Chapter 1221

Soon, after Gu Shaoyang bought the spiritual stones but could not find more spiritual stones, he was ready to take the branches to the next city to continue buying. He would not give up until he bought more spiritual stones.

And just when Gu Shaoyang was about to leave with the branches, he accidentally heard the conversation between the two workers, especially the sentence "free!"

This sentence soon reached Gu Shaoyang's heart: Since it's free, don't give it up for free. Although I don't know if it exists, you have to go there in person to know!

Then Gu Shaoyang quickly found out the location of Boss Zhou's spirit stone mine in Samsung City. It was already late at night when Gu Shaoyang arrived at the place.

At this time in the mine, many workers had gone home to rest, but only Gu Shaoyang was still looking for the spirit stone with the branches.

At first, Gu Shaoyang and Zhi Zhi were just digging the soil with their hands. They thought they would have a good harvest if they dug the spiritual stones, but the process was not so difficult.

And just when Gu Shaoyang had been digging for a long time and thought there was no chance, the branch on the other side, which was constantly digging into the soil with its own branches and vines, suddenly called out to Gu Shaoyang.

After walking in, Gu Shaoyang quickly saw a whole wall of spiritual stones, and suddenly saw a mine that had been judged to have no spiritual stones. When so many spiritual stones were suddenly found, Gu Shaoyang could no longer believe it. Described.

After being stunned for a long time, Gu Shaoyang came to his senses immediately. Then he went up to the branch to dig, and then he put all the dug spiritual stones into her space ring behind the branch.

In this way, as time passed by, the branch finally took out all the places where the spirit stones existed that he could sense. After taking them out, Gu Shaoyang began to count them in detail.

As a result, he couldn't count at all, but what he was very sure of was that now he and Zhi Zhi could be promoted solely by relying on this spiritual stone, and it was also guaranteed that they would not need to consider the issue of spiritual stones within a month.

However, although Gu Shaoyang knew in his heart that they had no shortage of spiritual stones in a short period of time, he did not tell the truth when he told Zhi Zhi.

"Alas, I thought you were of no benefit at first, but now it seems that you are still somewhat useful. For example, if you can find these spiritual stones, if you didn't have this ability, I'm afraid it wouldn't be enough to provide you with them." Gu Shaoyang looked at the branch, with a look that was a little disgusting and a little scrutinizing on his face.

The small branch trembled unconsciously.

A weak accusation soon came from his mind: "Master, don't be so cruel. I am very useful. Not only can I find spiritual stones, but I can also protect you."

"Come on, you?" Gu Shaoyang laughed and pinched its branch.

The branch seemed to be itchy and was trembling constantly.

It seemed that he wanted to avoid it, but he couldn't.

After all, the sad branch is There are no legs.

In the end, I can only cry and beg for mercy: "Oh, oh, oh, master, don't touch my body anymore. If you continue like this, the branches will be torn off by you.""

"If it were so easy to break, you wouldn't have lasted so many years. Besides, don't pretend to be innocent. I know very well what kind of virtue you are." In essence, he is a bloodthirsty creature.

Even if he pretends to be innocent, it is only because of the contractual relationship between them.

To be honest, when he first offended such a evil star, he really wanted to end the contract.

After all, this guy's appetite It's too big. If it can't satisfy him, it will be bad if Wen Yi swallows him without control.

But fortunately, this guy still has some skills.

He can find food by himself and can also bring him some help..

If this wasn't the case, this guy would have been destroyed by him long ago.

The branch is connected to her soul, and she doesn't know if she can feel his purpose.

The little branch trembled again.

Especially when Gu Shaoyang brought her Some strange eyes came over me.

Without saying a word, Zhi Zhi immediately pretended to be cowardly and flattered:"Master, don't worry, I will help you find treasures in a while. In addition to spiritual stones, other treasures with spiritual energy, I You can also feel it. You will not be disappointed if you take me with you."

This tone is like selling one's own goods at a discount in a shopping mall.

It looks quite well-behaved.

Gu Shaoyang smiled and stroked it:"Okay, then you have to do what you say, don't it disappointed me."

Zhi Zhi saw that he had given up his previous idea, and he immediately breathed a sigh of relief. He opened his mouth and tried his best to please him:"Don't worry, don't worry, Master, I will definitely be obedient and I will definitely be able to help you do a lot of things."

"By the way, Master, where are we going now?"Zhi suddenly thought of this matter and was a little confused, so he asked.

Gu Shaoyang's eyes suddenly became deep and he looked into the distance.

Chapter 1222

He looked at that extremely distant place without saying anything, but there was a hint of depth in his eyes.

I don't know why, but the branches of the branches straightened up a little.

It can feel the owner's caution in that direction, as if there is something very important there.

Therefore, Zhi Zhi did not dare to guess and ask casually, and could only ask tentatively.

I originally thought that the owner would not tell it, but in the end, Gu Shaoyang seemed to sigh softly, pinched its branches and leaves, and said: "A place of treasures."

The branches can feel the aura and the treasures..

When I heard him say that, my whole body lit up with great interest.

"Master, master, do you want to go treasure hunting? I can help you!" It felt that it had finally played its role and began to speak excitedly.

Gu Shaoyang smiled and thought that its fawning look was really funny.

Why didn't he see that the branches that looked so fierce before were actually funny? One-sided.

He smiled a few times, teased it a few times, and said: "No need, I'm afraid you won't be able to find the treasure this time with your strength."

Gu Shaoyang's words are not belittling it, but he is seeking truth from facts.

But hearing it in the ears of the branch is simply a shock to it.

As a spiritual tree that can be used for treasure hunting, this is the first time that it has heard people say that it is useless..

And this person is still its owner.

The branch was unhappy, felt aggrieved, and even more unwilling.

He asked:"Master, you haven't tried it yet, why do you think it's not possible? If I don't know the treasure, how can Master?" knew?"

The branch was dissatisfied.

But Gu Shaoyang didn't say anything about its willfulness.

The branch is indeed very powerful, but can he compare with the five keys he collected?

No way.

It's not at the same level at all, so the five keys point to The place of treasure.

It cannot be sensed.

But there is no need to say this.

Gu Shaoyang ignored it, put the branch in his pocket, and continued to set off.

"It's none of your business, stop talking nonsense and keep going."Gu Shaoyang said lazily.

It took him half a month to travel in this way.

When he arrived, Gu Shaoyang's face was full of gloom.

"Zhi Zhi, what the hell did you do? You ate most of my spiritual stones. If I had known better, I still wouldn't support you!" Because the branches are very edible, his spirit stones are constantly being consumed along the way.

Gu Shaoyang's patience is also being consumed little by little.

The branches are wronged, and the branches are also very pitiful.

Does this have anything to do with it? It has nothing to do with it. It was just hungry, so it ate a little.

Who knew a little was so much.

It could do nothing but remain silent.

"Forget it, you will go hungry next!" Gu Shaoyang didn't have any thoughts to pay attention to it.

Because he had already arrived at the destination, he had a more important thing to do. He secretly took out five keys and sealed their breath.

The branches were of the same mind as him, and suddenly I felt it

"Master, this, are these the legendary five keys? After the legendary five keys appear, there will be a treasure." The branch was so excited that the whole branch was trembling.

"Yes, but there is another thing. Once the five keys are synthesized, the breath will be emitted for a time. By then, the branch will also understand this truth, so no matter how excited it is, it will calm down.

"So now we have to find a place to practice and improve my strength. When those people come over, we will have a chance to escape from their hands and successfully find the treasure location." Gu Shaoyang had already put away the five keys.

His eyes were full of determination.

As soon as Zhi Zhi heard these words, he immediately understood what he meant. He also echoed and said: "That's right, isn't it? Wrong, master, you must work hard to practice. When your strength improves, you will be more confident."

The branch is not in a hurry. Rather than opening it now, it will be easily snatched away by those masters.

It is better to wait until you are fully prepared before opening it.

Besides.

As long as these five keys are in the hands of the owner, then There will be no problem.

The address of the treasure will definitely appear with the appearance of these five keys.

In this regard, Zhi Zhi is not worried at all.

"Therefore, you should take care of yourself during this period. If you need spiritual stones, go find them yourself. I will use the remaining spiritual stones to consolidate my cultivation." Gu Shaoyang suddenly raised his eyebrows, and then said such a ruthless word.

Sure enough, the branch was full of excitement just now, but when he heard these words, his whole person shrank.

"What, what, no wonder Master, you want to tell me the secret of the five keys. So this is what you had in mind?" Zhi felt like he was about to cry without tears.

Chapter 1223

It was not easy to live a life of being taken care of by others.

How much time had passed and it was time to go out to hunt for wild food.

Wow, it's a very sad tree.

"Master, don't worry, I will definitely work hard to find food, and I will still be by your side when the time comes, waiting for you to synthesize the key to protect you." But the disappointment and sadness only lasted for a moment.

The branch quickly became aware and felt that it had gained confidence and inspiration.

Because it also wanted to improve its own strength during the period when its master was improving its strength.

Only then can it be convenient to fight side by side with its master.

When he thought of this, his little body seemed to be full of energy.

After hearing this, Gu Shaoyang's mouth twitched, but he did not interrupt his ambition.

The branch. It's a pretty good idea, but maybe it really needs to be discontinued when the time comes.

"Okay, I believe you can do it." Appropriate encouragement is still needed.

Gu Shaoyang gently patted the branch. He originally wanted to pat it on the shoulder.

But he couldn't understand its arms or legs, so he just patted it from top to bottom. Once again.

This time, the branch suddenly became shy. If it hadn't been because its body was not soft enough, it might have curled up.

However, even so, its branches and leaves couldn't help but quietly rolled up.

It looked like It seemed to be very shy.

Gu Shaoyang looked at it and smiled with interest.

Then he put it on the ground and let it move freely.

"Go and help me find a secluded place where I can practice." He thought for a moment and then asked it.

The best talent of Zhizhi is to be able to sense the natural environment.

Therefore, this task is nothing to it.

Zhizhi quickly followed the instructions.

It didn't take long, news came from the branch that it had found a very suitable place.

Gu Shaoyang no longer wanted to waste time, so after finding the place, he quickly began to practice in seclusion.

During this period, they collected a lot of spiritual energy. Stones can be used for his absorption.

The most important thing is to find a quiet place and then upgrade directly.

Feeling that a barrier has been set up around him, Gu Shaoyang has begun to enter seclusion.

The tree branches first guard the side. For a while, wait until you are almost sure that there is no particular danger around, and then leave first.

After all, it can't stand being alone there.

The most important thing is to find some food that can be eaten, and increase her strength, so that she can help The owner has arrived.

Day after day, day after day passed.

I don't know how much time passed.

One day, the branch that had eaten and drank slowly returned to the owner's place.

While walking on the road, I suddenly felt It felt a strong sensation when it arrived at that place.

It froze for a moment, and then flashed.

Soon, it appeared at the owner's place.

It finally saw Gu Shaoyang, and felt the growing strength of Gu Shaoyang.

It was very happy for him. : "Great, Master, you have been promoted, finally promoted!"

Gu Shaoyang was also very happy. He felt the abundant strength in his body. He also knew that it was time.

"Branch, stand over a little while I start to synthesize five keys. We have been delayed for a long time and cannot delay any longer." He knew that there would be others fighting for it.

He had just broken through and still had some remaining strength.

It was best to combine it at this time, and then he could escape with one blow.

Zhi understood what he meant and stood aside immediately..

While standing on the other side, he also exuded his own coercion, intending to protect him.

When he took out the five keys, the five keys rose directly into the air.

Then, a wave of energy condensed in his hand. The power slowly rushed towards the five keys.

At this time, the essence of the five keys had been broken.

They all exuded an aura.

Likewise, this time was also the most dangerous time, because those masters Already felt this aura.

Gu Shaoyang could feel that several groups of people were coming towards him.

When they saw his movements, their eyes lit up, and their coveted eyes kept glancing towards him, which made him very Feeling uncomfortable.

But no one came forward to snatch it. Gu Shaoyang couldn't help but sneer in his heart. He knew best what these people were planning.

Aren't they just waiting to reap the benefits?

They can't destroy it now, they can only Wait for him to synthesize the key first.

After the synthesis is completed, they can directly come forward to snatch it together.

Gu Shaoyang is not as powerful as them, so he is not taken seriously by them.

I am afraid he is just used as cannon fodder.

Slowly, The five keys were almost being synthesized bit by bit.

Those eyes became more expectant and passionate.

Finally, when the five keys emitted an unprecedented light, it meant that the synthesis was completed.

Chapter 1224

"With a"pop" sound, one figure after another emerged from the grass.

But when one of the most powerful people went to snatch it, he found that Gu Shaoyang, who had been standing there for a while, suddenly disappeared.

Feel him The breath has disappeared thousands of miles away

"Damn it, let him get away." Thousand Miles Talisman "

"No matter how you run away, you can't escape my grasp." The master sneered, and immediately wanted to chase in that direction.

But at this moment, a tree suddenly rose from the ground in front of him, blocking his way.

Gu Shaoyang's thousand-mile travel talisman was specially left by him..

And because the other party is a master, in order to avoid the other party and prevent the other party from noticing this, he really spent a lot of money on the talisman paper this time.

After arriving at a safe place, He finally breathed a sigh of relief

"Huh, I'm not a fool. I wasn't prepared at all when I synthesized the key, fool." Gu Shaoyang held the synthesized key in his hand and laughed.

At this moment, the tree branch's call for help was conveyed in his mind.

"Master, master, help me quickly. There are many masters here, and I have been besieged by them. If you don't come back, I will be burned to pieces by them." The branch is very strong.

But it has not reached the strongest point, and there are still a lot of these masters.

If they fight against the branch together, the branch will really be unable to resist.

On the other side, the situation here is also very urgent.

"What is this, tree spirit? Haha, what is the origin of that brat just now? Not only does he have the Thousand Mile Talisman Paper, but there is also a tree spirit guarding him." When one of the masters said this, he sneered coldly.

His eyes were full of jealousy and ridicule.

Why didn't he have such good luck?

Moreover, the brat just now was not as strong as them.

Not only did he win five The key, and there are so many good things.

If they can snatch it...

Almost everyone here has reached the same idea.

His eyes saw the people next to him, the people nearby, these people are all going to follow The competitors they were arguing with.

There was a hint of hostility in their eyes.

But soon, a more authoritative expert came forward: "Everyone, killing people and seizing treasures is nothing like this among us, but It's also about first come, first served. This tree spirit is very difficult to deal with now. Let's work together to deal with it first. If we go to snatch the treasure by then, it will be too late."

This person directly asked them to cooperate.

These masters are not fools. They know that one person cannot deal with it. It is of course a good idea for so many people to cooperate.

They agreed.

So these masters began to attack the tree spirits.

"Say, Dryad, where did that brat go? If you don't tell me, I will burn you to death!" One of the masters almost broke its branch.

And it can use fire power.

It is the thing that the branch is most afraid of.

The branch managed to stabilize itself. Of course it will not betray its owner.

Therefore, at this time, Gu Shaoyang can also feel it. It's dangerous.

Gu Shaoyang immediately flew towards a place quickly. After finally determining the specific location, he started to talk to the branch mind.

"Okay, it's time now. Thank you very much, branch, and come to where I am." Gu Shaoyang sent the message through his mind.

They already had a contract, and the branch could feel his position, and he could also feel that he was ready for everything.

Therefore, there is no need to delay any longer. If this continues, if he did, its life would be gone.

Without saying a word, he immediately gathered all his strength and rushed in his direction.

It didn't take long before he arrived at his location.

The look on his face was aggrieved. Baba: "Wow, Master, you finally summoned me back. If it were any later, I would be killed by them."

Originally, he wanted someone to avenge him, but after comparing the strength of his master and those masters, Zhi finally gave up the idea. Forget it

, forget it, let's wait until he becomes stronger in the future to talk about revenge.

"Master, but where are the masters, how should we enter the treasure land?" Zhi Zhi was puzzled.

Gu Shaoyang laughed strangely at this time: "The place where we are now is the real treasure place."

"What?" After hearing this, Zhi Zhi was simply shocked.

Gu Shaoyang didn't explain anything, just rolled his eyes at it: "What's wrong? Is this any surprise? Or do you think I'm a fool, so I will expose the real treasure place? I grabbed the key and opened the treasure. How could I be so stupid?"

Zhi Zhi was speechless because he felt that he was the one who was stupid.

Because he really believed it and believed that that place was the place of treasure.

Chapter 1225

But he didn't expect its owner to be so cunning. He made a move to attack the east and west.

"Okay, let's not waste time. We were affected by the synthetic key just now, and the treasure land is about to appear. Be prepared, let's go in immediately!" Gu Shaoyang had already taken out the synthetic key.

At this critical moment, they suddenly felt the sound coming from outside.

"Okay, how dare you lie to us, you brat, give me the synthesis key quickly, or I will kill you!" At first, the masters thought that the place just now was the place of treasure, so they waited for a while.

But since they are masters of this age, they would not really be fooled.

After a while, they finally realized something.

He also noticed the aura of the synthetic key to open the treasure door, so he immediately chased after him.

Just at this time, the treasure door had been opened.

Gu Shaoyang did not pay attention to the people behind him, and directly took the branch.

Entering the treasure at once Land.

When those masters wanted to chase after them, they just bumped into the treasure door.

Of course they couldn't get in without the synthetic key in their hands.

They could only rage outside and be so angry.

After entering safely, Gu Shaoyang took a long breath:"Huh, great, I finally escaped them."

The branches also felt like they were surviving a disaster.

One person and one tree calmed down for a while, and then they realized that they were in a supernatural space. The surrounding environment was like a cave.

There were gems emitting light on it.

Therefore They were able to convene a road.

This road led all the way forward, with no room for retreat.

At the same time, the surroundings were empty and nothing could be found.

They could only walk forward.

They didn't know how long they walked, and Gu Shaoyang was so tired. When they were a little bored, they saw a door.

They didn't expect that another door would appear in front of them.

It was a mistake.

Everyone and the tree were disappointed.

"Master, what should we do now?" Zhi asked

"I can't help it. I didn't expect that there is a door inside, but I don't have the key inside. But I think it should have its own wonders because it is set up here, or the key to open the door is near them. Let's just look for it together!" Gu Shaoyang could only imagine this.

Zhi Zhi also thought it made sense and started searching with him.

But after searching for a long time, there was no result.

This was when they were distressed.

"careful!" Suddenly, a knife appeared above their heads, slashing straight in their direction. Gu Shaoyang immediately pulled the branch to avoid it. Only then did the branch react

, and looked at the top of his head. This time, his voice was shocked, and... Have tremors

"Lord, Master, it's over, what should we do next?" Zhi Zhi is also experienced in many battles, and rarely utters the words "finished".

An ominous premonition suddenly appeared in Gu Shaoyang's heart, and he immediately raised his head.

Sure enough, when he saw the scene in front of him, he couldn't help but His eyes widened.

A trace of deep thought flashed through his eyes quickly.

What should I do? What should I do next?

It turns out that although the machete just now is fast and looks very dangerous, it is just an appetizer at best. That's it.

Because everything is still behind.

Gu Shaoyang looked at it and felt shocked in his eyes.

It turned out that there were countless flying knives hanging on it. They were ready to go.

The target was very clear, that was them.

The branch felt that if there was someone It's so solid, I'm afraid my legs will be weak from fear.

"What should I do, Master, what's going on? We haven't found the treasure now, but we have broken into such a dangerous place. Is this really a treasure hiding place? Could it be that an expert set it up here deliberately? It's a cover-up."If there is much expectation among the branches, there is no expectation at all now.

No matter what treasures or treasures, it doesn't care much about it.

The most important thing now is that they can leave here as soon as possible, and Able to leave here safely.

The look in Gu Shaoyang's eyes was also a little strange, and he didn't know how to explain the current scene. He originally thought that there should be a lot of treasures in this place, and there wouldn't be too much trouble in entering.

Now it seems that entering instead It's a place of right and wrong.

It's weird.

Gu Shaoyang thought to himself. This time, even he couldn't help but have a suspicion. Did he really come to the wrong place?

Impossible.

He spent a lot of effort to get five keys. Not to mention the pain, and such huge power cannot be used just to set up a killing array.

Then this is really overkill.

Unless...

Gu Shaoyang has already thought of something, and has a reasonable explanation.

He spoke He said: "The place where the treasure is hidden should be real, but it's just up to us whether we can get the treasure. How could it be so simple to get the treasure? But I didn't expect that there would be dangers in it."

Looks like you were careless!

Chapter 1226

If anything, it's that Gu Shaoyang didn't think clearly about this aspect.

After all, no one gave him experience, and no one told him how dangerous it was.

The most important point is that even if he finds some magic weapon, it may be useless.

Because he could feel the power emanating from these flying knives.

This must be a very powerful magic weapon. Ordinary objects may be shot through by him at once. How can it stop it?

Gu Shaoyang took a deep breath and had already adjusted his emotions in his heart.

Looking at the trembling branches, he just said lightly

"It's not so easy to get the treasure, branch, either we get the treasure today, or we die here today. If you don't want to die, cheer up!"

They had no escape and no choice.

Zhi didn't know if he was infected by his emotions or what. After he was scared for a while, Zhi's emotions had recovered.

He also gradually became determined in his heart.

", I know, I will never give up."The branch spoke very firmly.

At this moment, there was no time for them to think more.

Because these flying knives were already shooting in their direction.

There was no pattern or purpose.

The only one The goal is to shoot through them.

There are flying knives with a cold light on them.

If they are accidentally scratched, you can feel a gust of wind blowing through them.

Even if the body is not hurt, you will feel a stinging sensation..

This is the power brought by the flying knife when it flies by.

Immeasurable power.

The appetizers are so powerful, one can imagine how important the treasures inside are.

A fire slowly rose in Gu Shaoyang's heart, and he Not admitting defeat, no matter what,

Gu Shaoyang's body's reaction and sensitivity are very high. He resisted the attacks of these flying knives for a while.

But that was just a drop in the bucket, because there were too many of these flying knives..

And he is not a machine, there will always be times when he rests or is tired.

Finally, when his hands and feet were sore due to fatigue, a flying knife directly injured his shoulder.

"With a click, the blood flowed out directly.

"Owner!" Zhi Zhi exclaimed, full of disbelief.

Zhi Zhi now looks worse than him, already scarred.

Gu Shaoyang is already much better.

After resisting for a few more times, they finally waited until the flying knife ended..

Gu Shaoyang covered his shoulders, slowly gritted his teeth, and held on forcefully.

But the matter was not over yet.

The flying knife had just passed.

Then a meteor hammer came out.

"Damn it, what the hell, is it necessary to play with me like this?" Gu Shaoyang is really angry now, very angry, very angry. It's too much.

First the flying knives, then the meteor hammer.

It seems that they won't give up until his life is spared.

But what else can they do except resist? , there is no way.

His body is tired, and he has to resist even when he is tired.

At this moment, he has been forced to the door. At this time, he has been hit several times by the meteor hammer, with many scars on his body and blood flowing out. Come down.

When he escaped unexpectedly, he touched the door with his bloody palm.

A strange scene happened. These bolas seemed to be fixed.

They hung motionless in the air and did not attack them.

And he also Hearing the sound of the door.

Gu Shaoyang looked at his hands, his eyes gradually deepened: "Could it be that....."

A guess gradually formed in his mind.

After hesitating for a moment, he still stretched out his hand.

Sure enough, it was blood that touched the door.

But there was too little blood on his hands, and he could only hear a sound.

It's already reached this point, and he really doesn't want to give up.

Gu Shaoyang was cruel and cut his hand with a knife.

The blood was directly transferred to the gate.

The door was like a bloody mouth. He smelled the blood and was as greedy as a beast, sucking his blood in big mouthfuls.

As he watched, Gu Shaoyang's face turned pale little by little.

"Owner....."The sound of the branches sounded distressed.

Finally, the door opened, but Gu Shaoyang couldn't.

I saw that Gu Shaoyang couldn't hold on anymore and fell back with a pale face. The moment his body fell, his eyes were staring directly at the opened door.

When the tree branch saw Gu Shaoyang like this, he quickly stretched out his cane to support the person and provide nutrition to Gu Shaoyang.

Because before Zhi Zhi met Gu Shaoyang, he had been in the forest and went back to entangle those intruders for him, and then drained their blood.

Over time, what was flowing in his body was no longer juice, but living, human blood!

It is precisely because he has sucked the blood of many people before that he can now help Gu Shaoyang recover when he is in danger.

Chapter 1227

Only then could he come to help, inject nutrients into Gu Shaoyang, and help him wake up from his coma quickly.

But because when Gu Shaoyang opened the door, the door absorbed too much blood from Gu Shaoyang's body, so Gu Shaoyang remained in a coma for several days, as if he was a living dead.

During the days when he was in coma, branches had been delivering nutrients to Gu Shaoyang's body. And Zhi Zhi's own physical strength was also exhausted because he kept feeding Gu Shaoyang.

Fortunately, Zhi Zhi did not give up and kept transfusing all the human blood in his body into Gu Shaoyang to maintain Gu Shaoyang's body. After these few days, Gu Shaoyang's health has obviously improved.

Gu Shaoyang opened his eyes dimly and said, "Hi~" His body was very tired, but he felt that his body was much better. Gu Shaoyang looked around and found nothing.

And he found that the branch on his body had disappeared. He stood up and was about to continue looking for it. Suddenly he felt as if he had stepped on something under his feet. He lowered his head suddenly and found a fork of a branch lying on the ground.

Only then did Gu Shaoyang realize that it was the branch that saved him, so he walked forward and found the branch that was about to wither. Because the branch did not have much spiritual power, and the magic power in Gu Shaoyang's body was too heavy, the branch was conveying physical strength to Gu Shaoyang. At that moment, a magical force bounced the branches away.

Seeing that the branch was about to wither, Gu Shaoyang bit his finger and dripped a few drops of blood on the branch.

The branch seemed to feel a kind of power and jumped up. At this time, Gu Shaoyang smiled when he saw that the branch also came to life.

"thank you!"Gu Shaoyang picked up the branch.

After these few days, Gu Shaoyang had almost recovered, so he took the branch and the two of them continued walking, looking around inside.

Because it was a little dark inside, Gu Shaoyang couldn't see clearly and had to fumble forward.

Suddenly, Gu Shaoyang found out ahead. When there was a light, he hurried over. Gu Shaoyang went over and found that there was a candle.

There was a large box under the candle. Gu Shaoyang did not open it directly after discovering it, because there might be traps hidden everywhere.

And his physical strength He had just recovered and could no longer suffer any harm, so he became extra cautious. He first knocked on the box tentatively, but there was no sound inside, then picked up stones from the ground and threw them at the box. After a while, he discovered that this It seemed like it was just an ordinary box, so Gu Shaoyang opened it carefully.

"Ah, what is this!" Suddenly a light flashed into Gu Shaoyang's eyes.

Gu Shaoyang slowly opened his eyes and found that there was a pile of shining gold and silver jewelry in the box, but these were meaningless to Gu Shaoyang because he was not interested in them at all. He All I want is a treasure that will greatly increase my physical strength

"Don't underestimate these things, they are nothing to you, but for those mortals, they are enough to live for several lifetimes!"

Gu Shaoyang disdainfully buttoned up the box and prepared to move forward, but the branch seemed to feel something different here. The branch deliberately fell from Gu Shaoyang's body, signaling to Gu Shaoyang

"here! There must be a treasure here! Come and take a look! But

Gu Shaoyang didn't pay attention and picked up the branch and prepared to continue walking. But after taking two steps, Gu Shaoyang found several corpses suddenly lying on the ground. This shocked Gu Shaoyang. Gu Shaoyang stopped and looked at the corpses on the ground. He was covered with stab wounds. , he discovered that these people must have come to hunt for treasure just like him, but they had not resisted the previous injuries, and they had no physical strength when they got here.

Gu Shaoyang was a little scared, because he didn't know what dangers were waiting for him here.

He suddenly thought of the place where the branch had just fallen, and thought something must be strange, so he went back the way he came and looked around the box.

"Move the box out of the way." The branch signaled to Gu Shaoyang, and sure enough he discovered that there was a tunnel under the box.

He moved the box and found that there was a hole under the box, but he didn't know what danger there would be down there. Gu Shaoyang hesitated, not knowing whether he should go down or not..

Now that we have found it, we should find out, Gu Shaoyang thought.

But Gu Shaoyang didn't seem to intend to take the branch with him, because it was just a branch and didn't have much spiritual power. If there was any danger, it might even affect the branch.

So Gu Shaoyang took the branch with him. Put it in one place and prepare yourself to go down

"Take me down, I want to go down with you! Gu

Shaoyang was stunned, "It will be very dangerous down there, just wait for me above.""

After saying that, Gu Shaoyang jumped up and jumped from the hole, but the branch didn't listen and jumped down quickly after Gu Shaoyang. Gu Shaoyang quickly got up and saw the branch coming down and hurriedly caught it.

The scene in front of him shocked Gu Shaoyang.

The walls were covered with various martial arts secret books. Gu Shaoyang got up and checked them one by one, which made Gu Shaoyang secretly happy.

However, since it was not safe here, Gu Shaoyang decided to put all these secret books into the ring first.

Chapter 1228

Wait until he succeeds and then take him out to practice slowly. Otherwise, if he continues to practice here, he is worried that it will be very time-consuming.

So Gu Shaoyang sat down and began to recite the incantation. I entrust the Nine Heavens Xuannv Empress, the Big Dipper Lord, the Supreme Immortal Master, and all the gods to grant me the

diamond iron pen finger, which will make the sky clear, the earth and the spirit, the gods and gods will be prominent, and everyone will live forever. , the dotted talisman is efficacious, as urgent as the law, collect it.

But it was of no use, because as soon as I received the ring it returned to its original appearance. Gu Shaoyang was confused.

So Gu Shaoyang was ready to try it himself first. He put down the branch, took down a secret book, and began to practice with concentration.

After a period of time, Gu Shaoyang finally succeeded in practicing, so he tried to hide the secret book in the ring, and he succeeded.

Gu Shaoyang discovered that the secret book could not be taken away directly. It could only be taken away after practicing each book. With no choice, Gu Shaoyang had no choice but to prepare to practice martial arts one by one.

Gu Shaoyang saw that the branches also needed to maintain physical strength, so he decided to take the branches with him and practice here.

However, it is not advisable to stay here for a long time, because he does not know what dangers will be approaching at any time. Gu Shaoyang took the branches and walked around. They found a relatively safe place. In order to be able to practice with peace of mind, Gu Shaoyang temporarily set up a knot here. boundary.

But how could Zhi Zhi learn this secret by himself? Gu Shaoyang had no choice but to practice it by himself every day, and then transfer certain nutrients to Zhi Zhi.

In addition to practicing every day, Gu Shaoyang also practices with Zhi Zhi. In this way, Gu Shaoyang and Zhi Zhi practice here day after day, and they have forgotten how much time has passed.

At this time, half a month has passed.

The people guarding outside tried their best to come in,"Since we can't get in, I don't believe that Gu Shaoyang can't come out!"

Then everyone agreed:"Yes, we will stay here."

"Boss, you said Gu Shaoyang has been in there for half a month and hasn't come out yet, so he won't escape, right?"

"Shut up, this place is sealed tightly by us, how is that possible!"

"How could he, Gu Shaoyang, beat the likes of us by himself!"The leader said.

Gu Shaoyang, who was practicing inside at this time, didn't know it,"I've finally finished practicing!"

Gu Shaoyang didn't have a good rest after these days of practice, so he fell down and fell asleep.

After sleeping for a while and waking up, Gu Shaoyang felt that his whole person was refreshed and all the functions of his body were online. So he continued to hunt for treasures.

Gu Shaoyang continued to go deeper. He felt that there must be another mystery inside, and there would definitely be greater discoveries.

He carefully observed the situation in the cave, very cautiously, and not long after, a corner appeared. With a little light, Gu Shaoyang came looking for it. He couldn't believe how there could be a coffin in such a deep place.

Gu Shaoyang looked around again with some trepidation. He felt that the temperature around him was plummeting. He took out a ring and let it form. A protective cover made me feel at ease.

No one had been to this ghost place, so why was the coffin placed here? These were things that Gu Shaoyang couldn't figure out no matter how hard he racked his brains.

Driven by curiosity, Gu Shaoyang decided to step forward boldly and open the coffin. Although it was a bit abrupt, he really wanted to know what was inside.

Seeing that there was not much dust falling on the surface of the coffin, Gu Shaoyang probably guessed that something was unusual, maybe there was nothing inside at all....Maybe it was just to deceive others.

He stepped forward and carefully opened the coffin lid little by little. At this time, the light around him disappeared. When Gu Shaoyang reacted, he discovered that there was such a corpse in the coffin. The old man was intact.

There were no scars on the old man's body, and there was even a trace of blood on his face, as if he was still alive. Gu Shaoyang went up to check the old man's breath.

But it was not as he thought, the old man had indeed died. Yes, Gu Shaoyang felt somewhat respectful towards him. He stood up and bowed deeply to the old man.

"Although I don't know what you have gone through to end up in this situation, old man, I have no ill intentions to disturb you, and please forgive me for my mistake in opening the coffin."

Maybe it was because of a trace of conscience in Tu's heart that Gu Shaoyang made this move. At this time, Gu Shaoyang realized that there were some extremely precious secret books in the coffin, as well as spiritual weapons.

"Now I have indeed gained a lot from this trip. I don't know what the background of this old man is. Even if he is buried with him, he will not bury such a good secret book here."

Gu Shaoyang felt more and more that something was wrong, he had never thought about it. , but now it's good, he discovered these things, which can be regarded as allowing these treasures to see the light of day again.

Gu Shaoyang carefully removed the old man's hand from the secret book, for fear of damaging the old man's body.

Gu Shaoyang's attitude was so respectful and sincere , perhaps because of this, the mechanisms near the coffin did not respond at all.

Chapter 1229

Only then did Gu Shaoyang safely take out everything inside.

Unconsciously, a long time passed and it was already late at night. The cold air in this cave made people's breath disordered. If it weren't for the ring, Gu Shaoyang would not be able to have such an easy time.

Gu Shaoyang gently closed the coffin lid and reassured the old man that no one would disturb him here again. At this time, a secret passage suddenly appeared next to the coffin

"What? There is a secret passage here? It's so deep, I didn't expect it." Gu Shaoyang obviously felt a little unbelievable. He was a little uneasy, fearing that someone would ambush him in the secret passage.

But Gu Shaoyang also felt that he had obtained so many spiritual weapons, and he was naturally so powerful that no one would take him seriously. In this way, he entered the secret passage. He said, there is a huge difference between the inside of the secret passage and the outside.

The cold air at this time has weakened significantly, and even the protective cover is no longer needed. "Stop!" Gu Shaoyang put away the ring barrier and slowly explored the secrets in this secret passage.

"This is really a place of treasures, secret books, spiritual weapons, treasures, haha, now I want to see who else can defeat me., when I get out, I will practice hard, and after I learn these secret techniques, I will destroy all these secret books, so that I will be the only one who knows these secrets from now on."

Gu Shaoyang was very happy. After several days of searching, Gu Shaoyang took away all the treasures in this treasure land and returned home with a full load. However

, the food that Gu Shaoyang brought with him this time was not very sufficient. He had to think about it as soon as possible. There is a way to get out, but what people didn't expect was that waiting for Gu Shaoyang outside were all kinds of masters.

Maybe they all knew about Gu Shaoyang's harvest this time, wanted to get a share of the pie, and even wanted to get rid of Gu Shaoyang. There will be future troubles.

Gu Shaoyang is still unaware of it at this moment. He keeps all the treasures and secret books in his body, slowly walks out of the secret passage, and seals the secret passage with stones.

"Now no one knows it exists." Gu Shaoyang wanted to hide it, and also wanted to prepare for the future when his cultivation level would greatly increase and he would not be outspoken.

But after he finished handling the secret passage, he discovered that the coffin containing the old man had disappeared, and nothing had moved on the ground. Traces, everything that happened makes no sense. It seems that Gu Shaoyang was under some illusion.

Gu Shaoyang took out a sword and shouted "break", trying to see if he could use the sword energy to split this so-called illusion barrier. Kai, he didn't believe that the things he saw were all fake.

But no matter how hard Gu Shaoyang tried, nothing around him changed at all. At this time, Gu Shaoyang even began to doubt himself again.

"It's really weird. I'd better leave this place quickly, in case even the entrance to the cave disappears later." Gu Shaoyang was preparing for the worst. He couldn't think about it now.

Gu Shaoyang just wanted to leave here quickly, but before he took a few steps, he was entangled by a strange spirit.

"Gu Shaoyang, where do you want to go? Do you think my place is a place where you can come and leave whenever you want? You are so greedy, and you still want to leave unscathed?" Soul obviously knew what Gu Shaoyang had taken.

Gu Shaoyang didn't have any fear at all, and he was confident. He said: "Only you? You want to stop me? Why, those things I like are naturally mine. I want to go back and see if I have what it takes.""

The soul was obviously irritated by Gu Shaoyang. With a wave of his hand, many black bats appeared around him. They were all born of violence and were specially designed to defeat people like Gu Shaoyang.

Gu Shaoyang also noticed the strangeness of these bats. Normally, he felt that he took out the treasure to resist for a while, and to delay time to escape from here.

The soul could not see the light and was suppressed by the treasure. Gu Shaoyang took the opportunity to slip out of the cave.

"With such little ability, you still want me to keep the treasure that I have been searching for for so long. It is really naive." Gu Shaoyang smiled contemptuously at the hole he escaped from, and took back the treasure.

But at this time, Gu Shaoyang didn't realize that the real threat was approaching him little by little, and suddenly appeared outside. There are many masters, all of them come here for Gu Shaoyang.

"I said to Gu Shaoyang, be wise and keep your things, and kowtow to us a few more times, and we will let you go with great mercy."

A group of people came with a fierce force.

Although Gu Shaoyang was a little hurt by the entanglement with the soul just now, Gu Shaoyang had no choice at all. In order to leave, he had to fight with this group of scoundrels.

And the people who had been guarding outside also knew that Gu Shaoyang was not a good person. After all, he quietly collected the five keys alone and was very powerful.

And now he has been in the depths of the treasure land for more than a month! Who knows if he can get out of the treasure land from inside? What kind of treasure was brought out?

So no matter what, they had to let Gu Shaoyang vomit out some of the stuff, and they definitely couldn't let him enjoy it alone.

After all, they had been guarding the outside for several days, even if they didn't bring out anything. I have strength, but there is still some pain in my heart.

Chapter 1230

"hehe! Why! If you want what I have in my hand, you should go to the next life!"

Gu Shaoyang snorted coldly, looking very disdainful. The experts around him became even more angry when they saw Gu Shaoyang's ignorant look.

After all, some of them were much older than him, but they They felt that Gu Shaoyang didn't understand the superiority of the elders and the younger, but they themselves claimed to be the elders and robbed them here!

"You stupid boy! Don't you know to respect the old and love the young? How can there be such an ignorant person like you! What a shame!"

"how? I don't deny that you are my elders, but you are incompetent. How can I let you get what I risked and risked at will?"

Gu Shaoyang snorted coldly and looked at them with very disdainful eyes, as if to tell them that their thoughts at the moment were completely delusional!

And these people didn't know what Gu Shaoyang got in the month he entered. , and it is not advisable to act rashly. If Gu Shaoyang really develops some powerful magic power inside, he and his brothers will be the ones who suffer.

And Gu Shaoyang on the side is actually worried, after all, there are so many people here, but one person I thought that if these people really fought with me, I could give myself some experience.

Not to mention that my spiritual power has greatly increased now. With so many masters in front of him, it is a natural training ground.

Even if he can't beat him , , then he can use the thirty-six strategies to take the lead!

Just as Gu Shaoyang was plotting in his heart, he suddenly felt something was wrong, as if something was moving in his pocket. Gu Shaoyang thought, it was a branch!

"Don't move. If you do, be careful. I'll throw it out for you!"

"I'll just take a look quietly!" Zhizhi was discussing with Gu Shaoyang a little aggrievedly, because he had never seen such a scene before.

Gu Shaoyang had no choice but to secretly leak a piece of his clothes, and Zhizhi stuck his head out.

"Wow, Gu Shaoyang, are you afraid?" The branch stuck out his head and looked at the scene outside again and again, still teasing Gu Shaoyang here.

"Shut up, I'm afraid the person who can subdue me, Gu Shaoyang, hasn't been born yet, hahahaha....."Gu Shaoyang laughed as he spoke.

The people on the other side saw Gu Shaoyang giggling on the side and thought that Gu Shaoyang had summoned some kind of devil.

"Gu Shaoyang was giggling there. He had been in there for so long and didn't know what was going on inside. Could it be that he was really possessed by something evil?"A group of people were discussing at one end while keeping a close eye on Gu Shaoyang.

Gu Shaoyang on the other end obviously didn't want to fight with them and lay down on the stone without caring.

He hummed a little tune and said,"You guys can discuss it slowly. , whenever you decide to let me go, make way for me immediately, so as not to be an eyesore."

Hearing this, the group of people became even more angry. One person wanted to go forward and kill Gu Shaoyang, but luckily he was seen by the consul.

"Don't move, we don't know him yet, and as long as he, Gu Shaoyang, is still under our noses, he can't escape!"

A bunch of people were discussing. It was getting dark now, and they decided to attack Gu Shaoyang in the dark. At this time, Gu Shaoyang was lying comfortably aside. Seeing that they didn't take the initiative to attack, he wouldn't be able to run away. He would take the initiative. It's not like getting into trouble, so I just lay down and get some sleep.

"Boss, I see there's nothing happening on the other side. He's not going to run away, right?"

"We are all our people here, and he can't escape even if he wants to."A consul stood up.

"Hey, Gu Shaoyang, please be wise and share some with us, otherwise it will be of no benefit to anyone!"

At this time, Gu Shaoyang discovered: "What, what do you mean, you asked me to give it to you?" Even if I give you something for free, you can't hold it securely, so you don't know how to recognize it. This is what the saying goes, a good dog won't get in the way!"

After hearing this, the group of people who thought they were elders became anxious.

"What are you talking about!" The leader realized that Gu Shaoyang didn't take him seriously at all, and he was completely angry.

"Brothers, come on!" As soon as he finished speaking, people on both sides started fighting.

I saw a bunch of people coming up and besieging Gu Shaoyang.

"Gu Shaoyang, I tell you it's not too late to surrender now. Be obedient and hand over your things quickly, and we will spare your life!"

Gu Shaoyang didn't listen, so he had to fight hard with them. Some soldiers who were not strong enough were knocked down by Gu Shaoyang in a few strokes. These people really thought that Gu Shaoyang had taught him divine power, and they were a little scared.

"Boss, why don't we leave? Gu Shaoyang seems to be a little different when I look at him. This will be really bad for us!"

"Coward, if you want to run away, run away. I have been waiting for so many days, how can I go back in vain!"

At this time, the man who was taking the lead suddenly thought of the few young warriors guarding the back mountain.

He specially selected these few and brought them over. The purpose was to prevent Gu Shaoyang from being defeated because his martial arts were too powerful, so he specially I went to find these people.
