

Attributes 1011

Chapter 1011

The boy in white saw that Gu Shaoyang had clearly heard but still didn't speak, so he continued to tell him everything he knew, for fear that he would be angry at his dishonesty the next second.

"Don't be angry! I'll tell you everything right now!"

"In fact, this organization is called a ghost hunting organization. It is spread all over the world. It is a very large organization and it is also a very powerful organization."

"In their organization, there are several people with the same strength as you, and it is rumored that their boss has a higher cultivation ability, which is very likely to be higher than you!"

Gu Shaoyang listened to the words of the young man in white. When he mentioned spirit hunting, Gu Shaoyang had an idea in his mind.

He had heard of this spirit hunting organization before. They said it sounded like a large, organized, and well-organized system. A disciplined organization, it sounds bad, but in fact they are just a group of bandits and bandits.

Because they burn, kill, and loot, do no good things, and do all the bad things, they have a very bad reputation in the world, and they are an organization that many people hate.

But because they The internal strength is strong, so many people dare to be angry but dare not speak out, and this organization has been domineering in the world for a long time. But what Gu Shaoyang didn't expect was that this soul hunting organization would actually target him!

"So this is how this spirit hunting organization should be targeting you!" Because Gu Shaoyang had been immersed in his own thoughts for a long time after hearing half of it, so he didn't hear what the boy in white had said before.

When he came to his senses, he only heard the last words of the boy in white.

"Um! I see!"Gu Shaoyang nodded towards the boy in white, and then began to make plans in his mind.

Because although he knew the existence of this organization, he didn't understand them or their whereabouts. It was as if they were in the dark and he was in the open. Same.

This is not a good thing for him and the boy in white!

"Do you know if they have any base or a place where they often gather?"Gu Shaoyang feels that this organization should not only have sent one person to follow him, but probably several people! It's not that

Gu Shaoyang is narcissistic and thinks he is so powerful that makes them so interested, but that the treasure in him is too great. There are many, and it is very likely that the people of these ghost hunting organizations have something that can see something on him.

Otherwise, they would not have followed him from the foot of the snow-capped mountains to this place.

"I heard they have been opening inns in various places so they can know who has babies!"The boy in white seems to know this organization quite well.

"Inn?"Gu Shaoyang contacted him when he just checked into the inn, and when he changed inns and came here, all this seemed to be done deliberately by someone, and the shopkeeper also entered his room after he came here.

In addition, the boy in white said before, This shopkeeper is not a mortal being. Although he failed to detect the shopkeeper's true strength, it should be because he wore a treasure that blocked his spiritual power.

In fact, the shopkeeper's strength should not be low, and the people living in this inn It is very likely that people are hidden masters.

So it seems that the inn they are staying in now is the base of the ghost hunting organization!

They seem to have pinpointed the hearts of others, especially those with treasures. In order to hide that they will not live in crowded places, they will definitely choose a secluded place without being disturbed. So this is why they open a shabby inn in various places around the world, specifically for people like Gu Shaoyang. It was set up by people.

After suddenly thinking about these people's thoughts, Gu Shaoyang suddenly sighed at their scheming. How evil must they be to plan so sophisticatedly. They really won't let it go.

Gu Shaoyang thought silently in his heart, but in his heart was more filled with contempt, because he really couldn't stand their behavior. It was really shameful! Hateful!

"So what do we do?" The young man in white saw that Gu Shaoyang had not spoken for a long time, so he took the initiative to ask.

Gu Shaoyang only came out of his own thoughts after being questioned by the young man in white.

"This is most likely their base!" Gu Shaoyang told the young man in white his conjecture. After hearing the news, the young man in white immediately showed a surprised expression.

He looked at Gu Shaoyang in horror, and then ran out immediately, as if he wanted to escape from here.

But the next second he was pulled back by Gu Shaoyang: "What are you doing! Come back quickly!"

Gu Shaoyang grabbed him, and then quickly continued: "If you run out and escape now, aren't you announcing to everyone here that you already know their identities! You're trying to alert the enemy!"

"If you really do this, you will die faster! So if you really want to go, then go ahead and I won't stop you!"

After Gu Shaoyang said that, he really let go and ignored him.

Chapter 1012

When the boy in white saw that Gu Shaoyang was about to let go of his hand, he immediately grabbed his hand tightly to prevent him from letting go.

"I don't go! Of course I won't go!" The boy in white smiled awkwardly, a little timid.

But Gu Shaoyang was very puzzled by the worry of the boy in white.

Because he could see that the strength of the boy in white was actually not low. Even if he really rushed out, if he fought to the death with the people outside, in a human battle, they were no match for him.

But the young man in white acted as if he was a waste, which made Gu Shaoyang puzzled.

"Why are you so afraid of them? Your own strength is not low!"

As he asked his inner doubts, Gu Shaoyang grabbed the wrist of the boy in white and checked his pulse. After seeing Gu Shaoyang's movements, the boy in white subconsciously wanted to retract his hand.

But the difference in strength was too great, so the boy in white couldn't break free at all.

And Gu Shaoyang, who was diagnosing the pulse of the boy in white, found out after taking his pulse that although the boy in white looked very strong, his cultivation was actually suppressed. In other words! He is just a useless person now! After Gu Shaoyang realized this, he suddenly felt his head pounding...

Originally, he asked the boy in white to cooperate because he was good, and the two of them had a great chance of winning together! But who would have thought that this boy in white turned out to be a useless person!

And Gu Shaoyang is also He has caused a big trouble for himself! He was the one who quietly proposed cooperation first! So Gu Shaoyang can't go back on his word.

"you! you! What did you do!" Gu Shaoyang is angry and helpless, but he chose the person himself, so he can't go back on his word. What they are doing now is to try their best to help the boy in white find a way to contact the thing that suppresses him, and then the two of them can cooperate better.

Otherwise It would be impossible for Gu Shaoyang to fight his way out alone.

"I...I...I don't know either! I just went to the snow-capped mountains and came down like this!"

The young man in white felt very aggrieved. He obviously didn't do anything, but he turned into a useless person with a high level of cultivation.

"What did you do on the snowy mountain?"Gu Shaoyang knows more about the snow mountain than he does, so he needs to know what he did on it so that he can better help him solve the problem. But the boy in white recalled what he did on the snow mountain. I can't remember what he did or who he offended.

"I went up the snowy mountain with them, but they got separated. Then I walked back alone to look for them, but I couldn't find them."

"Then I was so tired that I just lay on the ground and took a nap. When I woke up, I found a lot of bugs behind me."

"I didn't realize it was a snow bug at first. I thought it was some kind of monster, so I was so scared that I quickly backed away, thus scaring them."

"Then I was attacked by them, and several snow bugs hit me. It was okay at first, but many of them hit me at the same time, and I couldn't resist, and then I fainted."

"Then I went down the mountain and was rescued by the people who were separated from me before. But because I was still unconscious after going down the mountain, they left me and walked away."

The boy in white said a little helplessly and a little sad. They obviously formed a team to go up together, but in the end he was left alone.

"Then why are there still snowworms on you?"Gu Shaoyang asked in confusion.

"Later I woke up and noticed something under my feet. When I reached out and touched it, I realized it was a snow bug."

The boy in white couldn't help but blush as he spoke, but Gu Shaoyang's expression remained unchanged and he showed no reaction.

"So how did you get targeted by them?" Gu Shaoyang looked at the young man and frowned, and continued to ask, but the young man became very angry when he mentioned this matter.

"It's not because of my companions who have left! That's what they exposed!"

As soon as this matter was mentioned, the boy in white gnashed his teeth, wishing to skin and crush the people who were with him, and cut them into pieces with a thousand knives to vent his hatred!

"After they left the foot of the snow-capped mountains, before I woke up, they told them that I had a treasure on me, but many people searched for me and found nothing."

"But when I woke up later, I discovered the foreign object on my body, and as soon as I discovered it, they snatched it away! When I reacted and wanted to catch up with him, I realized that I was already a useless person!"

The boy in white held his forehead helplessly, feeling sad that his snow bugs had been robbed, but also sad that his cultivation was suppressed for some reason.

But after Gu Shaoyang listened to the boy in white's story, he had a suspicion in his mind.

He probably was. The person who went to the snow mountain with the boy in white did it, because when the boy in white was unconscious, it was the best opportunity to attack.

Because the boy in white was in a coma.

Chapter 1013

He himself will not have any consciousness, and since he has been unconscious for so long after coming down the mountain, it is very likely that so many people of all kinds will attack him if they approach him.

So even if the boy in white puts suspicion on them, they still have a hundred excuses to defend themselves.

In Gu Shaoyang's opinion, the identity of the young man in white must be extraordinary. These people were hiding behind his back and he did not dare to show his face. They must have been instructed by someone.

The young man in white must have a little snow bug in his family. The reason why he is biting him now is probably to find out who is behind the scenes.

Then he can return to the family to fight for justice for himself. Otherwise, if the family knew that he was like a waste now, they would probably give up on him and train him instead.

This result was the last thing he wanted to see and the last thing that could happen. Otherwise, he couldn't even imagine how serious the consequences would be!

But another very important point is that he didn't tell the truth to Gu Shaoyang!

"So you keep chasing that guy just for a snow bug? Judging from your extraordinary clothes and bearing, you must be a member of a big family. If you really want a snow insect, I think it should be a very easy thing for your family."

Gu Shaoyang looked at the boy in white with a lot of eyes, and when he was looked at by Gu Shaoyang like this, the boy in white felt guilty for a moment.

He didn't expect that Gu Shaoyang was such a smart person, and he could see him with just a few words. clear and direct

"Uh-huh... Indeed, I....."

"It's just like you guessed, but I can't go back now, so... I need you to help me!"The boy in white suddenly looked at Gu Shaoyang sincerely.

He urgently needs Gu Shaoyang's help now, but Gu Shaoyang has some scruples about his dishonesty, so he can cooperate with him, but so far he will not take the initiative to help him

"talk later!"Gu Shaoyang copied the ambiguous answer, and then changed the topic to other places.

The young man in white also understood that it was because of his own reasons that Gu Shaoyang was like this, and he had to ask for help from others, and he could not forcefully give orders.

"Brother! If you can help me recover and help me find the person behind the scenes, I am willing to give you the treasure that has been enshrined in my family for thousands of years!"

As if he had made up his mind, Gu Shaoyang suddenly looked at Gu Shaoyang and said with pain. Looking at the expression of the boy in white, Gu Shaoyang became interested.

"oh? A thousand-year-old treasure? You should come and listen."Gu Shaoyang suddenly turned his eyes to look at the boy in white, and then waited quietly to hear what he could say.

When the boy in white saw that Gu Shaoyang was interested, he pursed his lips, and then slowly spoke.

"It's a key! I don't know if you know that at this time, it is said that if you collect five keys, you can get a mysterious treasure, and one of the keys is in our house!"

The boy in white clothes said with great certainty, but Gu Shaoyang's face looked indifferent. In fact, his heart had already begun to boil!

Now he has collected four keys! He is just missing the last one! If he can help The boy in white, then he can collect all five keys!

This deal is not a loss for him at all! It is a profit!

Although Gu Shaoyang is very excited in his heart, he still has to show an indifferent expression , otherwise after letting the young man in white see his inner thoughts, he was worried that he would do whatever he wanted. He would keep asking him to do things for him. Gu Shaoyang didn't want to encourage his pride, so he made this move

"What's so rare about a key, and like you said, you have to collect five of them. You only give me one, and I have to find the rest myself. What's the use of it."

Gu Shaoyang shook his head at the boy in white, as if he was refusing, but in fact he was using a push-pull technique, because after he refused like this, the boy in white would increase his bets, and he would be able to make more profits.

In this way, the boy in white would also Will be more dependent on him and trust him more

"That's it! If you are willing to help me, then I will give you another ten million taels of gold! And I promise you something with the power of my clan!"

The young man in white is not a person who dawdles. He directly sets his maximum limit and then lets Gu Shaoyang make the decision.

You know, if the young man in white really devotes the whole family's efforts to help Gu Shaoyang complete things, this is a very high promise. , after all, the power of a clan is very powerful.

And Gu Shaoyang also knew how powerful the help of the clan's power was, so he continued to ask for more

"Three things! If you promise me three things, I will promise to help you with three things!"

Gu Shaoyang pointed three fingers at the boy in white, but he didn't expect that Gu Shaoyang was really greedy and wanted three pieces!

Just when the boy in white was hesitant, Gu Shaoyang raised his eyebrows and said, "If you don't want to, Just pretend I didn't say that."

Chapter 1014

"You should find someone else who is as good as me."

As he said this, Gu Shaoyang was about to take back the three fingers he stretched out, and the young man in white quickly grasped them, and then immediately nodded in agreement.

After all, he had to find another Zhang who was as powerful as Gu Shaoyang, and also so clever. People really can't be found for a while!

And his affairs must not be put off again and again! Otherwise, when he returns to the Tao family, things will definitely change in his family.

"I promise you! No regrets!"

When Gu Shaoyang saw the young man in white agreeing, he raised his hand to create a pen and paper on the table, and then started to write.

"What we say is unfounded, but we use written evidence as proof. This is fair to everyone, what do you think?"

When Gu Shaoyang picked up the pen to write, the boy in white also picked up the other pen and started writing.

Soon both of them wrote things clearly. After writing, the two began to sign and stamp. Each of them had their own fingerprints in duplicate.

After signing the contract, they were officially cooperating. Gu Shaoyang felt secure after looking at the contract.

"So what do we do next?" The boy in white put the contract away, then looked at Gu Shaoyang and asked

"Don't worry, you haven't told me your name yet, you have to give me a name."

When asked by Gu Shaoyang, the boy in white subconsciously wanted to give a false name, but then he thought that it was because he was dishonest that Gu Shaoyang was unwilling to help him.

So after thinking about it, the boy in white still told Gu Shaoyang his truth. Name: "My name is Bai Jing, you can just call me Lao Er."

Although the boy in white told Gu Shaoyang his real name, he was still different. Gu Shaoyang called him by his name directly, so he gave him another title.

And Gu Shaoyang understood what he meant: "No problem, I will call you later. Second brother, please call me Brother Gu. My name is Gu Shaoyang. It seems that I am older than you. After exchanging names

, Gu Shaoyang patted him on the shoulder and said, "Let's find a quieter place to talk. This is not a good place.""

The cooperation between them has been confirmed, and the next step is to discuss the details. However, this inn is the territory of the ghost hunting organization. Although they have discovered the accumulated fruit, after all, the house belongs to someone else, and they still have no guarantee that there is nothing in the house. There were other things they couldn't find.

If their whereabouts and agreement were known by people from the ghost hunting organization, then they would be in trouble.

"OK! Then go back quickly, and we can go out separately when it gets daylight."

The young man in white clothes nodded at Gu Shaoyang, then walked to the door, leaned against the door and listened to the movement outside.

Gu Shaoyang took out a accumulation fruit inside, and then cast a spell on it, and waited for the young man in white clothes to turn around. When he passed away, what he saw was his own image reflected in the accumulation fruit.

"What are you doing?" So the young man in white had a suspicion in his mind that Gu Shaoyang's move might be to create an illusion, but he couldn't help but ask. He wanted to get a more precise answer from Master Gu.

"As you can see, after we go out tomorrow, they will definitely sneak into the room to check the accumulated fruits, so if the things above expose us, all our efforts will be wasted."

While he was talking, Gu Shaoyang had already finished processing the fruits accumulated in the boy in white's room. After he was done, he quietly opened the door and then returned to his own

room invisibly. The boy in white saw Gu Shaoyang away and lay down directly. Resting in bed, just waiting for dawn.

On the other side, Gu Shaoyang returned to his room and had no time to sleep because the accumulation fruit in his room had not been processed yet.

So Gu Shaoyang meditated on the bed, and then transferred the contents of the accumulation fruit to He changed into his meditating appearance to create an illusion for them.

After changing, Gu Shaoyang actually did not meditate, but just like a boy in white, lying in bed and sleeping, because they had other things to do after dawn.

That's it, time Minutes and seconds passed, and the two people in the room slept very soundly, while the shopkeeper and his team outside the room were always paying attention to what was going on in the room.

However, because there was a barrier outside Gu Shaoyang's room, they could only observe. There was movement in the room of the boy in white.

Finally, after waking up, the boy in white went downstairs to eat as usual, while Gu Shaoyang upstairs was still in a deep sleep.

After the boy in white had finished eating, Gu Shaoyang slowly and leisurely After waking up from his sleep, he released his consciousness to look for the boy in white, but found that he was not in the room. So Gu Shaoyang opened the door to see if he was downstairs. Sure enough, he saw him downstairs.

Then Gu Shaoyang cleaned up. Ichiban went downstairs to eat, but he was not next to the boy in white.

Chapter 1015

On the contrary, Gu Shaoyang found a seat very far away from the boy in white and sat and ate alone.

After finishing his meal, the boy in white went straight upstairs and waited for Gu Shaoyang to issue orders.

But he didn't see Gu Shaoyang after waiting in the room for a long time, so he just lay on the bed and continued to catch up on his sleep.

As a result, just as he closed his eyes, a voice suddenly came from his mind: Get up, open the window and pretend to look outside, and then you go out for a while and I will look for you again.

Gu Shaoyang was still eating downstairs at this time, and then he lowered his head and looked at the food in the bowl, but his thoughts were actually following the boy in white, paying attention to his actions all the time.

The young man in white upstairs took action immediately after receiving Gu Shaoyang's instructions.

I saw the boy in white clothes immediately got up from the bed as instructed to take care of Shaoyang, and then pretended to be anxious and hammered one hand with the other in the room, while his footsteps kept spinning in the room.

Finally, he pretended to think of something, then opened the window and looked around. After looking around for a while, he nodded heavily and then closed the window.

Finally, the young man in white rummaged around the bed for a while carrying the accumulated fruits in the room, then opened the door and walked out.

At this time, Gu Shaoyang was still engrossed in eating downstairs, not looking up at the behavior of the boy in white leaving the inn.

By the time he finished eating, the boy in white had already left for a long time.

And Gu Shaoyang also noticed that not long after the boy in white went out, two people immediately followed him in the inn.

At first, Gu Shaoyang was a little worried that the boy in white might be hurt, but then he thought that he had been fine since he came down from the snow mountain. He must be very good at hiding, so he stopped worrying.

And he himself ate more leisurely. After a long time, Gu Shaoyang finally finished the food and finally returned to his room.

Similarly, when Gu Shaoyang returned to his own room, he immediately set up a barrier and then strengthened the seal to prevent anyone from breaking in.

After finishing, Gu Shaoyang didn't lie down on the bed to sleep.

He just opened the window in the room, then turned invisible and jumped out from the direction of the window. No one downstairs noticed his movements.

Finally, when he was very far away from the inn, Gu Shaoyang walked into the darkness, revealed his true body, and at the same time disguised himself, and then walked into the crowd.

After Gu Shaoyang went out, he immediately began to release his spiritual consciousness to look for the boy in white, because the two of them had agreed to meet, but they were not familiar with the surrounding area, so they didn't know where the other was.

But now the boy in white sets off before Gu Shaoyang, and he is better at avoiding people following him, so Gu Shaoyang just looks for where he is, which is a safer choice.

Finally, Gu Shaoyang released his spiritual consciousness and searched for him for a while, and finally found him in a ruined temple.

After discovering the aura of the boy in white, Gu Shaoyang hurried over and soon he came to the boy in white.

The young man in white clothes who was staying in the ruined temple was staying bored in the ruined temple at this time, holding a straw in his mouth and narrowing his eyes slightly, as if he was taking a nap.

It wasn't until Gu Shaoyang arrived that he slowly opened his eyes and spit out the straw in his mouth.

"Why did you come here?" Seeing Gu Shaoyang who was late, the young man in white couldn't help complaining, but he just complained and didn't mean to blame, so Gu Shaoyang didn't take it to heart.

After the two people finally met, they were able to have a good discussion without suppressing their voices.

"What are you going to do?" The boy in white seemed to have a suspicion in his mind, so he took the initiative to ask Gu Shaoyang.

When Gu Shaoyang didn't come, he thought about it alone in the ruined temple, but his opinion alone could not make the decision. , so we still need to discuss it with him.

Before the discussion, he also wanted to listen to Gu Shaoyang's opinion, and finally combine it with his opinion, so that his idea can be more comprehensive. The boy in white thought silently in his heart, and then his eyes Staring straight at Gu Shaoyang, waiting for his answer

"I think it depends on what kind of request you make of me. I said, I can agree to do three things for you, but now you haven't told me what you want me to do for you."

Gu Shaoyang directly threw the question to me. After all, he didn't ask for it, so he really couldn't answer it.

"My first request is that you help me restore my skills. Please help me do this first."

The young man in white is most anxious about his skill at this time. He just wants to recover quickly, because if his skill cannot be restored, he will be like a useless person!

Chapter 1016

After hearing the first request made by the boy in white, Gu Shaoyang thought for a moment, then directly took his hand that was naturally hanging by his feet and started to diagnose his pulse.

Although he had checked the pulse before, he still had to check the pulse again to ensure accuracy.

When Gu Shaoyang put his hand on the young man in white, he was very nervous and stared at Gu Shaoyang closely, waiting for his answer.

However, his eyes were fixed on Gu Shaoyang. After staring for a long time, he still found nothing. And his brows frowned tightly because of Master Gu's silence.

"How about it? Is there any way?"The boy in white asked anxiously, but when he made a sound, Gu Shaoyang made a silent movement towards him.

Then he put his hand on his pulse again and closed his eyes gently.. Seeing Gu Shaoyang's attentive look, the young man in white stopped being born and just waited quietly.

But in the young man in white's heart, he was eager to know the answer quickly. He wanted to know now whether his cultivation level could still be maintained. Recovery.

Finally, after the boy in white waited for a while, Gu Shaoyang finally took away the hand that had been on his pulse, and then only saw Gu Shaoyang frowning tightly at the boy in white.

"How about it? Is there no hope?"The expression of the young man in white looking at Gu Shaoyang made him even more anxious, like an ant on a hot fire.

"no! There is still help, but the process is very troublesome!"Gu Shaoyang immediately rejected the guess of the young man in white, and answered him with certainty and embarrassment.

And when he heard Gu Shaoyang said that his cultivation level could still be saved, the young man in white relaxed a lot of nervousness.

"It doesn't matter, just tell me what you need and I will do my best to get it!"The young man in white looked at Gu Shaoyang and said very firmly, and then just waited for him to tell him the solution.

"Um! What this method requires is not complicated, but it is very precious!"

Gu Shaoyang said that he was a little embarrassed, because what he needed to cure the boy in white was the spirit stone on the snow mountain!

And Gu Shaoyang had a lot of spirit stones, but he couldn't take them out easily, otherwise the appearance of the spirit stone on the snow mountain would definitely cause a great deal of trouble. A big sensation.

And he is also likely to become the target of public criticism, which will make the situation of Gu Shaoyang, who is already in a dangerous situation, even more difficult. So what he is very anxious and worried about now is whether he should bring the spirit stone to the young man in white.

"Since you said it's not complicated or much, then you should hurry up and say it!"The boy in white was very eager to know, so he kept urging. But

Gu Shaoyang, who had been urged by the boy in white, shook his head at him, and then slowly said:"If I want to save you, I need someone on the snow mountain. You only need one piece of spiritual stone."

Originally, the young man in white had great hopes for recovering his cultivation, but when he learned what he needed from Gu Shaoyang, he almost despaired.

Because climbing the snowy mountain itself is already very dangerous and difficult.! Ordinary people have to work hard to get certain things on the snow mountain, not to mention the spiritual stones on the snow mountains!

No one has ever obtained the spiritual stone for so many years, and how difficult is it to mine the spiritual stone? I don't know either.

So this can't help but be a very difficult challenge for the boy in white.

"Is there no other way?"The boy in white looked at Gu Shaoyang with the same frown, even more frowned than him.

When asked by the boy in white, Gu Shaoyang thought for a while and finally answered:"Let me think about it carefully. I'll tell you the answer once I know it"

"Okay, let's not dwell on this issue now, we have other things to do. In order to seize the opportunity to discuss, Gu Shaoyang quickly reminded him.

He brought the boy in white who was still immersed in what just happened back to his thoughts and continued the discussion.

After being called by Gu Shaoyang, the boy in white quickly adjusted himself. Emotions, although he was very sad, he was still able to prioritize things

"continue. My next request is that I hope you can help me find the person behind the scenes and help me catch him!"When the young man in white clothes thinks about the person who harmed him, his teeth itch with hatred! He wants to cut that person into pieces to vent his hatred!

"This is no problem, but what about the last request?"Gu Shaoyang readily agreed to the boy in white's second request, and now he also wants the boy in white to say all three of his requests at once. In this way, he can help him more quickly and also You don't have to be controlled by him all the time.

But Master Gu's thoughts are only his own thoughts, because the boy in white has not thought about the third request yet.

The first request he made, Gu Shaoyang can't do it for the time being, and the second request The requirements also take a lot of time to complete.

Chapter 1017

In addition, Gu Shaoyang was also being stared at by people who were staring at the boy in white, so in his heart he also wanted to get rid of them quickly.

Because he has many secrets and treasures, especially the four keys!

If those four keys were known to people from the spirit hunting organization, then Gu Shaoyang could imagine how sad his situation would be then!

Now they are being watched all the time. If the people from the ghost hunting organization find out, then they will definitely eat Gu Shaoyang alive!

Squeeze everything out of him and hurry up! It is more likely to turn him into a puppet and continue to bring benefits to them.

All in all, there is nothing that spirit hunters can't do, only others can't think of it, so Gu Shaoyang must hide himself completely and completely.

While he was hiding, he had to take care of the boy in white.

The boy in white needs to use the unique spirit stones on the snow mountain to restore his cultivation. But you must know that once the precious spirit stones on the snow mountain appear, the people who are greedy for them will not only be the spirit hunting organization!

It is more likely that people from all walks of life in the world will spend their entire lives trying to find out, because spiritual stones are too precious!

And its effect is too strange.

Once a person uses it, his cultivation attack will increase, his body will become stronger and stronger, and his life will be extended. In short, there are many benefits.

However, Gu Shaoyang doesn't plan to take out the spirit stone for the time being. Even if he wants to take it out, he has to find a way! The blame must be placed on someone else's head.

But so far, Gu Shaoyang doesn't have any candidates, so this matter can only be put on hold for the time being.

"So what should we do now?"The boy in white saw that Gu Shaoyang couldn't do the first request for the time being, so he quickly asked about the second thing. After all, one and two Gu Shaoyang had to do one thing, otherwise he would be a bit sorry for the generous terms offered to him by the boy in white. Got it

"I think we can defeat them one by one!"This idea has been entrenched in Master Gu's mind for a long time. He has long wanted to get rid of those people.

But he did not dare to do it easily because he was worried that they would find out. But now Gu Shaoyang has a plan in his mind.

"Defeat them one by one? This is a good idea, but how do you do it? And it will definitely not work to deal with them in the same way all the time. We will definitely have to find other ways to deal with them."

The young man in white expressed his own thoughts and then waited for Gu Shaoyang to judge.

"That's right, so today we will figure out the method first, and then we can slowly start to implement it later."

Gu Shaoyang nodded towards the boy in white, and then he fell into deep thought and began to think of a solution. The boy in white also turned his mind rapidly. After a while, a solution appeared in his mind.

"Got it!"

"We can do this! Let them fight among themselves!"The young man in white proposed this method with great certainty, and Gu Shaoyang just nodded silently after hearing this method.

"This method is very good, but it is not enough!"Then Gu Shaoyang said, he raised his head again and looked at the boy in white, asking him the doubts in his heart.

"When will the ghost hunting organization recruit people? What are the conditions for recruiting people?"

Gu Shaoyang was suddenly very curious about this question, but the boy in white still didn't understand his thoughts and the actions he wanted to take. He just thought he wanted to inquire about their internal relationship, but in fact it was because Gu Shaoyang already had something in his heart. Made some plans

"They usually recruit people collectively, and rarely recruit people individually!"The young man in white recalled what he knew about the situation, and then told Gu Shaoyang, and Gu Shaoyang just wanted to know. The young man in white said that there were very few situations, and what kind of circumstances would they recruit people?

"So when will they hire again? You'd better say it quickly!"

Now I just want to know quickly whether his plan is right or not.

If his guess doesn't work, then he has to find another method quickly. If his idea works, then he can implement it immediately.

"Then you say it! What an exception?" Gu Shaoyang sat on the grass of the ruined temple and looked at the boy in white, anxiously waiting for his answer.

"That is, if there is internal fighting in a place, then they will send their superiors down and bring some people to control them!"

When the young man in white clothes thought about this, he couldn't help but smile, because he and Gu Shaoyang planned to cause infighting among them!

And once they had internal fighting, it would be the young man in white clothes and Gu Shaoyang who benefited! Also! Gu Shaoyang can also directly Break into their ranks and become their superior to control them!

The corners of Gu Shaoyang's mouth couldn't help but turn up when he thought of this!

"If this is what I told you, then things will be easier to handle!" Gu Shaoyang raised his head and looked at the boy in white.

Chapter 1018

With an unspoken smile on his face, the boy in white also had the same attitude.

In this way, the two people had an idea tacitly, and after the discussion, they returned to the inn.

However, Gu Shaoyang still quietly climbed back through the window, while the boy in white walked.

When the figure of the boy in white appeared on the street, the person who had been following him immediately appeared.

And Gu Shaoyang wanted to prevent people inside the inn from suspecting.

He also deliberately opened the door when the boy in white came back and shouted downstairs.

"Shopkeeper, please bring me a basin of water!" After Gu Shaoyang shouted, he opened the door and waited for the shopkeeper. And soon, the shopkeeper brought the water according to the request of taking care of Shaoyang.

"Your water! Please enjoy!" The shopkeeper was about to leave after bringing the water up.

However, as he walked back, his peripheral vision kept drifting towards the window of Gu Shaoyang's room, and Gu Shaoyang also saw his little movements.

Haha! This old guy, the next step is to walk back to the window to get the accumulated fruit!

Gu Shaoyang guessed silently in his heart, and the shopkeeper did not live up to his expectations.

Sure enough, the shopkeeper was about to exit the room where Gu Shaoyang was in the next second, but he ended up He suddenly stepped forward and said

"Oops, guest! There seems to be some problem with the windows in your room. Let me fix it for you!"

After the shopkeeper finished speaking, he stepped forward on his own without Gu Shaoyang's consent. He also pretended not to know anything and just lay calmly on the bed without asking.

In this way, the shopkeeper walked directly to the window When the shopkeeper was not paying attention, Gu Shaoyang also took a look with his peripheral vision.

He saw that the shopkeeper really did as he expected, taking down the accumulated fruits on the window, and then taking out more from his arms. He took out a new one and put it in.

However, when the shopkeeper was about to take out the new fruit from his arms, Gu Shaoyang immediately made a sound.

And his sudden voice also made the shopkeeper, who was already guilty of thief, feel a panic all over his body. Shocked, and then the accumulated fruit that was originally intended to be put back failed to be put back.

"Shopkeeper, have you done it?" Gu Shaoyang's tone sounded a little unhappy, and the shopkeeper also expressed the meaning of his words.

"Soon! happiness! Mainly because this window is in disrepair, I'm afraid you will be uncomfortable when sleeping at night." The shopkeeper said very considerately, but Gu Shaoyang had an ungrateful expression.

"It's okay, you don't have to do it, I think it's fine, you can go out, I want to rest." After Gu Shaoyang finished speaking, he also didn't wait for the shopkeeper's consent.

Then he personally got out of bed, grabbed the shopkeeper's arm, drove him out of the room, and then closed the door to isolate him from himself.

Gu Shaoyang drove him out and locked him in. The shopkeeper outside the door had his eyes wide open and seemed very unhappy, but he couldn't have an attack, so he could only be aggrieved. In the end, the shopkeeper could only go downstairs full of anger, and Gu Shaoyang in the room also start planning and planning how to implement the plan.

First of all, they have to take the first step, which is to get rid of one person first, and this person Gu Shaoyang plans to kill him directly.

But he can't let people find out that he did it, so he They need to find a scapegoat, and this scapegoat must be someone they know within the ghost hunting organization.

Only by throwing the blame on their heads will they believe it.

Thinking of this, Gu Shaoyang began to lie on the bed, and then He used his spiritual sense to poke out the door to check and observe their every move.

Finally, after observing for a long time, Gu Shaoyang discovered that there was one of them following the boy in white. He seemed to be at odds with a waiter downstairs.

Every time When two people met, they would deliberately glare at each other, and then turn around, as if there was some conflict between them.

At first, Gu Shaoyang thought it was a coincidence, but after observing for several days, he heard Lou The shopkeeper talked to another person they called Xiaoba

"Are Jiuer and Axia still like this? How many years has it been?"

One of them, Xiao Ba, was holding a plate of peanuts in his hand while whispering to the shopkeeper. The shopkeeper looked around and made sure that Jiu'er and Axia were not nearby before talking to Xiao Ba.

"nonsense! After all, it was revenge for killing my father! The hatred between parents is irreconcilable! How could Jiuer forgive Axia?"

The shopkeeper shook his head, saying that if it were him, he wouldn't be able to forgive him, but Xiaoba frowned when he heard what the shopkeeper said.

"Didn't it mean that Jiu'er would also kill Axia's parents later? Why can't you forgive me? And let them work here together."

Xiao Ba was confused about the organization's decision, but the shopkeeper slowly explained to him

"It was because the organization knew that there was a conflict between the two of them that it deliberately arranged them together and allowed them to slowly adjust."

Chapter 1019

The shopkeeper told Xiaoba about the organizational thoughts, but when Xiaoba heard about the organizational considerations, he felt that something was wrong.

"Doesn't the organization know about the conflict between the two of them? How could this kind of hatred for killing one's father be eliminated at the drop of a hat?"

Xiao Ba held back his mouth and shook his head. He really couldn't understand.

When the shopkeeper saw Xiao Ba's appearance, he leaned close to his ear and whispered.

"Don't look at the fact that the two of them meet now and don't say or do anything. In fact, behind the scenes, the two of them often have fights."

The shopkeeper nodded at Xiaoba and said with certainty. After hearing what the shopkeeper said, Xiaoba immediately understood.

"No wonder! I asked why I sometimes saw wounds on the two of them. At first I thought they had caused them accidentally!"

"But now it seems like what you said is that they secretly arranged a fight behind our backs, that's why it happened!"

Xiao Ba kept chatting with the shopkeeper as if he knew some great gossip, and Gu Shaoyang, who was upstairs, also happened to overhear their conversation.

It seems that God is helping me, this Jiu'er is actually so big as A Xia hatred, and the two of them often fight!

No, I have to let Bai Jing find a time to go out, and then lure Jiu'er out. Only in this way can I take action, otherwise he will stay in the room and Jiu'er will not go out.

Gu Shaoyang is here I thought silently in my heart, and then immediately told the boy in white next door via voice transmission.

If you find a time to go out, you can only ask Jiu'er to follow you. You have to find a way to get rid of the other person. That's it.

Gu Shaoyang's words have been heard, but the boy in white frowned tightly after hearing Gu Shaoyang's words.

Because every time he went out, two people followed him. How could he get rid of one person? And then let another person follow him?

What's more! The boy in white is a useless person with no cultivation at this time. How can he compete with two people with high cultivation?

Therefore, the task Gu Shaoyang gave to the boy in white really stumped him. But no matter how difficult it was, he had to work hard for himself.

So he lay back on the bed, closed his eyes and began to think hard. The reason why he did not sit at the table and draw pictures was because there were Accumulate fruit.

If he really lets the picture he drew be exposed, then it will undoubtedly expose his own whereabouts, which is fatal to him!

In this way, the boy in white lay on the bed thinking, and Gu Shaoyang also began to look in the room Imitate every move of A Xia, trying to be the most like him.

Because he needs to let another person see with his own eyes that A Xia killed Jiu'er, otherwise it will be difficult to frame him without witnesses.

After experiencing the non-stop thinking line of the boy in white, Gu Shaoyang can't stop After understanding the imitation, three days passed, and they were finally able to implement

"Still follow the old method, you go out first, and then I will follow you."

Gu Shaoyang still used a voice transmission to tell the boy in white next door. After receiving Gu Shaoyang's signal, the boy in white immediately packed up and set off.

When he went out, Axia and another person followed him not far away. Not close, but not lost.

The boy in white had already discovered their whereabouts when they followed him, but he kept pretending not to know.

And he was getting impatient after waiting for them to follow. The young man continued to walk around the street three times to the left and three times to the right, as if he was looking for something.

But in the end he got nothing, but he still enjoyed it. This made the two people following him very unhappy. untie

"What on earth is this kid doing! Be sick!"The people beside Jiu'er began to complain impatiently, and their pace also slowed down.

The boy in white in front noticed that their speed had slowed down, so he speeded up, and then quickly ran into the alley. When he disappeared

, Jiu'er and another person immediately became vigilant, and then quickly stepped forward to find him.

As a result, many people in white clothes immediately appeared in front of them, dazzling them. Don't know who is who

"broken! Lost it again! Hurry up and find them separately!"Jiu'er looked at the young man in white who disappeared in front of his eyes and couldn't help cursing in his heart, and then discussed with his companions.

In the end, the two separated, and after they separated and walked away, the young man in white deliberately appeared in front of Jiu'er. , and then led him towards the suburbs.

The other person with Jiu'er walked towards the center of the city. The distance between the two of them was getting farther and farther, and Jiu'er could not notify him, so he followed alone. The young man in white clothes.

But when the young man in white clothes led Jiu'er to the suburbs, Gu Shaoyang also went downstairs invisibly, and then deliberately revealed his true body in front of Axia, luring him out of the inn.

And whenever someone approached, Gu Shaoyang became invisible..

Chapter 1020

In this way, only A-Xia had seen him, and the others had only seen A-Xia go out.

After letting Axia follow him out of the inn, Gu Shaoyang stopped trying to hide it and took Axia to the ruined temple where he last met the boy in white.

At this time, the young man in white had also tricked Jiu'er into the ruined temple, but Jiu'er had been hiding in the dark and did not come out, and the young man in white did not expose him.

The two of them were waiting in silence, and the reason why Jiu'er didn't expose himself rashly was because he wanted to know who the young man in white had made an appointment to meet.

The reason why the young man in white didn't expose Jiu'er was because he couldn't defeat him now, so after thinking over and over again, it was better for him to pretend to be confused.

As long as he waits until Gu Shaoyang comes, he won't have to worry anymore.

In this way, the boy in white sat in the ruined temple, kneeling quietly in front of the Buddha statue, waiting, and the time passed by minute by second.

Jiu'er, who was guarding in the dark, was also a little impatient. Just as he was about to go back to move reinforcements and find some moreWhen he came, Gu Shaoyang happened to come to the ruined temple.

The sudden arrival of Master Gu also gave up his idea of going back to find someone, because he was worried that when he went back, they would discuss something that he would miss.

After Gu Shaoyang entered the ruined temple, the boy in white felt completely relieved. He walked up and took Gu Shaoyang's hand, and then looked at the eaves with his eyes.

He signaled to Gu Shaoyang that the person he had attracted was above, and Gu Shaoyang nodded towards the boy in white.

Then the two of them entered the depths of the ruined temple, while Jiu'er and Axia quietly followed them outside.

Because they didn't know each other's existence, they started fighting when they first met. They didn't let go until they found out they were one of their own.

After letting go, the two of them looked at each other with bad expressions, but Gu Shaoyang and the young man in white were willing to see such actions of the two of them.

When Jiu'er and Axia hid themselves, Gu Shaoyang suddenly kept digging around in his space ring.

When the two of them saw it, their eyes immediately widened, as if they were always ready to fight for it as soon as Gu Shaoyang took out something.

However, Gu Shaoyang's consciousness had already been released and noticed their movements. After he took out the things, he flew into the air and then grabbed Jiu'er who was hiding in the dark.

And he also threw Jiu'er directly next to Axia who was hiding in another place.

Jiu'er's body fell down, so the place where Axia was hiding was exposed to people. Gu Shaoyang and the boy in white just looked at them blankly.

After the two discovered that their figures had been exposed, they subconsciously wanted to run away quickly, but Gu Shaoyang and the boy in white did not stop them.

However, when they struggled to escape, they found that they could not escape from the ruined temple. It was as if someone had covered the entire ruined temple with a cover.

"Hahahaha...run you two, I won't stop them!" Gu Shaoyang's wild laughter spread to them, and his footsteps were approaching step by step.

"I heard that the two of you have a direct grudge against your parents. You know, the hatred between your parents is irreconcilable!"

"Now one of the two of you must die here, and I will leave this right to you. You decide for yourself who dies and who lives."

After saying that, Gu Shaoyang left with the boy in white, and only Jiu'er and Axia were left in the ruined temple. The two of them looked at each other but did not make a move, which made Gu Shaoyang who was watching the show a little bit. Unhappy.

So he waved his hand, and a large bag of colorless and odorless drug was sprinkled into the ruined temple and inhaled into their lungs. Soon the drug took effect.

Their consciousness began to become a little blurry when they looked at each other. Qing Qing, both of them thought about the death of their parents.

When they thought of the situation at that time, they were blinded by hatred, and they picked up their weapons and started fighting with each other. Gu Shaoyang outside finally nodded with satisfaction.

The young man in white who was with Gu Shaoyang saw his intentions and plans and was very sure that he made the right choice to cooperate with Gu Shaoyang.

"What will happen to the two of them like this? Who do you want to die? Who should I let live?" The boy in white was watching the battle, discussing with Gu Shaoyang while watching.

Gu Shaoyang also leaned over and took a closer look, and then said to the boy in white

"Just let Jiuer die today, after all, we still need Axia as the scapegoat." Gu Shaoyang said very indifferently, and the boy in white also nodded in agreement.

In this way, the two of them drank tea and chatted outside, and continued to talk about their next plans.

But in the heart of the boy in white, what he hoped for most was Gu Shaoyang can help him restore his cultivation level

"Is there any way for you, or can you find someone to get the spiritual stone from the snow mountain? I really need to fight on my own!"
