Chapter 1061

But because he was not submissive at the time, and the strength he showed was much higher than theirs, they did not dare to make mistakes.

And Gu Shaoyang also thought that after they experienced what happened the first time, they would restrain themselves and would not do such a thing again, even if they didn't expect it to happen again!

They even collaborated with others!

However, to be more precise, in this organization, in addition to the three people who don't like Gu Shaoyang now, it turns out that there are three more!

"How about it! That's what we do! I just didn't expect you to be so sinister! Behind our backs! You are not a gentleman!"

As the leader of this planning, Niu Da directly stood up and accused Gu Shaoyang. After hearing his words, Gu Shaoyang burst out laughing and couldn't help himself at all.

Because in this planning, he was drugged in advance to try to kill him. They were the ones who were stunned and deliberately brought him here.

So the people who used the underhanded tricks were them from the beginning to the end, and Gu Shaoyang was just going with the flow and taking advantage of the trend.

Now in their mouths, it has become A sinister villain, Gu Shaoyang didn't know that a person's ability to confuse right and wrong could be so strong.

"hehe! So according to what you say, you drugging me behind my back and bringing me to this place is not a dirty trick, but an aboveboard approach?"

Gu Shaoyang asked back unceremoniously. When they were asked the question, everyone frowned and suddenly became speechless. They didn't know how to answer.

Gu Shaoyang saw that they were speechless and just gave a faint expression. He shook his head, seeming to be a little disdainful, a little helpless, but mostly feeling ridiculous.

Then he took steps to leave. He was going to have a fair duel with them in the true sense, so that they would be convinced and let them. They would never dare to provoke him again. At the same time, they were also prepared to give it to the others who couldn't stand it and wanted to use a cunning trick to say: No matter what happens, speak openly and stop making small moves behind your back! Then! Not a gentleman!

However, just when Gu Shaoyang walked towards them and wanted to tell them this matter, they thought that Gu Shaoyang wanted to beat them.

And they seemed to know the gap between their strength and Gu Shaoyang, So he subconsciously turned on his body's defensive physique and activated the protective function.

However, when Gu Shaoyang saw how frightened they were, he felt contempt for them. Now they didn't even dare to fight with him behind his back, let alone openly. ?

But despite this, Gu Shaoyang still told them his challenge application.

"rest assured! I'm not you, I won't do little tricks behind your back! Even if I want to take revenge, I will directly express my dissatisfaction with you and complete it openly."

Gu Shaoyang was busy explaining himself, but they were a little confused when they heard Gu Shaoyang's words. When Gu Shaoyang said his last words, they suddenly realized, and their faces were full of surprise and hesitation. It turned out that

Gu Shaoyang was entering this new environment. After he was tortured for the first time, he learned that there was a place here called the Life and Death Terrace, where people could fight to the death regardless of life and death.

This place was only available to members of the ghost hunting organization, and This is also the only special place within the spirit hunting organization that stipulates that internal members are not allowed to fight.

Because here, people in the spirit hunting organization can not help but challenge those who want to PK, and they do not have to suffer punishment within the organization.

At the same time, this platform can also One person can challenge many people, which is just right for Gu Shaoyang and Niu Da, Niu Er, Xiaomi, Ah Jiu and Ruffian.

Because their strength is far from that of Gu Shaoyang, if Gu Shaoyang challenges them one by one, people will definitely say It was unfair.

Therefore, Gu Shaoyang decided to challenge all of them at once with the power of one person. In this way, no one would criticize him, and if they did not dare to accept his invitation to challenge, they would be ridiculed.

"Three days later, all of you will duel with me on the final stage, and we will decide the winner and loser fairly and impartially."

Then, after Gu Shaoyang finished speaking, he bypassed them and left. After Gu Shaoyang left, they looked at each other and considered Gu Shaoyang's challenge invitation.

Although they were invited to duel with Gu Shaoyang at the same time, they still felt a little confused in their hearts. Worried that they would lose the game.

Therefore, the six of them discussed together and finally decided to pretend that no one had heard Mr. Gu's invitation just now, and they would just let the matter pass.

If Gu Shaoyang asked, then they would pretend to be stupid. He was stunned, pretending not to know and didn't hear.

And if he mentioned this matter again, then they would refute that the Sixth Congress was unfair to him. In short, they just didn't want to fight Gu Shaoyang.

However, these thoughts of Gu Shaoyang's It was already expected.

Chapter 1062

And for this reason, Gu Shaoyang did something specifically so that they had nowhere to escape and had to accept his challenge.

When Gu Shaoyang left the small black room, he did not immediately return to his accommodation, but went directly to the final stage to write an application.

After writing it, he picked the time to wait for them on the only way the six of them could go home, and it was also the only way with a lot of people.

Prepare them to sign the challenge in front of everyone, and when they challenge, Gu Shaoyang will also let everyone watch the battle to prevent them from playing any dirty tricks.

Gu Shaoyang had made very detailed plans for all of this, which the six of them had never thought of.

So when Gu Shaoyang stopped them on their only way, the six of them were dumbfounded and didn't know what to do at that time.

"how? If six people beat me alone, are you still afraid that you will lose?"Gu Shaoyang teased with a faint smile, but in the eyes of the six of them, this was contempt. When

Gu Shaoyang spoke, his voice was very loud, so everyone around him could hear it, and the melon-eating crowd heard someone asking for it. They were very excited after going to the final stage.

They came to watch one after another, wanting to see what the six of them who were challenged would make a decision. As time passed by, the crowd of people watching became more and more... More.

And Gu Shaoyang and the melon-eating crowd waited longer and longer for their answers. When they became more hesitant. Needless to say, Gu Shaoyang, the surrounding melon-eating crowds knew that these six people did not dare to fight with them. Gu Shaoyang was dueling, and they were six against one!

And Gu Shaoyang was still a newcomer!

So seeing their cowardly looks, the crowd felt embarrassed:"This is too embarrassing for our headquarters!" A newcomer would dare to take such an honest challenge, but none of the six of them dared to accept it!"

"yes! I heard that the six of them like to tease people behind their backs, especially newcomers! Fortunately, I love that they came in early and were not punished by them!"

"well! You are relatively lucky, you came in early and didn't have to undergo treatment, but I am different! I was tortured badly by them before, and I still remember it vividly! it's good now! Finally someone can deal with them!"

"What's good? This is the headquarters, and the people who can come in are all very good people, but now this newcomer does not take us seriously. It is really too arrogant!"

Facing Gu Shaoyang's challenge, most of the voices in the crowd were in support, while a small number were still in opposition. However, none of those opposing voices dared to stand up and help them fight. They only dared to gossip behind their backs.

Gu Shaoyang also looked down upon such people, because they were not even qualified to lift them up!

"how? So long? Haven't you thought about it yet? No one thought about it? There are six of you! How come no one dares to accept my challenge?"

Gu Shaoyang saw how cowardly they were, and in his heart he didn't want to have too much entanglement with them, but they wanted to provoke him, and he was a newcomer.

If he didn't do this, he would probably be If he is even more marginalized, he may never be recognized by the strong, and he may never be promoted at the headquarters of the spirit hunting organization.

In this way, he and the boy in white will not be able to complete the mission. Therefore, for the sake of the overall situation, Gu Shaoyang can only in this way

"If you dare not accept my challenge, it will only mean that you will lose without a fight, so please sign this agreement to admit defeat."

After that, Gu Shaoyang took out an agreement to admit defeat. He had already signed it and was just waiting for the six of them to sign it.

However, when he took out the agreement to admit defeat, Niu Da and the other six people seemed to It was as if they had received a huge insult.

Each of them was shaking with anger, and Gu Shaoyang was able to take out the surrender agreement for them to sign, which proved that their reactions were guessed by him. This feeling of being seen through also made They were very unhappy.

Moreover, Gu Shaoyang had already reached this step and completely blocked their way. Now there were only two ways in front of them.

One, sign the challenge letter for a decisive battle with Gu Shaoyang; It was an agreement to admit defeat that the six of them were Gu Shaoyang's defeated generals, and to treat him with respect in the future.

In comparison with the two, the second one was a complete humiliation of their agreement, which the six of them would never sign, so the six of them During the eye contact, they finally signed the first one.

That was the challenge letter with Gu Shaoyang three days later.

When the three of them signed the challenge letter, Gu Shaoyang put it away with great satisfaction.

"Um! This is only right, so that you can be respected by me! Okay, goodbye!"

Chapter 1063

After saying that, Gu Shaoyang turned around and left, leaving only the melon-eating crowd and Niu Da and other six people who were still gathered around.

After all the melon-eaters had left, the six of them reluctantly left. However, they did not go back individually. Instead, they gathered directly in the same person's room to discuss countermeasures for the next three days.

Because Gu Shaoyang is a newcomer, they don't understand the characteristics of Gu Shaoyang's moves, and similarly, Gu Shaoyang doesn't understand them either. So this is an advantage that they and Gu Shaoyang have. Furthermore, the six of them have just practiced a set of swordsmanship together. It is the combination of the six of them, and the power is doubled.

It's just that because they were slacking off, the progress of their skills was not great, but now they can make up for it urgently.

Because the power of six people together is definitely more powerful than Gu Shaoyang alone.

Here, while the six of them were nervously preparing for a fight with Master Gu, Gu Shaoyang acted like he was fine.

He dealt with his own work matters as usual every day, and even went back to Heikongkong Mountain to have a drink with the old doctor, and then hurried back.

And just three days have passed since he came and went, and the time for the decisive battle agreed between him and Niu Da and others has arrived.

Before the decisive battle started, a lot of people gathered around the challenge stage, because no one had dueled in the headquarters for many years, so this was the first time in so many years.

Therefore, watching this duel was very precious to them, and they were also very excited.

But compared to their excitement, Gu Shaoyang was very calm at this time!

Because now the decisive battle is about to begin, but he is still lying in bed sleeping! Get ready to compete on time!

On the field, Niu Da and others were already waiting on the challenge stage, but they did not see Gu Shaoyang at the scene.

You must know that once the time is set for the decisive battle, if the challenger does not arrive on time, it will be regarded as automatically admitting defeat and the other side will be awarded the victory.

So now that Gu Shaoyang has not appeared, some people among the melon-eating crowd began to speculate.

"Isn't this newcomer afraid after taking the challenge? It's all like this! Don't come yet!"

"well! It's normal even if he's scared! Although Niu Da and others say that they usually do not do their jobs properly, but you think about it, how bad can people who can enter the headquarters be?"

"yes! And they are still awesome, six against one! No matter whether this Gu Shaoyang comes or not, he can't win the final victory!"

The melon-eaters all speculated one after another, and Gu Shaoyang, as the protagonist, also heard their discussion on the way here, and also heard that they even opened a special dish for this purpose.

This dish is mainly about guessing, what will happen between him and Niu Da and the others? Who will win, and Gu Shaoyang also went to see it, and found that less than 10% of the people who bought Gu Shaoyang won.

But the people who bought Niu Da and others won as high as 100%! Such a ratio Gu Shaoyang simply thought in his heart After a while, there was no need to calculate.

So he took out part of his money and put it all on himself. Then he quickened his pace slightly and came to the challenge stage.

When everyone saw Gu Shaoyang finally appeared , After meeting, their slightly disappointed hearts rekindled, and they also admired Gu Shaoyang for being so domineering and fighting one against six.

"okay! It should be almost done. let us start."After Gu Shaoyang arrived, he walked straight onto the stage, and starting the duel was as easy as going to the street to buy groceries.

After saying that, he stood with his hands behind his back and found the corner of the challenge stage waiting for them to take action.

Niu Da and the others Seeing Gu Shaoyang being so indifferent and confident, I couldn't stand it. In addition, the six of them had gone through the last few days of cramming. In order to improve their cultivation, they also became a little blindly confident, and they were completely dissatisfied with Gu Shaoyang. Take it seriously. For today's battle, they also feel that they will definitely win. In

today's opening, except for Gu Shaoyang who bought more by himself, the six of them bought the most together.

"You go ahead and make a move, remember, I only give you three moves." After saying that, Gu Shaoyang put his hands behind his back and held them tightly to prevent himself from reacting when they attacked.

However, Gu Shaoyang's words were ironic to Niu Da and others, but since Gu Shaoyang wants to do this, then They tried their best to see if Gu Shaoyang could avoid it. Niu Da and others quickly took off in the air, and then formed a diamond shape in the air, and their common direction was pointed in the direction of Gu Shaoyang.

When they After putting the pair together, Gu Shaoyang closed his eyes directly, as if he hadn't woken up yet.

People in the audience saw that Gu Shaoyang was so careless and couldn't help but worry for him, and were reassured that his life was in danger.

Chapter 1064

However, when Niu Da and others quickly attacked Gu Shaoyang, just when they were about to restrain Gu Shaoyang with one move, Gu Shaoyang suddenly retreated when the combined swords in their hands were about to focus on him.

Then he quickly walked around behind them, and then continued to stand behind them and wait for their attack.

"This is your first tip." After successfully evading their attack, Gu Shaoyang directly used the moves that would defeat them. The onlookers were shocked when they saw Gu Shaoyang's speed, because they did not expect that Gu Shaoyang could actually touch his at the tip of the knife. The time moved quickly.

And when he was moving, the wind did not blow any of the corners of his clothes, as if he had never moved where he was.

And Niu Da and others who attacked Gu Shaoyang were at such a moment. They immediately began to suspect that there was something wrong with their own eyes.

However, after continuing this for the second time, they discovered that it was not their eyes that were the problem, but that Gu Shaoyang's strength was indeed the same.

After realizing this, they Their hearts began to become a little restless and worried, because Gu Shaoyang said that they would only allow them three moves, and now two moves have passed.

In other words, they only have one move left, so if they use this move now, they will go out again Hitting means that they will be in a passive situation next.

Thinking of this, not only did they use more spells to attack Gu Shaoyang, but they were all excited at the same point.

However, the final result was still no Let them get their wish, and Gu Shaoyang has no more three moves to make them

"alright! Your show time has passed! Now it's my turn!" After Gu Shaoyang finished speaking, he took out a hand from behind his back.

"Seeing that you are so weak, for the sake of fairness, I will fight them with one hand." As soon as Gu Shaoyang finished speaking, he moved quickly in the direction where they were.

And because Gu Shaoyang's speed was too fast, and the six of them were tied together, when the crisis came, everyone wanted to escape in the direction They are all different.

Similarly, because of this, they were all trapped and fell on the spot one after another, and Gu Shaoyang's simple move hit them firmly..

When they found that being tied together like this was not conducive to their actions, they immediately separated.

They felt that it would be impossible for Gu Shaoyang to cast the spell on each of them at the same time, but obviously the final result told them ——You are thinking too much!

I saw Gu Shaoyang moving in the direction they separated when they separated, and because his speed was too fast.

So Niu Da and the others could see everything They were all the afterimages of Gu Shaoyang, and facing Gu Shaoyang's afterimages, no matter how they attacked, they could not hit his real body.

It was even more difficult to judge where Gu Shaoyang's real body was. For a while, they were also confused by Gu Shaoyang. Even the people in the audience couldn't tell where Gu Shaoyang was.

When no one on the stage could tell, Gu Shaoyang suddenly slapped Niu Da and others one by one on the stage. Each one was crisp and sweet.

The melon-eaters in the audience only heard twelve "pah-pah-pah" sounds. But when they took a closer look, Gu Shaoyang was still standing there with his hands behind his back.

And Niu Da, Niu Er, Xiaomi, Ah Jiu, and Ruffian suddenly had a few neat slap marks on their faces.

And the slap marks on their faces soon became taller, as if they were leaving They had two big buns on their faces.

But when Niu Da and others realized this, they knew that Gu Shaoyang had done it at this time, and his actions were undoubtedly challenging them.

So this made them very angry. , but many of them are helpless!

Compared with Gu Shaoyang, they can't even touch the corners of his clothes! So there is no talk of fighting!

This is just Gu Shaoyang beating a few of them alone, and now they are It's too late to regret because this is the decisive battle stage.

Here, they will either be carried off directly or kneel down and admit defeat, so they must choose one of these two to get off, otherwise they will be directly carried off. Expelled from the headquarters.

They will never be able to enter the soul hunting organization again forever! The consequences of such a punishment are very serious, so they will not do this easily.

"This is my first move, and it seems pretty good to worry about!" Gu Shaoyang looked at the expressions on their faces and nodded with great satisfaction, and then he raised his chin as if thinking.

He seemed to be thinking: Where should I hit next to make them more symmetrical and round?

And Niu Da The others were also frightened by Gu Shaoyang's eyes, and they no longer dared to look at him.

Chapter 1065

But Gu Shaoyang didn't care about their reactions, because now he wanted to let them know that the consequences of angering him would be very serious!

Since they dare to anger him, they must bear certain consequences accordingly!

At the same time, the melon-eaters in the audience felt frightened when they saw Gu Shaoyang looking like he was coming out of hell.

Originally there were some people in the audience who felt that Gu Shaoyang was too high-profile as a newcomer to the headquarters.

But now they have suddenly changed their views, because this is a world of the jungle, and whoever has the strongest fist speaks the truth.

As for Niu Da and others, their fists are not as strong as Gu Shaoyang's, that's why they are like this now.

Moreover, Gu Shaoyang did not challenge them for no reason, just because they did something bad to him first, and Gu Shaoyang wanted to defend his rights.

That's why he went to the challenge stage to protect his rights. Otherwise, with his true strength, even ten more from Niu Da and others wouldn't be enough to beat him.

While the people in the audience were talking a lot, Gu Shaoyang had already targeted Niu Da and others, and then he attacked again.

Gu Shaoyang flashed again with a whoosh, and then people could only see his afterimage remaining in the air, and then they only heard the screams of Niu Da and others.

Then when Gu Shaoyang's afterimage disappeared and Niu Da and others could clearly see where Gu Shaoyang was, they discovered that now they were all trapped together by Gu Shaoyang and could not move.

And every time they try to break free, the rope that binds them gets tighter and tighter, as if it is alive.

In fact, the rope Gu Shaoyang used to trap them was also alive. He was the spirit beast that Gu Shaoyang had subdued in the cave before, and he had just put it to use today.

However, Gu Shaoyang would not tell these people that this thing of his was actually a mythical beast, because good things would be coveted by others, so Gu Shaoyang would not say it in a high-profile manner.

In order to prevent someone with evil intentions from taking action against him again, after all, he has not forgotten that the essence of the ghost hunting organization is an organization that seizes other people's belongings, burns, kills, and loots everything.

At this time, Niu Da and others who were trapped found that the more they struggled, the rope would trap them tighter and tighter.

The smart Xiaomi immediately relaxed his whole body, and then he felt that the originally very tight rope became loose.

And just when he thought the loose rope would allow him to escape quickly.

As he was escaping, the rope suddenly became very tight, making little Miller's eyes turn white and he almost fainted.

The rest of the people on the stage did not dare to move after seeing Xiaomi like this, and the people in the audience were also sweating for them, fearing for their lives.

Because on the challenge stage, even if a person's life is lost, the two sides cannot argue. This is the rule of the challenge stage, so Xiaomi felt it very real at this time.

The distance between him and Gu Shaoyang, how close he was to death, offending Gu Shaoyang was as terrifying as offending the God of Death!

Looking at Xiaomi who was worse than dead, Gu Shaoyang's face showed no trace of sympathy. He just turned his head lightly and locked his eyes on Niu Da.

However, when Niu Da discovered that Gu Shaoyang was looking at him, his eyes were immediately filled with fear.

What he recalled in his mind was how Xiaomi was close to death just now, and Gu Shaoyang was very satisfied when he saw Niu Da like this.

Because he just wants them to have a good experience. The difference between death and survival is between his thoughts. If they dare to make mistakes again.

Then he will never be polite! And I will never let it go easily.

"how? It feels good to be teased like this, right?"Gu Shaoyang leisurely wandered around the challenge stage, walking around among them.

It was as if he was admiring some art. Niu Da and others were tied to the challenge stage by Gu Shaoyang and could not move. It made them feel very embarrassed.

Because at this time, the people in the audience were pointing at them, as if they were animals. They had never felt like this before, so now they only felt that their faces were very hot. , I wanted to find a hole to crawl into immediately.

When Gu Shaoyang saw them in this state, he took the initiative:"What? Can't hold on anymore? Well, let's do this. If you can kneel down and kowtow to me and admit that you have lost, then I won't embarrass you."

Gu Shaoyang said very generously, because if he continues to fight with them, then they will all die on him. By then, what will be lost is not their face, but their lives!

However, Niu Da and others did not care about Gu Shaoyang. They are kind but don't care because they are too strong.

Chapter 1066

When Gu Shaoyang saw that they were so ignorant, he was polite to them. He smiled faintly, and then formed a light blue flame in his palm, and rushed towards them..

When the people in the audience saw Gu Shaoyang's actions, they couldn't stop him because they were now on the challenge stage.

Moreover, Gu Shaoyang had already given them a chance to admit defeat, but none of them knew what to do and insisted on showing off.

So when Gu Shaoyang attacked them, the crowd in the audience became excited. Some even went so far as to close their eyes.

They were afraid that they would see a very bloody scene later, when Gu Shaoyang's light blue flame burned on them.

Niu Da and others only felt that the pain in their bodies was unbearable, and life was worse than death, but even though their bodies were in great pain.

But there were no wounds on their bodies, as if they were moaning for nothing.

And the people in the audience felt very strange when they saw them like this.

But in fact, Gu Shaoyang's light blue flame truly fell on them, but what he burned was not their bodies, but their souls and meridians.

Because only when the depths of their souls are hurt can they remember Gu Shaoyang all the time!
Don't mess with it!

In this way, Gu Shaoyang's goal can be achieved, and he will no longer be teased by others, or no one will want to bully him or disrespect him.

"Ah - let me go! let me go!"The people who were burned by Gu Shaoyang groaned. There was no strong demeanor in them.

They were like children who were bullied on the roadside. They could only insult Gu Shaoyang through their words..

But Gu Shaoyang only felt unpleasant when he heard the words coming out of their mouths, so he raised the light blue flame in his palm again, and then aimed at their mouths and flew them.

Soon their mouths became red and swollen, completely There was no way to open the stool for another day.

Now they could no longer talk, and Gu Shaoyang's ears were clear.

By this time, Gu Shaoyang was also tired, and he had no interest in their lives, so he Open your mouth here

"Now I give you one last chance. Whoever is willing to admit defeat will be let go. Otherwise, I will directly take your lives this time!"

Gu Shaoyang stood with his hands behind his hands and looked at the few of them. At this time, they were looking at each other and could only use their eyes to discuss.

Because now they could no longer open their mouths and could only rely on their eyes to "speak". Gu Shaoyang couldn't help seeing them like this. Don't be in a hurry, because there is still plenty of time

"how? Haven't discussed it yet?"Gu Shaoyang started to get a little impatient when he saw that they had not made a decision, and the melon-eaters in the audience also started to get upset when they saw that they were hesitant.

"Why are you hesitating? Come down quickly! I can't beat him again and again!"

"no! Can't come down! You must not be a deserter! Keep fighting him! continue!"

At this time, the crowd in the audience was also divided into three waves. Most of them supported Niu Da and others coming down quickly.

Others did not support it because they felt that this would encourage Gu Shaoyang's arrogance.

The last group of people said It is a neutral attitude. No matter how they make a decision, they are only responsible for eating melons, and they feel like they will safeguard the cause of eating melons to the end.

Seeing that they have not made a decision, Gu Shaoyang on the stage started the final countdown. If they do nothing before the end, then Gu Shaoyang will no longer be merciful and will definitely take their lives directly.

Because who let them do this again and again without knowing what is good for them!

And he is like this After being reminded, even if he really took their lives, people within the ghost hunting organization would not say anything.

Because everything they are witnessing now is what he can see with his own eyes, so he can no longer Blame Gu Shaoyang for something.

In this way, under the gaze of the people in the audience and Gu Shaoyang, Niu Da and others on the stage finally chose to be tough.

And the reason why they chose to be tough was not that they really wanted to be with Gu Shaoyang To contend, they were determined that Gu Shaoyang, a newcomer who had just entered the organization, did not dare to do anything to them.

However, they did not expect that Gu Shaoyang did not regard himself as a newcomer at all, and he did not treat them as old people.

So when they made After making the choice, Gu Shaoyang loosened the ropes that tied them.

When they saw Gu Shaoyang's actions, they thought they had made the right bet. Gu Shaoyang just didn't dare to do anything to them. However, the next second they knew that reality is cruel..

I saw that after Gu Shaoyang released the rope from their bodies, red flames formed on his hands at the same time, and the red flames also fell asleep. Gu Shaoyang let go of his hands and flew straight towards them. The others were caught off guard.

Chapter 1067

When they struggled to escape, they saw that the red flame seemed to have eyes, following them all the time, and would never go in the wrong direction no matter what.

After Gu Shaoyang formed a flame in his palm, he formed a second one, a third one, a fourth one... He didn't stop until their numbers matched.

The flames formed by Gu Shaoyang were also aimed at chasing a target. For a moment, the challenge stage seemed to have turned into a chasing game.

The flames chased them, and they ran on top of them, looking a little funny.

Gu Shaoyang was controlling these flames from the side. When he saw that Niu Da and others were weak, he controlled the flames and moved quickly in the direction where they were.

Soon their speed could not keep up with the flames, and they were directly hit by the flames. This time, when they were hit by the red flames.

It's not just their souls that are in pain in their bodies! And the inside of their bodies looked as if they were being grilled over charcoal on a brazier.

There was a black area where they were attacked by the flames, and the area of their skin that was attacked turned black.

And in the air, you can still vaguely smell some barbecue, and it smells delicious!

But after the flames hit Niu Da and others, it did not go out. Instead, it penetrated deeper and deeper into their bodies until a big hole was burned in the middle of their bodies!

And they themselves could clearly see that two large holes appeared in their bodies, and the holes were growing at a speed visible to the naked eye.

At the same time, they themselves could feel their lives passing by, and then their limbs gradually became weak, and finally they fell straight to the ground.

The blood on his body also flowed down the challenge stage and stayed at the feet of the people in the audience.

Gu Shaoyang watched them fall one after another, and after their lives disappeared like this, he dusted himself off and prepared to leave.

When he left, he also went to the place where he had just pressed the market.

He has not forgotten that he spent a lot of money to buy himself a win before taking the stage, so now he is going to get back his interest and principal.

And this time he can also make a fortune, which can also ensure that he will have no worries about eating and drinking in this ghost hunting organization.

Because at the headquarters, the organization will not allocate money for use, they must support themselves and make money, that is, complete tasks, but Gu Shaoyang does not need to do tasks at all now.

Because he can be said to be extremely rich now, and the one plate he presses now can be worth the rewards of the tasks that others have completed in three years.

And when Gu Shaoyang went to collect the money, the boss discovered that the only person who suppressed Gu Shaoyang was himself!

In other words, in this pressure game, whether it was a challenge or winning money, Gu Shaoyang gained both!

This can't help but make the shopkeeper feel very jealous! But at the same time, he was afraid of Gu Shaoyang's strength, so he didn't dare to say anything more.

However, Gu Shaoyang discovered the boss's thoughts, so he generously gave 10,000 gold to the boss as a return gift.

The boss accepted it unceremoniously, and at the same time he gave Gu Shaoyang a bad impression in his heart, which was different from the feeling he had when he was fighting with Niu Da and others on the stage.

And what Gu Shaoyang wants is exactly this effect, that is, to be kind and powerful at the same time, so that he can let them know that although he does not dare to mess with them, he is still easy to get along with and a very generous person.

And after the boss took advantage of Gu Shaoyang, he would naturally help him build his reputation intentionally or unintentionally, which was also a good thing for him.

When Gu Shaoyang killed Niu Da and others on the challenge stage, the organization also knew about it, but they did not punish him

"I heard you killed them all?"

On this day, Gu Shaoyang was called by the organization for questioning, and Gu Shaoyang was very open about it and had nothing to hide.

"Yes, they all died when I competed with them on the challenge stage." When Gu Shaoyang answered the question, he specifically emphasized the challenge stage.

This is because the organization cannot do anything to him, because the challenge stage is set by them themselves, so if the organization blames him, is it a slap in their own face?

"Ok, I know. Since you killed them all and no one is doing their duties now, I leave them all to you."

The person in charge of personnel distribution said to Gu Shaoyang.

This person is called Liu Sheng. He has been managing personnel distribution at the headquarters for many years. He also knows very well what Niu Da and others do.

Now Niu Da and others are gone. , it is also a good thing for his own organization, because although Niu Da and others are staying at the headquarters, their tasks are always not completed.

Moreover, they always bully the newcomers at the headquarters, causing everyone to complain. At first, the headquarters felt that It's a small thing, but it's time.

Chapter 1068

The longer time goes by, the more they realize that this is not the case! But Niu Da and the others were just playing tricks on others, which wasn't a big mistake, because the headquarters couldn't help but solve the problem.

Just at this time, Gu Shaoyang came and cleaned up Niu Da and others in a reasonable manner to clean up the scum of the organization.

However, although the organization is satisfied with his behavior, they cannot express it, and they have to punish him in disguise to comfort the hearts of the old employees at the headquarters.

Otherwise, they may feel that the headquarters is already in favor of the new and dislikes the old. If this idea appears more often within the organization, it will inevitably cause conflicts.

Because the best way the headquarters can come up with is to punish Gu Shaoyang to complete all the tasks of Niu Da and others, and it must be completed within the specified time.

"The biological clocks of all of them are handed over to you. You can go through the procedures later. Plus, you need to do all of their voices within a year."

Liu Sheng said unceremoniously as a manager, because he represented the headquarters and came to sentence Gu Shaoyang.

Gu Shaoyang only nodded lightly in agreement to Liu Sheng's words, but Liu Sheng did not expect his reaction.

Because normal people know that the tasks at the headquarters of the ghost hunting organization are the most difficult and the hardest to complete. Many people will always fail to complete one or two tasks in a year. The ones that can be completed in the end are all from the headquarters. The masters gathered together, and then everyone worked together to complete the task, but now Gu Shaoyang has taken over so many personal tasks at once, and he has to add his own tasks. In other words, now he has just entered the organization, and he has The burden has already exceeded everyone within the organization.

Moreover, there is a large stone tablet screen at the task collection area, where there is a ranking of completed tasks.

When Gu Shaoyang received all the tasks, he suddenly slipped to The last place, and there is a big gap between the second to last place.

When others saw the amount of tasks Gu Shaoyang needed to complete, they were all surprised, and they still had some sympathy for him in their hearts.

But sympathy Although he sympathized with Gu Shaoyang, he had no intention of helping Gu Shaoyang, because they were too busy with their own tasks, so how could they help him?

In this way, Gu Shaoyang accepted all the tasks, but when he saw what he had received He was a little sluggish when the task had a long bar as tall as others.

He had heard that there would be more tasks, but he didn't expect there to be so many!

But now that the matter was over, no matter how much he complained, he couldn't It had to be completed, so he could only silently return to his room with the task note.

Then he began to study which tasks to start with.

In the end, it took Gu Shaoyang a full hour to complete the task note. After reading it, he sorted out some tasks and prepared to complete them within three days.

When the people around him learned that Gu Shaoyang was about to complete the task, and he still took on the most difficult task, They were all shocked.

Because difficult tasks generally require the cooperation of experts from the headquarters to complete, it is difficult for one person to complete it alone.

But Gu Shaoyang chose to complete it alone, and even the simplest task Put the task to the end.

You know, the simpler the task, the more time-limited it is. If it cannot be completed within the specified time, then after the unfinished task is seen by the organization, the organization will send two more tasks to You.

In this way, more and more tasks will accumulate. When a certain number is accumulated, those who have not completed the tasks will be sent back to where they were before and start from scratch. So this is also That's why the old doctor didn't dare to promote Gu Shaoyang easily, but this was not a problem for Gu Shaoyang. After sorting out the tasks he was about to do, Gu Shaoyang got ready to go, and then when he was about to go out to complete the task, he... He met a kind person from the headquarters who reminded him

"Xiao Gu, I heard that you have to do the difficult tasks first? I suggest you start with something simple, so that you will be more comfortable."

The person who reminded Gu Shaoyang is called Wang Xiao. He is the person who completes the fastest and most tasks in the headquarters, and he is also a person with a gentle temper.

Although Gu Shaoyang has just entered the headquarters not long ago, he has also heard about his conduct, so for him , Gu Shaoyang's attitude was very respectful.

"Thank you, but I still want to give it a try first. If it doesn't work, then I will follow your instructions and start simple."

Then Gu Shaoyang said a simple goodbye to him and left.

Wang Xiaojian insisted on letting Gu Shaoyang give it a try. After all, he is still a newcomer and needs to explore everything by himself. Sometimes no matter how much he talks, , it is better to let him become a clan himself.

Chapter 1069

On the way, Gu Shaoyang's first task was to help the escort agency in Qilin Mountain successfully transport things from Qilin Mountain.

Because there is a bandit den with a very large organizational system in Qilin Mountain, they know that the Escort Bureau often takes large orders.

So he kept an eye on them, and even watched them steal things from the escort agency for several years to maintain their life as a bandit den.

The Escort Bureau was also miserable, because the bandits were familiar with the terrain and were too cunning. Although they had many people, they were not able to match the strength of the bandits.

But this time, they took another extremely high-priced order and had to successfully transport it back, so they had to find a ghost hunting organization.

Although they also know that ghost hunting organizations also engage in burning, killing and looting, if it is a protection task they take over, then their own people will never rob.

And their completion rate is also very high, so the Dart Board wants to seek protection from the ghost hunting organization.

In this way, Gu Shaoyang set off towards the Escort Bureau. In order to be familiar with the terrain of Qilin Mountain, he deliberately walked around the mountain.

In this way, he could get familiar with the terrain while heading towards the dartboard to kill two birds with one stone.

Walking in the mountains, Gu Shaoyang was accompanied by insects, birds and beasts. He was relaxed and relaxed along the way, but such days were short-lived.

Gu Shaoyang had only been on the road for a few days when he met a large group of bandits on the mountain. They had assembled their team and seemed to be deploying, as if they were preparing their fighting position for the escort agency to transport the treasure in two days.

After Gu Shaoyang noticed it, he hid in the tree, held his breath and concentrated, trying to minimize his own presence so that he could spy better.

And soon, after they arranged their positions, they left one after another. Gu Shaoyang waited for them all to leave before slowly getting down from the tree and then moving forward.

When the bandits were setting up the place, he also discovered that whenever they determined a place, a black fur ball would be left there as a mark.

So Gu Shaoyang wrote down the locations of the black fur balls while walking, so that he could have a good discussion with them when he went to the escort agency.

Two days later, when Gu Shaoyang came to the Escort Bureau as a member of the spirit hunting organization, they were already ready to set off, and the time was actually earlier than agreed.

"How did you advance the time?" Gu Shaoyang was a little puzzled by this, and as the boss of the escort agency that led the delivery of the baby this time, Kong San replied

"You don't have to worry about this. Since you are here, just follow us. We have already learned the news about the deployment of the bandits."

"So this time, we will definitely be able to avoid them as long as we take a detour!"

Kong San was very confident, and Gu Shaoyang heard him say that they already knew the bandits' deployment and thought that someone among them had broken into the bandits as a spy.

So he didn't say anything more, but he just arrived at the escort agency. He immediately followed them to escort the baby.

Gu Shaoyang was very alert along the way, but the people from the Escort Bureau felt that they already knew the specific location of the deployment, so they were not worried at all. Gu Shaoyang didn't say much when he saw their appearance. He was doing what he was supposed to do.

After marching for a whole day without eating or drinking, they finally arrived at the bandits' first den where they were preparing to ambush. Gu Shaoyang wanted them to leave here quickly.

But he didn't want to, Kong San actually asked everyone to relax and have a rest! He also said that it was very safe here!

When Gu Shaoyang heard Kong San's words, he was confused, so he reminded him

"Isn't this the first ambush den prepared by the bandits? How can I rest here? It should be done somewhere else."

Gu Shaoyang finished his drink and waited for Kong San to answer. However, Kong San's team did not take Gu Shaoyang's words seriously.

"here? There are obviously no bandits here! Come on, little brother, you'd better rest quickly."

Kong San is very sure, because they have spies in the mountains to inquire about the situation, and they are also very convinced about the news passed down by the spies.

Therefore, Kong San did not take Gu Shaoyang's reminder to heart, and just talked to Gu Shaoyang. After saying that, he walked to the baby and fell asleep next to the baby. When everyone saw Kong San starting to sleep, they began to close their eyes and rest. For a while, they opened their eyes and looked at the surrounding situation. There was only Gu Shaoyang, and he couldn't wake them up when he looked at the sleeping people.

Because they didn't listen to Gu Shaoyang at all, so he had no choice but to watch alone, hoping for the first wave of bandits to attack. His strength was not as strong as it could be, but he was able to hold on.

Soon, when everyone fell into a deep sleep, the bandits on the mountain began to take action, and Gu Shaoyang also heard the movement around him.

Chapter 1070

When Gu Shaoyang heard the commotion around him, he immediately came to Kong San's vicinity, preparing to wake him up at the moment of sudden attack and let him see for himself whether there were bandits.

Not long after, after Gu Shaoyang heard the noise, a large group of people quickly ran towards them from all directions, and they all held their own weapons in their hands. Only the people on Gu Shaoyang's side were still immersed in sleep.

When Gu Shaoyang saw the bandits, he kicked Kong San directly and woke him up. Because Gu Shaoyang used too much force, Kong San woke up from his dream at once.

In his dream, his whole life was turned upside down, but his erotic dream was suddenly interrupted, causing him to wake up suddenly, and when he woke up, he also found that his buttocks were extremely sore, which made him very angry.

"who is it! How dare you kick me! Why don't you stand up for me quickly! Kong San, who had just woken up from his dream, shouted loudly, but Gu Shaoyang had no time to pay attention to him, because he had already started fighting with the bandits. By the time Kong San reacted, the bandits were almost approaching him. As an instinctive reaction, Longshan subconsciously avoided when he was attacked, and it was only then that he discovered that there were bandits!

"This is what happened! Why are you still sleeping? Why don't you get up quickly! Didn't you see anyone attacking? What do I feed you for?"

Kong San suddenly became furious, punching and kicking the people sleeping around him. Gu Shaoyang could probably guess it when he saw him acting like this.

This should be because there was something wrong with the spies he arranged himself, and that's why he was like this. The reason why the spy has problems probably has something to do with him hitting people when he is angry.

And now when there is a problem, he only blames the people around him and does not know to reflect on his own problems. This should be the root of the problem. Where.

Gu Shaoyang thought silently in his heart while fighting the bandits, and Kong San's people immediately woke up from their dreams after hearing his roar, and then joined the battle in a daze.

And many of them were Because they were sleeping just now, they did not realize the situation for a while, so most of them were hit by the bandits and seriously injured.

Gu Shaoyang felt very distressed when he saw them being seriously injured, but Kong San was only worried about his Is the baby okay?

When Gu Shaoyang saw him like this, he suddenly didn't want to protect him, but he thought that this was a task that had to be completed, so he had to continue. Finally

, after an hour of fighting, Gu Shaoyang finally managed by himself With his own strength, all the bandits were wiped out, and they also knew that they were safe.

Only then did Kong San know how strong Gu Shaoyang was, and he began to treat him with respect. However, because a large part of Kong San's people were seriously injured, They were unable to move forward at all.

So Kong San simply asked them to go back to rest, and the remaining people who could still fight would follow them and continue moving forward.

"Didn't you say you know where the bandits are deployed? Why are there still bandits attacking now?"

After Gu Shaoyang ended the battle, he was very unhappy when he saw Kong San's attentive appearance, but he still endured the unhappiness in his heart and answered.

Kong San thought about Gu Shaoyang's question randomly, and then said:"It must be this time. Unexpected, I believe it will definitely not be like this next time!"

Kong San said with great certainty. However, after Gu Shaoyang heard Kong San's words, he immediately frowned: What! There will be another time! The casualties have been so heavy this time, and next time he will continue to follow the instructions sent by the spy who has betrayed him. Use the news!

So Gu Shaoyang suddenly took a few steps towards Kong San:"Listen to what you mean, next time you should prepare to rest according to the news from your spies, right?"

In order to confirm Kong San's answer, Gu Shaoyang asked. After Kong San heard Gu Shaoyang's question, he didn't hesitate at all and nodded his head heavily.

Looking at Gu Shaoyang, his eyes seemed to say: What's wrong? Is there something wrong? Do you dare to say that I am wrong?

When Gu Shaoyang saw his natural look, he suddenly felt angry inside. Then he took a deep breath and said

"If you are still prepared to continue to act according to the news from the spies, then I'm sorry, but I will reject your order on behalf of the ghost hunting organization."

After saying that, Gu Shaoyang turned around and was about to leave. When Kong San saw Gu Shaoyang's leaving figure, he immediately became anxious, because now his people are useless at all.

Moreover, Gu Shaoyang is very powerful and can deal with all the bandits in his lifetime. If he leaves, if so, the treasure they were escorting would definitely be snatched away by the bandits!

So he couldn't let Gu Shaoyang leave at all:"No! no! Since you have accepted this order, you must be responsible to the end!"

"If you dare to leave, then I will definitely complain to you within your organization!"
