

## At School 611

### Chapter 611: Lei's Terrifying Ability

However, not only was Carl not grateful for Jian Ai's 'benevolent' suggestion, but he even felt that he had been insulted.

It was the same for Helena and George.

They were killers who wandered in the darkest corners of the world. They carried the determination to die for every mission. Even if they failed, they were ready to give their lives to the organization.

Hand over the target they just got? This undoubtedly insulted their professional dignity as killers.

Life was the most worthless thing in their eyes!

"If you want it, come and snatch it with your abilities!" Carl said coldly. His legs were slightly parted and as wide as his shoulders, as if he was ready to fight at any moment.

Seeing this, Jian Ai frowned slightly. Almost in an instant, she gave up the idea of negotiating with the other party because, from Carl's tone and the firmness in their eyes, she knew that just talking was useless.

She initially wanted to resolve the issue peacefully, but now, even if she didn't want to provoke this trouble, she had no choice but to end it in their way.

Taking a step back, Jian Ai whispered, "Don't hurt the hostage."

These words were like an arrow of command. In the next second, Si Yuehan had already disappeared from the spot. His speed was so fast that he left behind an afterimage that slowly disappeared.

The air around them suddenly became dangerous. Si Yuehan's strange movement technique shocked Carl and the rest, but they had to be careful at all times because the youth in black had disappeared. However, they knew he had not really disappeared but was moving quickly around them. However, he was so fast that they could not catch him.

At that moment, they completely believed that this youth in black was an abnormal existence like Lei. It was just that their special abilities were different.

"Lei, attack when it's time!" Carl said to Lei.

It was obvious that Si Yuehan was so powerful that they had no choice but to use their trump card.

When Lei heard this, the corners of his mouth curled up into a strange smile. The powerful force in his body instantly spewed out. His blue hair was completely standing up, and they could see white electric currents flowing in his hair, making crisp, crackling sounds.

This scene shocked Jian Ai and the rest.

This blue-haired man actually had such extraordinary abilities?

Without waiting for anyone to react, Lei raised his hand slightly. Dark clouds slowly filled the sky above his head, and thick bolts of lightning exploded in the sky. It was extremely terrifying.

With a wave of his hand, a bolt of lightning struck ten meters to Karl's left.

Bang! Black smoke immediately rose from the ground. A three-meter wide and one-meter deep pit appeared in front of them!

Bang!

Another bolt of lightning struck fifteen meters behind Helena. A three-meter wide and one-meter deep pit similarly appeared!

Bang!

Bang!

Bang!

One after another, the heavenly lightning kept smashing down from the sky. Not long after, over ten huge pits formed on the ground around them.

Jian Ai's expression could be described as dumbfounded. The other party's ability was so powerful.. Lightning flashed and thunder rumbled in the sky, but with a raise and a wave of his hand, he easily controlled the lightning as a weapon.

Chapter 612: Chi Yang Strikes!

Furthermore, looking at the huge pit that the lightning left behind wherever it went, it was sufficient to know the might of the heavenly lightning. If one was unfortunately struck, there would be no chance of survival.

And this might not be his full strength.

However, Jian Ai also discovered that although Lei was powerful, he could only control one bolt of lightning at a time. Otherwise, he should have completely controlled multiple bolts of lightning to attack at the same time. No matter how fast Si Yue was, he could not avoid the strikes.

What Jian Ai cared about the most was that although Lei's attacks looked disorderly, in reality, every spot where the lightning landed was where he had captured Si Yue. This was because Jian Ai could see Si Yue's location with her eye technique.

With Lei holding him back, Si Yue had no chance to attack. He was fully occupied with avoiding the lightning.

This scene was as weird as a science fiction movie. Even Jian Ai, who had twelve top-notch mental cultivation techniques, couldn't accept it.

Jian Ai instinctively raised her heart. Although she believed in Si Yue's strength, she did not know how many cards Lei had. She was worried that Si Yue would make a mistake and be hit by the lightning.

At that time, even Xiao Zhen would be helpless.

At this moment, Chi Yang suddenly stood up.

He suddenly opened his hands, and a blue halo slowly lit up in front of his left palm. The halo rotated rapidly in a spiral, and a blue light flashed across Chi Yang's eyes. He shouted, "Tide Life Technique, the source of speed!"

Si Yue, who had used the power of darkness, immediately felt his body become light. His speed increased by about fifty percent, and his movements became even faster.

This was not the end. A red halo lit up in front of Chi Yang's right palm. The halo also spun rapidly in a spiral. The blue light in his eyes faded, and a red glow flashed across them again. He shouted, "Tide Life Technique, the source of strength!"

In the next moment, Si Yue felt a heat wrap around his body, and he was filled with strength.

Bai Zhou had brought him to Qiusi a long time ago. In the ancient sect, other than Bai Zhou, the person he was most familiar with was Chi Yang, who was always by Bai Zhou's side. However, after so many years, he had never known Chi Yang's true abilities.

At that moment, everyone suddenly understood that Chi Yang was a helping member of the ancient sect. This ability was like gold. No matter who he paired up with, he could make all the other party's abilities soar!

Si Yue's speed was already faster than the speed of lightning. He finally had an opportunity to attack the other party.

Carl and the rest initially thought that with Lei around, they could wait to collect the other party's corpses. Unexpectedly, at this moment, a thick murderous aura assaulted them.

Seeing this, Lei's expression turned stony. He waved his hand, seemingly inadvertently. The lightning did not fall, but a layer of light blue light that flickered with lightning surrounded Carl and the rest.

In the next second, Si Yue's fist, which was infused with powerful strength, suddenly smashed into the light barrier. In an instant, a strong airflow exploded, raising a sandstorm.

When Carl and the rest inside the light shield saw this scene, their hearts immediately sped up. If not for Lei's quick reaction just now, no matter who they were, their internal organs would probably have shattered after receiving this punch, right?

With Chi Yang imbuing the source of power into Si Yuehan, every attack he unleashed was extremely terrifying!

Chapter 613: Xiao Zhen Joined the Battle

At the same time, Jian Ai was more certain of her thoughts.

Perhaps because Lei's abilities were too powerful, he could only use one move each time.

Previously, when he summoned the lightning, only one bolt would land. Just now, to protect Carl and the rest, he could only form a protective shield and could not summon the heavenly lightning to retaliate.

This was also a disadvantage of Lei's heaven-defying ability. He could only use one move at a time.

When Si Yue struck, he revealed his true body. Lei saw the opportunity. As he instantly eliminated the protective shield, he struck a lightning bolt again.

With a bang, another huge pit appeared where Si Yue was just now. The pit was less than two meters away from Carl and the rest.

Si Yue had long disappeared from the spot.

At this moment, Xiao Zhen, who had been observing and looking for an opportunity, made a move. His slightly long black hair started dancing without wind. In the next second, thick smoke with a pungent smell slowly filled the area where Carl and rest were.

The thick smoke appeared out of thin air and a strange dark green color suffused them. Just looking at it, one could think of poison.

At this moment, even the indifferent expression on Lei's face changed.

Each of the four people on the other side had extraordinary abilities?

Even he felt it was a little tricky now.

This time, Carl and the rest's mission goal was to kidnap Ji Haoxue, while Lei's goal was to protect Carl and the rest.

Therefore, among Si Yuehan and his companions, Lei naturally knew who was more important. He immediately waved his hand and tried to dispel the poisonous gas that spread.

Carl and the rest instinctively held their breaths. Facing Si Yue and Xiao Zhen, even if they were top international assassins, they knew they had no chance of fighting back.

This was like the difference between man and god!

Not only were they unable to help, but they had also become a burden to Lei.

At this moment, Si Yue seized the opportunity and attacked again.

He did not aim this blow at Carl and the others, and instead was aimed at Lei.

Obviously, Si Yue had also discovered the drawbacks of Lei's abilities. If he wanted to protect his companions, he could only expose himself to his weakness.

Si Yuehan's body instantly appeared in front of Lei. Instead of his face, a flying leg came from the air and aimed at Lei's chest.

However, this time, Lei did not dodge. The only move he could use was to protect his companions from the thick smoke, while he used his body to withstand Si Yue's attack.

“Pfft!”

Lei's body seemed to have taken root in the spot. Even Si Yue's attack, enhanced by Chi Yang's ability, did not make him move at all. However, the fresh blood he spat out proved he had sustained an injury.

At the same time, because of the immense strength, Si Yuehan's body was sent flying. Seeing this, Xiao Zhen quickly retracted his hand. The poisonous smoke dissipated, and Xiao Zhen took a step forward to catch Si Yuehan.

After landing, Si Yuehan frowned imperceptibly. His legs under his black pants were trembling slightly, and even his arms were shaking.

His gaze landed on Lei gloomily. Si Yuehan knew that after his body made contact with Lei, it felt as if his body had been electrocuted.

This person had lightning on him.

Chapter 614: Your Performance Is Over!

Now, he could only feel his legs go numb, and he was on the verge of losing consciousness.

Even Si Yuehan had to admit at this moment that this blue-haired foreigner was so powerful that he could only cause him harm with Chi Yang and Xiao Zhen's help.

“Lei, are you okay?!”

When Carl and the rest saw that Lei was injured, they were shocked. This was the first time they had seen someone who could make Lei bleed.

If not for that, they could do nothing and rely on Lei's protection, and such a situation would not have happened. Carl and the other two could not help but blame themselves.

The pink tip of his tongue licked the blood at the corner of his mouth, and an expression finally appeared on Lei's face.

Anger, bloodthirstiness, and murderous intent!

Someone who could make him look so pathetic was unforgivable!

Ignoring his companions' concerns, Lei's eyes shone with blue light. The lightning surrounding his body suddenly became violent, and the airflow in the entire space seemed to become chaotic. Waves of rapid wind whistled past, raising sand and dust that covered the sky, instantly blocking everyone's vision.

This powerful and strange power shocked Jian Ai and the rest.

Jian Ai was injured, and Si Yue's legs were numb. Even without these objective factors, they had no ability to resist this natural power.

How powerful was this Lei?

At this moment, Lei was already on the verge of going berserk. In so many years, this was the first time he had tasted blood.

In the sand and dust, the ground cracked. A powerful electric current pushed the sand and dust from the ground. Like a violent dragon swimming underground, it quickly rushed towards Jian Ai and the rest.

Facing this powerful attack, unless Jian Ai and the rest could fly or burrow into the ground, they could not resist it.

Chi Yang gritted his teeth, and fierce green divine light burst out from his body. His tone seemed to carry the resolve to face death head-on. He wanted to protect the two lords and the Sect Master behind him, so he shouted, "Divine Power, Mystic Turtle Shield!"

This was the strongest defensive technique among Chi Yang's supportive abilities. With a turtle's cry in the air, a huge green translucent turtle's shell appeared in front of Jian Ai and the rest.

The Mystic Turtle was one of the four ancient divine beasts. It was rumored that its shell could withstand all attacks, and even the flames of the Vermillion Bird could not hurt it.

However, with Chi Yang's current ability, he could not completely control this move. If he went head-on with the heavenly lightning that was infused with Lei's full strength, even if he could withstand this strike, he would probably suffer a backlash from the divine power and die on the spot.

The lightning was extremely fast. In the blink of an eye, it was about to collide with Chi Yang's Mystic Turtle Shield. Chi Yang gritted his teeth and resolutely closed his eyes.

Looking at all of this, for the first time, Jian Ai felt hatred for herself in her heart. As the ancient sect master, if she were powerful enough to master all the top-notch mental cultivation techniques, she would not have placed herself and others in such a situation where they were at the mercy of others.

However, at this critical moment, the bolt of lightning suddenly turned around and returned the way it came!

Before anyone knew what had happened, they heard a bang. Lei could not dodge in time, and the lightning bolt that boomerang back to him struck that he flew out on the spot.

Under the blurry vision of the sandstorm, a tall and slender figure in a black suit slowly walked out.. At the same time, a bitter voice sounded out of thin air. "Your performance is over!"

## **Chapter 615: What Kind of Sinful Fate Was This?**

The sand and dust gradually dispersed, and the outline of the man who had suddenly appeared became more obvious. As the target appeared in front of her, Jian Ai immediately gasped.

*Ji Haoyu!*

Why was it him?

Ji Haoyu's expression was cold, and the aura around him differed completely from before. If not for the face engraved in Jian Ai's mind, she would have suspected whether or not this murderous man was Ji Haoyu.

An idea flashed in her mind, and Jian Ai suddenly woke up.

Haoyu!

Haoxue!

Could Haoxue be Ji Haoyu's sister?

Oh my, what kind of sinful fate was this? The person she risked her life to save was Ji Haoyu's sister!

Not that she would not have cared if she had known, but why did she have to be related to this man in everything?

Jian Ai also realized that behind Ji Haoyu was an extremely young girl.

That's right. It was not a woman, but a very cute girl.

The girl looked to be about eight or nine years old. She was wearing a white and gorgeous princess dress. However, she was not standing behind Ji Haoyu, but riding on the back of a huge Alaskan.

In the next second, the girl looked at Lei, who had climbed up from the ground over ten meters away, with disdain on her face. "Long time no see, defeated opponent!"

Her voice was as tender and cute as her image, but what was with that arrogant tone?

Perhaps because of his abilities, even if Lei was hit by her strike, his life was not in danger.

He stood up shakily, but the moment he saw the girl, fear filled his eyes.

The fear was exceptionally real, as if someone had seen what they were most afraid of. When Jian Ai and the rest saw this, they immediately frowned and looked at the girl.

*Who was this girl?*

Could it be that the person who suddenly changed the direction of the lightning was this girl?

If that was the case, it made sense. Someone who could make Lei suffer the consequences indeed had the capital to make him afraid.

Moreover, from the girl's words, this was not the first time that this girl had defeated Lei!

However, Jian Ai felt as if the entire world had become a fantasy. At first, she thought she was the only abnormality in the world until she met Bai Zhou.

Today, she knew that there were others in this world who had special abilities. She did not know if others had mental cultivation techniques or superpowers. In short, they were like her, different from ordinary people!

Ji Haoyu's gaze landed on Ji Haoxue, who was sandwiched under Carl's armpit. As if her mental burden had exceeded the load, Ji Haoxue had already fainted.

A cold glint flashed across his eyes. In the next second, Carl grunted and fell straight down!

“Carl!”

Helena and George exclaimed and quickly ran to Carl’s side. However, a pool of blood flowed out of his mouth. Carl didn’t even feel any pain before he died!

*Who was he?*

*How did he do it?*

The girl behind Ji Haoyu raised her hand slightly and controlled Ji Haoxue’s body to float towards Ji Haoyu.

Ji Haoyu took it gently and hugged his sister lightly. There was no emotion in his eyes as he said to the other party coldly, “I’ll only kill one person today. Go back and tell Adolf that if he wants to seek revenge, the ‘Blaze’ organization will welcome him anytime.. But if he dares to play such despicable tricks with me again, I’ll make him regret coming to this world!”

Chapter 616: Head of the ‘Blaze’ Organization

Xiao Zhen and Chi Yang also frowned slightly. Their gazes landed on the cold and arrogant Ji Haoyu. They did not expect to meet him in Baiyun City.

Jian Ai’s mind was a little dizzy. Hearing Ji Haoyu’s words, she was even more confused. She had never heard of this ‘Blaze’ organization.

However, the only thing that made her feel relieved was that Haoxue had safely returned to Ji Haoyu’s side.

As if her tensed nerves had finally relaxed, Jian Ai felt that the things in front of her were gradually becoming blurry. Her surroundings seemed to collapse, and her body was weightless.

After holding on for a few seconds, Jian Ai finally blacked out.

Si Yuehan quickly supported Jian Ai’s limp body. A trace of worry flashed across his cold eyes as he looked up at Xiao Zhen.

Seeing this, Xiao Zhen said slowly, “Let’s go back first.”

No matter who the other party was or what grudges they had, it had nothing to do with them.

It seemed that the matter had already ended, so there was no point in staying.

Ji Haoyu naturally saw Jian Ai at the first moment. When he rushed over, he only saw sand, dust, and rapidly cracking ground. Ji Haoyu did not know what had happened beforehand.

Therefore, he was also surprised that Jian Ai was present, especially since she was in a weak state and seemed to be injured.

“Do you need help?”

Ji Haoyu still looked at Xiao Zhen, and the rest as he asked. No matter what, he could not completely ignore Jian Ai.

Xiao Zhen met Ji Haoyu's cold face and a trace of vigilance filled his eyes. "No need. Thank you."

The first two words were to keep a distance from a dangerous man like Ji Haoyu.

The last two words were to express his gratitude to Ji Haoyu for helping her during the crisis just now.

Although he did not know what had happened just now, it was obvious that the man in front of him and the girl riding the dog behind him had stopped the raging thunder.

Otherwise, the person lying on the ground might be Chi Yang.

Ji Haoyu did not insist because Xiao Zhen and Chi Yang looked like reliable people and should take good care of that girl. In front of him, he was most worried about Haoxue in his arms.

1

Ji Haoyu looked deeply at Jian Ai, who was leaning on Si Yue after she had fainted. He turned around without batting an eyelid.. "Sugar, let's go."

1

## **Chapter 617: It's a Miracle To Be Alive!**

When Sugar heard this, she smiled with her cute curved eyes and looked at Lei, who was in a sorry state, and said in an extremely innocent tone, "This is the second time I've let you off. There won't be a third time!"

In other words, if there was a third time, she would kill him.

Lei dragged his heavy body, and a haze flashed across his face. However, a trace of joy rose in his heart, a trace of joy from surviving a calamity.

"We're leaving. Goodbye!" Not only that, but Sugar didn't forget to wave goodbye to Xiao Zhen and the others. Although she didn't know them, they seemed to be on the same side, so she still had to have basic courtesy.

Looking at the flawless smile on Sugar's face, Xiao Zhen and the others blinked inexplicably.

"Let's go, too. The Sect Master needs treatment," Xiao Zhen said to the others after he had regained his senses.

After they left, Helena sat on the ground powerlessly. Her eyes were dull and weak, and she was no longer arrogant.

The mission failed, Carl died, and the 'Blaze' organization. Every matter was enough to crush their pride as top international killers.

The most terrifying thing was that the enemies they faced today were all anomalies like Lei. It was already a miracle that they were still alive.

...

At night.

In the brightly lit villa, Ji Haoxue lay on the wide and soft bed with a frown. Her eyebrows were knitted closely together, and her eyes rolled under her eyelids from time to time. It was as if she was resting uneasily. Not long after, dense cold sweat seeped out of her wrinkled face.

Ji Haoyu stood by the bed with his arms crossed. A trace of heartache flashed across his deep eyes.

From the moment the killers entered Baiyun City, he had already completely grasped the other party's movements. He knew Adolf would return for revenge, so although he had used the image of a worthless Young Master Ji to hide his identity in front of others these two years, he did not slack off at all.

He initially thought that the other party was after him, so he made the first move. He sent someone to attack the other party at a hotel in Baiyun City.

However, he did not expect that the other party's target was not him but Haoxue.

The International Killer Group was a legendary organization that had once dominated the top of the assassin world. Ji Haoyu did not expect the other party to use such a filthy method. As the saying went, a rabbit would bite when it was anxious. Ji Haoyu blamed himself very much. He almost had to pay a painful price for his negligence.

The doctor took out the thermometer from Haoxue's armpit and turned around to say to Ji Haoyu, "Young Master Ji, your sister has a low fever and has been sweating. She's talking in her sleep sometimes. She might have been too frightened."

"Is she okay?" Ji Haoyu asked in a low voice.

The doctor shook his head. "Don't worry, there's no big problem. She just needs to rest for a few days and she'll recover."

"Thank you, Doctor Chen. I have troubled you to have made this trip."

"Young Master Ji is too polite."

Ji Haoyu sent Doctor Chen downstairs. In the living room downstairs, a shiny and smooth Alaskan was lying on the sofa and dozing off. On the sofa, Sugar curled up in the corner and looked at the two people coming down from upstairs with wide eyes.

After Doctor Chen left the villa, Sugar poked her head out of the sofa and looked at Ji Haoyu. "Brother Haoyu, is Sister Haoxue okay?"

Ji Haoyu walked to the sofa and sat beside Sugar. Hearing this, he smiled and raised his hand to stroke Sugar's head. "She's fine.."

Chapter 618: Little Demoness, Sugar!

Sugar exhaled and nodded. "That's good."

Sugar was from Country Z. She was nine years old this year. Although she looked harmless and was a cute little girl, she was actually a little demoness with heaven-defying strength. She was also the youngest member of the 'Blaze' organization.

The initiator of the plan to annihilate the International Killer Group was the former top international killer, Blood Moon. She was the current leader of the three biggest gangs in Asia, Country Z's Hongfan Society. Her real name was Mu Yao! And Mu Yao was Sugar's sister!

In other words, two years ago, Sugar was only seven years old when she took part in the siege of the International Killer Group!

In the war two years ago, Lei suffered a crushing defeat at Sugar's hands. However, Sugar still had a childish heart and did not kill Lei, but let him live.

Therefore, after the night attack, Ji Haoyu guessed Lei's identity after hearing his subordinates describe the person with strange behavior.

Then he contacted Sugar and asked her to come over personally to meet her old opponent.

The result was obvious. Sugar still defeated the enemy in one move. Perhaps because of her ability, Lei's attack was useless in front of Sugar, and there was no chance of winning.

This was also why Lei was so afraid when he saw Sugar.

"Brother Haoyu, the ability we saw today is so interesting. Why don't we let him join us?" Sugar looked at Ji Haoyu and suggested with sparkling eyes.

The person with an interesting ability she was talking about was Chi Yang.

When the two of them arrived, they bumped into Chi Yang using his strongest defensive technique, the Mystic Turtle Shield. That light green turtle shell looked powerful.

Ji Haoyu smiled and said, "How can we casually invite others to join us? We're not a good organization with a positive outlook."

The 'Blaze' organization never accepted new members easily. Ever since Ji Haoyu established the organization, there were only eight people in the entire organization at most. One of them died when they annihilated the International Killer Group, and there were just seven people in the organization now.

"Because he's interesting!" Sugar shook her little head and said seriously.

Ji Haoyu also felt that Chi Yang's ability was interesting. Not everyone in the 'Blaze' organization had special abilities, so it was indeed precious to meet one.

However, as Ji Haoyu had said, their organization didn't have a positive outlook. Moreover, they still had an irreconcilable hatred with the former top International Killer Group. If they dragged innocent people in now, they would only cause trouble.

"Something more interesting is coming soon!" Ji Haoyu raised his handsome eyebrows slightly, making Sugar look puzzled.

As soon as he finished speaking, the doorbell of the villa rang.

"I'll open the door!" Ji Haoyu said and stood up to walk towards the door. Seeing this, Sugar quickly held the back of the sofa and poked her head out to look.

The door opened. Standing outside was Wu Bi, who was dressed casually but had a serious expression.

There was also Xing Li, who was wearing a black leather coat and pants with an agitated expression.

"Boss!"

1

As soon as she saw Ji Haoyu, Xing Li screamed in an exaggerated tone. If she didn't know that Ji Haoyu didn't like others to be too close to him, she might have jumped onto him.

Wu Bi was much calmer. He lived in the same city as Ji Haoyu. Although they had never seen each other in the past two years, he would still occasionally see news about the Ji Group in the newspaper. From time to time, Ji Haoyu's photo would be posted.

Wu Bi nodded and said calmly, "Boss."

Chapter 619: Reunion Two Years Later

When Ji Haoyu saw his long-lost companions, a trace of fluctuation flashed across his heart. The smile on his face became much more genuine. He opened his arms and pulled the two of them into his arms.

"Long time no see!"

This greeting was somewhat heavy, but it included Ji Haoyu's infinite feelings for the two people in front of him.

"Brother Wu Bi, Sister Xing Li!"

At this moment, Sugar's surprised voice suddenly echoed when she saw the two people outside the door. She jumped down from the sofa barefoot and ran over with her short legs.

"Sugar?"

Wu Bi and Xing Li were shocked before joy filled their faces.

Wu Bi immediately squatted down and picked up Sugar, who had rushed into his arms.

Sugar's tender arms wrapped around Wu Bi's neck. She looked at the two of them with red eyes and said, "Brother Wu Bi, Sister Xing Li, Sugar misses you!"

Xing Li reached out and pinched Sugar's cute face in excitement. "You little thing. Why did you appear without a word?!"

"You've grown taller and heavier!" Wu Bi also had a doting look on his face. It was obvious that Sugar was like a group pet in the 'Blaze' organization.

1

"Come in first," Ji Haoyu turned around and said to the two of them.

After entering the villa, Ji Haoyu poured two glasses of wine and handed them to Wu Bi and Xing Li. Then, he looked at the two of them with a gentle expression and asked, "How have you been these two years?"

Wu Bi and Xing Li couldn't help but look at each other and smile bitterly.

First, Wu Bi said, "I'm fine. Tiankou Society is quite famous in Baiyun City. I believe you have heard of it."

Ji Haoyu nodded. Although the two of them had not seen each other in the same city for two years, Ji Haoyu had always been paying attention to his companions.

Including the attack on Wu Bi.

"Did the people from the International Killer Group look for you before?" Ji Haoyu asked calmly.

Wu Bi was not surprised and nodded gently.

It was also at that time that he dealt with three killers alone. After killing them with all his might, he appeared in Jian Ai's breakfast stall in South City, covered in blood.

At this moment, Xing Li looked at Ji Haoyu and asked, "Boss, why did you suddenly want to see us?"

When she suddenly received Ji Haoyu's call today, Xing Li's first reaction was not excitement, but guilt.

She thought that the boss had found out that she had come to Baiyun City to look for Wu Bi without permission. Was he going to give her a 'lesson'?

However, after seeing Sugar, Xing Li felt relieved. It seemed that the boss suddenly wanted to see them because there was serious business.

"The International Killer Group is looking for me too!" Ji Haoyu said softly.

Wu Bi and Xing Li were shocked when they heard this. There were seven people in the organization, and each of them had an extremely mysterious identity. How difficult was it to investigate the truth?

Take Ji Haoyu, for example. Who would have imagined that the eldest grandson of the Ji Group was the leader of the 'Blaze' organization?

Adolf was not a simple person. He could find out the boss's identity!

Wu Bi asked, "Did they attack you?"

Ji Haoyu shook his head. "I thought they were after me. In the end, they were after the people within my circle."

Without waiting for the two of them to ask, Ji Haoyu said, "The other party came to kidnap my sister this time. At noon today, they almost succeeded!"

Hearing the word 'kidnap,' it immediately shocked Wu Bi and Xing Li. The scene that happened at Baiyun Square today flashed across their minds.

They looked at each other.. Xing Li even had goosebumps instantly. Could it be that the person who was kidnapped in front of them today was their boss' sister?

Chapter 620: This World Is Really Small

This thought made Wu Bi and Xing Li shudder.

If that was the case, wouldn't it be that their boss's sister was kidnapped in front of them and they did nothing?

Although they could not do anything about the situation at that time either.

Wu Bi was wearing slippers. Even if he chased, it would be useless.

What bothered Wu Bi the most was that after what happened, he had been waiting for Xiao Ai to return to Baiyun Square, but no one came. He called Xiao Ai, but the call did not connect.

If the incident they met at noon was what the boss said, that meant that the people in the car Xiao Ai was chasing were top killers from the International Killer Group!

As soon as this thought appeared, Wu Bi immediately bounced up from the sofa.

He felt uneasy that he couldn't contact Xiao Ai, but he also comforted himself that there was no way a bicycle would catch up to a motor vehicle. Xiao Ai must have something else to do, so she didn't return to Baiyun Square.

However, Wu Bi could no longer calm down, nor could he think about who was faster and who was slower. The other party was from the International Killer Group. These people killed without batting an eye. If Xiao Ai encountered them, he would not dare to imagine what would happen!

Seeing Wu Bi's sudden reaction, Xing Li knew he was worried. She gently patted his wrist and comforted him. "Don't worry. Let the Boss finish his words first."

Ji Haoyu frowned slightly and looked at Wu Bi in confusion. "What's wrong?"

Wu Bi clenched his fists and said in a low voice, "We met with a sudden kidnap at Baiyun Square at noon today. The other party was quick, that took the person away in the car in the blink of an eye. Xing Li and I didn't even see if the person they abducted was male or female."

"My sister was there too. The person who got abducted should be her friend, so she chased after them on her bicycle. I was worried..."

Wu Bi did not finish speaking, but the meaning was obvious.

Ji Haoyu was also stunned. He clearly remembered that in the desolate land where the incident happened today, there was indeed a strange bicycle that had basically fallen apart!

However!

Ji Haoyu looked at Wu Bi and asked, "Your sister?"

He knew that Wu Bi had a sister, but his sister had died in a car accident over ten years ago, right?

"She's not my biological sister," Wu Bi explained.

Ji Haoyu nodded in understanding. If it was, as Wu Bi had said, it should not be difficult to guess who the sister he was talking about was.

"Her name is Jian Ai?" Ji Haoyu curled his lips slightly and revealed a meaningful smile. He thought to himself that this world was tiny.

When Wu Bi heard this, his eyes lit up. "That's right. Boss, you saw her?"

Ji Haoyu nodded. "She's fine. Don't worry."

She didn't tell Wu Bi about Jian Ai's injury because he was afraid that he would worry.

However, Ji Haoyu was more concerned about how Jian Ai caught up to that car on a bicycle.

Could she fly?

"Ah!"

At this moment, Ji Haoxue's frightened scream came from the bedroom upstairs.

When Ji Haoyu heard this, he quickly rushed upstairs. Wu Bi and the rest quickly followed.

He pushed open the bedroom door and saw that Ji Haoxue's face was pale. Cold sweat soaked her hair as she stood on the bed in extreme panic.

Her eyes were filled with horror, but also a little dazed. It was obvious that she had not woken up completely between reality and her dream..
