Chapter 131

After Gu Shaoyang walked into the city for a while, another gray figure jumped out from the big hole at the city gate. It was Gu Shaoyang's strange bird.

The strange bird was not injured at all, but looked more energetic.

Its belly was so swollen that it waddled up to Gu Shaoyang and opened its mouth.——""Whoa, whoa, whoa, whoa!" spit out three huge demon pills.

They were the demon pills used by Gu Shaoyang to kill those seven-level demon beasts. He was so busy fighting in the beast crowd that he didn't even pay attention to collect them. Unexpectedly, they were all collected by the strange birds. Gu Shaoyang looked at the strange bird in confusion and said,"Why is one missing?"

The demon elixir of the blue-eyed red flame lion disappeared.

The strange bird quickly shook its head and opened its mouth to scream twice to prove its innocence, but it burped.

Gu Shaoyang couldn't help but shook his head, smiled and cursed:"I believe you and Huofeng now It doesn't matter at all. Phoenix bloodline has a noble temperament, how could they do such a thing~.."

"Giggle.."

The strange bird screamed indiscriminately, looking angrily as if it was trying to defend itself.

Gu Shaoyang ignored it. At this time, Ouyang Yubo and Mu Ming came up with complicated faces, saluted Gu Shaoyang and said:"Thanks to Gu Shaoxia for helping me this time, I would like to express my gratitude to Gu Shaoxia from everyone in Hanyang City."

Gu Shaoyang said casually:"It's just a little effort."

Ouyang Yubo smiled bitterly and said: "Gu Shaoxia has outstanding combat power, it's really just a little effort... I plan to hold a banquet for Gu Shaoxia in Hanyang City for three days, and then offer the top grade yuan stone. I would like to express my gratitude to you, what do you think of Gu Shaoxia?"

Gu Shaoyang thought for a while and said: "The best Yuan Stone is fine, but there is no need to hold a banquet. I have something to do and I have to leave immediately."

Although the beast tide is terrifying, the benefits it brings are also huge. The countless monsters that died outside the city gate were worth more than a hundred top-grade Yuan stones, so Gu Shaoyang did not refuse Ouyang Yubo's benefits.

At this time, Mu Ming suddenly said: "Brother Gu, are you preparing to participate in the Qianlong Ranking Competition?"

Gu Shaoyang looked surprised and did not deny, "Yes."

Mu Ming said, "I haven't seen Brother Gu either. For a suitable means of transportation, why not come with me? I am also about to go to Dazhou."

Gu Shaoyang thought about it for a moment, nodded and said: "Okay"...

Three days later, Gu Shaoyang, Mu Ming and Wu Shikun flew across the sky on a small boat-like flying boat.

The mountains and rivers continued to recede beneath their feet.

Gu Shaoyang was a little curious and said: "This flying boat is a good means of transportation."

Mu Ming smiled and explained: "This is just a human-level flying boat. It can carry up to five people, and its speed is not as fast as that of a warrior in the Xuandan realm. Speed is just to save trouble... Earth-level flying boats above the human level are powerful. The fastest can reach the flying speed of late-stage Xuandan warriors, but they consume more money..."

Gu Shaoyang curiously asked:"How much is Brother Mu Ming worth, and how much is the earth-level flying boat worth?"

Mu Ming said:"The human-level flying boat is not a treasure, and the top-level human-level flying boat is only fifty yuan stones. At worst, the level flying boat costs a thousand yuan stones. It is said that there is a flying boat on the ground level. Its size is equivalent to a large ship, and it can carry a thousand people. Its speed is not even able to catch up with the Shenhai realm. But that day's level flying boat The price must be an astronomical figure.."

Gu Shaoyang marveled for a few times and didn't ask again. This flying boat is indeed good, but it feels more ornamental than practical.

Most of the people who can afford a flying boat are those who are strong in the Revolving Core Realm. A strong person has no need to use a flying boat when he is on the road. He can fly in the air, and only some large sects may be able to use it.

Mu Ming hesitated for a few times, and finally couldn't help but asked out of curiosity:"Brother Gu, are you really from the Barbarian Demon Sect?"

Gu Shaoyang laughed dumbly, shook his head and said:"No, I am a member of the Great Yuan Dynasty, I come from the Qingyun Kingdom of the Great Yuan Dynasty. Zong"

"Dayuan Kingdom, Qingyun Sect.."

Mu Ming looked thoughtful, and Wu Shikun, who had been listening silently, suddenly exclaimed:"Could it be that you are Gu Shaoyang, the first genius of the Great Yuan Kingdom?!"

Gu Shaoyang nodded casually:"It's me."

On the faces of Mu Ming and Wu Shikun Suddenly there was a look of shock

"I heard before that Gu Shaoyang, the greatest genius of the Great Yuan Kingdom, defeated the Xuan Dan with Ning Zhen, and defeated Yuan Canghai, the genius of the Great Qian Kingdom, to lose the Xuan Dan. I thought it was an exaggeration. After the incident of the beast tide a few days ago, I found out that Brother Gu had heard that The more terrifying.."

Mu Ming said with a wry smile, and then asked doubtfully: "Brother Gu, aren't you famous for your swordsmanship? Why are you taking the path of body training now?"

Gu Shaoyang smiled without saying a word, and a light flashed in his hand, and the Shadow Sword appeared. in hand.

In an instant, the expressions of Mu Ming and Wu Shikun changed.

If Gu Shaoyang originally gave them the feeling of being domineering, powerful, and slightly physically depressed, but now, with the sword in his hand, Gu Shaoyang is sharp and sharp, like a sword with unparalleled sharpness, making it difficult for people to watch intently.

"I do use a sword."

Gu Shaoyang said calmly.

Mu Ming took a deep breath and said in a deep voice: "Brother Gu will definitely be able to enter the top ten in this competition for the Qianlong Ranking..."

Gu Shaoyang's eyes moved and he said softly: "Is it just the top ten?.."

Mu Ming hurriedly explained: "The top ten are already very high evaluations. Those who have entered the top ten of the previous Hidden Dragon Rankings are the most powerful top monsters in the entire Southern Region. As far as I know, there are a few extremely terrifying people in this ranking..."

"Brother Mu Ming, tell me."

Gu Shaoyang looked like he was listening attentively, and Wu Shikun on the side also showed curiosity on his face.

Mu Ming slowly said: "Let's talk about the two countries of Wei and Daqian that are adjacent to your Yuan Kingdom."

The first genius of the Daqian Kingdom, Su Yuxing, was originally a child of a noble family. However, his family was exterminated. He was also chained in a water prison with a pipa bone pierced, and tortured day and night for three years. But three years later, not only did he survive, but he also managed to survive with a sword. He was so rusty that he ran out of the water prison and killed more than a hundred members of his enemy's family, leaving no trace of chickens or dogs behind. He also killed the enemy's backer, a ninth-grade Dan Dan realm warrior, with three swords.....

At that time, it was five years ago, and he was only in the middle stage of Ningzhen..."

"Hiss", Wu Shikun took a breath of cold air and said in shock: "Three swords slashing the Xuan Dan in the middle stage of Condensation. Although it is only a ninth-grade Xuan Dan, it is too terrifying. And this was five years ago.."

"Yes, Su Yuxing has only taken action three times in the past five years. One time was when the geniuses of the Daqian Kingdom were ranked. After he came out, he killed the number one genius with a single blow. After taking the leader, he left in a daze. Until now, the geniuses of the Daqian Kingdom are fighting for the second place every year. name.

The second shot was to kill the sixth-grade Xuan Dan with a single blow. The sixth-grade Xuan Dan didn't even have a chance to resist.

The third time was the birth of another demon from the Daqian Kingdom, Princess Qingyuan. The two fought against each other for several moves, but the outcome was still undecided..."

"horrible.."

Su Yuxing's performance was too dazzling. In comparison, Gu Shaoyang even felt that he seemed mediocre.

"This Su Yuxing actually fought against Qingyuan, but Qingyuan never mentioned him to me. Does he have absolute confidence in me?.."

Gu Shaoyang shook his head, not knowing what he was thinking.

"Although this 'Purgatory Knife' Su Yuxing is terrifying, I know that there are at least five people whose strength is not inferior to him..."

"What, there are five people who are not under him?!"

Wu Shikun screamed five...

Chapter 132

Gu Shaoyang was also shocked.

Su Yuxing's record is already extremely dazzling, but Mu Ming actually said that there are at least five people who are not under Su Yuxing's

"The first one is the Great Wei Tianjiao Ling Tianyu. He gathered his essence at the age of thirteen, condensed his essence at the age of fifteen, and entered the Xuan Dan at the age of eighteen. It is said that his bones are naturally formed, and his energy conversion rate is 80%. He is a peerless monster born for martial arts.

He is twenty years old this year, and no one knows what level he has reached now."

Gu Shaoyang's eyes narrowed, and Wu Shikun opened his mouth even more.

The energy conversion rate is as high as 80%, and he entered the Xuan Dan at the age of eighteen. This cultivation speed is too terrible.

Mu Ming paused for a moment, and then said in an extremely determined tone.

"There is another person whose cultivation must be above Su Yuxing and Ling Tianyu!

Wu Shikun couldn't help blurting out:"Who?!"

"Prince Da Zhou, Ji Lingsheng!"

Mu Ming said his name word for word.

"Ji Lingsheng?!"

Gu Shaoyang narrowed his eyes. Just hearing this name, he could feel the sense of majesty coming from "Six Nine Three" and looking down at the world.

"Ji Lingsheng has the bloodline of Emperor Zhou and is a descendant of a powerful king. No one has ever seen him take action, but the geniuses of the nine countries are led by him..."

"Why?"

Gu Shaoyang frowned.

Mu Ming said slowly: "Because, the King of Daqian, Emperor Yan Yan Xingtian, once said in public that he was not as good as Ji Lingsheng at the same time. Ji Lingsheng Ning's is also a second-grade Tiandan!"

Second-grade Tiandan!

A glint flashed in Gu Shaoyang's eyes. He didn't expect that even second-grade Tiandan would appear on this Qianlong List.

The herdsman sighed: "Characters like Su Yuxing and Ling Tianyu, in the past, just one person could be picked out at random. They are all ranked at the top of the list of hidden dragons designated by the emperor, but this time they are all lumped together, and there is also a second-grade Tiandan monster like Ji Lingsheng. This Qianlong Ranking must be a rare event in thousands of years.

Gu Shaoyang nodded and said immediately: "Are there any other monsters worth noting?" You just said there were at least five people.."

Mu Ming said: "There are also evil geniuses outside the Nine Kingdoms. After all, the Hidden Dragon List is not only a battle between the Nine Kingdoms, but many hidden sects that are independent from the Nine Kingdoms will also send their disciples to compete for the sect's destiny... Like every The Barbarian Demon Sect, which only inherits one person from generation to

generation, and the Hanhai Sect, which is established on the island, stir up a lot of trouble every time a disciple is born...

There is also the Evil Blood Sect that spreads across the nine countries. It is said that this generation's sect is also extremely terrifying. figure.."

As he spoke, Mu Ming also glanced at Gu Shaoyang. Rumors that Gu Shaoyang killed Li Baofeng, the successor of the Evil Blood Sect, and that the Evil Blood Sect spread words to make Gu Shaoyang look good were spreading among the major countries, and he had also heard about it.

"Including Yan Qingyuan, the daughter of Emperor Yan, these numbers can be counted with more than one palm, right?.."

Mu Ming said to Gu Shaoyang: "That's why I said that although Brother Gu has super talent and strength, there is no problem in being in the top ten, but he wants to be in the top three, or the leader. It is difficult, too difficult! Unless you can advance to the Xuandan realm, maybe there is still a glimmer of hope."

Gu Shaoyang nodded and said: "I am just trying to find a place to condense the elixir before the battle of the Qianlong List."

Mu Ming said: "Then it is better to condense the elixir in the capital of the Great Zhou Dynasty, where there are nine The best training room in the country is very helpful in practicing and breaking through the realm."

Gu Shaoyang's eyes brightened slightly and he said: "Just listen to Brother Mu Ming."

Then Gu Shaoyang asked Mu Ming about some geniuses from the Nine Kingdoms.

This Mu Ming has a good personality, a warm heart, and his own outstanding strength. He has friends all over the Nine Kingdoms and knows a lot of things.

He also intends to make good friends with Gu Shaoyang, and he knows everything about Gu Shaoyang and talks about everything.

Wu Shikun would occasionally chime in, and the three of them had a great time chatting.

Gu Shaoyang's strange bird was lying aside obediently. Ever since it was exposed to the red flame lion's demon pill, it had become a little wilted and listless all day long. Gu Shaoyang didn't bother to care about it.

The speed of the flying boat is not as fast as that of the powerful people in the Revolving Core Realm, but vehicles such as carriages are still much faster.

In seven days, Gu Shaoyang and others had almost entered the Great Zhou realm.

On this day, Gu Shaoyang was sitting on the flying boat with his eyes closed, silently warming up the energy in his body, when he suddenly heard a fierce sound in the distance.

"Chao Qian, you are going too far!"

A roar of shame, anger and humiliation spread throughout the wilderness.

Mu Ming and Wu Shikun also woke up and looked forward. They saw a hurried figure flying towards this side quickly, with a look of panic and fear. From time to time, he looked back, as if behind him something terrible is chasing him

"Revolving Dan Realm?!"

Wu Shikun whispered.

Mu Ming's face slightly condensed and he said solemnly: "Looking at his flight speed, he should be in the middle stage of the Revolving Pill."

There was a hint of shock on both of their faces. If a strong man in the middle stage of the Revolving Pill ran away in such a hurry, how terrifying would the person chasing him be? A strong person in the late stage of the Revolving Core?

The pursuer soon appeared in the eyes of the three of them. He was a skinned person. A man with long bronze hair. He has a rough face, a broad sky, and a deep gaze.

He only wears a thin animal skin on his upper body, and his exposed muscles and chest are like undulating mountains. You can feel it at a glance. The terrifying power hidden beneath it.

With every movement of his hands and feet, a powerful aura spread out, like a volcano or a mountain torrent.

Every time he took a step, the distance between him and the middle-stage Xuandan warrior was reduced by a large amount. In just a few breaths, in a matter of seconds, the middle-stage Spinning Pill warrior was overtaken by him.

The middle-stage spinning pill warrior looked panicked, and suddenly turned his head and struck out a majestic palm force.

The man in animal skin had no expression on his face, and stretched out a big hand to meet the palm force. , the palm power immediately disappeared in his hand.

The warrior in the middle stage of the Revolving Pill opened his eyes wide, seeing that there was no way to escape, and was forced to a dead end, his eyes turned red, and he shouted crazily: "Chao Qian, you forced me to do this. Even if I die today, I will drag you with me!"

As he spoke, he opened his mouth, and a mouthful of light golden spinning pill flew out. An explosive and unstable aura surged through the air...

Mu Ming's pupils shrank, and he was shocked and said: "No, this guy is going to self-destruct the spinning pill, or the eighth-grade spinning pill in the middle stage of the spinning pill, let's retreat quickly!"

After that! , Mu Ming controlled the flying boat to retreat quickly.

"That man is going to be miserable! Mu

Ming looked at the man in animal skin and said solemnly: "The self-destruction in the middle stage of the Revolving Pill is powerful enough to turn ordinary warriors in the late stage of the Revolving Pill into powder. Although this person is strong, he will definitely suffer a big loss.""

"uncertain."

Gu Shaoyang looked at the man in animal skin with fixed eyes, the light in his eyes flashed, and he didn't know what he was thinking.

Facing the crazy warrior in the middle stage of the Revolving Pill, the man in animal skin kept his expression unchanged and said coldly: "You want to die with me. ? What qualifications do you have?!"

After that, he punched.

This punch was like a mountain or a meteorite, containing incredible power. Even the air rippled like water waves under this punch.

"boom!"

The beast-skin man punched the Revolving Pill in mid-air.

The Revolving Pill trembled violently.

The warrior in the middle stage of the Revolving Pill spat out a mouthful of blood and looked at him with wide eyes in disbelief.

The beast-skin man His hands kept punching one after another, hitting the Xuan Dan every time.

The warrior's whole body was shaking, blood spurted out from his mouth, and he shouted with grief and anger: "Explode!"

"dream!"

A cold voice came from the animal skin man's mouth.

"Roar.."

The faint sound of dragon roar seemed to be heard in everyone's ears, and the light in Gu Shaoyang's eyes soared.

"click.."

The beast-skin man's punch directly caused a crack in the Xuandan, followed by another punch.

0.5 The spinning elixir warrior fell directly from the sky. His revolving elixir was completely broken into two halves, dim and without any spirituality.

"Breaking the Spin Pill with your bare hands?!"

Mu Ming and Wu Shikun's eyes almost popped out of their heads, their faces full of shock.

"How terrifying is this guy's power? Still human?!"

Gu Shaoyang's eyes were burning and he stared at the man in animal skin, his fighting spirit gradually rising in his body.

The man in animal skin seemed to sense Gu Shaoyang's gaze, turned his head and looked at him deeply, and said lightly:"You are not bad, but your cultivation is Too low to fully satisfy me. Come and fight me again when you enter the Xuan Dan. Remember, my name is Chao Qian..."

After saying that, the man in animal skin flew away without looking back.

"Chao Qian..Chao Qian.."

Mu Ming read the name in horror and shock, and said doubtfully:"There seems to be no such body-refining madman among the Nine Kingdoms!"

Gu Shaoyang retracted his gaze and said slowly:"If I guessed correctly, this Chao Qian , should be the descendant of this generation of Barbarian Demon Sect"

"ah?!"

Mu Ming and Wu Shikun's faces were full of astonishment..._

Chapter 133

Night falls and the sky is filled with stars.

In the wilderness, a bonfire was slowly burning.

Chao Qian sat quietly by the bonfire, his majestic body half-hidden in the night, giving him a sense of eternal majesty.

Next to him was a winged flying bear that had been torn in half, with signs of being eaten.

A figure suddenly walked out of the night quietly and sat down next to Chao Qian naturally, with a calm expression as if he existed.

The person who came was a handsome young man wearing a light blue robe, with a long flute on his waist, and his attitude was indescribably chic.

"Zhou Canglan, what are you doing here?"

Chao Qian opened his eyes. His eyes were brighter than firelight, but his tone was as hard and cold as stone.

The handsome young man smiled and said casually:"Chao Qian, after all, our two sects are family friends. You are the descendant of the Barbarian Demon Sect. I This is the generation of the Hanhai Sect. What's wrong with looking for you to reminisce about the past? Chao

Qian snorted and muttered:"Today I met someone who made my Chi Demon Arm move abnormally".."

"Um?! The handsome young man looked surprised and said in amazement:"It can make your demonic arm move abnormally, and my physical body will at least be able to compete with you.""

"The key is that he is still concentrating. Chao

Qian's eyes lit up and he said, "Moreover, I sensed an extremely powerful sword intent in him. I haven't met such an interesting person in a long time."

The handsome young man clicked his tongue and said: "You will encounter more and more dragons in the future. This year's Hidden Dragon Ranking has a gathering of dragons, and there are more than one person with the potential of a young dragon. You can fight to your heart's content. Chao

Qian nodded invisibly and said in a deep voice: "I am determined to be the leader of the Qianlong Ranking this time. No matter who stands in front of me, I will defeat them one by one." The handsome young man smiled and sighed: "Before I left, my master also gave me a death order. If I don't get enough dragon energy to go back and continue my Hanhai Sect's destiny, I will be beaten." But being in the top three is enough for me. I don't want to fight a monster like you. Our two sects are family friends, so don't hurt our friendship...haha.."

The laughter faded away in the night, and the figure of the handsome young man disappeared without knowing when...

The deepest part of the heavenly prison of Daqian Kingdom.

A person is sitting on a chair, with his back straight and his posture extremely upright.

He held a knife in his left hand and spread his right hand in front of his eyes, as if looking at something.

The most vicious criminals in the whole Daqian were imprisoned in the sky prison. Beheading the capital was not enough to anger the people, so they could only torture them day and night.

The screams, curses, and madness in the prison were endless.

But this hell-like scene had no impact on the people sitting upright in the chairs.

He looked at his right hand intently, looking at it extremely seriously.

If someone stood behind him, they would be surprised to find that the palm of his right hand is smooth and flat, and not even a trace of palm print can be seen.

"Su Yuxing, you have overstretched your potential. In just five years, you have grown from a mortal to the Revolving Pill realm. So what if you condensed into a third-grade Revolving Pill. You have a leak in your body, and you only have less than three months left to live. You will definitely die... You are not even as good as us prisoners, hahaha.."

A very spiteful voice sounded in the prison, causing many death row inmates to laugh.

"Su Yuxing, you are dead!"

"The torture and pain you will suffer when you die will be a thousand times ten thousand times that of ours..."

This man finally raised his head, his face, lips and eyes were extremely long and narrow, giving people a cold, cruel and ruthless feeling.

"I know."

The young man spoke calmly, slowly picked up his knife, and said slowly: "I only have three months to live, but every time I get closer to death during these three months, my strength will become stronger...If I have enough dragon energy to nourish me, I may not be able to reincarnate from the dead and have another hundred years of life to climb to the top of martial arts."

"You are dreaming!"

The vicious voice sounded again, mocking: "No matter how strong you are, can you be stronger than Ji Lingsheng? He has king-level blood in his body and has condensed the second-grade heavenly elixir. He is superior to you in terms of qualifications, understanding and strength. There is no way you can be his opponent."

"I know this too."

The young man stood up slowly, took out the knife from the scabbard, and said calmly: "So I ask you to do a favor..."

"help you? The devil will help you! Su Yuxing, I wish you could die now! The young man turned a deaf ear to the vicious curse and said to himself: "I want to use your lives to increase the arrogance of my Purgatory Knife and help me defeat that Ji Lingsheng!"

"Su Yuxing! You madman!"

"You can't kill us, you are disobeying the emperor's order!"

"ah!.."

The piercing screams kept ringing out from the sky prison, and the light of the sword flickered up and down like a candle flickering on the wall....

"Have you decided that you really don't want to participate in the Qianlong Ranking?"

Yan Qingyuan's eyes were as gentle as water, and she was quietly embroidering a pair of golden mandarin ducks in her hands. However, she did not embroider well, and the mandarin ducks were crooked.

"Don't go. Yan

Qingyuan smiled at the corner of her mouth and said softly: "Anyway, he has decided on the leader of Qianlong. I can't get the first place even if I go there."

"Are you so confident in a mere Ningzhen Realm boy?"

Yan Qingyuan stopped what she was doing, raised her head, looked in one direction with her beautiful eyes, and asked: "Didn't your father come from the Ningzhen Realm? The voice was silent for a long time and said slowly: "Since you have decided, I won't say anything else." But don't forget our agreement. If he fails to get the position of leader, you two will not be able to meet again until the King's Realm."

Yan Qingyuan smiled, as if she didn't hear what the other party said at all....

Duanhun Gorge is shrouded in thick blood-colored mist all year round, and there is not a single living creature within a hundred miles.

It is said that seventh-level monsters and masters of the Revolving Pill Realm accidentally entered it and never came out again.

There was a cave in Duanhun Cliff, and blood mist billowed at the entrance, exuding an extremely strong smell of blood.

A gloomy man wearing a black and red robe stood in front of the cave entrance, as if waiting for something.

Suddenly, a streak of blood shot out from the hole, and the man held it firmly in his hand.

"Gu Shaoyang, the most arrogant person in the Great Yuan Kingdom, will go to this battle for the Qianlong List. You go and get his head... I will allow you to have a whole city of people practice the evil blood method for you."

A gloomy voice came out from the entrance of the cave 693.

The gloomy man nodded silently, looked at the weak bloody jade talisman in his hand, and murmured:"Gu Shaoyang...hehe.."...

In the imperial capital of the Great Zhou Dynasty, there seems to be a faint golden dragon lingering above the majestic palace city. The purple aura fills the sky, which is indescribably precious.

A handsome young man wearing a purple and gold robe stood in front of a huge golden dragon wall, standing with his hands behind his back

"Prince.."

A voice sounded from behind him, and the young man turned around. The sun and the moon seemed to be rotating in his eyes. He was born with double pupils, like a god.

"Father!"

"The nine kingdoms in our southern region are each built on a huge dragon vein of earth energy. Our Great Zhou is at the head of the dragon and has been the head of the nine kingdoms since ancient times. But a hundred years ago, Da Qian Yan Xingtian was born and took away the leader of the Hidden Dragon Ranking. Over the past hundred years, the earth's dragon veins have had a faint tendency of the dragon's head shifting. This time in the battle for the Hidden Dragon Ranking, you must win the top spot. Just fine."

The young man looked indifferent, and his gestures were filled with a strong sense of confidence.

"Father, please rest assured, no one can take the position of leader from my hands, Ji Lingsheng. In the next five hundred years, I will make the national destiny of the Great Zhou Dynasty reach a higher level! Even Yan Xingtian can't stop it. Emperor Zhou looked delighted and nodded, "It's best if you have this confidence. You have the purest blood of Emperor Zhou in the past thousand years. You are a born king. Don't let me down!" The young man looked high into the distance and said in a deep voice: "The Hidden Dragon List is just the beginning. When I, Ji Lingsheng, reach the realm of king, I will make the Ji family respect my blood, and I will be the new Emperor Zhou!"

_Feilu reminds you: three things about reading - collect, recommend, and share!

The 134th

Hidden Dragon List is about to open, causing endless storms in the Southern Region.

Qianlongbang competes for the destiny of a country, the destiny of a sect, and also the destiny of the warriors themselves.

Those with great luck will have a smooth martial arts career, their practice will be rapid, and they will have countless opportunities to take the initiative.

Things like going out to pick up elixirs or jumping off cliffs to pick up secret books - this is not something you talk about casually.

One month before the opening of the Hidden Dragon Ranking, countless talented evil warriors rushed to the imperial capital of the Zhou Dynasty to be the first to take part in this grand event - Feng Cai

"arrive."

Mu Ming's voice awakened Gu Shaoyang from his sleep. He stood up from the flying boat and looked up.

What he saw before his eyes was a majestic and majestic city that he had never seen before. The sky above the majestic city seemed to be filled with the sky. Purple air and golden light, a swimming dragon loomed, but in a blink of an eye it was clear sky and white sun again.

Gu Shaoyang was shocked. This is the atmosphere of the capital of the Nine Kingdoms. It is more than ten times grander than the emperor of the Yuan Dynasty.

Gu Shaoyang and Mu Ming, Wu Shikun and the others got off the flying boat.

We were not the only ones arriving in the flying boat. At least Gu Shaoyang saw many earth-level flying boats whizzing by, and it was not uncommon to see strong men in the Revolving Core Realm.

When they entered the city, the imperial city guards greeted them. One person collected the entrance fee for a medium-grade spiritual stone.

Gu Shaoyang couldn't help but frown: "Why is it so expensive?"

The entrance fee requires a medium-grade spiritual stone, which is equivalent to one hundred thousand taels of silver converted into worldly money. Ordinary people may not be able to save enough to enter the city even if they work hard for several lifetimes.

Mu Ming explained: "It can only be opened on the Qianlong List. That's all for the time being. Because there were too many people entering the city, no matter how big the capital was, it was impossible to accommodate them all. They could only use this method to screen out some of the boring people watching the fun. Moreover, there are many experts in the imperial capital, and friction and fights are inevitable when there are more people. The Zhou Dynasty also sends

Xuandan and even Shenhai realm experts to maintain order in the city. These expenses are not in vain..."

"And there are powerful people in the Divine Sea Realm?"

Gu Shaoyang was slightly shocked.

Mu Ming nodded and said:"The Great Zhou Dynasty is the head of the Nine Kingdoms, and its national fortune is at its peak. There are no less than five masters in the Divine Sea Realm. It is rumored that there are even ancestors of the Great Zhou Dynasty, old monsters who are responsible for life and death, guarding it. An old monster in the King's Realm.."

Gu Shaoyang finally understood the difference between Dayuan and Dayou.

A Chilong monster in the Divine Sea realm in the Great Yuan Kingdom can be regarded as an ancestor and fed with food and drink. There may be strong human beings in the imperial city, but their cultivation will never exceed that of the Divine Sea.

However, the Great Zhou Kingdom can directly send powerful people from the Divine Sea Realm to maintain order. The gap in background between the two is huge.

Thinking of the enthusiasm and hospitality of the third prince Zhao Yuan towards him and the various rewards from Emperor Yuan, Gu Shaoyang could suddenly feel the hardship and helplessness they were burdened with.

If possible, try to bring back some national luck for Dayuan.

Gu Shaoyang thought to himself.

This was not the first time that Mu Ming came to Dazhou. He led Gu Shaoyang and Wu Shikun into the city with familiarity.

When passing a high tower, Mu Ming stopped and said to Gu Shaoyang:"Brother Gu, this is the martial arts tower of the Great Zhou Kingdom. There are thousands of training rooms of different levels inside. If you want to condense the spinning pill, you can This is perfect."

Gu Shaoyang saw many warriors coming in and out of the martial arts tower, some from the Revolving Dan Realm and the Ning Zhen Realm, and some from the Juyuan Realm.

"There is a super-large Yuan Gathering Formation under the Martial Pagoda. The Yuan Qi is several times richer than the outside world. The different levels of training rooms have different Yuan Qi richness. It should be enough for Brother Gu to rent a training room. Gu

Shaoyang nodded and thanked Mu Ming: "Then I'm done. If you two have anything to do, you can handle it on your own and don't worry about me."

Mu Ming smiled and said: "Then I'll go meet a few familiar friends first. When Brother Gu finishes condensing the pills, he can come to the Yuelai Inn in the city to find me." First of all, I would like to wish Brother Gu success in his elixir."

In Mu Ming's view, although Gu Shaoyang has qualifications, he is still far away from the top monsters such as Ji Lingsheng Su Yuxing.

He wishes that Gu Shaoyang can condense the third-grade earth elixir, which is already very good.

After all, not everyone can form it. Tiandan, Mu Ming was a genius of the Great Wu Kingdom, and he could only condense the sixth-grade revolving pill.

Gu Shaoyang aspired to the first-grade, but it was hard to tell Mu Ming these things, so he just smiled, then nodded towards Wu Shikun and strode into Wu. Tower.

There are several Juyuan realm warriors in the martial tower responsible for entertaining. Gu Shaoyang expressed his intention to one of them. The man mused: "There are too many warriors entering the city recently. All the earth-level training rooms have been rented out, and the heaven-level training rooms have been rented out. There is still space available in the Kazuto training room. If you are not in a hurry, you can wait for a day. Maybe there will be an underground training room available.

Gu Shaoyang thought for a while and said, "How to calculate the cost of the training room?"

"There is one low-grade Yuan Stone every hour in the human-level training room, one middle-grade Yuan Stone every hour in the earth-level training room, and one high-grade Yuan Stone every hour in the heaven-level training room..."

"Then rent me a heaven-level training room."

Gu Shaoyang said.

Huh?!

The entertaining disciples were slightly surprised, and several warriors next to him also turned their heads to look at him in surprise.

Generally, the ground level is enough for Ningzhen realm warriors, and the heaven level training room is suitable for the powerful Xuandan realm. Ningzhen realm warriors are a bit extravagant

"Another rich man.."

Someone said sourly with an envious and jealous tone.

He was quite happy to entertain the disciples and asked enthusiastically:"How long do you need to rent it for?"

0·Requesting flowers0····

Gu Shaoyang casually threw out fifty pieces of top-quality Yuan stones and replied:"I don't know how long it will take. I'll keep these Yuan stones with you first. When I come out, I can give back any more and make up for the less.""

"yes."

The reception disciple's eyes shone. He was not an ordinary person who could casually throw out fifty top-quality Yuan stones.

He hurriedly took out a jade tablet with a small sky character engraved on it and handed it to Gu Shaoyang, saying respectfully: "Sir, go up the stairs. On the top floor, there is the Tianzi No. 5 training room."

"Um."

Gu Shaoyang nodded slightly, turned around and went upstairs with the jade token.

When he went upstairs, a few people happened to come down, and Gu Shaoyang passed them by.

"Huh?"

A young man in white with handsome features and warm eyes exclaimed and turned to look back.

An old man with a pale face next to him said: "Tianyi, what's the matter? Met an acquaintance?"

Jie Tianyi nodded and said slowly: "It's the man who defeated me during the spring hunt. I just saw him go upstairs."

"What is his current level of cultivation?"

"Like me, in the late stage of Ningzhen."

Master Mingxin said calmly: "Then you can find an opportunity to defeat him on the Dragon Capture Platform." At that time in Chun Shou, your Qianyuan Sword Code was not yet completed, but now you are making rapid progress in your cultivation, and you have also mastered the Qianyuan Sword Code to an extremely profound level. The eighth- and ninth-grade Xuandan warriors are not your opponent at all. The sect's requirements for you are not high this time. As long as you can enter the Hidden Dragon Ranking, you must not win that bit of luck for our Qianyuan Sect. Let everyone down.."

Jie Tianyi had a firm look on his face, nodded and said: "Elder Mingxin, don't worry, Tianyi will live up to everyone's trust.""

"Um. Master

Mingxin nodded happily and said casually: "Let's go. It's a surprise that you can successfully break through the late stage of Ningzhen in Wuta this time. I'll take you to meet some of my old friends." .."...

Gu Shaoyang didn't notice that the person he just passed by was Jie Tianyi, who had been defeated by him.

He quickly went to the top of the martial arts tower and found the Tianjie No. 5 training room.

Pushing open the door and walking in, a strong vitality immediately spread across the room, even a bit suffocating.

Gu Shaoyang's eyebrows relaxed and he looked around the room.

The room is not big, just a bed and a rope.

It is very convenient to shake the rope and ring the bell at the bottom to call people over and bring food or water.

Gu Shaoyang calmed down and sat down in the middle of the room.

After several months, his vitality, physical body, and martial arts artistic conception were finally polished to a perfect state without any flaws.

During this trip, he will definitely condense his elixir.

Chapter 135

Fifty top-grade Yuan stones were extracted at the same time, and the extremely pure Yuan Qi plus the originally abundant Yuan Qi in the Tianjie training room poured into Gu Shaoyang's body.

Hundreds of rivers returned to the sea, and the ten thousandth drop of Sword Yuan Yuan liquid was quietly produced.

At the moment when the ten thousand drops of Yuan Liquid appeared, the densely packed Yuan Liquid in Gu Shaoyang's Dantian began to gather and rotate toward the middle.

It flows quickly, like a beautiful and beautiful galaxy.

The Ju Yuan Jin Ning Zhen converts the energy from air to liquid, while the Ning Zhen Jin Xuan Dan condenses the liquid Yuan liquid into a solid state.

This is a fundamental leap.

Gu Shaoyang's huge soul power mobilized and controlled the rotation of the Dantian Galaxy.

The galaxy rotates faster and faster, gradually shrinking, converging into a spherical shape the size of an egg.

The moment the ball appeared, Gu Shaoyang felt a terrifying throbbing radiate from his Dantian.

It was emitting such power before it was completely condensed into a pill. Gu Shaoyang was excited and looking forward to it more and more.

The formation of the small ball seemed to require an extremely large amount of vitality, and the fifty top-quality Yuan stones prepared by Gu Shaoyang were quickly consumed.

The pores all over his body opened and activated the Galaxy Sword Canon. Suddenly, all the vitality in the Tianjie training room was mobilized and rushed towards Gu Shaoyang crazily....

"what happened?!"

At the bottom of the martial tower, a Juyuan realm warrior walked out of the training room, slapped the table in front of the disciples, and said angrily:"Although I rent only a human-level training room, you can't cheat people like this, right? The vitality is not as strong as outside."

The receptionist frowned and said: "Your Excellency, our martial arts tower's training room has strict standards for the intensity of vitality. The concentration of vitality in a heaven-level training room is twenty times that of the outside world, ten times that of an earth-level one, and five times that of a human-level one. Please don't make trouble unreasonably, okay?"

"Am I being unreasonable?!"

The Juyuan Realm warrior's eyes widened with anger and he was about to argue. At this time, several more people came out of the training room and shouted dissatisfied.

"What's going on? The concentration of vitality has dropped so much all of a sudden?!"

"That is, did you secretly stop the Juyuan Formation?.."

"Give back our primeval stones, give back our primeval stones!"

While talking, more and more people came out of the training room. They all came out because the concentration of vitality dropped sharply and their practice was affected.

Not only the Yuan Ju warriors, but also the Ningzhen warriors in the earth-level training rooms. in

"Everyone, please wait a moment, we will check the spirit-gathering beads immediately."

The receptionist disciple was sweating on his forehead and ran down quickly. He soon came back with a grimace and said innocently: "There is nothing wrong with the Juyuan Array!"

"So what's going on? How could the vitality in the training room decrease for no reason?"

A warrior with a strong aura and who has reached the late stage of condensation said in a deep voice.

The disciple who greeted him said with a sad face: "Unless, unless someone practices some kind of skill and robs most of the energy gathered by the Yuan Gathering Formation, this will cause you to be different. There is not enough vitality in the training room...but this is impossible. How can there be such a domineering technique?.."

"No need to think about it."

Suddenly, a tall figure walked down the stairs. Everyone looked stern, with a hint of respect on their faces. A master of the

Xuandan realm.

The Xuandan warrior said in a deep voice: "You'll know when you go out and take a look. If I guessed correctly, there should be someone condensing elixir in Wu Pagoda!"

What?!

Everyone looked stunned and immediately went out. Sure enough, someone soon screamed

"Look at the top of the Wu Pagoda."

On the top of the Martial Pagoda, a huge amount of vitality from heaven and earth gathered together, rushing crazily into the Martial Pagoda.

Because there was so much vitality, everyone could see with the naked eye the faintly glowing thing on the top of the tower that was completely composed of vitality. A white funnel-shaped vortex.

This astonishing phenomenon immediately attracted the attention of outsiders. Countless people looked up at the top of the martial tower and marveled. An experienced Xuandan warrior said with a strange light in his eyes: "It is absolutely impossible for ordinary people to condense elixirs. Such power can cause such strange phenomena. The elixir condenser condenses at least a third-grade earth elixir, and a fifth-grade or above earth elixir. Maybe he can be ranked fourth!"

There were expressions of envy and amazement on the faces of the people around.

The fourth-grade spinning pill is a promising glimpse into the realm of life and death. Those who can condense the fourth-grade spinning pill are definitely extremely talented people.

As time goes by, more and more people gather around. There are many people who condense elixirs in the Martial Pagoda, but there are very few people who condense fourth-grade revolving elixirs and create such a spectacle.

Suddenly, the vitality funnel at the top of the tower seemed to tremble, and there were signs of gradually dissipating. Everyone's eyes lit up.

"The elixir is almost ready. When the revolving elixir is first formed, the elixir pattern will be reflected in the sky and the earth. If it is really a fourth-grade revolving elixir, there should be four stripes appearing.

A Ningzhen Realm warrior asked curiously: "Why does the Xuan Dan have natural patterns?"

An older man replied: "The warrior condenses the spinning pill from scratch, and the condensed spinning pill will inevitably have defects. The so-called elixir pattern refers to the cracks on the revolving elixir. The fewer the cracks, the higher the grade of the revolving elixir and the greater its potential..."

"Is it possible to have a flawless Xuan Dan without even a single crack?"

Some people sneered and sneered: "How is it possible? The third-grade Tiandan will be jealous of the sky, and after it is condensed, it will cause thunder and disaster. It is impossible to have a flawless revolving elixir, it is an existence that surpasses the first-grade revolving elixir."

The people around suddenly realized, and then they were looking forward to the level of this mysterious elixir condenser.

At this moment, the sky suddenly changed, and large dark clouds gathered in. Thunder and lightning flashed in the clouds, and there was a terrifying feeling. The ultimate coercion of heaven and earth descended.

Everyone's eyes suddenly opened wide, their pupils shrank, and they exclaimed: "Thunder Tribulation?!"

"The third-grade Tiandan is born!"

"Let me go, what happened to my sword?!"

Someone suddenly looked at the long sword worn on his waist in horror. The long sword was trembling continuously.

It was not just him, but the warriors in the circle around the martial tower, whether they were in the Juyuan Ningzhen or the Dan Dan realm, as long as they were The long swords in the hands of those who were wearing swords trembled crazily and made a buzzing sound.

As if they were being inspired by something, they would take out their sheaths and escape at any time.

Everyone looked at the Wu Pagoda shrouded in dark clouds and thunder, and shouted in horror. He said:"What kind of elixir does this man have condensed?!"....

At this moment, Gu Shaoyang was paying full attention to the Xuan Dan in his dantian.

Xuandan is ice blue, the size of an egg, and crystal clear like a top-quality ice crystal.

A small ice-blue sword appeared in the spinning core, which was really strange.

This is not an ordinary spinning elixir, this is a sword elixir condensed by Gu Shaoyang based on the"Galaxy Sword Codex".

Born in the sixth grade!

In other words, when Gu Shaoyang first condensed the sword elixir, there were only six cracks on the sword elixir, which was a natural third-grade elixir.

The last step Gu Shaoyang took was to repair the cracks in the Revolving Pill.

This step relies on supreme understanding and foundation.

Gu Shaoyang had just repaired three cracks when he felt a terrible pressure falling from the sky.

He raised his head suddenly, as if he could see the gathering dark clouds and thunder through the ceiling of the training room.

"Is it a thunderstorm?!"

Gu Shaoyang muttered to himself, and immediately stopped caring about it.

Repairing the Xuan Dan is something that heaven and earth cannot tolerate. If the repair reaches the level of Tian Dan, heaven and earth will naturally bring down thunder.

Gu Shaoyang mobilized his vitality, and a crack on the ice blue sword pill slowed down. Slowly disappearing, one step closer to perfection. Before

Gu Shaoyang had time to rejoice, he suddenly felt a throbbing in his heart and a warning sign.

He suddenly looked up and saw a deep purple lightning that seemed to be able to travel through the void, penetrating The roof of the training room suddenly appeared in front of him and struck straight at him.

Gu Shaoyang was about to dodge, but his eyes suddenly widened. He changed his mind in an instant and stretched out his hand to grab the lightning.

"Tribulation Thunder: Vitality*123344. Thunder attribute*23452, Tribulation Power*2689.."

Along with the terrifying tribulation thunder, there is also a purple bubble with super attributes!
_Feilu reminds you

Chapter 136

Gu Shaoyang's right hand came into contact with the calamity thunder, and in an instant, an extremely powerful force hit him.

A sharp pain started from the fingertips of my right hand and spread rapidly to my arm and body.

"Extract attributes!"

Gu Shaoyang shouted these words in a low voice.

The purple thunderbolt disappeared immediately and turned into countless electric lights to wrap around Gu Shaoyang.

Gu Shaoyang felt as if his whole body was immersed in mountains of swords, seas of fire, and flaming magma. There was pain everywhere. The place is not itchy.

But at the same time, countless pure and vigorous Yuan Power poured into his body, which was quickly absorbed by the unfinished sword pill, and the penultimate crack was also slowly disappearing...

"Um? It's strange, why did this Dan Lei Tribulation disappear as soon as it fell?"

Outside the Wu Pagoda, the faces of the onlookers showed doubts.

They saw purple thunder falling from the sky, but it disappeared as soon as it hit the top of the Wu Pagoda. When a stone was thrown into the pond, there would still be a few waves, rolling. The thunder falling from the sky didn't even make a sound.

The pill condensing person seemed to be... dead.

"Could it be that he was struck by the thunderbolt or knocked unconscious?!"

Someone speculated maliciously.

"impossible.."

A Dan Dan warrior firmly held down the trembling long sword in his hand, and said in a deep voice: "The vision of a hundred swords ringing in unison has not disappeared. This person's Dan condensation must not have failed! Even.."

The Xuandan realm warrior showed a hint of shock on his face, and said in a low voice: "Why do I feel that my sword is shaking more and more violently."

A large circle of people using swords around had the same feeling, some with a slightly lower cultivation level, and even It has begun to gradually use all its strength.

It took all your strength to control your sword?!

This thing sounds like a fantasy, but it is the truth. If they don't use force, they feel that their beloved sword will fly away at any time.

Flying to the top of the Wu Pagoda... countless people shouted in shock: What kind of elixir did this man condense?!...

At this time, Gu Shaoyang was completely wrapped in purple thunder paste.

The tiny electric lights all over his body jumped and flickered, filled with an unparalleled and powerful destructive power.

Only half of the crack on the sword core is left, and this half is still being healed and disappearing.

Gu Shaoyang's mind at the moment was immersed in the perception of the power of the Tribulation Thunder.

His thunderous sword intent skyrocketed crazily, from 60% to perfect, and then transformed into another more mysterious and terrifying sword intent.

Violent, destructive, restrained, and full of destruction.

Gu Shaoyang called it the Thunder Tribulation Sword Intent.

Yi Cheng Lei Sword Intent.

20% Tribulation Thunder Sword Intent...

When all the thunder slurry outside Gu Shaoyang's body was absorbed by him, the thunder sword intent reached 50%!

Gu Shaoyang opened his eyes suddenly, and there seemed to be a flash of lightning in the empty room, and there was an explosion sound.

The purple light flashed in Gu Shaoyang's eyes. He stood up and suddenly felt that his whole body seemed to be filled with explosive power.

"Roar!!"

The suppressed roar of the dragon resounded in the room, and the wind brought by the fist caused the walls of the training room to collapse and crack open.

Horrible!

Gu Shaoyang's pupils shrank, and his heart was filled with joy.

In the process of absorbing the calamity thunder, the thunder light tempered his body, and his strength of both arms increased by more than 5,000 kilograms, and the physical strength reached 43,000 kilograms.

Not only that, but the physical fitness was also greatly improved. Shaoyang had a vague feeling in his heart.

The long-stalled Dragon Capturing Strength , perhaps he will be the fourth level of cultivation.

Fully sixteen times the force!

Gu Shaoyang felt terrible just thinking about it.

Oh, by the way...

Gu Shaoyang suddenly woke up, and then remembered that he came here this time to condense.

He hurriedly looked inside Dantian, an ice-blue ball with a small sword inside, is spinning smoothly.

Every time it rotates, it spits out a stream of sword essence energy that is more than ten times stronger than the Ningzhen realm.

Gu Shaoyang was overjoyed..

Wuxia Sword Pill, done!

He couldn't help but urge the sword pill to shoot out a sword light.

In an instant, a brilliant and brilliant sword light shot out from his hand.

Like an angry dragon, like thunder, like an aurora, in an instant Pierced the ceiling of the Tianjie training room, pierced the roof of the Wu Pagoda, and shot into the sky outside.

At the same time, countless warriors outside the Wu Pagoda could no longer restrain the swords in their hands.

In an instant, thousands of different styles Long swords of different grades flew into the sky, trembling and echoing with the sword light, as if they were worshiping the birth of a king.

Facing this strange scene, everyone was stunned.

Even Gu Shaoyang himself was stunned. I was shocked. I didn't expect that the sword elixir would make such a big noise when it was just formed. I quickly dispersed the sword light.

Countless long swords in the sky suddenly clattered and fell down. Many people were almost killed by their own swords. The sword was accidentally injured.

All the strange images disappeared without a trace. After a brief silence, the onlookers broke out into heated discussions.

"What exactly is going on?!"

"It's like a huge force is pulling my sword!"

"Did that person succeed in condensing the elixir? How many grades of spinning pills have been condensed?!"

It's so weird. There are no elixir patterns appearing in the sky.

It's as if this elixir condensation event suddenly ended in a hurry.

Everyone was full of surprise, confusion and doubts, and couldn't figure out what was going on.

Except for a few A person who pays attention to this matter.

In a wine shop in the imperial capital, Chao Qian and Zhou Lan sat opposite each other, both looking away at Wu Pagoda.

"What do you think?"

Chao Qian picked up the wine bowl and took a sip, and said calmly: "There is no doubt that the elixir condensator concealed the elixir pattern by some means for fear of causing a sensation... Humph, the battle has already become such a big fuss, it is really superfluous.."

Zhou Lan smiled and said: "This year's Qianlong Ranking is really interesting. There are already many masters, but now another dark horse appears at the beginning..."

Chao Qian's deep voice slowly sounded: "No matter how strong the dark horse is, I can beat it into a lame or dead horse!"

"hehe.."

Zhou Lan laughed...

A handsome young man leaning on the red and green trees, among countless birds and birds, suddenly looked out the window, his eyes burst with astonishing light, and he no longer looked like a swinger.

"At this time, he was promoted to Xuan Dan, and he was still condensing a third-grade Tian Dan. Who is the one?"

"Oh, forget it, I don't want to anymore.."

The face of the handsome young man changed, and he chuckled:"He who is secretive must be someone who has no self-confidence. No matter who he is, he will definitely not be able to defeat me, Ling Tianyu. When the time comes, we will know when we come up to the Dragon Seizing Platform..."

As he spoke, he began to chase the beautiful women around him again

"Beauty... don't run away, let me kiss you..." ..

In a restaurant, Mu Ming was chatting happily with more than a dozen geniuses from the Nine Kingdoms, exchanging glasses of wine.

Suddenly, bursts of sword sounds outside caught their attention. Someone pointed out the window and exclaimed in the distance:"Look, someone is condensing elixirs. Thunder Tribulation caught them. It must be a third-grade heavenly elixir!"

The attention of everyone was immediately attracted. They walked to the window, looked at it and talked about it.

"What a huge formation, hundreds of swords roaring in unison, this vision must be Tiandan without a doubt!"

"When the Qianlong Ranking is about to open, there will be another Tiandan monster on the stage. This Qianlong Ranking will definitely be the biggest event in history."

"All the geniuses gathered together, but I don't know who can defeat the dragons and become the leader!"

693"Hey, the location of the vision seems to be over there at Wu Pagoda. Could it be that someone is condensing elixir in Wu Pagoda?"

Martial Pagoda?

Mu Ming's mind was moved.

Didn't Gu Shaoyang of the Great Yuan Kingdom choose to condense the elixir in the Wu Pagoda? Could it be that he was the one who condensed the heavenly elixir?!

Mu Ming was shocked. The more he thought about it, the more he felt that it was possible. This I couldn't drink any more at the banquet, so I simply said goodbye to everyone and hurried to the Wu Pagoda... The Star-

Zhaing Tower in the capital of the Great Zhou Dynasty.

A noble young man with a superb appearance, with the sun and moon spinning in his eyes, like the son of God, looked towards the direction of the Wu Pagoda with his hands on his back..A palace attendant hurriedly came up to report

"Your Highness, the one in Wuta Ningdan who triggered the tribulation thunder and caused a hundred swords to ring in unison should undoubtedly be Tiandan.

Ji Lingsheng said calmly:"Do you know what grade of Tiandan that person has condensed?"

The waiter whispered:"The pill condensing person has hidden the pill pattern, but according to the villain's speculation, it is most likely that he is the second grade!"

"Ah.."

Ji Lingsheng smiled and said calmly: "Second-grade Tiandan is a bit interesting..."

Immediately, a strong self-confidence and calmness emerged from his body, and he said to himself: "However, I condensed the second-level elixir three years ago, and the quality of the revolving elixir is even closer to the first-level. Why should a guy who has just successfully condensed elixirs follow me?" Fight for...this time, I am determined to be at the top of the Hidden Dragon Ranking!" ...

Gu Shaoyang didn't know that his single condensation caused frequent reactions from all the monsters. He hurriedly left the martial arts tower among the crowd, without even taking the top-grade Yuan Stone pressed on the counter.

The Flawless Sword Pill caused too much noise, so in order to avoid causing a greater sensation, he did not reveal his identity.

There will be a moment when Jian Dan shocks the world, but not now...

Chapter 137

Gu Shaoyang met Mu Ming on the way out of Wu Pagoda.

Mu Ming pulled Gu Shaoyang aside and asked eagerly: "Brother Gu, were you the one who caused that battle in Wu Pagoda?"

Gu Shaoyang was silent for a while, then nodded and admitted.

A look of shock and surprise suddenly appeared on Mu Ming's face, and then turned into deep envy and awe, and he sighed: "The third-grade Heavenly Pill, how many warriors dream of it... Condensing the Heavenly Pill, it will almost certainly enter the realm of life and death, even if it is Wang Jing also has a slight possibility that Brother Gu.."

Mu Ming said sternly to Gu Shaoyang: "This time in the Qianlong Ranking competition, you will definitely be in the top ten. With your outstanding strength, you may not be able to compete in the top five."

Gu Shaoyang nodded and was about to say He clicked something, his expression suddenly changed, he took out a continuously glowing jade talisman from the spirit storage ring and said to Mu Ming:"Brother Mu Ming, I have something to deal with. Let's talk about it in a few days."

Mu Ming said:"Brother Gu Just go."

After saying that, he looked at Gu Shaoyang's retreating back and couldn't stop sighing...

When Gu Shaoyang left Qingyun Sect, the sect leader Wei Huan had given him a summons jade talisman and made an appointment to contact him again when he got to the capital of the Great Zhou Dynasty. Now the summons jade talisman is bright , which means that the Qingyun Sect's people have arrived in the imperial capital.

The Xuandan realm has the ability to fly in the air. Gu Shaoyang activated the power of the alchemy energy and immediately turned into a stream of light and flew out.

So fast!

Gu Shaoyang was slightly surprised. He had seen many powerful people in the Revolving Core Realm. So far, no one's flight speed could match his.

At least two to three times that of the mid-Xuandan stage.

This was because he had not tried his best, and the Flawless Sword Pill, which surpassed the first-grade Tiandan, was indeed extraordinary.

In a dozen breaths, Gu Shaoyang arrived at the destination

"You kid is ignorant and has no skills, but you can still condense the third-grade earth elixir. It is because God has shown mercy to me, Qingyun Sect. If you can't make the list this time, let's see how I deal with you when I go back..."

As soon as he came in, he saw the sect leader Wei Huanzheng lecturing Wei Zhuang with a majestic expression. Wei Zhuang lowered his head with helplessness on his face.

Seeing a flash of flowers in front of them and another person appearing in the room, everyone in the Qingyun Sect tensed up. But when they saw that it was Gu Shaoyang, everyone suddenly looked surprised.

"Shaoyang!"

"Junior Brother Gu, you have indeed arrived."

When Wei Zhuang saw Gu Shaoyang, he was overjoyed and felt a sense of relief from the sea of suffering.

Gu Shaoyang also showed a smile on his face. He glanced at the room. Not only Wei Zhuang and Wei Huan, but also Elder Lin, Ji Feng and even Song Qianyu were here.

"Master."

Gu Shaoyang saluted respectfully to Elder Lin.

Elder Lin smiled and explained: "Originally, Lei Lie was supposed to come, but the sect needs him, a master of late-stage Xuandan, to guard him, so I can only come."

Gu Shaoyang looked happy, "Second Master has been promoted to the late stage of Xuan Dan."

Elder Lin smiled and said: "He originally condensed the seventh-grade Xuan Dan. It is safe to be promoted to the later stage of Xuan Dan." He had a hidden injury before. After I made alchemy to heal him, and I accepted a disciple like you who made him proud, I was very relieved that his promotion to the later stage of Xuan Dan was a matter of course. Wei Zhuang couldn't help but interjected:

Junior Brother Gu, have you also broken the Spin Pill?"

When Gu Shaoyang came in just now, he was as fast as light and lightning, and everyone's faces suddenly showed a look of anticipation.

Gu Shaoyang nodded: "It's lucky that the pill condensation was successful."

"How many grades of Xuan Dan?! Wei

Zhuang couldn't wait to ask.

Wei Huan said with a serious face: "Maybe you think your fifth grade is powerful. It's taboo to ask people about the Xuan Dan grade when you meet someone."

Having said that, everyone is looking at Gu Shaoyang eagerly, with curiosity in their eyes.

Gu Shaoyang is the most talented disciple in the history of Qingyun Sect, and is also the first genius of the Yuan Kingdom. Wei Zhuang can condense the fifth-grade spinning elixir. , how many grades can Gu Shaoyang condense?

His curiosity is like a cat scratching his head.

Gu Shaoyang thought for a while and replied: "It can be regarded as a heavenly grade."

"hiss.."

There was a gasp of air in the room.

Everyone looked shocked, then ecstatic.

Although they had vague speculations, they were still shocked when they heard Gu Shaoyang admit it personally.

Top quality!

Tianpin Xuandan!

In the entire Great Yuan Kingdom, there has not been a warrior of Tianpin Xuandan for many years.

But now, this person is standing in front of them, a disciple of their Qingyun Sect.

Wei Huan laughed loudly and said happily: "Shaoyang condensed the third-grade Tiandan, which is a blessing to me, Qingyun, and a blessing to my Great Yuan Kingdom. I will definitely be on the Hidden Dragon List this time."

Elder Lin laughed and said, "If it's Lei Lie, then If this guy knows this news, he might be so happy that he can directly break the elixir and enter the divine sea..."

"Ha ha.."Everyone laughed.

After they had finished talking and laughing, Gu Shaoyang said: "Does the sect master know how the Qianlong Ranking competition is conducted?"

Wei Huan said sternly: "This is your first time participating in the Qianlong Ranking, so I will explain it to you carefully. fan.."

"The main purpose of Qianlong Ranking is for the great talents to compete for dragon energy. Dragon energy is luck. The luck of one person and the luck of a sect is also the luck of a country. But not just anyone can compete on the Dragon Seizing Platform. Those who can go to the Dragon Seizing Platform are top monsters with the appearance of a hidden dragon.

You will know when the dragon gate opens in a few days..."

Seven days later, the imperial capital of Great Zhou Dynasty was in an uproar.

Countless geniuses gathered in the imperial capital, looking forward to it.

Today is the day when the folk dragon raises its head, and it is also the time when the dragon gate of the Hidden Dragon List opens.

The purple air spread over three thousand miles in the imperial city of Dazhou, and even ordinary people could see it with their naked eyes. A giant purple-gold dragon with scales and claws was entrenched above the palace city, writhing and roaring with unparalleled power.

This is the national destiny of the Great Zhou Kingdom. It echoes the earth energy and dragon veins underground, indicating the opportunity to open the Hidden Dragon List.

"The gantry is open!"

With a majestic shout, the two huge sky-reaching dragon pillars in the central square of the Imperial City of Zhou Dynasty emitted dazzling golden light. The golden light filled up into a light door and appeared in front of everyone.

Behind the light door is the location of the dragon vein of earth energy. , many tests of the Qianlong List were conducted in the mausoleum.

"Pass the dragon gate!"

Wei Huan opened his mouth and explained to Gu Shaoyang, Wei Zhuang and others:"The first test of the dragon gate test is bone age. As long as the bone age is less than twenty-five years old, you can easily pass the test... You go ahead, we can see it clearly from outside. Everything that happens inside."

Gu Shaoyang and Wei Zhuang nodded, and many people rushed into the light gate like flying.

Of course, there are those who want to fish in troubled waters with a sense of luck. To others, the light gate is like a water curtain, but to them it is like an iron wall.

"Damn it, I'm only three days older, so this doesn't work?!"

Some people were so angry that they cursed.

Among the many talented warriors who passed through the Dragon Gate, there were a few figures that were the most dazzling.

They were faster than lightning, and they flew over everyone's heads with a long sound of breaking through the air behind them.

"It's the Lingtian Domain of the Great Wei Kingdom!"

"And Su Yuxing is really as scary as the rumors say!"

"The big man in animal skin and the handsome young man over there look quite extraordinary!"

Suddenly someone exclaimed

"Ji Lingsheng, Ji Lingsheng is here!"

I saw a figure like a god (Wang Nuohao) coming through the air. In just one step, he stepped through the light door.

Gu Shaoyang stared at the figures that attracted everyone's attention. Among them, he was familiar with the figure he had seen once. The barbarian demon Zong Chao Qian

"Senior brother, let's go too."

Weizhuang nodded, and the two quickly passed through the light door. A huge platform appeared in front of them, and the sky above the platform was filled with countless rich golden lights.

"Dragon energy is earth vein dragon energy!"

Gu Shaoyang's eyes moved slightly, and the words Wei Huan once said rang in his ears.

"The purpose of the competition for the Hidden Dragon List is to select the real Hidden Dragons in the Southern Region. To be called a Hidden Dragon, one must be the best in all aspects of ability, understanding, and cultivation.

The first test you encounter after passing the dragon gate is to fight for the dragon spirit!

Compete with everyone for the earth-vein dragon energy on the stage, and condense your own hidden dragon body.

This level tests your very core.

You must remember to absorb as much dragon energy as possible. These dragon energy will be of great benefit to subsequent tests and your future cultivation..."

Chapter 138

Gu Shaoyang saw many people rushing onto the platform, sitting down cross-legged, and began to desperately absorb the earth vein dragon energy in the void.

But soon he stood up in frustration with an expression of giving up.

"The quality of the Earth Vein Dragon Qi is several times that of the Heaven and Earth Yuan Power. Without high-quality root bones, the conversion rate of Yuan Qi cannot reach 60%, and it is impossible to absorb the Earth Vein Dragon Qi!"

"Haha... I can absorb dragon energy. I have superior root bones, and the energy conversion rate is a full 65%!"

A Ningzhen warrior shouted ecstatically, but soon he couldn't laugh anymore.

"Damn it, why is it so difficult to absorb this earth vein dragon energy? Only a little bit each time, and most of it is lost. How can I condense the body of a hidden dragon if this continues! Someone mocked:"

What do you think? Superior root bones are just the threshold. If you want to condense the body of a hidden dragon, only genius-level bones can do it.""

"Roar!"

A low dragon roar rang in everyone's ears. Everyone followed the sound and saw a handsome young man wearing a light blue robe with a long flute on his waist. He was surrounded by purple energy. A golden dragon about a foot long was hanging on him. The top of the head appears, swallowing the earth vein dragon energy in the air and rapidly strengthening itself.

"It's amazing. He can condense the body of a hidden dragon so quickly. He must have a genius-level bone. The energy conversion rate is at least 70%!"

"This man is so nice, he doesn't seem to be the genius of the Nine Kingdoms."

Gu Shaoyang recognized that this person came with Chao Qian of the Barbarian Demon Sect, and he should be a descendant of a hidden sect. 693

"Junior Brother Gu, let's do it as soon as possible."

Weizhuang couldn't help but speak.

Gu Shaoyang nodded, and he and Wei Zhuang found a place full of dragon energy and sat down cross-legged.

"Roar.."

"Roar.."

"Roar.."

Continuous dragon roars sounded on the platform. In just half a stick of incense, seven or eight figures had golden dragons entrenched on their bodies, and each of them looked extraordinary.

What Chao Qian of the Barbarian Demon Sect condensed was a wild dragon with a deep aura, several feet long and half a foot thick.

The dragon has three claws, strong limbs and sharp claws, and exudes an aura like a wild beast.

Su Yuxing, the genius of the Daqian Kingdom, condensed into an eyeless black dragon. The three claws of the black dragon were as sharp as knives, creating a chilling feeling.

There was also an unknown man in black who also condensed into a three-clawed dragon, which was ferocious and terrifying.

In addition, most of the hidden dragons condensed by other warriors only have two claws, and are only one foot long at most. They are ordinary and have no abnormality.

The difference between genius and genius was immediately apparent.

Suddenly someone exclaimed: "Look at the golden dragon of Ling Tianyu! It's so powerful!"

Everyone looked up and saw a handsome young man with a faint smile on his lips, half hanging on the platform.

The rolling golden earth vein dragon energy surged towards his body, and a purple gold dragon about ten feet long and one foot thick swam out from his body, with a majestic momentum and looked around.

"Ling Tianyu is said to be the most talented in the nine countries, and his basic qualifications are really terrifying. The condensed Qianlong is several times larger than the others. Even (acaf) Su Yuxing and the others can't compare with him! Amazing.."

"His vitality conversion rate may have exceeded the level of a genius, reaching 80%, the level of a monster!"

"Chao Qian, Su Yuxing and the others are quite terrifying. Their vitality conversion rate is at least 79%. However, the difference between 79% and 80% may not seem big, but in fact they are worlds apart. They are two completely different situations."

Everyone exclaimed, and the smile on Ling Tianyu's face became more brilliant and proud.

At this moment, the air on the top of Ling Tianyu's head was suddenly pulled to the side by a huge force.

He turned his head suddenly, and the smile on his face suddenly froze. Come down.

A young man wearing a purple and gold dragon robe looked at him with indifference and indifference in his eyes, as if he didn't take Ling Tianyu into consideration at all.

"Prince Zhou, Ji Lingsheng!"

Ling Tianyu read out the name word by word.

I saw the endless earth vein dragon energy forming a huge golden vortex above Ji Lingsheng's head, and an extremely noble golden dragon quietly entrenched behind Ji Lingsheng.

Everyone looked at the golden dragon's paws and pupils. Shrink and exclaim

"Four claws! It turned out to be a four-clawed golden dragon!"

"Ji Lingsheng's golden dragon is twice as big as the one in Lingtianyu. He is truly worthy of being the prince of Zhou Dynasty, a born royal."

"fear! Ji Lingsheng's root qualifications should have reached the monster level, and his energy conversion rate should be higher than that of Ling Tianyu, definitely exceeding 80%!"

Ji Lingsheng stood in the void with his hands behind his back. He didn't need to absorb it deliberately. The rolling dragon energy poured into his body spontaneously. The golden dragon grew bigger and bigger, with a supreme aura that overwhelmed the entire audience.

"Roar!"

Suddenly, an extremely terrifying dragon roar suddenly sounded, shaking many people's bodies, and the dragon shape that they worked so hard to condense almost fell apart.

"Damn, who is it? So loud!"

Everyone turned around, their eyes suddenly glazed over, and their mouths slowly opened wide, as if they had seen an extremely incredible scene.

In a deserted corner, they saw a handsome young man in white with his eyes closed and looking around quietly. Sitting.

The young man's body is like a black hole with huge attraction, crazily devouring the surrounding dragon energy.

Countless earth vein dragon energy is swallowed by him, and even forms a terrifying dragon energy tornado in the void.

The tornado pulls the dragon. Many people were affected by him and looked up in horror.

The dragon roar that everyone heard before came from the center of the tornado.

"Roar.."

There was another deafening dragon roar, but this time the dragon roar was a little strange.

It is very clear, like the sound of a sword.

The next moment, everyone saw a huge dragon head slowly protruding from the young man's body.

The size of just one dragon head is comparable to nearly one-third of Ji Lingsheng's golden dragon.

When the purple and gold dragon completely swam out of the young man's body, everyone couldn't help but gasp.

The terrifying giant dragon that has never been seen before, with antlers, crocodile mouth, snake belly... every scale and claw is lifelike, as if it is alive.

Moreover, the dragon's whiskers of this purple gold dragon are like two sharp and twisted swords, its claws are also like swords, and its teeth are also like swords. Its whole body is filled with astonishing sword energy.

The most surprising thing is that it has five toes!

"Five-clawed golden dragon!!!"

"It's so terrifying, even more powerful than Ji Lingsheng"

"Compared with this, the hidden dragon body of ordinary geniuses is like a loach."

"Who is this person?"

Someone exclaimed the young man's identity, "I recognize him. He is Gu Shaoyang, the most arrogant person in our Great Yuan Kingdom!"

"Terrible, yet another genius with a demonic level of qualifications!"

"Gu Shaoyang's vitality conversion rate is at least 85%!"

"It seems that the position of being the most qualified person in the Nine Kingdoms will change hands in the future!"

Hiss..

There were constant gasps of air on the field.

Ji Lingsheng's eyes narrowed slightly and fell on Gu Shaoyang and the sword energy golden dragon above his head. He suddenly laughed and whispered: "Look You are the one who came to Wuta to condense the third-grade Tiandan and caused hundreds of swords to roar. It's quite interesting..."

Ling Tianyu's face was ugly, and he just wanted to be stepped on by Ji Lingsheng. Unexpectedly, the first genius of the Great Yuan Kingdom appeared and took away all his halo.

What kind of thing is the Great Yuan Kingdom? How can such a genius be born in such a corner?!

Chao Qian of the Barbarian Demon Sect stared at Gu Shaoyang with burning eyes and whispered: "This is the person I said before that caused my Chi Demon Arm to move abnormally. This time when I saw him, my Chi Demon Arm moved even more abnormally."

Zhou CangHe smiled and said:"What a terrifying root bone qualification, what a terrifying sword intent. It's a pity that the cultivation level is a bit low, and it can't reach the early stage of the Revolving Pill.".."

A man in black, wrapped in a faint blood mist, stared at Gu Shaoyang under the golden dragon of sword energy, and whispered to himself:"Are you Gu Shaoyang? Haha.."

Gu Shaoyang turned a deaf ear to the noise from the outside world and concentrated on absorbing the earth vein dragon energy.

Wei Huan said that dragon energy would be of great benefit to subsequent trials and future practice, so he naturally had to seize the opportunity.

Gu Shaoyang's demon-level bones were fully exposed, and the dragon energy tornado around him became larger and larger. One person almost occupied one-half of the dragon energy on the platform.

Under this terrifying power, even Ji Lingsheng's dragon energy vortex could not be maintained and suddenly collapsed.

When all the dragon energy on the platform was absorbed and the stage of"fighting for dragon energy" was completely over, everyone looked at Gu Shaoyang with complex eyes, mostly filled with resentment.

Just because Gu Shaoyang swallowed a full 60% of the earth vein dragon energy, the hidden dragon bodies of the others shrank sharply.

Many warriors who had the chance to condense the hidden dragon body were also forced to be eliminated.

In the end, the void above the entire platform was almost monopolized by Gu Shaoyang's Sword Qi Golden Dragon. The various hidden dragons condensed by other geniuses could only huddle under the Sword Qi Dragon, looking miserable and pitiful.

All the geniuses focused their attention on Gu Shaoyang, secretly classifying him as their formidable enemy.

Chapter 139 The level of fighting for dragon energy is over, and Gu Shaoyang takes the lead.

The unparalleled golden dragon with sword energy has five claws and possesses 60% of the dragon energy.

When the sword energy golden dragon entered the body, its terrifying power once again attracted the attention of everyone in the room.

Ji Lingsheng, the golden dragon from Ling Tianyu, Chao Qian's wild dragon, Su Yuxing's eyeless black dragon, the strange man's demon dragon in black robes, etc. were all taken into the body.

Gu Shaoyang unknowingly became the focus of everyone's attention, and many people had vaguely guessed that he was the mysterious man who caused a lot of noise in Wuta Ningdan that day.

Gu Shaoyang glanced at the field and found that there were quite a few warriors who had condensed the hidden dragon body.

It's just that most of them are ordinary two-clawed hidden dragon bodies, with no outstanding abnormalities, just ordinary.

Those who pass this test continue to move forward, while the rest can only be onlookers.

The group of people came to the second place, which was a huge wall.

There are real dragons of different shapes carved on the walls, which are lifelike and lifelike.

"Nine dragon wall!"

"It is said that those who understand the nine-sided dragon wall can inherit a heaven-level martial arts. I don't know if it is true or not!"

"Regardless of whether it is true or not, you must understand at least one side of the dragon wall to pass the test, so sit down and start!"

Gu Shaoyang narrowed his eyes slightly as he looked at the Nine Dragon Wall.

This level of "Parsing the Dragon Wall" tests the warrior's understanding. The more Dragon Walls he comprehends and the faster he comprehends, the stronger his understanding is.

All geniuses are on the Dragon Wall. They sat down in front of each other and each picked a dragon wall to start meditating. Gu Shaoyang was just about to do so when he suddenly found a person standing motionless, not even looking in the direction of the dragon wall.

Ji Lingsheng?!

"Why didn't Ji Lingsheng understand the Dragon Wall?"

"Idiot, the martial arts handed down by the Zhou royal family evolved from the Nine Dragon Wall. Ji Lingsheng must have seen this replica of the Nine Dragon Wall countless times since he was a child, and he has already understood it clearly. You still need to be like me"

"Isn't this cheating?!"

"If you have the ability, you can be reincarnated into the imperial family and become the prince of Zhou Dynasty..."

It turned out to be like this, Gu Shaoyang suddenly realized, and he ignored the others, walked to the first dragon wall, and took a closer look.

Carved on the dragon wall is a darker ink dragon, which looks like a snake and a bit like a lizard. Its eyes are triangular, and it looks very ferocious and terrifying.

Gu Shaoyang's eyes moved. Is this... a snake?

A snake turns into a dragon in five hundred years, a dragon turns into a dragon in a thousand years, a dragon turns into a horned dragon in five hundred years, and a dragon turns into a dragon in a thousand years...

All kinds of memories about dragons came to Gu Shaoyang's mind. He raised his eyes and looked at the second dragon wall. Sure enough, What is carved on this dragon wall is not a real dragon, but a dragon covered in thunder and rain.

Look at the third dragon wall, the fourth and fifth walls...

Horned Dragon, Yinglong, Panlong, Yunlong, Wanglong, Xinglong, Fire Dragon, Mirage Dragon...
Nine Dragons Wall and Nine Dragons

Wall, none of them is a real dragon.

Gu Shaoyang seemed to have grasped something, but it was not clear.

By the way, soul power...

Gu Shaoyang had an idea and released his powerful soul power to penetrate into the Nine Dragon Wall.

In an instant, the vicissitudes of the sea changed before his eyes, and he seemed to have arrived in another world.

This world is full of ancient and wild atmosphere. In the sky, there are countless dragons flying and roaring. Gu Shaoyang can see that they are fascinated....

At this time, suddenly there was a person with the body of a hidden dragon, echoing with the dragon wall in front of him, and his momentum was extraordinary.

Then he walked away from the dragon wall in front of him and moved to another wall.

"It's Ling Tianyu. In less than a moment, he has understood the mystery of the dragon wall. This understanding is too strong!"

"It is said that Ling Tianyu is a son of destiny who possesses great fortune. He spends less than three months practicing every year, but his cultivation is still far higher than his peers... I believe him after seeing his understanding today."

Everyone was amazed. Ling Tianyu tilted his head and glanced around. Everyone was thinking hard and silently comprehending, even Su Yuxing, Chao Qian and others. He glanced at Gu Shaoyang with fear, and found that Gu Shaoyang's eyes were not the same. He did not stay on a single dragon wall, but wandered back and forth among the nine dragon walls.

Ling Tianyu frowned slightly and thought: Pretending, any dragon wall that is successfully comprehended will react with the hidden dragon body. This can't be faked.

He, Ling Tianyu, was born by luck, and in terms of talent, he really has never been afraid of anyone.

Thinking about it, Ling Tianyu sneered and continued to study the next dragon wall.

After a while, The barbarian dragon, the devil dragon, the black dragon, and the sea-dwelling dragon all made strange movements and roared one after another.

Chao Qian, the mysterious man in black, Su Yuxing and others all realized the first dragon wall in no particular order.

There were many exclamations on the field..

Time gradually passed, and the geniuses understood more and more dragon walls.

Ling Tianyu, comprehended three dragon walls, and was studying the fourth one...

Chao Qian, comprehended three dragon walls...

Su Yuxing, three dragon walls..Mysterious man, three-sided dragon wall..Zhou

Canglan, three-sided dragon wall..Even some talented warriors have realized one or two dragon walls. The roar of dragons can be heard endlessly, and it is very lively.

But... only one person, Standing in the middle of the nine-sided dragon wall, his expression was indifferent, his eyes were closed, his body was ordinary, and there was not even a trace of abnormality.

The sound of gossip gradually started to sound.

"It's incredible that Gu Shaoyang, who shined in the Dragon Qi level, failed to comprehend even one dragon wall."

0·Please give me flowers 0····

"It seems that although he has excellent basic skills, his understanding is only mediocre..."

"No, I heard that Gu Shaoyang has always been known for his excellent understanding. He can understand no less than three kinds of sword intent. He is very evil."

"Maybe he's just a person seeking fame and reputation..."

"Most likely!"...

"Junior Brother Gu.."

Wei Zhuang glanced at Gu Shaoyang with a worried look on his face. He couldn't accept it. Even he realized that the two-faced dragon, Gu Shaoyang's understanding was more than a hundred times higher than his, and he was still stuck in front of the first dragon wall.

"well.."

But Wei Zhuang was helpless and could only withdraw his gaze and continue to comprehend.

Outside the Dragon Gate, the performance of the geniuses was watched by powerful men from various sects and countries.

"Why hasn't Shaoyang understood the first dragon wall yet? What should I do?.."

Wei Huan's face looked a little ugly.....

Elder Lin also looked serious, but he still said in a deep voice: "Shaoyang's understanding is the only one I have seen in my life. I am afraid that even Ling Tianyu is slightly inferior to him, and it is absolutely impossible for him to have no understanding..."

"So what is he doing?"

Elder Lin shook his head, his eyes flashed, and he whispered: "If Shaoyang wanted to understand a dragon wall, he would have been able to activate the hidden dragon body long ago. He is dormant, so he must have a bigger plan..."

"The picture is bigger.."

Wei Huan frowned and couldn't understand, so he could only sigh deeply.

As time goes by, top geniuses such as Ling Tianyu have comprehended the mystery of the five-sided dragon wall. Many people have also comprehended the three sides, and then regretfully quit the comprehension.

Everyone has surprise on their faces

"This Nine Dragon Wall is really mysterious. I feel like I have mastered a palm technique that is no less than the middle level of the Earth Rank. The power is very terrifying..."

"The skills I have learned are comparable to those of top-level people, haha.."

Some people couldn't help but say: "The time is coming, the winner will be decided, but.."

The speaker glanced in one direction and sneered: "It's just that some people can't even comprehend a dragon wall. It's really surprising, haha..".."

"The heart is as high as the sky, but the strength is not enough, it is sad and lamentable.."

"I would like to still have expectations for Gu Shaoyang, but now it seems that he will withdraw from the competition for the Qianlong Ranking ahead of time... haha.."

Just when everyone was ridiculing him, the figure that had been silent for a long time suddenly moved.

Gu Shaoyang suddenly opened his eyes, and his eyes radiated a strange light, which was a bit brighter than the stars in the sky.

He looked at the Nine Dragon Wall, his eyes filled with brilliance, and he murmured: "I have realized.."

The next moment, the nine-sided dragon wall shines brightly

"Roar.."

Everyone seemed to hear it, and there were countless dragon roars ringing in their ears. 5.

Chapter 140

The continuous roar of the dragon woke everyone up from their meditation.

Gu Shaoyang's figure slowly rose into the air, located in the middle of the nine-sided dragon wall, and his whole body emitted a brilliant light that could not be seen.

"This is!.."

Ling Tianyu's eyes widened

"call.."

Zhou Canglan took a long breath, groaned and sighed: "Isn't it possible that all nine walls are enlightened!"

The bodies of the other geniuses shook, and there were expressions of disbelief on their faces.

Ji Lingsheng, who had been watching indifferently, also had a strong light in his eyes.

The onlookers even exclaimed:"What's going on?!"

Then, in full view of everyone, illusory dragon shadows swam out of the nine dragon walls at the same time.

Jiaolong, Yinglong, Horned Dragon, Fire Dragon, Walking Dragon, Panlong... one by one, the power of dragons was overwhelming, and the vast and ancient atmosphere filled the whole place. Everyone seemed to have arrived in ancient times in a trance.

"Roar!"

A louder and clearer dragon roar overwhelmed the entire dragon "693" shadow, and the sword energy golden dragon slowly rose from behind Gu Shaoyang. The next moment, all the dragon shadows began to circle and dance around Gu Shaoyang.

Gu Shaoyang seemed to have descended from ancient times. The ancestor of ten thousand dragons, the most noble and noble, indescribably precious.

Everyone looked at this scene intently, and they were all stunned, with their mouths wide open.

Shocked!

Shocked to the extreme.

"He...he couldn't really comprehend the mysteries on the nine-sided dragon wall at the same time!"

Someone trembled and said

"It seems so.."

Someone said with a complex expression: "A scene like the worship of ten thousand dragons can only be achieved by enlightenment from all nine walls. The understanding of Gu Shaoyang, the genius of the Great Yuan Kingdom, is really terrifying... Fortunately, we laughed at him before for his stupid qualifications. I can't even understand a dragon wall.."

"hehe.."

The man laughed at himself and said: "Who would have thought that people are willing to accept the sky in order to achieve enlightenment from all nine walls? It's really like a frog at the bottom of a well guessing the heart of the flying Dapeng. He doesn't know how thick the sky is..."

Everyone who had ridiculed Gu Shaoyang felt their faces burning.

The dragon shadows flying beside Gu Shaoyang were like slaps one after another, hitting them hard on the face.

Countless dragon shadows flew into Gu Shaoyang's body, and he became the most dazzling presence in the field. The sword energy golden dragon above his head more than doubled in size.

The sparkle in Chao Qian's eyes soared, and he whispered: "My Chi Demon Arm, I can't wait to fight him."

Zhou Canglan shook his head and lamented: "Top three, top three, it's getting harder and harder..."

Su Yuxing stroked the long sword on his waist and said to himself: "The future is difficult and dangerous, you must cut a bright blue sky for me."

The long sword trembled, as if in response.

The mysterious man in black robe stared at Gu Shaoyang intently, with scarlet blood gleaming in his eyes.

Ling Tianyu's face was extremely ugly, and his hands were clenched into fists.

This was the second time that he was suppressed by Gu Shaoyang.

Ji Lingsheng looked at Gu Shaoyang with burning eyes and said lightly, "It seems that you are my biggest opponent."

When all the dragon shadows entered Gu Shaoyang's nine-sided dragon wall, they completely lost their original mystery. Enlightenment has no effect anymore

"In previous competitions on the Hidden Dragon Ranking, the highest record holder for the dragon wall comprehension level is probably the record held by Emperor Yan Yan Xingtian who understood the seven-sided dragon wall more than a hundred years ago. Unexpectedly, Gu Shaoyang, the genius of the Yuan Kingdom, broke it today!"

"It's so scary. Are there really such evil people in the world?"

"It seems that the Yuan Dynasty's national fortune will be greatly improved this time!"

Everyone was talking a lot, and they had not yet fully recovered from the shock that Gu Shaoyang had given them.

In the two consecutive levels of Fighting for Dragon Qi and Enlightenment of Dragon Wall, Gu Shaoyang overwhelmingly overpowered the geniuses in the field with an absolute advantage, which had to make people look at him. It is also called People are looking forward to his next performance even more

"The third level is Tilongding, which tests the vitality of the geniuses. This level is really about the Xuandan level!"

"Gu Shaoyang has been condensing elixirs for a short time. Although he is also condensing a third-grade heavenly elixir, there is still a gap between him and Ji Lingsheng and other geniuses who have entered Xuandan early. He is afraid that he will be suppressed at this level!"

"He should be suppressed once, otherwise he will dominate this Qianlong list alone..."

Everyone soon arrived at the third level, and this time thousands of cauldrons were presented to everyone.

Each large cauldron is as tall as a person and is square in shape. There are dragons carved on the cauldron, giving it an ancient and clumsy atmosphere.

"Legend has it that an ancient true dragon can shake a 10,000-meter-high mountain with just one breath. Each dragon cauldron here weighs ten thousand kilograms. Only those who can carry ten cauldrons with their vitality will pass!"

"I'll try!"

A warrior in the middle stage of Condensation volunteered to come out, took a long breath, raised his chest, and then spit it out.

A mouthful of pure essence came out of his mouth, white as a sword, wrapped around a dragon cauldron.

The dragon cauldron floated up precariously, and the white air continued to wrap around the second dragon cauldron. This time, he reluctantly lifted it up, but when he took the third dragon cauldron, the Ningzhen warrior's face turned red and he spurted out a mouthful of blood. , stepped back a few steps.

The two dragon cauldrons fell to the ground with a clang.

The man wiped the blood from his mouth and said in shock:"It's too difficult. My Yuanli is considered pure and strong at the same level, but I still raise I can't afford three dragon cauldrons!"

Immediately afterwards, there were warriors in the late stage of Ningzhen who did not believe in evil and went up to try.

However, after seven or eight people tried, only one person raised the ten-mouth dragon cauldron and barely passed the test.

Gu Shaoyang happened to know this person, Wu Shikun, one of the top geniuses in the Great Wu Kingdom...Then the Master of the Revolving Dan Realm appears.

"Let me give Junior Brother Gu a head start."

Weizhuang smiled and stepped forward, walked to the dragon cauldron, opened his mouth and spat out a round spinning pill, and the five pill patterns on the spinning pill were clearly visible.

"Fifth-grade spinning elixir!"

Everyone whispered, "This man seems to be a genius from the Great Yuan Kingdom."

"The Great Yuan Kingdom has Gu Shaoyang, who is actually a genius at condensing earth elixirs. This time the Great Yuan Kingdom is really going to rise!"

In the midst of everyone's discussion, Wei Zhuang's fifth-grade Xuan Dan shone brightly, emitting a powerful elixir energy, rolled up the ten-mouth dragon cauldron, and easily lifted the ten-mouth dragon cauldron.

Then ten more.

Wait until the thirtieth As he spoke, Wei Zhuang's face turned pale, and the twenty dragon cauldrons he mentioned earlier began to become unstable.

Finally, Wei Zhuang brought up the twenty-six dragon cauldrons.

Everyone lamented: "This genius of the Yuan Kingdom seems to be a talented person." Not long after entering the Xuan Dan, if you have the cultivation level of the middle stage of the Xuan Dan, you may be able to lift fifty dragon cauldrons."

The Xuandan geniuses tried one after another. Mu Ming, whom Gu Shaoyang knew, only mentioned twenty-two dragon cauldrons, and his Xuandan was only at the sixth level.

Everyone's eyes fell on the top talent in the field.

Chao Qian, Ling Tianyu, Su Yuxing... they are the first steps.

Zhou Canglan looked around and chuckled: "Since you don't want to be the first, then I will be the first."

Zhou Canglan opened his mouth and spat out a flash of blue light. A blue fist-sized spinning elixir was about to come out. Three elixir patterns appeared and disappeared on it.

"Vast Sea Revolving Pill! Third-grade Tiandan!"

"It turns out that this person is actually the descendant of Hanhai Sect!"

"It is rumored that the Hanhai Sect has always been famous for its powerful vitality, and there is no 0.5 person in the same level who can compete with them in terms of Yuan Power. This week, Cang Lan condensed a third-grade Tiandan, and the level of Yuanli is probably comparable to a second-grade Tiandan!"

"Who else can compete with him at this level!"

Zhou Canglan's Vast Sea Revolving Pill released a flash of blue light and swept towards the Hundred-Kou Dragon Cauldron in an instant.

Everyone looked stunned and exclaimed:"The Hundred-Kou Dragon Cauldron!"

Before he finished speaking, one hundred dragon cauldrons had risen steadily, and Zhou Canglan still had a relaxed look on his face.

Then, two hundred, three hundred...

Zhou Canglan raised three hundred and forty-six dragon cauldrons in one go!

It was more than everyone before combined.

Everyone took a breath and couldn't make a sound for a long time.

Wei Zhuang looked frustrated, sighed and said to Gu Shaoyang:"I have heard long ago that once you enter the Xuandan realm, Yun and Fanni is clearly distinguishable, but Xuandan is just one level different, which is a huge difference. This week Cang Lan's Dan Qi Yuan Power is dozens of

times greater. He can crush me to death with his Yuan Qi alone. How can he fight... He's simply not human!"
