

Attributes 141

Chapter 141

After Zhou Canglan, there is Chao Qian.

Chao Qian sacrificed a golden revolving pill, which seemed ordinary, but the three looming pill patterns on it showed that it was extraordinary.

With a roll of Xuan Dan Qi, two hundred dragon cauldrons swayed and rose.

"Let me go, it's the third-grade Xuan Dan again!"

"This Chao Qian is a descendant of the Manmo Sect. The Manmo Sect is respected for its body refining. If it comes to physical strength, he will definitely surpass Zhou Canglan of the Vast Sea Sect."

Following that is Su Yuxing. Su Yuxing's Xuan Dan is as dark as a prison and exudes a terrifying sword energy. It is also a third-grade swordsman and can carry two hundred and thirteen dragon cauldrons!

Ling Tianyu's third-grade Xuan Dan can carry two hundred and twenty dragon cauldrons..The man in black robe who had always been gloomy and mysterious finally revealed his identity. A blood-colored spinning pill exuded a strong aura of evil and filth, but its quality was also a third-grade heavenly pill, capable of carrying two hundred dragon cauldrons.

Everyone exclaimed

"It turns out that this person is the successor of the Evil Blood Sect! No wonder the breath is so evil!"

"Third-grade Tiandan, and third-grade Tiandan, which was difficult to achieve in the past hundreds of years. When I first saw the third-grade Tiandan, I was like a cabbage on the roadside."

"It's so scary. No wonder some people say that this Qianlong List is a once-in-a-millennium event!"

"Chao Qian, Zhou Canglan, Su Yuxing, Ling Tianyu...02 and the strongest Ji Lingsheng and Gu Shaoyang, any one of these people used to be the leader of Qianlong, but now they are all gathered together. Those who can fight out from among these people and be honored on the Hidden Dragon List are the monsters among monsters, the genius among geniuses, and even surpass the Yan Emperor Yan Xingtian back then!"

The number of third-grade Tiandan users who can carry more than 200 dragon cauldrons is not big.

Only Hanhai Sect Zhou Canglan's unique Kung Fu method, his Yuanli is far more powerful than the same level, and the number of dragon cauldrons he can carry is also more than others. Everyone was cut off.

All the geniuses had finished trying, and only Ji Lingsheng and Gu Shaoyang were left in the field without making a move.

Ji Lingsheng glanced at Gu Shaoyang and found that his expression was indifferent, so he smiled confidently, exuding a powerful and incompetent energy. Pi's kingly aura opened his mouth and said:"I'll come."

Everyone was refreshed. As we all know, Ji Lingsheng condensed the second-grade Tiandan. He is the only second-grade Tiandan condenser in the Southern Territory in the past thousand years except Emperor Yan Xingtian. He can be called the only evildoer in the past thousand years..

In addition, he also has the blood of a king-level expert, so everyone has great expectations for him.

Ji Lingsheng stood in front of the dragon cauldron, opened his mouth and spat out a mouthful of Yuanli, and the dragon cauldron seemed to be lifted by a pair of invisible hands. Then, it suddenly rose up.

Everyone was shocked and whispered:"You can lift a hundred dragon cauldrons without even offering the Revolving Pill. This will surpass the ordinary Revolving Pill realm by an unknown amount.".."

Ji Lingsheng looked at the densely packed dragon cauldrons in front of him, shouted majestically, and said loudly:"Get up!"

The next moment, another four hundred dragon cauldrons trembled slightly.

"Ji Lingsheng wants to directly challenge the Five Hundred Dragon Cauldron in one go?!"

"This...is impossible.."

Before he finished speaking, a terrifying spinning pill that had never been seen before had appeared in front of everyone.

The light erupting from the Revolving Pill is simply more dazzling than the sun. The light of the Revolving Pill makes Ji Lingsheng look like a god!

"rise!"

Ji Lingsheng shouted again, just like the emperor's decree, the emperor's power was mighty!

Five hundred dragon cauldrons slowly rose up, densely suspended in front of everyone's eyes. The scene was extremely shocking.

"Hiss.."

Everyone looked at the two tiny lines on Ji Ling Sheng's Revolving Pill, took a breath of cold air, and said in shock:"Is this the power of the second-grade Tiandan? It's twice as powerful as Zhou Canglan, the successor of Hanhai Sect! It's!"

Ji Lingsheng waved his hand to disperse the energy on the dragon cauldron, and looked down at Gu Shaoyang, his eyes burning, as if to say: It's your turn.

All eyes were focused on Mr. Gu

"Gu Shaoyang has just entered the Xuan Dan, and Ji Lingsheng and others have been in the middle stage of the Dan for a long time. He must be slightly inferior to everyone at this level."

"However, he is also condensing a third-grade heavenly elixir, so he should have no problem carrying a hundred and fifty dragon cauldrons."

"Maybe it can hit 200, let's wait and see."

Everyone was talking about it, and Gu Shaoyang walked up quietly, as if what everyone said had nothing to do with him.

Gu Shaoyang looked calm, stretched out a finger, tapped the dragon cauldron, and said:"Get up."

The tone was very calm.

But the next moment, starting from Gu Shaoyang's finger, the dragon cauldron weighing ten thousand kilograms rose one after another, like soldiers undergoing inspection by the emperor, neatly and orderly.

Ten, twenty, thirty..One hundred!

Two hundred!

Everyone's eyes slowly opened wide.

There were two hundred dragon cauldrons, and before they could rest, Gu Shaoyang didn't even use his own spinning pill.

The geniuses who were watching were also shocked, and subconsciously stepped forward He took two steps, with a look of disbelief on his face.

How is this possible?!

Just one burst of vitality can lift two hundred dragon cauldrons. What kind of pill is Gu Shaoyang condensing?!

"rise."

Gu Shaoyang's tone became slightly more serious.

Whoa... the rising momentum of the dragon cauldron suddenly became more rapid.

Three hundred, four hundred, five hundred... within a few breaths, another three hundred dragon cauldrons rose.

"Oh my god, this is already Ji Lingsheng's achievement, Gu Shaoyang still sacrifices Xuan Dan?!"

"Damn it, am I dazzled?.."

Everyone was stunned, even Chao Qian and others' pupils shrank, and Ji Lingsheng was even more silent.

Finally, Gu Shaoyang spit out his spinning pill.

An icy blue spinning pill with infinite brilliance rises slowly, crystal clear and flawless, like a world-famous work of art.

In an instant, countless sword sounds echoed in the field.

Thousands of long swords were automatically unsheathed and suspended in mid-air, facing the Xuan Dan. The tip of the sword was slightly hanging, as if cheering and surrendering to the king who worshiped him.

"Get up again."

Gu Shaoyang's tone became even colder.

Boom!

Another five hundred dragon cauldrons flew up.

A thousand dragon cauldrons and countless long swords circled and danced around Gu Shaoyang. The scene was so spectacular and shocking that it was unparalleled.

Everyone in the audience almost forgot. Breathing, he just stared blankly at Gu Shaoyang, at the Xuan Dan 693 above his head and the Dragon Cauldron Flying Sword beside him.

His expressions were dull, as if he were dreaming.

Chao Qian and other geniuses also had shock and shock on their faces, and Ji Lingsheng was even more difficult to find. My eyes widened in belief.

Horrible, too terrifying.

This is definitely a scene that can be recorded in history.

The genius of the Yuan Kingdom, the Xuandan realm, can carry a thousand cauldrons!

Suddenly someone spoke with difficulty in a trembling voice: "This Gu..What grade of spinning elixir did Gu Shaoyang condense? Why can't I find his elixir pattern at all?"

Everyone suddenly woke up and looked at it intently.

Sure enough, the ice blue crystal revolving pill was perfect, and no flaws or flaws could be found at all.

"This is.."

Ji Lingsheng's eyes showed a deep look of disbelief, and he said word by word: "Beyond the heavenly grade, the top grade Xuan Dan?!"

"Wow.."

The whole place was in an uproar.

No one can describe in words the shock and horror in their hearts.

When something exceeds the limit of what one can bear and imagine, it becomes illusory and unreal.

Like now.

Gu Shaoyang, with a thousand cauldrons at his fingertips and a thousand swords at his side, was clearly standing in front of them.

But it seems that they are far away, and people can't get close to them at all

"Grass!"

Zhou Canglan, who has always presented himself as a handsome young man, swore harshly and cursed: "Chao Qian, why are we competing so much? We just pack up our things and go back to the sect... I should have known that this year's Qianlong Ranking would be like this. What a monster, I shouldn't have listened to the old man!"

Chapter 142

No one can find words to describe Gu Shaoyang.

Since the history of the Southern Territory has been recorded, there have been people who have achieved the first-grade Heavenly Pill, and only a few people who have achieved the second-grade Heavenly Pill, but there is no one who has achieved anything above that first-grade, top-grade Heavenly Pill!

If Emperor Yan Yan Xingtian is an unparalleled talent that is rare to be born in ten thousand years, then who is Gu Shaoyang?

Real dragon!

Recalling Gu Shaoyang's hidden dragon body, that sword-qi golden dragon that stared down at the audience, this word suddenly popped up in everyone's mind.

Chao Qian, Zhou Canglan...all belong to Qianlong. Even Ji Lingsheng, although he is at the top, is only the most majestic one among Qianlong.

However, the talent that Gu Shaoyang has now revealed has completely transcended the category of hidden dragons. He has transcended the peak and can be called a real dragon soaring in the sky.

Some people even sighed:"If Gu Shaoyang does not die, he will definitely enter the realm of kings within a hundred years!"

No one refuted.

The scene was silent for a long time, and suddenly a voice sounded

"You have to fight it to know whether it is a real dragon or not!"

Chao Qian took a heavy step forward. There was a loud sound under his feet and the ground cracked. His whole body's momentum surged, like a volcano, like a mountain torrent, like a tornado. It was extremely frightening.

"Haha, well said! Ling

Tianyu laughed loudly, pointed at Gu Shaoyang and said loudly:"What kind of unrivaled heavenly elixir? I have never heard of an unparalleled one above the first grade in my decades of life." There's something weird about your spinning elixir, and the elixir pattern is light and invisible... Come on, come on, see you on the Dragon Capture Stage!"

After saying that, Ling Tianyu strode forward and flew away.

The other geniuses also came out of the shock and confusion. Monster geniuses like them have defeated countless powerful enemies and experienced countless things along the way. In dangerous situations of life and death, I have also created countless miracles that seem impossible to outsiders.

I have absolute confidence in my own cultivation strength. If I am not defeated from the front, I will not be easily intimidated by external objects.

This It is their martial arts heart, otherwise they would not be worthy of being called Tianjiao.

Once the three passes of the Dragon Gate are passed, there are only more than 110 talented warriors who are qualified to go to the Dragon Seizing Platform. There are a total of thirty-six positions on the Hidden Dragon Ranking, and That is to say, more than seventy people will be eliminated.

The Earth Vein Dragon Qi is thirty-six points. The higher the ranking, the more Dragon Qi you get, and the more luck, clan luck, and national luck you win. The Dragon Capture Platform accounts for The land is hundreds of feet wide, and a ball of dragon energy is evenly distributed among more than a hundred geniuses.

If you lose a game, the dragon energy will be weakened by one point, and if you win, the dragon energy will be stronger by one point.

Both sides have their own choices to seize the dragon platform.

Chapter 1 A pair of people fighting on stage happened to be Mu Ming, whom Gu Shaoyang knew.

Mu Ming was fighting with an early-stage Xuan Dan warrior who had reached level 7, and was also from the Great Wu Kingdom.

The two must have fought against each other before, and the fight was fierce but extremely exciting. Properly, Mu Ming defeated him after a hundred moves.

When Gu Shaoyang saw Mu Ming's three-clawed hidden dragon body, he immediately jumped out and swallowed half of the opponent's hidden dragon body. The hidden dragon body seemed to become more solid. After a while, there was a faint tendency to grow four claws.

Round after round of competition...

Wei Zhuang was selected by the light of the Dragon Seizing Platform. He smiled at Gu Shaoyang and whispered:"Junior Brother Gu, I'm going."

Gu Shaoyang nodded.

Wei Zhuang's strength has indeed improved a lot compared to the last time we met. Even Tianxin has realized 50% of it. The genius who fought against Wei Zhuang is also pretty good. The level of Xuan Dan is lower than that of Wei Zhuang, and his cultivation level is only Xuan. In the early stage of Dan, Wei Zhuang defeated him after two hundred moves and breathed a long sigh of relief.

Finally, the light fell on Gu Shaoyang, and the warrior selected by the Dragon Seizing Platform stiffened suddenly, with a thick expression on his face. Bitter and helpless.

All eyes were focused on Gu Shaoyang.

Gu Shaoyang slowly walked onto the stage

"I hope Brother Gu can show mercy.."

The opponent saluted sincerely.

Gu Shaoyang nodded, and then did not rush to take action. Instead, he turned to look at everyone in the audience and said calmly.

"I want this hidden dragon leader.."

The sound is not loud, but it reaches everyone's ears clearly

"Then I will make you convinced of your defeat. No matter who fights against me, I will defeat him in his strongest aspect."

With that said, Gu Shaoyang looked at Ji Lingsheng and others, and said seriously:"Including you."

Huh?!

The whole place was in an uproar.

Everyone stared at Gu Shaoyang in disbelief.

Chao Qian, Ling Tianyu and others even laughed in anger.

"Speed, strength, energy, martial arts, artistic conception... Those who are far superior to their peers in one of them can be called geniuses, and those who are far superior to their peers in everything are called geniuses. Gu Shaoyang has promised to defeat us in our respective areas of expertise. What is he going to do?

To establish his invincibility? Prove that he is a real dragon?!"

Zhou Canglan shook his head and sighed, then patted Chao Qian on the shoulder and said:"My biggest advantage is the strength of my Yuan Power. But you also saw it when I lifted the Dragon Cauldron just now. I could barely lift Gu Shaoyang's shoes with my Yuan Power. Not worthy. Chao Qian, I can only look at you. If your Chi Demon Arm can dampen his spirit, it will be difficult for him to become invincible. It's hard to say who will win the top spot on the Hidden Dragon Ranking... If not..."

Zhou Canglan sighed and sighed:"Then he is the royal king appointed by the emperor."

Chao Qian remained silent, but his tiger eyes were very bright.

Everyone suddenly discovered that Gu Shaoyang's temperament had completely changed since he made those wild words.

If the original Gu Shaoyang was a sword hidden in a sheath, then now, he is a sword unsheathed.

It is so sharp that no one can look at it.

No matter how everyone reacted, Gu Shaoyang turned around and said to the extremely nervous Xuan Dan warrior in front of him:"What are you best at?"

This seventh-grade Xuan Dan, a genius warrior in the early stage of Xuan Dan, thought for a while and spoke. Said:"I have a palm technique, I would like to ask Brother Gu for advice."

Gu Shaoyang nodded:"Try your best."

The Xuan Dan warrior nodded quickly, he mobilized his whole body's energy, the aura on his body rose three times in a row, and shouted:"Xuan Dan Turn three, the dragon explores its claws

An illusory three-toed dragon claw appeared on the man's right hand and struck fiercely at Gu Shaoyang.

Gu Shaoyang's eyes brightened slightly, and he immediately slapped a palm at random, and a dragon claw also appeared on his hand, but it was a five-toed one.

"boom!"

The two palms struck each other, and the three-toed dragon claw collapsed immediately. The Xuandan warrior was hit by the huge force and quickly retreated. At the same time, he had an incredible look on his face and said loudly:"How is this possible? I just learned this palm technique from the Nine Dragon Wall. How could you.."

Before the Xuandan warrior finished speaking, he suddenly stopped again.

The person below was suffocated and looked at Gu Shaoyang with shock in his eyes.

Gu Shaoyang nodded slightly and said slowly:"Yes, I am the same as you. It's just that my move is called.."

"..The real dragon explores its claws!"

The whole place (Wang Nuohao) was shocked.

The people below were all shocked and speechless.

Zhou Canglan muttered crazily like an old woman,"I should have thought of it earlier, I should have thought of it... all of us were almost there. Forgot, Gu Shaoyang is the person who fully understood

the Nine Dragon Wall. The Nine Dragon Wall has endless mysteries and encompasses all kinds of martial arts. No wonder he has such confidence..."

Chao Qian said coldly:"In the case of powerful martial arts, it is not as reliable as one's own strength.

Zhou Canglan held his forehead and lamented:"You are a monster with only muscles in your mind.."

Gu Shaoyang walked off the stage slowly.

The palm he just struck was just a temporary move, but the power was beyond his imagination.

What he realized in the Nine Dragon Wall was not a certain martial skill, but a technique called——
《True Dragon Way》

《"True Dragon Way" is endlessly mysterious, and even he is pondering and digging into it.

The man's dragon's probing claw was learned from the Nine Dragons Wall. The"True Dragon Way" contains the secrets of the Nine Dragons Wall. Gu Shaoyang can naturally learn it easily and even display stronger power.

Chapter 143

In the following time, the geniuses of the first level ascended to the Dragon Capture Platform one after another, and almost all of them defeated the enemy with one move, showing their unparalleled and outstanding strength.

Everyone can feel that they are accumulating their own strength.

This power not only refers to the strength of Yuanli, etc., but also refers to fighting spirit and momentum.

Gu Shaoyang is establishing his invincibility, and so are others.

This momentum, either wild or arrogant, domineering or respectful, rises into the sky like billowing smoke, colliding with each other, fighting each other, waiting for the moment of real confrontation.

The Dragon Capture Platform seems to have a spirit, and it has never allowed any two people on the first step to face each other.

The top thirty-six on the Qianlong list were gradually selected, then the top eighteen, and the top nine...

The atmosphere seemed to become stagnant and tense all of a sudden. Everyone focused their attention on the geniuses on the first step, wondering who would become the first pair of combatants.

The light from the Dragon Seizing Platform fell, and everyone's pupils shrank.

Zhou Canglan! Gu Shaoyang!

Everyone's faces suddenly became excited.

The battle between two geniuses will definitely be extremely exciting.

Zhou Canglan smiled bitterly and said helplessly to Chao Qian: "It's a shame that I wanted to get into the top three before I came here. Now it seems that even the top five is in doubt... Old Chao, if I die on stage, my ashes must be taken away." Bring back the Hanhai Sect.."

Zhou Canglan's tone suddenly became angry: "I want to make that old guy feel guilty for the rest of his life, because he killed me."

Chao Qian shook his head speechlessly.

This week Canglan is just like the one he met when he was young. No matter how high his cultivation level is, he can't change his problem of being out of line.

Although Zhou Canglan lacked confidence, he walked up to the stage to seize the dragon with great enthusiasm, faced Gu Shaoyang and said with a smile: "Brother Gu, is that right? Fighting is a fight. You must be merciful. Let's not lose our friendship."

Gu Shaoyang looked at him with strange eyes. Looking at Zhou Canglan, he said slowly: "I have a connection with your Hanhai Sect. In this battle, I only use one move.".."

Gu Shaoyang thought of the "Hanhai Xuan Gong" that he majored in in the Juyuan Realm. If he guessed correctly, this skill should have been spread from the Hanhai Sect.

Zhou Canglan's face lit up and he said with a smile: "So that's it. Since Brother Gu is so generous, I can't be stingy. I can only use one palm."

After saying that, Zhou Canglan's playful face immediately became more serious than ever before. He said in a deep voice: "Brother Gu, please accept my move, Dragon Travel in the Vast Sea!"

Zhou Canglan directly used his third-grade spinning elixir, and the powerful energy belonging to the Vast Sea Sect rolled out like a wave, instantly covering the whole place.

Zhou Canglan's palm was like a swimming dragon hidden under the sea. Suddenly it poked out, and a long dragon's roar resounded throughout the audience.

Magnificent, turbulent, and immeasurable, the terrifying momentum of this palm made everyone below change their expressions slightly.

This Yuan Power is too terrifying, too terrifying, and it is simply not something that can be possessed in the Revolving Pill Stage.

Zhou Canglan seemed to have hidden his strength at the level of lifting the dragon cauldron. With the power of his palm, he could lift more than three hundred and fifty dragon cauldrons.

Gu Shaoyang looked at Zhou Canglan's palm quietly, with a look of approval on his face, and whispered: "True dragon way, mirage dragon transformation!"

In the next moment, Gu Shaoyang's figure seemed to become infinitely broad and illusory in the eyes of everyone.

Ji Lingsheng, who was watching the battle below, suddenly narrowed his pupils and murmured: "The mirage dragon dives in the deep sea, swallows the essence of the sun and the moon, can absorb hundreds of rivers, swallow the four seas, and act on all things... This move increases Yuanli... He actually I really have fully understood the mystery of the Nine Dragon Wall."

Gu Shaoyang stood in front of Zhou Canglan, like a rock in the sea, unmoving, but when the sea water came in, he would rise a little higher, unable to be swallowed up at all.

Gu Shaoyang slowly struck out a palm and said loudly: "Your move is called Longyou Hanhai, then my move.."

"..Just call it 'covering the sea'!"

Before he finished speaking, Gu Shaoyang's aura suddenly surged. Zhou Canglan's complexion suddenly changed, and he tried his best to suppress the Xuan Dan Yuan Power, and the waves surged wildly. In the eyes of others, Zhou Canglan was madly setting off a stormy sea, but Zhou Canglan could let the huge waves surge into the sky, and Gu Shaoyang But his figure was infinitely taller, and his slender and powerful palm turned into a giant palm that turned the whole Wang Yang upside down.

There was no sound, and all the momentum on the field returned to calm, as if nothing happened.

Zhou Canglan was stunned. Standing there for a moment, his face suddenly showed bitterness, he smiled casually and jumped off the Dragon Seizing Platform, saying: "I lost."

Less than half of his dragon energy was swallowed up by Gu Shaoyang, and the sword energy golden dragon became more and more solid.

Everyone took a deep breath and was speechless.

Although they had expected it, they saw Zhou Canglan, the third-grade Tiandan condenser and the successor of Hanhai Sect, Being crushed by Gu Shaoyang's palm in my best competition of Yuanli was still extremely shocking.

It was too strong.

Gu Shaoyang was really too strong. He had become invincible, but he didn't know that it was getting bigger and bigger, and finally he became invincible. He climbed to the top of the Hidden Dragon Ranking.

But he was intercepted halfway.

Gu Shaoyang was defeated and Zhou Canglan was about to step down. Suddenly, a golden light on the Dragon Seizing Platform selected him again, and the other one was Su Yuxing.

Huh?

Gu Shaoyang looked surprised, but very Calm down quickly, he won't care if he fights in a row.

There was a slight commotion in the audience. Many people were confused and discussed the situation of Gu Shaoyang being selected twice in a row on the Qianlong List, but a knife-wielding figure had already jumped onto the Dragon Seizing Platform.

Su Yuxing.

Gu Shaoyang squinted his eyes as he looked at this opponent. Mu Ming once said about his deeds.

After being tortured by his enemies for three years, he rose up from a desperate situation, killed all his enemies, and reached the top of the list of geniuses in one fell swoop.

This man was outstanding in both talent and character. A first-class terror.

A formidable enemy.

"do you know?"

Su Yuxing's head hung slightly, his eyes were covered by his black hair, his breath was somewhat suppressed, and he whispered to himself: "I only have three days left to live."

Gu Shaoyang couldn't help but frown, and said in a deep voice: "Life and death are determined by fate..."

"Haha, do you think I'm here to gain sympathy for you? Su

Yuxing suddenly burst into laughter, pointed the tip of the knife at Gu Shaoyang and said, "I want to tell you that the closer I am to death, the stronger I become. Up to now, my strength has become so strong that I can't stand it." I'm so scared!"

Boom!

Su Yuxing's suppressed momentum suddenly burst out, his black hair flying, and his whole person exuded a wild and unruly momentum.

"Aren't you going to beat me at my strongest point? Then take this knife from me!"

Su Yuxing jumped up high and struck down Gu Shaoyang's head with his long knife.

"My heart is like a prison, the world is like a prison, the purgatory knife!"

The stage seemed to suddenly darken, and a gloomy and deep atmosphere enveloped the whole place.

For a moment, everyone felt that the sky in front of them seemed to be dripping with blood, and the ground under their feet was sticky, like minced flesh and blood. There was a ringing in their ears. There were countless miserable cries, scoldings, and curses, and pillars seemed to stand up on all sides, like prison pillars.

"It's Su Yuxing's Senluo Sword Prison!"

"What a terrifying sword intent, I'm afraid it's close to perfection!"

"It was too terrifying. Ordinary Xuandan realm experts were no match for him."

Gu Shaoyang looked around at the vision of Su Yu's sword intention manifesting around him, and said calmly: "Is this your sword intention, your martial arts heart? Hatred, resentment, distortion.."

Gu Shaoyang slowly shook his head and said word by word: "With such martial arts, no wonder you are about to die, no wonder you are so weak"

"weak?!"

Su Yuxing raised his eyebrows and was about to laugh angrily when he saw that Gu Shaoyang had already struck out with a sword.

"White Dragon, start a war."

The next moment, a majestic momentum of gold and iron, iron and blood, poured out from under Gu Shaoyang's sword.

The 144th style of the Emperor's sword is as powerful as the wind, forest and volcanoes, and it is perfect for breaking Su Yuxing's human world like a prison.

The purgatory scene where Su Yu's sword intention manifested was shattered like a mirror under the trampling of the golden sword and iron horse, revealing the bright blue sky outside.

"impossible! Su

Yuxing looked ferocious, roared, and struck out with another knife: "~Seventh Revolution of the Spin Pill!""

Suddenly, the hatred and resentment in the hell on earth became more and more intense, and it seemed that everything was about to sink.

Su Yuxing's family was brutally wiped out in his early years, and he witnessed every one of his relatives die miserably in front of his eyes, and he was tortured by his enemies for three years with extremely cruel methods. Years - long.

Endless hatred has long been accumulated in his heart.

He hates people, hates life, and hates the injustice of heaven.

In despair and boundless hatred, he broke through his own shackles and exchanged his life for cultivation. His martial arts has advanced by leaps and bounds, so his martial arts has already embarked on an evil path.

Of course, if he can prove it and reach the pinnacle of martial arts through this, this may also be a righteous path, his own path to heaven.

Unfortunately, he encountered Gu Shaoyang.

Gu Shaoyang snorted coldly, the sword energy golden dragon appeared behind him, and the billowing dragon energy poured into the sword.

"The kingly killing spirit of"White Dragon, start a war" suddenly increased tenfold. When the emperor was angry, he laid down millions of corpses, but it doesn't matter if you flooded the sky and destroyed your family.

In the face of the big country, a small family can only become a fan under the iron heel.

It doesn't matter. Innocent, miserable, and suffering for everyone in the world, the suffering cannot be greater than that of the common people in heaven and earth.

Boom! The hell on earth suddenly shattered, and this time it was more completely broken. Gu Shaoyang slashed Su Yuxing's chest with a sword, and Su Yuxing spurted blood and flew backwards. Su Yuxing's eyes were stunned, as if He couldn't believe what was happening in front of him. He was not shocked by his defeat. What was shocked was that his martial arts thoughts collided with Gu Shaoyang's martial arts, and he lost. Did he really make a mistake? Su Yuxing half-knelt on the ground, looking The knife fell to the side and trembled slightly. He looked dazed and whispered to himself:"Am I really wrong? Do you even think I'm wrong?

.."

If this trend continues, Su Yuxing's martial arts heart may be broken.

Gu Shaoyang looked at him condescendingly, his eyes were complicated and full of pity, and he said lightly: "You are right, what is wrong is that you are not strong enough... If you are strong enough, no one in this world can say you are wrong, not even the sky. No."

Su Yuxing's eyes condensed, and he seemed to have some understanding. He slowly stood up, took a deep look at Gu Shaoyang, turned around and left silently.

The onlookers looked shocked.

Su Yuxing also failed.

Even Su Yuxing was defeated.

Gu Shaoyang is really too strong, almost invincible.

In the battle of Yuanli and martial arts, he defeated the two great geniuses in a crushing manner. Who else can stop him?!

Ji Lingsheng? Chao Qian? Ling Tianyu?..Everyone who originally had great expectations for a few people now began to have deep doubts in their hearts.

After defeating Su Yuxing, Gu Shaoyang thought and did not rush to step down. Instead, he waited on the stage for a while.

After that, the Dragon Seizing Platform was radiant, and a ray of light fell on him again.

Everyone was shocked

"Why let Gu Shaoyang confront the enemy? Is this Dragon Capture Platform broken?"

"Wheel war? Gu Shaoyang was given the Dragon Table Needle!"

"This must be too much of a disadvantage for him."

Gu Shaoyang suddenly smiled and said loudly to the Dragon Seizing Platform: "Okay, since you also want to help me, then I will do what you want and fight to the end!"

Everyone's expressions were shocked.

There is no time for breath adjustment and recovery in the wheel battle...

Ordinary people will definitely feel unfair and resentful when faced with such harsh treatment.

Gu Shaoyang said that Seizing the Dragon Platform was helping him. This magnanimity and grace are truly unparalleled..

Su Yuxing in the audience looked at Gu Shaoyang's outstanding figure steadily, his eyes became more and more radiant, and he murmured to the long knife in his hand: "He is right, I am not strong enough, and I did not lose unfairly.".."

Zhou Canglan's eyes flashed with wonder, and he praised: "I, Zhou Canglan, am really lucky to be born in the same era and compete with such people on the same stage."

Chao Qian nodded slightly and said slowly: "It's worth making friends, but I'm more I want to defeat him first."

The sun and moon were turning in Ji Lingsheng's eyes, and the fighting spirit in his body was getting stronger and stronger.

At this time, two more rays of light suddenly fell, falling on the mysterious man from Ling Tianyu and the Evil Blood Sect respectively.

There was a commotion in the whole place

"First appoint Gu Shaoyang, and then appoint two people at the same time. Does this mean that Gu Shaoyang wants to fight one against two?"

"Moreover, they are the descendants of the Evil Blood Sect of Ling Tianyu Jana, two evildoers of the third-grade Tiandan. What on earth do the Seizing Dragon Platform think?! Someone slowly said:"

I think the Dragon Seizing Platform seems to be more optimistic about Gu Shaoyang. Just as Gu Shaoyang said, it is helping Gu Shaoyang... We in the Southern Territory will finally have a real dragon.""

Others were horrified.

Ling Tianyu's face was extremely ugly when he saw the light on his body. He was originally a proud and arrogant person, but now he was asked to join forces with others to fight against the enemy, and it was a peer who was younger than him. This was obviously Look down on him.

But the order to seize the Dragon Platform is an imperial decree, and no one can violate it.

Ling Tianyu took a deep breath, calmed down the anger in his eyes, and said solemnly to the successor of the Evil Blood Sect:"Let's go on stage together, you watch from the side, I'll defeat him!"

The man in black from the Evil Blood Sect sneered, glanced at Ling Tianyu with disdain, turned to look at Gu Shaoyang, slowly licked his scarlet lips, and said in a low voice:"I just want to kill him."

0·Please give me flowers 0····

The strong murderous intent that instantly surged out of the man's body made even Ling Tianyu's expression change.

The next moment, the man's figure suddenly disappeared and reappeared on the stage.

There was a slender soft sword in his hand, and the bloody sword shadow filled the sky, covering Gu Shaoyang like a spider web. He smiled evilly:"Gu Shaoyang, remember, the person who killed you is Leng Mojue of the Evil Blood Sect.."

Someone in the audience exclaimed:"Leng Mojue?! He is Leng Mojue, the eldest son of the Evil Blood Sect?! No wonder he is so strong, and he has condensed the third-grade Tiandan."

Gu Shaoyang turned a blind eye to Leng Mojue's offensive. He casually slashed out a ray of sword light, heading straight towards Ling Tianyu below the stage, and said calmly: "Aren't you coming up yet?"

Everyone subconsciously swallowed their saliva.

This Gu Shaoyang, with the murderous intention in mind, wanted to draw Ling Tianyu into the battle group first, insisting on fighting one against two.

Really fearless and proud of others.....

Ling Tianyu blocked the sword light and sneered with an ugly face: "If you insist on seeking death, then I will help you."

After saying that, he also flew up to the Dragon Seizing Platform and attacked Gu Shaoyang with Leng Mojue.

Gu Shaoyang had no expression on his face as he faced Leng Mojue's blood web and slashed out with a flat sword.

"Golden Crow shines brightly!"

Endless golden light radiated from his sword, and there seemed to be a big sun rising behind him.

"Oh my god, am I reading that right? This is... the Perfect Level Sword Intent?!"

"Hiss..It's so scary! Gu Shaoyang is only a few years old, no more than 20 at most, and he can actually comprehend the sword's will to perfection. Did he begin to understand the sword's art when he was still in his mother's womb?!"

"No wonder he was able to fully understand the Nine-Sided Dragon Wall. This understanding... is truly incredible!"

The perfect Chuyang Sword Intention has undergone a qualitative change. The majestic and vigorous aura completely evaporated Leng Mojue's evil blood light. The remaining sword light still turned a corner and slashed towards Ling Tianyu. Ling

Tianyu laughed angrily and slashed out with his sword: "You really think you are invincible, you are not the only one who has understood the perfect sword intention!"

After saying that, Ling Tianyu's body emerged with a terrifying sword intent that surpassed the sky and despised all living beings.

"Lingtian Sword Intent!"

"Ling Tianyu also realized the perfect sword intention?! Damn it, for a real evildoer, is this extremely difficult sword intention as simple as eating and drinking water?!"

Leng Mojue also took advantage of the situation, turned his hand and struck out with his sword, manifesting a bloody Wang Yang, and laughed and said: "The sea of blood is overwhelming, 80% of the sword's intention is. Gu Shaoyang, let me see how you can block it?"

Chapter 145

The powerful blows of the two top geniuses stirred up the storm. The energy leaked alone made the onlookers retreat in horror. You can imagine what Gu Shaoyang felt under the offensive. The pressure was horrific.

But there was no trace of panic or nervousness on Gu Shaoyang's face. He looked as usual, retreating instead of advancing, and slashed out with a flat sword.

A bloody sword light that was purer than Leng Mojue's sea of blood cut through the void, and slashed towards Leng Mojue in a vast sea.

"If you compete to kill, I will compete with you!"

Killing sword intent, 50%!

The bloody sword light is like a bloody dragon, rushing forward in the sea of blood, tearing apart pieces of blood, and its power washes away the sea.

Leng Mojue's face suddenly changed, and he crazily urged the sea of blood to surge back, setting off a torrent of blood. The wolf desperately resisted this move.

Gu Shaoyang never looked at Leng Mojue again, and seemed to have full confidence in this sword.

He turned to look at Lingtianyū. The sword of Lingtianyū was so powerful that it was full of a sense of arrogance. My life is the greatest. of arrogance

""Sixty-nine three""My fate is up to me and not God?""

Gu Shaoyang snorted coldly, the sword light came back, and he said coldly:"Then I will punish you on behalf of heaven and knock you off the clouds!"

"Tribulation Thunder Sword Intent!"

The sword light of Gu Shaoyang was purple, and its beauty contained a strong murderous intent and destructive aura. It was like thunder falling from the sky, unstoppable and destroying everything.

Everyone opened their eyes wide and seemed to be watching in a trance. To the Heavenly Pill Thunder Tribulation that fell from the sky that I saw outside the Martial Pagoda.

"boom.."

The purple sword light was like a swimming dragon, like electricity, tearing apart the Lingtian domain's Lingtian intention, and struck him hard on the chest.

"Damn it, that's impossible!"

Ling Tianyu spurted blood and roared, and fell towards the outside of the stage.

Gu Shaoyang turned around and struck Leng Mojue with another sword, which still had 55% killing sword intent. Only then was

Leng Mojue able to take the blow that Gu Shaoyang had just made. The sword, before he could relax, was struck by another sword.

He made a sound of shock and anger, and the killing sword light tore his body directly into two halves. Gu Shaoyang was shocked to have killed him.

After all, Leng Mojue had just He also said that he wanted his life.

Everyone in the audience exclaimed, is there another genius who will fall on the dragon-capture stage?

But the next moment, Gu Shaoyang let out a light sigh. Leng Mojue's body fell to the ground in two pieces. He healed again and became a complete person, but his face was very pale.

"He is the scapegoat of the Evil Blood Sect. No wonder this cold demon can escape one"

"Gu Shaoyang is too strong. He defeated Ling Tianyu with one sword and killed Leng Mojue with two swords. Who else can stop him?!"

"This boy has become invincible! irresistible.."

Gu Shaoyang was determined to add another blow to Leng Mo Jue, but as soon as the latter saw the murderous intent in his eyes, he immediately ran as fast as a rabbit and blended into the crowd, making it difficult to catch him.

Gu Shaoyang could only give up.

Ling Tianyu and Leng Mojue were defeated together, and the field fell into absolute silence and depression for a while.

Gu Shaoyang stood quietly on the Dragon Seizing Platform, holding the Shadow Sword lightly with one hand, like a king looking down on all living beings, waiting for the world to challenge his position.

The light of the Dragon Seizing Platform fell once again, and as expected, Gu Shaoyang was chosen first.

Then three beams of light fell in succession, Chao Qian, and two other top nine geniuses from the Nine Kingdoms.

The geniuses from the Nine Kingdoms who were selected together with Chao Qian looked at each other in disbelief. Before they could make any move, Chao Qian had already jumped onto the stage to seize the dragon.

An eruption like a volcano, a mountain torrent, or a tornado, fighting against Gu Shaoyang

"I have been waiting for this moment for a long time."

Chao Qian smiled and moved his body, making a crackling sound like a firecracker.

The air rippled, and it was hard to imagine how terrifying the content in his body was.

Gu Shaoyang casually inserted the Shadow Sword on the ground and faced it empty-handed. To Chao Qian, he said calmly: "As you wish."

There was a burst of exclamation from the audience.

"Gu Shaoyang said that he would defeat everyone in the strongest category. Does he... want to compete with Chao Qian?"

"My God, the descendant of the Barbarian Demon Sect has refined his body like a demon and is famous for his strength in the Southern Region. How can Gu Shaoyang beat Chao Qian in a competition of physical strength?"

"Using his own shortcomings to attack the other's strong points, Gu Shaoyang was too proud. The true dragon's horns had already been revealed!"

The other two geniuses who were selected also came up to the stage at this time, bowed their hands to Gu Shaoyang and said: "Brother Gu's spirit is the only one we have ever seen in our lives, and I am offended."

Gu Shaoyang slowly shook his head and said, "I am the one who should be offended."

The two geniuses looked stunned. The next moment, Gu Shaoyang's figure had disappeared.

"True dragon way, dragon transformation!"

The true dragon path explains the mysteries of the ancient dragon clan, and includes all the strengths of the ancient dragon clan. The walking dragon is the fastest among the dragon clan except the true dragon, although Gu Shaoyang can only exert less than one percent of its power now. , but his speed has also been greatly enhanced.

In addition to his own speed, he also has the bonus of two major skills: shrinking to an inch, floating like a shadow, and following like a shadow. In an instant, Gu Shaoyang's speed reached an extremely terrifying level.

It seemed that he was continuously The void was about to be torn apart by his body.

Before the two geniuses of the Nine Kingdoms had time to react, they felt a heavy punch in the chest and were knocked off the stage by a strong force.

At this time, the sound of breaking through the air began. 0 came out from behind Gu Shaoyang..

"hiss.."

Everyone gasped. horrible. terrible.

At such a speed, can anyone in the Revolving Pill Realm catch up?!

I'm afraid it's comparable to Shenhai.

If Gu Shaoyang had shown such speed from the beginning, 99% of the people in the field would have been defeated without even being able to see his appearance clearly.

What Gu Shaoyang said, defeating everyone on the strongest side, was really not something he just said casually.

"Now, you can let go and do whatever you want."

Gu Shaoyang turned around and said calmly to Chao Qian.

Chao Qian's eyes were slightly focused, but he had a hearty laugh on his face.

"good!"

Before he finished speaking, Chao Qian stepped on the ground. The Dragon Seizing Platform trembled hard, and there seemed to be cracks on the ground.

A large circle of dust was stirred up on the ground, and Chao Qian's figure suddenly disappeared.

Everyone is still looking for Chao Qian. Hidden figure, but saw Gu Shaoyang suddenly want to punch behind him

"boom!"

One bronze, one white, the two fists collided fiercely, and the sound they made was like the clanging of earthly treasures.

Immediately afterwards, Gu Shaoyang's figure also disappeared, and the two people turned into countless phantoms, facing each other. Fist, fight!

The onlookers in the audience opened their eyes wide, but they couldn't keep up with the speed of the two people. They could only barely identify the location of the two people's fight from the collisions again and again.

"Boom..Boom..Boom.."

The roar continues, and the battle for the strongest body training in the Dragon Platform is like two active volcanoes colliding and fighting.

"It's too scary. With such a body, I feel like I can't even bear their punches."

"The most terrifying thing is 0.5 Gu Shaoyang. His strongest skill is swordsmanship. I didn't expect him to be so strong in body refining. He could fight against Chao Qian for so long without losing."

"Otherwise, how can we say that Gu Shaoyang is a true dragon-level genius. A true dragon should be invincible at the same level, invincible in all aspects, and perfect!"

"Look...the two of them are going to decide the winner!"

Someone exclaimed, and everyone immediately looked at it intently.

"There is no point in continuing like this. If you can take three punches from my Chi Demon Arm, I will be willing to admit defeat!"

Chao Qian let out a long roar and stopped. Then he saw his right arm rapidly expanding, becoming ferocious and huge, like the arm of an ancient monster.

"Chi Mo attacks the sky!"

Chao Qian punched hard with that magic arm. Under this punch, the void seemed to be squeezed out into countless folds, making an overwhelming sound.

Gu Shaoyang also punched, and the roar of the dragon shook the sky.

"The third level of Dragon Capturing Strength is the power of three and a half dragons!"

The two fists collided without any fancy....

Chapter 146

Gu Shaoyang's current arm strength reaches more than 43,000 kilograms. When the third level of Capturing Dragon Strength is exploded, it is 304,000 kilograms, which is close to the strength of three and a half dragons.

The power of three and a half dragons collided with Chao Qian's Chi Demon Arm, and Gu Shaoyang felt an unprecedented terrifying force rushing towards him along the arm.

Gu Shaoyang took two steps back, his eyes slightly focused.

So far, this is the first time he has met someone who can physically suppress him.

This barbarian demon sect Chao Qian is really terrifying

"Gu Shaoyang was suppressed! Sure enough, even though his physical strength was far beyond that of ordinary people, he was still powerless against Chao Qian, the descendant of the Barbarian Demon Sect."

"That's terrifying enough. Gu Shaoyang's power is at least the power of three dragons. There are a few people in the Xuandan realm who can do this!"

"It's a pity that Gu Shaoyang's invincibility seems to be broken..."

"etc..."

Everyone was sighing when they suddenly saw Gu Shaoyang's expression was calm, with a trace of deep and noble aura rising from his body, and he said in a low voice: "True dragon way, black dragon transformation!" The black dragon is the most powerful one among the ancient dragon clan, with the ability to be blessed by the physical body.!

Gu Shaoyang's body was full of energy and blood, making a surging sound like the rushing of the Yangtze River.

His arm strength suddenly increased sharply.

The power of four dragons! 02

"go back!"

Gu Shaoyang shouted coldly and punched again. This time it was Chao Qian's turn to keep retreating, leaving shallow holes one after another on the ground. He was very embarrassed.

"happy! Chao

Qian's eyes flashed strangely, and he laughed and said, "It's been a long time since I've been beaten so happily. Come again!"

"Chi Demon breaks the pillar!"

Chao Qian's ferocious demonic arm was raised, and he used his elbow to meet Gu Shaoyang's fist, as if he was bumping into him sideways.

Legend has it that in ancient times, there were four pillars on the ground supporting the sky, but in ancient times, the Chi demon's demonic flames surged into the sky and forcibly hit one of the pillars. The sky was broken, causing the sky to pour down, and the earth was divided into five parts, and the southern region was the smallest one.

Of course, this is just a legend. Chao Qian's Chi Demon Arm is not the arm of the ancient evil demon, it is just an imitation of the artistic conception of martial arts.

Chao Qian The power of this punch was more than three times greater than the previous one.

The power far exceeded the four dragons.

Gu Shaoyang raised his sword eyebrows and said coldly: "There is no need to continue... The fourth level of Dragon Capturing Strength!"

"Roar!"

With the deafening roar of the dragon, Gu Shaoyang's fist seemed to be wrapped with countless golden dragons, roaring ferociously, and the power of the fist made waves in the void. There was a feeling that it would collapse at any time. The

Imperial Dragon Fist... Oh no, it should not be counted anymore. The Imperial Dragon Fist.

When he understood the Nine Dragon Walls, Gu Shaoyang had already understood that the Imperial Dragon Fist passed down from generation to generation by the Daqian royal family was also born out of the True Dragon Dao. It should be the true form of the Emperor Yan Xingtian who had comprehended the Nine Dragon Walls. An imperial martial art created from the template of Dragon Dao.

The punch Gu Shaoyang is using now is more profound and mysterious than the Imperial Dragon Fist.

Coupled with the physical bonus of the black dragon transformation, Gu Shaoyang's physique can instantly withstand the ability to capture a dragon. The realm of the fourth level of strength.

Forty-three thousand kilograms of huge force exploded sixteen times, nearly the power of seven dragons, plus the power of the dragon increased by the black dragon transformation, it is the power of eight dragons.

Destroying the dead is not enough to describe Gu Shaoyang The power of this punch.

Chao Qian's face changed drastically, and for the first time there was a look in his eyes

"ah!"

Chao Qian roared, and Chi, who was already ferocious, expanded in a circle, and his strength increased again.

But under Gu Shaoyang's punch, he was still as defeated as the gap between straw and solid stone.

Gu Shaoyang smashed Chi's demonic arm with one punch, and then A solid mark was printed on Chao Qian's chest.

Chao Qian's majestic and majestic body suddenly protruded backward like a bulge, stagnated, and then suddenly exploded.

The whole person flew back like a rag bag, and the majestic mountains collapsed. No more.

Miserable defeat!

Chao Qian's Chi Mo arms were hanging limply on his shoulders, and he was half-kneeling on the ground, coughing up blood. He looked up at Gu Shaoyang, with a complex look in his eyes.

If Gu Shaoyang hadn't pulled back his strength at the last moment, I'm afraid, He was dead now.

Everyone was shocked.

Victory!

Gu Shaoyang actually won again.

And he actually crushed and defeated him physically, defeated him head-on, it was so terrifying.

Thinking back carefully, whether it was speed, strength, Whether it is the root bones, Yuan Li, the understanding of martial arts artistic conception, and the will of martial arts, Gu Shaoyang completely crushes everyone.

He seems to have no flaws, and has reached another level in all aspects, one that makes everyone The height that can only be looked up at.

At this moment, there is only one person left in the field.

The prince of Zhou Dynasty, the owner of King Realm bloodline, Ji Lingsheng!

The light of the Dragon Seizing Platform also selected Gu Shaoyang and Ji Lingsheng.

Everyone's All eyes were focused on the two of them. Before Gu Shaoyang rose to power, Ji Lingsheng was the one who stood at the top of his peers.

Now, the two will finally have a battle.

Ji Lingsheng's eyes were very bright, he looked at Gu Shaoyang and spoke. Said:"You fight again and again, I can wait for you to recover your strength. Gu Shaoyang said calmly:"

No, if I defeat you, my invincibility will be complete." Ji

Lingsheng nodded in approval and said:"Yes, I will defeat you and I will become invincible. It seems that I have taken a big advantage of you." Gu Shaoyang looked indifferent:"

It's hard to say who will take advantage of whom.""

Ji Lingsheng chuckled and took a step forward.

His step was like a world away, and when he landed, he was already standing on the dragon-capture stage.

Everyone was shocked:"What speed is this?! So fast, it seems not inferior to the speed Gu Shaoyang showed just now"

"Ji Lingsheng is indeed Ji Lingsheng, unfathomable. It's hard to say who will win in this battle."

"expect.."

Gu Shaoyang's pupils shrank slightly, his face became slightly solemn, and he said slowly:"The dragon transforms.".."

Ji Lingsheng's eyes flashed strangely and he said: "Is this the name you chose? I call it Xing Zi Jue.."

Ji Lingsheng stands with his hands behind his back, his figure is as majestic and majestic as a ten-thousand-year-old mountain, like a born god, his noble demeanor is hard to look at.

"I know you have understood the martial arts on the Nine Dragon Wall. In fact, I have also understood them all..."

Ji Lingsheng looked at Gu Shaoyang and said slowly: "From the day I started practicing martial arts, I began to study the Nine Dragon Wall and learn the martial arts skills on it. At the age of fifteen, I realized the "Nine-Character Art of the True Dragon". It has been seven years now. Over time, I have completely mastered and mastered this technique.."

"You have also comprehended the Nine Dragon Wall Mysterious Technique, so you naturally know how powerful it is..."

"You just realized it, you haven't even scratched the surface, but I have a complete grasp of it..."

"So what if you are a top-grade Tiandan, so what if 693 has perfect sword intent, so what if you completely crush them..."

"Gu Shaoyang!"

Ji Lingsheng exuded an extremely powerful sense of confidence that he had a chance to win, and said word by word: "The True Dragon Nine-Character Art can bless me in all aspects to the point where I am absolutely superior to you. Why do you argue with me? Why do you dare to claim to be invincible in front of me, Ji Lingsheng?!"

In an instant, Ji Lingsheng's momentum even surpassed Gu Shaoyang's invincible momentum, shrouding the entire audience under it.

"Ji Lingsheng actually understood the Nine Dragons Wall and practiced the martial arts on the Nine Dragons Wall to a great level. It's amazing!"

"Gu Shaoyang had just learned the Nine Dragon Wall Martial Arts, and his combat power had soared to such a level. How terrifying would Ji Lingsheng be at full strength?"

"Alas, who calls him the prince of the Great Zhou Dynasty? He is a descendant of a powerful king. This is a natural advantage and cannot be envied."

"It's a pity that Gu Shaoyang, who originally had the appearance of a true dragon, met Ji Lingsheng."

Everyone was amazed at Ji Lingsheng's strength, but they couldn't help but feel sorry for Gu Shaoyang. Most of them were not optimistic about Gu Shaoyang. After all, Ji Lingsheng had been famous in the Nine Kingdoms for a long time and had always been at the top.

He had the great Zhou Dynasty. Blessed by the country's national destiny, the natural son of a god cannot be compared to ordinary people. However,

Gu Shaoyang looked as usual, grabbed the Shadow Bearing Sword, and said calmly: "Is it invincible? You can only know it after fighting? For the same technique, it also depends on whose hands it is used? and.."

Gu Shaoyang showed a strange look on his face and said, "I don't think your Nine-Character True Dragon Art can compare to my True Dragon Dao."

Ji Lingsheng smiled faintly, nodded and said, "Then let's fight." _

Chapter 147

Infinite purple energy surged from Ji Lingsheng's body, and a five-clawed purple gold dragon quietly emerged behind him.

This is his hidden dragon body. After grabbing enough dragon energy on the dragon-capturing platform, he suddenly grew a fifth claw.

With the purple gold dragon on his back, Ji Lingsheng is like a real emperor, indescribably noble and supreme.

Although the dragon energy in Gu Shaoyang is stronger than that of Ji Lingsheng, compared with him, Gu Shaoyang is more like a swordsman, with a majestic head and horns, aloof and aloof.

"Dou Zi Jue!"

Ji Lingsheng shouted softly, and his aura surged several times. He slowly pushed out a palm towards Gu Shaoyang. The purple golden dragon behind him also stretched out its front paws, and the dragon's power covered all directions.

"Dou Zi Jue has doubled my Yuanli, so what if I am better than you now?"

Ji Lingsheng laughed loudly, with stern eyes and high spirits.

"The mirage transforms into a dragon, and the real dragon explores its claws!"

Gu Shaoyang also met with a palm, and the two palms struck each other fiercely. The momentum was terrifying, far more than the previous battle between Zhou Canglan and Gu Shaoyang. The onlookers kept retreating, with shock and excitement on their faces.

Southern Territory The two top geniuses collided, who is the real dragon?!

The palm power of the two was in a stalemate. Ji Lingsheng snorted, and his Yuan Power increased again.

Gu Shaoyang's eyes moved slightly, and he quickly activated the sword pill in his body to go crazy. Rotate.

The sword core rotates once.

The sword core rotates twice.....

Directly turn the sword pill to the ninth level.

Gu Shaoyang's momentum surged like a volcano, reaching an unprecedented height.

The dragon claw on the right palm is as solid as substance, and one can almost clearly count the scales on it.

Ji Lingsheng was defeated. Zijin Dragon roared and retreated continuously.

"The ultimate heavenly elixir is truly extraordinary!"

There was no trace of frustration on Ji Lingsheng's face, but his eyes became brighter, "Come again!"

"Xing Zijue, all Zijue!"

Ji Lingsheng's figure became erratic, and at the same time, his physical strength instantly increased to a level comparable to Chao Qian's. Powerful offensives hit Gu Shaoyang from all directions.

Gu Shaoyang shouted, "Transform into a dragon!"

The two people suddenly changed into countless phantoms clashing and fighting like the previous fight between Gu Shaoyang and Chao Qian.

"Linzijue!"

"Zhezijue!"

"Formation formula!"...

Following Ji Lingsheng's loud shouts, everyone was shocked to find that the situation on the scene was evenly matched at the beginning, and gradually became Ji Lingsheng's disadvantage.

The balance of victory seems to be tilting towards Gu Shaoyang little by little.

Zhou Canglan, who was watching the battle, stared at the two figures and sighed: "These two are both unparalleled monsters. With such frequent and intensive confrontations, if I were on the field, I might not be able to last even ten breaths."

The physical body Chao Qian, who was strong and his face was no longer so pale, said lightly: "This is no longer a simple fight, the two of them are competing against each other's background..."

Zhou Canglan nodded and said strangely: "Logically speaking, according to Yun, Ji Lingsheng should have the upper hand regardless of his years of cultivation or family resources..."

Chao Qian took a deep breath and said slowly: "The scary thing about Gu Shaoyang!"

Others have also noticed that Ji Lingsheng and Gu Shaoyang are competing in all aspects from Yuanli, strength, speed, martial arts...

Both of them are far superior to their peers in every aspect, and both want to do it. That person.

But no matter which aspect, Gu Shaoyang has to stabilize Ji Lingsheng.

It's not that Ji Lingsheng is not strong enough, but... Gu Shaoyang is too terrifying

"It's unbelievable. Gu Shaoyang seems to have no weaknesses at all. He is the strongest in every aspect, and Ji Lingsheng cannot compare to him."

"I'm afraid even the young King Realm experts can't keep up with him."

"So evil.."

Ji Lingsheng's confidence and calmness were gradually worn away bit by bit as time went by, and his face became heavier and heavier.

If this continues, he will have no chance at all.

No matter how hard he pushed his potential and unleashed more powerful power, Gu Shaoyang could still add another level of strength and suppress him with ease.

Gu Shaoyang was like an unfathomable black hole, and it was impossible to figure out where the bottom line of his strength was.

A trace of determination flashed on Ji Lingsheng's face, and he suddenly retreated. Gu Shaoyang seemed to sense his thoughts and stood silently, not pursuing him.

Ji Lingsheng took a deep breath, his eyes were like rock, and he looked at Gu Shaoyang steadily, and said coldly: "Take my move, nine battles in one! The real dragon is here!"

Ji Lingsheng punched with great power, The purple golden dragon behind him seemed to come to life.

The dragon's eyes opened wide, bursting out with endless purple energy and golden light. He roared and rushed towards Gu Shaoyang with a roar.

The momentum was overwhelming and seemed to swallow up the entire Dragon Seizing Platform.

Gu Shaoyang's face was expressionless. He didn't have the slightest panic or fear of the purple golden dragon in front of him. Instead, he raised his sword casually and slashed out with a diagonal sword.

"I use this sword to tell you that your... is a fake dragon!"

"Ten percent of the Great Perfection's Chu Yang Sword Intention, ten percent of the Great Perfection's Shadow Sword Intent, the sun and the moon shine together!"

The next moment, a red sun and a bright moon appeared in front and behind Gu Shaoyang at the same time.

The two visions complemented each other, and the moonlight intertwined with the morning sun, entangled with an inexplicable force that made everyone's heart palpitate.

Everyone's eyes widened and they kept exclaiming. exit

"Let me go, two kinds of Dzogchen Sword Intent?! Am I dreaming.."

"It's unimaginable that someone's understanding can be so strong!"

"Real dragon! Only a true dragon-level genius can do this!"

Gu Shaoyang's sword carrying the sun and moon slowly but firmly struck Ji Lingsheng's purple dragon. The latter fell like snow into fertile water under the sword's force, collapsed and disappeared in just a few breaths. The sword's light remained unabated, Ji Lingsheng's pale face showed deep horror. Before he could dodge, he was completely slashed and flew away.

The moment Ji Lingsheng's body left the Dragon Seizing Platform, the whole world seemed to have stopped.

Everyone in the audience looked in a trance. , it seemed that everything that happened in front of them felt so dreamy and unreal.

Gu Shaoyang won?

He walked out of a small third-rate sect in the Yuan Kingdom at the end of the Nine Kingdoms. Lifting the Dragon Cauldron, and then powerfully crushing one evil genius after another, even the Crown Prince Ji Lingsheng was defeated by him?

He actually won?!

There was a sound of inhaling in the audience, and there were countless People need to take deep breaths to calm their restless hearts.

After a brief period of confusion, great excitement surged up.

They witnessed the rise of Gu Shaoyang with their own eyes, and witnessed him ascending to the sky and walking on the clouds.

No one can stop Gu Shaoyang, just like no one can stop him. What can stop the sun from rising?

The dragon seizing platform was shining brightly, and the endless dragon energy of the earth surged out, rushing towards Gu Shaoyang's body crazily.

Gu Shaoyang was wrapped in a purple golden light, which was so bright that it was impossible to look at it.

Everyone looked excited. , eyes fixed on the figure on the stage.

A monster more terrifying than the Emperor Yan Xingtian who appeared a hundred years ago was standing in front of them. He defeated the eight geniuses on the Qianlong List in one breath, Gu Shaoyang was The well-deserved leader of Qianlong.

Those geniuses who were defeated by Gu Shaoyang had complicated expressions, and their eyes flashed when they looked at Gu Shaoyang.

It was their misfortune and their luck to be born in the same era as Gu Shaoyang.

Especially Ji Lingsheng, Moving forward a hundred years (Wang Nuohao), he could compete with Yan Xingtian for glory, but now, he can only be a star under the light of Gu Shaoyang's bright moon.

Outside the dragon gate, countless onlookers were also shocked Dumbfounded.

From the moment Gu Shaoyang stepped into Longmen, his performance was noticed by everyone. He shocked everyone again and again. In the end, even Ji Lingsheng was defeated by him. Everyone was almost numb from shock..

The Qingyun Sect and the others were ecstatic, and a few of them could not even restrain their inner excitement and even their bodies were trembling slightly. After winning, Gu Shaoyang not only made it onto the Qianlong Ranking, he was also the leader of the Qianlong, the most deserving Qianlong in history. The leader.

Before the Hidden Dragon Ranking was opened, they didn't even dare to think about this result...

Just when everyone was watching and countless eyes were focused on Gu Shaoyang, there was a roaring sound from the ground.

Everyone suddenly woke up and subconsciously looked Go up to the Imperial Palace of the Great Zhou Dynasty.

I saw countless golden light and purple energy pouring into the body of the golden dragon that symbolized the national destiny of the Great Zhou Dynasty. The golden dragon let out a loud roar, and its body size grew by half, and its power seemed to be even greater.

A thought flashed in everyone's mind. : The battle for the Qianlong List has come to an end, and the national destiny of the Nine Kingdoms is about to change....

Chapter 148

Dayuan Kingdom, Precious Beast Garden.

By the lake, an old and huge chilong was snoring and taking a nap, while an elfin and lovely girl in royal costume was sitting next to the chilong, chattering.

"He must be competing with others on the Hidden Dragon Ranking now. With his talent, he will definitely become famous in the Nine Kingdoms this time..."

"He didn't get married to the woman last time at all. Grandpa Chi, do you think I was too unreasonable to do what I did last time? Will he dislike me?"

"Why didn't he come to me? Yes, he wants to compete for the Qianlong List, so how can he have time to pay attention to me?.."

Zhao Jin'er sighed heavily, her exquisite beauty knitted together, sighed, and said to Chi Long, who was sleeping soundly: "It would be great if the Qianlong List was held in my Dayuan, do you think it's Grandpa Chi?"

Just after he finished speaking, Zhao Jin'er was suddenly stunned.

She saw bursts of golden light emerging from the sleeping Chilong. Chilong suddenly opened his eyes, and the deep dragon eyes were full of purple energy.

"Roar!"

Chilong roared, and suddenly seemed to have infinite energy. His huge body rose from the lake, leaped into the sky, and showed off his power. He was so proud.

Zhao Jin'er let out a sigh and found that there seemed to be an extra energy in his body. Powerful power, this power traveled crazily along her limbs and bones.

The light flashed, and Zhao Jin'er's cultivation level broke through two levels in just a few breaths, directly 693 breaking through from the early stage of Juyuan to the late stage of Juyuan. There was only one step away from Ningzhen!

Zhao Jin'er looked up and saw the chi dragon in the sky roaring in the direction of the palace.

I don't know when a purple-gold void dragon appeared, intersecting with the chi dragon. In response, Long Wei spread throughout the Great Yuan Palace.

Zhao Jin'er murmured blankly: "What... happened?"

Dayuan Palace.

The priest of Supervising Tiansi looked at the purple-gold dragon hovering in the sky, and said excitedly: "Your Majesty, the national destiny... The national destiny of our Great Yuan Kingdom is skyrocketing!"

The King of Dayuan also looked delighted, and laughed and said: "Haha, it seems that my genius of Dayuan has achieved a good result in this session of the Hidden Dragon Ranking. I am very pleased. Priest Jian Tiansi looked shocked and sighed: "The national destiny has suddenly increased tenfold. It seems that at least one of our Dayuan Tianjiao will be in the top three of the Hidden Dragon List this time!"

"Top three? The King of the Great Yuan Kingdom stroked his beard and thought for a while, then nodded with a smile and said,"

Gu Shaoyang, the most talented person in the Great Yuan Kingdom, is extremely qualified. It is reasonable to be ranked third on the Hidden Dragon Ranking.""

Just as he was talking, the Purple Qi Golden Dragon on the palace roared again, and its body surged ten times again.

The eyes of the Priest Supervisor Tiansi almost popped out of his head, and he cried out:"The Earth Qi Dragon Veins and Dragon Head have been displaced? Your Majesty, this is.."

"..The leader of Qianlong (acaf) fell to our country, the Yuan Dynasty! A real dragon is born in my country, the Yuan Dynasty!"

"Qian..Qianlong leader.."

The King of Dayuan was stunned and inadvertently pulled off a few strands of his beard without realizing it.

Looking at the purple golden dragon whistling and circling on the dome of the imperial city, he looked dazed and murmured:"This Gu Shaoyang... really deserves to be a big gift to me..."

"Someone come!"

"I am here"

"According to my decree, I want to be canonized.."

In the third prince's palace, Zhao Yuanzheng met with several talented warriors on the list of heroes.

If Gu Shaoyang were here, he would definitely see that there were many of his old acquaintances here.

Little Beast King Qi Ye, Dawn Sword Palace and others are all here

"In the battle for the Qianlong List, I wonder if our country, the Yuan Dynasty, will have less luck this time?"

Zhao Yuan sighed.

Gong Mingxiao said with relief: "Your Highness, you can relax. There are people like Brother Gu here. Among the top twenty on the Qianlong List, we, the Yuan Kingdom, will definitely be able to occupy a seat. I heard that Qingyun Zongweizhuang He has also entered the Xuan Dan, and the one he has condensed is still a fifth-grade Xuan Dan. There will definitely be no problem in entering the list..."

Qi Ye interjected: "Although I don't like Gu Shaoyang very much, I have to admit that there are few people in the entire Yuan Kingdom who can compare with him. If he can't even be included in the list, then the geniuses from the other eight countries will be too perverted. Got it.."

Zhao Yuan smiled and sighed: "I hope so. It has been a long time since I, Dayuan, had anyone on the Hidden Dragon List. The national destiny has been declining year by year. If this continues, I really don't know if I will still be on the Hidden Dragon List in a hundred years." The figure of Yuan Tianjiao.."

The others looked ashamed and wanted to comfort them, but suddenly Zhao Yuan's expression changed and he stood up suddenly.

I saw a surge of power rushing out of him, breaking through from the late stage of Ju Yuan to the early stage of Condensation in an instant.

Everyone was stunned, talking and laughing? This is too illusory. Could it be that His Highness the Third Prince is also a hidden genius?!

"this.."

"Ha ha.."

Zhao Yuan seemed to have remembered something and looked ecstatic.

"If the country's luck improves significantly, and the children of the royal family are favored, they can break through in an instant...could it be that the battle for the Hidden Dragon List is over?!"

Just as he was talking, the aura on Zhao Yuan's body moved again, and he broke through from the early stage of condensation to the middle stage of condensation.

Zhao Yuan's expression was even more surprised, and he could not suppress his excitement. He immediately confessed to everyone: "Everyone, I need to enter the palace immediately. a trip.."

After saying that, he left in a hurry without looking back....

Qingyun Sect.

An old man who was huddled in the corner of the fourth floor of the Sutra Pavilion, a gloomy and dying old man, suddenly straightened his rickety body, and the sparkle in his cloudy eyes skyrocketed.

"This is.."

He felt that the death energy in his body was quickly fading away, and a vigorous vitality surged out of his body that was about to decay.

Just like a dead tree blooming in spring, an old tree sprouts new sprouts

"The fortune of the clan has soared! Longevity and longevity! Hahaha.."

The old man's surprise turned into ecstasy, and he burst into laughter. He burst into tears when he heard the sound coming from outside the Sutra Pavilion.

"Yeah, why did my cultivation suddenly reach a breakthrough? It obviously still needs at least half a month of accumulation?!"

"Me too, I have reached the sixth level of Qi training, so I don't need to be kicked out of the Qingyun Sect, haha!"

"Hey, I had never been able to practice this style of Flowing Clouds and Fluttering Sleeves well before, but I just did it all at once, and I feel like my mind has become clearer."

The old man stood up slowly, with his hands behind his back. He exuded a terrifying aura that was as deep as the sea, far more than the Xuan Dan.

He smiled and said to himself: "It looks like that kid won the first place in the Hidden Dragon Ranking. Otherwise, the fortune of the Qingyun Sect would not have increased so much all at once... I have supported him all the way, even the "Galaxy Sword Code" was passed down to him, haha.."...

Similar scenes continue to occur in the Yuan Kingdom.

Among ordinary people, many young people who originally had no qualifications for martial arts woke up and found to their surprise that their bones actually met the standards.

A person with low-level bones has unknowingly turned into a person with medium-level bones.

Even in Qingyun Sect's annual outer sect competition, several geniuses emerged who understood the artistic conception of martial arts while in the Qi training realm.

He also recruited an innate sword bone.

Some qi-training disciples accidentally fell into a deep valley during their training and obtained the mantle of a master of Xuandan, and their cultivation strength greatly increased.

There are Juyuan disciples who have been recognized as masters by seventh-level monsters, and their martial arts paths are smooth; there are also Ningzhen disciples who have found a Yuanshi mine vein and reported it to the sect elders. After exploration, it contains a large amount of high-grade Yuanshi, and there is even a top-grade Yuanshi in the heart of the vein. Stone appears.

Everyone in the Qingyun Sect was filled with ecstasy, and then deep doubts.

During this period, almost all the disciples have made great breakthroughs in their cultivation, and there have been various adventures and blessings, and the overall strength of the sect has almost reached a higher level.

Could it be that God bless Qingyun Sect?

Until the results of the Qianlong List battle came back.

Only then did everyone know that their senior brother, Gu Shaoyang, the number one genius of the Qingyun Sect, had condensed the top-grade Tiandan and defeated all the geniuses of the Southern Territory. At the age of nineteen, he had won the first place in Qianlong.

Known as the first genius in the history of the Southern Region, an unprecedented true dragon-level genius.

The canonization of the Great Yuan King also came to the Qingyun Sect, and the arrogant Gu Shaoyang was granted the title of Pingtianhou.

Level with the scales!

Chapter 149

The Qianlong List comes to an end, and Gu Shaoyang's name spreads throughout the nine countries.

I believe that it won't be long before the entire Southern Territory will know the name of Qingyun Tianjiao Gu Shaoyang.

The Great Yuan Kingdom was originally ranked at the bottom of the Nine Kingdoms. After the dispute over the destiny of the Qianlong List, the dragon's head was shifted, and the national destiny soared to fifth place.

I believe that after a century or more of accumulation, it is not impossible to squeeze into the top three.

To prop up a country's destiny and turn the tide with one person's power, such a feat has only been accomplished by one person for thousands of years.

Emperor Yan, Yan Xingtian.

Now, Gu Shaoyang is the second one, and he is in a more difficult environment than Yan Xingtian, and his actions are more thorough.

Countless people marveled and praised this name. At this time, Gu Shaoyang was standing alone in a wilderness somewhere in the Great Zhou Kingdom, calmly wiping the Shadow Bearing Sword in his hand.

Gu Shaoyang did not return to the sect with Wei Huan and others. He still had some things to deal with. He was waiting for someone.

"coming."

Gu Shaoyang stopped what he was doing and looked calmly ahead.

A black shadow was flying over quickly.

Gu Shaoyang faced the black shadow and slashed out a sword.

The brilliant sword light shot out, with a thick The energy of destruction and divine punishment is like thunder falling from the sky

"who?!"

The black figure let out a roar of shock and anger, dodged crazily under the sword light, and swayed large areas of dirty blood, trying to resist the edge of the sword.

Gu Shaoyang did not give him a chance to breathe, and another blow came. The sword slashed out.

This sword was like a raging dragon in the blood sea. The sword light was scarlet without any impurities, as clear as blood-colored glass, and its beauty contained endless murderous intent. The black figure finally couldn't dodge, and shouted: "Gu Shaoyang, you mean.."

"tear apart.."

The black shadow was directly stirred into blood foam all over the sky by the blood light, and it seemed that it could not die anymore.

The aura on Gu Shaoyang's body did not dissipate, but he waited quietly for a while. After a while, another figure emerged from the blood foam.

As soon as this figure appeared, he flew towards the distance with all his strength.

Gu Shaoyang flicked his sleeve, and the bloody light flashed in the void.

The blue dragon in your sleeve!

The figure let out a shrill scream and fell down again.

After doing all this, Gu Shaoyang strolled up and picked out an exquisite spirit storage ring from the flesh and blood residue.

A top-grade spiritual storage ring?

Gu Shaoyang's eyes were filled with joy.

As worthy of being the eldest son of the Evil Blood Sect, Leng Mojue's net worth is much richer than that of ordinary sect elders.

Gu Shaoyang put away the spirit storage ring, then carefully smashed up the blood foam and other things on the ground with the light of his sword, and even the residue was ground into powder with his Yuan Power.

The Evil Blood Sect has a secret method to avoid certain death. Counting Gu Shaoyang back and forth, he killed Leng Mojue three times.

As he expected, no matter how powerful the secret method is, it is impossible for a person to be reborn continuously in a short period of time, and he will always be killed.

Since Leng Mojue showed his murderous intent towards him on the stage of seizing the dragon, Gu Shaoyang didn't have to show mercy.

He has always believed in the principle of cutting the grass to remove the roots.

Next, it's time to go to work...

Gu Shaoyang thought of a certain beautiful figure in a bright red wedding dress with a flowery smile, and felt a bit of tenderness.

He had already done what he promised Yan Qingyuan, and he was going to pick Yan Qingyuan back.

Gu Shaoyang was about to activate his movements when his expression suddenly changed and he took out a small token that was constantly flashing from the spirit storage ring.

On one side of the token is engraved a majestic palace, with the number"!

"Just after the Hidden Dragon Ranking ended, Tiangong summoned all the members above the wandering gods to assemble. Could it be that they wanted to take action against the geniuses of the Nine Kingdoms? Or do you want to make some big move?"

Young Master Gu's eyes flashed, he thought for a moment, then slowly took out a majestic and ferocious mask and put it on his face.

"Dinghai Quan Xie Wuliang once said, I rank very high on the Tiangong general list, and this time I have won the position of leader of Qianlong. If Tiangong really makes big moves, they will definitely not let me go... In this case, I will still Why not go deep into the tiger's den and wait for an opportunity to destroy their conspiracy?.."...

Three days later, Gu Shaoyang followed the guidance on the Wandering God Token and arrived at a valley on the border of Dazhou.

The valley was peaceful, as if no one existed at all.

Gu Shaoyang frowned slightly and suddenly realized something was wrong. The valley was too quiet. There was no sound of people, not even the chirping of insects and birds.

Gu Shaoyang flew in slowly and suddenly stopped.

I saw dozens of figures standing quietly in the valley, each figure with a strong aura, standing above the Xuan Dan.

Even the first three figures were so advanced that even Gu Shaoyang couldn't see through them, and the masks on their faces were gorgeous and majestic.

Divine Sea Realm!

Star Lord level powerhouse!

Gu Shaoyang was shocked in his heart, and he vaguely regretted barging in so recklessly.

By the way, doesn't the token say that all people above the Youshen level are called to come? Why are all the people here are Tianguan Xingjun, and he is the only one with the Youshen level?

"Now that you're here, come down quickly. Don't you have so many people waiting for you?"

A star king snorted coldly at Gu Shaoyang.

Everyone's eyes were focused on Gu Shaoyang.

Being stared at by dozens of ferocious, majestic, funny or handsome indifferent masks, even Gu Shaoyang felt his heart tightening.

0 ·Request flowers 0····

But he quickly calmed down, took a deep breath, quickly swept into the deep valley, and stood at the end of the crowd.

A heavenly official next to him gave him a rather surprised look, as if he was aware of his cultivation and was puzzled by the wandering god mask on his face.

"Now that everyone is here, I will convey the Lord General's order."

A faint voice came from the mouth of the first star. Gu Shaoyang pricked up his ears and listened attentively.

"This time I called everyone here mainly for one person..."

The heavenly officials were silent, like sculptures

"..This person is the leader of the new Hidden Dragon Ranking, my first genius in the Southern Territory, Gu Shaoyang!"

Gu Shaoyang's heart trembled.

He was right. It was really for him.

A sneer appeared under the mask. If he hadn't sneaked in to inquire about the situation, he might have fallen into Tiangong's trap.....

Three Shenhaixing Lords, plus dozens of Xuandan realm heavenly officials, this formation... caught him off guard, making it difficult for him to fly even if he had wings.

This Heavenly Palace really thinks highly of him.

Gu Shaoyang calmed down and planned to listen to Tiangong's next plan.

The star king, whose mask had bright patterns and looked like a bird's head, said calmly: "...And this Gu Shaoyang, just as the Lord God General said, has admired my Tiangong for a long time, and today he took the initiative to find me, which really makes us very happy..."

What?!

Gu Shaoyang was shocked. His identity was exposed? impossible!

Not many people knew that he killed Xie Wuliang and pretended to be someone else. Tang Long betrayed him?

However, there has been no movement in Tiangong during this period. How was he discovered when he appeared for the first time wearing Xie Wuliang's Wandering God Mask?!

Gu Shaoyang was in a state of confusion, but his face was calm.

Xingjun's words caused a commotion among the heavenly officials on the field, and Gu Shaoyang took the opportunity to look up.

He was facing a pair of eyes that were looking at him with a half-smile.

Oops?!

Gu Shaoyang quickly buried his head

"Ha ha.."

Suddenly an old laugh sounded, and Xingjun, who was wearing a goat-like mask next to the bird-head mask, laughed loudly and said: "Subaru, why are you talking so much nonsense? This kid is standing below, thinking that he Pretend to be unaware... Take him down quickly and quickly complete the command of the general."

After saying that, the man appeared above Gu Shaoyang's head and slapped him hard with a palm.

Gu Shaoyang's pupils shrank, his body suddenly straightened, and the overwhelming pressure of the divine sea blocked the entire space around him.

He was discovered and there was no escape? five!

Chapter 150

This is the first time Gu Shaoyang has faced the power of the Divine Sea Realm.

The majestic and solid momentum rolled down like a mountain, as if it was going to crush Gu Shaoyang's body.

Invincible!

This word came to Gu Shaoyang's mind, he took a deep breath, and suddenly moved: shrink to an inch. boom!

There was a huge sound, billowing smoke and dust rose up, and all the Heavenly Officials in this area quickly dispersed in all directions.

Where Gu Shaoyang was, a huge pit appeared with a diameter of several feet and a depth of ten feet. Everyone around him took a breath and looked horrified.

The power of the Divine Sea Star King is so terrifying!

Gu Shaoyang's face was extremely ugly under the You Shen mask. If he hadn't shrunk to the ground, he would have been seriously injured even if he was killed by this blow.

"amazing!"

The goat-masked man stared at Gu Shaoyang, sneered, and said:"As expected of the number one genius in the Southern Territory, a true dragon-level genius, he was able to escape my palm."

At this time,"693" Hou Gu Shaoyang no longer had any idea of luck. If this person could attack him so decisively, his identity must have been exposed.

Fortunately for him, he was so bold and smart that he came in to attend the Tiangong gathering. Unexpectedly, He surrendered himself to a trap. Let's go!

Gu Shaoyang made up his mind in an instant, and once again pushed the ground to an inch and moved several hundred meters away in an instant.

But a Xingjun wearing an elk mask was already waiting for him there.

"Little friend, walk slowly."

Gu Shaoyang looked ugly, and his figure flashed one after another, but he was shocked to find that his shrinkage seemed to be suppressed by an inexplicable force, and the teleportation distance was greatly reduced, no more than ten meters at a time.

Damn it!

Gu Shaoyang's His heart sank suddenly.

A pair of gentle eyes behind the elk mask looked at him with a smile, and said:"This space has been sealed by the power of my divine sea. Although your movement skills are mysterious, you can't escape. Between this square inch"

"Since there is no way to escape.."

Gu Shaoyang spoke slowly,"Then I won't run away."

The elk masked man's eyes froze, and before he could react, he saw a sword light that was so brilliant that words can't describe blooming in the void, and the murderous intention was revealed, and even he couldn't help but A feeling of palpitations

"Ten turns of the spinning pill! The sun and the moon shine together!"

The flawless sword pill in the dantian rotated crazily. Gu Shaoyang directly reversed the spinning pill ten times and used his most powerful move.

He had already seen that among the three Tiangong Xingjun, the elk masked man should be the weakest..

If escape is impossible, then this person is the most suitable breakthrough point!

The sun rises, the bright moon shines, this sword stirs up the wind and clouds, many heavenly officials on the field retreat crazily, and the eyes of the elk masked man are also frightened.

"Clear sword light!"

The elk masked man intertwined his hands and fingers, and fired out a series of clear sword lights. The ten sword lights continued with Gu Shaoyang's sword, and the masked man kept retreating.

Gu Shaoyang felt that the power of the space seal around him was weakened a lot, and his body flickered, and then Activate the "Yunlong Transformation" and disappear without a trace in an instant

"call.."

The man in the elk mask kept retreating a hundred meters. Finally he offset Gu Shaoyang's sword, his eyes filled with shock.

All the heavenly officials present were dumbfounded.

"Am I dazzled? A little wandering god...repelled Master Yuelu Xingjun?!"

"He is just in the early stage of Xuan Dan. It is terrible to be able to defeat Lord Shenhai Xing!"

"He is worthy of being the number one genius in the Southern Territory, with such a great reputation that he has no false reputation!"

"Why don't Lord Goat and Lord Pleiades send us to chase them?!"

"Idiot, even Shen Haixingjun can repel such a monster. Not to mention whether we can catch up, if we catch up, do you want to go up and die?"

"..."

The heavenly officials were talking a lot.

With the shock that has not dissipated, Yuelu Xingjun slowly flew back to Pleiades and Yangsu, and exclaimed: "It is unimaginable that the early stage of the Revolving Pill can force me to be like this..."

Subaru Star Lord said calmly: "A true dragon-level genius is joking. Since the Lord God General said that he is qualified to be the seventh Star Lord in the Southern Territory, he must have a reason..."

Yuelu nodded and sighed: "The Xingjun in the early stage of Xuandan is really unheard of... Alas, it's a pity that he didn't let us finish our words at all. He was frightened away by Yangsu's palm..."

Yangsu snorted coldly, "Such a genius is arrogant and arrogant. He will be on an equal footing with us when he first enters the Heavenly Palace. Of course I will kill his spirit. Who knows you can't stop him?..."

"you!..."

"alright! Subaru frowned and said in a serious tone: "What's the use of talking about this now? Think about how to go back and explain to the Lord God.""

Yangsu and Yuelu's expressions were suffocated, and Yuelu whispered: "Do you want me to catch up and have a good talk with him?..."

"This is not necessary.

Subaru shook his head and said, "The Divine General wanted to meet him in person, so we don't need to bother." It's just that this time things went wrong, and punishment is inevitable..."

Yangsu Yuelu had complicated eyes and nodded slightly...

Gu Shaoyang tried his best to fly forward, shrunk to an inch and combined with the walking dragon transformation method, the speed reached an incredible level...

He flew nearly a thousand miles away before slowing down. Stop slowly.

They probably didn't catch up anymore...

Gu Shaoyang breathed a long sigh of relief, and the solemn and nervous look on his face gradually dissipated.

With the three Divine Sea realms, he originally planned to rush out even after the Xuan Dan reversed for the eleventh time.

But unexpectedly, when fighting the elk masked man, the other two did not take action, and he escaped smoothly.

You should still want to win over yourself, otherwise the method will not be so gentle...

Tiangong...

Gu Shaoyang muttered these two words, so far he has not figured out what this organization does. Their power is spread all over the nine countries, and their ambitions are What is it again?

From what Care Shaoyang knows so far, Tiangong is only recruiting geniuses and powerful warriors. The methods of forcing them to join may be a bit drastic, but the internal system after joining does not seem to be as strict as he imagined.

At least, after Gu Shaoyang got Xie Wuliang's Wandering God Token, he didn't get an order from the Tiangong for a long time.

Without wearing a mask, the wandering gods and heavenly officials are just normal warriors.

Oh yes!

Thinking of the Wandering God Token, Gu Shaoyang quickly took out the Wandering God Token from the Spirit Storage Ring and threw it away.

It is uncertain whether there will be any tracking means attached to this token of a member of the Heavenly Palace.

No matter how powerful Tiangong is, they can only operate quietly in secret. As long as they are under the spotlight of everyone, they will not dare to act rashly.

Gu Shaoyang figured this out, turned around, and flew quickly towards the direction of Daqian Country 0.5...

Half a month later, they arrived in the imperial capital.

Many Jianghu people gathered in the imperial city to discuss the major events that had happened in the past half month.

"A year ago, Princess Qingyuan forced weavers from all over the country to sew a wedding dress for her. I asked who she was waiting for to marry, but it turned out that the person she was waiting for was Gu Shaoyang, the leader of Qianlong."

"No wonder Princess Qingyuan didn't even attend the Qianlong Ranking. The two of them must have made an agreement long ago."

"Haha, Gu Shaoyang, the Pingtian Marquis of the Yuan Kingdom, has become my Daqian Commandery Horse, so will the national fortune of the Yuan Kingdom also be divided into half of the profits for us? I, Daqian, will be blessed!"

"Princess Qingyuan is so murderous that she is known as the Killing Star. Only a true dragon like Gu Shaoyang can subdue her."

"Gu Shaoyang had announced half a month ago that he would come to our Daqian Emperor Capital to marry Princess Qingyuan. Many geniuses came here to get a glimpse of his style. Calculating the time, it should be almost here now."

"Here it comes... Gu Shaoyang is here!"
