

## Attributes 1211

Chapter 1211

Regardless of Hua Jing's feelings, Gu Shaoyang pulled Hua Jing behind him.

Huajing originally wanted to break free, but Gu Shaoyang was stronger, and now there was no possibility of breaking free.

Due to the lack of time, Hua Jing's face quickly turned red, and she suddenly panicked and had no choice but to bury her head and follow Gu Shaoyang.

At this time, the Kingdom of Wind was no longer what it was before. Everywhere was filled with smoke, and there was a blazing fire in the sky not far away.

"This, what's going on?" Flower Essence asked quickly

"No, something may have happened in the Kingdom of Wind. Let's leave quickly!" Gu Shaoyang said vigilantly.

The two walked through the forest and saw a burning fire on the city gate not far away, and those running around were the soldiers with swords.

Under the city gate, lying It was a soldier who had no signs of life. The sound of fighting coming from the city suddenly shook the sky, making Hua Jing particularly scared.

When she raised her head, she saw a lot of soldiers donating blood, running towards this side in fear. , before Gu Shaoyang noticed, he immediately fell in front of Hua Jing.

Under Gu Shaoyang's treatment, the soldier's injuries finally improved, especially with the care of Hua Jing, he finally came back to life.

"Thanks!" The soldier said as he was dying.

"What happened in the city?"

"Not long ago, King Feng was critically ill. The second prince Feng Ke led his troops to rebel and killed the people in the city overnight. If it weren't for the leadership of Prince Feng Li, we would have been killed long ago!"

Hearing this, Gu Shaoyang finally came up with some ideas. The Kingdom of Wind is now in chaos, and Feng Li disappeared three days ago.

Let's not talk about whether he is alive or not. Given the current situation, I'm afraid it's also a terrible time. Too much luck

"What about Prince Fengli?" Hua Jing asked anxiously.

Even if he is really not in the city, Hua Jing must ensure his safety. If something goes wrong, how can she rest assured.

From the moment she saw Feng Li, she She has always been deeply attracted to this man, and now she has to ensure his safety no matter what.

"Since His Highness disappeared, the army we formed has also dispersed. Now we are using our passion to protect the people in the city to prevent them from encountering unexpected events!" The soldier said with difficulty.

After Gu Shaoyang arranged for this person, he decided to go to the city to investigate. The most important thing now is to find Feng Li. The rest can only take one step at a time.

Seeing Gu Shaoyang going away, Hua Jing hurriedly followed behind him. He originally didn't intend to let her continue to follow, but this flower essence was too persistent, and Gu Shaoyang had no choice. Anyway, the most important thing now is to find someone. Once a problem really arises, I'm afraid This felt uncomfortable, and after weighing the pros and cons, they decided to go ahead.

Soon in the evening, the two of them wore night clothes and slipped into the city from the side while the soldiers at the city gate were sleeping.

But the wind The country is currently in turmoil, and you may be discovered by others if you are not careful, especially now that the flower essences have a special smell.

Once they gather in a place with few people, they will be easily recognized by the defending soldiers. In the end, Gu Shaoyang had no choice but to use some methods to temporarily avoid the crisis.

"You have searched carefully for me. There have been a lot of people coming recently. Once they are no longer His Highness's subordinates, they will be eliminated immediately. Do you understand?"The defending general ordered loudly.

"Here!"

Seeing this scene, Gu Shaoyang finally understood that these people were not defending. They were clearly trying to eradicate the remnants of Feng Li.

If they were discovered, they would be desperate. After considering these situations, he pulled The sylph came to the city

"stop!"A voice came from behind, which immediately stopped the two of them.

Gu Shaoyang turned around and realized that it was the general who was shouting just now. Looking at him like this, he must have discovered their presence.

After seeing Shou When he was about to come over, Gu Shaoyang quickly held his sword behind him. Even if he couldn't seal his throat with one sword, it was enough to seriously injure him.

"What do you want to do?"Hua Jing said in panic.

"What are you doing? I've seen you sneaking around here for a long time. If you can't give me a convincing reason today, don't blame me for being rude to you!"The guard said coldly.

As soon as the two people came in, he realized that something was not right, and seeing that the two of them were so unfamiliar, it must not be that simple.

"I heard that His Highness Feng Li is good at piano art, so I wanted to bring my sister to visit. I wonder if you can take us there?" Gu Shaoyang said slowly.

"Looking for His Highness Feng Li?" The guard quickly increased his vigilance and immediately stepped back and shouted: "Come on, catch them!"

"Here!" The soldiers responded and surrounded the two men.

Gu Shaoyang originally wanted to resist, but now he was outnumbered, so he had no choice but to be captured by them. Even the flower essence behind him could not imagine that they would act like this. Extremely fast

"Haha, is this how your country of wind treats its guests?"

Chapter 1212

Gu Shaoyang said dissatisfied

"What a joke, when did you have the final say on our rules?"

The guard smiled coldly, then looked at Gu Shaoyang and the flower essence on his body with great disdain and said: "To tell you the truth, I have seen people who can lie, but I have never seen anyone who can lie like you, so you can't blame me!"

"take away!"

Seeing the soldiers being so arrogant, Gu Shaoyang quickly became emotional, but he understood very well what it meant to resist now?

Although he had such ability, he could not guarantee the safety of two people at the same time, which made him very confused

"Forget it, let's talk about it then!" Gu Shaoyang shook his head and said.

Three days have passed unknowingly since he was captured. During these three days, Gu Shaoyang has been planning the next thing.

However, several times he almost succeeded, but was caught again. The guards discovered it, and in the end there was no chance.

"Hey, have you heard about it? His Highness Fengke will inherit the throne in three days. We can't allow any accidents in the prison these days."

"Don't worry, the wind in our Kingdom of Wind is as strong as gold. Even if the people inside have wings, they can't fly out."

This is true. Now all the main forces of the Kingdom of Wind have been brought here. In addition to guarding some dishonest people, there are also some fierce accomplices who have also been imprisoned.

"What you said is true. With their strength, they really don't have such ability, but we'd better be careful and don't make any mistakes."

"Got it, I asked you why you talk so much today, I'm almost impatient"

"By the way, how is His Highness Feng Li doing?"

"You don't know this yet. In order to save the queen the day before yesterday, His Highness Feng Li took the Wind Sword from His Highness Feng Ke in the main hall. Hearing that he was seriously injured, he was taken away by the guards long ago."

Seeing the soldiers discussing, Gu Shaoyang has heard all this for a long time. Although he has not yet prepared the next plan, he will never sit still and wait for death. But now is not the best time. Once he goes out and is discovered by them, then this little life is not guaranteed.

And the flower essence who heard the news on the side has already burst into tears, and she has become a tearful person.

That is the man she loves most, and she did not expect that he would be arrested, and now Feng Ke is eager to seize the position. Maybe he will really attack Feng Li.

But now he is locked up here by these people, and there is no possibility of escaping. Thinking of this She was particularly disappointed

"Okay, stop crying now!" Gu Shaoyang squatted in front of him and comforted: "I know he is the most important person to you, but now is not the best time. We have to take some time."

This is true. They are in prison. If they are not careful, they will fall into their trap. It will be impossible to save people by then.

Besides, there are so many people and it is difficult to take action now. Even if No matter how high his cultivation level is, there is currently no way

"Well, I listen to you." Hua Jing nodded and said.

By the time it was night, all the guards had already become sleepy, and Gu Shaoyang had moved some hands and feet in Dengli.

All the people at this meeting had long been drowsy and could not afford to sleep. One look at these people When there was no movement, Gu Shaoyang immediately came to Hua Jing. He used his abilities to forcefully open the door in the cell.

Then, he hurriedly walked out of the cell with Hua Jing and walked out of the prison. Then I breathed a sigh of relief

"Okay, now we can go find him." Gu Shaoyang said in a low voice.

Seeing Hua Jing's face full of sadness and eyes full of worry, Gu Shaoyang decided to be a good man and lead her to find the Son of the Wind.

But after walking on the street and searching for a long time, Gu Shaoyang felt that it would be difficult to continue searching like this. Like a headless fly, it's pointless and a waste of time.

"How do you usually communicate with your lover, the Son of the Wind?"

"When did this happen? Why are you so nosy?"

"Why am I gossiping? You flower essence, aren't I thinking of a solution?....."Before Gu Shaoyang finished speaking, he was interrupted by the blushing flower essence.

"You are obviously very gossipy, okay, now it's this time, do you still care about how we communicate with each other? There's nothing to show for it, why don't we just exchange letters and talk about it when we have nothing to do?"

At this time, Gu Shaoyang was also speechless. It turned out that Hua Jing thought he wanted to ask her how she and Feng Zhizi usually loved each other.

"No, that's not what I meant. I wanted to ask if you have any special connection with Wind Zhizhi, such as the kind that can keep you informed of each other's whereabouts at any time, making it easier to find each other."

"Why do you want this special connection? This is a token between the two of us. How can I give it to you?"

"Oh, my aunt! You look so smart, why don't you have a good brain? If you have a token of your connection to each other, bring it out."

Chapter 1213

"Why take it out?"

"After talking for so long, you still don't understand what I mean?"

"What do you mean? One moment you ask how we usually communicate, and the next moment you ask me to bring out a token of contact. It's really hard for me to understand you! Why are you wasting your time on these issues? Our most important task now is to find the Son of the Wind!"

Gu Shaoyang was speechless after hearing this. He immediately wanted to spit out the fragrance, but he held it back when he saw that the other party was a girl.

"Since you all know that the main task is to find the Son of the Wind, how could you not understand what I mean, that is, we don't know where the Son of the Wind is now!"

"It's a waste of time to look around like this! If you and Feng Zhizhi usually have some special contact information that can find each other, wouldn't it be very convenient for us to find it?"

"Oh no, I was so anxious that I even forgot about this. Please wait a moment."

Gu Shaoyang frowned, and then her eyes followed the movements of the flower essence. She slowly lowered her head and took out a delicate sperm sac from her waist. Inside was a gust of wind, pulled by a thread woven with flowers. Then the flower essence was spread out in one hand. Open, showing the wind in front of Gu Shaoyang.

Gu Shaoyang couldn't help but be curious, "What is this, is it the wind?"

"Yes, this is wind, but it is wind power. This is a token of our love."

"You must be very affectionate usually, so how did you get through this connection?"

After hearing this, Hua Jing took back her thoughts of recalling the past.

"This is the wind in the Son of the Wind. Every time I want to find the Son of the Wind, I will use this wind power and it will lead me to the Son of the Wind."

"Without further ado, let's quickly use this wind power to find the Son of the Wind."

"OK Gu Shaoyang, thank you!" The flower essence showed a happy smile to Gu Shaoyang.

"This iceberg has finally melted a little." Gu Shaoyang also smiled back and thought silently in his heart.

So, just like that, Hua Jing held Fengli in her hand, and Fengli pointed out some routes on her hand, while Gu Shaoyang followed Huajing like a follower. After walking for a long time, the wind actually brought Gu Shaoyang and Hua Jing to the entrance of a mountain.

"Um? How did you bring it here? Are you sure it can show the way?" Gu Shaoyang couldn't help but said suspiciously.

"I am sure that I can find Brother Feng every time I follow the route it points to. Don't doubt it. Let's go. Don't waste time."

In the end, although Gu Shaoyang looked reluctant, he and Hua Jing finally climbed up the mountain in front of them.

When they climbed halfway up the mountain, they discovered something strange. There was a vague shape near the halfway up the mountain. It was bright, the wind was blowing the grass, and the figures in the grass were swaying. It seemed that there were many people.

Hua Jing and Gu Shaoyang felt it was strange, but they did not pay too much attention. After all, they still wanted to find the Son of the Wind. Hua Jing saw I was surprised when I looked at the direction indicated by the wind force in my hand.

"Gu Shaoyang, look, this wind is actually pointing to the grass over there. Is Brother Feng there?" Hua Jing couldn't wait to tell Gu Shaoyang the news.

"Weren't you very confident just now? What's wrong? Now you're too excited and unsure?" Gu Shaoyang raised his eyebrows and smiled.

"Ouch, how long has it been and you still want to tease me?" Hua Jing said with a displeased face.

"Okay, okay, let's forget I'm wrong, let's go into the grass and have a look, maybe it's true."

So Gu Shaoyang and Hua Jing tiptoed through the grass and looked inside. They really saw Feng Zhili. At this time, Feng Zhili looked pale and was sleeping in his mother's arms.

"ah! Gu Shaoyang, look! It's Brother Feng!" The flower essence couldn't resist the joy in her heart and walked out quickly.

Gu Shaoyang was about to reply, but he saw the flower essence running out and couldn't catch him. He had no choice but to follow her out.

"Brother Feng, I finally found you!" Flower Spirit looked at the Son of Wind behind several guards and shouted.

"Yes, Son of the Wind, I have found you!" Gu Shaoyang also echoed from the side.

The two of them spoke to Feng Zhizi enthusiastically, but they never wanted to frighten Feng Zhizi's mother.

"Come on, kill these pursuers quickly." Feng Zhizi's mother shouted in fright.

"Yes, ma'am!"

Subsequently, a group of guards jumped out from behind Feng Zhizi's mother and got into a fight with Hua Jing and Gu Shaoyang. Although Hua Jing and Gu Shaoyang were somewhat powerful, with so many people, they were ultimately outnumbered. Hua Jing did not wait for a while.

He was beaten and bruised all over his body

"Flower Essence, I'm here to hold off these guards. Show that token to Wind Son's mother. By the way, tell her who you are and ask her to order these guards to stop.

Hua Jing nodded quickly in panic, then squeezed out and came to the side of Feng Zhizi's mother. His mother was immediately frightened and was about to yell.

Chapter 1214

"Madam, don't be afraid, I am a good friend of Feng Zhizi. You see, this is a token between us."

The mother of the Son of the Wind was lost in thought when she looked at the wind in the hands of the flower essence and the threads woven by the flowers.

"Madam, you should believe it now, tell them to stop, we are all our own."

Feng Zhizi's mother looked up at Hua Jing, smiled, and finally let go of the guard in her eyes.

"You must be the flower girl, I always hear the wind mention you. This is really ridiculous now. I thought you were the pursuers of the illegitimate child. I'm so sorry. Guards, stop it. We are all our own people and we made a mistake."

Feng Zhi's mother gave an order, and all the guards stopped their hands and stepped aside.

"Young hero, come here. I'm so sorry. I thought you were chasing soldiers! I am really old and confused."

Gu Shaoyang patted the dust on his body and walked over. The strength of these guards should not be underestimated. He was almost pressed to the ground and rubbed by them just now.

Seeing Gu Shaoyang walking over, "Young hero, are you okay? You are not hurt. You?"

"Auntie, don't worry, I'm fine, I'm in good health"

"Yes, aunt, he is very strong and resistant to beatings"

"That's good, but, flower girl, you seem to be seriously injured." Feng Zhizi's mother asked with concern.

"I'm fine, Auntie."

Feng Zhizi's mother became even more worried after hearing this, "You silly kid, why do you ignore your body so much? What will your parents think when they see it? He will be sad when Feng'er wakes up. Hua

Jing was about to cry as she listened, "Auntie, I'm really fine. I just want to know how Brother Feng is doing. I'll be fine if he's fine."

"Silly boy, alas! You are just like Feng'er, both of you are stupid kids. Feng'er was afraid that I would get hurt, so he resisted the bastard's sword of wind for me. Fortunately, the escort team following the late emperor came and rescued Feng'er and me. Nothing happened to me, but Feng'er is still unconscious and sleeping. well! My poor child"

"Brother Feng! Brother Feng! Are you OK?" Hua Jing's face was filled with sadness when she heard this. She wished she was the one lying in her aunt's arms now.

"Get out of the way and I'll take his pulse and see how he's doing now." Gu Shaoyang slowly approached Feng Zhi.

Hua Jing gave up his position knowingly. Gu Shaoyang possessed him, picked up Feng Zhi's hand, and placed two fingers lightly on Feng Zhi's pulse. He couldn't help but shake his head. , the pulse is weak, we have to save him quickly

"Please help raise the Son of the Wind."The flower essence and Feng Zi's mother worked together to lift Feng Zi. Gu Shaoyang crossed his legs and sent the divine power in his body to Feng Zi to replenish what he had consumed and help him resist the harm in his body.

"Okay, he's fine."Gu Shaoyang said weakly.

In the end, the force of the wind was pulled back from the edge of death by Gu Shaoyang. However, Gu Shaoyang also fainted because he exhausted too much energy.

When Gu Shaoyang opened his eyes again, they had changed places. It was no longer the bush on the mountainside yesterday, this time they were at a farmhouse. Gu Shaoyang walked out dizzy.

"Gu Shaoxia, are you awake? Thank you so much for yesterday. If it weren't for you, I might be on the road to hell now. Thank you for taking care of the flower essence for me for so long."Feng Zhizi was practicing martial arts on the side, but when Gu Shaoyang came out, he made a little noise, so he saw him.

"Mom, Flower Essence, come here quickly. Gu Shaoxia is awake. Come over quickly with some food."

Afterwards, Hua Jing and Feng Zhizi's mother came over with some side dishes and a big bowl of porridge. The two of them no longer wore yesterday's brocade and suzhou embroidery.

Instead, they wore very down-to-earth farm clothes, as if they were a daughter-in-law and a daughter-in-law. Mother-in-law, and the son of the wind is dressed like a young man who mainly hunts.

After seeing Gu Shaoyang dumbfounded, Hua Jing said

"Yesterday, my aunt discovered that Brother Feng was not in good health. She was afraid that the road would be bumpy again, so she stopped there. Later, you healed Brother Feng's injuries, so we

moved the place and came here, but we were afraid of being beaten by Feng. People found out, so I changed into local clothes, and so did you."

"I also changed it." Gu Shaoyang looked around himself subconsciously, "Who changed this for me?"

"Hehe," Hua Jing showed a bad smile, "Of course it's me, my brother Feng's bodyguard changed it for you."

"You little girl, can you stop talking intermittently? It almost scared me." Gu Shaoyang subconsciously pulled up his clothes.

"Hehe, what are you afraid of? You are still shy at such a long age?"

Gu Shaoyang was teased by a yellow-haired girl for the first time, and his eyes turned red.

"Okay, Hua'er, stop joking with Gu Shaoxia, let's have breakfast." After that, I saw the son of the wind put down his weapon and walked towards the dining table.

Then, a group of people sat around the table and ate farm breakfast. It was the first time for everyone to eat it. It was really a unique experience.

Chapter 1215

"Brother Feng, eat this, it's delicious"

"Brother Feng, eat more and replenish your body."

"Brother Feng, I want to eat that, please give it to me!"

.....

The mother of Feng Zhizi was smiling from ear to ear as she watched. Her daughter-in-law was so cute. The relationship between the two of them was really loving. The breakfast passed by so sweetly.

Gu Shaoyang felt uncomfortable. After all, no one would feel particularly comfortable after eating dog food.

Later, Feng Zhizi was no longer with Hua Jingnui, but talked to Gu Shaoyang

"I believe Gu Shaoxia, you have heard something about our family, right?"

"Well, there is a point. After your father passed away, Feng Ke took the throne. Logically speaking, only the legitimate son is qualified to inherit the throne. He is too arrogant for an illegitimate son."

"That's all. If he really wants it, he can tell me that I will give it to him, and then take my mother, concubine and Huaer around the world, but he is so cruel that he actually treats We killed them all without thinking about the brotherhood we had before. This chilled me very much. It turned out that the brothers, friends and brothers we had before were all just pretending!"

"Prince Feng, I don't know what to say. Since ancient times, brothers have been fighting for the throne. Didn't many emperors kill their own brothers to ascend to the throne?"

"It's so cruel. I would rather I was born in a civilian family, but the reality is so cruel!"

"In fact, I don't really want to get the throne, but my brother is so inhumane. If he is allowed to be the emperor in the future, the people of our country will live in water and fire, and they will not be happy."

"Gu Shaoxia, can you help me? In my current state, I cannot take back the throne by myself. Please, help me!"

Hua Jing couldn't bear to see her beloved so heartbroken, and privately begged Gu Shaoyang to help her brother Feng.

Although Gu Shaoyang didn't know why Hua Jing felt that his strength could help Feng Zi, but everyone said so. , he had no choice but to agree

"We have to be extra careful these days and remember not to leak any news. Once we are discovered, we will not have any advantage." At this time, Gu Shaoyang was worried because of his health, so Gu Shaoyang reminded Huajing. Because Gu

Shaoyang had spent a lot of money saving Fengzi before. energy, and now his body is a little weak. At this time, the Son of the Wind also needs healing.

And if Gu Shaoyang wants to recover his spiritual power, it will take a while to recover his spiritual power first, not to mention that if he wants to refine the elixir for the Son of the Wind, he needs A special herb, but this herb is very rare and grows on cliffs, so it is very dangerous.

But the flower essence does not care about the so-called danger."You said, as long as I can save the Son of the Wind, I will do it at any cost."

"No, this place is very dangerous, and it is even more unsafe for you as a woman. I will go there after I recover for a few days," Gu Shaoyang said.

When Feng Zhizi heard what Hua Jing said, he was very moved and looked at Hua Jing silently. Hua Jing shed tears, but thought in her heart why she was so incompetent that she couldn't even protect her most beloved woman.

In the past few days, Hua Jing had been taking care of Feng Zhizi, who was in weak health, and Gu Shaoyang had almost recovered, so he decided to go and protect her. Which rare medicinal material does the Son of the Wind seek?

"I will go with you"

"It's very inconvenient for you, a woman, to be with me. Besides, it's the time when the Son of the Wind needs someone to take care of him. Don't worry, I will come back safely. Take good care of him and wait for me to come back."Gu Shaoyang disappeared after saying something.

At this time, Feng Ke, who was outside, was still leading people to search for the real Son of Wind, Feng Li, because Feng Ke was worried that if Feng Li was not dead yet, it would be very harmful to him. Big trouble.

As soon as Gu Shaoyang went out, he saw a bunch of soldiers. Gu Shaoyang stepped forward to take a look.

But in fact, what he just said was just to deceive Gu Shaoyang. That's all, the purpose is also to prevent others from stealing it.

"In fact, I had already warned Feng Li's father to beware of this Feng Ke, but he didn't listen." It turns out that this Supreme Immortal has long seen that Feng Ke is not a good person.

"Don't worry, I will do my best to help Feng Li!" Gu Shaoyang has passed a day and a night, and Feng Ke's succession ceremony is approaching.

"Elders, do you have a quiet place here?"

"Please come with me."

The Supreme Immortal took Gu Shaoyang to a quiet place.

"Just leave it alone, no one will bother you here." After saying that, the Supreme Immortal left.

Gu Shaoyang began to refine the elixir for Feng Li here. After a night, the elixir was finally refined.

"Farewell" Gu Shaoyang hurriedly said goodbye to the Supreme Immortal.

At this time, Feng Li was in better health after being taken care of by Hua Jing.

At this time, Gu Shaoyang also came back. When Hua Jing saw Gu Shaoyang coming back with the elixir, he knelt down crying and thanking on the ground

"Quick, let him eat it!" Gu Shaoyang came back and handed the elixir to the flower essence.

"This is the Nine-turn Universe Pill. After taking it, your internal strength will be greatly increased, so that we can rush back before Feng Ke's enthronement ceremony."

"Thank you. If you have any business in the future, just tell me. The so-called kindness of a drop of water should be repaid by a spring of water." Facing this life-saving grace, Feng Li didn't know what to say.

At night, Gu Shaoyang and Feng Li discussed how to deal with Feng Ke tomorrow. After discussing the countermeasures, the two felt at ease.

In the morning, Feng Ke's enthronement ceremony was officially held. Feng Ke, who was full of joy, was completely unaware of the approaching danger.

Outside, Feng Li and Gu Shaoyang were already leading a group of troops to attack Feng City.

"Why, you have rebelled so quickly. If you know what you are doing, get out of the way."

The soldiers guarding the door were stunned when they saw Feng Li's appearance.

One of them wanted to inform Feng Ke inside, but was discovered by Gu Shaoyang and shot to death with an arrow.

"You still want to spread the word. You saw it. If you don't get out of the way, this will be the consequences for you."

"Come on!"

A bunch of people started fighting.

They applauded fiercely: "Okay!" While writing, he walked onto the stage.

Feng Ke was stunned when he saw Feng Li.

"You... aren't you already dead?" Feng Ke hesitated.

"What, it seems you really want me to die?"

The ministers of Feng Kingdom discovered that Feng Li was not dead, and they all knew that Feng Ke should go down. A group of people began to praise Feng Li. Seeing that something was wrong, Feng Ke thought that since he had already broken up with each other, he might as well fight to the death: "Come on. People, kill me!"

Feng Li had long expected that Feng Ke would not be convinced, and had prepared a large number of troops to fight Feng Ke.

At this time, the scene fell into chaos.

The flower essence outside was very worried about Feng Li, because Feng Li knew it was dangerous, so he asked Hua Jing to wait where he was. If he won, he would come back to greet Hua Jing, but Hua Jing still followed quietly. The battle situation was dangerous. Feng Li saw Hua Jing and signaled Hua Jing not to come out first, but Feng Ke saw it. It became clear that the relationship between the two was unusual.

He hijacked the flower essence

"Don't move, tell your people to stop, otherwise you will never see her again!"

Feng Li was forced to shout: "Stop it!"

"Why, is it more important for her to fight with me?"

"If you put her down, I will promise you anything!" Feng Li controlled Feng Ke's emotions.

Gu Shaoyang grabbed Feng Ke from behind.

"You are trying to trick me, let me go!" Feng Ke shouted.

Hua Jing was startled, and Feng Li quickly hugged Hua Jing, "Don't be afraid, I'm here with you."

"Yo, yo, it's really emotional!" Feng Ke felt unhappy and sarcastically said

"Shut up, stop struggling, it's useless!"

Feng Li slowly squatted down and looked at Feng Ke

"Now you are satisfied!" Feng Ke looked at Feng Li fiercely and said.

With a snap, Feng Li slapped Feng Ke in the mouth because Feng Ke hurt Hua Jing.

"I regard you as my brother, but I didn't expect you to treat me like this!" As he said this, Feng Li felt a little sad, with tears rolling in his eyes.

"Come on, push him down!" Feng Li shouted to the guard on the side.

"You must die a good death, Feng Li!"

When the ministers in Fengcheng saw that Feng Li was back, they all went to flatter him.

"The Wind King is mighty, the Wind King is mighty!" Everyone shouted.

And this success is also attributed to a loyal minister. This person is a member of Feng City named Tanzan. He has always known that Feng Li is not dead. He is only there to inform Feng Li. To assist Feng Li.

After Feng Ke and other judges were suppressed, things calmed down.

Chapter 1217

And Feng Li, who finally succeeded, picked up the flower essence and walked away gracefully as he wished.

"Don't worry, I won't let you suffer any more grievances in the future. I promise that what happened today will never happen in the future." Feng Li looked at Hua Jing with tenderness in his eyes.

Hua Jing nodded. Because he might have been frightened just now, Hua Jing seemed a little uneasy.

"Get some sleep, I'll stay with you." Feng Li continued to comfort him.

It wasn't until Hua Jing fell asleep that Feng Li left to deal with the chores outside. On the other hand, Hua Jing's father was still sending people around to look for Hua Jing.

"You're a bunch of trash, you can't even find a single person, so what's the use of you!" Hua Jing's father was very angry.

Feng Li knew that Hua Jing's father was forcing Hua Jing to get married, so he decided to find an auspicious day to get married first, so that Hua Jing didn't have to worry every day.

Back in the main court, Feng Li All the ministers in the city came to report one by one and discuss the matter of succession.

One minister flattered: "When the son of wind, Feng Li, comes back, of course it should be him. King Feng, please see that we continue to complete the enthronement ceremony!"

"Yes, yes, a city cannot live without a king for a day!" Others echoed

"In my opinion, the eighth day of the Lunar New Year is a good day!" Gu Shaoyang has already given Feng Li a bright future.

"Okay, then we will set it on the eighth day of the lunar month. In addition, I have one more thing that I hope everyone will worry about. When I board the plane, it will also be my wedding day. I hope everyone will worry about it these days!"

"Congratulations, Your Majesty! Congratulations, Your Majesty!"

After all these things were done, Feng Li felt relieved.

Gu Shaoyang also helped a lot. At this point, Gu Shaoyang decided to get up and leave.

"Brother Feng, I have something to do so I'll take my leave now!"

"How can you not participate in my wedding ceremony, and I can only leave this matter to you so I can rest assured, so don't refuse. You have been tired for me these days, so you might as well rest here with me before leaving!"

Gu Shaoyang thought, that's it. He has used up too much spiritual energy these days, and it really takes time to heal, so he agreed.

Since Feng Ke was arrested, Fengcheng has become extraordinarily peaceful, and the days are getting better and better. He's getting better.

And Feng Li's wedding day has arrived, and Feng City is very lively that day.

"After today, you will be the wife of Fengcheng. It is too late to regret now!" Feng Li and Hua Jing were having fun together, and they were very happy.

On this day, Feng Li's enthronement ceremony and wedding ceremony were held together. It was really a double happiness. But Feng Ke, who was pressed up, had not eaten or drunk for several days. He would be even more angry if he saw Feng Li Guo so cool and unrestrained.

He tried his best to escape, but even the soldiers guarding the door didn't bother to pay attention to him. He was really desperate, but he still didn't give up.

On this day, Feng Li successfully completed the most important day in his life. This was still with the support and help of Gu Shaoyang.

At night, Feng Li still missed the past friendship and went to see Feng Ke.

"Eat some. You can't do this without eating or drinking. What's the point of struggling like this? You are the only one who suffers. As long as you promise me to repent, then we can still be good brothers!"

"Stop being so pretentious. Everything we have together now is yours. It's all yours. If I die, it's not what you want."

Feng Li saw that Feng Ke had no intention of repenting at all, so he thought it was better not to let him go. Feng Li shook his head, sighed and walked away. After returning to the room, Hua Jing has been serving Feng Li by his side. , seeing that Feng Li was not in the right mood, he comforted him.

Flower Jing knew that Feng Li was a kind person, and he couldn't bear to see Feng Ke like this, but if he couldn't let him go, he would continue to cause harm, so this was a last resort. So

Hua Jing diverted her attention and said,"Feng Li, we will never be separated from now on, okay?"

When Feng Li saw the flower essence, all his worries disappeared, because now he only had the flower essence to cling to.

"good."After saying that, he hugged Hua Jing and the two of them lived a sweet life together.

"Let's go back to see my father in a few days, so that I won't be forced to get married in the future."

Feng Li was stunned.

"What, you don't dare anymore?"

"How is that possible? Of course I'm not afraid!"

At this time, Gu Shaoyang has been here for some time. His body has recovered after so many days, and he decided to leave early in the morning. Before leaving, he found Feng Li and Hua Jing.

"I'm leaving. You two should take care of yourselves from now on. Take care!"

"Brother Gu, thank you very much. If it weren't for you, I might not be here now. You are my savior. I will be there for you if you need anything in the future!"As he said this, Feng Li took out the wind spirit and flower spirit.

"You must accept this. This is the intention of the two of us. When you encounter difficulties, you only need to call us and we can sense it!"

The Wind Spirit and the Flower Spirit are the most important things for the Wind Clan and the Flower Clan.

After saying that, Gu Shaoyang walked all the way east. After leaving the flower essence behind, Gu Shaoyang had a lot less trouble on his way forward alone.

Chapter 1218

But not too far away, they happened to meet the group of people who met Hua Jing's father last time. Last time, Gu Shaoyang beat a group of them to a pulp.

Gu Shaoyang didn't take action when he saw it, "You go to Fengcheng with your princess, otherwise it won't be like last time!"

"Farewell!"

After hearing this, a group of people finally knew the whereabouts of the flower essence and hurried back to report it.

I don't know how long they had walked or where they were. Gu Shaoyang walked into a forest, and this forest was different from ordinary forests.

Every tree of them was They are spiritual, but Gu Shaoyang rushed in and alerted them.

"Who is here? How dare you break into this place!"The tree spirit said.

Just as he was talking, the bunch of branches began to fight with Gu Shaoyang. The branches stretched out to Gu Shaoyang one by one, but how could Gu Shaoyang fight with so many branches? In the end, he was entangled in a pile of branches.

After being entangled in the branches , Gu Shaoyang began to struggle, and he was a little panicked. But who knew that the more Gu Shaoyang struggled, the tighter the branches would be tied.

When he discovered this, he stopped struggling and changed his approach.

So Gu Shaoyang tried to cut it with a knife. He pulled the branches away one by one, but he pulled them away one after another... Every time he broke one, new branches would quickly grow back, entangled him again, and there was nothing at all. Room.

Just like this, Gu Shaoyang's physical strength was almost exhausted, but Gu Shaoyang still tried to struggle. He grabbed a branch and prepared to pull it down, but who knew that the branch was very sharp and cut Gu Shaoyang's hand.

Just like that, Gu Shaoyang Blood flowed from the palm of his hand. Just when Gu Shaoyang gave up struggling and was about to rest for a while, the blood on his hand flowed down the branches.

The blood that flowed out happened to be absorbed by the branches, because the branches were fused with Gu Shaoyang's After Xue felt it, he slowly loosened all the branches.

Gu Shaoyang felt weak and couldn't move. He suddenly thought of the wind spirit that Feng Li gave him when he said goodbye. He thought that there was nothing he could do in this place.

So He used his last meager strength to activate the wind spirit given to him by the Son of Wind.

At this time, Feng Li was dealing with family affairs. Because Gu Shaoyang told Hua Jing's whereabouts, Hua Jing's father came to the door in person. At this time, Feng Li Sensing that Gu Shaoyang is in danger

"Why, Brother Gu is in danger!"The flower essence also sensed it.

"Yes, you stay at home and spend time with your father, and I will come back as soon as I go!"Feng Li was anxious because he knew that Gu Shaoyang's magic power was very advanced. How could he activate the Wind Spirit if it wasn't something special?

"Father, I have to deal with something, please rest here first!"After Feng Li gave his instructions to his servants, he quickly sent people in the direction of Gu Shaoyang and sent people to help Gu Shaoyang.

"Come with me!"Feng Li walked along Gu Shaoyang's path to the forest where Gu Shaoyang was. At this time, Gu Shaoyang no longer had any strength.

Because the tree branches had just suffered a lot of injuries from the fight with Gu Shaoyang, and Feng Li didn't make any sound when he entered. The branches were not disturbed.

Feng Li looked at the forest and felt something was wrong, because Feng Li's father had told him since he was born that he could not enter casually, but now Feng Li didn't care so much for Gu Shaoyang.

"You guys wait for me here first, and rush in if anything happens." Feng Li decided to go in first, and told the soldiers not to enter without any orders.

After hearing this, the soldiers stood outside the forest one after another. Feng Li slowly walked out of the forest, and found the injured Gu Shaoyang at the end of the forest.

Feng Li asked soldiers to place Gu Shaoyang in a cave behind the forest. Gu Shaoyang woke up soon after. Gu Shaoyang was very weak at the time. Feng Li began to heal Gu Shaoyang. Seeing that Gu Shaoyang was feeling better, Feng Li gave Gu Shaoyang some spiritual power. Only then did Gu Shaoyang recover.

When Gu Shaoyang opened his eyes and saw Feng Li, he knew that Feng Li had saved him.

"This forest is very dangerous. I have lived here for so long and I have never been to this forest!" Feng Li said, and his father told him not to come here when he was young.

"Thank you this time, Brother Feng." Gu Shaoyang said to Feng Li after he got better.

"You take good care of yourself. This cave is very safe. It is the place where I have been since I was a child. I will leave some soldiers here to take care of you. You can take good care of yourself here for a few days before leaving."

Gu Shaoyang had no choice but to do this, because he was really seriously injured in the fight with those branches.

At this time, Hua Jing was being scolded by his father at home. Only then did Hua Jing realize that he had misunderstood his father and was not on good terms with his father. Get up

"Seeing that you are so happy now, I feel relieved. Forget it, I have been with you for a few days. If you still remember me, if you have time, you can take Feng Li back to see me as your father." After saying that, Hua Jing's father stood up and prepared to leave.

As soon as Hua Jing's father walked out, he met Feng Li who was coming back.

Hua Jing's father patted Feng Li on the shoulder.

"I gave my daughter to you, and you have to take good care of me from now on!" After saying this, Hua Jing's father left in tears.

#### Chapter 1219

After a few days, Gu Shaoyang's body recovered a little, and he decided to continue walking. After saying goodbye to Feng Li here, Gu Shaoyang walked east again.

Gu Shaoyang always felt like someone was following him that day. At first, Gu Shaoyang thought it was someone from Feng Li, but when he looked around, he found no trace of anyone.

But he found a branch on the ground. Gu Shaoyang didn't pay attention at first, thinking it was just a branch.

Then Gu Shaoyang felt more and more something was wrong, because wherever he went, the branch would follow him.

But these days, Gu Shaoyang feels like there is always another voice in his heart.

Gu Shaoyang seemed a little scared, thinking that he would be entangled in a bunch of branches like last time, so Gu Shaoyang looked at the branches and tried to communicate with it.

Gu Shaoyang found that the branches seemed to be able to sense his thoughts, so he slowly picked up the branches

"Why are you following me!"

Gu Shaoyang looked at the branch, and this branch seemed familiar to Gu Shaoyang.

Yes, this branch was the same branch that scratched Gu Shaoyang.

Originally, Gu Shaoyang was just asking on his own, and he was just suspicious in his heart, but he didn't expect it. , he asked casually, and there was no hope of getting a reply from the branch.

Who knew that when he was about to throw the branch away the next second, the branch actually started to speak!

"I just wrapped your branches around you! Because your blood flowed to my body and was sucked by me, I can sense your strength, so I am willing to be contracted by you and fight side by side with you!"

From the time the branch suddenly spoke to the time he finished telling what happened, Gu Shaoyang knew.

It turned out that after the branch cut his finger, the blood flowing out was absorbed by the branch, and after the branch absorbed the blood, it would form a kind of The spirit of contract.

In other words, Gu Shaoyang knew that he and Zhi Zhi now had a spiritual connection.

At first, Gu Shaoyang wanted to get rid of him, but unexpectedly Zhi Zhi could know his thoughts.

"I will follow you wherever you go!" Zhizhi continued to follow Gu Shaoyang.

And Gu Shaoyang also knew what Zhizhi was thinking. Zhizhi was just with him to collect more spirit stones.

Zhizhi knew that there were many spirit stones in the ring on Gu Shaoyang's hand.

"Demo, don't think about my ring!" Gu Shaoyang knew what Zhi was thinking, because the spiritual stone in the ring on his hand had more spiritual power than other spiritual stones, so it was very precious.

"Why do your branches have such great spiritual power, and why do you not allow outsiders to enter your place?" Gu Shaoyang has been puzzled by the fact that he was hurt by branches a while ago.

Because he does not believe that a forest can be in such great danger. force

"In fact, we used to live a normal life, and we didn't hurt anyone at that time, until one day a group of people came over and hurt our companions, so from then on, no one was allowed to intervene here, and once they entered, there were very few people. Or get out alive!"

Zhi Zhi said that all this is to protect themselves and their family members, so we have been living our lives in it.

After hearing this, Gu Shaoyang realized that they also have their own difficulties, but they are just not wanting to be hurt. That's all

"Let's go, I'll take you, and we'll go forward together to find the spirit stones." After that, Gu Shaoyang took the branches and walked east together.

Along the way, they looked for the spirit stones together, and when Gu Shaoyang found them, he gave them to the branches. Halfway through, Gu Shaoyang just kept walking with the branches. After the spiritual energy absorbed by the two of them these days, Gu Shaoyang's internal energy has also increased a lot than before.

But as the days passed, a little bit of spiritual stone was very fast for cultivation. It was not enough for Gu Shaoyang, but now he added a branch that seemed to be eating spiritual stones as food every day, and Gu Shaoyang couldn't bear it.

The key is that he had to give it to him! Because the branch now is only I want to be treated like an ordinary human child! Now is the time when he needs nutrition and enough spiritual stones.

So many times, Gu Shaoyang would rather not practice himself, but give up the spiritual stones to him. In this way, the branches to develop better

"Oh my God! This is too delicious for you!"

Although Gu Shaoyang is willing to let Zhi Zhi eat more spirit stones, he still can't help but marvel every time he sees the speed at which Zhi Zhi eats spirit stones.

"no way! I just want to eat it! And look! My strength has tripled again!"

Zhi Zhi was a little aggrieved, but at the same time he was very proud to show it to Gu Shaoyang, and Gu Shaoyang was like an old father.

Although he himself was "not enough to eat or clothed", but as long as the "child" is happy and making progress, he I feel like everything is worth it

"Fine! See how powerful you are! Let's go buy some more spiritual stones!"

Gu Shaoyang looked at the spiritual stones stored in his space ring and saw that there were very few spiritual stones left. There happened to be a small town ahead, so Gu Shaoyang prepared to go there, and then gave the tree branches and also reserved some spiritual stones for himself.

Chapter 1220

After all, he has a lot of gold and silver jewelry on him, which he gave to the boy in white when he helped him. He has never used it himself, but now it comes in handy.

"Then let's buy some! If there is no place to put it, you can put it in my belly!"

The branch was so boastful, but Gu Shaoyang couldn't help but twitching at the corner of his mouth when he saw his small, deflated belly: How could such a small belly eat so many spiritual stone fields! What a sin! While sighing in his heart, Gu Shaoyang In response to Zhi Zhi's words, he nodded with difficulty, and while Zhi Zhi Ge and Gu Shaoyang were practicing bickering, the two of them finally arrived at the gate of Sanxing City. They saw people coming and going at the gate of Sanxing City, and the vehicles passing by were all different. The dazzling array of movements was simply dazzling.

After seeing these things, Zhi Zhi, who entered the city for the first time, couldn't hold it any longer. He wanted to get closer and take a look here and there, but he was stopped by Gu Shaoyang in the end..

Because there are so many people coming and going in Samsung City, and various transactions are also conducted here, there must be many experts. Although

Gu Shaoyang dislikes Zhi Zhi in his heart, he also has to admit that Zhi Zhi is indeed a rare A good spiritual pet, so he was not willing to let Zhi Zhi show up and then be taken away by others.

Therefore, he restricted Zhi Zhi's freedom and temporarily imprisoned him in the space ring. Then, after Gu Shaoyang found an inn, Gu Shaoyang Only then did he release the branch that had been held in for a long time from the space ring.

"snort! I'm so suffocated!"

Zhi immediately complained as soon as he came out of the space ring, but Gu Shaoyang directly set up a barrier in the room, so no matter what Zhi said or begged, he just closed his eyes and ignored it.

Zhi is currently the character of a child. , after Gu Shaoyang ignored her for a long time, the branch gradually recovered, no longer clamoring to go out, but just stayed in the room to practice with Gu Shaoyang's spirit.

Finally, after they had almost finished practicing, Gu Shaoyang took the branch with him Go out, but he still put him into the space ring when he took the branch out.

In case he suddenly got excited and ran out, it would not end well for Gu Shaoyang, so in order to avoid this happening, he went directly to the root cause to solve this matter.

After leaving the inn, Gu Shaoyang went straight to the place where the panacea was. Here was the spiritual stone that Gu Shaoyang wanted.

And soon Gu Shaoyang came to the first one

"Boss, how many spiritual stones are there in your store? Wrap them all up, I want them all!"

Gu Shaoyang said very proudly as soon as he walked into the store, but the boss was not very enthusiastic about what Gu Shaoyang said. It wasn't until Gu Shaoyang took out a gold ingot from his arms that the shopkeeper immediately acted like a pug. , eagerly hunched over and came to Gu Shaoyang.

"Sir, do you think there is anything else you want besides spiritual stones? I'll get it for you right away!"

The shopkeeper pulled Gu Shaoyang to sit on a chair without saying anything, and poured him a cup of tea. Then he personally brought all the valuable things in their shop to Gu Shaoyang one by one for him to choose.

But it was okay at first, but not long after, after the shopkeeper introduced two things to Gu Shaoyang in succession, Gu Shaoyang lost the patience to continue.

So Gu Shaoyang quickly stopped the shopkeeper's actions, and the reason why he refused was because it was too delayed. Time, and his time is precious, so he doesn't want to delay, he just wants to find a simple and quick way

"I just need the things I just told you. I don't need the rest. Just wrap it up for me!"

After competing with the shopkeeper, Gu Shaoyang finally gave the shopkeeper his instructions very coldly and ruthlessly.

Seeing that the sales failed and the shopkeeper was a little angry, the shopkeeper quickly packed up the things Gu Shaoyang needed.

And the result After finishing the account, Gu Shaoyang visited several stores one after another. He bought almost all the spiritual stone resources in Samsung City. As a result, Gu Shaoyang found that the total of these spiritual stones was not enough for the two of them.

So if it were just these low-level spiritual stones, then the two of them might be able to use them up in three days, so they had to find more spiritual stones.

But where to find them became a big problem Question.

Just when Gu Shaoyang was scratching his head and scratching his head anxiously while walking on the road, without any clue, suddenly the words of two artificial workers passing by Gu Shaoyang caught Gu Shaoyang's attention.

"Why is there a spiritual stone mine that Mr. Zhou has built so well, but suddenly there are no spiritual stones! We both have been digging all day! I was so stunned that I didn't even see the shadow!"

"yes! Are we going together tomorrow? Seeing that this spiritual stone mine is open for free for people to mine, but there is no harvest at all, and it is such a waste of time and so tiring! forget it! give up!"
