

## Attributes 1091

### Chapter 1091

I have seen what is under the pond. He didn't even know who he thought he was giving things to.

And precisely because of what he has always done, he has always been chosen as the blood giver.

There were some people who sent blood to the pond before, but in the end they were all taken away by unknown things in the pond because of their curiosity.

And this is also a rumor, but the person did not see anyone who was curious enough to go into the pond to find out.

So now Gu Shaoyang will follow this person's memory and take a look under the pond.

While Gu Shaoyang was busy with thoughts in his mind, he quickly arrived at the flower shop, which at this time had also closed the door.

Gu Shaoyang hid at the door of the flower shop for a while, making sure that if someone entered the flower shop, it would take a while before they came out, and no one would be found outside the door.

Gu Shaoyang came out of the darkness and then cautiously approached the pond. The pond at night turned bright red under the moonlight for some reason.

When Gu Shaoyang reached out to hold some water to see what was going on, he found that the pond was like an illusion, nothing could be touched and there was no touch.

After discovering this phenomenon, Gu Shaoyang quickly checked the memory of the person he absorbed today.

I saw that in Gu Shaoyang's mind, the place that originally belonged to his memory now had an extra place, showing the memory he had absorbed.

And Gu Shaoyang quickly mobilized that person's memory.

I saw that this man's name was Tian Dao, he was also from Dongcheng, and he belonged to the Lin family!

However, his sense of presence in the Lin family has always been very low, and precisely because of his very low sense of presence, he has always been bullied.

At the same time, Tian Dao has been living in a repressive environment and has always wanted to turn around, but he has been unable to find a way and no one appreciates him.

It wasn't until the child abductions appeared in Dongcheng that he was arranged by the people in the Lin family who had been targeting him to do something, which was to send blood to the things in the pond.

Then his fate was changed from then on!

Because of his timid nature since he was a child, he never dared to look around when he went to deliver blood to the people in the pond, let alone ask about other things.

So the things in the pond took a fancy to him, and then designated him to deliver blood. At the same time, Tian Dao's status in the Lin family also rose rapidly.

People who bullied him before were stepped on by him, and some people who used to look down on him also fawned over him, as if everyone respected him.

Tian Dao also enjoyed this feeling very much, but at the same time he also knew that this was brought to him by the people in the pond, so he was also loyal to the people in the pond.

His sincerity also made the people in the pond think highly of him. The more people in the pond value Tian Dao, the harder Tian Dao works.

Even more children in Dongcheng were abducted by him personally, and the only remaining children in Dongcheng established by the Lin family to protect the outside world were also managed by him.

So he almost always has information about all the children in Dongcheng, and Gu Shaoyang also discovered that there are three children left in Dongcheng.

They are all in unborn form, and Tian Dao is planning to wait for these three children to be born and offer them to the people in the pond.

Among the three children, the eldest is the guard's wife.

After Gu Shaoyang extracted some memories of Tian Dao in her mind, she did not continue to look down, but set out towards the pond based on the memories she already knew.

As far as Tian Dao knows, this pond is a fantasy, but in the eyes of others, this pond is just a big swamp, so people who come to the flower shop to buy flowers never get close to it.

At the same time, those who come to buy flowers cannot get close at all, because the place is enchanted by the things in the pond, and cannot be opened without special methods.

When Gu Shaoyang first wanted to use strong methods to solve it, he saw the special method in Tian Dao's memory.

Fortunately, Gu Shaoyang saw a special method. Otherwise, if she had used a tough method to solve the problem, the people in the pond would have known about it the moment he took action.

It was a small matter that Gu Shaoyang's whereabouts were exposed, but the big thing was that he had alerted the enemy. If he wanted to investigate something again next time, it might not be that easy.

Muttering in his heart, Gu Shaoyang came to the pond. He stretched out his hand and started to do it based on the memory of Tian Dao in his mind.

Complex handprints soon formed on his hands, and he set off towards the pond with the handprints. When he touched the pond, he could feel it.

When Gu Shaoyang touched something, he put both hands in. After he was sure that he could get in, he also stepped in with his feet.

When he went in, Gu Shaoyang was just like Tian Dao he had seen during the day. Although he was in the pond, there were no drops of water on his clothes.

Chapter 1092

It was as if there was a protective film protecting him in the water, and Gu Shaoyang also walked cautiously towards the bottom of the pond based on Tian Dao's memory.

When he completely walked down from the top of the pond, Gu Shaoyang saw that there was actually a cave under the pond!

I saw that below the pond, there were mountains and water, and the environment was extremely beautiful, but there was a stench in the air.

When Gu Shaoyang wanted to hold some water from the creek to quench his thirst, he found that the water in the creek turned out to be red!

And the stench seemed to come from the creek! I'm afraid the blood that Tian Dao sent in before was poured directly into this!

Gu Shaoyang felt sick when he thought of this, but he couldn't make too much noise to avoid alerting others.

So Gu Shaoyang just put the "water" in his hand back, wiped his hands clean, and then continued to move forward cautiously.

After Gu Shaoyang walked inside for a short time, he discovered a large jar. The jar would bubble from time to time, as if someone was breathing inside.

After seeing this scene, Gu Shaoyang immediately became more concerned and secretly observed in the dark.

After a long period of time, Gu Shaoyang hid in the dark and found nothing. But just when he was about to go forward to check the situation, there was a sound inside the jar.

As soon as Gu Shaoyang heard the sound, he immediately hid, and held his breath and tried to reduce his presence as much as possible to avoid being discovered by the other party.

Not long afterward, Gu Shaoyang saw a person suddenly pouring out of the jar, with shiny black hair, but the person in the jar had his back to Gu Shaoyang.

So he couldn't see his face clearly, but the person in the jar didn't leave after getting up. He just stayed in the jar and kept pouring the blood in the jar.

And Gu Shaoyang felt disgusted when he saw him pouring blood on himself. When he thought that the blood belonged to those innocent children, Gu Shaoyang felt even crueler!

Gu Shaoyang looked at the person in front of him and wanted to kill him immediately, but Gu Shaoyang discovered that the person in the jar had a stronger cultivation level than himself.

Therefore, if he takes action rashly, I am afraid that not only will he not be able to subdue him, but he will also fall upside down. If he is not careful again, then it is very likely that the next blood in the jar will be his contribution.

So Gu Shaoyang could only hold back and try to reduce his own sense of existence, and just when Gu Shaoyang was trying hard to reduce his own sense of existence.

But he felt someone calling him in his mind - guard!

Feeling the guard's call, Gu Shaoyang's heart instantly rose to his throat, and his subtle breathing changes also attracted the attention of the unknown thing inside the jar.

Soon Gu Shaoyang only saw him turning his head slightly, then he stopped pouring blood on his mobile phone, stood up and came out of the jar.

Then he approached Gu Shaoyang's position step by step. Gu Shaoyang was hiding in the dark and could only quickly become invisible, adjust his breathing, lower his heart rate as much as possible, and try his best to take away his sense of presence.

Because he must not be exposed now. His wife who is guarding him is in danger at this time. If he fights with the people in front of him at this time, then they will be in danger.

When the contents of the jar approached Gu Shaoyang, he finally saw his face clearly.

However, there were a lot of blood stains on his face, so it took Gu Shaoyang some time to identify him.

It turns out that the person who has been hiding in the pond, watching the fresh blood of the children sustain life, is the head of the Lin family!

According to Tian Dao's memory, Gu Shaoyang discovered that the head of the Lin family always used excuses for physical abnormalities, so he rarely went out to see guests, and all the matters of the Lin family were left to his side branch to take care of.

It's just that he still has the ultimate right to dominate, so although he rarely appears in the Lin family, he has absolute say.

As for why the lord of Dongcheng disappeared, it seems that it has something to do with the head of the Lin family.

It's just that although this field road is highly valued by the head of the Lin family, the head of the Lin family did not tell him a lot of important and key information.

And Tian Dao himself didn't seem to want to know.

After searching Tian Dao's memories in his mind, Gu Shaoyang stood motionless. After an unknown amount of time, the head of the Lin family relaxed his brows slightly and turned back to his jar.

When Gu Shaoyang saw him returning to the jar and not paying attention to his direction at all, he left tremblingly.

Because he was worried about being discovered, Gu Shaoyang stayed in one position for a long time. His feet and hands were already numb, so now he could only try to be careful when getting up.

In order to avoid making any more noise and attracting his attention, it may not be so easy to escape by then.

### Chapter 1093

With this thought in mind, Gu Shaoyang walked tremblingly to the exit above the pond. However, just as Gu Shaoyang formed his hand seals and prepared to go to the guarded home, there was movement above the pond.

It seemed that someone was about to come down, and that person's movements were quite loud.

Because of this violent sound, the person in the jar who had calmed down once again stood up.

But this time, after hearing the sound, he immediately stood up and walked towards the exit, and at the same time, the people above also entered through the entrance.

They moved forward and backward, just in time to attack Gu Shaoyang from both sides, and both his retreat and advance paths were blocked.

Watching the time passing by, the person in the jar behind Gu Shaoyang would reach the exit in just a few steps, while the person above would be able to enter from the entrance in two more steps.

Finally, when Gu Shaoyang was extremely anxious and confused, he simply took out the human skin mask he had prepared long ago from the space ring and put it on.

Then he directly pulled the person who was about to reach the end from above, knocked him unconscious and threw him directly into the space ring.

And when Gu Shaoyang knocked him unconscious, he also discovered that this man was really Tian Dao, and he was holding a newborn baby in his hands.

Gu Shaoyang contacted the time when the guard and his wife contacted him, and roughly estimated that this baby should be their child.

And things turned out just as he expected. The baby was kidnapped by them as soon as he was born, and his life, which had just begun, was about to end.

At this time, the baby was in Gu Shaoyang's arms, neither crying nor fussing. His little mouth was chirping, and he was very cute.

Just as Gu Shaoyang was looking at the baby in his arms, the head of the Lin family in the jar also walked towards him.

When Gu Shaoyang was operating the field, he immediately knelt down when he saw the person who had been soaking in the jar come out, and then buried his head very low.

He looked very scared, and after the head of the Lin family saw that the person in front of him was the one who had been giving him blood, and that he looked in awe and fear of him at this time, he didn't care.

Then he turned around and returned to the jar, and Gu Shaoyang secretly breathed a sigh of relief when he saw that he didn't realize that he was not Tian Dao.

But then the head of the Lin family said something that made his heart suddenly tighten.

"Got another newborn baby?" The head of the Lin family said very comfortably while lying in the jar. Gu Shaoyang seemed to be looking forward to it.

Seeing this, Gu Shaoyang thought, this Tian Dao came to the pond to deliver the baby's blood. Come, but now he wants to personally end this baby's life?

No! Gu Shaoyang can't do it, and he can't do it! Because he can't do such a heartless thing!

But! If he If you don't kill the baby and don't let blood to nourish this person, then how can he escape the eyes of the person in the jar?

You know, he has soaked himself in blood for so long, and his sensitivity to blood must be different from that of the person in the jar. Ordinary people, so if he dares to fool him, I'm afraid he will be discovered soon. Not only will the baby in his arms be unable to be saved, but he himself will definitely suffer!

So Gu Shaoyang must think of a way to get the best of both worlds, which can both save the baby in his arms. The baby can fool the head of the Lin family in the jar again.

"Yes, the newborn baby is still warm!" Gu Shaoyang answered based on Tian Dao's past communication methods with the people in the jar.

The person in the jar did not become suspicious when he heard Gu Shaoyang's answer. Then he stretched out his hand and pointed to a place to Gu Shaoyang, indicating that he could bleed..

And Gu Shaoyang looked in the direction of his finger, and then saw a large blood vat, with a large stirring stick inside that was constantly stirring.

And the liquid inside was all blood! Looking at so many Blood, Gu Shaoyang suddenly felt very sad in his heart.

Because he could not estimate how much blood was in it, let alone how many children's lives it took to accumulate the blood in it!

He only knew that this blood lying in the jar was very Comfortable person - damn it!

Although Gu Shaoyang was filled with hatred for the head of the Lin family who was lying in the jar at this time, for the sake of the overall situation, Gu Shaoyang still chose to endure it.

And he would not easily use the baby in his arms to satisfy the selfishness of the head of the Lin family. request, and he also has a better candidate - Tian Dao!

When he was pretending to be Tian Dao, in order to hide him, Gu Shaoyang hurriedly threw him into the space ring.

And at this time Tian Dao was suddenly caught and thrown into a closed space. He became nervous as expected.

Because since he helped the head of the Lin family do things, no one dared to bully or humiliate him.

But at the same time, after he gained power and status, he insulted many people.

Just like the pain he suffered before, so many people hate him now, and now that he encounters such a thing, he subconsciously thinks it is revenge.

"who is it! Let me out quickly! Don't you know who I am? If you dare to do anything to me! Be careful, I will kill your child and bleed it immediately!"

"Did you hear that? Let me out quickly! If you think I'm going out now, I won't care about you! But if you are a little later, don't blame me for being rude!"

When Gu Shaoyang walked towards the blood tank step by step, he only heard Tian Dao's very emotional words in his space ring.

However, the more Gu Shaoyang heard his words, the more sad and angry he felt inside.

A person who has been bullied or insulted, after gaining power and status, will intensify his revenge on others. After getting used to killing people, he will ignore the lives of others and completely fail to understand the pain of parents losing their children. He didn't realize that what he did was wrong!

When Gu Shaoyang saw him like this, he just thought he deserved to die! So when Gu Shaoyang walked into the blood vat, Gu Shaoyang directly took Tian Dao's hand out of the space ring.

Then he used his hand and the baby's hand as a cover.

Immediately afterwards, Gu Shaoyang cut Tian Dao's hand without hesitation, and then bled into the blood tank.

Except for the hand outside, Tian Dao's His whole body was inside Gu Shaoyang's space ring, and his words could not be heard outside. No matter how much he struggled, he was fixed by Gu Shaoyang.

At the same time, his body was inside Gu Shaoyang's space ring and he could feel the blood flowing away bit by bit in his body.

He also felt that his life was passing away bit by bit, and after realizing this, Tian Dao also had some emotional breakdown.

Because no one is more familiar with what this feels like than him!

Tian Dao took his children to the pond before inside, and then easily cut their arteries and blood vessels to bleed. Sometimes he would even torture the children in tree holes.

And the way he tortured them was also to bleed. He would cut the meridians, arteries, etc. of the children's wrists and ankles..In the end, the children will die due to the loss of a large amount of blood in the body. He once watched countless children die in his hands. Their loss was caused by struggle and pain, longing for their parents, and a deep feeling of fear and helplessness. The imprint was engraved in his mind, but now! The same thing happened to him!

This was like a bolt from the blue to Tian Dao! He couldn't accept it! Because the bad consequences actually happened to him!

But! Tian Dao doesn't want to die! He would rather have no rights, no status! Or even have nothing! He just wants to live in this world alive!

However, the reality tells him that he is about to die!

"really! It's not that I won't retaliate, the time has not yet come!"

In the end, when Tian Dao was about to leave, he suddenly said such a sentence very helplessly, and Gu Shaoyang watched Tian Dao die in his hands.

But there was no trace of concern for the child in his heart. Their pleasure of revenge was only filled with endless melancholy.

After Jiang Tiandao's blood was drained, Gu Shaoyang took his blood and scratched the baby's hand to create the illusion of a wound, and then he fed the baby The tranquilizing medicine will make him temporarily quiet.

This way, when he leaves with the child later, he will not arouse the suspicion of the head of the Lin family in the jar.

"grown ups! The blood has been sent to me, so I left it first!" After finishing, Gu Shaoyang said very respectfully in front of the people in the jar.

However, just when Gu Shaoyang turned around and was about to leave, the person behind him in the jar suddenly stopped him.

"Wait a moment!" Hearing the voice of the person in the jar, Gu Shaoyang trembled all over.

This is not Tian Dao's usual behavior. Although he is usually afraid of the people in the jar, he has become accustomed to the people in the jar for so long.

At the same time, he was also very sure that the people in the jar would not be harmed, so when he was suddenly stopped, Gu Shaoyang's sudden trembling made him worried that he would be exposed.

"Sir, do you have any other instructions?" There was a moment of trembling. The person in the jar didn't say anything after seeing it, so Gu Shaoyang pretended that nothing happened and asked. While he was talking, he approached the person in the jar, and then quickly walked to him. In front of him.

Didn't he want to personally check whether the child was breathing?

After Gu Shaoyang walked to him, he found that his eyes had been staring at the child in his arms.

So Gu Shaoyang was very nervous.

Because if he had examined it himself, he would have discovered that not only was the child breathing;

Chapter 1095

There were no wounds. Once this was discovered, he would have no choice but to fight to the death!

Thinking of this, Gu Shaoyang was already ready to fight to the death, but what made him very lucky was that the person in the jar stopped him not because of this matter.

The person in the jar suddenly stopped him because of something else.

"How are you doing with finding a hundred babies? My time is coming soon."

In the jar, the head of the Lin family looked at Gu Shaoyang and asked very seriously, and Gu Shaoyang could also hear from his tone that this matter was very important. At the same time, Gu Shaoyang also noticed - the deadline!

This shows that this person is in a period of weakness. It's coming soon! It's the best time for Gu Shaoyang to deal with him!

Then Gu Shaoyang accidentally learned about this matter, but the most important thing is to get away from him and answer his questions quickly.

So Gu Shaoyang immediately searched in his mind Tian Dao's memory is to answer his question

"Seventy-eight children have been found, and some are being transported towards Dongcheng. It will take some time, but they will definitely arrive before your deadline, so you don't have to worry."

Gu Shaoyang imitated Tian Dao's tone and tone to answer, and Gu Shaoyang went through Tian Dao's memory like this, and then discovered.

It turned out that they had already defeated children from other cities a long time ago, but he did it very covertly. , they all pick on poor families.

And because poor families have no power and money to search for their lost children, most families who have lost their children just let it go.

Only a few will persist. Searching, and among these families who insisted on searching, Tian Dao also settled a lot of things with money, and there were still some parents who he could not settle.

Tian Dao directly chose to end their lives, so in Tian Dao's hands , since he gained power and status, a lot of lives have been tainted.

Now that Gu Shaoyang lets him die doing what he does every day, it can be regarded as an explanation for himself, and it can be regarded as giving him a destination.

Reality , after Gu Shaoyang answered the questions of the person in the jar, he nodded with satisfaction, and was also very satisfied with Gu Shaoyang's answer

"Um! very good! I admire your ability to do things!"Then after saying that, he stretched out his hand to Gu Shaoyang, and then waved in the direction of the exit, indicating that he could leave.

After Gu Shaoyang saw his move, the big stone in his heart finally fell, and he immediately bowed respectfully and left..

But when he was about to reach the intersection, the voice behind him sounded again:"This child is not dead yet, help him, don't let him suffer too much.""

Immediately after he finished speaking, he sank directly into the jar, while Gu Shaoyang turned his back to the head of the Lin family in the jar, and tightened his hand on the child.

He discovered it!

After realizing this, Gu Shaoyang couldn't help but be afraid, At the same time, he was also happy.

What he was afraid of was that if he wanted to verify it himself, it would definitely be exposed that the child was still alive.

But he was also happy that, fortunately, he did not verify whether the child was still alive, and all of this was Because of his trust in Tian Dao.

So at this time, Gu Shaoyang was a little grateful to him, but it was only for a moment. Then Gu Shaoyang quickly walked out from the exit.

When he went up, he also recovered his emotions , according to Tian Dao's arrogance in dealing with Tsundere.

And those people had no doubts about Tian Dao like this, but when he got on the carriage, a pair of hands suddenly stretched out to his arms

"If Tian happens, please give it to me. Just leave such small things to me!"

It turns out that this is a person who wants to curry favor with Tian Dao. He has currying favor with Tian Dao several times before. Sometimes Tian Dao is in a mood to ask him to help, but most of the time, Tian Dao doesn't like him.

But today, Gu Shaoyang Tian Dao in disguise also looks down on him! This is not because he doesn't want to ask for help.

It's because he absolutely cannot let anyone do this for him, because the children who have been drained of blood are all wrapped up together. The rags were then thrown directly into the forest, waiting to be discovered.

However, the child in Gu Shaoyang's arms had not been drained of blood, so if he asked them to do it for him, he and the child would be exposed, so he had to do it himself.

It's just that it is absolutely impossible to throw the child into the forest, because the child is still breathing and, and at this time, the guard and his wife must be very anxious.

He must quickly go to their house to tell them that the child is still alive. , and the child cannot be raised by them for the time being, because the child's crying will be exposed.

So Gu Shaoyang must find a safe place for the child, and he also needs to find someone who can raise him.

And this person and this safe place Gu Shaoyang But I don't know where to look.

Chapter 1096

"Send me home first."Sitting in the carriage, there was only Gu Shaoyang in the carriage, so he spoke directly, and the driver of the carriage immediately responded when he heard"Tian Dao".

Then he turned around and set off towards Tian Dao's home, and Gu Shaoyang Sitting in the car, he searched through Tian Dao's memories.

Because Gu Shaoyang needed an excuse to disappear in front of people, he quickly changed the baby and threw him into the forest.

Then he had to find the best way to disappear in front of people. Then he has to find the guard and his wife and tell them that the child is okay.

However, after he throws the child into the forest, he still needs his cooperation to claim the child, otherwise a child that has been left in the forest without being claimed will also be ruined. People became suspicious.

Soon, Gu Shaoyang returned to "his" home in a carriage. Usually when he went back, he would ask the people behind him to follow him, but this time he did not do so.

"You guys wait for me outside, and we'll go to the tree hole later." Then after Gu Shaoyang finished speaking as Tian Dao, he hurriedly walked towards the room.

The people following him did not dare to disobey his instructions, so they waited and agreed, and finally they all waited outside obediently. Looking at him.

After Gu Shaoyang arrived in Tian Dao's room, he had no time to do anything else. He could only quickly tear off his mask, change into his own clothes, and then ran towards the inn. In order to rush for time, he So he was very fast, and he arrived at the inn in a short while, and his goal was very clear, so as soon as he entered the inn, he rushed directly to the counter

"The shopkeeper's! check out!" Gu Shaoyang said very simply, and he was the only guest in the inn at that time, so as soon as he said his words, the shopkeeper immediately stepped forward. The shopkeeper was not surprised when he heard that Gu Shaoyang was about to check out, and It seemed like he had already expected it

"You are finally here." After saying that, the shopkeeper went through the formalities for Gu Shaoyang, but Gu Shaoyang frowned when he heard the shopkeeper's words.

What do you mean I'm finally here? Could it be that he knew I would come and waited for me for a long time?

The question lingered in Gu Shaoyang's mind. There was no answer in his mind, and the shopkeeper seemed to see his doubts, but he just smiled at Gu Shaoyang.

Then he patted Gu Shaoyang's shoulder gently: "Finally, there is something in the inn. Business is over, but you are leaving so soon!"

"But I feel that I am destined to you, so if you come again next time, I will treat you and take you to explore Dongcheng!" Then after the shopkeeper finished speaking, he turned around and entered the inn.

Gu Shaoyang was also a little numb at the same place, and when the shopkeeper turned to leave, there was a note on his phone.

But Gu Shaoyang was surprised that the shopkeeper was so close to him, so why don't you tell him something, but give him a note directly?

Gu Shaoyang then guessed that there might be someone outside the inn, or that the shopkeeper's whereabouts had been monitored.

And he might have wanted to tell him something, but I can't say it myself, so I can only adopt this method. So now he can't be exposed, otherwise it will not only be exposed by the shopkeeper, but also himself, and now he has to pretend to be Tian Said.

So he decided not to be exposed!

With this thought, Gu Shaoyang pretended to leave normally, and when he left, he saw that there was a person upstairs in the inn staring in the direction of the inn.

After he left the inn, after that, the people upstairs kept staring at him. Finally, after the people upstairs made sure that he had not talked to the shopkeeper, they relaxed towards Gu Shaoyang. When

Gu Shaoyang noticed what these people were doing, he couldn't help but wonder what the shopkeeper had done. That led them to treat him like this.

At this time, Gu Shaoyang's mind was full of doubts, and the only thing that could solve his doubts now was the note given to him by the shopkeeper.

So now he must find a safe place to open it. Take a look at the specific contents inside.

Gu Shaoyang also needed to go to the guard's home during this trip, so he prepared to wait until he got to their home to take a look, so he quickened his pace and came to the guard's home.

Now the guard's wife had given birth to the child. After giving birth, the people who had been hovering and guarding at their door had dispersed, and it was much smoother for Gu Shaoyang to enter their home.

However, when Gu Shaoyang walked to the door of the guard, before he entered their home, He heard the heartbreaking cries of the guard and his wife.

After Gu Shaoyang heard the couple's cries, his pace accelerated a lot.

Finally, when Gu Shaoyang entered their house, what Gu Shaoyang saw was the guard. He and his wife have already made a mourning hall for their children.

Under normal circumstances, parents do not need to make a mourning hall for their children, let alone worship, but because this child is their first child.

But because they That's why the child is incompetent.

Chapter 1097

was snatched away, so the guard and his wife made an exception and built a mourning hall for their child and offered incense to him.

When Gu Shaoyang saw this scene after entering, he directly helped the couple up from the ground.

Faced with the fact that Gu Shaoyang did not show up when they met and kidnapped their children. Now that their children are gone, Gu Shaoyang appears.

So the guard and his wife were a little resentful towards Gu Shaoyang, so now when they saw Gu Shaoyang suddenly appearing in front of them, they immediately cursed him.

Gu Shaoyang didn't have much time. He had to finish it as soon as possible and then go back and continue to pretend to be Tian Dao. But now the guard and his wife have not calmed down to listen to his explanation.

Helpless, Gu Shaoyang could only give them the clothes their children were wearing when they were born.

"Let's take a look at what this is!" When Gu Shaoyang took out the child's clothes, the mood of the guard and his wife instantly changed from the initial resentment towards Gu Shaoyang.

"This...isn't this my child's clothes? He, he was wearing this when he was taken away! you! how could you....."

The guard's wife clutched the child's clothes tightly and stopped crying, but she still looked at Gu Shaoyang with tears stained on her face, waiting for his answer.

When Gu Shaoyang saw that the couple's emotions finally calmed down, he said: "I saved the child. He is safe, but we can't let you meet now."

"Because the child will cry and you can't stop it, I will temporarily put the child in a safe place for others to raise, but don't worry, I will definitely ensure the safety of your child!"

Gu Shaoyang directly told the guard couple his plan, and he was not discussing with them, he was just informing them to reassure them.

"But, I...I want to see him!" Although the guard's wife heard Gu Shaoyang say that the child was still alive, she had never seen the child with her own eyes, so her heart was still hanging on.

And she only had one request, which was to see the child, but Gu Shaoyang refused without hesitation.

"no! The situation is critical now, and once I send the child away, I can only take him back after I deal with the people behind the scenes."

"If you really want to see the child, I can send it back to you right away, but I also have to tell you"

"Once the child is sent back, I won't be able to help you if anything happens in the future."

Gu Shaoyang can understand the guard couple's feelings of being new mothers and worrying about their children, but now is not the time to satisfy their lovesickness.

So if they don't want to see their children because of their irrationality, Gu Shaoyang can also be satisfied, but if they are If he finds out, then the child will definitely die, and he will be dragged down with it.

So now he needs the guard couple to give him an accurate answer. If they don't believe him and want to take care of the child personally, then Gu Shaoyang will have to do it for him. Make plans if the child is discovered later

"No! I just want to see him, even just once?"

The guard's wife felt a little hurt when she heard Gu Shaoyang's very cold words, but she also knew that everything Gu Shaoyang said made sense.

But she still wanted to see the child.

"I'll bring the child back to you later, and I won't care about it after that." Seeing that the guard's wife was still so irrational, Gu Shaoyang said and was about to leave immediately.

When the guard saw this, he immediately grabbed Gu Shaoyang and stood in front of him.

"No! Don't listen to her, a woman! Please help us take care of the children! If there is anything you need our cooperation with, just ask."

In the end, the guard made the decision, and the wife had no choice but to accept what her husband said because she couldn't let her selfish thoughts harm the child.

"OK! Now that you have decided, I now have something to ask you to cooperate with."

After they decided, Gu Shaoyang quickly told them the matter.

"Later I will make a fake child's body and throw it into the forest, and I need you to take the child back when you hear the commotion outside."

"Then you just need to stay closed and sad until I finally clean up the people behind the scenes and then you can come out again."

Then Gu Shaoyang said and directly took out a model of a child, and this model was made by Gu Shaoyang based on their child.

Finally, Gu Shaoyang put on the clothes of the guard couple's child on the child, and it became their child..

And the guard's wife saw that the model in Gu Shaoyang's hand looked so similar to her child, and she couldn't hold back her tears again.

However, Gu Shaoyang said that he did not comfort her or say anything, but just put the child away after finishing it. handed them

"Think about the birthmarks on your child and make them, making sure they are real."

After saying that, Gu Shaoyang put the note in his arms.

Chapter 1098

After taking it out, he had time to read the contents of the note in his hand. After the guard and his wife took the fake child made by Gu Shaoyang, they began to operate on him.

Soon they made the birthmark based on the marks on the child in their memories, and after they finished making it, Gu Shaoyang's note had been read.

"Okay, I'll leave first. You continue to feel sad for two days, and don't let anyone outside find anything wrong."

Finally, he told them, and after that, Gu Shaoyang left without looking back, while the guard and his wife continued to cry at home according to the advice of taking care of Shaoyang.

They even stayed at home for several days in order to achieve the effect. They quarreled, and their quarrel also let their neighbors know that their newborn child was gone.

After their neighbors learned about this, because they quarreled so much, many people They went to their house to break up the fight.

But every time the neighbors went to break up the fight, the guard and his wife burst into tears, and the neighbors could only return in vain. In the end, no one tried to break up the fight.

But they all hoped in their hearts that the young couple If they can live a good life, they will eventually have children, but in the current situation in Dongcheng, they don't know when the children will not be taken away. The guards and the couple finally relaxed a lot after seeing that the neighbors no longer came to persuade them, otherwise Every time they came to break up the fight, the two of them had to put in a lot of effort to act.

On the other hand, after Gu Shaoyang left the guard couple's home, he immediately answered Tian Dao's home, but he did not go out immediately after returning. He continued to stay in the room, but after he returned, he asked his men inside the house to go outside to notify the people who were still waiting for him in the carriage.

He was asked to continue waiting outside. He still had some things to deal with, and because Tian Dao He often helps people behind the scenes handle things, and many things are hidden.

Therefore, Gu Shaoyang does not need to explain too much to them when he acts, and they do not dare to ask too much because they are afraid of being punished by Tian Dao's normal behavior.

Just In this way, after Gu Shaoyang asked someone to tell the people waiting for him outside, he returned to the room and directly took the child into his arms, and then set off towards a place. It turned out that

Gu Shaoyang had read the note given to her by the innkeeper, The above told Gu Shaoyang an address where he could temporarily place his child.

And Gu Shaoyang also discovered from Tian Dao's memory that the innkeeper had been against him because the innkeeper's child was also taken away by them.

And the innkeeper's wife also Because he couldn't bear the child's departure, he was hit hard and eventually committed suicide. Therefore, the shopkeeper

's good family was because of them. In the end, it became fragmented, and only the shopkeeper was left to support the inn, and the reason why he still insisted on opening it The inn is where he and his wife and children have memories.

It is very important to him, so he is reluctant to leave.

But because of his strong hatred for the person who kidnapped his children, the innkeeper since the house was broken down, He has been pouring all his experience behind the scenes to investigate.

Just to catch the mastermind behind the scenes, and after such a long investigation, he has achieved some results. At the same time, he has also formed an organization.

Within that organization , there were still several children living there, and the shopkeeper had to use all his abilities to keep them. They had been bled and thrown into the forest.

Then the shopkeeper saw that they were still breathing, so he used medicine to kill them. They rescued them, and after resuscitating them, they were already dead to the people who abducted them.

So as long as they were discovered by others, they were absolutely safe. In order to protect their safety, the second shopkeeper only resuscitated them He never went to see them again.

However, he gave them seeds, left some ingredients for them, and then arranged them in the mountains, and then cast a barrier to ensure that they would not be discovered.

Now the shopkeeper also told Gu Shaoyang the address of the hidden children because he wanted Gu Shaoyang's trust and wanted to cooperate with Gu Shaoyang. certainly! The shopkeeper's ultimate goal is actually to avenge his wife and children, otherwise he wouldn't have worked so hard to do these things.

But now that Gu Shaoyang saw the address he gave, he immediately took the child in his arms and set off towards that place.

In order to maximize his comfort, Gu Shaoyang took out a snow worm from the snow mountain directly from the space ring, and then threw it directly into his mouth.

Afterwards, after eating snowworms, Gu Shaoyang's comfort instantly improved, and he quickly reached the destination he wanted to go to.

After Gu Shaoyang arrived at his destination, he immediately formed the barrier arranged by the shopkeeper, and then immediately handed the baby in his arms to a child.

Chapter 1099

After Gu Shaoyang handed the baby to the child who was looking at him in surprise, he immediately led the children here in another direction.

After living here for so long, and they were not familiar with Gu Shaoyang, they subconsciously avoided Gu Shaoyang's pull.

And Gu Shaoyang also found that the children did not know him and were very wary of him, probably because they had experienced being taken away before.

Then he made them suffer, so now Gu Shaoyang's actions reminded them of what happened.

In order to make the children believe him and leave with him, Gu Shaoyang directly took out the note given to him by the shopkeeper

"Children, don't worry, I'm not a bad guy, I'm the shopkeeper. Please come here. The bad guys are about to investigate this place, so you must leave quickly!"

"Otherwise, not only will your life safety not be guaranteed, but even the shopkeeper who saved you will suffer!"

Because the situation was urgent, Gu Shaoyang told the children the consequences very directly.

When Gu Shaoyang was persuading the children, one of the backbone of them looked at the note handed by Gu Shaoyang and observed the handwriting on it.

In the end, this song After the child confirmed that the handwriting belonged to the shopkeeper, he immediately summoned everyone here to leave.

When all the children came out, Gu Shaoyang discovered that there were only three children here, and now he brought him with him. There were only four children who came.

But he didn't have time to think too much now, so he could only lead the children away quickly:"You don't need to bring anything with you. I will move your home directly."

As he spoke, Gu Shaoyang stood up and cast a spell. Then the children saw that the home they had lived in for several months was uprooted.

This included all their hard work for so long.

And Gu Shaoyang was determined to make them move away. The current location is because he checked Tian Dao's memory, and it is in his memory.

Today is the time to attack the shopkeeper, that is, he has reached the place where the shopkeeper hides the child. Today is the day when Tian Dao sends people to The search process.

In order to prevent the children from being discovered, Gu Shaoyang had no choice but to do this.

After moving the children with him, Gu Shaoyang explained to the children:"You have taken good care of yourselves, but now I Want to get rid of you guys and do a favor and take care of this little baby."

As he spoke, Gu Shaoyang pointed to a person facing the baby and said, and the children around him just nodded repeatedly when they heard Gu Shaoyang's words.

Then after seeing that they agreed, Gu Shaoyang quickly moved some ingredients out of the space ring, including There was a lot of meat.

After doing all this, Gu Shaoyang waved her hand to drink the gold coins from the child, and then she immediately moved towards the place where the child could live before.

Then she raised her hand to eliminate all the auras belonging to the children here, and at the same time, he also A large area of old trees was directly planted, directly destroying the traces of the children's survival.

In this way, Gu Shaoyang also tried his best to protect the safety of the children. After doing these things, Gu Shaoyang returned to the children..

Then Gu Shaoyang demarcated an area for them to move around, and finally cast a stronger barrier on them than the shopkeeper's.

Finally, Gu Shaoyang left with peace of mind and returned to Tian Dao's home.

Finally, Gu Shaoyang After finishing a lot of small things, he continued to operate Tian Dao, and then went out towards the fake child.

"Let's go to the old place."Gu Shaoyang said coldly after getting on the carriage, and the driver of the carriage immediately followed the instructions of"Tian Dao" and set off towards the forest where they often threw their children.

Because there was a carriage moving, they came quickly. When they arrived at their destination, Gu Shaoyang threw the baby out of his arms without hesitation.

Finally, they left this place and headed towards the tree hole.

Because the direction of the tree hole and the forest are two extremes. , so Gu Shaoyang waited in the car for a long time, and then finally came outside the tree hole.

Because of the special nature of kidnapping children, people who have always followed Tian Dao would never easily go down to the tree hole to check, so they will After Gu Shaoyang arrived at his destination, he drove away.

After Gu Shaoyang was left standing alone, he fumbled to open the bark of the tree hole based on Tian Dao's memory, and then entered the tree hole sideways.

And in Gu Shaoyang When I first entered, I couldn't see anything at all. I was completely blind.

However, after Gu Shaoyang followed Tian Dao's memory for a while, he came to the light, but the light was very weak.

It can be said that there is almost none, but fortunately Gu Shaoyang's eyesight is very good, so he can see clearly what is going on here.

And what Gu Shaoyang saw with the faint light was.

Chapter 1100

There were several children tied up inside. Their age seemed to be more than ten years old, but they were tied tightly to the wooden stakes.

At the same time, the tendons of their wrists and ankles were also severed, and the method was extremely cruel, as if they were seeking revenge for some selfish desire.

When Gu Shaoyang saw the children like this, he subconsciously thought that it was Tian Dao who did it. Finally, when the children saw Gu Shaoyang pretending to be Tian Dao, he thought it was Tian Dao who did it.

From the frightened expressions on their faces, Gu Shaoyang knew that Tian Dao must have been very cruel to the children when he was here.

Otherwise, the children wouldn't be instantly frightened when they saw his appearance, and even their breathing would become tense.

Gu Shaoyang looked at the children who were very scared in their eyes and walked straight past them. When Gu Shaoyang walked around them, their eyes relaxed a little.

Seeing this, Gu Shaoyang felt heartbroken. He really wanted to flip the children off the stakes quickly, but he had to hold back.

It was really uncomfortable for Gu Shaoyang to hold back from saving the children, but he still clenched his hands tightly and sighed deeply.

After passing the children, Gu Shaoyang came to a small room, and the people outside the room only saw Gu Shaoyang coming and hurriedly opened the door.

Gu Shaoyang also saw children of different ages imprisoned in the room.

In the room, because the children are of different ages, some younger children need to be taken care of.

Therefore, there were several women in the room who took care of the children here, and when they saw "Tian Dao", they all lowered their heads.

It seems that Tian Daoping always hits or scolds these people, so they are so afraid of him.

Gu Shaoyang saw everyone trying to avoid him. He sighed in his heart that Tian Dao was going too far. At the same time, he was also very happy.

Because of Tian Dao's behavior, there are almost no people around him who understand him, so he will not be exposed.

The safer it is for Gu Shaoyang to pretend to be Tian Dao, the greater the chance that the child will survive.

But now Gu Shaoyang looks at so many children in a room, how to rescue them is indeed a problem for Gu Shaoyang.

Because the Lin family in the jar is about to die as the head of the family, but he will need many children on the day of his death, but it is impossible for him to kill the children himself on that day.

But it would definitely not work without bloodletting, so he had to find a way to avoid letting him have bloodletting, and he couldn't let the children go.

At the same time, he also wanted to let the Lin family in the jar be the head of his family. On the day of his death, his body would be extremely weak, so that he could better control him.

And even if he resists, it won't cause too much trouble!

Thinking of this, Gu Shaoyang couldn't help but remain motionless in the room he was in. The women taking care of the children in the room didn't know Tian Dao's inner thoughts.

So I saw them taking care of the child carefully in the room, and at the same time, their eyes would look at Gu Shaoyang who was very unexpected in the room from time to time.

Gu Shaoyang thought for a while but couldn't figure out a way. In the end, he could only wander around the outside room: the person in the jar wanted a hundred babies, and now there were more than seventy in the room.

There are still more than twenty, it is impossible to kill the children, but the form still has to be a hundred children and must be completed within the specified time, but!

With such a large workload, there are bound to be surprises, which means I can pretend to delay it a little on his final day!

However, this is also a method. Although it is feasible, it must not be delayed for too long, so other methods are needed to assist.

Gu Shaoyang walked around the room trying to find a way, and the eyes of some children in the room followed him closely.

Some of them had been brought in for months, but by luck they had never been picked for bloodletting.

But at the same time, they also know better than others that the "field road" in front of them is not a good thing.

Every time he came, one of their men would be lost, and once they were gone they would not come back.

Their number may suddenly increase one day, but in the end, their number will slowly decrease over time.

Just like now, there are more than a hundred children in their room, but every time Tian Dao comes to them, they will lose one child.

However, Gu Shaoyang, who was pretending to be Tian Dao, did not know the inner thoughts of the children. He was just thinking about how to save them.

At this time, Gu Shaoyang suddenly felt that he could replace the children!

Chicken blood, duck blood are both blood, and they smell no different from human blood. The head of the Lin family in the jar has Tian Dao to send him blood every day.
