Chapter 951: Jian Yiyi's Love Letter

After the boys left, Jian Ai looked at Xia Qinghuan and asked, "When will the new drama start filming?"

"At the end of this month," Xia Qinghuan said and couldn't help but purse her lips helplessly. "But the filming location isn't in Baiyun City. When the time comes, I'll have to apply for leave. I'll have to self-study while filming. I might have to find a teacher to join the production team with me."

"Ah?" Guan Tao was surprised. "You have to bring a teacher into the production team?"

Xia Qinghuan nodded. "That's what I think. Because I also promised my parents that I wouldn't let my results fall too much. You saw my results during the city's preliminary examinations last time. I almost fell out of the top hundred. I can't continue like this."

Jian Ai nodded in understanding and suddenly reacted. "Does Jian Yiyi have to apply for leave too?"

"Of course. Oh, my head hurts when you mention her. I have to act as her best friend in the drama, do you know that? I'll instantly fall out of character when I see her. How strong is my mental fortitude to act as her best friend?" Xia Qinghuan hugged her head and looked pained. She didn't look like she was pretending.

Jian Yiyi had just walked out of the restaurant and was chatting with Li Yunmei and the rest when a tall and thin boy in Erzhong's school uniform suddenly appeared in front of her.

They stopped in their tracks and looked at the boy.

The boy looked unfamiliar, so they were sure he was not from Class One. He was standing in front of Jian Yiyi, obviously targeting her.

"You're Jian Yiyi, right?"

The boy suddenly spoke. His pimply face was red, and he looked exceptionally nervous.

Jian Yiyi nodded slightly. The boy quickly said, "I'm in Year Three!"

"Hello, Senior." Jian Yiyi nodded slightly and acted exceptionally ladylike and polite. She then asked, "May I know why Senior is looking for me?"

The boy nodded hard and quickly took out a blue envelope from his pocket. He handed it to Jian Yiyi. "This... is for you!"

Li Yunmei and the rest widened their eyes when they saw this. They did not need to guess to know that it was a love letter.

However, the person who sent the love letter looked a little...

Everyone couldn't help but refuse on behalf of Jian Yiyi. They thought to themselves, 'A toad wants to eat swan meat.'

Jian Yiyi blinked innocently and reached out to receive it!

Jian Yiyi smiled sweetly and said to the boy, "Thank you, Senior. I'll look!"

For a moment, the boy felt dizzy as if some pink bubble had hit his head.

However, even so, he still maintained his rationality and explained, "This... I didn't write it. You'll know who gave it to you after you read it!"

As he spoke, the boy turned around and ran away with a red face.

Everyone looked at the boy running away in confusion. After a while, they reacted. Li Linlin immediately said, "Oh my, Yiyi. A Year Three senior wrote you a love letter."

Xi Jie also urged excitedly, "Quickly open it and see which senior it is!"

"Ah? Shouldn't I read such things secretly alone?" Jian Yiyi gripped the love letter and looked at them awkwardly.

The girl beside her said, "We're not looking at the content. We just want to see who wrote it!"

"That's right, Yiyi. Just let us know who wrote it. Perhaps someone knows this senior and can give you some advice!"

Chapter 952: Jian Yiyi's Love Letter (2)

Jian Yiyi liked the feeling of being the focus of attention, especially when everyone's attention was on her.

Speaking of which, she was still a little unhappy. Logically speaking, when she first transferred here, she was already the focus of attention because of her outstanding appearance and high-end clothes. Many boys thought of her as the school belle. She should have received a love letter long ago.

Unexpectedly, she fell for Lin Yi's trick and instantly turned from the school belle to a joke. Everyone kept a distance from her, and the image she had painstakingly built collapsed.

It took a few months for the students to forget about that matter. Now that she was in Year Two, she had just received her first love letter in high school.

Moreover, it was obvious that a senior had seen her promotional video and noticed her.

Feeling the eager and curious gazes of the girls beside her, Jian Yiyi nodded slightly. "Alright, but you can't peek. I'll tell you when I see the name."

The girls nodded one after another when they heard that. They naturally did not care about the content of the love letter. It was just some confessions. They were curious about who wrote this love letter.

Seeing this, Jian Yiyi couldn't help but take a step back. Then, she slowly opened the blue envelope.

Although she had received love letters from boys in junior high, she was still a little nervous with so many eyes on her.

After a while, Jian Yiyi finally took out the letter from the envelope. She opened it and didn't look at the content. Instead, she looked at the name at the bottom.

“Who is it, Yiyi?”

“Did you see the name, Yiyi?”

“Quickly tell us...”

Seeing this, the girls quickly urged.

Jian Yiyi looked at the name for a long time until she was sure she saw it correctly. Then, she slowly looked up at them and said, “Liao... Liao Bo.”

Everyone was stunned when they heard this, as if they couldn’t react to this name for a moment.

Two seconds later, Li Linlin was the first to react and scream, “Ah! Yiyi, it’s Senior Liao Bo!”

As Li Linlin screamed, the others came back to their senses. Xi Jie also leaned forward excitedly. “Oh my, Yiyi. It’s a love letter from Senior Liao Bo. He confessed to you!”

Jian Yiyi looked at the excited crowd and blinked.

Seeing her reaction, everyone couldn’t help but be stunned.

Li Yunmei couldn’t help but look at Jian Yiyi in surprise. “Yiyi, don’t tell me you don’t know Senior Liao Bo?”

Jian Yiyi nodded with a wooden expression. However, when she thought about it, she seemed to have heard it before.

“I think I’ve heard of it, but I don’t have a deep impression of it!”

“No way, Yiyi?” Even Li Yunmei looked at her in surprise. “You don’t know Senior Liao Bo?”

Jian Yiyi was stunned by their enthusiasm. She couldn’t help but look at them and ask, “What’s wrong? Is he famous?”

“He’s not just famous. Do you know who his father is?” Li Linlin couldn’t help but feel excited, as if she was the one who had received the love letter.

Jian Yiyi shook her head and frowned. “Oh, stop keeping me in suspense. Tell me who he is and what this has to do with his father.”

When Li Linlin heard this, she said, “Senior Liao Bo’s father is Governor Liao of our Jin Province!”

Chapter 953: He’s Coming Over

“No way!” Jian Yiyi couldn’t help but cover her mouth to hide her shock.

The son of a high-ranking official, the son of Governor Liao, wrote her a love letter?

“Yiyi, have you really never seen Senior Liao Bo?” Li Yunmei looked at Jian Yiyi and asked.

Jian Yiyi blinked her enormous eyes and nodded. “I don’t remember him. I don’t know what he looks like.”

Li Linlin said in realization, "I know. Senior Liao Bo must have seen Yiyi's promotional video and got attracted."

With that, Li Linlin pulled Jian Yiyi's hand and said, "Yiyi, Senior Liao Bo plays basketball at the school basketball court every afternoon. I'll take you to see him."

"No..." Jian Yiyi was a little embarrassed. "I just received his love letter and then I'm going to see him? I don't feel good."

"Don't be reserved now. That's Senior Liao Bo." Another girl encouraged Jian Yiyi. "If we don't get close, we can secretly look at him from afar. That way, you'll know what kind of boy wrote you a love letter."

Jian Yiyi was a little shy, but she was also looking forward to it. In addition, the surrounding girls kept urging her, so she followed them towards the basketball court.

In the basketball court at the back of the school, Lin Yi and the rest were playing basketball with boys from the other classes in Year Two. On the other side were the Year Three seniors.

Because of some unhappy things that had happened before, the two groups basically wouldn't interact anymore, especially after Jian Ai punched Liao Bo last time. He obediently didn't provoke Lin Yi and the rest again.

It was unknown if he was indeed afraid or afraid that Jian Ai would tell others about his hospitalization after being beaten at the bar.

It was probably the second reason.

Jian Yiyi and the rest came to the edge of the basketball court. Li Linlin recognized Liao Bo in the crowd at a glance and immediately pointed at him. "Yiyi, look. That's Senior Liao Bo. He has a headband on his forehead."

Jian Yiyi looked up in the direction Li Linlin was pointing at and saw a boy about 1.8 meters tall on the court. He was dribbling the ball quickly. His movements were natural and smooth, and he was exceptionally agile and handsome.

Looking at his face again, he had thick eyebrows, big eyes, and fair skin. Although his facial features were not as exquisite and perfect as Lin Yi's, he still had his uniqueness. He was not much different from Lin Yi.

The main reason was that his identity as a high-ranking official's son was too outstanding. For a vain person like Jian Yiyi, the other party's identity seemed to attract her more, and his appearance was secondary.

Perhaps sensing Jian Yiyi's gaze, Liao Bo suddenly turned around.

Jian Yiyi was shocked. "He saw me. Let's go."

How could the girls let Jian Yiyi leave just like that? Even Li Yunmei reached out and pulled Jian Yiyi's sleeve. "Yiyi, what are you afraid of? He was the one who wrote the love letter and confessed. What are you embarrassed about?"

Before Jian Yiyi could say anything, Li Linlin and Xi Jie exclaimed in a low voice, "Oh my, Senior Liao Bo is coming over. He's coming over!"

Jian Yiyi was shocked. She turned around and saw Liao Bo running over with a bright and handsome smile.

Jian Yiyi's chest tightened. She didn't know why she was nervous. Perhaps she didn't have any experience of boys confessing to her in public. In addition, she didn't know the other party, so she didn't know what to do!

1

Chapter 954: I Already Have Someone I Like

Before she could think, Liao Bo had already arrived in front of Jian Yiyi.

His firm chest puffed up because he was panting. There were even sparkling beads of sweat on his forehead. Coupled with the smile on his face, he looked exceptionally charming as a sports boy.

Looking at him up close, Jian Yiyi realized he was quite handsome.

"Hello, Senior!"

When the other girls saw Liao Bo, they automatically greeted him. Liao Bo also smiled and nodded at the others. "Hello, junior sisters."

He looked friendly and sunny, without the airs of a high-ranking official's son.

Liao Bo's gaze landed on Jian Yiyi again. He smiled and greeted, "Hi."

Jian Yiyi quickly lowered her head and pursed her lips. She looked nervous and helpless. "Hello, Senior."

When Liao Bo saw Jian Yiyi like this, a wolf-like glint flashed across his eyes, but it was gone in an instant.

"Did you receive the thing I gave you?" Liao Bo asked bluntly.

Jian Yiyi stopped breathing and nodded. "I haven't seen it yet."

Liao Bo's smile deepened. "It's okay. I'll give you time to think about it."

As if not wanting to give Jian Yiyi too much pressure, Liao Bo said, "I'm going to play basketball. They're still waiting for me."

With that, he waved at them, turned around, and ran away.

Jian Yiyi immediately felt the pressure dissipate. She looked up at Liao Bo's back and felt that he was tall.

"Yiyi, it seems that Senior Liao Bo likes you very much. He even said that he wasn't in a hurry and gave you time to consider."

"That's right, Yiyi. What do you think? Do you agree?"

"Senior Liao Bo is so handsome and has a good family background. Yiyi, you have to agree!"

The others immediately started chattering again. Jian Yiyi's heart was in a mess. She didn't know how to respond.

In the end, Jian Yiyi said, "I haven't read the letter yet. I'll consider it after I'm done."

Without waiting for anyone to react, Jian Yiyi pulled Li Yunmei's hand alone. "Xiao Mei, accompany me to a shop."

After shaking off the others, Jian Yiyi couldn't help but ask Li Yunmei, "Xiao Mei, do you know Senior Liao Bo? Or have you heard about him?"

Li Yunmei did not expect Jian Yiyi to discuss this with her alone. She was stunned and her heart warmed. Jian Yiyi would only discuss this with her if she treated her as her best friend.

Otherwise, there was no need to shake off the others.

Li Yunmei thought for a moment and shook her head. "I've heard of Senior Liao Bo from others. Other than knowing that his father is Governor Liao, I don't know much about him. However, he's so handsome. Many girls should like him."

Li Yunmei couldn't help but look at Jian Yiyi and ask, "Yiyi, what do you think?"

Jian Yiyi lowered her head and walked to the flower bed by the school and sat down. Seeing this, Li Yunmei quickly leaned over and heard Jian Yiyi say softly, "Xiao Mei, I already have someone I like."

Li Yunmei was shocked. "Ah?"

She thought for a moment and said, "Could it be Lin Yi? You're still thinking about him? I forgot about him!"

Jian Yiyi quickly looked up and denied, "No, no. How could it be Lin Yi?"

Jian Yiyi paused and said awkwardly, "Actually, he's the CEO of my current management company. I've only seen him twice, but I'm very sure I like him."

1

Chapter 955: A Perfect Match!

When she heard the words 'CEO,' Li Yunmei stood on the spot as if lightning had struck her. The image of a greasy, fat, middle-aged man appeared in her mind.

The corners of Li Yunmei's mouth twitched subconsciously. She said with disdain, "Yiyi, stop joking. How much older is he than you?"

Seeing this, Jian Yiyi knew that Li Yunmei had misunderstood. She quickly explained, "He's not the type you're thinking of. I asked around. He's only nineteen years old. Do you know how handsome he is? He's upright and gentle. My heart still beats faster when I think of him."

Nineteen years old?

Li Yunmei widened her eyes in shock. "Really? A nineteen-year-old CEO?"

Jian Yiyi nodded hard and looked at Li Yunmei with a blissful expression. "Isn't he amazing? He became the company's CEO at nineteen years old. I think he's especially amazing. Anyway, I like him very much."

"Are you planning to reject Senior Liao Bo?" Li Yunmei couldn't help but ask.

Although the nineteen-year-old CEO Jian Yiyi mentioned was powerful, Senior Liao Bo was the son of a high-ranking official. His status was not inferior.

Jian Yiyi said nothing. She lowered her head and bit her lower lip, looking embarrassed.

Seeing her like this, Li Yunmei knew it conflicted her. She couldn't help but say, "Yiyi, I think you can put that CEO aside for now. You also said that you've only seen him twice, so everything after that is unknown. But Senior Liao Bo is different. He's right in front of you and even wrote you a love letter. As long as you nod, you can have him easily."

"Do you think I should agree to seeing Senior Liao Bo?" Jian Yiyi looked up at Li Yunmei and asked.

Li Yunmei was shocked and quickly said, "How can I decide for you? The final decision is in your hands. I'm just telling you my thoughts. At most, I'll give you a suggestion."

At this moment, Li Yunmei was still considered smart. She knew she could not help others decide on such things. If the two of them fell out in the future, she would be in trouble.

However, despite Li Yunmei's words, they more or less affected Jian Yiyi.

Just as she had said, she was very tempted by the CEO she had only seen twice. However, after that, she knew nothing about him except that his surname was also Jian.

However, Liao Bo was different. His family background was extraordinary, and he looked good. Most importantly, his attitude was clear. As long as she nodded, it would be fine.

"Yiyi, why don't you observe before deciding?" Li Yunmei suddenly said.

Jian Yiyi was stunned. She looked at Li Yunmei. "Observe who?"

"Senior Liao Bo!" Li Yunmei said, "Didn't he say that he would give you time to consider? Then, observe him. Otherwise, you have never seen him before and don't know him well. You have to understand him before deciding."

Jian Yiyi couldn't help but think for a moment. She felt that this solution was not bad. At least it could give her some time.

She nodded. "That's good too. Otherwise, my heart will be in a mess."

Unexpectedly, in just a short while, the news of Liao Bo writing a love letter to Jian Yiyi spread. Not long after, the entire Class One knew!

"Eh? This is really a match made in heaven. They're a perfect match!" This was Xia Qinghuan's first reaction when she heard this news.

Chapter 956: Wait and See

However, compared to Xia Qinghuan's agitated reaction, Jian Ai was much calmer. After all, these two people had nothing to do with her. Jian Yiyi had become a popular person in school, so it shouldn't be a surprise that someone wrote her a love letter.

However, Liao Bo had finished writing the love letter in just one morning. The speed at which he wrote the love letter was quite shocking.

Guan Tao blinked and reacted slowly. "Isn't Liao Bo the senior who harassed Xiao Ai before? I heard he's the son of a high-ranking official."

"Hah..." Xia Qinghuan couldn't help but chuckle. "This identity will definitely give him a lot of points. After all, Jian Yiyi is a vain person."

Jian Ai listened from the side and couldn't help but look at Xia Qinghuan. She said, "Don't be so agitated. Didn't Jian Yiyi just receive a love letter? It's still uncertain if she'll agree."

When Xia Qinghuan heard this, she immediately guessed, "Even if she doesn't agree now, she will in a few days. If you don't believe me, just wait and see."

Jian Ai shook her head and laughed, but she didn't comment on Qinghuan's words.

However, in the next few days, Liao Bo came to Year Two, Class One, often. He gave breakfast today and a small gift tomorrow. He hid nothing and approached Jian Yiyi.

Jian Yiyi was a little embarrassed at first, but she wanted to observe Liao Bo. She didn't expect him to be so considerate. The gifts he chose were all Jian Yiyi's favorites.

Then, she slowly became used to it and enjoyed the envious gazes of the surrounding people.

Especially when she knew that Liao Bo was very popular in Year Three and that many girls liked him, this made Jian Yiyi's vanity explode. She liked to take what others could not have, including people!

Over time, although Jian Yiyi didn't officially agree to Liao Bo again, the two of them seemed to be together.

...

Half a month later, shocking news suddenly broke in the business world. The new CEO of the Ji Group which was ranked first in Asia, Ji Haoyu, officially took over the corporation. He was only twenty-two years old!

This news not only caused a huge sensation in Baiyun City, but it also caused quite a stir in the entire China and even the entire Asia. The corporation's press conference gathered television stations from all over Asia. Reports filled the sky like snow, and for a moment, they swept through all the major business channels, business newspapers, and business magazines.

Now, no matter where he went, one could see Ji Haoyu's report on a shopping mall screen and the newspaper stand by the road. Because of Ji Haoyu's perfect appearance, many girls who did not know what was going on went crazy for him. For a moment, he became someone even more popular than a superstar.

At this moment, Jian Ai was sitting on the sofa in the living room and watching the Ji Group's press conference on television. On the screen, Ji Haoyu was dressed in a black suit. He had a strict aura around him, and his expression was as cold as an iceberg. He was refined and made people feel afraid.

Under the pressure of his aura, the reporters below asked relatively conservative questions. No one dared to ask any nonsense, afraid that they would anger Ji Haoyu.

Jian Ai looked at the television and couldn't help but sneer in disdain. If she didn't know his other side, his attitude would probably intimidate her.

However, the Ji Group suddenly changed owners. Such explosive news caused the Ji Group's shares to skyrocket. Almost overnight, the profits from the increase in market value were astronomical.

Chapter 957: Fire in the Warehouse

Jian Ai could not help but admire Old Master Ji's methods. Before he abdicated, he even gave the last bit of warmth to the Ji Group. He was indeed an experienced person who relied on his sharp methods to make the Ji Group the number one in Asia.

If she had the chance, she really wanted to learn from Old Master Ji. With his rich experience, she would benefit greatly if she could learn some knowledge.

However, just as Jian Ai was sighing, Si Yue suddenly walked out of the room with the phone. "Brother Bai Zhou is calling!"

Jian Ai couldn't help but sit up. Only then did she realize she had left her phone in the bedroom!

Taking Si Yue's phone, Jian Ai said, "What's wrong?"

On the other end of the phone, Bai Zhou only said one sentence, but it made Jian Ai suddenly jump up and say in shock, "What?"

Returning to her senses, Jian Ai quickly said, "I'll be right there!"

"What happened?" Si Yuehan couldn't help but ask worriedly when he saw Jian Ai's reaction.

Jian Ai's face was as cold as ice. She said, "The warehouse in the western suburbs caught fire!"

Without waiting for Si Yuehan to react, Jian Ai had already rushed to the door to change her shoes. Seeing this, Si Yue quickly chased after her. "I'll go with you."

In the western suburbs of Baiyun City, the fire alarm sounded. Before they arrived, they could see thick smoke from afar.

When Jian Ai arrived, the rescue work was still ongoing. I cordoned the scene off. Bai Zhou, Chi Yang, and Liu Fei, who was in charge of the warehouse, were watching from the side.

"What's going on?"

Jian Ai came closer and asked Bai Zhou.

Seeing this, Bai Zhou looked around and pulled Jian Ai to a corner before saying, "The fire started suddenly, and it was ferocious. Liu Fei had already seen it in an out-of-control state when he first

discovered the fire. We still have to investigate the exact cause of the fire, but I suspect that someone started it.”

Jian Ai’s expression was not good. From the moment she learned the warehouse had suddenly caught fire, her first instinct was that someone had started it.

Bai Zhou continued, “Liu Fei patrols the surroundings of the warehouse a few times every day. No obvious source of fire can escape his eyes, so this matter is probably not that simple. The method of arson also needs to be investigated.”

Jian Ai nodded and couldn’t help but look back at the warehouse wrapped in thick smoke. She asked worriedly, “If something happens to the colored steel glass inside, it will be a huge blow to the company.”

“Don’t worry. With Chi Yang’s barrier, such a fire can’t destroy the colored steel glass. Fortunately, I was careful enough to let Chi Yang cast the barrier. Otherwise, we would have suffered heavy losses,” Bai Zhou said.

Jian Ai was relieved when she heard this. However, on second thought, an unknown anger rose in her heart.

Not that she was targeting the Jian Group, but since they had done something to East Sea Real Estate before, Jian Ai first thought of the Jian Group when the warehouse in the western suburbs caught fire.

However, she still had to investigate this matter clearly. If it was another company who did it, East Sea Real Estate would be surrounded on all sides.

Because the fire was bigger, the fire suppression work lasted for a long time. After the fire was extinguished, they could not enter immediately. They had to wait until the density of the smoke decreased to the point where it was harmless to the human body. This would take almost a day.

Helpless, Jian Ai waited for the fire to go out before leaving the scene with Bai Zhou and the rest.

Chapter 958: Have to Use Some Special Means

Baiyun City’s evening news.

“This afternoon, a fire suddenly broke out in a commercial warehouse in the western suburbs of our city. Because of the weather, the fire was exceptionally fierce. The fire brigade sent four fire trucks to take part in the fire suppression operation. After two hours, the fire finally extinguished.”

“According to sources, this warehouse belongs to our city’s East Sea Real Estate Group. East Sea Real Estate is a new company that has just been established this year. Currently, known projects include the construction of a six-star hotel around the city’s train station and the Starlight Amusement Park Project in the suburbs. It has a strong momentum and is a company with great development potential.”

“According to the news our reporter received, there are valuable and expensive colored steel glass stored in the warehouse. They imported this batch of colored steel glass from Qiusi and will be used for East Sea Real Estate’s six-star hotel project. The market value is conservatively estimated to be billions of yuan.”

“It’s still unknown if this fire will cause a destructive blow to East Sea Real Estate. The reason for the fire needs to be investigated further...”

Old Master Jian looked at the news on the television expressionlessly.

This fire would definitely cause unprecedented damage to East Sea Real Estate. Even if he took the risk this time, the ultimate result was undoubtedly successful. Just looking at the scene of the fire on the television just now, the glass in the warehouse had probably been burnt black. Even if some of them survived, the losses would be astronomical.

This also resolved the Jian Group’s hatred.

“Changsheng even asked you to investigate the corporation previously. You were still in a dilemma. Why couldn’t you help but attack this company again?”

The old lady sipped her tea and looked at the news.

“Hah.” Old Master Jian couldn’t help but sneer. He said with a gloomy expression, “Secretary Wang didn’t do things meticulously enough, so the other party caught on. Moreover, I don’t believe that the Jian Group’s previous crisis was related to East Sea Real Estate. How could a small real estate company have the ability to make the Jian Group’s market value disappear by a hundred million yuan overnight?”

The old lady looked up at the old man and said faintly, “But didn’t you say that it’s not difficult to tell that this company is not simple? It might not be a good thing for the Jian Group if you act rashly.”

“It’s better to be safe than sorry.” The old man looked at the old lady and said with a determined expression, “You’re being soft-hearted. Since I know that this company is not simple, how can I let it develop? When it matures in the future, it will become the Jian Group’s number one enemy. Therefore, we have to do everything we can to stop them now.”

From his tone, it was not difficult to hear his obsession with East Sea Real Estate. After so many years, his style in the business world had not changed at all.

To achieve his goal, he would do anything.

The old lady knew him well. She could only sigh and say helplessly, “I’m afraid that Changsheng will know. You know him too. He despises such methods the most. Changsheng is outstanding. You should believe him!”

“I naturally believe in him,” Old Master Jian answered. “But Changsheng’s strength is also his weakness. He’s too righteous! You have to know that business is like a battlefield. As the saying goes, all is fair in war. In some special situations, when facing a special and troublesome enemy, one has to use some special methods to hit the nail on the head to achieve their goal.”

Seeing that the old man wouldn’t listen to anything, the old lady decided to shut her mouth. In the end, she reminded him, “In short, don’t let Changsheng know.”

Chapter 959: Young Master Ji Was Angry

Jian Changsheng naturally heard such big news immediately. Moreover, the company’s secretary told him ‘good news.’

East Sea Real Estate's warehouse in the western suburbs suddenly burst into flames. Tons of colored steel glass might be burnt to charcoal.

Now that he was home, he immediately focused on the television news and was brought straight to the scene.

Ever since Jian Changsheng found out that Jian Ai was his daughter, he had been paying close attention to East Sea Real Estate. Even if he didn't know that Jian Ai was the boss behind East Sea Real Estate, his daughter's relationship with the boss called Bai Zhou was not ordinary.

"Is this East Sea Real Estate the company you often mention?"

Qiao Shuyi was watching television with Jian Changsheng. Seeing this, she couldn't help but ask.

Jian Changsheng nodded with a frown.

Seeing this, Qiao Shuyi couldn't help but say regretfully, "How much money will they lose? I heard that this glass is especially expensive."

"Colored steel glass is the most expensive glass in the world. It might be cheaper in Qiusi, but if it's imported to China, including the tariffs, the cost of a piece of glass will be close to a million yuan. If this fire damages the glass inside, it will be a fatal blow to any company," Jian Changsheng explained.

When Qiao Shuyi heard that this glass was so expensive, she couldn't help but open her mouth in shock. "In that case, wouldn't East Sea Real Estate suffer heavy losses? It's a pity. Such expensive glass!"

Although she knew they were a competitor of the Jian Group, Qiao Shuyi couldn't help but feel pity for them. Jian Changsheng liked her kindness and innocence the most.

He couldn't help but reach out and gently hold her hand. His expression softened a little. "I hope the consequences aren't too serious. Although they're competitors, such a natural disaster is still unexpected. No one wants it to happen."

Qiao Shuyi nodded. "I hope so."

On the other side, Yuan Ye conveyed the news to Ji Haoyu first-hand.

Ji Haoyu had just taken over the Ji Group, and there was a mountain of work on his hands. He had even put aside the celebration with Jian Ai for the time being, let alone pay attention to the recent business news.

Fortunately, Yuan Ye had always followed Ji Haoyu's instructions and paid attention to East Sea Real Estate's matters. Especially after East Sea Real Estate was framed by the Jian Group last time, Ji Haoyu asked Yuan Ye to monitor all sides to prevent anyone from having ill intentions towards Jian Ai's company.

As the saying went, what one feared came true. This fire came strangely.

"Investigate. No matter who did it, I want to let them know the consequences of attacking East Sea Real Estate."

It was already past ten in the evening. Ji Haoyu sat on the leather chair in the office, his face terrifyingly cold.

When Yuan Ye heard this, he pushed the glasses on his nose bridge and whispered, "The Jian Group just suffered from a bitter fruit not long ago. Could it be that they forgot the pain after their scars healed?"

Ji Haoyu looked up slightly and said coldly, "If it's the Jian Group again, I'll leave a scar that won't heal this time."

Yuan Ye knew Ji Haoyu and knew that he was angry. He didn't dare to say anything and only nodded. "Young Master Ji, don't worry. I'll find them."

Ji Haoyu restrained his expression and nodded gently.

He picked up his phone and wanted to call Jian Ai to ask about her, but on second thought, he gave up on the idea.

Based on his understanding of Jian Ai, she was probably investigating this matter now.

Chapter 960: What Was This?

After school the next day, Jian Ai and Si Yue took a taxi to the warehouse in the western suburbs.

Bai Zhou and Chi Yang had already started investigating during the day. The most important thing was to find the source of the fire and figure out the reason for the fire.

"How's the glass? Is it damaged?"

As soon as they met, Jian Ai was most concerned about the glass in the warehouse.

Seeing this, Bai Zhou couldn't help but smile. "Don't worry. Although the fire was fierce, Chi Yang's barrier blocked it. The thick smoke can't enter."

Jian Ai heaved a sigh of relief.

Although she believed in Chi Yang's ability, it still distracted Jian Ai during class that day, afraid that something would happen to the glass.

"Did you find any clues?" Jian Ai asked again.

Bai Zhou immediately restrained his expression and shook his head gently. "I found nothing. Because this is the warehouse area, there are many people coming every day, so I can only ask Brother Liu Fei to keep a close eye on them. However, it's inevitable that someone will take advantage of this."

"But the other party couldn't have brazenly started a fire. They must have used some methods. We have to investigate carefully."

Jian Ai asked again, "Are there surveillance cameras?"

Bai Zhou sighed. "There are surveillance cameras, but the coverage area is incomplete. The previous owners of the warehouse installed them. I was careless about this. I've already gotten someone to install cameras in the blind spots as soon as possible."

Jian Ai frowned. This way, it seemed difficult to find any useful information.

It was no wonder. The other party had made such a huge commotion, so they would not leave any conspicuous traces for them to discover.

Could it be that she had to swallow this grievance?

“Manager Bai! Manager Bai!”

Just as Jian Ai felt everything had fallen into a deadlock, Liu Fei, who was in charge of the warehouse, suddenly ran towards them.

Initially, he was in charge of looking after the warehouse. He blamed himself for such a big thing. Fortunately, nothing happened to the glass, so Bai Zhou did not blame him.

Therefore, Liu Fei started to check the source of the fire himself in case such a situation happened again in the future.

“Brother Liu Fei, did you discover something?” Seeing his anxious expression, Bai Zhou couldn’t help but ask.

Liu Fei nodded. “Follow me.”

Jian Ai and the rest looked at each other and followed.

Outside warehouse number four, the thick iron wall had already turned black from the fire. The ground was covered in thick black ash.

Liu Fei brought them to the wall and said, “Manager Bai, look. By the wall...”

Seeing this, Bai Zhou couldn’t help but bend down and squat down. His gaze landed on the ground under the iron wall. He could vaguely see a reflective piece of crystal. The crystal was also dark gray, as if it had been burned. However, if one didn’t look carefully, it was difficult to tell as the black ash had integrated into the crystal.

“What is this?” Bai Zhou asked curiously.

Liu Fei shook his head. “I don’t know either. At first, I thought it was black ash, but I accidentally realized that it would reflect light. I looked along the wall of the warehouse and found that there were many places with this thing. Could it be the source of the fire?”

Jian Ai and the rest also saw the crystals and gently pinched them with their fingers. They felt like sand.

“Do you know what this is?” Bai Zhou looked at Jian Ai and Si Yue and asked.

The two of them shook their heads in unison, showing that they did not know.

Bai Zhou frowned and thought for a moment. He felt he could not let go of any clues. He immediately said, “Take it back and let Xiao Zhen look. If it’s something chemical, he will know.”
