

## At School 851

### Chapter 851: We Have No Right to Control Her

When the two elders heard this, they could not help but be stunned. Then, they looked at each other.

The old man spoke first. "You met Chunfen? Isn't that normal? She didn't leave Baiyun City, so it's not surprising that you met her."

The old lady frowned and asked tentatively, "Why? Did you two fight?"

Wang Yunzhong shook his head. "No, she didn't see me."

Without waiting for the two elders to ask, Wang Yunzhong said, "She's with a man."

When she heard that Jiang Chunfen was with a man, the old lady couldn't help but widen her eyes. "What? She found a man? How long has it been since she divorced you?"

1

"What are you talking about? They're already divorced. Why do you care if she finds a new partner?" The old man asked and frowned.

As soon as he had finished speaking, he said to Wang Yunzhong, "Since you're divorced, you're two families now. Don't worry about Chunfen. She has her own life. You have nothing to do with her now, so why are you still worried?!"

"What are you talking about? They've only been divorced for a few months, but she already has a new partner. If word gets out, won't people laugh at Yunzhong?" the old lady retorted.

"No, we can't let her beat us to it." The old lady thought for a moment and looked at Wang Yunzhong. "Yunzhong, in Mom's opinion, you and Qianqian should get married quickly."

"Mom, why are you talking about this again?" Wang Yunzhong looked impatient, and his tone turned cold. "Didn't I say that I won't get married again before Zichen's college entrance examination ends?"

"Don't listen to your mother. She's full of twisted logic," the old man said disapprovingly. "Zichen doesn't even know who Qianqian is. The most important time for him right now is his college entrance examination. We should do nothing that would affect him."

"Then we'll allow Chunfen to get married again first?" The old lady looked unhappy.

The old man looked at her and said, "What are you thinking? Let's not talk about whether we have the right to control whether they get remarried. Chunfen is not an impulsive person. Even if she remarries, it's impossible for them to get married so quickly. They have to be together for a while! Moreover, we have no right to control them!"

Wang Yunzhong had a headache from listening to the two elders. The two of them didn't notice the main point of his emotions.

He felt upset because he saw Jiang Chunfen with another man. This was the root of the matter. He did not think about anything else.

He didn't know what was wrong with him. He had seen Jiang Chunfen a few times after the divorce. Two of them were at her house, and two of them were outside. However, every time, it was as if he had seen a new Jiang Chunfen. Every time, she was more beautiful and confident than before.

It was as if Jiang Chunfen from his university days had returned.

For the first time in the months after the divorce, he felt regret.

The Audi slowly stopped in front of Jiang Chunfen's villa.

Jiang Chunfen unbuckled her seatbelt and was about to get out of the car when someone suddenly grabbed her left hand.

Qiao Yuan smiled gently and looked at Jiang Chunfen. "Aren't you going to let me in?"

Jiang Chunfen looked at Qiao Yuan helplessly. The answer was written all over her face.

Qiao Yuan smiled and raised his eyebrows as he nodded. "Alright, there's no hurry. However, you have to tell Zimeng that an uncle with the surname Qiao bought the gift. Make my presence known in front of the child in advance."

Jiang Chunfen pursed her lips and smiled. "Alright, I'll tell her."

Qiao Yuan let go of Jiang Chunfen's hand at the right time. "I'll pick you up tomorrow morning. Isn't your car parked at the company?"

"No need to trouble yourself. I'll take a taxi," Jiang Chunfen said as she picked up her bag and said to Qiao Yuan, "Go back quickly. Rest early tonight."

Qiao Yuan nodded and watched Jiang Chunfen get out of the car and enter the villa before leaving.

## **Chapter 852: Let Him Investigate. He's Capable If He Finds Out**

At the Ji Group, the lights in the entire building had already been switched off, but the CEO's office on the top floor was still bright.

Ji Haoyu was looking through the Group's summer financial report with a focused expression.

On the sofa in the office, Yuan Ye held his laptop and typed rapidly on the keyboard.

The entire space was exceptionally quiet. There was only the sound of Ji Haoyu flipping through the documents and Yuan Ye typing on the keyboard.

After a while, Yuan Ye slowly said, "The Jian Group's crisis seems to have eased. Jian Changsheng is indeed capable. He managed to stop such a troublesome situation in less than half a month."

Ji Haoyu lowered his head and mumbled, "After all, he's an old fox who has been in the business world for so many years. The Jian Group's achievements today are all thanks to Jian Changsheng. He's naturally not someone to be underestimated."

As he spoke, Ji Haoyu couldn't help but raise his lips and look up at Yuan Ye. "But this time, it's enough to make the Jian Group suffer. Over the past few days, over a hundred million yuan of market value disappeared. It's undoubtedly a painful blow to the Jian Group."

Yuan Ye turned around and looked at Ji Haoyu. His eyes under the glasses were sparkling. "Should we cause some trouble for them?"

Ji Haoyu looked at Yuan Ye with a meaningful expression.

In the end, Ji Haoyu sneered and shook his head with a smile. "Forget it. I'll just punish them as a lesson. If they dare to reach out to Xiao Ai again, I won't be so polite."

Yuan Ye raised his eyebrows and said faintly, "However, with Jian Changsheng's personality, he will investigate this after he settled the matter."

Ji Haoyu thought nothing of it and continued to look down at the document. He answered, "Let him investigate. It's his ability if he can find out about the Ji Group. If he wants to settle scores with the Ji Group, that's also his ability."

Yuan Ye smiled and said nothing because he knew that Young Master Ji was mocking the other party.

Settle scores with the Ji Group? There was probably no corporation in the entire Asia that dared to go against the Ji Group unless they were tired of living.

Even if the Jian Group had the means to find out that the Ji Group was the one who caused trouble for them behind the scenes, they could only pretend that nothing had happened in the end. They had to take this lying down.

...

The next afternoon, Jian Ai safely returned to Baiyun City from the capital.

"Teacher's car is parked at the airport. You two can take my car back to the city later."

Teacher Liu said to Jian Ai and Jian Yichen.

Jian Yichen spoke first. "Teacher, someone from my family is picking me up."

Teacher Liu nodded in understanding and looked at Jian Ai.

Jian Ai smiled in embarrassment. "No one is picking me up. I have to take Teacher's car."

Teacher Liu smiled and nodded. "Alright."

After collecting their luggage, the three of them walked out of the exit.

By the road, a sapphire blue Bugatti Veyron sports car was parked there. Ji Haoyu, who was wearing black sportswear and sunglasses, was even more eye-catching than the car.

Jian Ai was slightly stunned. Seeing Ji Haoyu smile and wave at her, she couldn't help but roll her eyes.

"Teacher, someone is here to pick me up, too. I won't be taking your car," Jian Ai said to Teacher Liu.

After bidding farewell to Jian Yichen and Teacher Liu, Jian Ai pulled her luggage to Ji Haoyu's car and looked at him expressionlessly.

Ji Haoyu ignored the unhappy expression on Jian Ai's face and reached out to take her luggage. Jian Ai took a deep breath and walked to the car door to open it and sit in.

## Chapter 853: Willing to Be At Your Service

After Ji Haoyu put down the luggage, he returned to the car. He looked at Jian Ai, who had already fastened her seatbelt, and asked with a smile, "Why are you so obedient today?"

Jian Ai turned her head and rolled her eyes at him. "Otherwise? Argue with you at the airport?"

She could not afford to lose face.

Moreover, Ji Haoyu had taken the time to pick her up. Putting aside her prejudice against him, just looking at the nature of this matter, she shouldn't have quarreled with him.

"Alright, it's considered an improvement if you don't lose your temper at me. I don't expect you to thank me," Ji Haoyu said.

However, from his words, why did Jian Ai feel he was wronged?

Turning to look at him, Jian Ai was about to say something when the car suddenly jumped out like a flame.

"Ah!"

Jian Ai was shocked and couldn't help but scream. She quickly held the handle with her right hand.

She turned around and glared at Ji Haoyu, only to see a smug smile on his lips.

*How childish!*

She turned around and looked out of the window, ignoring him.

The car drove all the way to the city. Although the sports car's speed was very fast, Ji Haoyu's driving skills were excellent. The car was stable, and the seat was comfortable. Jian Ai leaned back in her seat and felt a little sleepy.

A phone ringtone pulled Jian Ai back to her senses.

It was not hers, but Ji Haoyu's.

Ji Haoyu slowed the car and reached out to take the phone. He looked at the name on the caller ID and picked it up.

"Hello."

The person on the other end of the phone said something that made Ji Haoyu's expression change.

He said nothing and continued to listen.

He was wearing sunglasses, so Jian Ai could not see the expression in his eyes. However, she could feel that the aura around Ji Haoyu had completely changed. It was so gloomy that it was a little terrifying.

"I'll contact you later."

In the end, Ji Haoyu hung up after saying this. His handsome side profile was filled with frost, and he looked like he was on the verge of suppressing his anger.

This was not the first time Jian Ai had seen Ji Haoyu like this. The last time was when Haoxue was kidnapped.

Something had obviously happened. Jian Ai was worried that it had something to do with Haoxue, so she asked, "What's wrong? What happened?"

Ji Haoyu licked his lips with the tip of his pink tongue and said, "It's fine. I'll send you back first."

"If you have something urgent, just leave me by the road and I'll take a taxi back." Jian Ai felt things were not simple. She did not want to delay Ji Haoyu's matter because of her.

Ji Haoyu smiled and turned to look at Jian Ai. "I'm fine. Don't worry."

Jian Ai didn't ask anymore. Although Ji Haoyu often did childish things to her, Jian Ai knew he knew his limits.

The car subconsciously sped up and quickly sent Jian Ai home in North City.

After the car stopped, Jian Ai was still a little worried, but she didn't know what to say.

"Go back and rest well. I'll contact you later." At this moment, Ji Haoyu had already hidden the aura he had just released and returned to his usual self.

However, this time, Jian Ai knew that he just didn't want her to worry.

Since that was the case, she would pretend not to know anything. Jian Ai believed that Ji Haoyu could handle anything.

Jian Ai nodded and said, "Thank you for picking me up."

Ji Haoyu's handsome face froze for a moment before he tilted his head and smiled. "I'm willing to be at your service."

#### **Chapter 854: I Have to Go With You**

When Jian Ai got out of the car, the smile on Ji Haoyu's face instantly disappeared and was replaced by coldness.

He stepped on the accelerator and the car drove out quickly.

Jian Ai stood by the road and felt worried. Although she did not know what had happened, it should not be an ordinary thing to make Ji Haoyu's expression change.

After a while, Jian Ai slowly exhaled. Just as she was about to turn around and leave, her body suddenly froze...

Her luggage!

Ji Haoyu returned to Baiyun City International Airport.

International flights entered and exited the hall.

Ji Haoyu walked in quickly and saw Wu Bi's tall figure at a glance.

Beside Wu Bi were Xing Li and Sugar.

During this period, Xing Li and Sugar never left Baiyun City. Instead, they lived with Wu Bi.

Their expressions were not good either. It was not until Ji Haoyu walked closer that the three of them regained their senses.

Wu Bi and Xing Li said with heavy expressions, "Boss."

Sugar also called out, "Brother Haoyu."

Ji Haoyu nodded slightly and looked at them. "How's the situation with Xing Yun?"

Xing Li shook her head. "We don't know yet. He's injured and hiding in a church in St. Petersburg."

"What did he say on the phone?" Ji Haoyu asked again.

When Wu Bi heard this, he said, "He was found in Russia. There were a total of six people on the other side. No matter how strong Xing Yun is, it's impossible for him to deal with six top experts from the International Killer Group alone. It's already not easy for him to escape alive."

"But his hiding place is relatively safe now. The priest in the church is his old friend and will protect him."

"I'm worried. I have to go with you," Ji Haoyu frowned and whispered.

"Boss, you can't leave China now. Before we figure out Adolf's remaining forces, it's safer for you to stay in China." Xing Li looked at Ji Haoyu and shook her head.

Wu Bi chimed in, "Xing Li is right. If we go together, we'll inevitably alert the enemy."

Xing Li then said, "Russia is Adolf's headquarters. I'm only going there to secretly take my brother away safely. Besides, Sugar is with me. Nothing will happen."

"Brother Haoyu, I'm here. You don't have to worry." Sugar raised her face, and her black mushroom hair shone.

Ji Haoyu was about to say something when Sugar's phone suddenly rang.

When she finished the call, Sugar's face was filled with a smile. "It's my sister. She said that Sister Wasp brought four members of the Ultimate Kill Group from Country Z to meet Sister Ah Li and me in Russia."

Sugar's sister was the former number one killer in the International Killer Group, Blood Moon. Her real name was Mu Yao, and she was the boss of Country Z's Hongfan Society, one of the three largest gangs in Asia.

Mu Yao was the one who started the shocking plan to massacre the International Killer Group a few years ago.

The Sister Wasp that Sugar was talking about was the former killer ranked second in the International Killer Group. Her medical skills were outstanding, and her ability to use poison was superb. The corpses that passed through her hands would never leave a trace.

On the other hand, the Ultimate Kill Group was an assassination organization of Hongfan Society. Everyone was an expert who had experienced hundreds of battles, and they were all girls around eighteen years old.

“Boss, you can rest assured now. Sister Yao sent someone to support Xing Li in Russia. With Wasp around, there shouldn’t be a problem with Xing Yun’s injuries. With Sugar and the people from the Ultimate Kill Group, there would not be problems,” Wu Bi said.

### **Chapter 855: I’ll Investigate This**

These people were also old acquaintances of Ji Haoyu. The reason he participated in the plan to destroy the International Killer Group was because Mu Yao needed his help.

With Wasp supporting Xing Li, Ji Haoyu was indeed relieved.

After thinking for a moment, Ji Haoyu nodded and said to Xing Li, “Be careful. If anything happens, remember to contact me.”

“Boss, don’t worry,” Xing Li answered.

After watching Xing Li and Sugar enter the security checkpoint, Ji Haoyu and Wu Bi walked out of the airport lobby.

The dark clouds on his face had not dispersed. Ji Haoyu’s expression was still cold.

In the end, Ji Haoyu said, “After I’m done with the company, I’ll definitely eliminate Adolf.”

Wu Bi turned to look at Ji Haoyu. From his expression and tone, he knew his boss was not joking.

“This can’t go on,” Wu Bi sighed and whispered.

Back then, when they let Adolf escape, it was destined to be a hidden danger. Over the years, the people from ‘Blaze’ organization had been found one after another, which also meant that Adolf might have made a comeback. If they did not get rid of him as soon as possible, he would become an enormous problem in the future.

“Boss, but with just the seven of us, it won’t be easy to get rid of Adolf,” Wu Bi looked at Ji Haoyu and said.

Ji Haoyu nodded. “The most important thing now is to save Xing Yun. As for the rest, I’ll consider it at length.”

...

At night, at the Jian residence.

Jian Changsheng brought Qiao Shuyi and the two children back for dinner. The old lady and the nanny cooked a lot of food.

On the table, looking at Jian Changsheng’s thin face, the old lady’s eyes were filled with heartache. “Changsheng, although the company’s matters are important, take care of your body.”

Jian Changsheng smiled and nodded. "Mom, don't worry. I've been a little tired recently, but it's all in the past."

Seeing his calm expression, the old man couldn't help but look up at Jian Changsheng. Seeing that he didn't seem to be abnormal, he was relieved and asked, "Is everything settled?"

"The situation has been stabilized. Dad, you don't have to worry," Jian Changsheng said.

In just a few days, he could save the company from danger. This level of skill and boldness made Old Master Jian proud.

However, in the end, he was the one who caused trouble for the corporation. In the future...

With this thought in mind, Old Master Jian couldn't help but look at Jian Changsheng and ask, "It happened so suddenly. Did you find anything?"

Jian Changsheng couldn't help but stop eating. He said with a serious expression, "I haven't taken the time to investigate, but someone must be behind this incident. I won't let it go so easily."

The old man couldn't help but feel suffocated. He turned around and said, "You've already worked hard these few days. I'll investigate this matter."

No matter what, Old Master Jian couldn't let Jian Changsheng investigate this matter. It was fine if he couldn't find anything, but he was afraid that Jian Changsheng would find out about him.

He knew his son. With his methods, it was almost impossible for him to find nothing.

Jian Changsheng didn't think too much about it. He thought his father was concerned about his health. He couldn't help but relax. "Dad, you're already retired. Just rest at home. I can handle the corporation alone."

"You can't leave now, right? I have some connections in Baiyun City. I won't be tired from helping you investigate," Old Master Jian pretended to be relaxed.

### **Chapter 856: The Martial Arts School Doesn't Rest All Year round!**

Qiao Shuyi's heart ached for Jian Changsheng. She didn't want him to be too tired. Hearing this, she chimed in, "Changsheng, since Dad wants to help you investigate, let Dad investigate. There are still so many things in your company. Don't shoulder everything yourself."

Jian Changsheng's words were stuck in his throat. He looked at Qiao Shuyi's concerned expression and swallowed them. In the end, he nodded. "Alright, I'll leave this to Dad."

When Old Master Jian heard this, he couldn't help but heave a sigh of relief. He said, "Don't worry, I'm not old yet."

...

The next day, Jian Ai went to the martial arts school with Si Yuehan early in the morning.

"Ah? He was beaten up again?"

As soon as they met, Qi Wei told Jian Ai about Wang Zichen being beaten up that day.

Qi Wei nodded. "I didn't know before that he was so miserable in school. Because his family is rich, people often stopped him for money."

Jian Ai didn't expect Wang Zichen to be so pitiful in school.

"You helped him?" Jian Ai looked at Qi Wei and asked.

Qi Wei glared at her. "Isn't that nonsense? He's your brother, after all. How can I ignore him?"

As soon as she finished speaking, Qi Wei pursed her lips again. "But I think I can tell that your relationship with him as cousins isn't that intimate."

Jian Ai snorted helplessly. "It's alright. Although we're not intimate, we're not enemies."

She quite hated Wang Yunzhong. In her previous life, when her mother was hospitalized, her uncle's actions made Jian Ai's heart turn cold. However, Wang Zichen was still a child. Although this person's relationship with Jian Ai was not good, there was no deep hatred.

She couldn't possibly transfer her dissatisfaction with Wang Yunzhong to Wang Zichen.

After all, her aunt had helped their family.

Turning to look at Qi Wei, Jian Ai said seriously, "Senior Sister, I think you shouldn't interfere with his matters in the future. Help me keep an eye out. If it gets serious, tell me."

"He should be fine, right?" Qi Wei pursed her lips and said, "Ever since I appeared last time, those people didn't dare to bully him. After all, the other senior and junior brothers are in Yizhong. Those people are also afraid."

Jian Ai nodded. This saved her a lot of trouble, although it sounded like she was borrowing the tiger's might.

After the morning exercise, everyone took a shower at the martial arts school. Just as they were about to go to school, Yang Jie stopped them.

"I'll take two minutes to tell everyone something."

When everyone heard this, they gathered in front of Yang Jie and waited for him to speak.

Yang Jie exhaled softly and slowly smiled. "It's almost the first of October. In the past, everyone would come to the martial arts school to practice martial arts as usual during the holidays. This year, Master plans to give everyone a break and take advantage of the holidays to rest."

"Really, Master? The martial arts school is on holiday in October as well?" Ning Zexuan was the liveliest and was the first to shout excitedly.

Yang Jie nodded. "It's true. Moreover, because of my leg, I haven't been out for a long time, so on the first of October, I plan to go out with your Eldest Senior Brother."

Jian Ai listened from the side and couldn't help but ask Qi Wei in a low voice, "Senior Sister, doesn't the martial arts school have a holiday in the past?"

Qi Wei looked at Jian Ai and said, "The martial arts school doesn't rest all year round!"

Jian Ai: "..."

She had no idea about this at all. This October, her aunt organized for the entire family to go on a trip to Malaysia. At this time, the tickets had probably been booked.

Fortunately, the martial arts school was on holiday this year. Otherwise, this matter would have ended badly!

### **Chapter 857: Gao Yang Was Really Reliable**

They took Lin Yi's car to school.

"Jian Ai, what do you have on the first of October?"

In the car, Lin Yi turned around and asked Jian Ai.

Jian Ai looked at Lin Yi and said truthfully, "My family organized a trip."

"With adults?" Lin Yi blinked. "Why don't we go out to play?"

Jian Ai smiled and said, "Not this time because our family has never gone out to play together. This is the first time, so I have to go."

Lin Yi couldn't help but purse his lips in disappointment. In the end, he nodded.

He sighed and muttered in a low voice, "Then Gao Yang and I will be the only ones left this holiday."

Unexpectedly, Gao Yang, who was in the backseat, raised his hand to push his glasses and said expressionlessly, "Guan Tao and I are going to Yaner Island to look at the sea."

"Ah?" Lin Yi widened his eyes. "No... What should I do?"

Jian Ai was also a little surprised. She turned to look at Gao Yang and asked, "You're going to Yaner Island? Just you and Guan Tao?"

Gao Yang nodded. "She hasn't seen the sea yet. I'll take her to see it."

Jian Ai couldn't help but purse her lips and smile. She thought to herself that Gao Yang was really reliable.

"Gao Yang, why don't..." Lin Yi looked at Gao Yang and blinked pitifully. Before he could finish, he had an expression that said everything.

Gao Yang glanced at him indifferently and gave him a look.

Lin Yi looked at Gao Yang, then at Jian Ai. In the end, his gaze landed on Si Yuehan, and he silently turned around.

As soon as she entered the class, Xia Qinghuan saw Jian Ai and pounced on her. "Xiao Ai, you're finally back."

Jian Ai rolled her eyes but smiled. "Oh my, I'm strangled."

"Where's the gift?" Xia Qinghuan looked at Jian Ai and reached out her hand.

Jian Ai smiled and nodded. She opened her bag from her seat and took out an exquisite gift bag. "The entire bookmark collection of Cost and One Piece."

Cost only had a flagship store in the capital in China, and Xia Qinghuan was a fan of One Piece.

"Thank you, darling." Xia Qinghuan took it happily and couldn't wait to open the gift. She whispered, "Xiao Ai, I went to the company to read the script last weekend and bumped into Jian Yiyi."

Jian Ai leaned forward and blinked. "She knows you're the female lead?"

Xia Qinghuan held back her laughter and nodded. "You know, when she saw me, her expression was especially interesting. It was as if she had eaten fly feces."

"You're the same. You hid it so well. People went to school to show off that they were going to act in a movie. How is it good for her now?" Jian Ai smiled helplessly.

Xia Qinghuan pursed her lips. "What does that have to do with me? I was keeping a low profile! Who's like her? She can't wait to let the entire world know about a small matter."

"By the way, I saw your advertisement on television," Jian Ai suddenly said.

Xia Qinghuan was stunned. "You saw it too?"

Jian Ai smiled and nodded. "I saw it at the hotel in the capital. It was filmed very well."

"The entire school knows. People have been looking at me wherever I go these few days. I'm already used to it," Xia Qinghuan said indifferently.

"What did your parents say?" Jian Ai asked.

The Xia Group had its own entertainment management company. In the beginning, they didn't let Xia Qinghuan enter the entertainment circle. Now, they had been persuading her to sign with their company.

Xia Qinghuan pursed her lips and sighed. "The revolution hasn't succeeded yet. Comrade here still has to work hard. However, my parents won't force me. They just nag at me. It's annoying."

### **Chapter 858: Don't Mess Up Brother's Matter**

Jian Ai smiled and said nothing. Based on her understanding of Qinghuan, even if her parents nagged continuously, it was impossible for her to change her mind.

As expected, Xia Qinghuan looked at Jian Ai and said, "When I achieve a certain result, I can shut them up. My current company gave me especially good resources. I can't terminate the contract."

Jian Ai smiled and nodded. "The resources you have as a newcomer are the first in the entertainment circle."

"That's right. That's why people have to have a conscience. I won't do anything that harms others without benefiting myself," Xia Qinghuan said.

As the two of them were talking, Guan Tao entered the classroom with her bag.

"Xiao Ai, you're back!"

When she saw Jian Ai, she didn't even bother to put her bag down. She leaned forward and asked, "How was the competition?"

At this moment, Xia Qinghuan put down the things in her hand and said, "That's right. I forgot to ask you. How was the competition?"

Jian Ai smiled and shook her head. "Nothing much. When people stand on the stage, there are many judges and contestants below. It was especially terrifying."

"Besides, I'm not good at speeches. This time, the Great Sage forced me to go. I was eliminated in the semi-finals, so I took it as an experience."

As soon as she finished speaking, Jian Ai looked at Guan Tao and said, "I brought you a gift too, but it's in the suitcase."

And the suitcase was in Ji Haoyu's car.

Guan Tao smiled and said happily, "Thank you."

...

After school in the afternoon, there was a crowd at the entrance of Erzhong.

"Look at that person. He's so handsome!"

"I see him. He's so handsome!"

"His figure is amazing too!"

"Eh, look at that handsome man over there. Isn't he the person who drove his sports car into school last semester?"

"Jian Ai's... rich second-generation heir boyfriend?"

"The person who bankrupted Senior Liu Na's family?"

Ji Haoyu's car was parked by the road, and he was leaning against the car door. His sunglasses covered his beautiful peach blossom eyes, but even so, many people who had seen him before recognized him.

"Brother!"

Ji Haoxue carried her school bag and walked out of the school gate. She saw Ji Haoyu at a glance and immediately ran forward excitedly.

When she got closer, Ji Haoxue looked at Ji Haoyu in surprise. "Why did you suddenly come to pick me up? Are you going back to Grandpa's house for a meal today?"

Ji Haoyu raised his hand to pull down the sunglasses on his nose bridge. He looked down at Ji Haoxue and smiled. Then, he pointed to the opposite side of the road on the right. "Uncle Tao's car is over there. Go."

Ji Haoxue: "..."

Ji Haoxue glared at him and pouted angrily. "Aren't you here to pick me up?"

When Ji Haoyu heard this, he could not help but raise his hand to stroke Ji Haoxue's head. "Be good. Your Sister Xiao Ai is coming out. Don't mess up your brother's matter."

"Hah!"

Ji Haoxue rubbed her nose hard at Ji Haoyu and turned around to walk across the road. "Damn brother, you're so mean. Now that you have a girlfriend, you don't even want your sister anymore!"

Ji Haoyu smiled and watched Ji Haoxue cross the road. He turned around and saw Jian Ai walking out of the school gate.

Jian Ai naturally noticed Ji Haoyu immediately.

However... There were people coming and going at the school gate, and Jian Ai noticed everyone was looking at Ji Haoyu.

On such an ostentatious occasion, she wanted to pretend not to know him.

However, the result was that Ji Haoyu would not let her succeed. Because the moment the two of them looked at each other, Ji Haoyu had already raised his hand and waved at her.

#### **Chapter 859: Get in the Car and I'll Send You Home**

"Xiao Ai, isn't that..."

When Qinghuan and Guan Tao saw Ji Haoyu, they immediately opened their mouths in surprise.

Ever since this person appeared in Erzong last time, they had never seen him again. Now that he turned up again, the two of them could not help but be surprised. It had been so long, and Xiao Ai had never mentioned him, so they had almost forgotten about this person.

Fortunately, he was handsome, so when they met again, the two of them recognized Ji Haoyu at a glance, like the others.

Jian Ai pursed her lips and sighed helplessly. She looked at Qinghuan and Guan Tao and said, "I'll leave first. See you tomorrow."

The two of them nodded with wooden expressions, but neither of them moved. They only watched Jian Ai walk towards Ji Haoyu.

When she got closer, Jian Ai realized that Ji Haoyu was not driving the sapphire blue sports car from yesterday. She immediately asked, "Where's my luggage?"

Ji Haoyu's expression froze slightly, and he raised his handsome eyebrows. "What luggage?"

Jian Ai was stunned. She looked at Ji Haoyu and blinked. "I left my luggage in your car yesterday."

Ji Haoyu couldn't help but consider it. When Jian Ai got out of the car yesterday, she didn't seem to have taken her luggage.

"I think so..." Ji Haoyu smiled handsomely. "Why didn't you call me? I didn't know."

Jian Ai frowned at him, as if trying to see if Ji Haoyu did it on purpose.

After a while, seeing that his expression was flawless, Jian Ai couldn't help but say, "Aren't you here to deliver my luggage? Otherwise, why are you here?"

"I'm picking you up from school." As he spoke, Ji Haoyu patted the sports car behind him. "Get in. I'll send you home."

Jian Ai looked at the students around her and sighed before getting into the car obediently.

She realized that Ji Haoyu seemed to have discovered her weakness, which was that she would not argue with him in public.

Jian Ai was angry because she knew her personality. At least in public, she felt it was better not to be watched.

*North City?*

Ji Haoyu turned to look at Jian Ai and asked.

Jian Ai fastened her seatbelt and supported her head with one hand on the window. She answered calmly, "To Bihai Luxury Villa."

Her mother called her at noon today and knew that she was back from the capital. She asked her to go to her aunt's house at night to make dumplings.

Ji Haoyu raised his eyebrows and nodded. "To Auntie's."

Jian Ai couldn't help but turn to look at Ji Haoyu and ignore him.

While waiting for a red light on the way, Jian Ai couldn't help but ask, "Did you handle what happened yesterday?"

When she thought of Ji Haoyu's expression yesterday, Jian Ai was still a little worried. Because of what had happened last time, she felt a sense of crisis in her heart. She felt that Ji Haoyu had an even more mysterious story.

She was just a little curious.

Not that she cared about him.

Yes, definitely not.

"It's fine. It's already resolved." It was rare that Ji Haoyu did not tease Jian Ai. Instead, he calmly brushed it off.

This undoubtedly made Jian Ai even more suspicious. If it were any other time, Ji Haoyu would have taken the opportunity to say something like '*Concerned about me?*' instead of being so calm. It was as if he did not want to talk about this with others.

Jian Ai looked at Ji Haoyu's side profile and her lips moved slightly. At this moment, the phone in her pocket rang.

An urgent ringtone interrupted the atmosphere. Jian Ai focused and picked it up.

### **Chapter 860: I'm Very Close to Auntie**

"Xiao Ai, where are you?"

It was Wang Yunmei on the other end of the phone.

Jian Ai answered, "I'm on the way. I'll be there in ten minutes."

"Hello, Auntie!" Ji Haoyu suddenly looked over and raised his voice.

Jian Ai immediately glared at him, but it was too late.

"Eh? Why do I hear Haoyu's voice? Are you in his car?" Wang Yunmei muttered.

Jian Ai sighed helplessly. "I bumped into him on the way. He gave me a lift. Mom, what's the matter?"

"Oh... I have something on." Only then did Wang Yunmei remember the purpose of the call. She quickly said, "When you come back, buy a bottle of soy sauce from the supermarket downstairs."

Without waiting for Jian Ai to respond, Wang Yunmei said, "Ah... ask Haoyu if he's free and if he wants to come over for dumplings. However, there are many people at home today."

Jian Ai was about to refuse on behalf of Ji Haoyu when Ji Haoyu heard the voice on the phone and beat her to it. "Alright, Auntie. I want to eat dumplings."

Jian Ai was shocked. She looked at Ji Haoyu and gritted her teeth. "You're not free!"

"I'm free!" Ji Haoyu said.

Jian Ai: "You're not."

Ji Haoyu: "I am!"

Jian Ai: "..."

When Wang Yunmei heard the voice on the other end of the phone, she was stunned. What was going on?

"If Haoyu is coming, come up together. Don't forget to buy soy sauce." In the end, Wang Yunmei didn't ask anymore and hung up.

Jian Ai couldn't help but take a deep breath. She looked at Ji Haoyu's helpless expression and complained, "My mother would give way to you. Are you really going?"

When Ji Haoyu heard this, he curled his lips and chuckled. "Impossible. I'm very close to Auntie. She must be sincerely inviting me."

Jian Ai: "..."

At Wang Yunzhi's house.

Before the children returned, the women sat in the living room and chatted.

“Ah? You’re in a relationship?”

Wang Yunmei and Wang Yunzhi looked at Jiang Chunfen in shock. It was obvious that they couldn’t digest this matter for a moment.

Although Jiang Chunfen was divorced and had the freedom to fall in love or even remarry, in Wang Yunmei and Wang Yunzhi’s hearts, she shouldn’t be such an impulsive person.

They even went for a beauty treatment together last week. Why was there such shocking news this time?

Jiang Chunfen held a cup of fragrant tea in her hand. She was a little embarrassed to mention this and nodded slightly.

Seeing this, Wang Yunmei and Wang Yunzhi couldn’t help but look at each other. Then, Wang Yunmei looked at Jiang Chunfen and asked, “When did this happen? Why didn’t we hear anything? This is too sudden.”

Jiang Chunfen raised her hand to smooth her hair before looking at the two of them. “We confirmed our relationship a few days ago. It was quite sudden, and I was a little surprised. However, he’s quite a good person. He’s very gentlemanly and humorous.”

“Who is it? A colleague from the company?” Wang Yunmei asked again. After all, Jiang Chunfen’s focus was on work. In her free time, she would go shopping with them to do beauty treatments and hair. She had never heard her mention anything about a blind date.

“Yes.” Since Jiang Chunfen had told Wang Yunmei and Wang Yunzhi, there was no need to hide it. She said truthfully, “He’s our company’s vice president.”

*Vice president?*

Wang Yunmei was stunned and blinked.

On the other hand, Wang Yunzhi said with a look of realization, “He’s surnamed Qiao, right?”

Wang Yunzhi was in a real estate company, and Jiang Chunfen was in an entertainment company. The two companies belonged to the same corporation, and they ate in the same cafeteria for lunch, so Wang Yunzhi had seen Qiao Yuan a few times from afar.
