### Chapter 1391

"At that time, God's life was at stake, and we had no other choice but to agree. However, if I agreed, I would feel sorry for his mother and parents, so I was very embarrassed and thought of a temporary solution. , we can delay it for one day, and then we will find a way to make you withdraw from this marriage automatically."

After hearing Gu Shaoyang's words, the king of the daughter country was thinking, and it was exactly the same as what she thought. This was what he had in mind. After thinking of this, he chuckled and said

"It doesn't matter. I already know almost everything about this matter. It's exactly what I thought. However, now there is an opportunity in front of you. If you really want to get rid of me, you must agree to do something for me when you leave here. thing.

After you finish this matter for me, I will let you go immediately. How about I never lie when I speak."

At this time, after Gu Shaoyang and Tianci heard each other's words, they were stunned and did not expect that such a thing would happen. Then Gu Shaoyang hurriedly said

"Then tell me what it is. If we really succeed, will you really let us go? We don't want to be deceived by anyone, especially a woman."

After hearing this, the other party laughed and said

"Who else can you trust now besides me? So it seems like you have no other way to go now."

"You are right. We really have no other choice but to believe you now, but can you tell us what exactly we are going to do and whether we can do it?"

"In fact, this matter is very simple. I just want you to help me find the traitors and then get rid of them for me, so that my daughter's country will not be attacked by insidious and cunning people in the future."

After hearing this, the two of them finally understood what was going on. It turned out that there was a spy here, and it was also very detrimental to the daughter country. So at this time, the king of the daughter country wanted to use the examples of the two of them, and then Rescue them all.

In this way, the king of their daughter country will have peace of mind in the future, and the people here will also live a happy life.

Before Gu Shaoyang could say anything, Tianci stood up and said

"Very good, we will take care of this matter, and we will help you, but you have to tell us some of the information. If you don't tell us anything, how can we help you?"

The other party heard Tianci agreeing so simply, and then said with a smile.

"No problem, I'll tell you two now."

Then the three of them found a relatively secluded place and sat down to talk slowly about the changes in the Daughter's Kingdom over the years. Sure enough, after Gu Shaoyang and Tianci listened, they were also a little surprised. , I didn't expect these guys to be so courageous. They dared to do so many treasonous things behind the back of the father of the daughter's kingdom. Although he is now the king of the daughter's kingdom, his power has gradually been taken away by others, but he can't Show real strength, otherwise the people around him will be unlucky, so he felt particularly uncomfortable after being invited here.

It happened that Gu Shaoyang and Tianci asked her for help, and she also discovered that these two young men were not ordinary people, so they He was targeting both of them, either he was despicable, or he was smart and cunning. In short, his purpose was very simple, just to let the two people help him eradicate the traitors and bring peace to the patients.

At this time, Gu Shaoyang and Tianci had already understood what was going on. It turned out that Gu Shaoyang and Tianci were dissatisfied when they heard about their thieves' ambitions. However, they never forgot that this place belongs to the daughter country and is not their territory.

So some things still remain You have to be more restrained, otherwise it will definitely cause a lot of losses to them if someone else gets the advantage.

"So what do you want us to do next?"

"I hope to do it on the day we get married. That's when he relaxes his guard the most. Of course, this kind of experience is not real, but fake, just to perfunctory him. I don't know if you can agree with it, anyway. I think this is the best driver, you might as well go back and think about it carefully."

At this moment, Gu Shaoyang spoke.

"We can't agree to this right away. We have to go back and think about it and give you an answer tomorrow."

In fact, the king admires Gu Shaoyang's work style very much. If it works, it will work, and if it doesn't work, it won't work. He never procrastinates and thinks about it when it is time to think about it.

In short, people like Gu Shaoyang are the ones he admires the most, but God-given people like this one are playful and smiling. He doesn't look formal all day, maybe he just uses this appearance to hide his sincere heart.

Chapter 1392

But no matter what, he knew that the other party would definitely agree. After all, this was the only condition for them to leave.

Gu Shaoyang and Tianci avoided people, and other people's eyes and ears quietly returned to the room. After making sure that there were no outsiders in the room, the two of them sat down to discuss the matter.

At this time, Gu Shaoyang asked Tianci

"Do you really agree to this? Tianci said with a smile.

"Is there any other good way? I know he will keep his word. After all, he is the king of a country, the king of a daughter's country. How can words not count?"

You know, this is our only condition for leaving. It is much stronger than the evil evil ways we thought, and it is also the most direct and effective way. Gu Shaoyang, do you have any other concerns? You might as well say it."

Actually, Gu Shaoyang is not saying that he has no other concerns, he is just thinking about what will happen if this guy regrets it later. The fake marriage will become a real marriage. When the time comes, he will have no room to regret it. And Gu Shaoyang... He expressed his worries.

Unexpectedly, Tianci smiled and said

"No matter what you are afraid of, it is not that I will suffer a big loss and we will break up. Are you still afraid that the two of us can't defeat the people here? But before that, I must ask him to write a letter of guarantee. If he does not agree, then we will never agree to this matter.

If he agrees, it only means that he sincerely wants to do this business with us. What do you think?"

Gu Shaoyang thought for a while, this was his only way. After thinking of this, he nodded helplessly.

"Well, we can only do this."

So the next day, Gu Shaoyang found the king of the daughter country.

He went straight to the point and expressed all the worries in his heart. Unexpectedly, the king of the daughter country laughed and said

"I knew you would have such worries, so don't worry, I've already written it."

After saying that, he ordered the maid next to him to take out the written guarantee letter and put it in front of Gu Shaoyang and said

"If there is no problem, just sign."

After saying that, he handed it to Gu Shaoyang. Gu Shaoyang read it several times from beginning to end to make sure there were no mistakes. He signed it in big letters and took one of the copies. At this time, Gu Shaoyang spoke.

"King, don't worry, we will definitely help you handle this matter, and we will definitely eradicate it for you, so that you won't have any worries."

"I can rest assured that you will do the work."

After thinking of this, he chuckled, then turned and left. When he brought the guarantee letter to Tianci, Tianci was as happy as a child, and then said to Gu Shaoyang

"Let me just say that your worries are wrong. They have already thought about it. Unexpectedly, we actually followed their ideas. It can be seen that this guy should be a very smart and reasonable person."

If the power of the daughter country were not dispersed in the hands of the kings of various countries, maybe he could have played this game beautifully by himself, but it was precisely because he did not have the manpower that he left the two of them to help him complete this game. It's a matter, and thinking about it, he doesn't have any choice.

"You are right, this woman is indeed not simple, so we should also be careful. If one day he bites us, it will be too late."

"Don't worry, the smarter a woman is, the more dangerous she is. I have already been wary of him, so you don't have to worry so much. Trust me, we will leave the Daughter Country as soon as we finish this matter.

To be honest, the place here is really suffocating for me. I can't walk around. I might fall into someone else's trap at some point. It's better to go back to my own academy."

After hearing this, Gu Shaoyang laughed and said

"Don't forget who was the most reluctant to enter the academy before. Who said that? As soon as he entered the academy, his head felt like it was filled with paste. He was so confused that he didn't know who was being chased by his father with a stick. So embarrassed."

When Gu Shaoyang finished saying this, the two people laughed for a while, but they laughed and laughed, and suddenly the two of them felt a little sad. These things seemed like they happened yesterday, but when they thought about it, they haven't been back for a long time, and they don't know how his father is doing now.

After thinking of this, Tianci's expression began to become lonely.

"Don't worry, everything is up to me, I will help you."

After seeing this, Gu Shaoyang said with a helpless smile.

"Don't worry, we will go back sooner or later."

Just like that, before they went to the streets the next day, they had already discovered the news that the king had already issued a wedding invitation and prayed to the whole country. Three days later, it would be the day for him to marry Tianci.

Tianci looked busy. These guys who were busy behind the scenes, as well as the big happy words posted on the glass and the wall, were a huge irony to him.

Chapter 1393

But what could he do? He didn't expect that the first happy event in his life would actually be a lie, and he still finds it very funny.

Just when he was lost in thought, Gu Shaoyang came back from outside with a smile, slapped him and said

"Unexpectedly, you have become a celebrity. Many people want to see what the king's husband is like and how he is. Are you interested in going out for a walk and letting you enjoy the process of being smart?"

The other party couldn't help laughing after hearing Gu Shaoyang's words and said

"You don't want to be like this. I'm telling you if you keep wandering around, be careful when others take a liking to you. I'll keep you here and see what you do."

After hearing this, he would laugh and say

"how can that be possible? No one will like me, so just rest assured."

After hearing this, Tianci's expression suddenly became nervous, saying

"Old friend, I want to ask you something. Do you think the news here can be spread to my father? Don't forget that the daughter country is also a big country and very famous. Whatever happens to the king here will be spread quickly. What would you do if your father found out?"

I really can't imagine what the consequences will be like when he knows about this, so now she is a little scared."

Gu Shaoyang couldn't help laughing when he saw him looking so cowardly.

"You are not always fearless. You have forgotten who was being chased with a stick in the academy. Have you forgotten all this?"

After saying this, Tianci said that it was different. This kind of thing now.

In the eyes of my father, this is a big deal. They all said that the media was instigating the parents' orders, but I did not inform my parents of any news. , actually got married to someone secretly. Of course, this is just a temporary solution and not true, but they don't know. What will they do if they find out?"

Then he showed the saddest expression ever. , but at this time Gu Shaoyang also noticed his discomfort, and then said

"Don't worry, I will help you settle things. As long as you listen to me, I believe we will leave soon."

After he finished speaking, he said something in the other person's ear. After he finished speaking, Tianci gave him a thumbs up and said

"It's not like you are really awesome."

After hearing the copybook, he chuckled.

"It's nothing, because you are by my side, my brain will be constantly stimulated. Every time something happens to you, I will take the blame for you, so my brain must work quickly to help you find a better solution. ways to solve the current difficulties."

After all, isn't it because he is a bastard? After thinking of this, he laughed and said

"To be honest, sometimes I think, if I can have a friend like you by my side in this life, I am really willing to die now."

"You must never say that. If something really happens, how can I explain it to your father, right? So you must not think like this, otherwise I will be very sad. It is difficult to explain your father and I will not be able to calm down in my heart."

"Okay, okay, stop talking about these sad things. By the way, how is the emperor preparing?"

"Don't worry, he's already prepared for this. You don't have to worry about it. Just show up when the time comes. Then we'll help him get the few he insists on and give him the output. Then we'll leave this place and feel much freer. OK."

After hearing this, the other party sighed and said, okay.

In the afternoon, the king of the daughter country came over and said that he would take Tianci to parade. After hearing this, Tianci became nervous. Before that, he was still thinking about whether There was such a thing as a street parade, but I didn't expect that such a thing would happen.

So Tianci said with some rejection.

"Can we skip this link? I really don't want to be seen, otherwise it will be very uncomfortable for me if my father sees me."

But the king said with a look of rejection.

"No, this is our rule here. If you break this rule, it will definitely attract the attention of others. By then, won't our plan be in vain? I don't want to start bearing weight so early, so you must listen to me. I must make the decision this time."

Although Tianci tried again and again, he still didn't get the consent, so the matter was dropped. When Gu Shaoyang came back, he saw Tianci's confused look, as if he had no love in his life, and then he asked him what happened.

Unexpectedly, after Tianci finished speaking, Gu Shaoyang laughed loudly and said

"It doesn't matter. At worst, I'll get you a veil and no one will be able to see who you are. Anyway, I won't introduce who you are, it's just a process."

After hearing this, Tianci really wanted to pick out Gu Shaoyang's heart to see if his heart was black or red.

Chapter 1394

I always feel that he likes to tease me. Maybe it's the tacit understanding over the years. Seeing Tianci's eyes like this, Gu Shaoyang can think of what he is thinking. Speaking of

"I tell you, don't mess around, otherwise I will never forgive you."

In this way, Gu Shaoyang and Tianci quickly prepared for the next day. He originally thought that these things could go on very smoothly, but when he and the princess were walking down the street, they discovered that several unknown people came and took them away. Everyone was surrounded in the middle. At this time, the princess also noticed something strange, and then ordered people to go and see what was going on.

But before they could get there, they were suddenly shocked by an external force and backed away. After several steps, the princess became frightened when she saw this, and then hurriedly gathered around Tianci and told him not to run around, and he went to see what was going on. So he and Gu Shaoyang were about to go forward. Take a look, at this moment Tianci took Gu Shaoyang's arm and said

"I'm going to take a look too."

But at this time, Gu Shaoyang couldn't help but chuckled when he saw Tianci's appearance.

"Are you sure you can meet people like this?"

After he finished speaking, he looked up and down and saw that he was wearing a gorgeous dress, just like a bride. After seeing this, Tianci said with anger on his face, what can he do? After a while, he Thinking of a way, he quickly changed off the clothes of a man on the ground, and then gave the clothes he was wearing to him.

In this way, he and Gu Shaoyang stood upright and came to the front. When he saw the person in front of him, Why did the two of them get reduced? Because the person in front was actually Liu Chengmin.

They didn't know when Liu Chengmin came here. They remembered that he should be from the demon clan. How did he come to the daughter country? Did the king notice them? After thinking about this , they became very worried, so the two of them wanted to escape. However, Liu Chengmin was a very shrewd person, and he was discovered by him, and then he said

"Gu Shaoyang is a godsend, I didn't expect to finally see you after so long. How about my speed? Is it fast enough?"

At this time, after the king of the daughter country heard what the other party said, it turned out that the two people knew each other. However, when he saw the appearance of Tianci and Gu Shaoyang, he felt that this matter was not simple.

Maybe this was not what he had imagined. So simple, so he protected Tianci and Gu Shaoyang behind him and said

"Who are you? Why does it appear on my site? Let me tell you, since you have come to my territory, you must abide by my rules. If not, I will ask my escort to let you out."

After hearing this, the other party burst out laughing and said

"You little girl actually dares to compete with me, aren't you afraid of getting hurt? Maybe Gu Shaoyang and Tianci next to you know what I am capable of. Do you want to challenge me? I don't mind that I can accompany you to the end at any time."

When I felt that the opponent and the king were at war with each other, the national master next to him came over. With a smile on his face, he said to the king of the daughter country next to him.

"King, please don't mind. This is the friend I invited. I want him to attend your wedding, so don't argue with him."

When Gu Shaoyang and Tianci heard that the other party was actually invited by the so-called fault in front of them, she felt that something was wrong.

Then he grabbed the daughter country who was on the verge of anger, and the king said

"Don't argue with them for a while. Let's discuss it in the long run when we get back. I'll tell you everything. After hearing this, Qiao finally suppressed his anger."

Then he said, okay, I will spare you and go back to the palace now.

After saying that, he took this person back to the palace, and this Liu Chengmin naturally left with that Guo Si, and everything was fine after returning to the palace. The king looked at Gu Shaoyang and Tianci in front of him, and then said, let's talk

"Who are you, and why are you being hunted? Please tell me clearly and clearly about the identity of the other party. I don't want my people here to suffer any harm because of your arrival."

After hearing this, Gu Shaoyang and Tianci knew that if they didn't continue talking, they would definitely cause a big mess. Then they would feel sorry for the princess. If nothing else, he had saved Tianci's life. Thinking of it After that, he said to the princess in front of him

"In fact, we don't blame us for this matter. Let me tell you, you must stay away from that person named Liu Chengmin, because he is the leader of the demon clan.

I don't know what he is doing when he comes here. In short, he definitely doesn't have a good heart this time. Tianci's injury was also due to him, so you must be more careful. As for your national master, he must have a poisonous mind."

Chapter 1395

"He definitely doesn't have any good ideas to ask the other party to come to your banquet. In fact, he should know the other party's identity. Otherwise, how could he rashly invite the other party here?"

When the other party mentioned the person of the National Preceptor, the King of the Daughter Kingdom became particularly angry, because everything he did was related to this. Originally, he wanted to take advantage of his wedding to kill the National Preceptor. Kill them all, then no more evil will be allowed in the future, but she didn't expect that this guy was even more cunning. He actually found the devil's helper, what should he do? After thinking of this, her face showed worry. Gu Shaoyang and Tianci originally wanted to take advantage of this opportunity twice a week, but they couldn't rest assured. After all, the king of this daughter's kingdom had saved their lives.

So they absolutely couldn't leave even if it was for Taoism. After arriving here, he said to the king in front of him

"I know what you are thinking now. Don't worry, we will definitely stay and help you get rid of these evil guys. The main thing is that as long as the national master gets rid of the credential stone, your place will be very peaceful. In peace, there wouldn't be so many conspiracies.

But, before entangling him, we must unscrew the one called Ryu Seung-min, so that we can have a chance"

"But I want to ask you something, king. Compared with your opponent's skills, who's slightly better?"

The king laughed and said

"This guy doesn't know any martial arts at all. The reason why he has such strong eyesight is nothing more than what he accumulated during my mother's generation. At that time, he was quite respectful to my mother and never had any bad thoughts. However, do not know why.

After I ascended the throne, he began to monopolize power, and gradually all the power was in his hands. By the time I wanted to get it back, it was already as difficult as climbing to the sky, so I wanted to take advantage of my wedding. He wanted to kill it, but who would have thought that accidents would always happen everywhere, so he actually found help."

After hearing this, Gu Shaoyang and Tianci frowned, and then said

"Don't worry, leave this matter to us and we will definitely help you solve this problem."

After that, the two of them opened the king's tent, and then returned to their room. The two of them sat at the desk and discussed seriously.

"When this guy shows up, he's bound to be up to no good. Why do you think he showed up this time? I felt the aura of both of us at that time, so he came to kill us"

"I think what you said is very right. He must have felt something, so he came here to stop us. But let me tell you, her matter is definitely not that simple. And how did the two of them know each other? A member of the demon clan, a national advisor to the king of a daughter country. I really can't imagine how they are connected."

"If you really can't figure it out, don't think about it. Just know that the two of them are a team. By the way, what should we do next?"

After hearing this, Gu Shaoyang whispered in Tianci's ear, it's better to do this. Then the two of them quickly thought of a way, and Tianci immediately went to execute it.

It turned out that he told him to throw it into the other party's room. He wrote a note, asking him to meet by the river, and then settle the matter between them. Tianci obeyed it obediently, and soon they met each other by the river.

Seeing Gu Shaoyang and Tianci appear in front of him, he didn't seem surprised at all, and then said

"I've already guessed it. It's up to you two to tell me, what exactly do you need my help with or what else?"

"In fact, the reason why we came here to discuss things with you is to see if we have made any progress over this period of time."

After hearing what the other party said, he agreed with a smile, and then said

"Just such a game is not interesting. Why don't we place a bet? If we win, you will be obedient and leave here. Don't help the fault of the king of the daughter country. But if we lose, you will do whatever you want. How about it? I think this business is a good deal. I wonder what your attitude is?"

After hearing what Gu Shaoyang and Tianci said, the other party couldn't help laughing and said

"It doesn't matter, leave this matter to me, I think I should be able to handle it well."

Then in the next time, they started to fight each other. Gu Shaoyang and Tianci, one in front, one behind, one up, one left, one right, one far and one close. In short, they cooperated very, very well.

After fighting for a while, the other party found that the two of them were invulnerable and had no weaknesses, so he started to beat her for a while, but after a while, she found that Tianci was a breakthrough. Why? Because its strength seemed to be relatively small, because it might have just recovered. physical reasons.

Chapter 1396

Therefore, he has not yet exerted his maximum power, and then in the next time, he began to attack Gu Shaoyang. After discovering this problem, he immediately began to make up for his position, but the final result was still a miscalculation on Tianci's side. When he was about to beat up two people.

Suddenly Gu Shaoyang took out a spirit fox from his arms and kicked the opponent's body, which hurt him badly.

The main thing is that he can't move now, but, only his mouth can move, so it can't say that you two are really despicable, shameless and nasty guys who use this method to deal with me.

So what?

Anyway, you didn't say you couldn't use magic talismans at the beginning, right?

When the other party heard what Gu Shaoyang said, he was so angry.

"They say that you humans are the most cunning guys, but I didn't expect that to be the case."

"You don't need to use any method. Now you have lost. You must follow our promise and leave the King of the Daughter Kingdom from now on. You are not allowed to step in again. If you don't agree, I will tell you what happened. Who is embarrassed when you see it."

After hearing what the other party said, this guy was speechless. He didn't expect that they would force themselves so hard, but it doesn't matter. It's just a piece of cake for him. After thinking about this, he said

"It doesn't matter, I have already lost anyway, and I am willing to admit defeat, but you have to let me go now, otherwise I will never let you go."

After arriving here, the other party burst out laughing and said

"Why do you think we will let you go now? I tell you, we will never do this. Just give up."

After hearing what the other party said, I suddenly became very angry.

"I tell you not to mess with me, otherwise I will never let you go."

"You've already become ours, and now I'm going to make you disappear without a trace from this world."

After saying that, Gu Shaoyang began to take out his weapons, trying to destroy it with flexibility. But at this last moment, suddenly Gu Shaoyang Long Tianci and the others appeared in front of a burst of smoke. When they recovered, When they arrived, they found that the other party had disappeared without a trace.

After seeing this, the two of them were very angry. They couldn't help but think about who this guy was. How dare he do such a thing, so Gu Shaoyang started cursing there. After a while, Tianci was very smart. He gradually discovered that when the man left just now, a jade pendant fell from his body.

Then he quickly picked it up, looked at it and handed it to Gu Shaoyang, do you recognize this jade pendant?

"How could I possibly recognize this jade pendant?"

"Why don't we go back and take this to ask the king? Maybe he can recognize us and know who rescued the devil."

With that said, he went back and came to the king of the daughter country and said, we two have something to ask you. I don't know if you recognize it. After he finished talking about this thing, he took it out and asked the other party to identify it. After seeing this, the king frowned and said, I have seen this jade pendant somewhere before, but let me think now, I really can't remember it, why don't you put this jade pendant here for me, maybe one day I You can figure it out.

Just like that, he handed the jade pendant to the king.

Soon he came to the other side and said

"If that's the case, fine, I'll leave this to you."

Soon, Gu Shaoyang and Tianci left.

After they went back, Gu Shaoyang couldn't help but think about what the demon Liu Chengmin came here for? Could it really be for the two of us, but he couldn't help but look at it. Like, or did he find something?

They think the last one is very possible, otherwise why would he come to the King of the Daughter Kingdom for no reason? Besides, our route is very hidden, and no one will find it at all. , the only thing that can be explained is that he really discovered something, but what exactly does the King of the Daughter Kingdom have here?

Although there was a little accident during the parade, this did not affect the physical rectangle. After a few more God, the day of the wedding finally came. This morning Tianci was wearing a bright red wedding dress. Tianci looked at himself in the mirror and suddenly felt very ironic. What should he do?

He really wants to run away now. She continued to help the king, but Gu Shaoyang refused to let her leave, saying that this was the best opportunity. If he guessed correctly, Liu Chengmin would definitely appear, and asked him to wait a little longer, maybe soon. I can be freed.

After hearing what the other party said, he couldn't help but say

"If this can really relieve me, that would be great."

After thinking about this, he said...

"I tell you that you only have time for today. No matter whether it succeeds or not, I must leave here tomorrow.

Chapter 1397

Gu Shaoyang saw Tianci being so stubborn and knew that he felt bad too, so he said

"Don't worry, I've already promised you that no matter whether we succeed today or not, we will all be done with it. After all, this was also written in the previous contract."

After hearing what she said, he finally felt relieved.

As the time approached, the wedding was about to begin. Tianci was brought by Gu Shaoyang to the king's vicinity. The two of them walked to the highest financial management together and accepted everyone's blessings at this time. The king's face was full of smiles, but Tianci's face was full of anger.

I don't know why, but he looked very unhappy. At this moment, the king next to him glanced at him and smiled coldly in his heart. You brat, how dare you show your face to me? Then he reminded me in a low voice.

"You'd better not go so far, I tell you, if you dissatisfy me, I will never let you leave today."

After hearing this, Tianci was particularly angry. He didn't expect that this guy would threaten him. He had told him before that he was such a person. He didn't expect that he could not do anything about this threat. This was his weakness.

He could only do as the other party asked, and within a short time he was smiling. Gu Shaoyang had already heard it, and the two of them were muttering there. He didn't need to guess,

he knew very well that God's gift must have been received by the other party. Threat, that's why it turned out like this.

In the end, the national master jumped out and objected, but after so long, he actually spoke out against it. Isn't this because he loves the king? Then the king said what happened Why do you disagree? The wedding has already been held. Are you saying that it won't have any effect?

But the other party said that the king of the daughter country has bad conduct and can no longer hold the position of king. When her words fell, time passed. It stirred up a thousand waves, and everyone was stunned. He had always been the emperor and managed this place very well. Why should he say that it is not good if it is not good? After thinking about this, he was very He said angrily, "Why are you talking like this? This man is the most favored official next to the king."

"That's because I have evidence that the two of them are deceiving everyone, and I absolutely cannot believe him."

This sentence suddenly attracted everyone's attention, and then he said

"There are some cheating men and women who are unmarried and can get married whenever they want. Besides, the two of them are married now. Is it interesting for you to talk about it here?"

"Because I have evidence. If you are willing to see it, I can show it to you. Then you will know whether what I said is true or false."

When the other party mentioned that there was a gift, Gu Shaoyang and Tianci showed confusion on their faces, but the little girl next to them, King Guo, did not have any reaction.

"Okay, if you say you have evidence, show it to me and let me see what evidence is there to prove that we are a liar. If it is really proven that we are a liar, I will give up the throne to anyone who wants it. Who does it. But if you are deliberately looking for trouble, I will immediately reduce your official position and make you an ordinary person.

I wonder if you are willing to leave our daughter's country from now on."

At this time, Mr. Guo thought that he had conclusive evidence, so he was very confident and said

"I agree to your request. If what I said is false and the things I took are not evidence, I will immediately dismiss the plants around the king of the daughter country and hand over the power to the king. Then I will leave the daughter country alone."

"With so many people testifying for me, I will never lie."

In fact, this is what he is most willing to hear for so long, and then he says

"Well, today I will convince you."

Then the national preceptor soon asked someone to bring this evidence. As soon as Gu Shaoyang looked at the child, he realized that this was not the contract he had signed with the king of his daughter's country? After seeing this, Gu Shaoyang's face suddenly flashed. After a moment of lack of confidence, Guo Si happened to see this scene. He raised the corner of his mouth coldly and said, "Bad boy, I will let your true colors be exposed today. I don't think you have the dignity to stay here." Everything in it is still mine. After thinking of this, he quickly brought the two contracts in front of everyone and said

"Take a look at these two contracts. I will never lie."

In this way, everyone picked up the contract and started reading it. When one person was reading it, his face suddenly turned red and he was embarrassed to look down, so he passed it to the second person, and the third person was like this. Finally, Finally, I found something unusual about this, so I took it out and took a look.

Unexpectedly, what was written on it was something the child was busy with. How could this be an agreement between two people? At this time, the king But his face relaxed, and a very firm smile appeared, what do you say?

Chapter 1398

"Isn't it okay for both of us to write some promises to each other? I write this just to constrain the two of us to get along well in the future.

I don't know why I started to have dirty thoughts after I came to your place. Can anyone explain to me what's going on?"

After seeing this, the national master's face became very ugly and extremely pale. He didn't expect that the contract was still like that before.

He could already memorize it, but when it was presented to everyone today, it turned out like this. , this must have been tricked.

So he set his eyes on the king in front of him. In the past, people around him said that the king of the daughter country was a very shrewd woman, but she never believed it. No matter how shrewd a woman can be, her reputation was well-deserved when she saw her today. She was really made wet by this little girl. She was so angry that she wanted to turn around and leave, but just as she was about to take a few steps, she was suddenly stopped by Gu Shaoyang stopped him and said

"Imperial Master, have you forgotten just now? What did you promise us? You said that if this was really evidence, you would resign from your current position, hand over your rights, retire and return to your hometown and leave the country of your daughter. Did you forget about it in such a short time? Or did you say that you didn't want to admit it?"

As soon as he finished saying this, there was a burst of heated discussion in the court.

At this time, it was not his fault to stay or leave. He was left in a dilemma for a while. At this time, the king of the daughter country never Walking down the stage step by step, it was like stepping on his heart step by step, and then said

"I don't know whether what you just said is true or false. Just give me your opinion. I believe you mean what you say and it's hard to follow. You don't need me to say anything."

There was no other way. I had to follow my promise to make this mistake. I immediately handed over the military power and resigned from my official position.

Then I left here angrily.

When the king of the daughter country took the military talisman in his hand, the whole Everyone was so excited. He had been waiting for this day for a long time. Finally, when Gu Shaoyang and Tianci arrived, they finally completed this great task together. Then Tianci walked up to the king of the daughter country and said arrive

"Is it okay this time? I don't have to continue acting with you, let's just leave."

After saying that, he was going to lead Gu Shaoyang out of here. The king of the daughter country did not let him leave directly.

"You can't just leave like this. I haven't finished my work yet. I have to wait until I finish it for him before I can change your ways. Otherwise, if this guy sees it, it will definitely cause a bad reaction. Then you let me Where is the face?"

After Gu Shaoyang heard what the king said, he felt that what he said was very reasonable, so he advised Tianci to say

"Let's stay one more day before leaving.""

Although Tianci disagreed with Gu Shaoyang's approach, there was nothing he could do about it. After all, the Bang Ren Gang sent Buddha to the West. This was his fine tradition as a human being, so there was no way he could stay.

However, it later turned out that he was right to stay that day, because the palace happened that night. Why is it called a palace?

It turned out that the Imperial Preceptor led his old things into the palace, preparing to rob and kill the King of the Daughter Kingdom. However, he did not expect that Gu Shaoyang and Tianci did not leave and saved his life. In the end, the Imperial Preceptor was slashed by the princess. Severed head.

Originally, I wanted to let him live, but this national master was really smelly and tough. He didn't appreciate anything he said. In the end, he had no choice but to kill him.

Just like this, the matter was settled. They were very happy to see that everything in front of them had settled. This also meant that Tianci and Gu Shaoyang were about to leave. To be honest, after so many days of getting along, Tianci and Gu Shaoyang still became friends of the king of the daughter country.

Although he was a little bit reluctant to see the two of them leaving, he knew that all the feasts in the world would come to an end and they would naturally meet each other if they were destined to do so in the future. If possible, he would like to go out and join them, but when he thought of the domestic situation, he He couldn't leave. After all, there were still many things waiting for him to do here, so he gave up his plan to leave with them.

In this way, Tianci and Gu Shaoyang set out on their journey again. Because they had been away from home for a long time and were injured, his father also knew that there was no news for so long, and he might be very worried, so the two of them planned to return to Li first. Mountain Academy.

In this way, the two of them walked back happily, preparing to meet their God-sent father.

In order to prevent his father from worrying about him even more, he had already written a letter and sent it home. I believe that his father already knew the news that he was returning home, and he should be very happy.

In this way, the two of them walked back leisurely, but something happened on the way, which made them feel a little incredible.

#### Chapter 1399

When they passed a village, because this was a must-go place, he remembered that they had been to this village when they came. There were many people here and they were very hospitable. They also rested here for one night, but it was only half a day. The moonlight scene, why is this place so lifeless?

When no one was riding a bicycle, they thought that there was no one at the entrance of the village because it was noon, so the two of them entered the village, but found that after walking a long distance, they found no one. The only way he could do it was to knock on the door from door to door, but no one responded to them after knocking for a long time.

It wasn't until this moment that they felt that something was strange, so they opened the door and walked inside. But when they saw the scene in front of them, they felt bad. Why?

Because every household is the same, people are lying quietly on the bed, as if they have fallen asleep, and there are no external injuries on their bodies. It's just that they can become dead even if they don't breathe, and here Not even a duck or even a dog was spared.

They all died in the same way. After seeing this scene, their hearts were very painful. Who was responsible for such a thing? They actually had such thoughts. It was really vicious.

After thinking of this, they wanted to kill this guy, but it didn't work. They had to investigate carefully who did it. If they guessed correctly, it should be the demons. Only he was incapable of killing him overnight. All people become like this, after thinking about this.

They felt that when they were chasing Liu Chengmin, they should have killed him and not spared their lives. Otherwise, the people here would not have become like this. It was a pity to think about it.

So they started to prepare to bury them, but at this moment the people from the government rushed in and said that two Jianyang Daoists came here and killed all the people in the village, so they hurried here again, but unexpectedly Gu Shaoyang and Tianci were here to dig a hole for them to come.

This misunderstanding was huge, so they decided that it was Gu Shaoyang and Tianci. The two of them decided that the two of them were Jianyang Daodao. After hearing this, the two of them were even more unjust than Dou E, and then they started to quibble.

"As Mr. Guan, I think you must have some misunderstanding. Anyone with long eyes can find that this matter was not done by the two of us at all. Look at the way they died, they were all the same, and they were all in their own homes.

We have just come from this place, how could we have time to commit a crime? If you don't believe it, you can go to the King of the Daughter Kingdom and ask, I was there before."

After hearing what the other party said, they were immediately stunned. They didn't expect that they actually came from the king of the daughter country. It seems that they really have a golden flag. If this is the case, they have no reason to do such a thing, so they speaking of

"What is going on? Please tell us quickly."

So the two of them told each other everything that happened from the time they entered the village until now. Unexpectedly, the other party also frowned and said, in this case, do you have a candidate in mind? Who can do such a thing?

If ordinary people can't do it, isn't it a human? Is it a ghost? After thinking about this, his heart became uneasy.

Don't think like this, who is it? We are not sure what we are doing, but I can help you find it. We are actually quite sad during the whole process. After all, when we came here before, the people here were very hospitable to us and even stayed with us. After staying here for one night, we left.

But we didn't expect that when we came back, things would have changed. The separation between yin and yang was really unpredictable.

After hearing this, they suddenly felt terrible Isn't it?

If this is the case, then who did all this, he must find this person.

Just like this, God sent another letter to his father, telling him that something happened temporarily. It needs to be dealt with, and then it will take a day or two before he can go back. He hopes that his father can forgive him. Soon his father replied to him, telling him not to worry, son, and to deal with everything about you before going back.

Listening to his father's tone, he said: Thinking that he had caused some big trouble, he asked him to fix his problems before going home. After seeing this, Gu Shaoyang couldn't help laughing and said

"Do you see, this is the result of your usual carelessness. No matter when you become very ferocious, in the eyes of your father, you are an unreliable guy."

This is a typical example of how God's sins can be forgiven, but man's sins are unforgivable. As for you, this is the situation.

Chapter 1400

After Gu Shaoyang said this, Tianci couldn't live anymore. They were used to hurting each other anyway.

"I'm already in such a miserable state, so don't hit me anymore, okay?"

Because a serious murder occurred here, the two of them did not leave on their own, but prepared to start investigating with each other who did it. If they knew, they would avenge these people.

Even if they knew it had something to do with the demons, but they also wanted to find conclusive evidence, so they started looking everywhere.

Since they didn't find any useful clues in the village, they were going to search in the nearby mountains and forests. Suddenly When they found a corner, Gu Shaoyang suddenly stopped him. After Tianci saw this scene, Tianci stopped and said

"What's wrong? What happened to Gu Shaoyang?"

So Tianci said to him

"I smell a kind of demonic presence. I wonder if you feel this way."

So Tianci began to calm down and feel it carefully, and said

"is not that right? I feel. The evil spirit was getting stronger and stronger, and it seemed that it was nearby. They hurriedly hid to see who was haunting here."

So the two of them hid in a hidden corner. At this moment, they heard the sound of fighting in front of them. After a while, those people appeared in front of Gu Shaoyang and the others.

When they saw When the demons were fighting each other, they finally saw who the person on the other side was. It was actually someone else. Wu Yi and the others were wondering why Wu Yi appeared here? It had been a long time since they last saw each other. , now he was actually being chased by the demons, but it looked like he was injured. If they didn't take action, his life would be in danger, so Tianci and Gu Shaoyang took action decisively. When Gu Shaoyang and Tianci appeared, Wu Yi was so surprised when he was in front of Wu Yi.

You must know that they are friends of life and death. At this time, they actually met each other. It was really great, so in the next time, they The three brothers began to work together to attack the demons' attack. After a while, the demon lord was really defeated by them.

In the end, they had no choice but to flee. Now the three of them looked at each other. After a while, There was a burst of laughter. At this time, Gu Shaoyang and Tianci asked Wu Yi why are you here?

Didn't you tell me to protect everyone in the academy when you left last time? Why are you and Did strangers start a fight?

Then Wu Yi sighed after hearing this.

"Do you think I am willing? Originally, I was going to buy some on the street. What you will use when you come back, but I didn't expect that I saw a person being bullied by the demons, so I helped him. Unexpectedly, they all pointed the finger at me, and I had no choice but to fight them.

I have been fighting to get here, but God has destined us to meet here. Otherwise, how could I see you?"

After hearing this, both of them nodded and said

"is not that right? By the way, we happened to meet each other, why are you still injured? Were they beaten by demons?"

After hearing this, he became very angry and said

"This is not the devil who beat me. I don't think those guys have anything to fear. The guy who hurt me was the guy named Li Zhou. He really went crazy. Now I don't know anyone, not even the old dean... him Before he finished speaking, he suddenly thought of the dean's words and shut his mouth. But now it was too late. Gu Shaoyang and Tianci had already heard it. Then Tianci asked very nervously, hurry up. Tell me what happened to my father, tell me quickly

"Your father was also injured by him, but it doesn't matter. He is almost recovering and is lighter than me. Mine was more seriously beaten by him, so I went down the mountain to buy some medicine, but I didn't expect that I met the demon again. Man, there is simply nothing to say."

After hearing this, he finally understood what was going on, but she was really sad to hear that her father was injured. He wanted to go back to visit his father now.

At this time, he heard a cry When they looked back, they saw a little girl crying there, so Gu Shaoyang wanted to take a look, but Wu Yi pulled him back and said

"You must not go there, it may be a trap set by them."

But when Tianci saw that there was clearly a little girl in front of him, what was the trap? So she didn't believe it and was about to grab the little girl. As soon as he stretched out his hand, suddenly the little girl's mouth turned into blood. With a big mouth, he was about to bite his arm.

Fortunately, he didn't expect to be prepared. When he opened his mouth, one of his swords was bitten into his mouth.
