### Chapter 1161

Bai Jing helped the young man in white to deal with things in the court, and the young man in white himself thought that he could work with his brother Bai Jing to keep the country of Bai in order and better, but he never thought.

After Bai Jing completely recovered from the body of the boy in white, he sent the letters he had written to the boy in white and their mother respectively. After delivering the letter, he left the Bai Kingdom and went out to wander the world.

He also told them in the letter that he didn't know when he would come back after leaving, and he also told them not to look for him and just take care of themselves.

"This...why is brother doing this! My mother and I really didn't blame him!"

After learning that Bai Jing had left Bai Country, the boy in white had been in a bad mood for several days. The only person with him at this time was Gu Shaoyang, so he could only complain to Gu Shaoyang.

"Everyone has their own choice, or maybe your brother has been in this palace for a long time, is used to intrigues, and wants to live a free life."

"See if you don't have as many rules outside as you do in this palace."

Gu Shaoyang and the boy in white were sitting at the table together. The two of them were still the same as when they were in the inn. Each of them had a cup of tea in front of them, and they were chatting while drinking tea.

But now it's different from before. They talked about everything before. It's about whether we will encounter danger tomorrow and how to survive. But now it's commonplace and the things we talk about are very relaxed.

"Okay, let the eldest brother go out and see the outside world. When he misses us, he will come back naturally."

Things have reached this point, and the boy in white can only think this way. But now everything in the Bai country he leads has returned to normal, and there are no problems in his country.

So now he has fulfilled the treasure he promised to Gu Shaoyang.

"Brother Gu, when will you leave? Tomorrow I will go and give you the key I promised you."

The boy in white said to Gu Shaoyang, and as soon as Gu Shaoyang heard the word key, his eyes lit up. He had been working hard for several months just for the key, and now he can finally get it!

"OK! You can go now. I'll probably leave after I get the key. I've been here for a long time."

Gu Shaoyang told the young man in white about his itinerary. When the young man in white heard Gu Shaoyang say that he was about to leave after getting the key, his eyes were immediately full of reluctance.

"So fast? Gu Shaoyang, please stay a few more days. My eldest brother has left, and now you have to leave too."

The boy in white said a little aggrieved, but Gu Shaoyang's attitude was still very tough, and he did not compromise because of the reluctance of the boy in white.

"I know you are reluctant to let go, but I have my own problems, and you are already the king of a country. You can no longer behave like a child."

"And you must be responsible for your subjects. I hope you will be a good king who will be loved by your subjects!"

Gu Shaoyang patted the young man in white on the shoulder and solemnly stated his expectations for him. When the young man in white heard Gu Shaoyang's words, he felt very stressed.

After all, the population of a country is now weighing on him, and he must deal with it. They were responsible, and they had to consider the future development plans of the Bai Kingdom. He was busy every day and had little time for him to do things that made him happy.

Now he suddenly felt that leaving his eldest brother was the right choice. If his eldest brother is here, then he will definitely give him the king's position. He himself wants to go out and have a try and be a leisurely little king.

"Brother Gu, I understand what you said, and I will definitely try my best to do it!"

"By the way, let's pick up the key tomorrow. I just don't have anything to do tomorrow. I'll take you to get it and send you away. I have to deal with things."

The young man in white was thinking about tomorrow's arrangements silently, and Gu Shaoyang just nodded silently in agreement after hearing his arrangement.

At this time, on the other side, the mother of the young man in white went to his residence to check in person after learning about Bai Jing's departure. , it turned out that she felt very sad after Bai Jing really left the Bai Kingdom.

After Aunt Lan recovered her sight and voice, she once again stayed with the mother of the boy in white to take care of her. Now he is also beside the mother of the boy in white. A talkative assistant.

At the same time, Aunt Lan is now the eldest among the harem status maids. Because she is the eldest maid next to the Queen Mother and has also taken care of the king, everyone in the palace respects him very much.

Even the boy in white Whenever I see her, I will call her Auntie Lan. The reason why she is respected by everyone is because she really has a high position, and the second is because she is very gentle and fair in dealing with people.

So everyone is willing to make friends with her. Well, plus being friendly with her would allow her to say good things around the Queen Mother.

Chapter 1162

Therefore, there were many people around Aunt Lan who were fawning over her, and the only person the Queen Mother could take care of after Bai Jing left was her biological son, the king of Bai Kingdom.

The royal family generally pays more attention to the issue of heirs, so after the boy in white recovered, he was inevitably urged by his mother to get married and have children.

Gu Shaoyang also listened to his complaints every day, but could not help him.

As time passed, the time agreed by the boy in white and Gu Shaoyang to get the key had also arrived.

On this day, the boy in white put aside all his things and went to get the key with Gu Shaoyang.

"Brother Gu, let's have a good time together today before you leave. The day shouldn't be delayed too long."

Walking on the road, the young man in white said to Gu Shaoyang, and the young man in white was already like this. If Gu Shaoyang refused again, it seemed a little too cold and heartless, so he agreed.

"No problem, let's have a good drink today! Don't go home until you're drunk!"

Gu Shaoyang patted the shoulder of the young man in white, and the young man in white also nodded heavily.

Soon, the two people walked on the road and arrived at the location of the key.

Although Gu Shaoyang did not know the specific location of the key, Because he already had four keys, he could also sense the last key. Therefore, when he was about to reach the place, Gu Shaoyang became excited and wanted to quickly get what he had been thinking about for a long time.

"It's just ahead."

The young man in white who knew the specific place led Gu Shaoyang into a narrow place. The aisle inside could only accommodate one person, so the two people who originally walked side by side could only go one behind the other.

Gu Shaoyang followed the young man in white. They walked into a room a long time behind, but when they approached the room, after passing the narrow corridor, it was very spacious.

However, although the room was very spacious, it was also very empty, because there was nothing in it, even There were no furniture or cabinets.

Seeing this, Gu Shaoyang couldn't help but wonder: Where is the key? Why is there nothing in here?

Just when Gu Shaoyang's face was full of doubts and he was about to ask the boy in white, the boy in white was already moving towards Walking to a place, the destination was very clear.

After Gu Shaoyang saw his direction, he immediately followed him. Then he only saw the boy in white suddenly extending his hand to a wall, and then he only saw the originally very flat wall. Suddenly there was a needle in front of him.

And the needle pricked the finger of the boy in white directly. When Gu Shaoyang saw it, he immediately pulled the hand of the boy in white to check.

Because he didn't know whether the needle was It's poisonous, and although he needs the key, he absolutely can't let the boy in white risk his life just to give him the key.

"Don't worry, it's not poisonous, he just wants my blood to confirm my bloodline."

Seeing Gu Shaoyang's nervous look, the boy in white immediately comforted him, and Gu Shaoyang relaxed and let go of his hand after confirming that the boy in white was not poisoned.

"Just be fine."After letting go of the hand of the boy in white, Gu Shaoyang moved his sight again to the wall that had just protruded and then retracted.

After Gu Shaoyang, the boy in white waited for a while, he only heard the sound of machines moving in the room, and then They discovered that the wall behind them also protruded.

And on the protruding wall, there was a small square box, which seemed to contain the key that Gu Shaoyang was longing for.

When Gu Shaoyang saw the box After that, his eyes immediately began to glow with golden light, and the corners of his mouth could not help but rise.

"It's him!"When the boy in white saw the box that appeared behind the wall, he immediately said with certainty, because when he was a child, his father once took him to see it.

But when he saw it, it was this box, so now He was also very sure. After the boy in white finished speaking, he took the box off the wall and handed it to Gu Shaoyang. Taking the box from the boy in white, Gu Shaoyang immediately opened the box very carefully and looked at the contents inside. Key.

After he opened the box and saw the key inside, the smile on Gu Shaoyang's face could no longer be concealed.

"Ha ha ha ha! Finally found!"Holding the key, Gu Shaoyang kept murmuring, and the boy in white just giggled along with him when he saw Gu Shaoyang's appearance.

Although he knew that the value of this key was very precious, this was something he had already promised to Gu Shaoyang. Yes, so he is willing to give it to Gu Shaoyang now.

In addition, he originally promised to give Gu Shaoyang a lot of gold and silver, but now he doesn't want anything, and when helping him, he also did a lot of things beyond what they agreed. , and also took great care of the boy in white.

#### Chapter 1163

Just as Gu Shaoyang lit sparks in his hand and entered, he was also looking around to see if there were any dangerous animals, and he walked all the way to the deepest part of the cave.

As a result, he found that there were no animals in this cave with water, and there were no traces of animals living, which made people feel a little strange.

In such a mountain forest, it must be the most primitive world of the weak and the strong, so when the weak meet the strong, they will definitely escape quickly, and they will also look for a safe place where they can drink water.

This cave is a good choice, but Gu Shaoyang did not find animals here, and there were even traces of their lives.

Just when Gu Shaoyang's heart was full of doubts and he was too nervous to put the keys together in the cave, he walked out of the cave cautiously.

He suddenly saw animals in the forest outside the cave.

I saw two little ones outside the cave, with round ears, big eyes, a small pointed mouth, a thin and long tail, a very petite body, and distinct limbs and four fingers. I don't know what the name is. Two things are fighting outside the cave.

They seemed to be adults, but they looked very petite. When Gu Shaoyang was observing them, he suddenly heard a small roar.

Although he could hear the anger of the roarer, he was very curious as to what kind of animal it was that could make such a small sound.

Just when Gu Shaoyang was filled with curiosity, the two little things that had just fought immediately ran away, looking as if they were very afraid of the roar just now.

"These two little ears run pretty fast!"

Gu Shaoyang couldn't help but sigh when he saw the two little things running away so fast that they disappeared in an instant. Just as he was sighing, the roaring thing also appeared.

Gu Shaoyang relied on the stones of the cave to hide his body. He quietly hid in the dark to observe, and soon he saw a figure smaller than the little ears just now, and a small, jumping thing came into his sight.

Only He saw this thing holding up its front paws. It looked like a mouse, and its tail was supported on the ground like a kangaroo. It was like a miniature kangaroo.

Gu Shaoyang didn't know or see what it was. Something, so he thought of himself and gave him a name, called Jerboa.

This Jerboa didn't notice Gu Shaoyang hiding in the dark. It was only focused on the two little ears that had just fought. , as if they were its food.

The two little ears that had just fought immediately ran back to their nest after hearing the cry of the jerboa, and Gu Shaoyang only discovered at this time that because of their petite bodies Because of that.

So the places he can live are in very narrow places, either in very high places, or on the ground.

And the jumping mouse looking for small ears lives on the branches. It dug a hole on the branch, and it lived in the hole.

And because it lived very high, it jumped directly onto the branch to see if Little Ears and the others were hiding somewhere.

On the other side, Gu Shaoyang, who was hiding in the dark, was a little surprised when he saw such a small thing jumping onto the branch. At the same time, he felt in his heart that the jerboa he named this thing was simply worthy of its name, because It can really jump very high.

On the other side, Gu Shaoyang made some observations and confirmed that the small animals in the forest are all very petite. Normally, they would not come to such a large cave, and he felt relieved. Stay inside.

Now this cave belongs to Gu Shaoyang alone.

Soon, Gu Shaoyang walked into the depths of the cave. This time he did not turn on the fire, but directly smeared it and walked in, and then based on the touch of his body He took out the five keys and put them together.

Because Gu Shaoyang was worried that the light of the keys would cause unnecessary trouble, he implemented a layer of enchantment outside the cave so that it could be blocked.

Before he After making all the preparations, the keys were merged together, and the key in Gu Shaoyang's hand immediately emitted a very dazzling light after the merger.

Even Gu Shaoyang had covered his own eyes and was unable to resist it. Finally, after the light disappeared, all he saw when he opened his eyes was white light.

Finally, after waiting for a while, his eyes gradually recovered. After the keys were merged, a picture quickly appeared in Gu Shaoyang's mind. Map. The place this map points to is the Snake Clan where he first wandered here!

When Gu Shaoyang saw this place, he didn't know whether to be happy or worried.

Chapter 1164

Because although the place is a place he is very familiar with, it is because he is very familiar with it that after he goes to that place, it is inevitable that his whereabouts will be noticed.

It's not that he is afraid that they will know his whereabouts, but that he is worried that people he knows will know his whereabouts, and eventually someone will want to compete with him for the key, and then they will not know where he has gone.

Then those people are likely to take action against those who know his whereabouts.

It will be very difficult for him to deal with it by himself.

Speaking of joy, it is because when he goes to a place he is familiar with, he will be very familiar with the surrounding environment and places, and he can easily find treasures without having to find a guide.

And because there are people he knows somewhere, Gu Shaoyang can go to them for help when he encounters any trouble.

Just when Gu Shaoyang was thinking about the joys and sorrows of the location of the treasure, he had already put away all the keys.

Just now, he just temporarily merged them and it already caused quite a stir. If he completely refines them later, then the sensation will probably be even greater.

What it looked like at that time was something Gu Shaoyang didn't dare to imagine.

Soon, Gu Shaoyang put away the key and walked out of the cave.

Because of the commotion just now, many animals in the forest were frightened and hid in their nests.

Even the jerboa that was outside the cave where Gu Shaoyang was just now has disappeared.

Seeing that all the animals in the forest were hiding, Gu Shaoyang hurriedly left at this time, because when all the animals in the forest came out, he would attract their attention if he left.

If he fights with them again then, Gu Shaoyang will only waste more time.

Thinking like this, he quickly walked out of the forest. When the forest returned to its initial calm, the little animals cautiously came out to check the situation.

And there are more small animals that are very timid. They have been hiding in the nest, and they don't know how long it took before they cautiously poked their heads out.

On the other side of the road, Gu Shaoyang traveled lightly and soon arrived at an inn.

He started practicing after staying in the inn, because now his most important task is to improve his own cultivation and strength.

Because Gu Shaoyang was too persistent, he started to practice after entering the inn. At the beginning of the practice, he didn't eat, drink or sleep for several days.

His state made the innkeeper feel strange. He thought he was doing something shameful alone in the room.

However, Gu Shaoyang didn't pay attention to their looks, but after practicing for several days in a row, his strength did increase by leaps and bounds.

It's just that just when he was about to enter the next stage, he was unable to be promoted, and Gu Shaoyang was stuck for half a month.

He also stayed in the inn for half a month, and because he stayed in this stage for too long, he felt extremely irritable.

Just when Gu Shaoyang was in a very irritable mood that day, he rarely walked out of the room and walked on the street. While Gu Shaoyang was strolling, he suddenly heard someone talking about promotion.

Originally, Gu Shaoyang didn't take this matter to heart, because promotion was not an easy task, not to mention that now that he was at a high level, it would be even more difficult to enter the next higher stage.

But just when Gu Shaoyang didn't take this matter seriously, he suddenly saw that the group of people who were talking about being promoted were all very powerful, and one or two of them were even as strong as him.

After Gu Shaoyang discovered this, he became interested and couldn't help but move closer to them.

In the end, Gu Shaoyang stood aside quietly, listening to them discuss how to get promoted.

"If you want to advance to the next level, I think you can try it in the Devil's Forest. The monsters there are all very high-level. You just need to fight them and get their cores."

"When you have gathered enough cores, you can refine them, and you are guaranteed to increase your strength quickly!"

One person patted his chest and said with certainty to another person, while a person who was listening to that person's words felt that what he said was very simple, so he retorted.

"If promotion is as easy as you said, then how could there be so many of us stuck here and unable to move up?"

The man who spoke had a strong back and dark skin. Listening to the tone of his voice, Gu Shaoyang judged that he should be a very straightforward person, otherwise he would not have said it so directly.

And the man who spoke did not respond after being refuted. Angry, he just explained patiently, but his tone was a bit sarcastic.

Chapter 1165

"cut! Simple! With your ability, it's not even sure whether you can enter the Devil's Forest!"

The man who spoke was very high-spirited. He looked at the sturdy man up and down, and then continued.

"The Devil's Forest is divided into three levels. The further you go inside, the more powerful the magic of the monsters you encounter becomes. We use spiritual power, which is different from them. In addition, when we step into their territory, our abilities will be greatly reduced"

"And the reduced ability is the essence of your current strength that has been truly extracted! Therefore, the more powerful a person is after entering the Devil's Forest, the more essence he can extract, and the greater his hope of surviving in the Devil's Forest!"

Finally, when the sturdy man listened to this man's explanation, he couldn't help but frown. Now he stopped refuting what he said.

And when the man saw that he stopped talking, he ignored him. He turned around and continued talking to the person next to him.

Gu Shaoyang was listening quietly on the side, but his eyes were always paying attention to the sturdy man just now.

Because after listening to that man's words, although he frowned, but Gu Shaoyang saw desire in his eyes.

Therefore, Gu Shaolie concluded that this man would definitely go to the Devil's Forest, although he didn't know whether he went to the Devil's Forest to get promoted or because he wanted to get the experience in the Devil's Forest. Something.

But in general, he must have a plan, otherwise he wouldn't be struggling all the time.

And just after a long time passed, Gu Shaoyang saw the man with a strong back and a strong waist suddenly turned the man who was still explaining to the crowd. He pulled it out, and then said very solemnly

"Please tell me more details, Ma Xiaoer! I want to go to the Devil's Forest!"

After hearing what he said, Gu Shaoyang knew his name. After hearing Ma Xiaoer's words, the man who explained it was stunned for a moment, then let go of his hand and said

"Brother Ma, it's not that I won't tell you! But I know that there are only some things on the first level of the Devil's Forest, and I have never gone into the deeper levels!"

"And among the people who went in with me, I was the only one who finally came out safe and sound. Look at me, my strength is not weak compared to yours!"

"But I still relied on being rescued to get out, so with your strength, I still don't recommend you to go!"

"Even if you go, you may die!"

If the people in the Devil's Forest heard Ma Xiaoer say that he wanted to go, he would start to persuade him, hoping that he would give up his idea. As for going to the Devil's Forest, it would be better to just listen.

But Ma Xiaoer himself did not. Don't think so

"no! I must go to Devil's Forest! I am alone, even if something happens, nothing will happen. But I have a child, who was entrusted to me by my brother, but now the child is sick, and I need enough Warcraft Cores to save him!"

Ma Xiaoer's attitude was very resolute. People who had been to the Devil's Forest saw him like this, and after hearing what he said, they were silent for a while, and finally decided to tell him

"Okay, then I'll tell you, let you give it a try!"

If the people from the Devil's Forest told Ma Xiaoer directly on the spot, and Gu Shaoyang also listened, he would also know a lot about the Devil's Forest.

And Ma Xiaoer went to the Devil's Forest after listening. After what the people in the forest told him, he immediately started to set off, rushing towards the place where the Devil's Forest was, at a speed that was unacceptable to the people around him.

When Gu Shaoyang saw Ma Xiaoer leaving, he immediately followed in his footsteps

"Hey! brother? Let's get some company, I'll go to the Devil's Forest too!"

Gu Shaoyang took the initiative to talk to him. He actually didn't expect Ma Xiaoer to help him with anything.

It was just because he just heard Ma Xiaoer's reasons, so he felt that he was going to the Devil's Forest anyway. , he might as well help them.

It can be regarded as his doing good deeds and accumulating virtue.

However, Ma Xiaoer showed some indifference to Gu Shaoyang's initiative to talk to him: "Well, whatever."

Ma Xiaoer answered perfunctorily. It seemed that he didn't believe that Gu Shaoyang could help him in any way. Gu Shaoyang was not angry at Ma Xiaoer's answer.

He just walked side by side with Ma Xiaoer, heading towards the direction of the Devil's Forest.

Because Ma Xiaoer was too eager to save the child left behind by his friend, he kept driving without resting along the way. Gu Shaoyang tried to persuade him several times to let him rest for a while before driving on. But he didn't listen.

So a few days later, Ma Xiaoer suddenly fell to the ground while walking one day, and his body began to twitch, looking a little scary.

Fortunately, Gu Shaoyang was by his side at this time. When he saw this situation, he immediately treated him.

## Chapter 1166

After Gu Shaoyang's treatment, Ma Xiaoer's condition finally stabilized, but the subsequent impact was that he had to stay in bed for a few days to recover.

When Gu Shaoyang told Ma Xiaoer the news, his heart and body immediately showed resistance.

But even if he resisted, he couldn't change himself, because Ma Xiaoer was lying on the bed and tried to get up and move on, but he found that his own body was completely out of control.

And at this time, his body didn't feel at all, as if he was a disabled person.

After realizing this, Ma Xiaoer began to panic: "What's wrong with me! Why is this happening! Did I just drive for several days in a row! Why did it become like this!"

At this time! Ma Xiaoer was very excited, but in order to calm down his emotions, Gu Shaoyang could only speak as gently as possible.

"It is true that you just traveled for a few days in a row, but your body functions couldn't bear it, so you went on strike. And I have checked your current situation. It is only temporary, so you don't have to worry."

Gu Shaoyang explained gently, and Ma Xiaoer finally calmed down, but not long after he was quiet, he began to feel depressed again. He was lying on the simple little bed Gu Shaoyang made for him, except for his hands tightly He was holding the quilt tightly, gritting his teeth and frowning, but he could not move any other part of his body.

Seeing him like this, Gu Shaoyang seemed to still want to struggle to get up. His eyes were always staring in the direction of the Devil's Forest. It seemed that he He probably wanted to rush in and rush in.

But because of his own health, he could only lie on the bed.

Gu Shaoyang was squatting next to Ma Xiaoer, holding two round balls in Gu Shaoyang's hand. The round roller was a roller bed he made specially for Ma Xiaoer.

He and Ma Xiaoer set out towards the Devil's Forest, so he naturally knew his purpose, so he would help him, so he specially made a roller bed for him. The bed is just to push him forward.

Although this will slow down the speed of both of them, it is much better than two people just waiting in place.

Soon, the rolling bed made by Gu Shaoyang for Ma Xiaoer After the installation was completed, after he moved Ma Xiaoer to the rolling bed, he pushed him and continued towards the Devil's Forest. After

Ma Xiaoer, who was lying on the bed, found that he was moving, he looked around with his peripheral vision. As a result, he found Gu Shaoyang pushing him and saying^\_^Forward.

Seeing this, Ma Xiaoer couldn't help but feel a little moved in his heart:"Thank you, little brother."

Although Gu Shaoyang and Ma Xiaoer have been getting along for a long time, because Ma Xiaoer has always only been on the road, so he and Gu Shaoyang There was little conversation, so he didn't even know Gu Shaoyang's name.

At this time, Gu Shaoyang was able to introduce himself:"My name is Gu Shaoyang. You should look older than me. I will call you eldest brother, and you can call me little brother."

Gu Shaoyang pushed Ma Xiaoer and continued forward. And he kept pushing like this for several days.

Finally, after Ma Xiaoer himself experienced being taken care of by Gu Shaoyang for so many days, he was very grateful to Gu Shaoyang for his sincere help, and his own body finally recovered.

At first, he could barely walk with Gu Shaoyang's help. Finally, after his own unremitting efforts and Gu Shaoyang's help, his body finally recovered as before.

However, after recovering this time, Ma Xiaoer no longer dared to disobey Gu Shaoyang and keep consuming his own body.

Now the two of them are heading towards the Devil's Forest together, but they will set a time limit for their journey. Whenever a certain time is reached, they will stop and take a rest before getting back on the road.

Although their rest time is not long each time, fortunately it can relax the body

"Judging from the footprints here, we should be almost there."

Huang Tian paid off. After Gu Shaoyang and Ma Xiaoer walked through several houses for half a month, they finally arrived at the border of the Devil's Forest.

Because Gu Shaoyang discovered more monsters nearby. The footprints on the ground were very messy, and it looked like there was a riot within them.

And after the two of them came close to the border of the Devil's Forest, they seemed to be extra careful when they continued to move forward. After all, they heard before From what the person who had been to the Devil's Forest told them, they knew that the Devil's Forest was not a good place. They had to be careful! Be careful! Be more careful! Only in this way can they survive!

"Be careful, I think something happened here just now."

Gu Shaoyang pointed to the footprints on the ground and said to Ma Xiaoer, and Ma Xiaoer looked along where Gu Shaoyang pointed, and then nodded heavily at him to show that he understood.

The two of them were so careful. Enter.

Chapter 1167

After taking only two steps, they saw a boundary line, which should be the dividing line between the Devil's Forest and the human world.

Now outside the boundary line of the Devil's Forest, Ma Xiaoer and Gu Shaoyang looked at each other, and finally nodded heavily towards each other, before the two of them stepped inside together.

When the two of them stepped into the area belonging to the Devil's Forest, they could clearly feel the demonic energy of the attached Devil's Forest.

The demonic energy in the Devil's Forest and the spiritual power in their bodies are also colliding with each other. It seems that both of them want to occupy their bodies, but in the end neither one will let the other.

The ones suffering are the owners of the body, namely Gu Shaoyang and Ma Xiaoer.

And just when both of them were feeling very uncomfortable, Ma Xiaoer still wanted to rush inside, catch a monster, and get its core as soon as possible.

But Gu Shaoyang didn't think so.

He felt that both of them had just stepped into a new place. Although they were good outside the Devil's Forest, now looking inside the Devil's Forest, they were like newly born babies.

Now they simply don't have the strength to compete with the Warcraft, so if they are eager to find the Warcraft now, they are undoubtedly going to die, so Gu Shaoyang stopped him with two horses and a waiter.

"Brother Ma! Now we must find a safe place without magical beasts to cultivate temporarily, and wait until we neutralize the demonic energy and spiritual energy in the body as much as possible before taking action."

"Otherwise, if we take action against the monsters now, it will only break the balance of the two qi in our bodies. When the time comes, we will disrupt them, and it will be ourselves who will suffer."

Gu Shaoyang analyzed it carefully and with reason. After listening to Gu Shaoyang's words and thinking about it for a while, the persistent Ma Xiaoer finally stopped and agreed with his reasoning.

So then the two people hurriedly took advantage of them while they were still alive. When they were able to walk with strength, they kept looking for a safe place nearby. In the end, they were lucky and soon found a cliff. The bottom of the cliff was covered with flowers and plants, but there was a depression inside, which was just big enough. The two of them found shelter.

So they found a very strong rattan, tied it to a tree, and finally hung it so that they could slowly fall into the depression of the cliff.

And when they After successfully landing in the depression of the cliff, Gu Shaoyang directly cut off the vines that they had tied carefully, leaving only a small section in their hands.

And the only such small section was finally directly tied by Gu Shaoyang Throw it into the cliff.

Ma Xiaoer who was standing by was stunned when he saw Gu Shaoyang's actions. He didn't know why Gu Shaoyang did this. He even wanted to go up and find another cane.

But in the end he found that when he When he wanted to rely on his own ability to climb up the cliff, he himself had a fight between his spiritual energy and demonic energy due to physical reasons, and he could not climb up at all.

So in the end, Ma Xiaoer had to return to the cliff cleanly, and then He quickly sat down cross-legged to adjust his body.

On the other side, the smart Gu Shaoyang started to adjust his body as early as when he came to the cliff, so his face was obviously better than Ma Xiaoer's, and because Gu Shaoyang's strength was originally better than Ma Xiaoer's. Ma Xiaoer is better.

So Gu Shaoyang returned to normal after practicing alone for a while, and he was able to breathe normally in the Devil's Forest, but he just didn't know the spiritual power he used when facing danger. Is the effect still the same as when he was outside?

After generally recovering, Gu Shaoyang looked at Ma Xiaoer next to him who was still conditioning his body, and he had nothing to do, so Gu Shaoyang simply continued to meditate.

At this time, Gu Shaoyang refined some of the demonic energy in his body while meditating. Although his own spiritual power and demonic energy were very resistant.

But after his unremitting efforts, he finally His physical strength caught a stream of demonic energy, and finally he refined the captured demonic energy. The first time Gu Shaoyang refined it, it took him half an hour.

But in the second refining At that time, Gu Shaoyang's time was shortened by ten minutes. Finally, as he went back and forth, the time required for Gu Shaoyang to refine the demonic energy became shorter and shorter. Gu Shaoyang even felt that the demonic energy was not enough.

At this time, Gu Shaoyang could already function normally. Absorbing demonic energy, his strength is now twice that of people at the same level, because he now has two abilities in his body.

And when Gu Shaoyang stepped into the World of Warcraft Forest, although his original strength was suppressed to the essence part, but the rest has not disappeared, so now Gu Shaoyang has two different spiritual powers.

This can actually be considered a good thing for him.

#### Chapter 1168

After Gu Shaoyang was able to successfully refine the demonic energy, Ma Xiaoer, who was traveling with him, was not far behind. Although he did not have Gu Shaoyang's guidance, he still relied on himself to refine some of the demonic energy in his body.

It's just that Gu Shaoyang has refined all the demonic energy in his body, so his own strength has greatly increased. However, Ma Xiaoer is a little weak due to his previous health problems, so he seems to be a little weak when refining.

This also resulted in him not being able to refine all the demonic energy in his body, but even so, he was very satisfied.

When Gu Shaoyang saw his current situation, he asked him to refine the demonic energy in his body before they left, but Ma Xiaoer was stubborn and unwilling to refine it again in order to rush for time.

Because his attitude was very resolute and strong, Gu Shaoyang couldn't say anything else. After all, the choice was in his own hands. He had said everything he needed to persuade, and the rest could also rely on his own choice.

Gu Shaoyang thought silently in his heart, and finally could only follow Ma Xiaoer towards the third floor of the Devil's Forest.

Walking on the road, because they have been able to freely absorb the demonic energy in the Devil's Forest, they now have no difficulty in traveling, and their speed has increased a lot.

As they walked, they were a little disappointed, because they didn't see a single monster in the Devil's Forest on the third level, and just when they were about to walk towards the Devil's Forest on the second level.

Suddenly a person appeared in front of them, and this person was dirty. It looked like he had been in the Devil's Forest for a while.

However, when he saw Gu Shaoyang and Ma Xiaoer, it was as if he saw a life-saving straw, and he immediately reached out to them, trying to catch them.

But in the end, this person fell down before walking into them.

When the person walking towards them fell down, Gu Shaoyang and Ma Xiaoer immediately stepped forward to help him up from the ground. Gu Shaoyang also took out the rolling bed prepared directly for Ma Xiaoer from his space ring.

In the end, the two of them placed the fainted man directly on the rolling bed, and then pushed him towards their goal.

Because Gu Shaoyang knew some medical skills and they were in the Warcraft Forest now, he did not dare to leave the people they rescued casually on the roadside.

So he simply pushed him forward, and after Gu Shaoyang and Ma Xiaoer took turns pushing him for two days, the fainted man finally woke up from his coma.

But when he saw that he was now in the World of Warcraft Forest, he started running around like crazy. He looked like he was afraid of something in the World of Warcraft Forest.

Gu Shaoyang and Ma Xiaoer, who didn't know why, saw the man they rescued like this, so they quickly caught him and sealed his mouth.

Because he is very easy to provoke groups of monsters like this. Although he has refined the magic energy, they still don't know much about the strength of monsters in the monster forest.

So now if they rashly attract more World of Warcraft here, they will probably be very difficult to deal with, and now they still have a bottleneck.

Therefore, the situation will definitely get worse, so Gu Shaoyang and Ma Xiaoer can only resort to this strategy, temporarily aggrieved by the people they rescued.

Soon, Gu Shaoyang and Ma Xiaoer took the person they rescued directly away from where they were just now, and the two of them didn't go too far after leaving.

Because they still need to observe secretly to see if the sound of the person they just rescued has attracted the Warcraft.

In the end, they were saved by them. After the person who had just made the sound was knocked unconscious, the two of them squatted in the dark. Finally, they discovered the Warcraft.

These monsters seemed to be looking for the sound, but after they came to the area and turned around, they found nothing, so they prepared to leave.

But after entering the Devil's Forest, Gu Shaoyang and Ma Xiaoer had never made a move, and now that they had discovered the traces of the monsters, how could they give up.

I saw that Gu Shaoyang and Ma Xiaotwen had a tacit understanding, and they unanimously took action when the monster turned around and was about to leave the place.

Gu Shaoyang jumped up and directly picked up a monster by the neck, and then threw him to the ground. After being thrown to the ground, the monster was confused for a while.

And when he was about to recover, Gu Shaoyang's fist hit him again, which caused the monster, which finally regained some consciousness, to completely faint.

Ma Xiaoer on the other side immediately strangled the monster's neck after catching him. The monster couldn't speak after its throat was locked, and it could only wave its claws randomly to beg for mercy.

Chapter 1169

But the reason why Gu Shaoyang and Ma Xiaoer came here is to want their core, so how could they let them go!

When they caught the magical beast in their hands, Gu Shaoyang and Ma Xiaoer did not dare to let go easily, because they did not know the magical beast's abilities and were afraid of being attacked by them.

So they carefully released them after fighting with the Warcraft for a long time, and the Warcraft, which was finally free, was already angry when it was imprisoned before.

So now after they were finally released, they could no longer hold back and rushed directly towards the person who had just imprisoned them and prevented them from moving. Gu Shaoyang and Ma Xiaoer immediately began to run away.

First, Gu Shaoyang wanted to see how fast the third-level monsters in the monster forest could run when they were angry.

Secondly, he just wanted to know what kind of things these monsters would do when they were very angry.

Thirdly, he wanted to see if the third-level monsters would be able to tremble with him after he let them go, and if he himself could adapt to fighting them in the world of monsters.

After all, there are still two different qi in his body. Even if one of them is refined, its essence cannot be changed.

Gu Shaoyang had such a wishful thinking in mind, and after he released the Warcraft before fighting with them, Gu Shaoyang also discovered that although the Warcraft was powerful, it was still slightly inferior to him and Ma Xiaoer.

The reason why he and Ma Xiaoer were able to gain the upper hand was probably because they had refined the demonic energy in their bodies when they first came in.

That's why they are like this now, and the person they rescued, Gu Shaoyang and Ma Xiaoer, seemed to think that two qi in his body were turbulent, causing him to be unconscious now.

And he may need someone to help him unblock his meridians now, otherwise he is likely to die suddenly!

But now Gu Shaoyang and Ma Xiaoer are busy dealing with the monsters, so they don't have time for the time being, and the breath of the person they left aside is getting weaker and weaker, and it seems that he will hold his breath at any time.

Gu Shaoyang discovered this when he was fighting the monster, and his strength was already more than enough to deal with the monster, so he made a quick decision and quickly slashed the monster in the middle with his sword, splitting the monster into two.

After the Warcraft's body was divided into two parts, the aura on his body still existed, so he saw his whole body falling to the ground and twisting continuously, and the blood also seeped into the ground and was sucked by the surrounding flowers and plants.

Soon the blood of the monster was drained out, and it lost its breath in struggle and pain.

After Gu Shaoyang cut the monster in half, he came directly to the person they needed to help clear their aura.

Gu Shaoyang sat cross-legged with him, and then slowly entered the man's body through his own internal force, and then followed his meridians to help him clear the blocked breath.

In the end, Gu Shaoyang finally found his blocked breath along his meridians, and the two breaths were fighting in his body, refusing to give in to each other.

When Gu Shaoyang came forward, the two auras were finally able to figure it out. However, Gu Shaoyang spent a lot of effort to help this man and save his life.

Because clearing the meridians is a very laborious task, and Gu Shaoyang is still in the Devil's Forest to clear the meridians for him, and Gu Shaoyang also needs to combine the two auras into one to help him fuse.

So by going back and forth like this, Gu Shaoyang has refined his spiritual power and demonic energy twice.

Although it was very laborious to refine two different breaths, Gu Shaoyang also gained something from it. For example, he felt more comfortable in the Devil's Forest and his breathing became much smoother.

"Okay, he's fine. Why don't we put him in a tree and wait for him to wake up and leave on his own."

Ma Xiaoer looked at the unconscious man and said to Gu Shaoyang. After hearing Ma Xiaoer's words, Gu Shaoyang looked at the unconscious man lying on the rolling bed.

Then he looked at the man next to him. Ma Xiaoer, eventually he will look away and start thinking

"no! Your method may cause him to be picked up by a monster again. We are now on the third floor and have not yet entered the inner perimeter. We can still handle the monsters outside with ease."

"So just take him with you while you are out here. When he wakes up, let him leave if he wants to go. If you are willing to come with us, then you might as well get some company."

Gu Shaoyang said to Ma Xiaoer, and Gu Shaoyang has already said this, so he can't say anything else. After all, he has now seen that Gu Shaoyang is stronger than him, and it is impossible for him to drive Gu Shaoyang away.

Moreover, this is a world where the weak and the strong prey on each other. Although they want to help him, they will inevitably be unable to do so.

Chapter 1170

"Then take him with you."

After agreeing, Gu Shaoyang and Ma Xiaoer continued on the road, and before Gu Shaoyang also went on the road, he took out the essence, that is, the core, from the body of the monster that he had just chopped off. After he got the core, he cleaned it up. , and continued to move forward.

The corpses of the monsters they had cleaned up were also thrown in place, because these dead monsters would be eaten by other monsters in the end, so Gu Shaoyang and Ma Xiaoer did not need to Bury him.

Soon, Gu Shaoyang and Ma Xiaoer pushed the person on the rolling bed to a new place. Here, when Gu Shaoyang and Ma Xiaoer were still close, they heard a very harsh and anxious cry.

And The voice seemed to be a little hoarse, and they didn't know what happened to the thing that made the cry.

Just when Gu Shaoyang and Ma Xiaoer were curious, they put down the pusher of the rolling bed, and then came quietly. They arrived near the cry.

In the end, the two of them discovered that the cry was a small monster. There was an eggshell next to it. It seemed that it had just been born.

But it was right next to the eggshell. There is also a big monster. He is staring at the newly born monster. The little monster is not his opponent, so he can only keep running.

Although the little monster is very immature and cannot defeat the old monster, fortunately he It's just that he is petite.

Because his body is relatively petite, and the old monster is strong and bulky, so when the little monster hides in a small corner, the old monster has no way to catch him.

So Gu Shaoyang Only Ma Xiaoer and Ma Xiaoer could hear the pitiful and harsh screams of the little monster.

"Why did this little monster stay alone after it emerged from its shell? Where is his mother? And he screamed so loudly and miserably, why didn't his mother come?"

Ma Xiaoer has a very straightforward personality, and he is also a compassionate person, so when he saw the little monster being so pitiful, he couldn't help but sigh silently.

And if Gu Shaoyang hadn't pulled him, he would have already rushed up. Save the little monster

"Why are you holding me back? If we don't save the little monster, this little thing that has just been born and just opened its eyes to see the world will be eaten by that old thing!

Ma Xiaoer was holding Gu Shaoyang's hand tightly. He was also a little anxious, but Gu Shaoyang was very calm.

"Don't worry, the old monster can't hurt little things yet, and look!"

I saw Gu Shaoyang carefully pointing a finger at a place, and Ma Xiaoer looked along where Gu Shaoyang pointed, and sure enough he saw a huge body.

But this body had fallen to the ground, and carefully If you look at it, it is not difficult to see that the huge body that has fallen to the ground is the little thing's mother.

And the reason why the little thing screams so tragically is probably because his mother was bitten to death by the huge thing in front of him.

"This old monster is too much!"Ma Xiaoer clenched his fists tightly and looked at the old monster with anger in his eyes. After seeing this, Gu Shaoyang was afraid that he would act impulsively, so he directly pulled him to the ground and lay on his back.

"Don't get excited, we will deal with him later, but I don't worry, he is not acting alone, he may have accomplices!"

Gu Shaoyang told Ma Xiaoer his own conjecture, but the impulsive Ma Xiaoer felt that Warcraft did not have the same intelligence as humans. It knew how to act in a group without telling it, and it also knew how to hide it.

They were all observing here. After a long time, it turned out that only the old monster was always there to threaten the little thing. So Ma Xiaoer didn't listen to Gu Shaoyang's words and directly threw away his hand. He jumped up and kicked the old monster in the face.

And The old monster who was suddenly attacked was completely caught off guard. Before he could react, his body had already fallen to the ground due to inertia.

Ma Xiaoer, who went out to clean up the old monster, did the first thing after beating the old monster. The thing was to quickly rescue the little thing who was threatened by the old monster from the gap in the tree.

After the little thing saw someone cleaning up the old thing, and Ma Xiaoer extended a kind hand to him, he jumped directly to him Gu Shaoyang , who was hiding in the dark, saw Ma Xiaoer's finger

being held by the little thing he rescued, so he immediately jumped out and took Ma Xiaoer's hand into his hand. The little thing was caught.

And Gu Shaoyang's movements were so fast that the little thing and the old monster didn't react at all.

Moreover, after Gu Shaoyang caught the little thing, he directly pinched his mouth, and then Gu Shaoyang only saw the little thing. The thing's mouth actually had very sharp fangs under the sunlight.

If he guessed correctly, the little thing just wanted to attack Ma Xiaoer, and if he was bitten.
