Chapter 1241

Gu Shaoyang found nothing, but made himself very tired.

However, the trees on the island were very prosperous, so when Gu Shaoyang was tired, he lay down on the ground to rest, and fell asleep soon after.

When he woke up from his sleep, it was already the morning of the next day.

During the day and night that Gu Shaoyang rested, Zhi Zhi had become completely familiar with the desert island. He no longer cuddled up to Gu Shaoyang's side, but began to act out on the desert island.

I saw that the branch was very energetic, jumping up and down on the tree on his desert island. Now he stretched out his tentacles to reach the fruits, and now he stretched out his tentacles to splash water in the sea, and now he buried himself completely in the soil. Start digging.

So when Gu Shaoyang woke up, what he saw was himself lying next to a big pit, surrounded by mud. He seemed to be a peaceful dead person.

"How is this going?" After sleeping, Gu Shaoyang was confused when he saw the situation in front of him, and the earth was still being dug out of the big hole on his body.

So Gu Shaoyang carefully avoided the thrown earth, and looked at it while going deeper.

Soon Gu Shaoyang saw the guy digging the soil, his spiritual pet - the branch!

"What are you doing!"

Gu Shaoyang asked very puzzledly, and Zhi Zhi heard Gu Shaoyang's voice and turned around to see him.

When Zhi Zhi saw Gu Shaoyang, he immediately handed what he dug to him like a treasure.

"look! So many spiritual stones! Delicious!"

It turns out that spiritual stones were dug out of the branches, and there were many absorbed spiritual stones next to him. It seemed that he had eaten a lot.

"this? How is this going?"

Gu Shaoyang looked in the direction of the branches and found that the ground of the desert island they were on was almost entirely covered with spirit stones. It was completely a vein of spirit stones. The reason why there were no fish around the desert island might also be because The desert island's own spiritual power is too heavy, and ordinary fish don't dare to approach it, so this phenomenon occurs.

"You are so good!"The branch discovered such a big treasure and gave Gu Shaoyang such a big surprise. Gu Shaoyang felt from the bottom of his heart that the branch was his blessing.

After discovering such a big treasure, Gu Shaoyang no longer stayed idle and followed the branch They practiced together in the mineral veins.

Because the vines on the branches can grow infinitely, Gu Shaoyang asked him to dig more, so that they could take a lot with them when they left, so that the branches would not be without spiritual stones to eat, Gu Shaoyang It wasn't like there were no spirit stones for him to practice.

Soon, the branches used his vines to dig up three small mountains of spirit stones. Gu Shaoyang directly stretched out his hand and took the spirit stones in with a wave of his hand. Inside the space ring.

Then he continued to devote himself to the work of digging spiritual stones, but because his speed and the number of people were too small, he couldn't compare with the branches, so he simply stopped digging and just sat cross-legged to practice.

Wait. He woke up after practicing and collected the spirit stones dug from the branches.

As time passed, the branches kept digging for spirit stones without eating or drinking. Finally, after Gu Shaoyang practiced for three days and three nights, he dug up one third of the spirit stone veins. The spirit stones were piled up.

After waking up, Gu Shaoyang directly received the spirit stones into the space ring.

"Let's rest for a while. We have been digging for so long. No one will come to snatch it from us anyway. Take your time."

Gu Shaoyang let the branch rest, but what he said was wrong. Just when he swore that no one would land on the desert island, people came.

The people who landed on the island were pirates in this area, and they often Robbing fishermen cost a lot of innocent lives in their hands, and this time they accidentally discovered this deserted island.

Originally, they didn't want to go to the island, but they happened to find the house built by Gu Shaoyang, so they wanted to go to the island. Robbery.

As a result, they searched around the island and saw no one, only a big hole in the ground.

Out of human instinctive curiosity, the two islands walked down, and they saw a There are spiritual stones all around!

"Oh my God! Make a fortune now! Get rich! So many spiritual stones! How much does it cost?"

The two pirates were greedily stroking the spiritual stones that had not been dug out. They kept walking deeper, and finally came face to face with Gu Shaoyang and the branch. The four pairs of eyes looked at each other, and Gu Shaoyang quickly did He reacted and punished one of the pirates.

The other pirate was so scared by Gu Shaoyang that he often ran out, jumped on the boat and ran away.

When Gu Shaoyang finished cleaning up the captured pirates and wanted to chase him, the escaped pirate was already there. Without a trace

"What to do, let him run away." Looking at the boundless sea, Gu Shaoyang's brows couldn't help but frown tightly: If one of them escapes now, he will probably start fleeing again!

Gu Shaoyang was thinking silently here, but he had no intention of leaving, and just continued to dig for spiritual stones..

Chapter 1242

Gu Shaoyang looked at the strangers coming up on the island and had no chance to turn around and leave to do his own thing.

At this time, those people who came to the island were looking at the appearance of the island.

A relatively tall man in front took out a telescope and looked at the current situation on the island.

At this time, a short and fat man came up from behind and came to the side of the man in front. He spoke in a very respectful voice.

"Boss, we have arrived on the island now. It is said that there are huge mineral veins here, and it looks like there are not many people here. This time we are going to make a fortune!"

When the man in front of him who was called the boss heard what he said, there was no big wave on his face, but he felt a little nervous in his heart unconsciously.

"Ah Da, since there are mineral veins here, if we can know this news, others will definitely know this news, so it is better to be careful."

Although the man known as the boss showed no emotion on his face, he obviously had no expectations for such a thing. After all, there are a lot of false news about the mine, and this time it may not be true. It is obvious that this He also wanted to take a look at what happened this time.

Ada quickly agreed upon hearing this and promised to be careful. After all, if they really encounter any danger, the person in front of them will definitely be the first to die.

So , for their own lives, they will also be very careful.

It turns out that these strangers on the island are a group of pirates, led by a man named Long Lai, and this group of pirates was founded by him.

Not long ago, they I didn't know where I heard the little news that there were mineral veins here, so I hurriedly sailed over in a boat.

The leader of the dragon came and looked around the desert island and found no one, so he began to direct the people behind him to go inside.

The leader Long Lai is relatively calm, but after all, he has been a pirate for several years. Even though he looks calm, he is still very vigilant in his heart.

Because the environment here is so quiet, people can't help but be vigilant. After all, the more you look at it, The calmer the place, the easier it is to hide the rough waves.

Soon, the people headed by Long Lai walked towards the interior of the island. At this time, Ah Dazheng next to him stopped with a map.

Long Lai couldn't help but feel a little agitated when he saw this. Doubtful:"Ada, why do you stop?"

Ada heard this and turned his head to look at Long Lai, with a somewhat embarrassed grin on his face:"Boss, this road is not right."

Long Lai couldn't help frowning when he heard this, and he felt a little anxious, but in the end he held back his temper, then stretched out his hand and hit Ah Da directly on the head:"You kid, didn't you say you can lead the way? Is this road still possible?"

Ada saw Long Lai's hand coming towards him, and quickly blocked it with his hands, while smiling and apologizing.

But at this moment, Zhi Zhi heard the soundI came and stood in front of the road, watching everyone tilt their heads with cute expressions.

Ada saw this and said quickly:"Boss, look! What is that thing? It looks like a branch, but it can move! What on earth is that?"

Ada kept talking as he looked at the branch. Whispering, Long Lai also stopped what he was doing and looked in the direction it was pointing. Just after Long Lai saw the branch, Ah Da's voice came again.

"This moving branch seems to be the legendary spiritual pet! Boss! At this time, spiritual pet! This is a good thing!"

After Long Lai realized it, he became a little excited, and his tone couldn't help but rise a few times.

After Long Lai looked at the branches clearly, he stopped what he was doing and looked straight at the other side of the road. , and soon locked his eyes on the branch.

Gradually, Longlai's eyes became greedy as he looked more and more, and then he only saw it slowly walking forward, speaking softly in its mouth, and stretching out its arms. He raised his hands, ready to grab the branch anytime and anywhere.

When the branch saw Long Lai slowly approaching him, the branch was a little confused. When the dragon approached the branch, the branch realized that this person was super ugly. And his purpose was to catch it.

So after reacting, the branch quickly turned around and ran towards the other side of the road, as far away as possible from the very ugly dragon.

And the dragon came Seeing that the duck with its mouth suddenly flew away, I felt very unwilling, so I quickly turned around, called all my brothers, and chased towards the branch. Looking at the dragon coming, it seemed that it would have to catch the branch before it would be willing to accept it, but the branch He is not a vegetarian, and he will not stay where he is and wait for them to catch him.

So when Long Lai and Long Lai's men approached the branch and tried to catch him, the branch quickly threw away everyone behind him. Behind him, he quickly found a place to hide.

When Long Lai saw that his target had disappeared, he felt very unwilling to do so. He angrily kicked the soil next to him with his feet, causing the soil to fly everywhere, and even It splashed on the men next to him.

But the clothes of Long Lai's men were dirty.

Chapter 1243

But he never dared to speak, because maybe Long Lai was in a bad mood now, and he would hit the muzzle of a gun when he opened his mouth, so he chose to keep his mouth shut.

Then Long Lai turned around and saw through a few trees that there was a large mountain over there, and in front of the mountain were large amounts of spiritual stones piled up.

Long Lai's eyes widened when he saw this, and Ada also turned his head and looked over when he saw Long Lai's appearance.

When Ada saw the mineral vein, he was so excited that he even started to stutter when he spoke: "Old...boss, quick...look..."

Long Laizi turned around when he heard this and hit Ada on the head. After a moment: "Can't you keep your voice down!"

Ada laughed twice more when he saw that he was being slapped, and then he said nothing.

Long Lai watched Ada walk past the trees without saying a word and looked inside to observe the situation.

Soon Long Lai saw a special situation, that is, there was a small wooden house next to the mineral vein, and there was a young man sitting in it, and the young man was holding the spiritual pet he was chasing just now.

Seeing this, the corners of Long Lai's mouth raised slightly, and then he called his people and decided to catch Gu Shaoyang. After all, there were many of them, but the other party was alone.

At this time, Gu Shaoyang was looking at the branches in his arms. He had just run back in a hurry, as if he had encountered something scary.

Seeing this, Gu Shaoyang was also very confused. After all, the magic power of the branches was not low, and ordinary things could not scare him at all. However, the little guy nestled in his arms was still very cute.

Gu Shaoyang took the little thing out of his arms and said to it, "What's wrong? Are you scared like this?" Hearing this, the tree branch quickly pointed with his paws to the place where he had just ran, and then used his paws to Cover your face.

Gu Shaoyang looked in the direction pointed by the branch and saw people walking towards here.

Gu Shaoyang's eyes were very good and he could see the appearance of the leader at a glance.

Seeing this, Gu Shaoyang immediately turned his face, looked at Zhi Zhi and couldn't help but said: "It's really ugly, I really wrong you."

Hearing this, Zhi Zhi immediately nodded, and then nestled in Gu Shaoyang's arms, looking like It's like how wronged I have been.

When Gu Shaoyang saw this, the corners of his mouth turned up slightly, and he looked particularly handsome under the sunlight.

Soon the group of pirates had already arrived in front of the cabin

"That boy, quickly hand over the spiritual pet in your hand, I will give you a happy death, and I will also take possession of the mountain range behind."

When Gu Shaoyang heard this, he stroked the branch in his arms with his hands, and then placed it next to him. When he raised his head and looked at the group of pirates, his eyes lacked the tenderness. There was no way he could do it now that they had blocked him. And he also wanted to kill himself and snatch his spiritual pet. Such things are not allowed in Gu Shaoyang.

Gu Shaoyang walked out of the wooden house, looked at the pirates opposite and smiled: "Are you sure you want to do this?"

The pirate looked at Gu Shaoyang's smile that was a little slow, and then changed his words and said: "You are not the only one who has this way, that is, you can survive, but you have to be imprisoned by my side for life and dress me up."

Gu Shaoyang's eyes suddenly turned gloomy when he heard this. After all, he could hear such words, and he was also very angry: "In this case, you have no need to live."

After Gu Shaoyang said that, he took action directly and received the lunch before the pirates could react.

Looking at the corpses on the ground, Gu Shaoyang's eyes were cold. There was no other emotion on Gu Shaoyang's face or heart.

Murder. It seems that he has become numb, and he is no longer the young boy he was at the beginning.

So after Gu Shaoyang finished killing them all, Gu Shaoyang began to clean up their bodies. After all, there were still a lot of them.

Now After they were cleaned up by Gu Shaoyang, their corpses were all lying next to each other on the desert island. The originally small desert island was occupied by their corpses, and there were even fewer places to walk. So

Gu Shaoyang directly threw their corpses into the desert island. into the sea, and the bloody smell emanating from their bodies also attracted many sharks, and soon the sharks pulled their bodies away. There was nothing else but blood stains on the desert island.

After cleaning up, Gu Shaoyang turned his head to look Looking at the branch, he found that it was covering its eyes and watching the scene just now. The latter found that it was a little embarrassed to be caught peeking, so he covered his eyes and turned away.

Looking at the behavior of the branch, Gu Shaoyang felt that his whole heart was melted..

Although Gu Shaoyang didn't like pets that much, when he met the branch, Gu Shaoyang found that it was getting more and more cute, and the appearance of the branch also changed his idea.

Looking at the shy little spirit opposite Pet, Gu Shaoyang stretched out his hand to catch the branch: "Okay, come here."

Zhi turned his head when he heard the voice, looked at Gu Shaoyang's gesture, then turned around and ran towards Gu Shaoyang.

Chapter 1244

Looking at the little pet Gu Shaoyang running towards him, he hugged him and couldn't help laughing when he looked at the branches running around in his arms.

The branches have no other characteristics. Their only hobby is to look at good-looking people, such as handsome men like Gu Shaoyang. That's why he was so disgusted when he saw the dragon coming.

And if Long Lai was a handsome man, the branch would probably be taken away by him, but in this world, if Gu Shaoyang's appearance was second, I'm afraid no one would dare to call him first.

Otherwise, Zhi Zhi would not be contracted by Gu Shaoyang and become his spiritual pet. This is because Zhi Zhi is an out-and-out nymphomaniac, even though his gender is male.

Gu Shaoyang looked at the little pet in his arms, put it away without waiting to discuss it, and turned around to do his own thing.

It was just pity for the branches, and they were put away before they understood what was going on.

After collecting the branches, Gu Shaoyang came to the mineral vein in front, looked at the entire mineral vein, and stepped forward to dig it off. It was difficult to take it all away at once, but the good thing was that he now had a ring space..

Gu Shaoyang raised his hand and looked at the ring and thought:"I don't know if I can fit it all in."

Gu Shaoyang tried and failed for the first time, but he was still very happy because he already understood the reason for the failure..

Then Gu Shaoyang tried a second time, avoiding the failure of the first time and took it in directly.

Seeing this, the corners of Gu Shaoyang's mouth curled up slightly. The spirit stones here have been collected and there is no use for them to stay here.

Then Gu Shaoyang walked towards the east, walking and looking along the way, it was very leisurely.

Nothing happened along the way, everything went smoothly. To be precise, nothing bad happened.

Then there was a commotion ahead, and after hearing this, Gu Shaoyang's mood was still very stable, without any fluctuations.

I saw many snakes appearing in the middle of the road ahead, and each snake looked at Gu Shaoyang warily.

Seeing this, Gu Shaoyang's eyebrows wrinkled slightly, and he was a little surprised that he met the snake tribe again. Those long, legless insects did not look very eye-catching.

Sure enough, when the little snake came out, Medusa came out from behind. Seeing that the person who came was Gu Shaoyang, she immediately changed her previous expression: "Oh, Mr. Gu, what a coincidence. I didn't expect to meet again. How about staying here for a few days?"

Gu Shaoyang didn't want to live here when he heard it, but the sound of tree branches suddenly came to mind: "Master, what kind of life is the snake tribe like? I'm a little curious, so why not stay here? Well, it will only last a few days anyway."

Hearing the sound of branches, Gu Shaoyang had no choice but to satisfy his curiosity and agreed to stay for a few days.

Medusa suddenly became happy when she saw Gu Shaoyang agreeing. She turned around and looked at the little snakes behind her and ordered: "Okay, you guys go back quickly to announce and tell the others that there are distinguished guests in the clan, so be careful." We're waiting, if anyone collides with you! Don't blame me for being rude."

After saying this, Medusa turned her head to look at Gu Shaoyang and smiled, but the little snake behind had already left.

"Come on, Mr. Gu, let me go."

Gu Shaoyang nodded when he heard this and then followed Medusa away.

The road Medusa led was very rugged, and some of the roads were even between mountains and forests, and there was heavy fog between the mountains and forests.

But because of Medusa leads the way, so the fog will automatically disperse wherever you go. If someone accidentally breaks in, he will definitely be poisoned and die, because the fog contains highly toxic substances, and most people will not be able to survive for a moment. Bell.

Soon Medusa led them through the woods. After passing the woods, they arrived at the Snake Clan. At the door of the Snake Clan, Medusa turned her head and looked at Gu Shaoyang and smiled: "Young Master Gu, how are you doing? I think I'm running a pretty good job."

When Gu Shaoyang heard this, he looked inside. Sure enough, the snakes here didn't show their original bodies. They all lived like humans, and here they looked like ordinary people. Seeing this, Gu Shaoyang couldn't help but nodding and praising: "It's really good. It's not easy for you to do this. After all, you can still see them as humans."

But Gu Shaoyang didn't say the following sentence.

After receiving Gu Shaoyang's praise, Medusa's face turned red and she nodded.

Then Medusa waited for Gu Shaoyang to walk towards the house inside, and along the way Medusa Sha has been talking all the time, rambling here and there.

And this phenomenon did not just start when she first entered the town. She has been talking non-stop since entering the forest, while Gu Shaoyang has nothing to do with her. He replied appropriately.

These words also made Gu Shaoyang a little irritated, and then he turned his head and smiled at Medusa: "Sasha, there is something secret about your words."

And Medusa turned her head to look at Gu Shaoyang, looking a little dumbfounded at his smile, because it was so handsome that she was in a trance.

Chapter 1245

Seeing Medusa's appearance, Gu Shaoyang stretched out his hand and waved it in front of her eyes: "What's wrong?"

Medusa looked a little embarrassed when Gu Shaoyang asked this, and quickly turned around and said it was okay. After all, this matter was also very embarrassing.

Then Medusa obediently led the way without saying anything.

And soon Gu Shaoyang entered the snake clan under the leadership of Medusa. After entering, Gu Shaoyang released the branches.

Because Zhi Zhi's strength is almost the same as him at this time, if he is released, he can be on his own.

The released branches hid in the dark and looked at the gleaming palace, sighing in their hearts for a long time.

"Have something to eat." Gu Shaoyang and Medusa sat on chairs to enjoy, and Zhi Zhi also ate the peach blossom cake that he had never grown in his life in the Snake Clan. The peach blossom cake melted in the mouth, sweet but not greasy, and the peach blossom cake also made Zhi's taste buds Blooming, the branch looks at the palace with brilliant lights, holding the crisp peach blossom cake in his hand, lowering his eyes, how many things in this world are there that he has not seen?

Thinking of this, the branch's shining eyes look at the palace with brilliant lights, holding the mobile phone Food I had never seen before suddenly made my heart yearn for the outside a lot.

Gu Shaoyang looked at the branch, Medusa looked at Gu Shaoyang, and the branch looked at Medusa. The three of them observed each other, and soon... The sound of branches sounded in Gu Shaoyang's mind: "Master, that Medusa seems to like you."

Gu Shaoyang's lips slightly raised when he heard this: "She doesn't like me, but just likes good-looking skins like you. After all, I'm so handsome, if she still doesn't have any trouble after watching me, that's it. Something is wrong."

When the branches heard this, they felt a little shameless at this time. Gu Shaoyang was shameless, but he was also really good-looking.

Then Gu Shaoyang came to the room under the leadership of Medusa, and their movements were also very fast. When he entered the room, he saw several beauties dancing in the middle, and a lot of food was set up next to them, and the banquet began.

During the banquet, Gu Shaoyang didn't think about anything else and treated the banquet carefully. After all, Medusa After such careful preparation, it would be bad if I didn't pay attention to it.

Then Gu Shaoyang spent a few days in the warm hospitality of the snake tribe, and during this period he didn't even let me show the branches.

Because like the branches His spiritual pet is still very attractive to people, and it would be very troublesome for him to be noticed. After all, one more thing is better than one less thing.

In the end, because the branches yearn for the grass and trees outside, and the food outside. Because so far, he has seen The things he lived through were only one thousandth of this world.

Zhi suddenly lamented that his vision was so small. The small size made Zhi feel so insignificant, so Gu Shaoyang planned to take him to see the world.

At this time, Gu Shaoyang suddenly A pair of hands patted the branch's shoulder. The branch was startled, and turned around to see the smiling Gu Shaoyang.

"ah! You scared me to death! Gu

Shaoyang looked at the peach blossom cake in the branch's hand and tilted his head:"What are you thinking about?" So entranced?"

Zhi Zhi stuffed the peach blossom cake in his hand into his mouth. The fragrance of peach blossoms in his mouth made Zhi Zhi squint his eyes with satisfaction.

Gu Shaoyang wiped the debris from the corner of Zhi Zhi's mouth smoothly. Zhi Zhi was stunned and looked at it with big watery eyes. Gu Shaoyang's heart skipped a beat, and he lowered his head in a panic and kneaded the crumbs in his hands:"I want to go to the outside world!"

"What?"

"Gu Shaoyang, have you ever heard of the big...sea?"

"I have never seen the white land, the blazing red water, the endless blue salt water, I have never eaten such delicious food, and I have never seen such a magnificent place except here."

Zhi Zhi restored what he had heard in the past two days bit by bit, his eyes filled with curiosity.

Gu Shaoyang looked at Zhi Zhi and raised the corners of his mouth slightly, and took Zhi Zhi's hand and walked out.

Zhi Zhi was a little confused:"Gu Shaoyang, what are you doing?"

Gu Shaoyang turned his head and looked at the branches, stepped into the sunshine, and pulled the branches into the sunshine:"I will take you to see the white earth, the hot red water, and the endless salty lake."

Zhi Zhi looked at Gu Shaoyang's high-spirited look and the beating in his chest made Zhi Zhi feel a little confused. Zhi Zhi blinked in confusion.

Gu Shaoyang brought Zhi Zhi to the snow mountain. Zhi Zhi saw Gu Shaoyang climbing up to the snow mountain so easily. I also saw the vast white earth as I wished.

Both branch and Gu Shaoyang have internal energy to protect their bodies and will not be cold.

"How did you get up so fast? How do you know about these trails?"The branch looked at Gu Shaoyang curiously.

Gu Shaoyang put his finger on his lips and looked at the branch with a smile:"Secret~"

The memory reminded him of the things he had done to help the old man find his grandson a long time ago, and he couldn't help but smile again.

The branch He was so playful that he didn't care what Gu Shaoyang said.

Chapter 1246

Curiously, she picked up the snow from the ground. The cool touch made the branch very excited. It wasn't until the snow turned into water in the hands of the branch that the branch turned her eyes to the world of ice and snow. The vast whiteness here made the branch particularly excited. She had never seen it before. I have seen these things, but I have never seen the earth covered with white snow clothes, and I have never touched the cool snow.

Gu Shaoyang pulled the branch that was playing aside and planned to visit the old man who had helped him.

Following the route in this memory, Gu Shaoyang and Zhi Zhi came to the hut in their memory.

Zhizhi looked at the hut curiously: "Gu Shaoyang, can people live here? Can food be grown here? Will it freeze to death here? Are there animals here?"

Zhizhi asked questions one after another.

Although Gu Shaoyang had a helpless smile on his face, he still patiently answered the questions one by one.

"Yes, it won't freeze to death, there are animals, and special plants can be grown."

The branches became even more curious, and their big, watery eyes were still looking up and down at the cabin. The snow girl in the distance noticed them, and when she saw Gu Shaoyang, the snow girl was surprised: "Are you here?"

"Um." Gu Shaoyang handed the things he bought on the road to Xue Nu.

Xue Nu did not refuse and took the things: "Thank you. It's going to snow heavily soon. Come inside and sit down."

"I think so too!" Gu Shaoyang said this deliberately, with a sly smile on Jun's face.

"After all these years, I'm really not ashamed."

The snow girl wasn't angry either. She just took out food to entertain Gu Shaoyang and Zhi Zhi while replying.

Zhi Zhi looked curiously at the snowy mountain girl with white hair in front of her, standing in the ice and snow. She was like a child of nature, with delicate eyebrows and a smile. Gentle.

But when Xue Nu looked over with curious eyes, the branch shyly hid behind Gu Shaoyang.

Xue Nu had a gossipy face:"From your family?"

Gu Shaoyang's mind didn't turn around:"Yeah.""

Zhi Zhi's face suddenly turned red, and she stood behind Gu Shaoyang even more shyly. She bit her lip, picked up snow from the ground and applied it on her face to cool down her smiling face. The snow girl was instantly attracted by Zhi Zhi's cute little appearance. , smiled.

After several people were talking and laughing, they arrived at the hut.

As soon as they arrived at the hut, they heard the voices of the children in the house.

"Mother!!"

Xue Nu's smile brought a lot of kindness, and she reached out to hug the little meat dumplings flying towards her.

The branch looked over and curiously looked at the child in Xue Nu's arms.

Gu Shaoyang raised his eyebrows:"Your child? As soon as he finished speaking

, the younger brother poked his head out of the kitchen:"Are you back?""

"Um."The snow girl picked up the little meat dumplings

"Gu Shaoyang is also here."

The younger brother wiped his hands from the kitchen and hurried over:"Shaoyang!"

Gu Shaoyang smiled and greeted his younger brother.

The younger brother happily walked back to the kitchen and said as he walked:"Since you are here, I will prepare a few more dishes for you, and the three of us can have a good time catching up.

Gu Shaoyang replied loudly with a smile:"No need to go to such trouble!"

"Look at what you said? You don't come to see us once in a hundred years. If you come here after a long time, I can't entertain you properly?"The rich voice of the younger brother came from the kitchen.

Gu Shaoyang was chatting with Xue Nu, but Zhi Zhi unexpectedly played very well with the younger brother. The two of them burst into laughter from time to time. Only then did

Gu Shaoyang know from Xue Nu's mouth that the old man had been there a few days ago. He passed away in an avalanche years ago, leaving his younger brother alone with Snow Girl. The two got married the year before last and had this child.

Gu Shaoyang sighed, his eyes filled with tears as he watched and talked. The blushing snow girl said:"Since ancient times, who has never died? The old man is also having a good time, don't be too sad."

Zhizhi looked at the two people chatting with some curiosity, and thought to himself:"Gu Shaoyang is really amazing. He actually knows that so many people have seen so many things. He must have seen a lot of things in the world.

The child next to him shouted again and asked the tree branch to make a snowman. The tree branch's single-circuit thoughts were not thinking about Gu Shaoyang, and he and the children started to happily build a snowman.

While Zhi Zhi was playing with Xue Nu's daughter, Gu Shaoyang looked at the snow mountain and couldn't help but think of the old man.

He originally went to the snowy mountains to find treasures to improve his strength, but he met the old man halfway and agreed to help him because he saw how pitiful he was.

In the end, Gu Shaoyang really found the old man's grandson, and helped the old man's grandson solve his relationship problem with the snow girl. Finally, he sent the old man to the snow mountain.

Originally, he thought that Xue Nu and his younger brother, his father, would live happily together, but he didn't expect...

After learning that the old man had unfortunately passed away, Gu Shaoyang actually felt a little regretful in his heart.

Originally, I wanted to come to the mountain to reminisce with these people, but I never expected that such a good old grandfather would say goodbye forever the last time we met.

Just when Gu Shaoyang felt a little regretful in his heart, Xue Nu ran towards Gu Shaoyang.

Chapter 1247

Moreover, the snow girl was holding a lot of delicious food in her hands, and she was talking cheerfully.

"Grandpa has had a very hard life for most of his life, but fortunately, you were there. If it weren't for you, our family wouldn't have been able to reunite at the last moment. It's all thanks to you."

The voice sounded very gentle, but after hearing this, Gu Shaoyang just sighed softly.

"If only I could send grandpa up one day earlier, it would be great. If I could bring grandpa up one day earlier, your family could be reunited one day earlier. Fortunately, we were reunited in the end."

For the grandfather, the best thing should be to be reunited with the people in the family, right? Fortunately, the grandfather was able to reunite with his descendants in the end. The branches outside were playing with the little girl just in time, and when looking at the two playful scenes outside, the snow girl inside couldn't help but burst into laughter.

"My child usually doesn't have many playmates. I didn't expect that you just brought him a playmate this time. Let's stay here for a few more days. Anyway, we have a lot of delicious food here."

After all, he had been so tired before, so this time Gu Shaoyang was not polite at all, but nodded.

In the next three days, Xue Nu cooked something for them in different ways every day. Gu Shaoyang was able to eat so much that his stomach was very full.

The younger daughter could also speak now. Seeing Gu Shaoyang eating non-stop, even the younger daughter began to smile deliberately: "Uncle, all day long Just know how to eat, uncle knows how to eat all day long!"

The little girl's words made Gu Shaoyang feel a little embarrassed. After all, thinking about it, he seemed to have nothing else to do except eat in the past three days.

Just when Gu Shaoyang was still hesitating in his heart, the man next to him The snow girl had already fed her daughter a mouthful of rice:

"My uncle has been so busy outside all day long. What will happen if he eats more? You also need to eat more so that you can grow taller in the future."

Laughter came from the room. Gu Shaoyang has basically been eating and drinking here for the past three days, and the three days have passed, and he is ready to pack up and leave.

Gu Shaoyang, who is here, just thought When he was about to leave, the Snow Goddess mysteriously called him into a room, then pointed to a big package in front of him and said

"I know you must be preparing to go back these days. I have prepared some things for you, which will definitely be useful to you in the future."

After opening the package in front of him with some suspicion, Gu Shaoyang couldn't help being surprised, because there were so many treasures in this package. There were all kinds of snow bugs, snow stones, and snow Ganoderma lucidum, which made Gu Shaoyang suddenly. I don't know what to do.

Things on the mountain are rare to begin with, and besides, I just took away a whole package at once. Isn't this too much?

"Otherwise, you should keep it for yourself. I can also find these things elsewhere. It is not easy for you to find these things." When he said these words, Gu Shaoyang's tone was very tangled.

But this time, the Snow Girl directly stuffed the package into his arms: "They are just some gadgets. If it weren't for you, it is impossible for grandpa to be reunited with us. This is what you deserve."

Looking at the firm gaze of the snow girl in front of him, Gu Shaoyang finally put these things away helplessly, and then went to find Zhi Zhi.

Zhi Zhi has really eaten a lot of good things on the mountain in the past two days, and his strength has greatly increased. , now almost the same as Gu Shaoyang.

The branch looked very reluctant to leave when he left, and the little girl next to him also seemed to be reluctant to leave, but after all, parting is always inevitable.

It took a lot of effort After finally walking down the mountain, Gu Shaoyang was now carrying the heavy burden while looking at the branches around him:

"Don't worry, if we can find what we want quickly, we should be able to come back and reunite with them again."

After hearing this, Zhi Zhi finally felt a lot happier. However, just when the two people here were about to move forward, there was a sudden noise behind them. He subconsciously frowned and turned around. After taking a look, I saw two people dressed as bandits running over in the woods behind.

Then more people riding tall horses appeared behind them. One of them looked at Gu Shaoyang carefully and showed an evil look. laugh:

"It really takes no effort at all. It seems that you must have a lot of good things in your body. Hand over these things obediently!"

Chapter 1248

"As long as you are obedient, maybe our brothers can let you go."

These people had already told Gu Shaoyang about the burden on him as soon as they came up. After hearing this, Gu Shaoyang just rolled his eyes.

Originally, the branches had eaten a lot of good things on the mountain in the past few days, and their strength had greatly increased, so Gu Shaoyang has always wanted to find an opportunity for him to practice. Now looking at the group of bandits in front of him, he suddenly felt that the opportunity had come.

After laughing happily, Gu Shaoyang directly pointed at the branch next to him. , said loudly:"These people are here to practice your skills, so you can perform well."

Several bandits came out one after another in front of them. After hearing this, these bandits laughed so hard that they even laughed. There were even some who kept laughing:

"You don't think that you can defeat our brothers with this little monster, do you? Are you really too arrogant?"

Before he finished speaking, the tree branch had already kicked the robber in front of him away. At the same time, Gu Shaoyang was also guiding leisurely beside him:

"Don't just sit there and kick the next person away. Do you see that person over there? That person over there is so laid-back, and you can tell at a glance that he doesn't have any real skills, so just go up and give him a good beating!"

When he said these words, Gu Shaoyang was careless. He didn't take these people to heart at all. They cooperated in a tacit understanding, and at the same time, Gu Shaoyang also gave more opportunities to the branches next to him.

After finally having such an opportunity to exercise the branches, of course he would not miss this good opportunity.

In just ten minutes, the big men in front of him had been thrown to the ground directly, and At this moment, Gu Shaoyang also clapped his hands directly:

"I thought you were so powerful, but it turns out you are just a bunch of incompetent guys. It's better to hide away from us when you see us in the future. If I see you again, don't blame me for being rude to you.."

The branches around him kept jumping and jumping. At the same time, Gu Shaoyang took him away happily. As he walked, he couldn't help but praise and said:

"It seems that the good things these days have not been in vain. You just need to continue to practice a little more. The two of us have a tacit understanding."

The group of robbers behind them kept yelling at them, and they didn't expect that a little monster could have such great abilities.

Although the abilities of branches nowadays have indeed increased a lot, Gu Shaoyang still felt it's a bit embarrassing.

Because the strength of the tree branches is getting more and more powerful, someone has already targeted him, and this is what gives Gu Shaoyang the biggest headache.

This night, Gu Shaoyang was just about to rest in a place for a while. Unexpectedly, a group of people suddenly appeared around them, and they were obviously coming towards the branches.

After knocking down the group of people, Gu Shaoyang directly grabbed one person's hair. , asked coldly:"What on earth do you people want to do?"

There are often people hanging around Gu Shaoyang these days. Although I don't know what these people do? But I can clearly detect the hostility of these people.

The people in front of me didn't want to talk at first. But Gu Shaoyang's strength was too strong, so these people had no choice but to tell the truth:

"We want to capture that spiritual pet. We know that pet is very powerful, so we want to capture it today."

After hearing this, Gu Shaoyang couldn't help but have a headache. He really didn't expect that the branch would have been targeted by someone now.

Time continued to walk slowly like this, and Gu Shaoyang was helpless. Neng took the branch back to the spirit hunting organization, which he had already joined before.

Although Gu Shaoyang had already joined this organization, he had never sent out any missions, but because of his strong strength, he has now become a senior leader in the organization who issues tasks.

Forced to return to the organization, Gu Shaoyang directly took out the money that night to start the task.

The task was also very simple. , all those who covet the branches are the targets of Gu Shaoyang's revenge this time.

At the same time, he also held a meeting directly in the organization and announced his mission.

That night, Gu Shaoyang watched quietly like this She looked at the branches around her, which still looked carefree. She had no idea that the group of people outside had already made a fuss over her.

Chapter 1249

The atmosphere in the air became quieter and quieter. At this moment, Gu Shaoyang was sitting there quietly, and he couldn't help but feel some mixed emotions in his heart.

If he had known that the people outside were so eager to see him, he should have let the branches hide his strength.

Just when Gu Shaoyang here was about to say something to Zhi Zhi, footsteps suddenly came from behind him. When he turned around, he realized that the person who came was actually a friend in this organization.

This friend in the organization had particularly admired Gu Shaoyang before. At this moment, after seeing how Gu Shaoyang had trained Zhi Zhi to be so powerful, he admired him even more.

"You are really amazing. I didn't expect you to be able to train your qualities to be so good. You are really a very capable person."

My friend's voice sounded full of appreciation, but after hearing this, Gu Shaoyang felt a little uncomfortable all over.

He knew that his friend had admired him very much before, but every time he was in front of the other person, he would I felt like I was a little weird.

I couldn't help but frown, and the friend in front of me suddenly said:"I have been in the organization for so many years, and I have never seen a person To be as powerful as you, you are indeed a very talented person."

I don't know why the other party suddenly started to praise him, but Gu Shaoyang always felt weird after hearing this, so he could only answer modestly.

"You are really praising me too much. In fact, I am just an ordinary person. It is because I gave Zhi a lot of treasures this time that he became so powerful all of a sudden."

This is not nonsense at all. If it hadn't been for eating so many treasures on the snow mountain, the branches would not have become so powerful all of a sudden.

In addition, the treasures that the snow girl gave to me, so I can What made Zhi Zhi become more and more powerful was that although some of his own training was mixed in, his training seemed to have become minimal.

When he looked at Zhi Zhi who was playing alone not far away, here The expression on Gu Shaoyang's face also became a little happy:

"I didn't expect to be able to find so many treasures. If it weren't for so many treasures, the branches would not have become so powerful all of a sudden, so this is not my fault alone."

While these two people were talking here, the boss of the organization called one of the more senior members over.

In fact, the boss was very happy to see Gu Shaoyang back today. , he has long wanted to let Gu Shaoyang take over his position.

The boss has been sitting in this position for so many years. In fact, he has long been tired of it. It is just because there is no suitable person, so he has been sitting in this position for so many years. Sitting in this position, the boss at this moment is muttering alone there: "Finally, I have met a suitable person. If Gu Shaoyang can be allowed to accept the organization, he should be able to develop very well in the future.!"

"thank you for your invitation."

Gu Shaoyang pursed his lips and slowly looked at the man in front of him without any fear, "I have no such plan."

Xieqi raised his eyebrows. It was the first time he was rejected by someone, but it was considered a novelty.

"Young people should not just look at what is in front of them." Louqi stood up and took out a bottle of wine from the wine cabinet, with a bit of laziness in his voice, "Louqi has developed very well in the past few years. No matter what you want to do in the future, you can easily solve it."

It's not a big deal that can be solved with money!

Gu Shaoyang's brows showed a faint look. He understood this, but right now he had more important things to do, and Gu Shaoyang didn't want to waste this energy.

"The conditions are very attractive, but it's a pity....." Gu Shaoyang paused for a moment, and the atmosphere in the room became more and more subtle for a while, and then he said, "I'm still not capable enough, so please look at me if you can." No one on the stage could speak official words, and Gu Shaoyang stared at the curiosity. The wine glass was handed over and he gently declined.

In a place like this, he must have an extra thought in his heart.

Instead, Xunqi laughed out loud, "Are you questioning my way of looking at people?"

The man's fingertips made rhythmic patterns on the table, and he slowly opened his lips, "I have secretly observed you. Compared to others, I am more confident that you will manage the soul hunting organization. This is my lifelong career, so I naturally have to trust you."

Gu Shaoyang didn't want to pester any more. After all, it is not easy to manage the soul hunting organization well, so he directly started again reject

"It's getting late. If there's nothing else to do, I'll take the first step."Gu Shaoyang nodded slightly, knowing very well that the man in front of him was difficult to deal with.

Chapter 1250

Not to mention that he controls the soul hunting organization, even Gu Shaoyang knows nothing about the background behind him.

Before Xunqi could stop him, Gu Shaoyang had already walked out of the room.

Along the way, Gu Shaoyang kept a low profile as much as possible. However, the second before he walked out of the spirit hunting organization, he was pulled back by a force. Gu Shaoyang subconsciously took precautions, but turned around and saw a familiar face.

"Old doctor, why is it you?"

Gu Shaoyang was a little surprised. He didn't expect to meet an old doctor with whom he had always been friends in Xunqiu! The old doctor shook his head and smiled, and motioned for Gu Shaoyang to follow him in.

The two returned to the room where they were just now, and Xunqi didn't show much reaction to their appearance. Surprisingly, Gu Shaoyang could see that there seemed to be an unusual relationship between the old doctor and Xunqi, and he was a little confused for a moment.

"I have known each other many years ago, and he came to see me later when you entered Soul Hunting."

The old doctor paused, and then continued,"I'm really happy that you are able to survive today in spirit hunting."

Gu Shaoyang didn't understand the meaning of these words, so he simply said,"So?"

Xie Qi suddenly interrupted,"So it's perfect for you to take over the spirit hunting. Everyone is happy. What worries do you have?"

The old doctor didn't say anything, just looked at Gu Shaoyang.

Why did he come to this topic?

Gu Shaoyang asked, "I'll take care of the ghost hunting, what about you?"

The spirit hunting organization has always been in the hands of hunters. Not to mention that there are some people in the organization who fish in troubled waters, and there are also many clean and evil people in the name of spirit hunting. Gu Shaoyang only feels a headache and doesn't want to take care of it.

"I am a lonely person."

Speaking of this, Xie Qi smiled bitterly. He didn't look like the ruthless boss in the rumors at all. "After you take over, I will travel around the world and find my own place."

Xieqi stood up, walked to Gu Shaoyang, patted his shoulder gently, and said seriously, "From now on, this will be your young people's world."

Gu Shaoyang stopped talking. He had a plan in his heart. He must have concerns. Gu Shaoyang did not intend to change his mind just like this. The old doctor glanced at Gu Shaoyang and knew that he was still thinking.

"Shaoyang, now that you're here, don't leave in a hurry. I have several rooms of my own in Soul Hunter, so I'll stay here first."

Gu Shaoyang pursed his lips. He could no longer refuse in this situation. At night, Gu Shaoyang tossed and turned and couldn't sleep. He always felt that it might be wrong to stay any longer. The uneasiness in his heart raised a strong alarm in his heart. Gu Shaoyang decided to take advantage of the night and sneak away from the hunter. He will meet the old doctor again later and explain in detail.

Gu Shaoyang has made a foolproof plan. He changed into night clothes and planned to break the window and leave. When the hunters find out that he is missing tomorrow, Gu Shaoyang will be there early. Just leave here.

There was silence outside the window, and Gu Shaoyang jumped down from the window lightly.

Just as he was about to leave, a man's deep voice came from behind, "It's so late, you're also going out for a walk?"

Gu Shaoyang frowned, and when he turned around, he saw the old doctor leaning against the wall with his hands behind his back, a teasing look on his face.

This was the first time for Gu Shaoyang to be caught sneaking away!

Gu Shaoyang patted his clothes and said He didn't speak, but felt a little annoyed.

He forgot that this was a ghost hunting place. If he guessed correctly, his every move was now under the surveillance of others.

"Why choose me?"

Gu Shaoyang spoke directly. Since it had been exposed, he no longer blocked it.

The old doctor pointed to the position next to him and motioned for him to stand over. After Gu Shaoyang came over, he pointed to the dark sky and asked:"What's there?"

Gu Shaoyang looked up and saw that there was nothing. Even the moon was nowhere to be seen tonight.

"The sun rises during the day and sets at night."

The old doctor spoke softly, with a bit of calmness in his voice, "Everything has its own value, so have you ever thought about the value of your coming to this world?"

"alive."

Gu Shaoyang said coldly, "Nothing is more important than living. The old doctor laughed slowly and stared at Gu Shaoyang for a long time before speaking, "The reason why he chose you is not only because of your youth and potential, but also because of your ambition. You have a heart of your own." Ambition that no one can understand."

Gu Shaoyang looked away. He understood the meaning of the old doctor's words.

The old doctor glanced at Gu Shaoyang, who was immersed in his own thoughts, "You should think about it carefully, you have plenty of time."

The next day, Gu Shaoyang came out of the room and took the initiative to find Xunqi

"Changed your mind?"

Xieqi must know what happened last night. Gu Shaoyang is not surprised. He went back and thought about it all night. Since he can't refuse, he might as well accept it!

"But I have conditions."

Gu Shaoyang looked at the curious eyes and spoke word by word, "What the hunter needs most right now is rectification. I must have enough say in my territory."

"Of course."

Xie Qi nodded with satisfaction, "I really saw you right."

Gu Shaoyang paused and continued, "It's just that I only accept it for one year, and the property will return to its original owner after one year."
