremely harmful to her body.

However, this concerned the safety of the Sect Master's family and even the Sect Master's safety. As one of the twelve guards, Yun Buyao had no complaints and was duty-bound.

"I see it!"

Yun Buyao suddenly spoke. She saw a coffee shop on the left side of the street called 'Hut in the Clouds.' A suspicious man was sitting by the window. He only stood up and left after the ambulance pulled the injured away.

Moreover, Yun Buyao could see his expression. He did not look like he was watching a show. Instead, he was expressionless the entire time.

When ordinary people saw such a car accident, they couldn't be completely indifferent unless they knew all this would happen.

It was this man!

Yun Buyao found him!

Jian Ai and the rest quickly surrounded her. The color of Yun Buyao's pupils gradually returned to normal. Before she could say anything, they saw a pained expression on her face. In the next second, she suddenly spat out a mouthful of blood.

"Yun Buyao!"

They exclaimed. Bai Zhou immediately reached out to support her, but Yun Buyao waved her hand and shook her head. "I'm fine. I just used up some energy."

As she spoke, Yun Buyao looked at Jian Ai. "It's at the coffee shop opposite. There's a man in black by the window on the second floor. He's in his thirties and is wearing a baseball cap."

Jian Ai turned around and saw only a coffee shop by the street called 'Hut in the Clouds.'

"I understand. It's been hard on you," Jian Ai said gratefully.

Yun Buyao smiled with a pale face. In the next second, she fainted in Bai Zhou's arms because of her weak stamina.

With this clue, Jian Ai immediately investigated. There were no surveillance cameras in the coffee shop, but there was a bank next door with surveillance cameras at the entrance. According to the time, she quickly locked onto the direction the man had left in.

At the same time, Ji Haoyu asked Yuan Ye to extract all the surveillance cameras around him based on this man's figure and investigate and track them individually.

However, because the surveillance cameras in this era were limited, they had to find the location of the same person from the intermittent surveillance footage. Yuan Ye mobilized all the computer experts around him to help.

The next night, Xiao Zhen and Zhi Tong returned!

"We're late?"

In the hospital, Xiao Zhen frowned.

Jian Ai nodded. "Miss Wasp already left at noon. She said she would greet you. Perhaps you didn't receive it on the plane."

Even a powerful doctor like Wasp spent a lot of effort to save Wang Yunmei and Jian Yu from death. Then, after observing their condition for a few hours, she left.

Xiao Zhen could only nod, but he was upset. He said to Jian Ai, "I'm sorry, Sect Master. I won't leave your side again."

Twice. It was twice. When the Sect Master needed him, he was not by her side to pledge loyalty. He deserved to die.

"Don't say that. You're not an accessory to me. It's just that this happened too suddenly. Moreover, without your recommendation, Miss Wasp might not have helped. In the end, it's all your credit," Jian Ai said.

Her mother and brother were still under observation in the intensive care unit. Although their lives were out of danger, they were still unconscious.

Uncle Wu, Wang Yunzhi, Jiang Chunfen, and the rest took turns taking care of them. Jian Ai was relieved. The most important thing for her now was to find the mastermind.

Soon, news came from Yuan Ye's side. They locked onto the last location of the suspect. It was a six-star hotel beside Baiyun City Train Station—Hotel M!

Wasn't this the hotel that had just opened under Jian Ai's group of companies?

"Find out which guest room this person is staying in on the ninth of April immediately. I want information on the customer!" Jian Ai immediately instructed the hotel manager.

He was staying in a hotel she had opened. Wasn't this making things easier for her?

Soon, Qiao Shuchen's name was sent to Jian Ai's phone, but there was no other information.

After all, they could not register their family backgrounds in a hotel.

Jian Ai looked at this unfamiliar name and only had these words in her mind: I don't know him at all!

Who was this person?

"He's the youngest son of the Qiao family in the capital."

The person who spoke was Yu Wuyuan. The Yu family could cover the sky in the capital, so they naturally interacted with some rich and powerful families. Qiao Shuchen was quite famous in the capital, so Yu Wuyuan naturally knew him.

"You know him?" Jian Ai asked.

Yu Wuyuan shook his head. "I've only heard of this person but have never come into contact with him."

...

Although the Qiao family was also a noble family in the capital, they were only ants in the face of the Yu family. They were not qualified to have connections with the Yu family.

#### Chapter 1448 Prevent Troubles in the Future

However, Yu Wuyuan was not completely sure that Qiao Shuchen was the youngest son of the Qiao family. He couldn't help but say, "Perhaps there's a possibility that they have the same name."

Jian Ai nodded because she did not know this person at all. In her previous life, she had never interacted with this person.

If this person did it, it was close to the mark, not far off. Someone was behind this. Otherwise, Jian Ai could not think of any other reason.

However, since they found this name, she couldn't give up on tracking, because this was the only lead now.

!!

"Yu Wuyuan, check on Qiao Shuchen. I want all the information on his family members. Anyone we can contact might lead to something else," Jian Ai said.

Yu Wuyuan nodded. This was naturally easy for him. "Give me half an hour."

The Yu family's status in the capital was outstanding, and they were at the top of the pyramid in the entire capital's circle. It was not an exaggeration for Yu Wuyuan to say that he had outstanding abilities in the capital. It was just a matter of moving his mouth to investigate a person.

Half an hour later, Yu Wuyuan returned with a dark expression. Jian Ai looked at his expression and knew that there was a discovery.

“How is it?” Jian Ai quickly asked.

Yu Wuyuan looked at Jian Ai and said coldly, “Qiao Shuchen’s sister is Qiao Shuyi.”

Qiao Shuyi?

Jian Ai was stunned. She seemed to have heard it before, but she couldn’t remember.

However, Yu Wuyuan’s following words stunned Jian Ai. Yu Wuyuan said in a low voice, “She’s Jian Changsheng’s wife.”

With this sentence, the confusion instantly cleared up. Everything was clear.

Qiao Shuyi!

That’s right. She remembered. She had seen this woman once. It was on Lin Yi’s birthday at the Jian Group’s hot spring resort hotel. At that time, the hotel villa caught fire, and they, a group of children, escaped death. The woman who came to pick Jian Yiyi up was Qiao Shuyi.

Jian Changsheng couldn’t have instigated Qiao Shuchen to do it. Although Jian Ai hated him, she knew he wasn’t such a crazy person and had no motive.

Qiao Shuyi must have instructed Qiao Shuchen. She knew about her mother, her brother, and her.

Could it be that she would kill others just because of this? Jian Ai couldn’t believe that a person could be so stubborn. Moreover, the person who did something wrong back then was Jian Changsheng. Their family’s life was tough, and now, they didn’t even have the right to survive?

The expression in Jian Ai’s eyes became even colder. Including in her previous life, her mother passed away because of terminal liver cancer.

However, later on, her brother was working at the construction site when a falling object hit him and he lost his life.

Then, a few years later, her truck also overturned, and she was reborn.

Jian Ai had to reevaluate all of this. Did Qiao Shuyi know in her previous life as well because Jian Changsheng didn't hide all of this? She and her brother were killed for no reason!

At this moment, Jian Ai was no longer suspicious, but completely certain.

In both her previous and current lives, Qiao Shuyi had never let their family off.

Ji Haoyu pondered quietly at the side. In the end, he stood up and left the room alone.

“Grandpa, my people found traces of the murderer. Xiao Ai got the answer. The mastermind is the wife of Jian Changsheng from the Jian Group, the Qiao family's daughter, and her brother in the capital.”

Ji Haoyu called Old Master Ji and told him the truth.

Old Master Ji naturally knew Jian Ai's relationship with Jian Changsheng, but he was shocked when he learned the truth.

After a long silence, Old Master Ji asked, “Haoyu, you mean...”

“I want the Jian Group and the Qiao family to disappear.” Ji Haoyu's tone was extremely calm as if he was talking about an extremely simple matter.

Old Master Ji was silent again. In the end, he only said, “Alright, it's to prevent troubles in the future.”

After hanging up, Ji Haoyu looked at the gloomy sky outside the window. No emotions could be seen on his handsome face.

In the room, Jian Ai digested all of this and asked, "Control him immediately."

"They're in Europe now. Their entire family is there," Yu Wuyuan said.

In just half an hour, they even found out where he was.

Jian Ai couldn't help but sneer. "What a good alibi. She naturally didn't prove it to the police because the matter was watertight. The police won't suspect anything."

"She proved it to Jian Changsheng. Something suddenly happened to Brother and Mother. Jian Changsheng is so smart. It's best if he doesn't suspect her. As long as he has a trace of suspicion, Qiao Shuyi won't be able to escape responsibility."

Therefore, their family went to Europe. When the accident happened, she was with Jian Changsheng and completely separated herself from all of this.

"Who's in Europe now?"

Jian Ai looked at Bai Zhou and asked.

Bai Zhou hesitated for a moment before saying, "Uncle Duo and Luan Qingyang are there."

Without hesitation, Jian Ai instructed, "Give them the exact address and let them make a trip."

When Bai Zhou heard this, he subconsciously asked, "You mean to kill her directly?"

"Otherwise? Keep her for the new year?" Jian Ai asked.

At this point, there was no room for negotiation. She could not avoid it in her previous life, but in this life, she had to get rid of this woman quickly. She did not want to say a word.

Bai Zhou quickly nodded. "I understand."

Two days later.

Latvia in Europe, a small country with prosperous land.

The entire family was excited about this trip, especially Jian Yiyi and Jian Yichen. Because the family had not traveled abroad together for a long time, Jian Yiyi especially rejected two popular advertisement contracts.

It was a private ranch, and they spent money to book this whole place. There were large grasslands and hillsides. Cows and alpacas walked everywhere. On a bright and sunny day, looking at nature far away from the noise of the city, indeed had the effect of purifying the soul.

Qiao Shuyi had long received news from her brother. Everything was going smoothly. Wang Yunmei and Jian Yu shouldn't be able to live.

The reason he was so certain was that he had seen everything before leaving. Even if both survived the crash, their injuries were too serious that they probably had no hope of survival.

As for Jian Ai, Qiao Shuchen was not in a hurry to take action. If something happened to Jian Ai soon, it would be easier to arouse Jian Changsheng's suspicion. She was just a female university student. It was safer to wait for two years before taking action.

...

Even the time was the same as in her previous life. On the day Jian Ai was reborn, two years had passed since Jian Yu passed away.

This time, Qiao Shuyi listened to her brother. Two out of three already died. This was already good news for her.

Looking at Jian Changsheng, Qiao Shuyi felt happy again.

Just as the family was bathing in the sunlight on the recliner in the ranch, two people were walking towards them from afar.

## Chapter 1449 Unveiling

“Mom, someone’s here!”

Jian Yiyi noticed the two people in the distance walking towards them. She couldn’t help but stand up and look over.

The others stood up one after another. Jian Yichen frowned and said, “Didn’t we book this place?”

They had booked the entire ranch for a week, and it was expensive. The owner of the ranch provided them with enough ingredients and left. They stayed here for a few days and were never disturbed.

!!

Therefore, they were also surprised. Jian Changsheng said, “They might be here to ask for directions. It’s fine. I’ll go look.”

Jian Changsheng went forward.

When he got closer, he saw the two people’s appearances. One was an Asian-looking man, and the other was a blond European.

It was Duo and Luan Qingyang from the twelve guards.

“What’s the matter?”

Jian Changsheng asked in English with a polite attitude.

Dressed in a black Chinese tunic suit, Duo was expressionless. He only glanced at Jian Changsheng before looking past him and at Qiao Shuyi behind him.

With just a look, he recognized the target.

As a European, most Asians looked the same in his eyes, so Luan Qingyang subconsciously took out the photos and compared them. Only then did he confirm that the woman standing not far away was the person the sect master wanted to take care of.

Seeing that they both ignored him, Jian Changsheng felt it was rude. He subconsciously frowned and said, "This is a private ranch. If there's nothing else, please leave."

"Of course there's something," Duo said slowly in Chinese.

Before Jian Changsheng could be shocked, an inexplicable force suddenly shook him off. He flew backward and fell heavily on the soft lawn.

"Dad!"

Jian Yiyi and Jian Yichen exclaimed at the same time and ran forward.

Qiao Shuyi also wanted to go over and check on Jian Changsheng worriedly, but she realized she couldn't move.

A powerful force imprisoned her on the spot. It was as if she was nailed to the ground and could not even raise her feet.

"Husband! Husband!"

Qiao Shuyi screamed in panic. Her body subconsciously twisted as if she wanted to break free from the invisible restraint.

However, her action looked strange because, in the eyes of others, they could not see the power that bound her. They only saw her twisting in horror.

Jian Changsheng endured his actions and stood up. He looked at Qiao Shuyi and couldn't help but widen his eyes in shock. At this moment, Duo and Luan Qingyang were walking toward Qiao Shuyi.

Seeing this, Jian Changsheng wanted to rush forward, but before he could move, black smoke suddenly rose from under his feet. The smoke gradually formed a circle and surrounded Jian Changsheng, Jian Yiyi, and Jian Yichen.

Then, Duo clenched his fists slightly. The smoke instantly locked the three of them together.

This strange ability frightened Jian Yichen so much that he couldn't say a word. Jian Yiyi was so frightened that she cried. Even Jian Changsheng, an adult, couldn't believe everything he had experienced.

What was this? Was it a superpower?

"Who are you? What do you want?!" Jian Changsheng was no longer as refined as before because he could feel that the other party's target was his wife. The danger was descending on her step by step. He couldn't help but roar, "Don't hurt her. I beg you. You can have anything you want. Please don't hurt her!"

Qiao Shuyi's eyes widened, and tears fell from them. Her eyes were filled with fear of an unknown power.

In her eyes, she could not even tell if the two people in front of her were humans or ghosts.

Duo was not in a hurry to attack because the Sect Master had other instructions.

Jian Ai wanted Jian Changsheng to see this woman's true colors.

Duo looked at Qiao Shuyi expressionlessly and slowly said, "Are you happy?"

Qiao Shuyi's pale lips trembled, and her legs went weak. If not for the power restraining her, she would have sat on the ground.

Hearing this, she could only ask with a trembling voice, “What do you want... Money... I have money... I can give you as much as you want...”

Qiao Shuyi no longer had the mood to calmly think about what Duo had asked.

Was she happy? Should she be happy? What should she be happy about?

Qiao Shuyi did not understand.

However, Duo continued, “Let me ask you. Will you be happy if Wang Yunmei and Jian Yu were dead?”

Qiao Shuyi was instantly petrified on the spot. She was stunned as if lightning had struck her.

At the same time, Jian Changsheng’s eyes widened in shock. He couldn’t believe what he had heard. He couldn’t believe it!

“You... what did you say...” Jian Changsheng muttered and looked at Duo. “What did you say just now? What happened to Meizi and Xiao Yu? What happened to them?!”

In the end, Jian Changsheng almost lost his composure and roared with grief.

Luan Qingyang looked at the emotional and sad man and said coldly, “They’re dead. This woman in front of you premeditated their deaths!”

This was Jian Ai’s goal. She wanted to fabricate the ending Qiao Shuyi wanted. However, this ending was laid bare in front of Jian Changsheng. What would he do?

Jian Changsheng’s eyes were red, and his heart was a mess. He looked at Qiao Shuyi and saw that she was also looking at him with tears streaming down her face.

Was she regretful or upset that Jian Changsheng knew all of this?

“Are they telling the truth?” Jian Changsheng muttered and asked Qiao Shuyi.

However, Qiao Shuyi could only cry silently. She was so perfect in Jian Changsheng’s eyes. She couldn’t admit all of this in front of him.

However, her silent acquiescence still pierced Jian Changsheng’s heart. He shook his head with red eyes. The way he looked at Qiao Shuyi was so unfamiliar. It was as if this was the first time he had known his beloved wife, whom he had slept with for over ten years.

“Why?” Jian Changsheng couldn’t believe it. He asked at the top of his lungs, “Why?!”

“I’m the one who did something wrong. Why? Why?!”

Jian Changsheng had never lost his composure in his life.

...

Jian Yiyi was so frightened that she cried. She didn’t understand what happened, but she was afraid.

However, Jian Yichen reacted after being frightened. Jian Yu was dead?

What about Jian Ai?!

Thinking of Jian Ai, the endless power of fear instantly swallowed him like a vortex. Jian Yichen’s feet turned cold, and tears fell from his eyes.

He twisted his body agitatedly and looked at Duo and Luan Qingyang. He cried and asked, “Where’s Jian Ai? Where’s Jian Ai?! Did something happen to her? Tell me she’s still alive!”

Chapter 1450 Handled by the Law

Jian Yichen's words attracted Duo's attention. He turned his head to look.

The Sect Master had said that there was a boy in this group, and he was the only person they could not hurt.

It should be him.

"She's alright," Duo said faintly, and then said, "But she's in a bad mood."

As soon as Duo finished speaking, he turned to look at Qiao Shuyi and said, "You've underestimated the enemy's strength. You hurt someone you shouldn't have hurt. You should be prepared to receive retribution at any time."

Duo slowly raised his hand, and a ball of black fog condensed in it. It was the power of repose—the Cup of Transcendence!

A huge metal cup appeared above Qiao Shuyi's head. Black smoke curled around the cup, making it look extremely evil. Once trapped, it could turn the people inside into ashes in a few seconds.

Jian Yichen had just calmed down from the news that nothing had happened to Jian Ai. Seeing this scene, he couldn't help but get agitated again and shout, "No, no!"

However, Jian Changsheng looked at Qiao Shuyi with tears in his eyes. He didn't know how to plead for her. She had killed Meizi and Xiao Yu. All of this made Qiao Shuyi's image in his heart collapse.

If she couldn't pay with her life, how could he face Meizi and Xiao Yu? How could he face Xiao Ai?

It was him. He caused their deaths.

At this moment, Luan Qingyang's phone rang.

"It's the Sect Master."

Seeing the number, Luan Qingyang said to Duo.

Perhaps because the Sect Master had new instructions, Fallen casually retracted his divine power and gestured for Luan Qingyang to answer the call.

Jian Ai said something on the other end of the phone. Luan Qingyang looked at Jian Yichen and said silently, "I understand."

"What did the Sect Master mean?" Duo asked.

Luan Qingyang said, "Let her live first and bring her back to China."

Duo could only nod. Just a step later and this woman would have disappeared from this world.

Luan Qingyang waved his hand, and they suddenly inhaled a wave of fragrant pollen. In the next second, they fainted.

When she opened her eyes again, Qiao Shuyi appeared in an unfamiliar place.

There were four concrete walls, and there was not even a window. There was only a dark yellow light on the roof of the shed that was glowing. It was very humid, and there was an unpleasant moldy smell floating around.

Jian Changsheng, her son, and her daughter were no longer around her. She was alone, tied to a wooden chair.

Qiao Shuyi's eyes widened in horror. The unknown of time and her whereabouts turned into fear that surrounded her.

At this moment, the enormous iron door slowly opened, and many people appeared at the door.

Jian Ai, Bai Zhou, Yu Wuyuan, Yun Buyao, and the rest were all there. Everyone entered the secret room together, and the door was closed.

Looking at these people, Qiao Shuyi shrunk back at a loss. She subconsciously wanted to retreat, but she was fixed on the chair and had no way out.

The Madam from a rich family was in such a sorry state now, like a frightened rabbit. However, who would have thought that her heart was so dark and vicious that she was not worthy of anyone's sympathy?

"Do you know why you're still alive?"

Jian Ai walked forward and asked Qiao Shuyi expressionlessly.

Seeing this woman, Jian Ai had no other emotions except hatred.

However, she suppressed her hatred for her for the time being because she did not want Qiao Shuyi to die like this. That would be too easy on her.

She wanted her to suffer so much pain that she wanted to die, just like the pain she had brought her in her previous life.

Qiao Shuyi recognized Jian Ai. At the Langxing Gala, they played a game. At that time, the two of them appeared on the same occasion. It turned out that Changsheng's daughter had already appeared beside him.

Qiao Shuyi shook her head. She did not expect such a girl, who looked to have just reached adulthood, to be so capable. The people standing around her did not look simple.

Just as the man who could use magic had said, she had underestimated others and angered people she shouldn't have.

"I don't want to kill Yichen's mother in front of him." Jian Ai looked at Qiao Shuyi and said coldly, "I'm not you, inhumane."

“But you will still die. You will atone for the crimes you have committed and pay the price.”

The word ‘death’ deeply agitated Qiao Shuyi. She whimpered and shook her head in fear, and her body twisted hard. Unfortunately, her mouth was gagged, and she didn’t even have a chance to beg for mercy.

She did not want to talk nonsense with her because, during the time they investigated Qiao Shuyi, Ji Haoyu had discovered something strange about some other murders. Qiao Shuyi’s hands were already covered in blood.

He gave Yun Buyao a look, showing that she could start.

Yun Buyao nodded and went forward to activate her Spiritual Art on Qiao Shuyi. Then, she tore off the tape on her mouth and asked her to explain everything in detail.

Han Wenjing’s death, Vivian’s death, and how her brother, Qiao Shuchen, helped her carry out all of this. Qiao Shuyi told them all the plans, times, and places.

Chi Yang recorded all of this with a camera.

Then, Zhi Tong transformed into two vengeful spirits identical to Han Wenjing and Vivian based on their photos when they were alive. These two vengeful spirits would pester Qiao Shuyi every night before she died!

“Copy a few copies of this video and send one to the Qiao family and one to the Jian family. Leave a copy for Jian Changsheng alone.”

Chi Yang nodded.

That night, a black van drove to the National Security Police Station in the capital. The van door opened at the entrance and threw two people covered in cloth bags out of the van, along with a videotape.

The van left after that. Seeing this, the police officer on duty at the door quickly came out to check the situation. Those two people were Qiao Shuyi and Qiao Shuchen.

As soon as the Qiao family received the video, they used all their connections to go to the National Security Police Station to get them out. They planned to save Qiao Shuyi and Qiao Shuchen.

They were also very shocked, but there was no time now. The most important thing now was to save them first. It was just a few lives. The Qiao family thought that with their family's strength and connections in the capital's circle, they could settle all of this.

However, the checkpoints that would usually be loosened as long as they appeared were all as firm as a rock now.

The Yu family had issued a death order that this matter had to be dealt with according to the law. What law was it? It was naturally not the law of the country, but the Yu family's law!

When the Jian family learned of this, the usually arrogant Old Master Jian instantly became a coward. The Yu family in the capital was not something the Jian family and the Qiao family could afford to offend. If they were in front of them, there would be no room for negotiation.

...

When Jian Changsheng saw the video, he learned that Qiao Shuyi had secretly killed so many people, and they were all women who had interacted with him.

Jian Changsheng was dumbfounded. He couldn't believe it.

Because he maintained a very polite distance from those women and had never crossed the line. He didn't even have the thought of rekindling his old feelings with Wang Yunmei.

All these years, he had loved Qiao Shuyi wholeheartedly. He only loved her!
