

At School 511

Chapter 511: She Lives Near the Martial Arts School With Me

Jian Ai was completely out of the situation. She might have understood his intention, but...

Only now did she know that there was another martial arts master in Longxing Martial Arts School!

She thought it was only the owner, Yang Jie!

Unfortunately, the first time they met, she bumped into her Uncle-Master leaving the martial arts school. She didn't even have the chance to formally greet him.

Moreover, Jian Ai knew why her master was so angry. Chen Shichao was her master's father's disciple. If he transferred to another martial arts school, it would be equivalent to betraying his master.

If this were in the past, it would be a taboo in the pugilistic world!

"Junior Sister, who are they?"

Compared to others, Li Mobai was relatively calm. In the past, there were over ten martial arts masters in Longxing Martial Arts School. Each martial arts master imparted different martial arts. However, over the years, Li Mobai had seen Uncle-Masters leave the school one after another. Now, even Uncle-Master Chen had left!

Although his heart fluctuated, he was already numb.

Jian Ai regained her senses and quickly answered, "These two are my classmates. They heard I was studying martial arts during the summer break, so they wanted to enter a martial arts school and learn as well. I brought them here."

Li Mobai nodded when he heard that. He looked at the main hall's door worriedly.

"Xiao Ai, come in!"

Yang Jie's voice suddenly traveled out, as if he had heard the conversation outside.

Jian Ai quickly gave Lin Yi and Gao Yang a look, and they followed Jian Ai into the front hall.

"Master." As soon as she entered, Jian Ai didn't ask about what had happened. Instead, she went straight to the point. "These two are my classmates in Erzong. They want to enter the martial arts school."

Yang Jie had already walked to the sofa and sat down. Hearing this, he couldn't help but look at Lin Yi and Gao Yang.

The two of them were already fifteen years old, and they were even taller than boys their age. From their physiques, it seemed that they often exercised.

Nodding, Yang Jie looked at Lin Yi and Gao Yang and said, "You've already passed the best time to build your foundation. If you practice martial arts now, it will be very tough."

This was a kind reminder because, from their clothes and temperament, it was not difficult for Yang Jie to tell that Lin Yi and Gao Yang were children of rich families. They probably had not suffered much since they were young.

“We’re not afraid of hard work,” Lin Yi said firmly.

As long as he could spend time with Jian Ai, suffering was nothing.

Gao Yang said nothing, but he wasn’t someone who would back down at the last minute.

Yang Jie only smiled and said nothing. After a while, he drawled, “How about this? I’ll allow you to learn at the martial arts school for a week. If you persist, you’ll officially enter the school. If you can’t, on account of Xiao Ai, I’ll treat it as giving you a free experience. I won’t charge you any school fees.”

After leaving the front hall, the others quickly surrounded them.

Jian Ai introduced the senior brothers and sister of the martial arts school to Lin Yi and Gao Yang before saying, “We do the horse stance at five in the morning every day, which means that you have to wake up at four in the morning. You have to be at the martial arts school before five in the morning. The master doesn’t like us to be late.”

“Wake up at four?” Lin Yi was stunned. It was obvious that he was frightened.

After the summer break, he slept until the sun shone on his buttocks before getting up. Now that he was entering the martial arts school, he had to wake up at four in the morning.

However, when he thought of Jian Ai, Lin Yi couldn’t help but ask, “What about you? Isn’t it even farther for you since you live in South City?”

“I have a place to stay, so you don’t have to worry!” Jian Ai smiled but didn’t mention that she was living nearby with Si Yuehan.

Otherwise, Lin Yi would think too much. Then, she would have to explain. It was too troublesome.

It was better not to say anything. Even if she exposed herself in the future, that would be in the future.

Unexpectedly, the smile on Jian Ai’s face froze in the next second.

Si Yuehan said indifferently, “She lives near the martial arts school with me!”

Chapter 512: Lacking the Punishment of Real Society

Si Yuehan!!!

What’s the matter?!

Jian Ai immediately shot an arrow-like gaze at Si Yuehan. She couldn’t help but grit her teeth. Her expression seemed to be asking him, ‘*Did you do it on purpose?*’

Si Yuehan did not seem to realize what he had said wrong, nor did he feel the anger Jian Ai sent him. He only blinked at Jian Ai!

Jian Ai: *Don't pretend to be innocent! Aren't you usually a man of few words? You don't say anything when you should, yet you say something when you shouldn't!*

"Jian Ai, you... are living together with him?" Lin Yi felt like the sky was falling. What was going on? Were the two of them so intimate?

Jian Ai and Si Yuehan had only known each other for a month, right?

Gao Yang couldn't help but frown, feeling that it was a little inappropriate.

Although they were children in the eyes of adults, they were already in adolescence. Men and women were secreting hormones. Being alone in a room like this would inevitably cause people to fantasize.

Or were they already in a relationship but didn't tell them?

Jian Ai knew what they were thinking from their expressions. She quickly explained, "Don't think too much. Si Yue and I live in South City. It's not convenient for us to wake up early and train early. The house we're living in now belongs to the Master."

Despite Jian Ai's words, Lin Yi couldn't help but feel uncomfortable. No matter what, Si Yuehan was a boy.

He was not targeting Si Yuehan. If it were any other boy who lived alone in a house with Jian Ai, he would be like this.

Jian Ai felt a headache coming on. She didn't care about others' opinions, but Lin Yi was different. Lin Yi liked her, and Jian Ai was afraid that he would be sad.

She treated Lin Yi as a friend, so she more or less had to consider Lin Yi's feelings. If it were anyone else, she wouldn't bother wasting her breath. It didn't matter to her what they thought.

"Actually... Si Yue is my distant cousin." It was unknown what Jian Ai was thinking, but she suddenly said this.

Lin Yi and Gao Yang were stunned again and instinctively looked at Si Yuehan.

Fortunately, Si Yuehan was usually an expressionless person and did not have any reaction. Otherwise, they would have been exposed in a second.

Seeing this, Jian Ai quickly said, "He's the son of a distant aunt of mine! Haven't you always been curious why Si Yue is only close to me with his personality? It's because we're relatives!"

With these words, even Jian Ai was enlightened. She thought to herself that she was a damn genius.

She did not even have a father, so how could she have a distant aunt? She was just making things up!

There was too much information. Lin Yi and Gao Yang couldn't help but look at each other. Jian Ai didn't seem to have mentioned this before.

However, it made sense. With Si Yuehan's antisocial personality, he had never said a word to anyone else in class for a month. He was only close to Jian Ai and they went to school together every day.

If the two of them were not in a relationship, this was the only reason.

So they were relatives!

Jian Ai heaved a sigh of relief when she saw the change in Lin Yi's expression. *Sigh*, young people are still too naive to believe this!

They lacked the punishment of the real society!

However, this was also good. Si Yue would always follow her in the future. Lin Yi was also a good friend she cared about. With this explanation, Lin Yi could put down his hostility towards Si Yue, and what happened between her and Si Yue in the future would not cause any misunderstandings.

It was killing two birds with one stone!

Chapter 513: New Project Plan

At night, Jian Changsheng dragged his heavy figure into the house.

After what had happened during the day, Jian Changsheng didn't have the mood to go to the company. Instead, he went to Li Qiang's place and stayed there until night.

When she heard the door open, Qiao Shuyi was the first to welcome him. "Husband, you're back!"

Qiao Shuyi noticed the redness and scab on Jian Changsheng's cheek.

Although the swelling had mostly subsided with ice in the afternoon, it was still very obvious.

Startled, Qiao Shuyi hurried forward and asked worriedly, "Husband, what happened to your face? Did you fight with someone?"

She was shocked. After all, she knew Jian Changsheng after being married for so many years. He was not someone who would fight with others.

Jian Changsheng hid the expression in his eyes and revealed a smile that made Qiao Shuyi feel at ease. However, he didn't expect the wound in the corner of his mouth to move again. He snorted in pain.

"I'm fine. I ran into a small conflict. It's fine!" Jian Changsheng brushed it off lightly. He did not want Qiao Shuyi to worry, so he changed the topic. "Didn't you go to pick Yichen up today?"

Qiao Shuyi frowned and looked at Jian Changsheng's face. She nodded. "Yes."

After changing his shoes, Jian Changsheng pulled Qiao Shuyi's hand into the living room. He saw Jian Yichen sitting on the sofa watching television and Jian Yiyi sitting beside him.

The two children looked up and said in unison, "Dad, what's wrong with your face?"

Jian Changsheng took off his tie and unbuttoned two buttons. "I'm fine. Don't worry."

"I've booked a flight for tomorrow. I'll take Yiyi and Yichen to the capital for the summer break tomorrow," Qiao Shuyi took Jian Changsheng's tie and said.

Qiao Shuyi was a daughter of a noble family in the capital. Her maternal family was a scholarly family in the capital. This was also the reason Old Master Jian insisted that Jian Changsheng marry Qiao Shuyi. To put it bluntly, he had a motive.

It was not even a marriage alliance because the Jian family, over ten years ago, was not on the same level as the Qiao family in the capital.

Over the years, the Jian Group's business in the capital had been smooth sailing with the help of the Qiao family. It grew bigger, and the result was almost the same as what Old Master Jian had expected.

Jian Changsheng nodded. "Alright, tell Dad and Mom that I've been too busy with work recently. When I'm free, I'll go to the capital to see them."

Jian Changsheng still respected his parents-in-law. Every winter and summer vacation, he would ask the two children to go to the capital to accompany them. He was the same. Once he went to the capital for a business trip, he never stayed in a hotel. He would stay in the Qiao family.

The two elders of the Qiao family liked this hardworking and talented son-in-law.

Hearing Jian Changsheng's words, Qiao Shuyi couldn't help but smile. Then, she said, "Your face still hurts, right? I'll get you some ice to apply it."

Jian Changsheng nodded and went upstairs to change his clothes.

At this moment, Jian Ai was typing rapidly on her laptop in the bedroom.

Her new home did not have Internet or wireless network interface controllers. Jian Ai only opened the Word document and was focused on planning the next investment project for East Sea Real Estate.

The document was over ten pages long. From the initial planning, market outlook, investment costs, and the construction scale, to the later operations, capital flow, and project profitability, it was extremely detailed.

The big title of the document was four striking words: *Starlight Amusement Park Project!*

Chapter 514: New Project Plan (2)

The amusement park project was a project that Jian Ai had been planning in her heart ever since she established the company. The market trend was in front of them. As the quality of life in China increased, various new entertainment industries also entered the public eye.

Now that the tourism industry was progressing, an amusement park was bound to become a popular consumption project. Especially in a fashionable and modern city like Baiyun City, it had many advantages and was the best place to build an amusement park.

According to Jian Ai's knowledge, there were no large-scale amusement parks in Baiyun City at the moment. There were only a few squares and park facilities for children to play.

There was no such thrilling project at the moment.

Because she was too focused, Jian Ai lost track of time. When she finished revising the last plan, she realized it was almost one in the morning.

Thinking that she had to get up early, Jian Ai couldn't help but feel upset. She quickly switched off the lights and went to bed.

Three and a half hours later, Jian Ai was woken up by the alarm clock. Because of her lack of sleep, dark circles appeared underneath her eyes.

After yawning and washing up, she dragged her listless body and followed Si Yuehan out.

"You seem exhausted."

On the way, Si Yuehan saw Jian Ai's fatigue and couldn't help but say, "You didn't rest well?"

Jian Ai shook her head gently. "I slept late last night and was a little short of sleep."

A gust of morning wind blew past, making Jian Ai shiver. It was a little cold today.

She looked up at the sky. The sun had not yet risen, but it was easy to tell that the sky was heavy. Dark clouds were pressing down on their heads, as if it was going to rain again.

At the intersection of the martial arts school in front of her, a taxi slowly stopped. Jian Ai casually looked up and saw Lin Yi and Gao Yang getting out of the car.

"Jian Ai!"

Lin Yi also saw Jian Ai and waved at her.

Seeing this, Jian Ai couldn't help but walk faster. When she reached them, she smiled and said, "You two are very early. I was afraid that you wouldn't be able to wake up and decide to give up on the first day."

Gao Yang was a very disciplined person. He slept punctually at ten every day and usually woke up at six in the morning. Therefore, even if he slept less than two hours, he thought little of it.

Lin Yi was different. Especially after the summer break, he would stay until the latter half of the night before sleeping. He would only wake up at noon during the day.

He was also afraid that he wouldn't be able to wake up early, so he slept at Gao Yang's house last night.

However, Lin Yi was not used to sleeping too early, so he couldn't help but lose sleep last night. He only fell asleep after dawn.

Lin Yi only looked at Jian Ai's dark circles and frowned. "Don't talk about me. Why do I feel that you're so haggard today?"

Jian Ai waved her hand indifferently. "I'm fine. I forgot the time last night and slept a little late."

"Let's go. We're almost late!"

Today, the number of disciples in Longxing Martial Arts School increased from eight to ten.

The first training in the morning was still the same horse stance.

Jian Ai was still doing it for forty minutes. Lin Yi and Gao Yang didn't have a foundation, so their duration was the same as Jian Ai's.

The three of them also did six laps with weights.

At six in the morning, the sky was already clear, and the fiery red sun shone on the ground.

Although Lin Yi and Gao Yang were rich kids who didn't have a foundation for martial arts, they played basketball all year round and were strong and healthy.

Chapter 515: Xiao Zhen's Medicine Jar

Although the two had reached their physical load with the forty-minute horse stance and six laps with five kilograms of weights, they persevered.

"Jian Ai, I should get to know you again from today onwards," Lin Yi said to Jian Ai with sweat all over his face after the morning exercise.

Jian Ai blinked for some reason and thought for a moment before understanding what Lin Yi meant.

Her thin lips raised, and sparkling sweat wet her fair face, glistening under the morning light.

"Why? Is it hard to believe that I could persist through such tough training?" Jian Ai asked with a smile.

Lin Yi nodded without hiding it. "I think I've reached my limit in the past hour or so. We're of the same strength. I didn't expect you to be able to do it."

Jian Ai smiled playfully. "There are many things that are beyond your expectation."

As soon as she finished speaking, she turned around and walked towards the female bathroom. "I'll go take a shower. You should go too. There's breakfast at the martial arts school later!"

Lin Yi looked at Jian Ai's ponytail, which swayed with her steps. It made her look dazzling.

It had to be said that Jian Ai had been constantly giving him surprises during this period. The image in his heart gradually became more three-dimensional.

Three-dimensional meant that it was taking up more space than a flat surface.

Jian Ai was slowly filling Lin Yi's heart without him knowing. His eyes were on her all the time, and he couldn't move them away.

Just after nine in the morning, Yang Jie was teaching the disciples at the martial arts arena in the backyard when two men suddenly came to the martial arts school.

Yang Xiaowen brought the two of them into the backyard and saw that each of the two men was holding a white porcelain jar.

The porcelain jar was not small, and a brown paper was used to conceal it. No one knew what was inside.

After the two of them put down their jars, Yang Xiaowen thanked them with a smile and sent them out.

When he returned, Yang Xiaowen walked to Yang Jie and said, "Dad, Doctor Xiao asked someone to deliver it."

The Doctor Xiao he mentioned was Xiao Zhen.

Yang Jie was stunned when he heard that. His gaze landed on the two porcelain jars and he couldn't help but ask, "What is this?"

Yang Xiaowen handed a neatly folded piece of paper to Yang Jie. When Yang Jie opened it and looked, he instantly understood.

This jar contained the ointment Xiao Zhen had personally concocted, and this ointment was only the first course of treatment for Yang Jie.

The ointment was applied externally. The paper detailed the usage method and daily dosage. The two jars were about half a month's use, which was the first course of treatment Xiao Zhen mentioned.

Yang Jie put away the paper carefully and walked to the two jars to look. The others surrounded them curiously.

Jian Ai had heard their conversation just now. Looking at the two jars of ointment, she couldn't help but smile bitterly in her heart. She didn't know where Xiao Zhen found these two people to help him deliver the ointment. He didn't even want to do such a thing himself.

Yang Jie leaned down slightly and untied the brown paper seal on one of the porcelain jars. In an instant, a pungent and foul smell spread out and swallowed everyone around.

"Damn, the smell is too strong!" Ning Zexuan immediately covered his mouth and nose and took a few steps back.

The others instinctively frowned.

Yang Jie came back to his senses and quickly sealed the piece of paper back. The smell dissipated and disappeared a few seconds later.

Chapter 516: Strange

Translator: Atlas Studios Editor: Atlas Studios

"Master, what medicine did Doctor Xiao use? Why does it smell so bad?" Li Mobai asked as he walked forward.

Putting aside whether the ointment was effective, just the smell alone was enough to make one silly.

Yang Jie shook his head. The paper did not specify which ingredients Doctor Xiao used for the ointment, but the smell was indeed a little strong.

However, since he believed in Xiao Zhen's capability, he naturally would use this ointment. Since the smell was strong, he would apply the medicine when there was no one in the martial arts school at night.

"Xiaowen, Mobai, move this jar to my room," Yang Jie said.

Yang Xiaowen and Li Mobai nodded and carried the jar to Yang Jie's bedroom.

Jian Ai walked forward, as if worried that Yang Jie wouldn't use the medicine because of the smell. She said, "Master, Doctor Xiao's medical skills are brilliant. Since he said that he could treat your leg, he must be able to. Use this medicine on time."

Yang Jie saw Jian Ai's worry and couldn't help but smile and nod. "Don't worry, Master won't let you and Doctor Xiao down. I'll definitely use the medicine according to Doctor Xiao's instructions."

The unpleasant smell would pass after a while. It was not like it would suffocate someone to death.

After the morning training, Lin Yi and Gao Yang didn't stay for lunch at the martial arts school. Lin Yi's driver drove to pick them up, and Jian Ai brought Si Yuehan along to get a free ride.

When they reached East Sea Real Estate, the two of them got out of the car. Jian Ai turned around and said to Lin Yi and Gao Yang, "Thank you for giving me a lift."

Lin Yi looked up at the office building in front of him curiously and couldn't help but ask, "What are you doing?"

"I'm looking for someone. I have something to do," Jian Ai said and waved at Lin Yi. "See you tomorrow."

Lin Yi asked nothing and just nodded. "See you tomorrow."

After the two of them walked away, Gao Yang subconsciously frowned and whispered, "Don't you think Jian Ai has been acting weird recently?"

Lin Yi was stunned. Then, he looked at Gao Yang and asked, "How so?"

Gao Yang shook his head. "I don't know. I just think... Jian Ai doesn't look like Jian Ai anymore."

Lin Yi suddenly smiled and looked at Gao Yang in confusion. "Stop talking nonsense. If Jian Ai isn't Jian Ai, who else could she be?"

"That's not what I meant." Gao Yang pursed his lips, but he couldn't find the right words for a moment. After a while, he shook his head. "Perhaps she has changed too much. I haven't completely accepted it yet."

Lin Yi understood what he meant. Not only did he understand, but he also agreed.

However, unlike Gao Yang, he had already completely accepted the current Jian Ai. Not only did he accept her, but he also liked her.

He liked her very much.

He liked Jian Ai, so Lin Yi was in a good mood.

At East Sea Real Estate, when Bai Zhou learned that Jian Ai was here, he quickly went to the CEO's office.

This office belonged to Jian Ai alone so even if Jian Ai rarely came to the company, the secretary would still clean it regularly every day. Unless the CEO, Jian Ai, was around, no one was allowed to enter her office.

A small thumb drive was pushed in front of Bai Zhou. Jian Ai went straight to the point and said, "The plan for the Starlight Amusement Park Project."

"So soon?" Bai Zhou was a little surprised. The Sect Master had mentioned this to him before, but it was only half a month ago.

At that moment, the project planning was already completed.

Jian Ai raised her eyebrows and nodded.. "Since we want to do it, we have to do it before others. Do you really think that it's only our company who has set eyes on this potential project developing?"

Chapter 517: We Lost the Land, We're Too Late

Bai Zhou naturally knew this logic, but he did not expect the Sect Master would act so fast.

Fortunately, he had already completed the mission the Sect Master had given him.

"Have you bought the land?" Jian Ai asked.

Bai Zhou smiled and nodded. "We have to keep up with the boss, right? We already bought it yesterday. It's the one in the western suburbs."

It was necessary to pass by the western suburbs of Baiyun City to go to the international airport. To build an amusement park, one had to reach it in one step. Since they could not find suitable land in the city, the land in the suburbs was the next best option. It was cheap and big.

"How many square meters?" Jian Ai asked.

Bai Zhou: "Six hundred thousand!"

Jian Ai was shocked and delighted. "That big?"

"It's an amusement park. It has to be big. Otherwise, it'll be more troublesome to expand it in the future," Bai Zhou said.

Jian Ai initially thought that it would be difficult to find a piece of land around four hundred thousand square meters, but she did not expect Bai Zhou to buy one that was six hundred thousand square meters.

"How many people are in the company's construction department now?" Jian Ai thought for a moment and suddenly looked at Bai Zhou.

Bai Zhou paused and thought for a moment before saying, "Less than three hundred people. They're all experienced construction teams recruited from the towns around Baiyun City."

Three hundred people...

Jian Ai considered this number. A mature real estate company must have its own construction team—three hundred people were not enough.

"It seems that we still have to collaborate with Century Group on this amusement park project," Jian Ai muttered.

However, Bai Zhou had to remind her. "Century Group is already helping us complete the Hotel M project. Besides their own company's construction projects, I'm afraid there aren't many people left."

Jian Ai's expression turned grave when she heard this. Other than Century Group, there were no other real estate developers in Baiyun City that she could trust.

"I have to discuss this with Uncle Chen before deciding," Jian Ai said after a while.

After all, the two companies had signed a collaboration contract. They would cooperate with Century Group if they could. If Chen Lei felt that their company could not take on two enormous projects at the same time, Jian Ai would think of another solution.

At the same time, at the Jian Group in Haicheng District!

In the CEO's office, on the top floor.

Jian Changsheng had just finished reviewing a case. He looked at the time and couldn't help but rub his temples tiredly.

Someone knocked on the door, looking anxious.

"Enter!"

A middle-aged man in a suit walked in quickly with an ugly expression.

This person was Li Hui, the person in charge of the amusement park project the Jian Group had just approved a few days ago at a management meeting.

"What's wrong?" Jian Changsheng felt worried when he saw Li Hui's expression.

Because Li Hui had given him the information of an enormous piece of land that was currently being sold in Baiyun City a few days ago, Jian Changsheng had just decided to buy this ideal piece of land for the amusement park project yesterday. This morning, Li Hui made the contracts.

Seeing his expression, did something happen to the land?

What one feared happened. As soon as Li Hui opened his mouth, he said, "CEO, we lost the land. We were a step too late!"

"What?" Jian Changsheng couldn't help but look shocked.

Who would buy such a huge piece of land in a suburb like the western suburbs for no reason?

Moreover, it was such a coincidence that the land was still on sale two days ago, but it got sold today?

Jian Changsheng's face darkened. "Did you find out who bought it?"

Li Hui nodded slightly and looked like he couldn't say it. After a while, he said in a low voice, "It's East Sea Real Estate!"

Chapter 518: I'll Suffer, Alright?

Translator: Atlas Studios Editor: Atlas Studios

East Sea Real Estate!

Jian Changsheng's expression turned cold.

A company that had been recently established a few months back kept repeatedly obstructing Jian Group's development. Whether or not it was intentional, Jian Changsheng had already activated his radar. East Sea Real Estate became an existence that he could not ignore any longer.

2

However, Jian Changsheng couldn't figure out why East Sea Real Estate wanted to buy a six hundred thousand square meter piece of land in the suburbs. It was a desolate place, and it was not suitable to build residential buildings or other commercial districts in the periphery of the suburbs.

Of course, Jian Changsheng didn't believe that the other party would deliberately buy that piece of land to trip the Jian Group. It wouldn't be worth it.

What were they planning to use it for?

Jian Changsheng couldn't figure it out.

"Go and investigate!" Jian Changsheng didn't think about it anymore. He looked at Li Hui and said, "Find out what East Sea Real Estate wants that piece of land for."

Li Hui nodded. "I'll get someone to do it."

Then, he looked at Jian Changsheng and said, "CEO, the land for the amusement park..."

"Let's put it aside for a while. We can't just casually find another piece of land because someone snatched it away," Jian Changsheng said.

After Li Hui left the office, Jian Changsheng stood up and walked to the floor-to-ceiling window. He looked out, but his vision couldn't calm his chaotic heart.

After a while, Jian Changsheng turned around and picked up his phone. He quickly dialed a number.

"Hello, Director Liu? I'm Jian Changsheng. I need your help with something..."

...

After Jian Ai finished talking to Bai Zhou, she left the office alone and walked towards the finance department.

Si Yuehan was staring expressionlessly at the goldfish in the fish tank on the shelf when Bai Zhou suddenly hugged his shoulder.

"How was it? The past few days?" Bai Zhou asked with a smile.

He was asking Si Yuehan how he had been 'cohabiting' with Jian Ai the past few days.

"Pretty good," Si Yuehan said calmly.

When Bai Zhou heard this, he couldn't help but raise his handsome eyebrows. Then, he asked with a smile, "Do you have any extra rooms?"

He also wanted to live with the Sect Master!

Only then did Si Yuehan turn around and face him. "No."

"The living room is fine too!" Bai Zhou added.

"It's not convenient!" Si Yuehan continued to stare at the goldfish. "The Sect Master is a girl."

Bai Zhou nodded. Indeed, it was inconvenient for a man like him to sleep in the living room when the Sect Master walked in and out often.

"Why don't..." Bai Zhou pursed his lips and thought for a moment. He suggested again, "Why don't I buy a big house nearby? That way, we can live together."

If it were Jian Ai, she would have rolled her eyes at Bai Zhou.

Si Yuehan only said calmly, "Anything."

When Bai Zhou saw Si Yuehan's iceberg-like appearance, he felt bored. When he turned around to leave, an idea flashed through his mind.

"Shall I squeeze into the same bed as you?" Bai Zhou suddenly asked.

As expected, Si Yuehan finally had an obvious expression on his face. He frowned in disdain and said to Bai Zhou without hesitation, "No!"

With that, he walked out.

Bai Zhou was stunned. He regained his senses and shouted at Si Yuehan's back, "If you don't want it, so be it. What's with your expression? When I picked you up back then, you were still sleeping in the trash.. Now, you dare to despise sleeping on the same bed as me?! I'm so good-looking. I'm obviously at a disadvantage, okay?!"

Chapter 519: Arrange Something for Him to Do

Translator: Atlas Studios Editor: Atlas Studios

In the East Sea Real Estate's finance department, a few colleagues were busy with their work and chatting casually.

It had been a while since Wang Yunzhi came to the company. Initially, it was an experienced worker who had tagged her along. Now she was completely familiar with the job and could complete it alone.

The office door opened, and Jian Ai entered.

Everyone instinctively looked up and saw Jian Ai. They were stunned for a moment before reacting.

"CEO!"

The employee quickly greeted Jian Ai. Jian Ai only smiled and waved her hand, showing that everyone was welcome and that they could continue working.

She walked to Wang Yunzhi's desk. Seeing this, Wang Yunzhi asked in a low voice, "Why are you here?"

Jian Ai smiled. "I came to do something at the last minute, so I took the opportunity to come and see you as well."

As she spoke, Jian Ai casually sized up the finance department. The office was facing south. There was plenty of sunlight during the day, and the view was good.

Then, she looked at Wang Yunzhi and asked, "How is it, Aunt? Are you used to it?"

Wang Yunzhi smiled and nodded. "I'm used to it. Everything is fine. Don't worry about me."

In the past, when she worked at the clothing factory, she was busy every day. There was almost no time for her to idle, let alone have a weekend off.

Now that she was at East Sea Real Estate, not only did she receive a salary of three thousand yuan every month, but she also received various benefits and holidays. Wang Yunzhi was very satisfied. Compared to before, this was a good job that she didn't even dare to think about.

"I heard from Xiao Yu that you went to a martial arts school in the North City District?" Wang Yunzhi suddenly asked.

Yao Feng was from the North City District, and Wang Yunzhi's mother-in-law's family was also in North City. Wang Yunzhi knew about the martial arts school in the North City District.

Jian Ai nodded. "Otherwise, I have nothing to do during the summer break. It's good to learn something."

"Aunt approves," Wang Yunzhi said and brought the topic to Jiachi. "Your brother reads at home every day and doesn't like to go out. In my opinion, you should bring him to practice martial arts. If he keeps doing this, I'm afraid his body will collapse. Training is always good."

Jian Ai couldn't help but chuckle when she heard that. "Jiachi is so young, but you're worried that his body will collapse! How many children nowadays are like Jiachi, who still read books every day during the holidays? Aunt, you're overthinking."

It was not that Wang Yunzhi was overthinking, but Jian Ai did not want Jiachi to go to the martial arts school to train.

The reason was that it was too tough and she could not bear for Jiachi to suffer like this.

"But we still have to strike a balance between work and rest." Wang Yunzhi was still a little worried. Other parents were afraid that their children would play and not study every day. She was the opposite. Her son read books every day and did not go out to play.

"Jiachi already has few friends. It's good for him to go out and get to know a few more people," Wang Yunzhi sighed.

Seeing that her aunt had said so, Jian Ai couldn't help but calculate in her heart. However, she couldn't bear to let Jiachi learn martial arts.

In the end, she said to Wang Yunzhi, "Aunt, don't worry. I'll think about arranging something for Jiachi to do during the summer break."

When Wang Yunzhi heard this, she smiled. "Alright, help your brother think about it. We can't let him stay at home all day."

Jian Ai smiled and nodded. "I still have to go to Rose Entertainment upstairs to look. Go ahead and busy yourself, Aunt. I'll go home for dinner someday."

As soon as Jian Ai left, the others in the office surrounded her.

One of the girls who looked to be in her twenties and had just graduated from university looked at Wang Yunzhi and said, "Sister Zhi, are you the CEO's aunt?"

Chapter 520: Which Damned Girl Was This?

The young lady's surname was also Wang. She had just applied to the company's finance department recently and was an accounting major.

Without waiting for Wang Yunzhi to answer, another middle-aged female colleague who was on good terms with Wang Yunzhi said, "Xiao Wang, you still don't know about this?"

Xiao Wang shook her head. "How would I know? This is the first time I've seen the CEO. Previously, I heard that our company's boss is a young lady. I didn't expect her to be so young. She looks eight or nine years younger than me!"

Everyone in the company knew that Wang Yunzhi was the CEO's aunt, but no one gossiped behind her back.

The main reason was that Wang Yunzhi had a pleasant personality. She never put on airs just because her niece was the company's boss. Instead, she was especially friendly to everyone.

Secondly, even if Wang Yunzhi entered the company through Jian Ai's connections, Jian Ai did not give her a high position. She only arranged a job within her capabilities.

This way, others wouldn't say that she relied on her connections to get in through the back door. She had done her work steadily.

Jian Ai could have let her aunt be a manager, but Wang Yunzhi probably wouldn't agree.

Wang Yunzhi looked at Xiao Wang and smiled. "I wasn't in this industry before. I was a tailor at a clothing factory in Zhonglou District. Later, the factory didn't do well, so they retrenched me..."

Wang Yunzhi told Xiao Wang how she entered the company as if it was a story. Some people who had never heard of it before also came forward.

In the end, Xiao Wang said in shock, "So that's how it is! Is the CEO a student of Baiyun Erzong? Oh my, I was rebellious when I was fifteen years old. I didn't even like to study and only thought about how to go against my parents every day."

Wang Yunzhi smiled. "My sister and I hope Xiao Ai can be a little rebellious, but this child is too sensible. Sometimes, she's more mature than us adults."

Another middle-aged lady nodded in agreement. "Can an immature person open such a big company? The boss looks like someone who can achieve great things!"

Everyone couldn't help but praise Jian Ai. Wang Yunzhi felt comfortable hearing this and chatted with her colleagues for a while before leaving.

Jian Ai took the elevator and went straight to the nineteenth floor. The girl at the front desk was about to stand up and greet her when Jian Ai gestured for her to not get up.

She went straight through the fully automatic glass door into the office area inside. However, she did not notice when she turned a corner and bumped into another person.

The person was holding a cup of coffee. Fortunately, Jian Ai quickly took a step back and did not get scalded. However, the other party was not so lucky. The entire cup of coffee landed on him.

Jian Ai looked up and saw that the other party was an upright and handsome young man. She had not been to the entertainment company often and had never seen this person.

Just as she was about to apologize, she suddenly heard a scream from behind the boy.

"Oh my, Mingxiao. How are you? Damn it! Are you scalded?"

A fat middle-aged man rushed to Wang Mingxiao with an exaggerated voice and attitude. His expression was as if Wang Mingxiao was about to die.

Jian Ai was stunned. Before she could react, the fat man glared at her angrily and shouted, "Which wretched girl is this? Doesn't she have eyes? She didn't even open her eyes to see who it was before she bumped into him!"
