Chapter 1411

"Otherwise, we will always be old deans with worries."

After hearing what the two people said, of course I understood what was going on, so I patted my shoulders and said

"Don't worry, leave this matter to me and I will take your matter to a very safe place where no one but me can know about it."

Then he was taken away by the old dean that afternoon. They didn't know where he was taken. They only knew that it was a very safe place. They trusted the old dean very much, otherwise he wouldn't have been able to rescue them single-handedly in the first place. , now they finally have no worries.

Only the two of them are left, and suddenly they think of one person, that is Wu Yi. Wu Yi has not been seen for several days. Where did he go?

Didn't we make an appointment before ? Want to meet here? But several days have passed, why hasn't he appeared yet? After thinking of this, they felt a little worried in their hearts. Will Gu Shaoyang say that he will be caught by them?

If not If something happens, with his character of being so willing to be punctual, there is no way he will not show up. How about we go take a look.

After talking, the two of them sneaked to the place where the demons were. They looked at Arrived. There was a young man tied up in front of Liu Chengmin, and this young man was none other than Wu Yi.

After seeing this, they were very angry because they saw that Wu Yi had no good place on his body and had been beaten by the other party. After seeing this scene, Tianci was very impulsive and wanted to save the other party, but at this time it was simply not something he could do.

Because there were too many people on the other side now, and the Demon King was also here , so they can tell Tianci without any chance of winning, don't be so impulsive first, wait until there are

few of them, we will go down and rescue him, that's all we can do, after a while, their people here They left one after another.

Only two soldiers were left, and Wu Yi and the others came down immediately and beat the two soldiers to death quickly. Then I looked at the one person and one division in front of me, and Wu Yi couldn't help but feel sad. He got up, quickly untied the rope, and left the place with him on his back. Not long after they left, they were discovered by the Demon Lord's people.

However, even if they sent people to chase them, it was too late, because Wu Yi and the others had already She has been rescued. At this moment, Wu Yi was taken to an inn. They slowly took off each other's clothes and saw that there were dense whip marks and soldering irons on their bodies. In short, any kind of punishment was basically Having had enough, Wu Yi finally opened his eyes at this time. He looked at the person in front of him in disbelief and said

"Sorry, I have no loss. I kept you waiting for so long. I didn't expect that this guy is still thinking about this matter. Then when he said that you must not be like this, we are not willing at all."

"If we had known that you were captured by them, we would have shown up and rescued you long ago. I didn't expect that we found out so late. I'm so sorry for causing you to suffer so much."

But after the other party heard what they said, they couldn't help but laugh and said

"It doesn't matter, I'm used to it. Don't blame yourself like this, okay? Otherwise, I'll feel very uncomfortable."

"By the way, we want to ask you why you were taken away by the other party. If I remember correctly, didn't you say you wanted to go home when we left last time? Why were you kidnapped on the way?"

When Gu Shaoyang asked the other party about this matter, he found infinite hatred bursting out of Wu Yi's eyes. He calmed down for a long time and said

"I originally returned home safely, but when I returned home, I found that all my family members had been killed, and even the two-year-old child was not spared. When I returned home, I saw all this My mind is already confused, but. I found my father in the crowd.

At this moment, he was lying there covered in blood. He used his last bit of strength to tell me that it was the demons who did it. I impulsively came to the demons. Unexpectedly, the horse stumbled and was caught by them. They actually used The Menghan medicine fascinated me, and when I woke up, they had already arrested me, so I saw the scene you saw."

"Let me just say, with your ability, how could you be easily captured by them? It turns out that this is what happened."

Thinking that all his family members had been killed, they felt very sad, and then said

"Don't be sad anymore. Turn this grief into motivation. Don't worry, we will help you. We all have a lot of hatred for the Demon Lord. I believe that I will definitely break them up with our efforts. Don't be impulsive. Don't act alone, let's do it together."

Seeing Gu Shaoyang and Tianci in front of him, Wu Yi felt much more at ease and said.

"Don't worry, I won't be so impulsive anymore."

Chapter 1412

"Otherwise, I really feel sorry for their dead people. I have to save my own luck to be able to deal with the other party, so that I can avenge my family, don't you think?"

After hearing this, everyone sighed and said in one breath

"is not that right? Even I sent my father away because I was afraid that he would not be safe around me, so I asked others to send him away to a safe place so that we can show our talents. , catching them off guard."

Isn't it? We really haven't had a good fight for so long. This time we can apply again and again to catch them all.

At this time, Gu Shaoyang said something, he said

"Didn't I throw cold water on you? The people of the Demon Tribe are so powerful in martial arts and can do so many illusions. Can we defeat them just by relying on ourselves? I think I must think of a way to get a better way to kill the other party, otherwise our efforts will be in vain."

After thinking about this, they felt that what Gu Shaoyang said was very right, because Gu Shaoyang was like the calmest person among them. He was very comprehensive about every problem. He knew that there must be a way.

After thinking about this, he said

"How about this, give me two days, and we will make a decision after two days."

The other two people quickly agreed. At least Wu Yi's injury will take several days to recover before he can show his talents. In the next two days, Gu Shaoyang did not show up. He stayed in his study, because everyone knew that he didn't like being noised by others when he needed to think, so no one went to find her. As for

Gu Shaoyang, it seemed that he had a long dream that night, in which he came to a relatively dark place. place, but she was a little scared and yelled loudly a few times, but found that no one responded to him, which frightened her, so he shouted as hard as he could and ran, but suddenly he fell into Inside a trap.

He saw a mysterious person inside. However, he tried hard to see the person's appearance clearly. He didn't know why the more he tried to see the person clearly, the blurry appearance became blurry. In the end, he simply gave up and said

"who are you? So do I know it's you here? Unexpectedly, the other party nodded and said yes."

"So who are you? Why? I've never seen you before. Can you let me see your true face? Why does your face look like a mosaic to me and I can't see anything clearly?"

"Do you really want to see who I am? If you really want me to be scared, I can show you clearly."

Then Gu Shaoyang nodded without thinking about anything and said, yes, I really want to see it. Just like that, the other party waved his big hand in front of her. Gu Shaoyang's eyes suddenly fell in love with her. When he saw clearly, When he found out who the person was, he was stunned.

Because he didn't dare to look at the appearance of the previous person. He looked exactly the same as him, even the mole between his eyebrows was the same.

Who can tell him what happened? What's going on? Why is the other person's every move and his appearance exactly the same as a copy? What does this mean?

At this moment, the guy opposite spoke to him.

"I know I must have doubts just by looking at you. I can tell you that I am actually your previous life."

"How is it possible? Don't fool me. I don't like these past and present life the most, but the other person looks like he can definitely do it. If not, then tell me why we are so similar, even our living habits, speech, actions and tone are the same. the same.

Then how could I know? Maybe you learned from me."

If you don't believe it, we can do an experiment.

Let's take two pieces of paper and each of us writes a word on it, but we all cover it with our hands so that no one can see it. See if we can write it. The same words came.

So they made the same movements, and when they took out the words, they all wrote one, and it was exactly the same as what one person had written, with the same strokes, the same position, and the same dots.

Then they all wrote the same words at the same time. He was thinking about a question in his mind, and the other party asked him what question he was thinking about. Gu Shaoyang didn't say it because he was the subject of the experiment. Then he asked the other party what he was thinking. When the other party said the question on his mind, Gu Shaoyang didn't expect that it was exactly the same. He had to believe it and said

"Since you are my previous life, what do you want from me? Then he said, because we have a clear understanding of each other, I came from the past time and space, just to solve your problem, because I know that you are encountering unprecedented difficulties now, and your friend's family was wiped out.

And your friend's father also went out to hide, but, I can tell you, his father will definitely not be able to hide this time, and he will eventually be caught by the other party."

Chapter 1413

After hearing this, he couldn't help but curiously asked

"how do you know?"

I saw the other party laughing and saying

"How come I don't know?"

"Don't worry, everything I said is right. I never meant to deceive you. What I meant was to tell you that I have a way for you to avoid this disaster."

When Gu Shaoyang heard what the other party said, he suddenly became interested, and then said

"Then tell me, what should we do to escape this disaster? It doesn't mean to escape this disaster, but to defeat the other party."

As soon as Gu Shaoyang finished speaking, the other party threw him a secret book and said

"what about this? It is what I have worked hard to develop. As long as you integrate the things here, you may defeat your enemies, but it also depends on your talent. But I think you should be fine if you are very talented, so I will throw this thing to you, and you can go back and think about it yourself."

After saying that, he walked away and looked back at Shaoyang. He was suddenly pushed far away. Just when he was very scared, he suddenly opened his eyes. At this moment, he was holding a secret book in his hand. If he didn't If I remember correctly, this is what his money was given to him."

When he opened the things here, his eyes lit up, because it was not just a secret book, but there was also a treasure inside, and she brought it in hand.

Then he quickly put it up, and then he began to study the secret book. At the beginning, the words were so densely packed that they were like little ants, and he couldn't see them clearly at all. After reading for a while, he found that I was immersed in it and quickly understood the contents inside very thoroughly.

Then he started to work hard on the moves. As expected, he was a genius. In two days, he had mastered everything here, and he would use it repeatedly. Not to mention how happy he was after seeing this scene. , However, he did not tell his friends about it because he was afraid that their friends would be unhappy.

After all, they are seriously injured now. If he shows off in front of them at this time, they will definitely be disappointed, so in order to do this, he has to say

"Two days have passed. How are your injuries? At this time, Tianci and Wu Yi said in unison

"No problem, can we set off?"

Gu Shaoyang said at this time,

"Okay, let's go."

In this way, they walked and chatted along the way. At this moment, Gu Shaoyang was walking in front alone, and Tianci and Wu Yi were following behind. At this time, Tianci asked Wu Yi

"Have you noticed that Gu Shaoyang seems to be very different from usual today? He always has a very confident feeling. Unexpectedly, Wu Yi said that of course you must feel confident. If you don't feel confident, you will have to climb mountains and climb tigers. But what to do, so even in terms of momentum, we have to overpower the enemy."

I understand, I know what's going on. Thank you for your guidance.

After a while, he chuckled and said

"I found out today that Gu Shaoyang will definitely be able to beat the opponent today. Why? I don't know if this feeling exists. He has never let me down, so we have a very good relationship

and often argue with each other. However, I am the one who knows him best. How about we make a bet? Who knew Wu Yi smiled and said, I also bet that he can win."

In this way, the two of them were studying Gu Shaoyang in front of them like animals. At this time, Gu Shaoyang didn't know it yet. He was still immersed in his own world, because there was a hurdle that he had not passed yet, which was the last one. During the move, there was one sentence that he still didn't understand.

But after a while, there was a sudden flash in his mind like a shooting star, all his ignorance was washed away, and all the problems were solved. After thinking of this, he burst out laughing.

Tianci and Wu Yi, who were standing next to them, saw Gu Shaoyang looking so happy and cheerful, and couldn't help but say

"What stimulation did this guy receive? Why did he burst out laughing all of a sudden?"

Unexpectedly, Gu Shaoyang heard the two of them talking at this time, then looked back at them and said

"What are you two brats saying about me behind my back? Don't think that I don't know. I'm telling you that I just practiced all these things, so I feel that I should be able to defeat the opponent with these things."

"Since you are so confident, so are we, Gu Shaoyang, we believe that we will leave it to you this time."

Actually, they didn't mean that, they were just acting coquettishly with him. When it came to the battlefield, each of them worked very hard and protected Gu Shaoyang, because they believed that only Gu Shaoyang was their main force.

#### Chapter 1414

In this way, they confidently headed towards the battlefield, and soon they came within the range of the demons. When the people in the module discovered that the three of them actually appeared boldly in front of them, it was not surprising to see them. , according to the past, they had already fled to unknown places.

But today they came to them with great arrogance. They simply didn't take them seriously. After thinking of this, they were very angry and couldn't get over it. They said that you are really brave, and you dare to send it to your door yourself. , then don't blame us for being rude.

After finishing, these few soldiers started to look at them with their own weapons, but the three of them didn't pay attention to them at all. In a short time, they were beaten to a pulp, and then they were beaten again. The feet trampled them to the ground, saying

"If you don't want to die, go in and call out your Liu Chengminmin."

After saying that, he kicked the guy hard and kicked him far away. Then he quickly called out the demon Liu Chengmin.

Because his father told him personally that it was this guy who led the demons to attack him. At home, everyone was invincible, and the other party was eventually killed by them, so he hated this man to death, so the first thing he thought of was this man, and after a while he appeared in front of everyone.

To be honest, when Chairman Mao's people saw these three young men appearing in front of them, not to mention how surprised they were. In the past, they would have gone to great lengths to hide them, but today was different. They actually finished talking. It was so unexpected that the owner of the house came to settle accounts with them.

At this time Liu Chengmin spoke

"I didn't expect to see you in this place. You are so brave and dare to excel. Our module's efforts are great. Don't you know what this means?"

"So what? Anyway, the purpose of our coming here today is very simple. How about killing you and avenging my family? You didn't expect me to come back so soon."

"To be honest, I didn't expect you to come back so soon, but the ending is the same. You will definitely be beaten to death by me, just like last time. If you don't believe it, we can give it a try now."

Before he finished speaking, Wu Yi started to take action. He swung the sword in his hand and slashed at the opponent. At this time, Liu Chengmin seemed not to pay attention to him at all,

knowing that he was When the sword was about to hit him, he moved, and suddenly he turned sideways in a flash. Then he turned around and struck Wu Yi hard on the arm.

This hit hurt him badly, because his injury hadn't healed yet. It happened to be on his arm. He didn't expect this guy to pick on his own weakness. He was really a despicable and shameless guy, but he didn't care.

Then he continued to attack the opponent. , at this time Tianci saw blood coming out of his arm, and realized that he had lied to everyone, and that his funeral was not smooth at all. At this time, he was very worried and immediately stepped forward to help him.

Tianci left When he went forward, some kind of people started to move. At this moment, Liu Chengmin shouted and said

"None of you are allowed to move, I'll see who comes up."

After he yelled like this, no one dared to move for a while, because they knew Liu Chengmin's cruel methods. Most people can't bear it, so they were very obedient and occupied it. No one could move at this time. Gu Shaoyang Hehe said with a smile

"If you don't move, then I'm coming."

After that, they started to fight three of them. To be honest, the other party didn't take him seriously until this moment. But after a while, he felt that something was wrong. The experimental Tianci and Wu Yi were not his opponents, but But this Gu Shaoyang discovered differently that he was the last big boss.

Because he only used two or three moves to defeat him, and he didn't even see the anti-Huang Feiyi. After this scene, he suddenly felt that in the past two days What exactly has he gone through? Why is it not easy to defeat him so quickly?

Maybe she had some adventure. It's impossible to think about it. He has sent people to follow them and didn't find out what they were doing.

After thinking about this, he He was very puzzled, but none of this was within his plan, so he was really panicking at this moment.

How embarrassing it would be to be defeated by him in front of so many people. After thinking about this, She was a little annoyed by her arrogant behavior just now. If she asked for help now, the people in her demon clan would definitely laugh at her, and she would definitely become the laughing stock. At this moment, the leader of the demon clan appeared.

He was smiling. Looking at everyone he said

"I didn't expect the three of you to bully one person. It's such a bully."

After saying that, the demon clan leader also came up.

Chapter 1415

But the other soldiers remained motionless because someone had ordered them before, so they were the most obedient soldiers and had to obey the orders of their superiors. This is how they comforted themselves. In fact, in the final analysis, they were afraid of death. That's all.

After a while, he couldn't help but say

"What are you still doing there? Didn't you see that the clan leaders have already taken action? Are you watching the clan leader being hurt by them?."

After someone yelled, the demons began to attack Gu Shaoyang in large numbers. After seeing this scene, Tianci and Wu Yi quickly retreated to Gu Shaoyang and said

"what to do? There are so many of them that we are really overwhelmed."

At this time, Gu Shaoyang calmly said, "What are you afraid of? I'll take care of everything after the two of you push it back. Although they both wonder what the coincidence is, they still pushed it to Gu Shaoyang. After a while, it's up to me." In the blink of an eye, he saw Gu Shaoyang put the weapon in his hand on the ground, and then sat cross-legged. He didn't know what he was mumbling. After a while, dark clouds suddenly covered the outside, and sand and rocks flew. After a while, Some black evil spirits appeared from mid-air. They were not at Gu Shaoyang's side but directly fell on the other side's soldiers. After a while, there was a heartbreaking sound. Finally, there was a heartbreaking sound. The main reason was that the air was filled with the smell of blood. They knew that these guys were being eaten by hungry ghosts. When Liu Chengmin and their team leader next to them saw this scene, they simply couldn't believe that they had been

ignored by him all this time. Gu Shaoyang actually knew how to summon evil spirits. This really surprised them.

But by the time they knew it, it was already too late. The damage had already been done. After a while, their soldiers were eaten by these ten thousand ghosts. , only the bones were left.

When Gu Shaoyang did it again, these evil effects had completely retreated and disappeared. At this moment, the sky was clear and there was no violent storm. Instead, it was windy and sunny, but just now All the soldiers and generals were gone, leaving only a pile of bones in place.

After seeing this scene, Liu Chengmin and the clan leader beside them couldn't believe it. So many people turned into a pile of bones during the lecture. How could he accept it?

So the two of them looked at Gu Shaoyang in front of them very angrily, and then said

"You are so vicious, you actually used this method to deal with my dead soldiers. Did they do anything wrong? Why do you treat them like this?"

At this time, the other party said with a smile

"Why should I treat them like this? Didn't you see how they hurt me just now? If I don't hurt them, they will hurt me. Am I stupid?"

"Have you never heard that I will not offend others unless they offend me, but if someone offends me, I will punish them?"

When Gu Shaoyang finished saying this, everyone was silent, because what he said was right. If anyone offends me, I will offend him.

At this time, Wu Yi discovered that just when the evil ghost attacked them, even Liu Chengmin and their clan leader were not spared, but he was not as miserable as the other party and did not cause any harm to them. It was just a few wounds on his body. After seeing this scene, he felt very happy in his heart.

So he took his sword and came to the other party and said

"Tell me why you want to kill all my family members. Where did they offend you? Please give me a reasonable explanation."

And the other party couldn't help but laugh and said after seeing him.

"If there is no explanation, just kill him if you want."

Seeing the other party's arrogance, he hit the other party's mouth all at once. The blow was not light, and blood immediately came out. He originally wanted to resist, but when he saw Gu Shaoyang next to him, he didn't dare. Moved, I didn't expect that he would be so cowardly, which is unexpected.

At this time, Wu Yi has not yet relieved himself. After all, all his family members have disappeared and were killed by him. From then on, he How could he be so angry that he became a loner?

At this moment, their clan leader spoke.

"Don't be so angry, young man. You will be alone in the future anyway, or just stay with me."

Tianci and Gu Shaoyang never thought that the leader of the demon clan was so shameless. He had already killed his parents and then told them to let people defect to him. How could this be possible?

Then suddenly the little boy Wahaha laughed and said

"You are the leader of the Demon Clan. I have always wondered how you got into the position of leader. I find that your brain is full of water. Isn't your brain full of twists and turns? What makes you think that I'm already like this and would still go to you?"

Chapter 1416

"It's simply fantastic. I don't even know how your brain is structured."

After hearing this, he was very angry, and then said

"If that's the case, then just pretend that I didn't say anything. At this time, Gu Shaoyang, Tianci and Wu Yi were simply speechless towards this guy."

After a while, Gu Shaoyang and the others caught these two guys, tied them up with ropes, and prepared to bring them to their parents to give them some comfort.

But, I don't know why God always They were so favored that Zhang, Gu Shaoyang and the others tied each other up and were about to take them to their graves to apologize. Suddenly, there was a strong wind and snow outside. They could not open their eyes, and the other party was the same, but in the confusion. In a daze,

Gu Shaoyang noticed that a group of people seemed to have arrived. After a while, the two guys next to him had disappeared. No need to guess, it must have been the other party's accomplices who rescued them. The only reason was that they were too They were careless. After finally catching them, they actually escaped. They really regretted it. After seeing such a result, although they regretted it, they had no choice but to do it. The accident had happened, so they would try their best to track them down. , to see where they can go.

The most important thing right now is to find his father, I believe they will not have any thoughts of doing anything rashly for a while.

Then they quickly returned to the academy to find the old courtyard But they found that the old dean was not here either.

What should they do? They didn't know where their father had gone, and the old dean had also disappeared. What should they do? At this moment, Gu Shaoyang thought of a person and said

"Why don't we go to the King of the Daughter Kingdom and have a look? Maybe your father is there too."

In this way, they went to the Daughter Kingdom. When the king of the eldest Daughter Kingdom saw Gu Shaoyang, Tianci and another person, not to mention how surprised he was.

"How did you get here?"

Then Tianci told him the purpose of coming, but the other party looked confused and said

"I've never met your father or your friends. What's wrong? Have they disappeared?"

When the other party finished saying this, Gu Shaoyang knew that he was not joking, but he really didn't know where he was. He didn't know where his father was at this moment. He was so anxious. At this time, a soldier came outside and said

"Someone outside the king asks to see you and says he is your friend."

Until this moment, he didn't remember that he made an appointment with a friend, and then said

"If you have nothing to do, why not come out with me and meet my friends."

After saying that, he turned around and left, but Tianci was still confused. He found that this guy was so cold to him, just like when they first met. If it didn't work, he would never let the other party treat him like this, otherwise time would As he grew older, he no longer had any status.

At this time, Gu Shaoyang looked at Tianci with a smile. He knew what the other person was thinking, so he said

"Then follow along and take a look to see what is going on and see if you can find any clues."

Before Gu Shaoyang finished saying this, the other party disappeared in a flash. After seeing this scene, Wu Yi next to him was a little shocked and said

"What exactly is going on."

Then Gu Shaoyang told Wu Yi everything that happened during their time. Unexpectedly, Wu Yi burst out laughing and said,"I didn't expect that he would also have this day." After a while, he spoke. Got it

"If that's the case, is there anything we need to talk to him about?"

After he finished speaking, he glanced at Gu Shaoyang with ill intentions, and Gu Shaoyang quickly understood what he meant, so they secretly came to the front hall, but they did not appear in front of everyone. I only saw Tianci standing beside the lonely king like a loyal guard.

Anyone with a discerning eye would know at a glance that he was defending his sovereignty, but the young man next to Guoan was indeed good-looking and seemed to be very fond of the king. Intimate.

Then they secretly said

"It seems that Tianci has something to do."

Actually, what they said was absolutely right. It was only at this time that Tianci really felt the crisis, but when he thought that his father was still missing, he suddenly lost all interest in everything, so after a while he He went back to the back and saw his dejected look.

Gu Shaoyang and Wu Yi started to tease him.

"What's the matter, are you going to admit defeat when you see that the opponent is strong?"

But Tianci was not in the mood to joke with them at this time.

"No, I want to leave."

When he said this, he happened to see the king of the daughter country walking in, but he did not come in.

Chapter 1417

After Tianci came in, Gu Shaoyang and Wu Yi teased him there, and suddenly found something wrong with Tianci's expression, and then asked him?

"What happened? Tianci said that I wanted to leave, and the other party was particularly surprised when he heard that he was leaving. You must know that he looked so shameless just now.

Why did you give up so soon? Could it be that something happened, so I asked her what was wrong? Wasn't she acting very arrogant just now? Why did you give up so soon?

Or if you see that the other party is stronger, you don't want to fight for it. When they said this, the king had just come in from the outside, but did not go in. He was just eavesdropping at the door, wanting to see what they were talking about. What did you say? I only heard Tianci speak at this time.

"I think I have figured out one thing, that is, I don't even have a home and a father and I haven't found a way out yet. What else do I have to think about talking about other things? Even if I have the intention, I don't have the strength. I might as well let that good man take care of him. Firstly, I will feel relieved. Secondly, I will continue to look for my father.

After all, I think he is also pretty good to that man, so I will do whatever I want."

As soon as he finished speaking, the door was kicked open from the outside. A woman came in with a menacing attitude, which finally startled a few of them. When they saw who the person in front of them was, not to mention how interesting it was. This person was none other than the King of the Daughter Kingdom.

They did not expect that the King of the Daughter Kingdom was eavesdropping on their conversation at the door, which really surprised them. However, he seemed to be reasonable, and then they speaking of

"Don't think that I can let you go. I know what you are doing, but I must make you pay the price. Who told you to treat me like this?"

After he finished speaking, he was about to turn around and leave, but at this moment Gu Shaoyang pushed Tianci to go quickly. If this continues, the misunderstanding will not be solved and will become bigger and bigger. Tianci thought that he might also watch the king leave, He followed him out immediately. He originally thought that Tianci would not come back, so the Duke and the King said to himself there

"Damn it, a stinky man just leaves after he can't finish flirting with anyone. He has no sense of responsibility at all. Since you like him so much, I will go find that man. I don't believe it anymore after seeing how you do it. He has only one man in the world and no one else.."

After saying that, the couple left to find the man. However, his hand was grabbed by someone. At first glance, it turned out to be a godsend. Why did this brat come out? It's not like he didn't come

out. Really? After looking at this, he secretly smiled arrogantly, but then quickly put on a face that would keep strangers away and said

"I said, brother, it seems wrong for you to hold my hand like this."

"What's wrong? You are my wife. How I hold hands is all my own business. Others have no reason to disturb me.

In this case, let me ask you something, then you said you were looking for that man just now, why are you looking for that man? Don't you know you are a married woman?

If you do this, wouldn't it be incest? I will definitely sue you."

Unexpectedly, the other party burst into laughter after hearing this sentence and said

"I am the king of my daughter's country. I can do whatever I want. You have no right to control me."

Who knew that Gu Shaoyang said

"How do you know that I don't have any right to control you? You have to know that the whole country and the king of the daughter country know that you are married to me. Do you think I have the right to control you?"

But at this time, the king of the daughter country laughed loudly and said

"Don't forget, the two of us are only married by contract. We don't know what will happen when the time comes. Don't talk nonsense here, but who can prove that the two of us are married by contract?"

If you speak out, you won't be afraid of being criticized."

After hearing what the other party said, he suddenly couldn't say a word.

"what should I do? This guy is so annoying."

Seeing that she couldn't make it, the other party was about to turn around and run away, but Tianci didn't give him this chance at all, so he suddenly held her hand and said

"Okay, okay, don't be angry anymore. Don't you still know what's going on with you and me?"

"Tell me, what do you want? Do you really want you to watch me go find that man? Now you say that as long as what you say is true, I will let you go."

When the other party heard Shaoke say this in a serious tone, he felt bad, because he knew that the other party was not joking, but really meant what he said, so he became timid at this moment, He didn't dare to play like this anymore.

After waiting here, he lowered his head. In fact, I didn't come to him specifically. Then I saw that you kept ignoring me, so I found someone to annoy you.

Chapter 1418

But I didn't expect you to still be like this.

At this time, Tianci found it particularly difficult after hearing what the other person said. It can be seen that he didn't really want to leave him to find that man. After figuring this out, he was so happy that he hugged the other person. into his arms, and then said

"I knew you weren't like this, I knew you wouldn't leave me, that's great, that's great."

Seeing Tianci like this, the king of the daughter country didn't know what to say for a moment.

At this moment, the man walked in swaggeringly. Seeing Gu Shaoyang and the others here, he didn't know what to say. Something, he seemed very excited, he couldn't help but laughed and said

"It seems that I came at the wrong time, otherwise I would have avoided it. When he said this, their thoughts were suddenly pulled back.

Then the king said

"Nothing happened, we were just chatting. By the way, how are you living here? If you feel uncomfortable, I can ask someone to clean it up for you. Unexpectedly, the other party said, "It's actually nothing. I have already said that this matter will be handled like this. Do you have any opinions?" We can all discuss it.

Regarding what the two of them said, Gu Shaoyang had no idea what decisions they had made behind his back. All of this was like a mystery to him. Was he really going to leave?

But after this moment, he didn't want to leave. I said that the king seemed to have seen through his opinion at this time, and then threw it into the tree.

At this time, Tianci saw that the king and the woman had left by themselves. He knew that the two of them were talking about serious matters, but even so, he would feel unwilling to do so. At this moment, he suddenly wanted to get married. Well, looking back afterward, He glanced at Gu Shaoyang and then said

"What is he still doing there? Why don't you catch up quickly?"

After he finished speaking, he turned around and continued to talk to the man. The young man at this time should not be a godsend. Not to mention how happy he was after hearing the call of the other man. He caught up with him after a while. At this time At this moment, he was following the other party in a swaggering manner. Never before had he felt that his voice was so nice. At this time, Gu Shaoyang Xia was thinking about it and followed him. After a while, listening to the conversation between them, God gave me Finally I understand what they are talking about. It turns out that they have set up a dragnet for the enemy to get here. After all, everything about this neighboring country is simply too unbearable for them, because they actually want to annex it. What do you think of me? Can make it happen, so Gu Shaoyang had made an agreement with them before he came here alone, and he could go out tonight, but the other party did not expect that he would go against his promise and not do so.

This made Gu Shaoyang and the others feel very funny, but things They had already agreed, how could they go abroad? So in order not to correct their previous mistakes, they had to make the initial impression that all this would be hell for Meng Jiangnu Crying at the Great Wall. After listening for a while, he Finally he understood what was going on. It turned out that the neighboring country had broken the contract, so they were preparing to use war to resolve the matter. After seeing this, he finally understood, so he wanted to give the other party an idea, but as soon as he thought about this The occasion did not require him to be tame, so he kept his mouth shut.

In fact, the king's eyes never left from the beginning to the end. Tianci knew that he had something to say, so he found an excuse to let the man leave, and then he stared closely at him. Look at the other person's face and then say

"Is this true? Why don't you tell me? Maybe I can help you find a good way."

At this time, after the king heard Tianci's words, he suddenly laughed and said

"Don't talk about these things, because we don't want to use such things to solve the problem."

"After all, don't you just know that I can't do it? You think I can't do this kind of thing, right? Because I'm just a troublemaker, so I can't help you at all, right?"

After he finished speaking, he was about to turn around and leave, but at this moment the king suddenly took Tianci's hand and said

"No, no, I have misunderstood. I just don't want to bother you with such things. I know you have been very upset because of your father's affairs during this period. I don't want to bother you with such things anymore."

"You should be able to understand what I mean."

After hearing this, Tianci suddenly smiled and said

"Yes, no, no, but what I want to tell you is that no matter what happens in the future, the first thing you think of should be me. Remember, because I am the only one who is still devoted to you, and I am devoted to you. I don't agree with any interests, I just wish you well."

When Tianci said this sentence, although it was very straightforward.

Chapter 1419

There are no beautiful language decorations, but it can go straight to the depths of people's hearts. It can be seen that this person is sincerely good to him.

After a while, Tianci nodded and said

"Yes, I will definitely think of you in everything from now on, so that's okay."

Suddenly Tianci laughed and said

"Okay, okay, I get it."

And what is Gu Shaoyang doing to blackmail Wu Yi and the others at this time? The two of them have never come back since they saw Tianci go out with a black face. He knew that they might be talking about something.

At this time Wu Yi spoke

"Gu Shaoyang, where can his father be now? Can we find it?"

But after Gu Shaoyang heard this question, he frowned and said

"If the guess is correct, he is already with the person from the academy. However, we don't know where he is, but I think it should be a very safe place, otherwise they would have been discovered long ago. Why wait until today." After hearing this, he smiled silently and said

"Maybe it's possible, but I think it's better to be careful about this matter. After all, many things like this can go wrong. There's no point in being clear about what you mean. I'm just telling you that everything is not Of course, as time goes by, people's hearts will change.

As for the other things, I won't say anything else. You can experience it yourself."

After hearing this, he seemed to have understood something, and then he said?

"Okay, okay, I understand. From now on, I know how to deal with this matter."

In this way, the two of them chatted a lot in the room, and suddenly they remembered Tianci's father. His father left with the old man in the hospital all at once.

So there is no news so far. Are they safe now? Is it still unsafe? It is simply an inhuman torture for them, but it doesn't matter, they will definitely appear in front of them properly when the time comes. They firmly believe that the other party must be a very safe existence, so they They were all together.

Soon they disappeared in front of everyone. Sure enough, Tianci came back after a while, and his face became very beautiful, as if his face was full of red light. After everyone saw such Tianci, they immediately felt relieved. , and then tell him

"After the matter was settled, Gu Shaoyang said that it looked like it had been handled well, otherwise his face was so ugly when he just left, but now he was smiling and it looked like it had been handled."

At this time, Tianci heard that Gu Shaoyang and Wu Yi had been teasing him beside him, and he couldn't help but say

"Okay, okay, you two, stop talking nonsense there. I just talked about some things with the princess. Don't be so gossipy, it makes me feel a little embarrassed."

After he finished speaking, his whole face turned as red as an apple. Not to mention Gu Shaoyang and Wu Yi, they had never seen such a gift from heaven before, and they found it very interesting at this time.

Then they would take pens and notebooks like this Tianci spoke up, but Tianci rejected them all and warned them that if they behaved like this again, he would not let them go.

After saying that, he gave them a fierce smile. This smile was a bit creepy. They knew this. If this guy shows such a smile, he will have to deal with the people in front of him, so there must be a little unlucky tonight. After thinking of this, they both quickly raised their smiles. Teacher Tang came to Tianci, asked him to sit down, and gave him He poured a glass of water and said

"You have worked hard, you have worked hard, well, the king has been coaxed by you, right? Stop being so angry."

Then Tianci said very proudly

"Of course, it doesn't matter who I am, can anything go wrong if I take action?"

After hearing this, they suddenly laughed. At this moment, a vicious voice suddenly appeared from behind him, saying

"What, why have I never heard of it? You are really loud."

There was a moment. Tianci felt a cool breeze on his back. As expected, the king came. This really surprised him. The two of them had just separated. Why did he come to find him so quickly? Could it be that there was something that he didn't tell him just now, so he came to tell him now.

After thinking of this, he felt that it was very possible, so he told him

"Doesn't the king know that there is something going on in your family that you haven't told us yet?"

After finishing speaking, he said with a smile

"Of course, I must have something to tell you. I just want to tell you about this matter. It is indeed because of us. As for the matter with neighboring countries, you should ignore it for now. I have just said I told that young man that the two of us will definitely come up with a perfect plan, and you won't be involved in this plan, okay?"

After being said like this, he immediately felt a little embarrassed, especially since Gu Shaoyang and Wu Yi were still here.

Chapter 1420

Then he couldn't help but said

"Well, I won't say anything, I just hope you can be well"

"Okay, of course you can, but if you can do this, then please do your best."

At this moment, Gu Shaoyang and Wu Yi stood up and walked to the princess next to them very firmly and said.

"We did come here because we wanted to disturb you, but we just saw you talking and laughing, and then there was business, so we didn't bother you. In fact, we came here to hope that you can help find two people."

These two people are very important to us. They are Tianci's father and the old man who sweeps the floor at the academy. They both disappeared together. I hope you can help me find out within your ability. In this case, we I felt more at ease. Thank you for bothering the king. But at this time, he smiled and said

"What are you afraid of? You are not outsiders, aren't you his good friends? If they are good friends, then stop fussing over things."

After hearing this, Gu Shaoyang suddenly felt that this king was really generous. In the past, it was said that the king of the daughter country was a very beautiful woman. She gave people the impression that she was just a vase, and there was no scientific reason other than beauty.

But now after getting along with him for a few days, he found that this woman is really very smart, with an obvious plan just like a man.

And every step he takes is careful and considerate of him. In short, this person Very cunning and very good, difficult to deal with.

If such people are everywhere, then there will be no capable Daisy in the world.

At this time, seeing some worried looks on their faces, the king spoke Got it

"In fact, you know that I am the king of the daughter country and I have many soldiers and generals in my hands. However, if I step down, I will have nothing in my hands."

"In this case, are you still willing to treat me as your friend?"

After hearing his words, everyone had complicated expressions on their faces, but in the end they all said in one sentence

"In fact, you are not the king but also our best friend. We can get along with each other no matter what."

After that, they stopped talking. They always felt that the king was hiding something from them, so Gu Shaoyang said straight to the point.

"Auntie, are you hiding something from us? You can tell us directly not to act like this, which will make us worried."

But at this time, the other party said no, no, really no.

"The reason why we do this is simply because we will have to make such a decision if we really get to that point, but those are the worst-case scenarios, so there is no need to think about it now."

Although Gu Shaoyang didn't know what happened, everyone knew that it was not a very ordinary thing when they saw his expression. Otherwise, how could he have attracted the position of the lonely king?

And God's gift is no better than theirs. He was not worried, so he was ready to ask what was going on, but he said it was nothing, as long as he slowly realized it, then he turned around and disappeared. He couldn't believe it when he saw such a scene. Why? Because he really couldn't imagine what he would do if he didn't become the emperor.

Is it like a man to raise a group of wives and concubines in three palaces and six courtyards? After thinking about this, he felt very sad. He knew this when he saw a woman. This thing must not be simple.

Well, but even if they ask about work, well, the king will not tell them, so they simply don't ask anything. After all, they have been here for many days, and they feel very bored and are ready to go for a walk. , they wanted to relax.

The king did not stop them and told them not to go too far. It was very dangerous to go too far. He did not say that they might just be like my ordinary friends.

So they were like Gu Shaoyang, who had been imprisoned for a long time. Same, they were very happy after being released. Each of them had a smile on their face, as if they were in prison. They got to know the customs, appearance, and economic conditions here, and what kind of life the people here live. This view is simply a sweeping view.

Not to mention that the king of the daughter country manages this place very well and cleanly, and everyone is very polite. This is a matter of quality. After hearing this, they think it is not right? He couldn't help but say.

Because of this, the king of the daughter country is remembered by many people, because he has enough ability to make a country so good, which means that he is very capable, so neighboring countries want Marry her back and let him and the kings of each country govern their common country.

It means to annex the territory of the daughter country, but is the king of the daughter country so stupid? It is simply impossible, so he has never agreed. Their conditions were simply agreed to by God the last time.
