

Attributes 1201

Chapter 1201

At this time, the leader of the Warcraft group was still feeling his chest heaving due to anger, his face was flushed, and his voice was a little broken due to anger: "What! This is so ridiculous! Brat, just have your dream.

"After that, he kept struggling. I don't know what material this fatal rope was made of. The more he struggled, the tighter the rope became.

He struggled for a while and was exhausted, and the rope was so tight that he could hardly breathe.

Gu Shaoyang looked at the leader of the Warcraft clan, twisting and turning like a maggot, and then stopped moving again. He went up and punched him with 80% of his strength.

He grabbed the ear of the leader of the Warcraft tribe and shouted loudly: "I said I want you to sign a contract with him and make you his partner of Warcraft. Do you hear me clearly now?" The leader of the Warcraft tribe bared his teeth and said fiercely: "Bah, I won't agree to that."

"Oh, don't agree? Then I'll beat you until you agree"

"Fight as long as you want, I won't give in."

A few rounds later, the leader of the Warcraft Tribe had no dignity at this moment. His face was bruised and his eyes were swollen, and he was breathing cold air hissingly.

Gu Shaoyang shook his sore arm, put it on his waist and asked: "Say, do you agree or not?"

"Of course I don't...."

Gu Shaoyang raised his hand to wipe the sweat from his forehead, which made the Warcraft leader twitch in fear.

Gu Shaoyang intercepted what he was saying, raised his foot to step on his face, raised his eyebrows and threatened: "I advise you to think carefully before you speak, after all, this is not harmful to you." The leader of the Warcraft tribe swallowed. I was frothing at the mouth and was stamped on my face by him, and I was so angry that I cursed in my heart.

There is no harm in letting out a stinky fart. The dignified leader of the Warcraft clan signed a contract with humans and became his Warcraft partner. If the word spreads, others will not laugh out loud when they hear it.

The leader of the Warcraft clan took a few breaths and struggled mentally, and finally reluctantly said: "I...I promise you, just put your feet down first. I'm going to be strangled to death by this rope. It's not enough to tie me up with the rope, but they also have to step on my face with their feet to humiliate me."

"If you are sensible, it would have been better if you had done this earlier. Why waste so much time and energy and not agree to it in the end?"

When Gu Shaoyang heard the answer, he clapped his hands, took his feet back with satisfaction, and signaled Pangpang with his eyes.

Then Pangpang bit his finger directly, and then put it on the forehead of the leader of the Warcraft clan. In an instant, The blood flowing out of the fat fingers was absorbed by the leader of the Warcraft group.

After absorbing the blood, a red blood mark was left on the forehead of the leader of the Warcraft group. It was very dazzling and would emit a golden light under the sun.

And maybe It's because Pangpang has become a demon, so after the leader of the Warcraft clan made a contract with Pangpang, his own strength immediately increased greatly. Pangpang also felt that he was instantly stronger. After the contract, he felt Suddenly, there were many maps of the Devil's Forest in his mind. Every place was very clear, and there were some things in the Devil's Forest that were also very clear.

But because Pangpang had just made a contract, the things that entered his mind were very clear. It was too much, and he couldn't consume some of it, so he temporarily stopped thinking and closed his eyes.

"How about it?" Seeing Fatty frowning slightly and closing his eyes, Gu Shaoyang immediately stepped forward to ask. When Fatty opened his eyes again, what he saw was Gu Shaoyang's enlarged face.

"Brother Gu, it's okay. I just suddenly made a contract and had a lot of things in my mind. I just need to rest for a while."

Pangpang opened his eyes and his eyes were still a little blurry. Gu Shaoyang saw that he was a little uncomfortable, so he helped him sit down. The leader of the Warcraft group also lost his anger after being contracted by Pangpang. After Pangpang felt when he felt unwell, he himself felt a little unhappy.

"Then you should take a rest first. If you have anything else to do, wait until you have rested before we talk about it."

After that, Gu Shaoyang asked Pangpang to lie down. After Pangpang lay down, Gu Shaoyang went out with the leader of the Warcraft clan. But when he opened the door, Gu Shaoyang was really shocked by the sight in front of him.

At this time, there was a large group of Warcraft outside the door of the room where Pangpang was staying. They were all standing at the door very orderly and very quietly. Just when Gu Shaoyang and the leader of the Warcraft group went out together, they also asked the leader of the Warcraft group. He did not salute again, but his attitude was still respectful.

When Gu Shaoyang saw the scene in front of him, he subconsciously wanted to defend himself, but he was patted on the shoulder by the leader of the Warcraft clan standing next to him.

"You don't have to worry, they won't hurt you anymore. Doubt, I am no longer the leader of the Warcraft clan. From now on, your friends will be the masters of our Warcraft clan."

"Now they come here to meet the new owner, and we will protect him for generations to come."

Gu Shaoyang didn't quite understand what the former leader of the Warcraft clan said, because he was forced into a contract.

Chapter 1202

But now the former leader of the Warcraft clan actually took the initiative to say that he would protect Pangpang for generations to come, so this made Gu Shaoyang feel very strange and confused.

The former leader of the Warcraft clan next to Gu Shaoyang stood beside Gu Shaoyang after seeing his confused expression, and then explained calmly.

"We have been waiting for a person who can make a contract with me, and after making a contract, he will be able to make me surrender inexplicably, and let the entire Warcraft clan feel the people gathered together."

"But I have been waiting here for hundreds of years! For such a long time, the master is the first person who can fulfill these requirements, so he is the person we have been looking for and need to be protected from generation to generation!"

The former leader of the Warcraft tribe suddenly realized it after he explained it to Gu Shaoyang. At the same time, Gu Shaoyang also felt that this might be fate.

It was God who allowed him to meet Pangpang, and then brought him to a contract and found a place that suited him. He also allowed these Warcraft finally found their master

"So do you have anything in Warcraft that can help people advance faster?"

After understanding the curious things, Gu Shaoyang began to worry about his own affairs. It has been more than a month since he entered the Devil's Forest, and the longer time passes, the longer it will take for him to find the treasure.

So wait After Pangpang wakes up, he must leave quickly, otherwise the longer the delay is, the easier it will be to expose the five keys on him.

"There is a mountain spring lake in the Devil's Forest. Although it is surrounded by demonic energy in the Devil's Forest, it is full of spiritual power and is extremely pure!"

"So if you want to practice, you might as well give Shanquan Lake a try."

The former leader of the Warcraft clan drew a map for Gu Shaoyang and handed it to him. With the map he gave Gu Shaoyang, he was ready to set off, but he was stopped after he set off.

"etc! You can't get in by yourself! Because the spiritual power and demonic energy in your body are in a balanced state, if you want to enter the mountain spring lake, you will absorb more demonic energy."

"When you enter Shanquan Lake, the two auras in your body will be too chaotic, and it will be impossible for you to enter by then, so you should wait until the master wakes up to help you enter together."

The former leader of the Warcraft tribe kindly tried to persuade him, but Gu Shaoyang couldn't hold it anymore after hearing the introduction from the former leader of the Warcraft tribe. However, he was worried that the same thing as Pangpang would happen to him, so he had no choice but to give up. In the end, Gu Shaoyang waited outside for Pangpang to wake up, and Pangpang fell asleep for the whole day. When he woke up, it was already three o'clock in the morning.

"You can do it! Now if you have nothing to do, hurry up and go somewhere with me!"

Pangpang who had just woken up from his sleep should have been in a state of confusion, but he was quickly pulled away by Gu Shaoyang without saying a word, and just when they were about to reach Shanquan Lake, there was someone beside them. Suddenly there was a lot of black demonic energy.

When Gu Shaoyang was surrounded by these black demonic energies, he immediately held his breath and concentrated, trying not to let him absorb the demonic energy. Pangpang looked like he was hungry when he encountered these demonic energies. After looking at the big man for several days, all the demonic energy surrounding them was absorbed by Pangpang.

After no longer being surrounded by the demonic energy, Gu Shaoyang finally saw the appearance of the mountain spring lake clearly.

Only this mountain spring could be seen. The area of the lake is extremely small, and can only accommodate one person, and spiritual energy is constantly rising above it. Especially after the surrounding demonic energy is absorbed, the spiritual energy of Shanquan Lake becomes more and more intense tomorrow morning.

"Brother Gu, please go in quickly to prevent the demonic energy from coming again later. I will also take advantage of this moment to practice for a while."

Because Pangpang couldn't absorb spiritual energy, he asked Gu Shaoyang to go into Shanquan Lake. Pangpang went directly to the side of Shanquan Lake, and then began to practice the demonic energy he had just absorbed.

Gu Shaoyang began to practice after entering Shanquan Lake. , the spiritual energy in the mountain spring lake is also very pure, and it has a miraculous effect on some wounds on Gu Shaoyang's body, as if his body has never suffered any wounds. Soaking in the mountain spring lake, Gu Shaoyang finally practiced with peace of mind for a month and a half, and finally There is no need to worry about being attacked by monsters or things in the Devil's Forest when practicing.

Gu Shaoyang has absorbed enough spiritual power to practice while staying in the mountain spring lake. Although he is still in the Devil's Forest, his true strength has also He was suppressed a lot, but he could still clearly feel that his strength had improved a lot.

Before he entered the Devil's Forest, one was in the sky and the other was on the ground.

Although Gu Shaoyang was promoted quickly in the Devil's Forest, but This didn't last long either.

Chapter 1203

Staying in the mountain spring lake, Gu Shaoyang directly soaked himself in the water and held his breath, constantly absorbing the rich spiritual power from the mountain spring lake. It was not until he stayed in the mountain spring lake for several hours that he stood up.

The reason why Gu Shaoyang stopped practicing was because when he was practicing in Shanquan Lake, he discovered that the rich spiritual power that originally lingered above Shanquan Lake was very little left after he absorbed it.

And he continued to practice by absorbing spiritual power, but the speed of the spiritual power of Shanquan Lake could not catch up with the speed of his absorption, so it was undoubtedly a waste of time for him to continue to practice in Shanquan Lake.

Therefore, Gu Shaoyang simply stood up from the mountain spring lake and prepared to leave.

Pangpang, who was staying on the shore, noticed a noise around him and a change in his breath. After that, he put away his energy and opened his eyes.

"Brother Gu, what's wrong with you?"

When Pangpang saw Gu Shaoyang, he stood up and used his inner strength to dry his own clothes, then walked onto the shore and walked towards him.

"It's no big deal, just continuing to practice here can no longer satisfy me, so it's time for me to leave."

Gu Shaoyang looked at Pangpang with some complicated emotions. Pangpang's brows immediately drooped after hearing Gu Shaoyang's words.

"Walk? So fast! I have just taken over as the master of Devil's Forest! Don't you want to continue playing here?"

Pangpang was a little excited as he spoke, but Gu Shaoyang's expression remained unchanged, and his mood slowly returned from complicated to calm.

"There is always a banquet in the world. After we say goodbye this time, we will eventually meet again if we are destined to do so!"

Gu Shaoyang understands Pangpang's reluctance, but he also believes in fate, not to mention that he has more important things waiting for him to do.

So now is not the time to care about these feelings. Gu Shaoyang thinks about this and talks to Pangpang. Returned to the Warcraft Clan from Shanquan Lake.

After Pangpang became the master of the Warcraft Clan, the place where the former leader of the Warcraft Clan lived became the place where Pangpang lived, so the two of them reminisced about the past at Pangpang's residence.

Pangpang He specially asked the Warcraft guards to bring good wine and food, and planned to have a dinner with Gu Shaoyang to say goodbye to him. However, the two of them had been in the Devil's Forest for so long, and they had never had a good meal. They have always eaten when they had it, and were hungry if they didn't have it, or they chose to drink some water.

But now they finally drink and eat meat with big mouths, and finally no longer have to worry about being chased and bullied by monsters. This kind of life makes them The two of them felt extremely happy.

While drinking, the two of them also became a bit more generous.

"Brother Gu! I don't know when we will see each other again, but! No matter where you go, as long as you come back, come to Devil's Forest! I will always be your good brother, and I will always be waiting for you with good wine and good food!"

Pangpang was already a little drunk, and sensational words started to come out of his mouth. Gu Shaoyang looked at him swaying and felt inexplicably funny, but at the same time he felt very warm in his heart.

"OK! Pangpang, I'll be back when I finish my own business!"

The night came quietly while the two were chatting happily, and the two people who finally relaxed chatted directly from day to night, and from night to day.

After waiting for Gu Shaoyang and Pangpang to have nothing to talk about, they Then they let each other go, and Gu Shaoyang and Pangpang went to bed to rest. But just after Gu Shaoyang went to bed to rest, Pangpang, who was already lying on the bed, suddenly got up and walked outside.

"You gather all the monsters from the whole family, and then form two rows until they leave the first level of the Devil's Forest. When Brother Gu wakes up, they all bid farewell to him!"

"In addition, you pass the message to the monsters on the second and third floors in your Devil's Forest, asking them to be respectful when they meet Brother Gu and never attack him! You must send him off in a pleasant manner, do you understand?"

It turned out that Pangpang who suddenly got up suppressed his sleepiness, and then got up to arrange the scene for Gu Shaoyang's departure. He wanted to give Gu Shaoyang an unforgettable farewell ceremony. The

Warcraft guards outside the door took action immediately after receiving Pangpang's instructions, and soon the Devil's Forest All the monsters on the first floor came in front of Pangpang and lined up in two rows in a very orderly manner.

After seeing their neat formation, Pangpang nodded with satisfaction, then left with confidence and returned. He went to his bed to rest.

The next day, after Gu Shaoyang woke up, he planned to leave quietly without notifying anyone as before. But this time when he went out, he suddenly saw a mighty, long-looking The endless team of Warcraft.

After the Warcraft saw Gu Shaoyang, they immediately said respectfully:"Farewell to Brother Gu! Welcome Brother Gu to come again next time!"

Suddenly, the monsters standing on both sides of the road spoke together, with great momentum and loud voices.

Chapter 1204

After Gu Shaoyang heard the very neat voices of the monsters, he couldn't help but be startled, which somewhat surprised him.

What shocked him even more was that he had no idea what the arrangement was. Just when Gu Shaoyang was still immersed in shock and unable to recover, Pangpang, who was sleeping soundly in the room, was awakened by the sounds of the monsters.

After waking up, Pangpang immediately stood up after hearing what the monsters said and ran towards the source of the sound. Finally, he saw Gu Shaoyang holding the package and preparing to leave.

"Brother Gu! Are you planning to leave without saying goodbye?"

Pangpang originally prepared a farewell ceremony for Gu Shaoyang, but he never expected that the simple farewell ceremony he prepared would just happen to catch Gu Shaoyang who was about to leave without saying goodbye.

After being caught, Gu Shaoyang couldn't help but feel a little Awkward

"Uh-huh... No, I just feel like parting is too uncomfortable, so I still want to disappear quietly."

Gu Shaoyang spoke very quietly this time, and his momentum was obviously lacking. Pangpang's sensitive ears also heard what Gu Shaoyang said, but he was not angry that his team, Gu Shaoyang, was about to leave without saying goodbye.

"fine! Since you are leaving, I will send you off. Even though parting is painful and sad, it is not a separation of life and death, so we will meet again if we are destined!"

"Brother Gu! I hope you have a smooth trip! I'll be waiting for you in the Devil's Forest! Come back to me after you've finished the matter!"

Pangpang stretched out his hand and patted Gu Shaoyang's shoulder. Gu Shaoyang was also a little moved. He wanted to open his lips several times and say something, but in the end he choked and said nothing. He just reached out and patted Pangpang's shoulder in the same way. Shoulders.

Maybe separation is painful and there are many words to say, but in the end the two hug each other and can feel each other's sympathy and reluctance in their hearts.

Under the gaze of Pangpang and many monsters, Gu Shaoyang quickly left the Devil's Forest. The first level of the Devil's Forest, without the obstruction of Warcraft, knowing the general terrain, and improving a lot in strength, Gu Shaoyang moved very quickly. It took three days to enter the first level of the Devil's Forest. time, but now it was less than half a day when he went out, and soon he came to the second floor.

On the second floor, Gu Shaoyang occasionally met a few monsters, but they had all received orders from Pangpang, So when they met Gu Shaoyang, they were very respectful to him. So much so that Gu Shaoyang was not hurt at all when he was on the second level, and he was walking faster.

But just when Gu Shaoyang thought he could be very relaxed When leaving the Devil's Forest, Gu Shaoyang felt a little uncomfortable on the third floor of the Devil's Forest.

Gu Shaoyang, who soon arrived at the third floor, thought he was about to return to the human world and continued towards the treasure where his five keys were locked. , but not long after Gu Shaoyang entered the third floor, his body began to show abnormalities.

Moving towards the outside of the Devil's Forest, Gu Shaoyang had already thought about which direction he needed to move in after leaving the Devil's Forest.

But he didn't expect that before he went out, he felt as if he couldn't breathe, and the demonic energy and spiritual power in his body were constantly flowing around.

It was as if the two of them were fighting, and as a carrier Gu Shaoyang's health got worse after being tortured like this by them, and his face slowly became pale and bloodless.

"Ah-ah——"

Holding on to the big tree, Gu Shaoyang covered his chest with one hand, and covered the big tree beside him with one hand to support his body. Because of the pain, he had to hide on the ground and curl up with his body.

After the pain in his body subsided a little, Gu Shaoyang immediately began to sit cross-legged and practice again, treating himself.

Holding back the pain, Gu Shaoyang traveled through all the meridians in his body. As a result, he found that when he reached his Dantian, he couldn't move, so he began to look into his Dantian.

It turned out that the demonic energy in his Dantian turned into a whole mass, and got stuck directly in his Dantian, forcing his spiritual power to escape from the Dantian.

But now, Gu Shaoyang's spiritual power spread all over his body, making his body unable to bear it all the time.

Because of the pain in his body, Gu Shaoyang was unable to continue walking, so he had to quickly refine the demonic energy in his body.

Because he is getting closer to the outside world now, and the demonic energy in his body means he cannot stay outside at all. This may also be the reason why his body suddenly hurts.

This is also the reason why the demonic energy that was originally balanced in his body suddenly gathered into a ball, causing his Dantian to feel overloaded.

After Gu Shaoyang found out the reason, he immediately started to refine the demonic energy. While he was using the demonic energy, he had to hold back the pain in his body to prevent himself from fainting from the pain.

Chapter 1205

On the other side, when Gu Shaoyang was refining demonic energy in the Devil's Forest, Pangpang on the first floor of the Devil's Forest was also worried about him.

Because Gu Shaoyang was seen by a monster when he was feeling unwell, and after seeing that Gu Shaoyang didn't look well, the monster quickly informed Pangpang.

When Pangpang learned about it, he became anxious. He wanted to rush to where Gu Shaoyang was, but he was now the leader of the Devil's Forest. He had to sit on the first floor and could not leave at all.

So facing the painful Gu Shaoyang, Pangpang could only find the elders in the Warcraft clan to discuss and ask him to come up with some solutions.

In the end, Pangpang finally found an old man from Warcraft who knew how to deal with such things.

"Returning to the master, the reason why Master Gu is in this situation is because he has been in the depths of the Devil's Forest for a long time. The devil energy in his body increases as he goes deeper into the Devil's Forest."

"But now he suddenly went out, and at an extremely fast speed, which caused the slowly growing demonic energy in his body to be unable to withstand the pressure of the spiritual power outside when he left."

"That's why the demonic energy formed into a ball, making Master Gu uncomfortable. The only solution was to move Gu Shaoyang deeper into the Devil's Forest and make him feel a little more comfortable before continuing to refine the demonic energy."

The old man of Warcraft gave a very respectful reply to Pangpang. After learning the specific method, Pangpang immediately sent an order for them to do it.

On the other side, just after Pangpang gave the order, Gu Shaoyang was almost unable to hold on.

He Facing the huge pressure in his Dantian, he had to try to spread the spiritual power that was almost unable to function throughout his body, and endure the huge physical and mental pain. This made Gu Shaoyang sweat all over and his hands and feet trembled.

Fortunately, a magic beast lifted him up in time. After reaching the depths of the Devil's Forest, the burden of pain on his body was relieved, and at the same time, his spiritual power could be slowly circulated throughout his body. In this way, it took Gu Shaoyang two days to circulate his spiritual power throughout his body. , and after his transformation, his body finally no longer hurt, but when he continued to walk outside the Devil's Forest, Gu Shaoyang's body would feel uncomfortable every time he left the first level of the Devil's Forest.

At this time, he needed to stop and start refining. When he had dredged and refined the mass of demonic energy into spiritual power, he would continue walking.

And this process lasted for three days!

Three days later, Gu Shaoyang finally refined the demonic energy in his body, and he could finally leave the Devil's Forest.

On the other hand, after Gu Shaoyang's body recovered, Pang Pang on the first floor of the Devil's Forest also immediately After knowing this news and knowing that Gu Shaoyang was fine, Pangpang finally felt relieved.

After all, Gu Shaoyang was his brother who lived and died with him, and he himself was now the master of the Devil's Forest, so if Gu Shaoyang died If he were in the Devil's Forest, he would definitely feel uneasy.

Finally, now that Gu Shaoyang's body had recovered, he no longer had to worry.

Here, there were several large groups of people standing on the border between the Devil's Forest and the human world.

It seemed that they all wanted to enter the Devil's Forest, but just as they were about to go in, Gu Shaoyang happened to come out. When the group of people outside saw a living person coming out of the Devil's Forest, they all came up one after another. They surrounded her, wanting to find out something about the Devil's Forest so that they could be prepared.

However, Gu Shaoyang did not answer the questions they asked. He just stretched out his hand faintly, showing off his own strength.

When leading him to put away his spiritual power, he also said: "If you don't have the strength, then I advise you not to go in. If you really want to go in, then be prepared to die."

After saying that, Gu Shaoyang jumped directly, flew over their heads, avoided their surroundings, and left alone, leaving only a group of little kids who were still standing there and didn't know where to go.

And Gu Shaoyang didn't leave either. Kong didn't care whether these little brats would go in or not. Anyway, he had already warned them, and the rest depended on their own ability to comprehend.

Returning to the human world, Gu Shaoyang clearly felt that his strength had increased by four points. Level, and has been stuck in the peak state.

But now that he is stuck in the peak state, it is not that he cannot be promoted, but that he is suppressed by himself.

Because he has been promoted four times before, all in the Devil's Forest, And they all used demonic energy. Even though he had refined the demonic energy now, he still felt that it would have some impact on his body and his future cultivation.

So he directly suppressed his feeling of wanting to be promoted. He waited until he left the Devil's Forest and returned to the human world.

And he was not in a hurry to return to the human world.

Chapter 1206

Now Gu Shaoyang needs to wait for an opportunity. He will only choose to be promoted when he fights to the death with someone of equal strength.

Because when he is on the verge of death and promoted, his strength will reach its peak and he will be in the best state for promotion.

Thinking of this, Gu Shaoyang continued on his way.

Because there is not much time given to him, if he continues to waste it like this, I am afraid he will only continue to waste time.

Thinking of this, Gu Shaoyang tiptoed a little, and the scenery continued to retreat behind him, so he continued to move forward.

Gu Shaoyang continued on his way. Although traveling alone was hard, these things were already normal to him.

Moreover, he had predicted before that he might be the only one on this journey.

But plans can never keep up with changes. Not long after Gu Shaoyang left, Gu Shaoyang saw a person on a cliff.

I saw that man sitting high on the cliff, looking at the front with a somewhat empty look, not knowing what he was thinking. When Gu Shaoyang saw it, he saw that he was not seeking death, so he ignored him and went straight leave.

But just as he withdrew his gaze and prepared to continue on his way away, a person sitting on the cliff suddenly stopped him.

Looking away, Gu Shaoyang was about to continue on his way, but suddenly he heard someone calling him next to him

"Hey! Which one below! right! right! right! That's you!"

The person on the cliff pointed at Gu Shaoyang and said loudly, and after Gu Shaoyang looked around, he found that he was the only one there, so the person above could only call him, so Gu Shaoyang stopped. He stood there in shock.

When the person on the cliff saw the person below stop, he jumped from above and came to the ground very quickly, standing in front of Gu Shaoyang, but when he came closer, Then Gu Shaoyang saw that the person standing in front of him at this moment was the only son of the Sun God, the Son of the Sun, but he didn't understand why the Son of the Sun appeared here.

What's the point of calling him now?.Soon

, I saw Gu Shaoyang stop and look at the Son of the Sun. At the same time, the Son of the Sun stared straight at him with sarcasm in his eyes and his whole body was filled with a fiery aura.

Look at the Son of the Sun. He looked like someone had probably provoked him, and Gu Shaoyang also saw a hint of teasing in the eyes of the Son of the Sun.

Of course, Gu Shaoyang was not the kind of person to take things easy. Since he would not find him, he would not find him either. He would take the initiative to cause trouble, so when he thought of this, he was about to leave again when he suddenly heard the Son of the Sun speaking again.

"What are you running for? I'm here specifically to see you today, can't you hear me?"

Gu Shaoyang squinted his eyes. When he heard that he was specifically looking for her, he stopped and looked at his face. His face was full of arrogance and arrogance. She was probably spoiled. There will be someone in heaven who can pamper her. , but not Gu Shaoyang. After all, Gu Shaoyang is not who he is.

"Say it quickly if you have something to say, and fart if you have something to say."

As soon as the Son of the Sun heard what he said, he immediately became angry.

"What are you talking about? No one has dared to speak to me like this. Are you looking for death?"

Gu Shaoyang was also upset for a while. When he heard what he said, he couldn't help but draw a sneer of sarcasm from the corner of his mouth.

"What do you mean by this? Are you trying to find trouble?"

The Son of the Sun responded extremely quickly. She nodded and looked at him condescendingly.

"Yes, today I feel unhappy with you and want to fight with you. What do you think?."

Gu Shaoyang adheres to the rule of "Don't offend me, I don't offend others." He never takes the initiative to be a gentleman, but when he heard what he said, he didn't take the initiative to turn around and was about to leave.

The son of the sun was already angry, so he looked after Gu Shaoyang. Yang ignored him and became even more angry. He reached out and patted him on the shoulder.

"I was talking to you, didn't you hear me?....."

As he said this, Gu Shaoyang threw him over his shoulder with his backhand and threw him to the ground.

"I'll give you another chance and leave immediately."

Gu Shaoyang's words were very indifferent. When he saw this scene, the Son of the Sun also came. He stood up and took two steps back, and stretched out a stream of yellow chaos from his hand.

He was originally used by the Son of the Sun, and was controlled by Tianhe Dilian. The advantages brought by it can be given in every aspect.

He stood not far from Gu Shaoyang and took the initiative to attack him: "I don't care if you die tonight or I live, I It depends on what kind of ability you have."

When she said this, she shouted, and then took the initiative to attack Gu Shaoyang.

Gu Shaoyang knew at a glance that today's battle was unavoidable. This person was probably unhappy and wanted to find someone to vent to.

Of course, he didn't He would kill the other person. How could someone who has experienced so many things compare himself to such a kid?

Chapter 1207

So in an instant he soared into the air, silently reciting a string of spells from his mouth, and two golden rays of light came out to vent towards him.

He only saw two powerful torrents resisting each other on the edge of the cliff. Gu Shaoyang slightly increased his attack, and the Son of the Sun opened his eyes and struggled to prepare to meet them.

But Gu Shaoyang is not good at it. He looks different from other things when he looks like this.

The Son of the Sun was defeated in the end. He took a few steps back and raised his head with difficulty. Gu Shaoyang had already stepped forward and pressed his fan against his lifeline.

If the Son of the Sun continues to fight Gu Shaoyang, he will just be asking for death in the end, because Gu Shaoyang has not fully used his kung fu. If he really dealt with the people before, the Son of the Sun would be gone long ago.

On the one hand, this was also for the sake of his father, the Sun God. Otherwise, how could Gu Shaoyang be polite to him?

"Judging from the current situation, you are not strong enough to defeat me yet. Don't seek death again. It will not be good for you to continue like this."

Gu Shaoyang said lazily and was about to leave. At this moment, he suddenly heard his decadent voice from behind.

"Why why? Why can't I succeed every time I fail?"

Gu Shaoyang squinted his eyes, looking at him as if he had some difficulties.

The Son of the Sun raised his head, with an expression of unwillingness on his face.

"Why do I always get hurt?"

Gu Shaoyang didn't say anything. He felt that something was wrong.

"Logically speaking, if you don't take charge of the solar system from the sky, what are you doing down here?"

The Son of the Sun turned his head away and didn't want to say anything. Gu Shaoyang increased the strength in his hands. As expected, he screamed in pain. No, he lowered his voice after a while and said unconvinced.

"I had a fight with my father."

His father is also the sun god. Gu Shaoyang is curious about this. What is the quarrel between her and her father? They are both gods in charge of the solar system. No matter who they are, they can't live without each other.

"What's going on? Tell me the cause and effect."

He only heard him sigh, then raised his head and took a look, and then Gu Shaoyang said

"I was actually punished by my father, and I was angry, so I came down."

When he heard this, Gu Shaoyang became interested. Logically speaking, they are father and son. If there is any quarrel between father and son, there is no overnight feud.

"What happened? This is a sudden quarrel. If you are interested, you might as well tell me."

Gu Shaoyang had already offended the Son of the Sun anyway, so he simply stopped and listened to his troubles. It was a long road anyway, so it was just a fun thing. The

Son of the Sun felt a little happy when he heard Gu Shaoyang's words. Because finally someone was willing to talk to him.

Soon the Son of the Sun sighed, and then told the truth

"In fact, there is nothing to say. It was because when my father asked me to look at the sun again, I accidentally fell asleep. When I woke up again, he showed me that the area had dried up in a large area. My father was furious. He started quarreling with me."

Gu Shaoyang couldn't help but mourn in his heart. This brat said it as if nothing happened. You must know that a drought in a place can be a fatal blow to that place.

Especially in this harvest season, a major drought suddenly came, which is an immeasurable injury to farmers.

"So you're in a bad mood because of this?"

Gu Shaoyang couldn't help asking after hearing his complaint.

"Right, so this is obviously a small thing, why does my father scold me?"

The Son of the Sun thought that Gu Shaoyang was telling him not to be angry, but in fact Gu Shaoyang felt that he had clearly done something wrong and had no right to be angry.

"no big deal? What do you think drought means to people? You think the drought is just a small mistake for you, but for them it is fatal!"

Gu Shaoyang held his forehead helplessly. At this time, he really wanted to dig open the head of the Son of the Sun to see what was inside.

But in the end he suppressed his helplessness, and then Adjust your mood and continue talking to the Son of the Sun.

"Because of a small mistake on your part, people in drought-stricken areas may not have a harvest, and no harvest means they will go hungry. Being hungry means fighting, and people will die!"

"You and I are not mortal bodies. We can eat or not eat food. It doesn't make any difference to us, but to the common people, if they don't eat a meal, they will be hungry!"

Gu Shaoyang struggled to explain to the Son of the Sun, but the Son of the Sun has never experienced the feeling of hunger, so he can't understand it. The only thing he can understand is that the people will lose their lives.

Although he is not in the underworld, he I also know that some people will go to the underworld to suffer disasters after doing so.

Chapter 1208

But because of his own mistakes, many people died. It sounds like he did make a huge mistake.

"Then...I...I...should?"The Son of the Sun stammered. At this time, he didn't know what he could do to save himself. He was no longer angry with his father, the Sun God, but began to reflect on himself.

But when Gu Shaoyang saw him like this, he felt a little angry. In the end, he rolled his eyes helplessly and adjusted his mood on the verge of collapse again.

"Now the people have been in drought for a few days. If you want to remedy the situation, go to the Rain God, but I heard that she has a weird temper. It's up to you whether she can help or not."

Gu Shaoyang gave the Son of the Sun an idea, but he himself couldn't figure out the thoughts of these gods who were in charge of good weather. If he asked the Son of the Sun to ask the Rain God, she might agree in the face of the Sun God.

But the process will definitely be more difficult, because the Sun God must have already thought of a solution. He can't just watch the people suffer. It's just that he punished his own son just to make him realize his own mistakes. , so as to achieve the educational effect he wanted, so he would definitely collude with the Rain God!

Gu Shaoyang did not tell the Son of the Sun his conjecture, he just gave him some advice and then prepared to leave. The

Son of the Sun was reminded by Gu Shaoyang Later, he agreed with his opinion, so he prepared to set off to find the Rain God. However, before the Son of the Sun left, he specially gave Gu Shaoyang something to express his gratitude.

"Give this to you! It was given to me by my father. It's called the Sun Star. It contains my father's magical power. The power inside can save your life when you are bored or in danger, but I still hope you won't use it."

Handing the Sun Star to Gu Shaoyang's hand, the Son of the Sun immediately turned around and left. His movements were clean and not sloppy at all.

Similarly, he did not give Gu Shaoyang any time to refuse, so Gu Shaoyang could only give the Sun Star Accept it.

Gu Shaoyang didn't pay attention to the gift given to him by the Son of the Sun at all, and threw it into his space ring casually.

After the Son of the Sun left, Gu Shaoyang once again walked alone, and A person also has the fun of being alone, and is more free when practicing.

But freedom is freedom, that is, if a person does not find a safe and hidden location when practicing, he is very likely to be in danger.

No, Gu Shaoyang is here When he fought against the Son of the Sun, his body suddenly felt that he was about to be promoted. However, because of the special situation at that time, he was suppressed by him again, and he also deliberately waited for the Son of the Sun to leave before preparing to be promoted.

Unexpectedly, he was sitting cross-legged on the ground to luck. Gong, just when he was about to be promoted, a daughter suddenly rushed towards him.

Although the woman did not jump on him directly to interrupt him, the first words the woman said when she saw Gu Shaoyang were true. He's tired

"I want to marry you! You will be mine from now on!"

I heard this woman sitting directly in front of Gu Shaoyang, staring at Gu Shaoyang with her big copper-like eyes, and Gu Shaoyang accidentally failed to control the breaking skills. As a result, he failed to be promoted, which made Gu Shaoyang a little angry. After Gu Shaoyang opened his eyes and saw the person in front of him clearly, he realized that she seemed to be a flower essence.

Because the appearance of the flower essence broke Gu Shaoyang's promotion, Gu Shaoyang felt very unhappy at this time. He stood up and was about to leave. The flower essence saw Gu Shaoyang was about to leave and quickly followed him.

At this time, Gu Shaoyang suddenly turned his head and glared at Hua Jing:"Say! Who sent you."Hua Jing looked at Gu Shaoyang with an innocent expression and said nothing. At this time, Gu Shaoyang had no intention of asking. After all, the promotion had been interrupted and could not continue, and seeing that Hua Jing was a woman, it was hard to say anything.

Seeing the pitiful look of the flower essence, Gu Shaoyang put some clothes on her, thinking that it was not safe in the wilderness now, so he took it with him first. Since he couldn't get rid of it now, he should find the right time to get rid of it. It was getting late, so the two had to make do with each other for the night, "We will make do here today, and tomorrow we will find a place to rest." "Gu Shaoyang looked at Huajing

"good." Hua Jing responded to Gu Shaoyang, and after saying that, Gu Shaoyang turned around and fell asleep. Hua Jing was afraid that Gu Shaoyang would sneak away, so she found a rope and tied it to Gu Shaoyang's arm. In the morning, Gu Shaoyang opened his eyes and saw lying on the bed The flower essence in his arms was looking pretty good, so why did he suddenly come here to find me? But Gu Shaoyang couldn't figure it out, but who sent it, so he had no choice but to take it with him. At this time, the flower essence also After waking up, the two of them looked at each other, "Let's go, let's go." Gu Shaoyang stood up, so the two of them got up and walked towards the village in front.

Hua Jing seemed to hesitate along the way, and Gu Shaoyang didn't ask too many questions.

Chapter 1209

It's just like getting rid of the flower essence as soon as possible, otherwise it will always be troublesome to take a woman with you.

When they arrived at Five Star Village, they finally had a place to rest. Gu Shaoyang found someone to arrange two houses and settled the flower essence in. Gu Shaoyang deliberately found a room farther away from the flower essence.

Because the Five-Star Village is relatively remote and few people come and go, the villagers are particularly enthusiastic when facing them.

And they were catching up with the annual special festival of Five Star Village. Every year on this festival, people in their village would have bonfire entertainment together.

At this time, the dinner specially prepared for them by the tribesmen in the village was ready. Gu Shaoyang took the flower essence to eat. After the meal, they sat by the campfire with the people in the village and watched the people dancing happily.

The sky was getting dark gradually, and Hua Jing seemed a little tired. At this time, everyone had no intention of leaving. Seeing that Hua Jing was a little tired, Gu Shaoyang whispered to the village chief and sent the flower essence back to the room.

"Go to bed early. After saying that, Gu Shaoyang stood up and left. At this time, Hua Jing hugged Gu Shaoyang from behind and said, "Don't leave, okay." Gu Shaoyang ignored the flower essence and walked to his room.

It was already late at night, and Gu Shaoyang was lying on the bed tossing and turning.

Because the flower essence suddenly interrupted Gu Shaoyang's promotion last time, Gu Shaoyang's body was somewhat overwhelmed, so Gu Shaoyang began to give He took care of himself, thinking that it would be a good idea to stay here for a day or two to recuperate before leaving. In the blink of an eye, Gu Shaoyang and Hua Jing had been here for three days, because he thought that it would be safe if he left the flower essence in the tribe. He had become familiar with the village chief in the past two days.

He had told the village chief about the flower essence, and the village chief had ensured the safety of the flower essence, so he planned to sneak away while it was dark at night.

The flower essence today Jing was worried about the things her father had arranged for her and couldn't sleep, so she went out for a walk and happened to run into Gu Shaoyang who was about to leave secretly.

"It's so late, where are you going?" Hua Jing slowly walked towards Gu Shaoyang.

When Gu Shaoyang saw the sudden appearance of Hua Jing, he didn't know what to say, so he had to tell him that it was not safe to follow him for a while. It was safer here, so he asked Hua Jing not to follow him, but Hua Jing didn't listen..

Gu Shaoyang had no choice but to take the flower essence with him, but since it was dark day, Gu Shaoyang decided to wait until dawn before leaving.

At dawn, the two of them finished breakfast and said goodbye to the villagers before preparing to leave. The village chief brought some food to Gu Shaoyang. Gu Shaoyang brought the flower essence with him. Walking all the way east.

After getting along for a period of time, Gu Shaoyang seemed to have become accustomed to the flower essence, and he no longer thought about getting rid of her. In the past few days, the two of them walked together and ate something when they were hungry. In the evening, the two of them went to the nearby place. Rest for a while, then continue walking at dawn.

But Gu Shaoyang always felt like someone was following him, but he didn't find anything. Gu Shaoyang didn't think much about it, thinking that it was just because he hadn't had a good rest recently.

But after running around these days The food brought by the village chief was no longer enough, so Gu Shaoyang decided to go find some food that day and found a quiet place to place the flower essence.

"Don't wander around, I'll go find some food and wait until I come back." After saying that, Gu Shaoyang walked away.

Hua Jing was a little scared because the nearby forest was relatively dense.

Suddenly a bunch of people appeared, and Hua Jing was so frightened that she hid quickly. But when the flower essence saw the leader, she came out.

This person was her father's subordinate.

"It's you, you're actually following me," Hua Jing said in a different tone.

"Yes, princess, please come back with us. We are helpless, so please don't force us."

Hua Jing was about to run away, but how could she, a woman, fight against a bunch of strong men?

"Princess, if you are like this, don't blame me." As soon as he finished speaking, a group of people surrounded the flower essence and prepared to take it away.

"Help, help!" Hua Jing shouted desperately. He happened to run into Gu Shaoyang who had just returned. Gu Shaoyang didn't know the situation and thought that Hua Jing had been kidnapped. He rescued Hua Jing from those people.

"Don't be afraid, wait for me here." After saying that, Gu Shaoyang went up to fight with those people.

But these mortals were no match for Gu Shaoyang. Gu Shaoyang beat them all in just a few strokes.

"The leader of "Retreat" realized that he couldn't beat him, so he hurried back to prepare to report the situation, and ran away with a bunch of brothers.

Hua Jing hid in the corner, not daring to say anything.

"you know?" Gu Shaoyang looked at the flower essence and said

"I, I, I... um," Hua Jing said hesitantly.

Gu Shaoyang didn't understand how such a little girl could get into any trouble and be arrested by a group of people.

"In fact, those people just now were my father's subordinates, and they wanted to take me back to answer to my father." The flower essence said it.

"how? You ran away from home, but why?"

Gu Shaoyang scratched his head and was puzzled.

"They wanted to arrest me and get married, but I didn't know the other person at all. It was my father's idea alone. He would do anything for himself. That person is so bad that I don't want to marry him!" Hua Jing said with tears falling down.

Chapter 1210

When Hua Jing saw Gu Shaoyang, Hua Jing's eyes sparkled, and she knew exactly how capable this man was.

In other words, what she needs now is someone as capable as Gu Shaoyang to help her. After all, she has to be careful in everything now. If she fails, she will fall into an irreversible predicament.

This was a fact that she didn't want to accept or see. For this reason, she mustered up the courage and came to Gu Shaoyang's side.

"Mr. Gu, I need your help with something. I wonder if you can agree?" Hua Jing said coquettishly.

Although Gu Shaoyang is different from others, it is a big matter after all. She still can't be careless. She must ask his opinion no matter what.

"Then it depends on what happened?" Gu Shaoyang responded

"I want you to follow me to find the Son of the Wind." Hua Jing no longer concealed it.

This matter is a big deal for her. No matter how difficult it is, she will not shrink from it.

And Gu Shaoyang has outstanding abilities. Apart from him, there is probably no one else. The second candidate, besides, she is just a little fairy. If no one helps, I'm afraid she will be very passive.

"Okay, but I don't know where he is. How do you want me to find him?" Gu Shaoyang shook his head and said.

He knew very well that if you want to find someone in the big world, it is really harder than finding a needle in a haystack. Let's not talk about the whereabouts of this person. It is estimated that he has not reached that place yet, and the person has probably disappeared a long time ago. His absence made him very embarrassed.

But faced with the flower demon's request, he could not refuse. After all, everyone had difficulties, and Gu Shaoyang did not want this matter to continue like this.

"You don't have to worry about this, as long as we find him in advance." Hua Jing said with a smile.

"Why do you have to find him?" Gu Shaoyang asked curiously

"You should know that if I don't marry the Son of the Wind in advance, I will be taken back." Flower Jing said in a low voice.

Regarding Fengzi, Huajing hides a secret that Gu Shaoyang doesn't know. She and Fengzi are in love with each other. The reason why they came to this place this time is all because of Fengzi, but Now that his whereabouts are unknown, she is very worried.

Although she knows that he will not go very far, why not worry her?

And if you want to go to the Kingdom of Wind, you must bring a capable person with you. Only if you go there can this matter come to fruition

"So, what you are saying is that as long as you marry him first, you don't have to be taken away."Gu Shaoyang guessed.

He had already heard about the Son of the Wind, but he didn't hear Huajing tell him about it. He didn't think there was anything wrong with this.

"Hmm, so you must take me to the Kingdom of Wind to find him."The flower spirit quickly requested.

After hearing this, Gu Shaoyang glanced back and was attracted by the character of the little goblin in front of him.

He never thought that a goblin would be more persistent than him, just based on this point alone , enough to make him trust him more.

Therefore, the slight estrangement between the two of them was revealed at this moment.

"Okay, since you are so persistent, I have no choice but to help you!"Gu Shaoyang nodded and said.

In addition to these, Gu Shaoyang had long wanted to know the true identity of Feng Zhi. Although these seemed incredible, he had no choice but to agree.

The two of them hurried to Feng Zhi while it was still dark. The Kingdom of Wind is in the north. After the two of them changed directions, they rushed to the Kingdom of Wind without stopping. The journey was tiring along the way, and Gu Shaoyang's heart was particularly complicated. He thought that this flower essence must be crazy, so he He would think of such a place.

And most of the people in the Kingdom of Wind are very cruel. If you are not careful about their territory, you will probably be hostile to them.

If it were not for this promise, he would not have the trouble to come to such a place. After eating some grilled fish, the two had no choice but to continue on their way.

"Mr. Gu, I know this is very difficult for you, but this is my only chance. Please help me no matter what!" Flower Jing said weakly.

She came here in order to find her husband as soon as possible. Now with the help of Gu Shaoyang, a lot of troubles have been solved. Moreover, the

Kingdom of Wind has more troops around her. If there is no master, I am afraid that people will be dead before they reach the capital.

"Don't worry about this. Since I have promised, I will definitely keep my word." Gu Shaoyang said.

This is a man's promise. It is impossible for him to change at will. In addition, with Hua Jing's cultivation, it is not possible for a person to reach the capital of the Kingdom of Wind.

Hua Jing nodded without saying anything. Following Gu Shaoyang, the two of them followed each other like a shadow, and soon arrived at the border of the Kingdom of Wind.

It was a dense forest, with almost no people around, and brown clouds floating vaguely in the distant sky.

Look. In this way, we have to get to the Kingdom of Wind as early as possible, otherwise some changes are likely to happen.
