

## At School 621

### Chapter 621: Her Current Understanding of the World Was Overturned

“Haoxue!”

Ji Haoyu’s heart suddenly tightened. He hugged Ji Haoxue in his arms and patted her back to comfort her. “It’s fine. Brother is here. Don’t be afraid!”

Ji Haoxue’s faintly trembling body gradually calmed down when she felt the aura on Ji Haoyu’s body. The expression in her eyes gradually focused, and her entire mind seemed to slowly recover.

“Brother...”

Ji Haoyu gently let go of Ji Haoxue’s body and looked at her with an aching heart. “Brother is here. You’re fine.”

When she looked straight into Ji Haoyu’s eyes, the tears in Ji Haoxue’s eyes instantly fell. It completely released the fear in her heart at this moment, and she cried out without holding back.

Ji Haoyu gently pulled his sister into his arms again and gave her a sufficient sense of security with his firm chest and wide arms.

However, Ji Haoxue was crying when she suddenly thought of something. She panicked and said, “Brother, Sister Xiao Ai... How is Sister Xiao Ai?”

“She’s fine. Don’t worry,” Ji Haoyu comforted her softly.

Ji Haoxue relaxed when she heard this and continued to cry.

After some time, Ji Haoxue felt tired from crying and fell asleep in Ji Haoyu’s arms.

After settling Ji Haoxue down, Wu Bi walked forward and said, “Boss, Adolf is still quite afraid of you. The reason he attacked Haoxue was obviously to use Haoxue to restrain you!”

Xing Li nodded in agreement. “That’s right. Once he restrains you, it’s equivalent to restraining the remaining six of us. This old fox actually uses such dirty methods.”

Ji Haoyu’s expression was gloomy, and he hid most of his expression under the shadows. After a while, he only drawled, “Contact the others and ask them to be careful during this period.”

...

Jian Ai woke up three days later.

“Chi Yang made soup. Have some.”

In the black-and-white bedroom, Jian Ai leaned against the bed and reached out to take the soup Bai Zhou handed her.

At this moment, the pain in her body had completely disappeared, but she had not recovered her strength. The consequences of that hard collision were difficult.

She finished the soup in one gulp and handed the empty bowl to Bai Zhou. Then, Jian Ai asked, "Is everyone else okay?"

Bai Zhou shook his head. "They're fine. Don't worry."

Bai Zhou had already heard about it. Be it the 'Blaze' organization or the International Killer Group, he knew everything.

However, at this moment, Bai Zhou said nothing else. He didn't even blame Jian Ai for being too impulsive.

However, they could not help but feel a lingering fear in their hearts. They heard from Chi Yang that they met a very difficult opponent and almost died there.

Jian Ai sighed and said to Bai Zhou, "I want to rest for a while."

Bai Zhou nodded, stood up, and retreated.

Jian Ai lay on the bed alone and couldn't help but gradually fall into deep thought.

This matter overturned Jian Ai's current understanding of the world. At the same time, it let her know that with her current strength; she was not enough to protect the people around her. She had to think of ways to become stronger at a faster speed and in a shorter time!

Perhaps the ancient sect was not the only sect in the world. Perhaps there were abnormal humans with special abilities in every corner of this world.

In this boundless world, there were too many mysterious powers and extraordinary things that she did not know about. They were being revealed one by one in front of her eyes!

Chapter 622: Wang Yunfa Was Missing

Wanbao District, Guozhong Renovations Co., Ltd.

In the chairman's office.

Wang Yunzhong was burying his head in work on his hands. His expression was solemn. He had always been serious about the company.

A knock sounded on the door. Wang Yunzhong didn't even look up as he said, "Enter."

The person who pushed the door open and entered was a middle-aged man with dark skin. The man was wearing a work uniform covered in mud. This made Wang Yunzhong frown when he saw him.

"What's wrong, Old Wang?" Wang Yunzhong stopped what he was doing and looked at Old Wang.

Old Wang was the team leader of the company's renovation team two. He could be considered a senior figure under Wang Yunzhong, for he had worked in the company for many years. But because of his limited educational level, it was difficult for him to be qualified for a higher-level position. Therefore, over the years, he remained as a team leader.

However, Wang Yunzhong never mistreated him. His salary had increased a few times over the past few years, so Old Wang had no complaints about Wang Yunzhong.

As if knowing that he was covered in dust, Old Wang pushed the door open and stood at the door. He faced the questioning Wang Yunzhong and said, "Boss, our team is lacking people. Give me two more people. Otherwise, I'm afraid we won't be able to hand over the houses to the customers on time."

When Wang Yunzhong heard this, he couldn't help but be stunned. The number of people in every renovation team in the company was fixed, and everyone was in charge of different fields. As long as these people weren't lazy, there wouldn't be a situation where they couldn't hand over the customers' houses within the stipulated time.

"What's going on?"

As if sensing that something was wrong, Wang Yunzhong immediately frowned and asked.

Old Wang sighed and said helplessly, "Boss, I wanted to tell you about this a long time ago, but because of you, I thought to bear with it."

The more he listened, the more he felt that something was wrong. Old Wang had been in the company for so many years, and Wang Yunzhong knew him very well. He rarely caused trouble for himself. Even if there were any problems at work, he would work hard to resolve them by himself. It was very rare for him to find him.

Seeing Old Wang's embarrassed expression, Wang Yunzhong instinctively thought of Wang Yunfa.

"Is it Yunfa's problem?" Wang Yunzhong asked directly.

At that time, Li Xia begged Wang Yunzhong to arrange a job for Wang Yunfa in the company, so Wang Yunzhong sent Wang Yunfa to Old Wang's team and asked him to learn some skills from the bricklayer in Old Wang's team.

After he had team experience, he would find a reason to promote him to team leader. After all, he was his brother, and Wang Yunzhong still wanted to take care of him.

When Old Wang heard this, he nodded gently. "Boss, since things have come to this, I won't beat around the bush with you. Your brother didn't listen to me from the beginning. I won't argue with him because of you. If he doesn't work and skive, it's fine for the few of us to split his work among us."

"However, two weeks ago, he vanished. At first, I thought you knew about this. There was suddenly one less person on the team, and you would have assigned another to us. Unexpectedly, you did nothing so I guessed that he might have left without telling you."

Old Wang could not be bothered to mention the rest of the trivial matters. He believed the boss knew his brother's character, so there was no need for him to say anything.

When Wang Yunzhong heard this, a wave of anger immediately surged to his chest.. However, he definitely couldn't vent this anger on Old Wang.

## **Chapter 623: Alcohol Poisoning**

Taking a deep breath, Wang Yunzhong nodded gently. "I understand, Old Wang. I'll send two people to your team to help you catch up. You should have told me about this long ago. If I had known, I wouldn't have spared him!"

Old Wang waved his hand with a mentally and physically exhausted expression, as if he was unwilling to talk about it. Even if Wang Yunzhong said so, that kid was the boss' biological brother. If he really complained, the boss would be caught in the middle.

After Old Wang left, Wang Yunzhong's expression darkened.

Although it was harder to work in the renovation team, this useless bum Yunfa didn't have any other abilities. If he had some future prospects, as his elder brother, would he really send him to do such dirty and tiring work?

In the end, he was still a disappointing person. He secretly ran away in the middle and didn't even inform him. Without thinking, Wang Yunzhong could guess that this brat was angry at him for not getting back the courtyard.

First, he called the department and transferred two people to Old Wang's team. Then, he instructed the finance department to give everyone in Old Wang's team two hundred yuan as a bonus this month.

After hanging up the phone in the office, Wang Yunzhong took out his phone and dialed Wang Yunfa's number.

The call had just rung when the other party hung up coldly.

Wang Yunzhong glared at the phone and whispered, "You've really grown capable. You dare to hang up on me?"

Without giving Wang Yunfa a second chance, Wang Yunzhong threw his phone to the side and thought to himself, *'You better not beg me again!'*

At this moment, Wang Yunfa was smoking at home.

The small living room was filled with the pungent smell of cigarettes. Beer bottles were scattered all over the ground, and cigarette ashes were scattered everywhere, since the ashtray on the coffee table was already full.

Wang Yunfa had not showered for a few days. It was a hot summer's day, and a nauseating smell of sweat filled the entire house.

Li Xia had long returned to her maternal family in a fit of anger on the second day after Wang Yunfa stopped working. Wang Yunfa seemed to have been scarred by the demolition incident and could not recover from it. He led a depressed life.

However, it made sense. Wang Yunfa had been poor his entire life. The demolition could have made him rich overnight, but in the end, it was just a dream. The huge amount of demolition fee flew away in front of him like it had wings.

He was not a strong person to begin with, so he could not accept such a blow for a moment.

However, at noon the next day, the old lady called Wang Yunzhong to the hospital.

Wang Yunfa suffered from alcohol poisoning and almost died!

In the hospital's corridor, the old lady sat on the plastic seat and couldn't help but wipe her tears. The old man also paced back and forth with a worried expression. Although his youngest son was disappointing, in the eyes of the two elders of the Wang family, no matter how disappointing their son was, he was still a precious child. If anything happened to him, they wouldn't be able to withstand such a blow at their age.

1

"Dad, Mom, what's going on?"

In the distance, before Wang Yunzhong could approach, his voice was heard.

The old couple looked up and saw that their eldest son was here. The old lady pounced on him and shouted, "Yunzhong... your brother was poisoned... What's going on..."

Wang Yunzhong raised his eyes to look at the emergency room with the red light on. Then, he looked at his mother, who was crying so hard that she was panting.. His heart tightened.

#### **Chapter 624: Alcohol Poisoning (2)**

"What's going on? Mom, stop crying first!" Wang Yunzhong was relatively calm. He helped the old lady to sit at the side and asked, "What happened? What did the doctor say?"

The old lady was crying so hard that she couldn't say anything. The old man went forward and said with an obscure expression, "It's been a while since the matter with the house happened, but there's been no news from Yunfa. Your mother knew that he must be upset, so she said that she would see him today."

"In the end, when we reached Yunfa's house, no one opened the door, even when we knocked. Fortunately, your mother had a spare key. When she opened the door, Yunfa was lying on the sofa, foaming at the mouth and twitching non-stop."

As she spoke, the lights in the emergency room suddenly went off. The doctor took off his mask and walked out.

When they saw this, they quickly surrounded her. The old lady cried until her eyes were red. She quickly asked, "Doctor, how's my son?"

When the doctor saw the family members, he immediately revealed a relieved smile. "Fortunately, we sent him here in time. If it was half an hour later, he would have died!"

When they heard this, they immediately heaved a sigh of relief.

The doctor didn't forget to remind them, "From the looks of it, he probably only drank and ate nothing recently. Such a drinking behavior is harmful to the body. This time, he suffered from acute alcohol poisoning. This alcohol poisoning can't be underestimated. If it's light, he'll vomit and faint. If it's serious, he'll suffocate and die. In the future, you still have to persuade him not to drink like this."

"We understand. Thank you, Doctor." Wang Yunzhong looked at the doctor and nodded in thanks.

Soon, they pushed Wang Yunfa out of the emergency room. His face was pale, and he was so thin that he had lost his appearance. He had a breathing mask over his mouth, and he looked exceptionally pitiful and haggard.

The old lady's heart ached as she wiped her tears again.

However, the nurse did not give them as much face as the doctor just now. She immediately looked at them with disdain and said, "The patient looks like he hasn't showered or washed his hair for over ten days. Quickly help him wipe his body later. Be careful not to touch his breathing mask."

Wang Yunzhong could smell the pungent smell from afar. It was indeed difficult for the doctor and nurses to save him in such a situation.

Considering that the smell on Wang Yunfa's body would affect other patients, the nurse arranged for him to be alone in a multi-person ward.

"Where's Li Xia? Have you informed her?" Wang Yunzhong pulled the old man to the side as he asked.

The old man shook his head. "Your mother said that the house was very chaotic. It's obvious that no one has tidied it up for many days. Li Xia and your brother probably got into a fight and she went back to her parents' house!"

"We still have to tell her. Such a big thing happened," Wang Yunzhong said, although he looked unhappy.

After all, they were a married couple. No matter what, someone was going to die. How could she not come over to take care of him?

As expected, the old man called. When Li Xia, who was working in the factory, heard that Wang Yunfa almost died from alcohol poisoning, she was so frightened that she quickly applied for leave and ran to the hospital.

Not only that, but as sisters, Wang Yunmei and Wang Yunzhi could not ignore such a matter since someone almost died. As soon as Wang Yunzhi got off work in the afternoon, she came to the hospital with Wang Yunmei.

Ever since Wang Yunzhi managed her skin and knew how to dress up, she made herself pretty every day.

The moment they entered the ward, Wang Yunzhong and the two elders were shocked.

"Yunzhi?"

Looking at Wang Yunzhi, who had long, wine-red hair and was wearing a high-class long dress with a branded bag, the three of them didn't know what to say.

## Chapter 625: Wang Yunzhong Became Friendly

Wang Yunmei had given her clothes and bags, and they were all expensive. After Wang Yunzhi's image changed, her entire temperament instantly became more glamorous. The aura of a mature woman in her thirties was also vividly reflected on her.

Indeed, clothes make a man. There were no ugly women, only lazy women.

Even if she could not compare to Wang Yunmei, compared to other women her age, Wang Yunzhi was clearly outstanding.

However, Wang Yunzhi didn't care about their gazes. She only asked anxiously, "How's Yunfa?"

"He's not awake yet, but the doctor said that he's fine," Wang Yunzhong retracted his surprised expression and whispered.

After what had happened before, Wang Yunzhong's attitude towards his two sisters changed.

However, the old lady and Li Xia's expressions were not good. In the end, wasn't the reason Wang Yunfa gave up on himself because of the house?

Therefore, the two of them naturally blamed Wang Yunmei for this matter.

Wang Yunmei was the same. Even though she knew in her heart that she was not at fault in this matter, she could not completely stay out of it and remove herself completely.

The ward fell silent. No one said anything except for the sound of the respirator.

After a long time, the old man said, "Alright, you've already visited. Since you have to go to work the next day, don't stay here anymore. Go back."

No matter what, it was good that Yunfa was fine. Everyone in the room was just breathing and not talking. It was embarrassing.

After saying this, the old man didn't forget to give his eldest son a look. He was thinking about his eldest son all the time.

Seeing this, Wang Yunzhong quickly understood and stood up. He looked at his two sisters. "That's good. I'll send you back."

After leaving the hospital building, Wang Yunzhong took the initiative to comfort Wang Yunmei. "This has nothing to do with you. It's Yunfa's problem, so you don't have to think too much about it."

Wang Yunmei was stunned and looked at Wang Yunzhong in confusion. All these years, when had her brother ever spoken to her so softly?

Wang Yunmei's unconcealed gaze made him feel a little embarrassed. Wang Yunzhong couldn't help but rub his nose and explain, "I'm just stating the facts."

Wang Yunmei looked away and said nothing. On the other hand, Wang Yunzhi didn't think too much about it. She chimed in, "Brother is right. Sister, this has nothing to do with anyone. It's just Yunfa's problem."

Wang Yunmei didn't want to pursue whose fault it was. It was fine as long as Yunfa was fine, and so she didn't think too much about anything else.

On the way back, Wang Yunmei and Wang Yunzhi were sitting in the backseat of the Mercedes. Wang Yunzhong looked at them through the rearview mirror and wanted to say something, but he hesitated a few times.

However, he had never done this in the past, and he had never thought about his two sisters. Now that he was going to suddenly mention he would lend his house to Wang Yunmei, even Wang Yunzhong found it difficult to say it.

When the car stopped, Wang Yunzhong quickly said, "Xiao Mei... You're living with Zhi's family now. Is it convenient?"

Wang Yunmei stopped in her tracks. Although she didn't know what her brother meant, she still nodded.

Wang Yunzhong choked on his words, not knowing what to say.

Wang Yunzhi explained, "We have four rooms at home, so there are two available rooms – one for Sister and one for Xiao Yu. Xiao Ai's not staying at home, since she went out to work during the summer and lived outside."

Wang Yunzhong sighed in his heart, but he smiled calmly.. "It's good that you can stay together."

## **Chapter 626: Qinghuan Wrapped Up Filming**

The rest of the days were relatively peaceful. The two subsidiary companies of M Group were carrying out their projects in full swing, and the bar was not closed because of the previous fight.

Jian Yu successfully got his driver's license during his first examination.

A few days later, Ji Haoxue gradually calmed the uneasiness and fear in her heart. However, she did not dare to go out alone.

Wang Yunfa woke up after being unconscious for a day and a night, but he couldn't be discharged immediately.

In a blink of an eye, a month had passed.

Jian Ai had been studying hard at the martial arts school recently. Not only did she not slack off, but she was even more hardworking than before.

That incident had a deep impact on her. She knew she had to become stronger. She had already experienced that feeling of helplessness once, and she did not want to experience it again.

Her efforts had an obvious result. When she used her genuine energy, she could withstand more aggressive airflows, and she could control fluids steadily. This couldn't help but increase Jian Ai's confidence and give her hope for future cultivation.

Not only Jian Ai, but Lin Yi and Gao Yang had also officially entered Longxing Martial Arts School. In theory, they had become Jian Ai's junior brothers.

The two of them gradually developed a strong interest in martial arts. After more than a month of hard work, their physical conditions were clearly stronger than before. They also had some basic mastery of some ordinary martial arts.

On the same day, Xia Qinghuan's new drama finally wrapped up. She took a plane back to Baiyun City.

The first thing she naturally did was contact Jian Ai and the rest for a gathering. However, before that, she had to go back to the entertainment company.

While Qinghuan was filming in the capital, Rose Entertainment gave her a huge amount of advertisement resources. It could be said that the later development that was promised when she signed the contract was thoroughly implemented.

Many people in the company only heard of Xia Qinghuan but had not seen her before. Many people knew this newcomer was a rising star supported by the company. Moreover, she played a supporting role for Yun Buyao in her first drama.

Therefore, when Xia Qinghuan appeared in the company, many people looked at her curiously.

She was fourteen or fifteen years old, but the aura around her had gradually grown stronger. She did not look like an ordinary beauty, but her facial features were deep. Besides being beautiful, she was also very recognizable. One could tell with just a look that she was a natural celebrity.

In the office, Qiao Yuan personally welcomed Xia Qinghuan, who had just wrapped up filming. His tone was very friendly. "Qinghuan, are you tired? If you want to rest for a few days, the company can push back the filming of the advertisement."

Xia Qinghuan was indeed a little tired because she asked Wang Yiming to film all her scenes together. Because school was about to start again, she definitely could not stay in the capital, so she quickly finished filming her scenes.

However, she smiled and shook her head. "Brother Yuan, I can still handle it. I'll just do what the company arranges. Don't delay the advertiser's progress because of me."

Xia Qinghuan knew very well that she was only a newcomer with no work. Even if the company valued her, she could not act arrogantly.

When she becomes famous, she could consider being willful once or twice.

When Qiao Yuan heard this, he revealed an approving gaze and nodded. "Alright, I'll contact Ah Jin later."

As soon as he finished speaking, Qiao Yuan said, "By the way, the company knows that you don't have enough manpower on your team now.. They gave you an additional personal assistant, stylist, and makeup artist."

### **Chapter 627: I'll Only Bring Qinghuan Along**

Qinghuan had spent money to hire her previous team. She only had two assistants and her manager, Chen Jin.

Logically speaking, it was enough for a newcomer like her to have this kind of extravagance, but in Qiao Yuan's eyes, that was not enough.

No matter what, Qinghuan was the most important artist in the company now. Naturally, she had to have top-notch configurations in all aspects.

Xia Qinghuan was a little surprised. On the set, she saw that the artists who had individual makeup artists and stylists were all A- and B-list celebrities. She was quite envious. She did not expect that the company had already arranged it for her.

Qinghuan didn't want to be modest about this. She had long wanted it.

She nodded happily. "Thank you, Brother Yuan!"

Qiao Yuan raised his eyebrows and smiled. He was as confident in Xia Qinghuan as the CEO. As long as the company groomed this girl well and her manager did not cause trouble, she would be famous in the future.

Then, he turned to look at Chen Jin and asked tentatively, "Ah Jin, the company wanted to ask if you have plans to bring someone else along other than Qinghuan?"

Chen Jin signed with Xia Qinghuan for Rose Entertainment. His management contract also belonged to Rose Entertainment, so the company had the right to let him bring other newcomers along.

However, Qiao Yuan was talking to Chen Jin in a negotiating tone, as if asking for his opinion.

Chen Jin was also a little surprised. He immediately looked at Qiao Yuan and blinked in confusion before looking at Qinghuan.

Was he asking him to look after other artists while bringing Qinghuan along?

During his time in the entertainment circle, Chen Jin had already more or less understood the industry of managers. For the sake of more income, many managers would take on a few artists at the same time. Unless they were a famous A-list celebrity, their managers would only be non-exclusive.

Chen Jin knew that this was a very common thing in the industry, but for some reason, he instinctively rejected it.

Other than Qinghuan, he didn't want to bring anyone else along.

With this thought in mind, Chen Jin shook his head. "Brother Yuan, I'll only bring Qinghuan along."

Without even explaining, Chen Jin directly decided. With just one sentence, he sealed off his future path.

He would only bring Qinghuan along. These words already explained everything.

When Qinghuan heard this, she was also touched. If he brought one more person, he would have a higher salary. Although she knew that Brother Jin did not agree to bring others, she could not help but be happy when she heard his confident tone.

Qiao Yuan accepted it and nodded to show his understanding.

Initially, he had no intention of forcing Chen Jin to bring others along. However, the company had signed a boy with very good conditions recently. He would definitely become famous in the future.

Qiao Yuan thought highly of Chen Jin, so he wanted to ask him first. If he wanted it, he could let him be his manager.

“Alright, I understand. I’ll let Dong Jie take care of this newcomer later. You can take care of Qinghuan at ease. Someone will contact you for the new movies and advertisements later,” Qiao Yuan said as he stood up and smiled at the two of them. “Go back and rest well. When Qinghuan and Yun Buyao’s drama gets broadcasted, it will be the time where you truly enter the entertainment circle.”

After leaving Qiao Yuan’s office, Xia Qinghuan looked at Chen Jin happily and said, “I’m meeting Xiao Ai and the rest tonight. Brother Jin, don’t forget.”

Chen Jin smiled and nodded. “I understand. Go back and sleep well!”

As the two of them were talking, they saw a sunny and handsome youth walking over quickly. Behind the youth were a few people who looked like assistants. They looked young, but they had quite the celebrity aura..

## **Chapter 628: Miss Is Back**

After Xia Qinghuan signed the contract with Rose Entertainment, she flew to the capital to film, so she knew little about the company’s current artist tier. However, she heard Qiao Yuan mention to her just now that the people signed by the company were all newcomers with development potential.

After all, Rose Entertainment was a new company that had just been established. Many veteran artists did not like to sign such a company, mainly because they were afraid that there would be no guarantee of resources.

Therefore, it was obvious that the person walking towards them was an artist signed by the company. Hence, Xia Qinghuan did not avoid his gaze. Instead, she looked at him with a curious look.

The youth looked to be eighteen or nineteen years old. His figure was slender and thin, and his skin was fair. There was a refreshing feeling between his eyebrows, and his eyes were shockingly bright.

As if sensing Qinghuan’s gaze, the youth met her gaze. When he saw that it was a sister who looked a few years younger than him, he immediately smiled brightly.

In the next second, the two of them brushed past each other. Xia Qinghuan watched as the youth entered Qiao Yuan's office.

"He's quite clean," Xia Qinghuan retracted her gaze and muttered casually. Then, she turned to look at Qiao Yuan's secretary and asked, "Sister Xuanxuan, was that person an artist from the company?"

Chen Xuanxuan nodded. "Yes, a newcomer signed by the company not long ago. His name is Yuan Guang. He's the newcomer that Vice President Qiao wanted Teacher Ah Jin to bring along."

"It's him?" Xia Qinghuan widened her eyes in surprise. When she reacted, she couldn't help but look at Chen Jin and say, "Brother Jin, he's quite good. You should bring him along."

Chen Jin shook his head without hesitation. "Forget it."

Xia Qinghuan was naturally joking as well. Although it might be selfish to think this way, she did not want Chen Jin to bring other artists along.

After leaving the company, Xia Qinghuan returned to her home in Xilong Villa District.

The luxurious villa manor was even more extraordinary in the Xilong Villa District, where land was expensive. The Xia Group was one of the four largest corporations in Baiyun City. The corporation had a wide range of connections, and what people were most familiar with was the headquarters in the capital – Tianhuang Entertainment, the management company which had many famous celebrities.

"Miss is back!"

As soon as Xia Qinghuan entered, she heard the nanny exclaim excitedly, "Madam, Miss is back!"

"Huanhuan, my baby!"

Then, she saw a beautiful young woman in high-class silk home clothes rush to the door from the living room.

"Mom!" Xia Qinghuan smiled. In the next second, Han Meiqin hugged her in her arms. Han Meiqin's excited voice came from above her head. "Baby, you're finally back. I missed you so much."

As if she was already used to her mother's exaggerated behavior, Xia Qinghuan stood on the spot and let her hug her without struggling. After a while, Han Meiqin took the initiative to let go of her daughter.

"Baby, you must be tired, right? Look, you've lost weight!" Han Meiqin caressed Xia Qinghuan's cheek with one hand, and she looked heartbroken.

Xia Qinghuan immediately sighed softly. "Mom, I'm so tired. I'll talk to you after I've rested, okay?"

Han Meiqin quickly nodded. "Alright, alright. Rest first."

As she spoke, she instructed the nanny at the side, "Nanny Yu, go and prepare a bath for Huanhuan. Let her relax."

Nanny Yu quickly nodded and went upstairs.

## **Chapter 629: Give It Up**

Entering the spacious and luxurious living room, Xia Qinghuan threw herself on the soft sofa and exhaled. In the past few days, she had been filming outside. Although the production team had arranged a hotel for her to rest in order to sleep a little more, she saved the time needed to travel back and forth between the hotel. Therefore, Xia Qinghuan usually slept on the production site. It had been a long time since she had such a comfortable sofa. When she thought of the soft bed in her room, Xia Qinghuan felt as if she was in heaven.

The beloved daughter of the Xia Group had never suffered such hardships since she was young. Seeing this, Han Meiqin's heart ached again. She couldn't help but say, "Baby, why do you have to suffer so much? Mom initially planned to bring you abroad for a holiday, but now that you've spent all your time filming, school will start in a few days and you can't even go abroad."

"Why don't Mom take you to the nearby resorts to play tomorrow? It's summer break, after all. You have to relax," Han Meiqin leaned her face towards Xia Qinghuan and asked.

Xia Qinghuan waved her hand patiently. "Mom, don't arrange anything for me. I still have advertisements to film in the next few days. I don't have time to play."

"Advertisements?"

Han Meiqin was shocked when she heard that. She immediately raised her voice. "Why did you accept advertisements? Didn't you only film one drama?"

Xia Qinghuan, who initially wanted to rest for a moment, saw this and immediately forced herself to sit up from the sofa. She looked at Han Meiqin and said, "I didn't accept it. The company did."

As soon as she finished speaking, Xia Qinghuan reacted. She had yet to tell her parents about her signing with a new company.

As expected, as soon as she heard the word 'company,' Han Meiqin revealed a frightened expression.

"You... You signed with a company? When did this happen? Why haven't your father and I heard you mention it before?" Han Meiqin asked nervously. She was afraid that her daughter would get cheated because she was young and ignorant.

After all, the Xia Group relied on the entertainment industry to gain a foothold. She knew best how dark this circle was.

"It happened before I went to the capital. This is my decision. Don't worry," Xia Qinghuan said and fell back onto the sofa, exhausted.

How could Han Meiqin let Xia Qinghuan off? She only had this precious daughter, so how could she bear to let her enter the entertainment circle to suffer? It was fine if she just managed her craving by filming a drama. Looking at her daughter's momentum, she was going to cause trouble for her.

"Huanhuan, don't scare Mom. You're still young. You should prioritize your studies!" Han Meiqin tried her best to persuade her. Even if she had signed with a company, she could just terminate the contract and compensate the other party for the breach of contract.

"Mom, I'll try my best to take care of both. It won't affect my studies. I promise you," Xia Qinghuan said patiently.

Looking at her daughter's attitude, she was determined to be a celebrity. Han Meiqin had always doted on her child, so she couldn't bear to say too much about such things. She thought for a moment before she said, "Even if you want to sign with a company, you should sign with our family's Tianhuang. If you sign with those small companies, what good resources can they give you?"

"Mom, even if I signed with an eighteenth-tier management company, I would never sign with Tianhuang. Just give it up," Xia Qinghuan said mercilessly.

She had given Chen Jin full autonomy for the contract back then.. The only condition she gave Chen Jin was that he could not sign with Tianhuang Entertainment.

### **Chapter 630: I Rolled My Eyes**

It was true that Tianhuang Entertainment was her family's company, but Xia Qinghuan knew her parents too well. If she signed with Tianhuang Entertainment, her parents would feel that everything was tough and tiring and refuse to let her do anything.

It sounded like she was going to soar after signing with her family's company, but in reality, she was going to be put into cold storage as soon as she entered.

Her parents would also say nicely to her, *'Dad and Mom are doing this for your own good. Those jobs are too tiring. How can a little princess like you do them?'*

Hence, Xia Qinghuan's initial decision was that she would never sign with her family's company.

Seeing her daughter's attitude, Han Meiqin knew that her daughter had already guessed what she was thinking. However, when she thought about how her daughter would have to suffer in the entertainment industry in the future, she couldn't help but feel heartache.

Han Meiqin turned her face to the side to wipe her tears. She looked like she didn't want to say anything. "My daughter is all grown up now, and she doesn't listen to her Mom anymore. When your father comes back, let him talk to you."

Coincidentally, Nanny Yu came down. Seeing this, Xia Qinghuan quickly stood up and walked upstairs. "Mom, I'm going upstairs to rest."

Seeing this, Nanny Yu looked at the two of them in confusion. She turned around and quickly followed Xia Qinghuan upstairs.

Han Meiqin was the only one left in the living room. She immediately turned around and pouted as she looked at her daughter's disappearing back at the staircase. She looked funny and cute as she said, "Damn girl, there's no use pretending to cry. I'm really out of tricks."

Upstairs, Nanny Yu couldn't help but look at Xia Qinghuan and sigh. She comforted her, "Miss, Madam has a child's personality. Just coax her. During the time you were not around, she kept talking about you."

Xia Qinghuan nodded as she took off her clothes. "I know, Nanny Yu. It's just that I'm exhausted today. Moreover, this is a very serious matter. I can't talk to her as a joke. I have to stand firm."

"But when she pretends to cry, give her a reaction. Otherwise, she won't have any other tricks in the future." Nanny Yu knew her madam very well.

Xia Qinghuan looked at Nanny Yu seriously and said, "I reacted to her!"

Nanny Yu was speechless.

Xia Qinghuan: "I rolled my eyes!"

Nanny Yu: "..."

...

In the afternoon, Jian Ai went to a dessert house in Haicheng District alone.

The shop was exquisite and warm. Girls and couples were sitting on the swing in groups of twos and threes, talking and laughing. Therefore, Wu Bi, who was alone, was especially conspicuous.

"You're here!"

Seeing Jian Ai, Wu Bi immediately sat up straight. A faint smile appeared on his handsome face, as bright and warm as the spring wind.

Jian Ai smiled back and sat down opposite Wu Bi.

It had been more than a month since the incident. The two of them only spoke on the phone for a short time, but neither of them took the initiative to mention what had happened that day.

Jian Ai did not tell Wu Bi that she had chased after the car on her bicycle, let alone tell him she suffered an injury and what had happened after that.

Although Wu Bi did not know what had happened, he knew Jian Ai had indeed caught up to the car on the bicycle and was injured. He knew this.

However, he didn't ask because he had a secret he wanted to keep.. Why would he know things he shouldn't know? Xiao Ai would probably be suspicious.
