Chapter 591: Supreme Black Card Members

Xiao Ai gave her this card. At that time, she only said that it was a membership card of Shuiyun Club and that there was no consumption limit.

Therefore, when she was free today, Wang Yunmei called Wang Yunzhi and Jiang Chunfen to come to the club for beauty treatments and be a consumer for once.

When the lead receptionist at the front desk saw the card Wang Yunmei handed over, she was first stunned, then shocked.

This was not an ordinary Shuiyun Club membership card. Instead, it was a supreme black card that symbolized the status of the highest member in Shuiyun Club. They issue three of them every year. Moreover, one could not buy them with money. For the top three gold card members with the highest expenditure in Shuiyun Club in the previous year, they would automatically receive a supreme black card the following year.

The lead receptionist looked at Wang Yunmei in surprise. She had been the lead receptionist at the front desk for three to four years, but had no impression of this VIP with the supreme black card.

Wang Yunmei was very beautiful. If she had seen her before, she would be able to remember her. Furthermore, she was holding a supreme black card.

Seeing that the other party seemed to hesitate, Wang Yunmei couldn't help but look at her and whisper, "May I ask what the problem is?"

The lead receptionist quickly regained her professional smile and shook her head gently. "No, please wait a moment."

As soon as she finished speaking, the person took Wang Yunmei's membership card and registered it on the computer. With just a swipe of the card, the balance column on the system displayed: Unlimited!

The lead receptionist was dumbfounded. She had never seen such a card before. Usually, supreme black card members would store more than a million yuan in the card, but it was impossible for there to be no limit.

Didn't this mean that she didn't have to worry about money no matter how much she spent?

The other two receptionists also surrounded her. When they saw the words on the computer screen, they looked at each other in surprise.

"What card is this? Why have I never seen a card with no consumption limit?" One of them muttered softly.

"It shouldn't be fake, right? If it's fake, there shouldn't be any messages," another person added in a low voice.

At this moment, the lead receptionist couldn't help but say to the two of them, "Go and chat with the VIPs. I'll ask the manager what's going on. Don't offend the VIPs."

As expected of the service staff of the most high-end club in Baiyun City. When faced with such a situation, the first thing she thought of was to appease the customer and then go to verify it in private. She did not rashly ask the customer to avoid making the customer unhappy.

At this moment, another enthusiastic greeting sounded in the hall. "Good afternoon, distinguished guests. Welcome to Shuiyun Club."

Walking into the hall were two poised madams who were almost forty years old. They had elegant bodies and extraordinary auras. One could tell at a glance that they were the madams of rich families.

However, there was some arrogance between their eyebrows. They walked with their heads slightly raised, as if they did not take others seriously.

The two receptionists at the front desk initially wanted to talk to Wang Yunmei and the rest, but they didn't expect two distinguished guests to come. They said to Wang Yunmei embarrassedly, "I'm sorry, distinguished guests. Please wait for a moment. We'll register for you immediately."

Wang Yunmei was not a cunning and unkind person. Moreover, this was her first time here, so she did not know the exact procedures for registration. Therefore, she smiled and nodded. "There's no hurry."

Seeing that this VIP had a good temper, the two receptionists were relieved and went to serve the two noble ladies who had just entered.

Chapter 592: The Extravagance of the Upper-class Society

The two noble ladies stood at the front desk. On the right side of the front desk was a green-eyed glass carving of a Wealth Beckoning Toad. It was shiny, and one could tell at a glance that it was expensive.

They displayed the toad on a mahogany wooden tray. Countless gold and silver coins of various sizes were scattered around, and they were all placed by the VIPs in Shuiyun Club.

Most rich people believed in these things. The two noble ladies seemed to be experienced customers. Before they could say anything, they took out two silver coins from their bags and placed them on the tray.

Then one of them took out a silver membership card and handed it over. "Help me see how much balance is left in it."

As she spoke, the other party inadvertently sized up Wang Yunmei and the rest standing on the left side of the counter.

Wang Yunzhi and Jiang Chunfen were not people who emphasized in maintaining their appearances. Their skin tone was slightly dark, and the fine lines at the corners of their eyes were obvious.

A trace of disdain and pride flashed across the noble lady's eyes before she looked at Wang Yunmei.

Wang Yunmei had an amazing figure, tight skin, and thick and smooth hair that reached her shoulders. Her entire body was so fair that it shone. Her temperament was even more outstanding.

Frowning imperceptibly, the woman exhaled and looked away.

“Hello, Madam Zhu. You still have one hundred and twenty-six thousand yuan left on this card.”

“This won’t be enough for two uses. Add another five hundred thousand yuan,” Madam Zhu said arrogantly.

The other noble lady quickly said, “Oh, Sister Zhu, don’t add more money first. Use my card. I just added some money last time.”

The person handed her card over. “Use mine.”

“Madam Niu, you still have eight hundred and twenty-three thousand yuan left on your card.”

Madam Niu nodded. “Use my card then.”

Seeing this, Madam Zhu smiled. “Chunli, I’ll treat you next time.”

“Sister Zhu, it’s just a small amount. Why are you standing on ceremony with me?”

Their conversation revealed a rich and overbearing appearance. Wang Yunzhi didn’t manage her expression and couldn’t help but be stunned.

A few hundred thousand yuan was added at once to a membership card of such a club. How much would it cost to spend once here?

Jiang Chunfen’s conditions had been considered good since she was young, but she couldn’t help but be shocked. As expected, the extravagance of upper-class society was not something ordinary people could imagine.

All of this happened in Xiao Ai’s club.

Their expressions landed in the eyes of Madam Zhu and Madam Niu. Disdain filled their eyes. They turned around and followed the service staff into the club.

As soon as the two of them left, they saw Bai Feifei, who was dressed in a black professional suit, walking over quickly. When the others saw her, they lowered their heads and called out respectfully, “Hello, Manager Bai.”

However, Bai Feifei didn’t have time to respond to her colleagues. Her high heels clanked as she walked to the front desk.

“It’s Madam Wang, right?”

Bai Feifei glanced at Wang Yunmei and greeted her with a smile.

Wang Yunmei nodded slightly. “Hello, who are you?”

Bai Feifei quickly introduced herself. “Hello, Madam Wang. I’m Bai Feifei, the general manager of Shuiyun Club. You can just call me Feifei. I have to explain to you that the CEO specially instructed me to make this supreme black card for you. It’s different from the membership cards of other members. The colleagues at the front desk didn’t know, so they delayed your precious time. Please forgive me..”

Chapter 593: The CEO's Mother

Wang Yunmei was slightly stunned when she heard this. After a few seconds, she reacted and nodded. She smiled at Bai Feifei and said, "I see. It's okay. I didn't even know, so why would I blame you?"

She had wondered why the two noble ladies finished registering in less than two minutes while they waited for a long time. It turned out that Xiao Ai had made a different membership card for her.

When Bai Feifei heard this, she walked to the front desk and said to the lead receptionist, "Xiao Xu, give me the VIP's membership card."

Seeing this, the other party quickly handed the card over and asked in a low voice, "Manager Bai, this is?"

Bai Feifei answered softly, "The CEO's mother."

Everyone: "..."

Everyone looked enlightened.

No wonder. It was their boss's mother!

The people at the front desk quickly looked at Wang Yunmei and thought to themselves that they had to remember this person this time so that they wouldn't make a mistake in the next.

When Bai Feifei led Wang Yunmei and the rest into the club, one of them couldn't help but whisper, "The CEO's mother looks so young. She seems to be only a few years older than me."

The other looked conflicted. After struggling for a long time, she couldn't help but ask curiously, "I remember that the CEO of Ji Group is an old man, right?"

"Pfft..." The lead receptionist couldn't help but laugh when she heard that. Then, she looked at her confused colleague and smiled. "Are you living in the last century? Don't you know the Shuiyun Club has changed owners?"

The person exclaimed and shook her head.

The other person immediately rolled her eyes. "Sister, the logo outside the club has changed for a hundred years. Didn't you notice it?"

"In other words, Shuiyun Club is no longer a company under the Ji Group? The CEO has changed as well?"

The lead receptionist nodded. "And I heard from Manager Bai that the new CEO is especially young. She doesn't seem to be even twenty years old."

The two of them widened their eyes and opened their mouths. Then, they said in unison, "Not even twenty years old?"

No wonder the CEO's mother looked so young.

On the other side, the interior of Shuiyun Club surprised Wang Yunmei and the rest that they didn't know what to say.

It was indeed a top-notch club where the membership fees cost more than a million yuan a year. Every detail that entered their eyes felt like they had spent a lot of money to build.

Water flowed down the wall of the translucent glass corridor made of blue crystals, forming a large, dancing water curtain.

There was a high-quality oil painting of a Moroccan-style roof with colorful floating paintings on it.

There were high chairs with embossed gold lacquer, artistic displays of all shapes, casual wine galleries with different styles, and so on.

The luxury of Shuiyun Club was not the kind of luxury that was exaggerated and void. Instead, it was the luxury that made you feel as if you were in a different world every time you walked a distance. It was some kind of surprise that would instinctively follow with a wow.

If they hadn't been there, Wang Yunmei and the rest wouldn't have been able to imagine such a club with their current knowledge.

It was indeed a top club. Compared to it, Yaochi was just a nightclub of fake glamor.

"Madam Wang, what kind of project do you want to experience this time?" Bai Feifei asked Wang Yunmei.

Usually, when male members came to Shuiyun Club, they would drink tea, play indoor golf, and talk about business.. Because of the privacy of Shuiyun Club, this place had long become the first choice for many successful people to entertain and discuss projects.

Chapter 594: Only for Supreme Black Card Members

Most of the female members enjoyed spa, water treatments, and beauty treatments. Shuiyun Club used top international instruments and skincare products. Many of them were found only in Shuiyun Club and were high-tech patent products that other beauty agencies could not enjoy.

Therefore, many girls and young married women who wanted to maintain their youthful skin did not hesitate to spend a lot of money to become members of Shuiyun Club. To them, money had a price, but face was priceless.

"We want to eat something first before doing a beauty treatment," Wang Yunmei said gently.

"No problem." Bai Feifei nodded and introduced, "Our club provides Chinese, Western, French, Thai, Italian, and Spanish food. Which one do you want to try today? You can also choose a few types to try."

Wang Yunmei and the rest: "..."

They looked at each other and felt that it was too troublesome, so they ordered Chinese food.

Then, Bai Feifei brought Wang Yunmei and the rest to the beauty treatment room on the fifth floor.

When they passed by the rest area, they bumped into the two noble ladies they had met at the front desk. However, before they could look, they had already followed Bai Feifei into one of the beauty treatment rooms.

“Huh?”

Zhu Chunli was stunned and asked.

Coincidentally, a service staff member passed by with a cocktail. Zhu Chunli immediately stopped her and said unhappily, “Why are we queuing here when those people can enter the beauty treatment room immediately?”

It turned out that these two noble ladies were also here for beauty treatments, but the beauty treatments in Shuiyun Club took two to three hours. At this moment, all the beauty treatment rooms were full, so they could only wait in line.

The staff member didn’t know what had happened, but she blinked and asked, “I’m sorry, VIP. Which beauty treatment room did you see them enter?”

Niu Meixia stood up and pointed over. “It’s the one in the inner area, the one with the shiny golden door.”

Seeing this, the service staff revealed a smile of understanding. “I’m sorry, distinguished guests. That beauty treatment room is exclusive to the club’s supreme black card members. Even if there’s no one, the silver and gold card members can’t use it. The guests you just saw should be the supreme black card members of our club.”

Zhu Chunli and Niu Meixia were stunned. It was not because that beauty room was exclusive to supreme black card members, but because... those three women were supreme black card members?

Those who could come to Shuiyun Club were naturally people who did not lack money. However, Shuiyun Club still had a very distinct class system.

The silver card represented ordinary members. The annual consumption was less than ten million yuan.

If a silver card member spent over ten million yuan in the first year, they would automatically be promoted to a gold card member in the second year.

Similarly, if gold card members spent less than ten million yuan that year, it would automatically demote them to ordinary silver card members in the second year.

The top three members who consumed the most that year would automatically become the only three supreme black card members in the second year.

In other words, the rich were divided into levels in Shuiyun Club.

The supreme black card members enjoyed many exclusive services. Even the various restaurants would reserve three positions so that they could receive the supreme black card members..

Chapter 595: Beauty Treatment

Zhu Chunli and Niu Meixia immediately looked embarrassed. The two of them were ordinary silver card members, so they naturally could not compare to the supreme black card members.

One had to know that to become a supreme black card member, they had to spend a lot of money in the last year.

The two of them looked at each other. The arrogant attitude they had just now instantly deflated, and they sat down and waited in line obediently.

The beauty treatment room was spacious and luxurious. There was a separate spa, steam room, bathroom, and so on. There was also a small living room, which was a convenient place for customers who did beauty treatments to order their meals. This way, they wouldn't have to eat at the restaurant.

Bai Feifei helped them order the dishes and informed them of the club's usual service before leaving.

Perhaps it was because of the environment, but as they walked, Wang Yunmei and the rest instinctively put on airs. It was as if they had to be elegant and dignified in such a place.

After Bai Feifei left, the breath in their chests instantly relaxed.

With no outsiders, Wang Yunzhi couldn't help but praise, "Sister, this club is too high-class. On the way here, the entire club was silent. Other than the music and the sound of running water, no one could hear anyone."

"Didn't Manager Bai say just now that the restaurant and beauty treatment rooms are almost full? But the soundproofing here is especially good. Even if you sing in the entertainment room, you won't be able to hear anything in the corridor," Jiang Chunfen exclaimed.

This was the complete privacy of Shuiyun Club. All the doors had no small windows, and the soundproofing was top-notch. It made people feel as if they were the only ones in the entire club.

"Tsk, tsk..." Wang Yunzhi still looked like she was in a dream. "Oh my, Young Master Ji gave such a good club to Xiao Ai just like that. How rich is his family?"

Wang Yunmei didn't know what to say because Xiao Ai explained to her that she won this club from a bet with Young Master Ji.

It sounded like a joke, but that was the truth.

The three of them exclaimed as they looked around. Then, they changed into their bathrobes and went to the bathroom to take a shower.

After washing up, the service staff pushed the trolley and knocked on the door.

The three of them did not spend extravagantly just because they did not have to spend money. They only ordered two dishes and a soup. The taste was excellent. Everyone ate two bowls of rice and cleared the dishes.

After the meal, the three of them followed the beautician's suggestion and went to the steam room to steam for twenty minutes. The hot steam could completely open their pores. Then, they would use beauty products to clean, repair, and nourish the skin deeply.

They lay on the comfortable beauty treatment bed with a towel wrapped tightly around their hair, revealing only their faces.

The three beauticians professionally wore dustproof headgears and masks. They also smeared fungus oil on their hands before starting the beauty treatment.

The beautician assigned to Wang Yunmei couldn't help but exclaim, "Madam, your skin is too good! Your pores are so thin that they're almost invisible, and they're especially tight and elastic. You must take special care of your skin, right?"

The beautician's words were not flattery or exaggeration, but Wang Yunmei's skin was like this. She was born with it. Even though she often put on makeup, there was no degeneration at all. She was still fair and sparkling, perfect to the point of making people envious.

Wang Yunmei wasn't modest. She knew her skin the best. She immediately smiled and mumbled, "Not really.. In the past, I often stayed up late, but my skin didn't seem to be affected."

Chapter 596: Beauty Treatment (2)

"Really?" The beautician couldn't help but exclaim. She said in a particularly serious tone, "I've been in this line for a few years. I've seen many customers with very good skin conditions, but that's because they usually like to take care of themselves and pay attention to sun protection. It's the first time I've seen someone with such naturally good skin like you."

When Wang Yunmei heard this, she chimed in, "I also care about sun protection. This is the foundation of skincare, right?! If I want my skin to remain stable, I can't ignore it completely, so I still have to apply daily sunscreen."

Women who loved beauty knew how ultraviolet light affected their skin.

At this moment, Jiang Chunfen, who was standing at the side, also smiled and teased, "Xiao Mei, when I saw you for the first time, I thought that since your skin is so good, you must have applied some concealment and foundation. I didn't expect that you didn't need those things at all."

"Occasionally, I'll use them when I have dark circles or acne on my face, but I don't use them often. I don't like the feeling of these things on my face. I have closed pores, so I can't breathe. It'll only make my skin worse," Wang Yunmei said.

Wang Yunzhi listened to their conversation as if she was listening to a book.

What sunscreen? What concealment? She had never heard of them!

That was true. Wang Yunzhi was not as naturally beautiful as her sister, Wang Yunmei. She only knew a little of makeup, such as applying powder, lipstick, and doing her eyebrows.

In comparison, Wang Yunmei had worked in Yaochi for over ten years. She often talked about these topics with the other escorts in Yaochi in private, so she naturally knew more.

The beauticians performed different treatments according to their skin quality differences.

Jiang Chunfen was the oldest among them, so the fine lines at the corners of her eyes were heavier. Also, she had an uneven skin tone and had severely dehydrated skin. The beautician chose three treatments for her: wrinkle removal, skin rejuvenation, and hydration.

Wang Yunzhi's biggest problem was her dull skin and serious melanin deposition. Therefore, the beautician focused on whitening and melatonin.

Only Wang Yunmei's skin was almost perfect. The beautician didn't dare to use too many medical products on her and only gave her daily care and deep nourishment.

The beauty essence felt exceptionally comfortable on their faces, and even the beauticians were also very professional and gentle. The three of them chatted and fell asleep, one after another.

After some time, the sound of the beautician packing up her things woke Wang Yunmei.

Seeing this, the person quickly smiled, embarrassedly. "Sorry to disturb you."

Wang Yunmei waved her hand, showing that it was fine. Then, she looked around and asked, "It's already done?"

"Yes, it is."

Jiang Chunfen and Wang Yunzhi were also woken up by their conversation. They immediately sat up. Wang Yunzhi inadvertently touched her face and whispered, "Oh my, Sister. My face is so soft and tender."

There was a mirror in the beauty treatment room. Wang Yunzhi and Jiang Chunfen quickly walked to the mirror and looked at it carefully.

The fine lines at the corners of Jiang Chunfen's eyes had obviously improved slightly. Although they were not eliminated in one go, anyone with discerning eyes could tell that the fine lines had decreased. Moreover, the skin on her face had a firming effect after lifting, and it also had a luster.. It was obvious that it was the effect after hydration.

Chapter 597: The New Wang Yunzhi

"Xiao Mei, this is too amazing. I feel like my face has changed." Jiang Chunfen looked at herself in the mirror and exclaimed.

Wang Yunmei also saw the slight change in Jiang Chunfen's appearance. Many women their age already had irreversible skin problems. It was a pleasant surprise to see such an improvement.

After seeing this, the beautician explained, "This time, I only did a painless thermal wrinkle removal for you. It's considered an entry-level for wrinkle removal, and the use of machines is relatively conservative. Next time, you can try Thermage. It will cause some pain, but the effects are more obvious. In the entire Baiyun City, only our Shuiyun Club imports second-generation Thermage machines."

“Can you completely remove the wrinkles at the corners of my eyes with that Thermage you mentioned?” Jiang Chunfen asked.

The beautician nodded. “Of course. Removing wrinkles is a basic beauty treatment. There are many ways to completely remove them.”

Jiang Chunfen couldn't help but look happy. Everyone loved beauty. Jiang Chunfen was also very beautiful when she was young. Otherwise, why would that arrogant man, Wang Yunzhong, marry her?

However, time had passed. After giving birth to two children, Jiang Chunfen's condition drastically decreased. Be it her body, physiology, or skin, she felt like she had aged ten years.

Later on, her skin condition became more unbearable. She gradually gave up, let alone think that there would be a day when she could be saved.

Looking at herself in the mirror, she was in a much better state than yesterday. Jiang Chunfen suddenly had a strong belief that since she had escaped the cage of marriage, she should work hard to become better.

She will start to become beautiful!

In comparison, Wang Yunzhi's change was even more exaggerated. Her entire skin tone was almost two degrees whiter, and her skin was bright to the point of glowing. This was the condition that appeared after the dullness and melanin were removed.

However, the beautician also reminded Wang Yunzhi that applying sunscreen was an essential step every day to reduce such problems. After that, she packed a lot of good sunscreen products for her.

After the beauty treatment, the three of them instantly looked brand new. Jiang Chunfen suggested they continue to do their hair, their nails, and buy clothes!

Having lived to this age, it was rare for the sisters to indulge themselves. No one objected, and they raised their hands in approval.

When they reached home at night, it was already eight in the evening.

Wang Yunmei and Wang Yunzhi carried their bags and entered the house one after another. In the living room, Yao Jiachi was sitting on the sofa watching television.

He looked up and saw the brand new Wang Yunzhi. He immediately looked as if lightning had struck him.

“Mom?”

Yao Jiachi looked at Wang Yunzhi in a daze with a ‘who are you?’ expression.

In the kitchen, Yao Feng stuck his head out when he heard the voice. Seeing this, he exclaimed, “Oh my!”

Wang Yunzhi had a round face. Usually, she liked to tie her black hair behind her head, revealing her entire forehead and face.

On this day, Wang Yunzhi permed her long hair into huge waves, and it was even dyed wine-red. Her loose hair covered the two sides of her face, making it seem smaller. With her fair and shiny skin after the beauty treatment, she looked like a completely different person.

If not for the clothes she was wearing today, her son and husband would not have recognized her immediately..

Chapter 598: The Indistinguishable Jiang Chunfen

Wang Yunzhi changed her appearance, and her mood was exceptionally good. She didn't put down the shopping bags in her hand and spun around. "Son, does Mom look good?"

Yao Jiachi's mouth was slightly agape, and he didn't blink. When he heard this, he nodded obediently. "Yes!"

Yao Feng's eyes were glowing as he looked at his wife. He sized her up and praised, "Good looking, Wife. Good-looking... good-looking!"

At this moment, one could see his cultural shortcomings. Other than saying that she was good-looking, Yao Feng didn't know any other adjectives.

However, the word 'good-looking' represented everything.

In fact, Yao Feng was a good man who doted on people a lot. In the past, when they had just gotten married, he felt women liked cosmetics and things like that. Every time he received his salary, he would secretly buy some lipstick and eyebrow pencils for Wang Yunzhi.

However, life at home was not easy at that time. Wang Yunzhi could not see the sun all day long in the clothing factory, so how could she have time to dress up? Yao Feng bought it a few times, and Wang Yunzhi scolded him a few times.

She said that he was being wasteful, and that she did not need it.

Later, Yao Feng stopped buying.

Actually, how could a woman not like to be beautiful? However, the environment at that time forced her to ignore this. It was already good enough that she could settle her meals, so she couldn't care about anything else.

At that moment, the days at home finally turned for the better. Wang Yunzhi's nature was finally liberated. After going out for a while, she seemed to have been reborn. It was as if it was the first time Yao Feng had met his wife. His eyes were about to fly out.

On the other hand, Jiang Chunfen sent the two of them home and drove straight back to her home in Wanbao District.

The lights in the villa's living room were switched on. Jiang Chunfen parked the car in the garage and went home with a pile of shopping bags.

"Mom?"

A surprised voice sounded. It was the same tone Yao Jiachi had when he saw Wang Yunzhi.

Those who did not know would think that a stranger had entered the house.

Jiang Chunfen, who was changing her shoes in the courtyard, looked up when she heard the voice. When she saw Wang Zimeng, she smiled faintly and shook her long, wavy hair. "Do I look good?"

Jiang Chunfen and Wang Yunzhi had permed their hair into the same waves, but Jiang Chunfen chose a more stable grapevine color. It would look black at a glance, and one would only notice a faint purple under the sunlight or light.

She was wearing a long gold-and-black dress that she had bought in the afternoon. Jiang Chunfen had a tall figure. She was a natural clothes hanger. The long dress was exceptionally elegant on her. She looked charming and sexy as a girl in her twenties.

Other than her parents' wedding photos, Wang Zimeng had never seen her mother in a dress. Looking at Jiang Chunfen, who had such an outstanding temperament, Wang Zimeng was so agitated that she didn't know what to say. She only nodded hard. "Mom, you're too beautiful. You're so beautiful!"

Jiang Chunfen couldn't help but laugh when she heard this. Her vermilion lips curled up slightly, and her bright eyes seemed to bloom. She was bright and refined, and her temperament was outstanding.

This scene coincidentally fell into Wang Yunzhong's eyes.

There was unconcealed shock and fluctuation in his eyes. Looking at Jiang Chunfen in front of him, he felt a heat surge in his mind. His back instinctively straightened. The blood in his body surged, but he was also stiff and at a loss.

As soon as he opened his mouth, he said in a dry and hoarse voice, "*Chun...* Chunfen!"

Chapter 599: Men Are Greedy Creatures

When she saw Wang Yunzhong, the smile on Jiang Chunfen's face froze. She frowned and asked, "Why are you here?"

Wang Yunzhong's eyes flickered. He wanted to control his gaze on Jiang Chunfen, but he still couldn't help but look at her from the corner of his eyes.

It had been many years since he had seen Jiang Chunfen wear a dress. After being married for so many years, Jiang Chunfen had been busy with her family and career, so she had forgotten that she was a woman. Wang Yunzhong was even more so. As time passed, he seemed to have completely forgotten the beauty Jiang Chunfen gave him when they were dating back in university.

The tall and beautiful girl with a brilliant smile had been tortured into a mess by the prison of a family. Wang Yunzhong couldn't think of a reason he had once fallen in love with Jiang Chunfen.

However, at this moment, looking at Jiang Chunfen in front of him, Wang Yunzhong's heart, which had long stopped beating for her, trembled uncontrollably again.

Although she was not as young and cute as Xu Qianqian and did not know how to act spoiled, the sexiness and charm that Jiang Chunfen had at her age were also things Xu Qianqian could not bring him.

Men are greedy animals. They wanted this, that, and everything.

However, Wang Yunzhong was not muddled by the situation. He knew he had already divorced Jiang Chunfen.

Wang Yunzhong swallowed a mouthful of saliva and pretended to be calm as he said, "I'm here to bring Zichen home."

Before Jiang Chunfen could say anything, Wang Yunzhong quickly explained, "I wanted him to stay here for a few more days, but my parents moved to my place. The old lady misses her grandson, so I came to pick him up."

Perhaps because Jiang Chunfen's image had changed, it was rare that Wang Yunzhong's tone was gentle and patient.

Jiang Chunfen nodded and put the shopping bags aside. "Alright, since the old lady asked you to pick him up, let him go back with you."

"Zichen isn't at home. I've been waiting for him for two hours," Wang Yunzhong said.

Jiang Chunfen entered the living room in her slippers and poured herself a glass of water. She took two sips before turning to look at Wang Yunzhong. "If you want to continue waiting, sit here and wait. If you don't want to wait, I can send him back tomorrow."

"Where did your brother go?" Jiang Chunfen asked Wang Zimeng.

Wang Zimeng pursed her lips and said, "I don't know. He might have gone out to play with his classmates. He left in the afternoon and never came back."

Jiang Chunfen: "Give him a call."

Wang Yunzhong: "I did. His phone is out of service."

At this time, one still had to use prepaid phone cards. It was not convenient. If the phone was out of service, they could not renew the card so quickly.

Jiang Chunfen thought for a moment and had no other choice. She said to Wang Yunzhong, "Do as you deem fit. I have to make dinner for Zimeng."

Wang Yunzhong instinctively said, "I haven't eaten either."

Jiang Chunfen: "..."

Although she despised it in her heart, on second thought, it was just a meal. She was not that unreasonable.

She nodded. "Alright, I'll go upstairs and change my clothes first."

After saying this, Jiang Chunfen walked gracefully up the stairs to the second floor. Wang Yunzhong looked at her back and watched her disappear without blinking..

Chapter 600: Inviting a Friend to Our House as a Guest

“Dad!”

Wang Zimeng suddenly jumped in front of Wang Yunzhong, who was in a daze.

“Huh?” Wang Yunzhong quickly hid the emotions in his eyes and pretended to be calm as he looked at his daughter.

“Do you think my mother is especially good-looking today?” Wang Zimeng asked with a smile.

The corners of Wang Yunzhong’s mouth twitched, and he exhaled lightly. However, he didn’t answer this question and just returned to the sofa to sit.

Seeing this, Wang Zimeng only pouted and said nothing. Anyway, she felt that her mother was simply beautiful today. She hoped that her mother could be so beautiful every day in the future.

...

At this moment, in the Ji family mansion.

At the dining table, Old Master Ji and Ji Haoxue were having dinner together. Although there were only two people at the table, the atmosphere was not cold. The two of them were talking and laughing. With his granddaughter accompanying him, Old Master Ji’s mental state had improved a lot recently.

Ji Haoxue was even more so. Ever since she saw Jian Yu last time, the knot in her heart had finally been resolved. She no longer felt depressed every day.

Seeing Haoxue’s obvious change, Old Master Ji could not help but ask curiously, “Why? You seem to be in a particularly good mood these few days. What is there to be happy about? Quickly tell Grandpa.”

Ji Haoxue pouted playfully and smiled. “Nothing special. I just made a new friend recently, so I’m a little happy.”

“New friend?” Old Master Ji nodded slightly. “It’s good to make a new friend. Is it a boy or a girl?”

“A girl,” Ji Haoxue said. “It’s the girl who took the wrong cake on Brother’s birthday. We met again later. Grandpa, don’t you think we’re fated?”

Old Master Ji was stunned. Then he blinked cutely and laughed out loud. “There’s such a thing? It’s fate.”

As soon as he finished speaking, he said to his precious granddaughter, “You’ve been abroad for three years. You don’t have many friends in the country. I’m happy for you to have a friend. When you have time later, you can invite your friend to our house as a guest.”

Not just anyone could enter the Ji family’s mansion.

However, the old man doted on Ji Haoxue, so he naturally thought that her happiness was above all and did not care about these small details.

“Alright, thank you, Grandpa!” Ji Haoxue was delighted. She was just worried that she couldn’t find a reason to be close to Sister Xiao Ai. If she could invite her to their house as a guest, their relationship would improve.

In a suite on the top floor of Wanhao International Hotel in Haicheng District, Carl and the rest were gathered in the living room, discussing something.

It had been a few days since they came to Baiyun City. In order not to be discovered, they would change hotels every day. They rarely went out and only relied on George’s computer skills to track the target’s movements.

They were all experienced mercenaries, but this mission was very important, so they had to be more careful.

“How much longer do we have to wait? I’m going to be moldy if I stay in the hotel all day.” Helena was wearing silk pajamas. She sat with her long legs crossed and leaned against the sofa casually.

“The target hasn’t left the house. Are you going to sneak into the target’s house?” Carl looked at Helena impatiently.

Helena pursed her lips indifferently. “I know you’re careful in your actions, but don’t forget that a long night is fraught with dreams.. We’ve been in Baiyun City for some time, and someone might have already discovered us.”
