Chapter 1401

Gu Shaoyang took the opportunity to take his hand back. Until this moment, he was a little worried about what was going on. How could he become like this?

Then Tianci and Wu Yi worked together to beat the demon guy away. They turned around and saw Gu Shaoyang, who was stunned, and then pushed him.

"What's wrong? You don't believe that we almost suffered a loss because of your childlike innocence."

After hearing this, Gu Shaoyang blushed and said

"How could that be? She is obviously a little girl, how could she become like this?"

After hearing this, the other party said

"Don't forget, they are demons. Demons can take on the appearance of anyone. Just look at you like this and you will know that you have been hit. You have been walking around for such a long time. Why don't you have this bit of common sense? You won't be Did they lie?"

After thinking of this, he chuckled, but Gu Shaoyang really didn't want to believe that such a beautiful little girl was actually transformed by the devil. One can imagine why the people were so peaceful when they were killed? Could it be that they were killed? They were killed by the people they trusted the most, or they were all killed without knowing it. But why did these guys kill these people? And there were no wounds on those people. He felt There must be something weird about this matter, so he told everyone what he was thinking. Unexpectedly, Tianci and Wu Yi laughed and said

"You finally got to the point. There are many ways to kill people. It's impossible for everyone in the village to use the same method. It would be too troublesome. So there must be some hidden secret among them, but what is this secret? I can't say for sure."

Soon, the three of them returned to the village. Because it was getting dark, they had to find a place to live, so they found a temple.

This temple is the only temple here, and even the nearby villages Tun also came here to burn incense. It was said to be very effective, but it was ironic that even the host here had been killed by the other party, and the death condition was the same as the other party.

They rested here that night. They originally thought that this night would The night passed safely. Unexpectedly, when they slept until midnight, Tianci and Gu Shaoyang suddenly felt that someone was pulling at them, so they slowly opened their eyes, only to find that it was the old man who had saved him, so speaking of

"Old man, you're not dead, why did you go? What exactly happened in your area and why it became like this."

After Tianci and Xiaoke asked, a sad smile appeared on the other's face.

"In fact, this is the case. The reason why things like this happened to us is entirely because of the actions of the demons."

When the other party heard that it was a demon clan, they were not surprised at all, as if everything was within their expectations. However, they had a question and asked it.

"What method did they use to make you die in a peaceful sleep? Did they drug you? Do you know what they wanted to do?"

At this time, the old man spoke. Now we know why they did this and let us die so honorably because they did not want our souls to suffer any damage. They gathered all our souls in a dark abyss. I heard that they were preparing to make sacrifices for their demon king.

As for me, I accidentally escaped while being escorted by them, so when we smelled your breath, we hurriedly came to your place to hide. Unexpectedly, it really happened. I met you.

When Zhang, Gu Shaoyang and the others heard this, they were stunned. They didn't expect that they would do such a thing just for the return of their demon king.

They would never let such a thing happen. happened, so after thinking of this, Gu Shaoyang and Tianci's eyes burst out with hatred, and then they said

"Old man, please rest assured and leave this matter to us. We will definitely help you handle this matter. Believe us, we will do a very good job."

At this time, there was a loud noise outside. Gu Shaoyang and Tianci immediately recognized who it was and wanted to hide them. At this time, Wu Yi woke up and saw the soul in front of him and couldn't help but say.

"Who are you two? Get out of here."

At this time, just as he was about to make a move, he was stopped by Gu Shaoyang and Tianci, saying

"Don't worry, they are my good friends, they have saved me once, so don't misunderstand them."

After hearing this, he finally understood, and then said

"If that's the case, well, tell me quickly what should I do?"

"If this is possible, then should we deal with the outside first? They are too rampant."

Chapter 1402

It turns out that the purpose of recruiting these people is to absorb their souls, but I discovered this matter, and I will definitely not let them continue.

"Well, don't worry, I will help you two with this matter, but now, the most important thing so far is to get rid of the modules outside, otherwise they will be really in danger, they said After finishing, he looked back at the shivering old man and his granddaughter."

Then he said comfortingly

"Don't worry, we will help you stop them and we will not let them continue to harm you."

At this time, Wu Yi hurriedly opened his bag and received the two of you. It can conceal your breath. Then the demons will not be able to find you. After hearing this, the two of them hesitated. Finally Tianci spoke, don't be afraid, they are my friends and will protect you very well.

After hearing this, the two of them finally felt relieved, and then quickly returned to each other's skills, and then they used their skills like that Remember, the origin of this skill is actually very complicated. It was given to Wu Yi by a mysterious figure. At that time, he didn't regard it as a good thing, but now it seems that it is really a good thing. After sorting everything out, he took Tianci They went out with Gu Shaoyang, and people from the Demon Clan happened to be searching the nearby area. They didn't expect that they just came out.

Gu Shaoyang Tianci, Wu Yi and the others came together. When they arrived at the opposite side, the Demon Clan people couldn't help but wonder when they saw Gu Shaoyang and the others. They took several steps back because they still remembered how they fought with them during the day and how badly their own people were beaten by them, so when they saw them again, they were actually a little scared. Seeing them like this Gu Shaoyang felt particularly satisfied, and then said

"You are up late at night, why are you so cool here? If you don't leave, don't blame us for being rude to you." Although they are very scared, they still often talk about it

"We are here just to search for some unnecessary souls, if you see any please let us know and we will definitely like it."

Gu Shaoyang said with a smile when he heard

"Soul. What kind of soul is there? The people here have been killed by you. Are you just trying to take their souls? If this is the case, then I would like to have a good talk with your Demon King. What should I do about this matter? Whose responsibility is it?"

The other party couldn't help but said when he saw Gu Shaoyang acting so recklessly.

"Well, we won't disturb you anymore, we will leave now, and he will leave soon."

After a while, these module guys suddenly fell into disarray. Seeing them running away in embarrassment, they couldn't help laughing loudly from behind and said

"Gu Shaoyang, you are so awesome. You actually silenced them and then ran away in embarrassment."

After seeing this scene, Wu Yi also laughed, and soon they returned to their place of residence.

Now that they were safe, Wu Yi released the souls of the old man and his granddaughter and said

"Now that it's safe, you can come out. After a while, a figure appeared in front of them."

Then he immediately knelt down and said

"Thank you, thank you for saving our lives, but it is no longer possible to continue like this. We must find a place to settle down."

But at this time Wu Yi frowned and said

"But you can't always be these ghosts and wild ghosts. You also have to have a place where you should go. I'm not saying that you no longer belong to this world, so you must go to a place where you should go. Otherwise, I will find someone to save you, and then it will be up to God."

After hearing this, the old man felt that what he said was very reasonable, and then he nodded and said

"Thank you, thank you for not letting us become eternal wild ghosts, we will definitely repay you well. After saying this, the two of them changed from being affectionate to each other, and suddenly ran into each other's tension."

Soon they disappeared from everyone's eyes, and at this moment, now they already know what happened. It turned out that it was all planned by the module, but what should they do now? For How can they snatch these souls back from each other's hands?

After thinking about this, they fell into a relatively endless loop. At this time, someone knocked on the door again. Gu Shaoyang thought it was the previous module. The soldier and the general were there, so he yelled angrily. Unexpectedly, the other party still kept knocking on the door. There was no other way,

Gu Shaoyang could only go up and take a look. After all, no one had eyes. It was obvious that he had already He was impatient, but he continued to knock on the door.

At this time, he had opened the door. When he saw the person in front of him, he couldn't make a fuss about what happened today.

Chapter 1403

How did it go by? All the acquaintances appeared in front of me one by one. Could it be that they had smelled the existence of some conspiracy? After thinking of this, he looked at the man in front of him very defensively and said

"How will you be here?"

After hearing Gu Shaoyang's words, Tianci and Wu Yi next to them also came over and said

"Alas, isn't he the obsessed guy?"

"But why are you here? We don't remember inviting you to come here. Is there something wrong with you?"

After hearing this, he laughed and said

"is not that right? I do need your help with something."

After hearing this, everyone laughed and said

"You are not afraid of anything, but you still ask us for help. It's a bit surprising. But at this time, he was not in the mood to laugh. In fact, what he received was like this. As for me, I encountered a little trouble. I hope you can Help."

Before the other party could answer whether he would agree to them or not, he spoke.

"I've already told you not to mention this matter to me again. Why don't you listen? Do you really want me to ignore you?"

"But now I can't find anyone to help me except you. After all, we have known each other for so long. You can't just ignore me, right?"

"How could it be possible to ignore death? , if they are acquaintances and good friends, of course we will, but for some ungrateful guys, we will just watch from the side with an indifferent heart, and will never lend a hand to help, and you are this person, so don't blame We do this to you"

"Anyway, I don't care about this matter and you must help me, otherwise I won't let you leave."

Seeing the other party acting so rogue, they didn't know what to do for a while. There was no other way. She finally said

"Then tell me what exactly you need our help with."

Unexpectedly, the other party said

"It's very simple, you just need to help me get my things back."

So I asked him who had stolen something. Is it yours? If it is yours, we will be happy to help you get it back. But if it is not yours and you snatched it from someone else, then we There is no way for you to help others.

So I think of the other party and say, this thing was originally mine and was passed down from my ancestors. When it comes to me, it is remembered by others. However, my abilities are limited. You also know that if I don't practice With this kind of magic attack, I can't stand out at all, but fortunately, I have become standout now.

But I didn't expect that the other party would make a comeback. This is something I never expected, so I need you this time."

"After talking for a long time, you still haven't said it. Why don't you tell us quickly? If you don't say it, we really won't care." After saying this, they began to back away and planned to leave, but how could this man do it? He let them leave so easily, so he said

"The truth is, one of my family heirlooms was snatched away by the demons. I hope you can help me get it back together."

After hearing this, they felt very strange. What did he call "baby" that they didn't know? After all, they had known him for a long time. Is there something about him that they didn't know yet?

So they said

"If we guessed correctly, did you steal this thing from someone else and then lie to us that it is your own? Why are you so despicable and shameless? What do you have that we don't know about? When did you have it? What kind of bonus treasure is this?"

I didn't expect to be exposed so quickly, but he has always been very thick-skinned. He didn't care about anything else and just wanted to get this thing back.

After thinking about this, he said

"I don't care, you must get this thing back from me no matter what today, otherwise I won't let you leave here today."

After hearing this, they felt very ridiculous. Do you think you can really stop us? Who knew that the other party smiled sinisterly, "I can't stop you, but it doesn't mean that I can't stop others from thinking about it. Where is your God-given father? If he doesn't listen to me, I will definitely let him die without any heart, so you can give it a try."

After hearing this, he became uneasy and said

"Why are you so mean? I didn't expect you to do such a thing."

"What can I do? Anyway, it has happened and I can't ignore it."

In the end, for the safety of their God-given father, they had no choice but to compromise, and then asked them what exactly they had robbed. Please tell me quickly.

"In fact, it's nothing, it's just a treasure I accidentally got called the Time Treasure Box. With it, I can turn back time."

You can go back to the past time"

"And, I have tried it, and it does have such an effect."

Chapter 1404

That's why I tried every possible means to get this thing back, but unexpectedly I was beaten away by the vague coach.

When the other party heard about the Space-Time Treasure Box, Gu Shaoyang suddenly had an impression in his head, as if he had heard it somewhere, so he began to think about him slowly, and suddenly remembered it, as if he was in the daughter's country. The king heard him say something about the time and space treasure box.

"Tell me, was this space-time treasure box snatched from the king of the daughter country? Because I once heard him mention it."

But this man was stunned when he heard Gu Shaoyang's words. He didn't expect that he would actually know about this, and then he said a little embarrassedly.

"This is indeed the case, but I didn't steal it, but his subordinates gave it to me. I couldn't do anything about it. Since someone gave me something for free, why wouldn't I want it? In this way, he became my thing."

After hearing this, Gu Shaoyang felt that this guy was really despicable and shameless. He had already extended his claws to his daughter, the King of the Kingdom. After jumping here, Tianci was very angry. He was just thinking about what if he didn't know about his treasure at this time. How did he feel when he was snatched away? Was he sad?

He didn't know why he suddenly thought of them. Although they were just a fake couple, during the whole process, he has indeed never done anything to harm themselves, so after thinking about this.

He hates the guy in front of him very much. He must have snatched this thing back from the king of the daughter country. He is thinking that if there is a chance, it must Grab the things back.

After thinking of this, he chuckled and said

"Well, hurry up and tell us where it is, and we'll go and get it back for you right now."

After saying this, he chuckled and said

"This place is right where you often go."

Then they were found quickly, and then they couldn't help but say while facing the few young generals in front of them.

"Please hand over my things quickly, otherwise I will be rude to you. The other party became very angry after hearing Li Zhou's words, and then said, I didn't expect that this guy like you would have such patience."

These demon generals were caught by Gu Shaoyang and the others, and then they asked them about the whereabouts of their things. However, these demon generals seemed not to say anything. Where was she next to her? But Li Zhou didn't like it anymore, and then he said, "I'll give you one last chance."

"If you don't say anything anymore, I will make your souls fly to pieces. I can say it or do it. I have always been a person of my word. For me, you should know very well whether it will spread and what it means to you.

It seems that no one knows it better than you, so I will give you 5 counts of time. If you don't take action within 5 counts of time, then don't blame me for being rude to you."

When these coaches from the Magic City saw Li Zhou showing such an evil smile, they knew that this guy was serious. You must know that if the soul smell spreads, they would have nothing. After thinking of this, he was really scared. , and Li Zhou saw that they were a little scared, so he kept saying

"As for me, I am not a person who particularly likes to scare people away. I still like to accumulate evil deeds. If you want to return the things to me, I will let you go immediately and will never pursue you again from now on. But if If you don't tell me where this thing is, I can only say I'm sorry. You brought it all on yourself."

After hearing this, no one dared to speak. Finally, I was the only one who finally spoke up.

"What you said is true. After we give you the things, you will let us go. Of course, I will never lie to others, but I added in my heart, but the people of the demon clan are other things.."

After hearing this, he laughed and said

"Of course, I will never lie to others. As long as what you tell me is true and you will not deceive me, of course I will not."

In this way, he quickly handed this thing over to the other party's hand, and then said that from now on, this thing will be ours.

As for Gu Shaoyang, at this time he said

"I didn't expect it to be such a thing, I thought it was so surprising."

So he was about to open the thing, but before he could open the thing, he was stopped by Li Zhou.

When it comes to this thing, you can't hit it casually. If you hit it, he will Take you away, take you from this 4-dimensional space to another time and space or bring you to a few years ago, and leave everyone like this."

After hearing this, Gu Shaoyang seemed a little scared. Fortunately, he had just stopped him, otherwise He didn't know what a stupid thing he had done. After arriving here first, he couldn't help but pat his chest.

Chapter 1405

At this time, Tianci Shoes came over and said

"Don't listen to his nonsense, there is no such magical thing, he has never seen it, he just heard what others said."

But at this time the other party said

"How come I haven't seen it before? If I haven't seen it, how can I know this thing? So don't challenge me. If you make me anxious, I will send you away."

After she said this, the few of them did not dare to continue nagging. However, they had remembered this revenge. Sooner or later, he would seek revenge on them. In a short time, they

came to where they once were. They sat down and talked about the matter calmly in the small house where they lived, and Li Zhou also came.

"Aren't you obsessed? Why does it look so normal now? After all, who cured you? I don't believe you can recover on your own. Someone must have secretly helped. Then this person has probably been abandoned by you and thrown away by you. aside."

After being told this by the other party, this guy lost all face for a while, because they knew very well that what the other party was talking about was really Li Zhou. He had already abandoned the guy who helped him heal the wound. As for whether he is alive or dead now, he didn't even know that, at this moment Tianci said that what you did was really unreasonable.

If I were you, I wouldn't be able to live. You are so despicable. I have never thought that you have become obsessed. How did you become like this after that? Or is it because of your nature? You were born like this. Were you just pretending in front of me before?

"Of course, it must be an act."

"If that's the case, then I won't let you go."

After hearing this, he laughed naively

"Let's talk about your current virtues. Which one of you is my opponent? I'm not talking big words here. None of you will be my opponent, because I have now mastered the peerless magical skills. If you don't believe it, You can come out and challenge me, and I will definitely leave you with an unforgettable memory."

What the other party said suddenly aroused the anger of these three people. When Li Zhou saw them like this, he suddenly laughed and said

"Don't forget how arrogant you were in front of me. I've had enough of being under your hands, so from now on I will be on an equal footing with you and will never let you bully me."

After hearing this, they were a little confused. When had they bullied each other? Why didn't he know?

Soon, the guy turned around and disappeared. At this time, Gu Shaoyang and Tianci became worried and said arrive

"What if this guy starts making trouble from now on? Do we really want to kill him?"

"Of course, he must be killed, otherwise will he let us stop? So you must be stronger and stop being fooled by his appearance.""

After hearing what he said, everyone felt that what he said was very reasonable, so they began to work together to kill Li Zhou.

In fact, they had a good relationship at the beginning, but at some point their relationship deteriorated sharply. Although they didn't say anything, they understood in their hearts.

But no one broke through this layer of window paper. I don't know when it started, but this layer of window paper actually broke. It was after Li Zhou became obsessed with training and started to do so many things without any worries, so that Now it has become like this.

After seeing this, they were very angry, but they couldn't do anything to them. After all, their father was in their hands. If they acted rashly at this time, it might cause a lot of resentment.

When the time comes, his father will be in danger. After thinking about this, he is really in trouble. At this time, Gu Shaoyang spoke. Don't think about your father's affairs after get off work. Let's work together to kill him now. When the time comes, as long as he Your father will be found.

I believe he will never do anything to your father. After all, your father is still very good to him.

In this way, no matter how crazy he is, he won't do anything to him, if you believe me.

But, at this moment he suddenly said

"If my father hadn't been there, I would have killed him long ago. In fact, I already knew that he had other intentions, but my father stood in the way and said that he would give him a chance. I never thought that he would become what he is today. Looks like, if I had known earlier, I shouldn't have listened to my father.

But what else can they do? Things have come to this, and there is no regret at all. They have no other way to do it except working together. Just when they are about to kill each other, this Li Zhou starts Speak

"I think you have forgotten whose hands his father is, haven't you?"

Chapter 1406

"Let me tell you, if anything happens to me here, your father's head will be delivered to you immediately. I think you all should understand what this means, so I advise you not to Make some more that are not available, otherwise I will make you walk around without food."

After the other party said this, they didn't dare to move for a few seconds. To be honest, if any accident happened to Tianci's father under their impulse, it would be a lifelong regret for them. So, They really didn't dare to move, so they were distracted.

Li Zhou asked others to tie them all up. In fact, they did it on purpose, because only in this way could they get close to their inner walls and then find them. Where his father is, he can hit them in this way. Not to mention how proud he is after thinking of this.

But you are unaware of all this and think that they really have no way to deal with it. In this way, He was the one who was most beneficial to the situation. Not to mention how happy he was after thinking of this, because its owner would be very happy when he saw that he had tied up these most difficult guys.

So he took them They were tied to Liehuoshan Manor, and Liehuoshuo Manor was their den of thieves. The so-called den of thieves was their gathering place, and Tianci's father was also hiding here. But unfortunately, this guy was very cunning and did not tie them up. Together or locked together, after seeing this scene, Gu Shaoyang and Tianci were particularly angry.

This guy was so cunning that he wouldn't even let them see their father. Just when they had no other choice, Li Zhou suddenly He walked in and said to them

"I know what you are thinking. Don't you just want to see your father? I can tell you that although he is your father, he also has the power of self-healing for me. Although I am a beast, I have not reached that point. You can rest assured that he is alive and well, and I will be fine in the future. Respectfully."

He just lost his freedom. You don't have to worry about leaving after eating. Tianci doesn't believe his words, but Gu Shaoyang is different. He knows that it is the most normal for people like him to speak, or Don't say it, or everything you say is true."

Gu Shaoyang began to persuade Tianci

"You don't have to worry about what he said. I'm pretty sure he didn't say it, otherwise he wouldn't have shown such an expression at all. He has lived with us for so long, don't you still understand his temper? Although he is very bad, there are some things he absolutely cannot do."

"But now I am very confused. I don't know which of his words are true and which of them are false. I am really afraid that he will do something very bad to my father, and it will be over by then."

"Don't worry, you are right to listen to me."

Time flies so fast. It's been two days since they were caught.

Although nothing particularly big happened here, to be honest, it feels really bad to be locked up.

On this night, an uninvited guest suddenly came. This person dressed in black clothes sneaked into the prison quietly, saw Gu Shaoyang and Tianci, and said

"How are you guys doing here? The two of them felt very strange about the arrival of this person. Who is he?"

Why didn't I seem to have any impression at all?

And when the other party saw the confused looks on their faces, they couldn't help but laugh?

"Brat, even I don't know. After he finished speaking, he took the area off his face. When they saw who the person in front of them was, they were really shocked. They didn't expect it to be the old dean.

How could he appear here? You know that the old dean is powerless. The old man is sick every day. How could she appear here today? Could it be that everything before was just an act of his?

After thinking about this, they felt that it was very possible, especially Tianci. He was simply shocked and said

"The old gentleman didn't expect you to be so secretive."

Seeing the shocked look on the other side's children, they couldn't help but chuckle and said

"There is nothing I can do to avoid being killed by my enemies, but now that I see you like this, I really can't pretend anymore, so I decided to rescue you, and I hope you can cooperate with me."

Then, the old dean started to use the sword in his hand to cut the lock here, but he didn't know why he couldn't cut it off after a long time. You must know that the old man's sword is a famous sword.

How could he withstand this? What about the ordinary lock?

At this moment, there was a sound of footsteps from outside, and then Gu Shaoyang and Tianci were very nervous. They quickly asked the old man and the dean to leave quickly and come back to rescue him later when they have time. There was nothing the old dean could do. Chang originally wanted to stay and fight with him.

Chapter 1407

But he knew that if he was caught again, these people would have no hope at all, so he quickly disappeared in front of everyone, but they didn't have any objections to this. Why?

Because they know that Qingshan is still there, even if they have no materials to burn, they must preserve their strength, otherwise if they are all caught, they will have no hope at all.

As soon as the old man left from the back, the door in front was opened, and Li Zhou came in from the outside with his leader, their boss, and this so-called boss turned out to be the owner of Liehuoshan Villa. They were tens of thousands of people. What I didn't expect was that the owner of Liehuoshan Villa acted very benevolent and righteous outside.

There are many people who respect him very much. They didn't expect that he would have such a kind of virtue behind the scenes. This is something that people never expected. However, it seems that all this is not strange to them.

After all, they have already thought of a person like him. This kind of person is not as simple as he seems on the surface. He has his own purpose, so he pretends to be various. Once his true face is revealed, Afterwards, it will make people feel very disgusting?

Just like now, they might still be able to pretend to be very affectionate, but now, seeing him makes them feel particularly nauseous.

The owner of Liehuoshan Villa seemed to have noticed something wrong with them, and was a little embarrassed, but he quickly calmed down and said

"I regard those who are current affairs as heroes. I think you should understand one or two of the reasons why I captured you."

Actually, Gu Shaoyang and Tianci didn't understand why at all. Because they came in for their father, they never expected to see their father at all, so Tianci said

"We really don't understand why you arrested us, and my father, we are just an ordinary academy and have nothing to do with you independent-spirited people, so why did you arrest us? I really don't understand."

However, the other party said

"Do you really not understand? Do you think your academy is really an ordinary academy? Gu Shaoyang and Tianci really didn't understand this, and saw confused looks on their faces.

You couldn't help but laugh, knowing that your father didn't tell you, Goddess, your father must have never told you, what was his former identity?

"Isn't he the dean of Tateyama Academy? What's there to be suspicious of?"

Seeing the other party's innocent look, the owner of Liehuoshan Villa couldn't help laughing and said

"Your father protects you really well"

"Let me tell you, your father was once a member of the imperial court and a general. He knew a secret. It was impossible for him to survive in the army, so he found a quiet place to spend the rest of his life. However, he did not expect that his identity would still be revealed. The people were found, so before I robbed those people, I caught your father, but your father had a very tough mouth.""

Just talking nonsense, what secret does my father know? If he has any secret, how could he not tell me?

At this moment Li Zhou spoke

"Maybe you don't know what your father's secret is, but I can tell you, because your father has a treasure map in his hand. This treasure map was left behind by a previous thought, and your father is A general from the previous dynasty, so do you think he has any secrets?"

Actually, when Gu Shaoyang heard the news, it was as if it was a gift from heaven. They never thought that such a result would happen.

"I don't believe what you say. I have to wait until my father tells me personally before I believe it. Who knows whether your words will blow me up? Besides, it's useless to tell me. My father has never told me these things. Since he wants to retire and return to his hometown and live the rest of his life in peace, he has already wanted to take these secrets into the coffin. Inside.

Otherwise do you think we might be using hospitalizations to make ends meet? It's not like you don't know how much money you can earn in a hospital for a year, but it's not even enough to cover our expenses, so my father found other ways to make a living, otherwise what do you think?"

Actually, Li Zhou understands this very well. After all, he has lived there for so long, how could he not understand the character of the old dean? There are just some things that he is very confused about, so he has made a decision now These things.

As for where Tianci's father is now, apart from Lizhou, not even the owner of Liehuoshan Villa knows, because he has never told outsiders his whereabouts. Although he is obsessed, his Reason still existed.

At this moment, someone shouted that there was a fire outside. The owner of Liehuoshan Villa and Li Jiu all ran out to put out the fire. After a while, a woman rushed in from the door.

Chapter 1408

And why do this woman Gu Shaoyang and Tianci look so familiar? Even though the other party had already used the brush on her face, her figure, figure, and walk were very familiar. It wasn't until they walked in front of them and took off the cloth from their faces that they could see clearly that this was not from the Daughter's Kingdom. King?

They were very happy after seeing this, especially Tianci said

"How come you are here?"

And the king of the daughter country glared at them angrily and said

"You are so useless. You were caught just after leaving my place. You are simply embarrassing me. Get out of the way."

After he finished speaking, he took his sword and jammed it into the lock. This time, when he saw the operation, it fell to the ground with a clang. At this moment, they finally regained their freedom.

Then the Daughter Kingdom The king was about to take them away, but when they were halfway there, Tianci said

"Can't leave."

The king of the daughter country felt very puzzled by his behavior, and then asked why you didn't leave. Do you still want to stay here? Are you stupid for not leaving even if you have such a good opportunity?

But Tianci said something

"Because my father is still in their hands, what if I leave him and attack our father?"

Unexpectedly, the king of the daughter country burst out laughing.

"Don't worry, your father is already in my hands. If you don't come with me, I will do whatever I want to your father. Do you want to come with me or not?"

Seeing the other party say such words easily, he felt that the other party was not joking and then said

"You can't be lying to me, right? If I know that you are lying to me, I will definitely have trouble with you." said the king of the kingdom of Merle

"Don't worry, I have already found out where your father is, so I led my troops to rescue her while she was away. If you don't believe me, come and have a look."

After saying that, they went around the trail from behind. The people who rescued me in front of me didn't even notice that Gu Shaoyang and the others had already escaped. By the time they realized it, the other party was far away.

They followed. The king of the daughter country ran away all the way, and after walking a certain distance, he came to the river, but he had not seen his father so far, so Tianci was a little puzzled.

"You can't lie to me, where is my father?"

At this time, the king of the daughter country said, pointing with his hand, and sure enough, a carriage appeared in front of him, and after a while, an old man who was over fifty years old stepped out of the carriage.

This person was none other than God-given father, after seeing this, he smiled helplessly. Sure enough, his father had come back safe and sound, which was great.

In this way, he quickly came to his father's side, checked up and down, and said

"Father, that's great. You were finally rescued."

"Come quickly and thank the king of the daughter country. If it weren't for her, we might not be able to get out."

Who knew that his father's attitude made him feel particularly strange, and then he said

"There is no one we can thank him for. This sentence successfully attracted the attention of Gu Shaoyang and Tianci. Just when they were confused, they saw that the relationship between the king and his father was very close.

The king of the daughter kingdom put on his father's hand and left. This time it was Gu Shaoyang and Tianci who were confused. What on earth happened? Why do they feel like a family? The two of them were outsiders, but they still followed each other and left obediently.

Because there were taxis from those guys before, they did not dare to go back to the academy by themselves, so they had to temporarily close the academy, and then came to a place found by the king of the daughter country. They rested here, and then their father said to Tianci

"You must be very surprised why I am so close to him, right?"

"Of course, I highly doubt the relationship between the two of you. Do you two know each other?"

After hearing this, my father said

"It's not because of you that we met. Aren't you already married to someone else? Then he is my daughter-in-law. Why don't you come and blow up the brat? If you don't come, I will beat you to death."

When my father said these words, it was like thunder on the ground. This shocked them all. They couldn't react. After a while, the first person to react was Tianci. She said nervously

"Father, are you kidding me?"

I saw my father glare at him fiercely and said

"Why are you married to someone and you are not allowed to recognize her as your wife? Let me tell you, our family does not have such a fine tradition. If you dare to abandon your wife, I will definitely beat you to the ground and drive you out of the house. Let me see if you dare to do such a thing again."

At this time, Tianci was simply confused. He didn't expect that his father knew about it.

Chapter 1409

So he set his sights on the king of the daughter country and said

"Did you tell your father? If it wasn't you, I really can't think of any reason why he could know about this." I saw my father say

"Don't embarrass this little girl. She didn't say anything. It was a friend of the king of the daughter country who told me. And his friend is also my closest and closest friend. We only found out about what happened to you through letters. , otherwise how would I know?"

But Godsend has a problem, he said.

"I have never met him, how does he know that I am your son? Didn't someone say it on purpose?"

After he finished speaking, he glanced at the king of the daughter country next to him. In fact, the king was really in trouble at this time and couldn't tell. "It has nothing to do with him at all. I tell you, don't rely on all the debts. As for me, I have already said that if we are fake, we are fake. I have never thought of making it real. As for how your father knew, that is her business and not my plan.

If you have any questions, you can go to her friend, maybe he can know."

After he finished speaking, he turned around and left angrily. When he saw the king leaving, Tianci felt nervous, but he stayed calmly and did not chase him out. At this time, his father sighed. said

"Silly boy, don't blame others like this, it has nothing to do with him. This friend of my father told me, why did he meet you? that is because. He has been to our house before, and he has seen you, so he recognized you at a glance. He was not sure at first, so he even brought a portrait for me to recognize. After that, he took out the portrait and gave it to the child. I also took a look and knew that at this moment she finally understood what was going on.

So he hurried out and found his daughter. The king of her country was standing lonely in the yard looking into the distance. He didn't know what he was thinking, so Tianci got the other party's attention awkwardly and said

"I'm sorry, I didn't mean it. Please forgive me."

Who knew that the king of the daughter country ignored him at all, turned around and was about to leave, but at this time Gu Shaoyang grabbed his arm and said

"I'm sorry, I really didn't mean it. I didn't want to wrong you on purpose. Please forgive me."

Seeing the other party's sincere look, the king of the daughter country chuckled and said

"It's nothing, we are all lying anyway, I really don't know how your father knows, but you can explain it to your father, I believe your father is so open-minded, he will definitely believe it after you explain it."

After saying that, he took out the note in his arms and said

"Once you show this to him, he will understand and he will never force you again from now on."

Then he turned back to the room and showed this thing to his father. He once thought that Tianci had made a move, which shocked him at that time. Tianci suddenly took the statement and the circle and tore it into pieces. See After this scene, the King of the Daughter Kingdom said very angrily

"I tell you that you don't need me to play rogue with him. Even if you tear this into pieces, I tell you that you still have a copy there. I don't believe you still have it."

I saw the other party take out the one in his arms and said with a smile.

"Fortunately, you reminded me that I had already forgotten it. I still have a contract here."

It was torn into pieces in front of his eyes. The king of the daughter country couldn't understand Tianci's actions, and then said

"What on earth are you doing this for? Don't you want your father to know that you are in such a bad situation? You are afraid that your father will find out and deal with you. Don't worry, I will intercede on your behalf."

After saying that, he left on time, but at this moment Tianci made a move. Even he didn't expect that he pulled him in all of a sudden, hugged the other person in his arms, and said

"I suddenly feel that I don't want to be a contract couple with you anymore, let's just be a real couple."

After hearing this, the king of the daughter country was stunned for a moment, then quickly pushed it away and said

what are you talking about? You don't like me anyway. Don't you know that my strong will is not sweet?"

"Maybe in the past I thought long-term words were not sweet, but now I am very willing to be with you. I don't know why since I separated from you, I always seem to be able to think of you.

Otherwise, I wouldn't be able to recognize you at first sight when it's in my brain, because I'm thinking about you all the time. Your voice, your background, and your image have all been carved in my mind. It's so profound that it can't be erased."

Because Tianci usually acts casually and always gives people an abnormal feeling, so when he said these words now, the king didn't believe it, and then turned around and left.

Chapter 1410

But how could Tianci let him leave so easily? Then it comes to

"Do you believe what I say? This time I really didn't lie to you."

But the other party didn't think so and said

"I know you are making fun of me, but you can only say this once. If I find out that he has such thoughts again, I will never let you go."

After I finished speaking, I turned around and left. In fact, he was also very confused at this time. He didn't know whether what the other party said was true or false, so he could only use this tone to cover up his heart, otherwise he would He was afraid of being laughed at by the other party.

But at this moment, he was helpless.

Without him, he might have died long ago, so he clearly understood that he was not doing it to repay the favor, but because of the feelings in his heart. That throb.

When he returned to his father in despair, Gu Shaoyang and his father looked at each other. The meaning was self-evident. At this time, Gu Shaoyang patted each other on the shoulder.said

"Young man, keep up your hard work. I believe that as long as you work hard and grind the iron pestle into a needle, and you have to be patient and endurance, sooner or later you will move her.

As expected of his bad friend and good friend, he knows what he wants to do and what he thinks in his heart, so he doesn't have to hide it in front of him, right? Yes, I believe he will definitely be able to impress her.

But I want to know how he knew that we were arrested, and he came so promptly. Could it be that someone tipped him off? At this moment, my father spoke.

"That's because he has been worried since you came back and has been sending people to secretly observe that day. When the people he sent out saw you being arrested, they immediately passed the news to the other party, and he led his troops non-stop. The soldiers will come here to rescue you, so I rescued you."

After hearing this, he finally understood.

He was thinking in his heart that if such a person could not be taken into his arms, then he would really be hopeless, so he already thought in his heart With a good plan.

Because they all suffered minor injuries to varying degrees, they were itchy here for several days and finally recovered. After tomorrow, the king saw that the other party finally recovered, and finally felt relieved, and then said arrive

"Now that you have recovered, there is no need for me to stay. I plan to leave in the afternoon and lead my soldiers to leave."

Tianci at this time, after hearing that the other party was leaving, didn't mention how worried he was, and then said

"Can you please not leave?"

The other party looked at him deeply and said

"Do you think I'm kidding? Don't forget my identity. I am the king of my daughter's kingdom. There are my subjects there, and I must be responsible for them."

After seeing this, he didn't say anything. Sure enough, he left in the afternoon, but when he left, Gu Shaoyang left him a letter, saying that you don't want to see you back in the daughter country now. Then he took it out and read it.

Although he didn't know what the letter was about, he still did it according to the other party's wishes. When he returned to the daughter country, he took out the letter and after reading it His face turned red, why?

Because what was written in the play were all about his confession to the other party, and the king of the daughter country had never been exposed to such a new trend since he was a child, so he was a little embarrassed, but Well, he put this letter like a treasure in the bottom mezzanine of the study.

When you asked him to miss Tianci, he would take it out and read it. Of course, he also quickly wrote back a letter to Tianci. When Tianci saw this letter, he was so happy that he couldn't sleep for several days.

Moreover, seeing him like this, he shook his head helplessly.

"I advise you to be less happy. The demons are ready to take action these days. I find that there seem to be demon lords around us, so we must be alert and must not let them take advantage of the loopholes. Let's just prepare to send your father away.

Send him to a safe place first, so that we don't have to worry about anything. Otherwise, we would always worry about her, don't you think?"

After hearing this, Tianci felt that it was very right, but where should we send him? The world is so big, there is no other place for us to go except Tateyama Academy, but what should we do?

After thinking for a while, he speaking of

"Why don't we go find the old dean? After all, his identity is not simple. I think he must have a hiding place."

So that afternoon, Gu Shaoyang contacted the old dean and they sat together, and then said

"Although I will not force you to reveal your identity, old dean, can you help me take my father away and keep her safe? In the past few days, we found that I am ready to move here, and the same is true over there in Lizhou. We were so poor that our own father asked him to leave with you and put it in a safe place so that we could give it a try."
