Chapter 1421

Suddenly they came to a big river, and this river was very clear, and the water looked very sweet. Gu Shaoyang and Wu Yi next to them started drinking without thinking. The more they drank, the sweeter they became. After taking a few sips, two rich men walked by and asked them what they were doing here.

After they finished, they told the real situation. The two of them said without confidence.

"What, you said you drank the water from this river, right?"

Then the two people said what's wrong, can't they drink? There's no break here and no one is allowed to drink. I saw that the drinking water was clear, and we happened to be thirsty so we drank some. Isn't it true that we are not allowed to drink here?

I heard After this, the expressions on the two people's faces became very ugly. During this period, they felt like they were facing a formidable enemy. Gu Shaoyang felt very strange and asked her

"What's wrong? What happened? It looked like they had done something terrible."

I saw the woman slowly come back to her senses and said

"You have caused great trouble and you don't even know it yet."

After the other party heard this, he became a little uneasy for a moment, and said

"Why do we say we caused a big disaster? That's because after you drink the water from this river, your stomach will hurt, and then you will remember it. He didn't say it, because he knew that if this sentence was said, it would definitely give the other party a big blow, and then Speaking of which, you have to go back quickly, go back and forth from where you came.

Hurry up and seize the time. Then they returned to the king without knowing why, and told each other what they had experienced today, but after they finished speaking, they found that the princess

also forgot everyone with a very surprised expression, but they When asked, he remained silent and said nothing. Finally, he sighed and said

"God's will, God's will or God's will, even if you are allowed to hide, you will not be able to escape."

After hearing what the other party said, Tianci suddenly became curious about this matter.

"What on earth happened? Master, please tell us quickly. What on earth is going on? Why do people outside see us in this color, and you do the same? Please tell me what we did wrong. Please don't look like this, otherwise our psychology will be very uneasy."

The other party couldn't help but laugh when he heard Tianci looked like this.

"The water you drink is called Zimu Drink. The so-called Zimu River is the last ancient river left between heaven and earth. You must know that its name is based on the Zimu River, which means that the son represents the child and the mother represents the mother, so it is said that drinking from this river The water in it can become the mother.

As for why I say this, I think you should have heard about this mother-child box and how it allows both boys and girls to get pregnant in the shortest possible time and then wait for the birth of life.

After hearing this, Tianci and Gu Shaoyang simply didn't dare to say anything anymore, because they really couldn't imagine that if a boy really did something like a girl, then if they were girls or boys, and What's the use? After thinking about this, I smiled and said to him

"If this is the case, what should we do? Yes or no? How can we solve this current difficulty? In fact, at this time Tianci sighed and said

"So far, there seems to be no such thing that can solve this matter. However, I heard that there is a god who has many of these in his hands. In fact, this is not a god at all, it should be a demon occupying one end. Why do you say that? No one knows his origins.

I only know that his abilities are vast. It does not mean that he has demons in his hands. It is just that there is a stream in his place. This stream can solve this kind of thing on you. However, this guy is very cautious. Anyone None of it was what was expected.

If you want to find the antidote to this river, you must subdue it or make a deal with it.

Let him send us the antidote, otherwise this person will become a stumbling block for us. After jumping here, he couldn't help but said, in this case, you have to persevere."

I heard that there is something that can solve this situation among them. Gu Shaoyang didn't want to ask. Where are they? I want to go now. Who knows that at this time, God gave them a few loud shouts?

"No, this matter must be resolved in advance. I want to go there to take care of them, and I want the river water as an antidote."

But Gu Shaoyang said at this time

"No, you don't want to go, then Wu Yi and I will go. After all, it's really inconvenient for you to be like this."

After he finished speaking, he took a look at himself, but at this time the little girl King gave them a fierce look and said that none of you should go, let me go alone, maybe he can give me this face.

Chapter 1422

"After all, I am the king of the daughter's kingdom. I don't look at the monk's face but also the Buddha's face, right?"

After hearing this, everyone thought her words were a bit incredible, but in the end, he was conquered by him. Gu Shaoyang went to this place, but he was quickly kicked out. Why? You will find that he didn't ask People?

Then Tianci saw that they were so anxious. There was no way to solve this matter. They had to solve it first. They must know that this guy was thousands of miles away from them. How could they get them back? Come?

It is really a very difficult thing, but it is not as difficult as seeing him, because they can solve it easily even in difficult times.

At this time, a man next to him walked away I came over and took a look at their appearance, and I knew that you two must have drunk the water from the Zimu River. It doesn't matter. As long as you find the antidote, you will be fine. After saying that, they left. At this time, Gu Shaoyang, Wu Yi and the others The two of them were simply baffled. How could they recognize this person at a glance? Then they quickly found the place, but at this moment there was a nasty-looking demon waiting there. Suddenly he He laughed loudly and said, speaking of

"I have long heard that the king of the daughter country has two friends who accidentally drank the water from the river and ended up like you. If I am not wrong, those two people are you."

"So what, we are here just to enable you to finish this matter for us as soon as possible, we will be very grateful to you."

But the other party said with an angry look on his face.

"Is this how you ask for help? If that's the case, then I don't care. After hearing this, Gu Shaoyang knew that the tone just now was too harsh."

Then he immediately apologized to the other party and said

"I'm sorry, I didn't mean it. We were just too worried. This matter has had a great impact on us. Therefore, we must deal with this matter carefully. Please help us. As long as you help me in the future , we will definitely repay you well."

After he finished speaking, he looked at the man in front of him with a sincere tone. To be honest, although he was a male, he looked really ugly, like a demon, but he couldn't feel the demon. Aura, in fact, the other party just used a kind of ice soul divine bead to hide his demonic aura.

Then he turned into the most ordinary person, showing off in front of them, but at this time, they didn't know it at all He had fallen into someone else's trap. At this moment, the person suddenly burst out laughing and said

"Okay, okay, since you are so sincere, I will agree to it."

After saying that, he quickly led a few of them into an icy lake, and then told him that after you guys soaked here for seventy-seven or forty-nine hours, the poison here will be detoxified. , If you believe it, just soak in. Tianci and the others took a look at the big pool in front. The water in the

pool here was cold, and it looked like an ice pool at first glance, but such a place can really treat Do they work? He asked the person next to him with some confusion.

"Please tell me whether this is true or false? Does it work or not? If it works, we can go in and soak for seven, seven, forty-nine hours, but if it doesn't, wouldn't you have lied to us? Who will we settle the score with then?"

After the other party heard what he said, he burst out laughing and said

"So what? If you don't join, you have no chance at all. If you join, you have at least a 50% chance. So you should weigh it yourself and decide what is the most valuable thing for you."

After a while, they finally made up their minds, just let it be cool. Anyway, it would be a blessing to be able to relieve this situation on them, and it wouldn't matter if they suffered a little. After thinking about this, he decided to fall into the water, and that's it. They finished taking off their clothes immediately, and were about to go into the pool, but at this critical moment, the king of the daughter country broke in from the outside, and then saw the appearance of their clothes and said

"Quickly put the clothes on me and put them into a box system. They still don't know what's going on."

The clothes were already put on them, and then a few soldiers came up from behind, holding them next to them and saying

"How did you find us? Who knows what those few soldiers said? We only found out your whereabouts after we followed you all the way."

Then by the way, I told the lonely king about your news. Unexpectedly, he came with his own troops. At this time, the king of the daughter country looked at the man in front of him very angrily and said

"I already let you go last time.

Chapter 1423

"I didn't expect you to touch my reverse scales. Do you know these are my friends? You are still here to deceive them. What are your intentions?"

It seems that I was too merciful to you last time, so I didn't eradicate the root cause, so that now you are so frustrated, it seems that I have to use my own methods."

After saying that, he quickly brought these people under his command, and then said

"If that's the case, don't blame me for being rude to you."

After he finished speaking, he quickly placed these things next to a large pool, and then said

"If you see that there are no such people, you have to treat them like this."

Suddenly he discovered a strange and miraculous scene. When he just fought with him, the other party didn't have any power to counter-offer, as if this matter had nothing to do with him.

"I would hit him if I wanted to, scold him if I wanted to, and leave no room for resistance at all. In this way, they felt very strange, what was wrong with this child, and then quickly contacted their parents."

As for what happens next, it has nothing to do with them. After thinking of this, he couldn't help but say

"If that's the case, don't blame me for being cruel to you."

After saying that, he started to attack this man. This man is not a vegetarian. He can't just stand there and wait for Gu Shaoyang to attack him. Then the other man sees a woman being bullied by him. Looking at Gu Shaoyang, they couldn't sit still.

Then they immediately stood up to help the king deal with the man in front of them, but who knew that the man said

"You bully the many and the few are like heroes, but I would rather go to the king and say that I have never said that I am a good-looking hero, nor have I said that they are a group of good-looking heroes. He is just a good-looking person. But it didn't go away, so I did some things like this.

But do you think mothers do this kind of thing a lot? It takes a long time to do a little bit, so you must be mentally encouraged, otherwise you don't know whether it is right or wrong to persist for such a long time." At this time, Gu Shaoyang and several others attacked together. In front of them, this man told the truth that he It was really overwhelming, but even at the moment when he had committed a thousand crimes, he said, if you don't want to continue in this state, kill me and I will tell you, I will not tell you where the antidote is..

After hearing what was said here, the little girl said without any responsibility.

"You'd better take back your extraneous thoughts. We already know how to remove this thing, so you are not needed anymore." After saying that, the little girl kicked the opponent to death. After seeing this situation, Gu Shaoyang and Tianci said to the king of the daughter country, what should we do about this matter? Can we really solve this matter? Can we deal with it? What should we do in this situation?

Who knows that the king of the daughter country took out a few antidotes from his arms and gave them to several of them. When he went down, he said that this is the antidote. This is what I have learned from I asked for it from somewhere else. I hope it can be helpful to you.

After saying that, he immediately took one pill each. Sure enough, after a while, the uncomfortable feeling on their bodies disappeared immediately. Seeing this Not to mention how cool it was after the scene.

At this time, Gu Shaoyang and the others had completely returned to normal, so they started to interact normally.

Next, they should start looking for his father. Really, they found him When the fire was in full swing, they suddenly received a letter. Who sent this letter? No one knew. Then they told the daughter next to them that the king said that they might have to leave this time.

When When the king of the daughter country knew that they were leaving, he immediately panicked. Then he asked why what happened, and they told them about it. Unexpectedly, she said

"Oh, so that's what happened, then you can go and take a look. What if your father is really in their hands?"

But at this time Tianci said that's not true, right?

This matter has always been a knot in my heart. If I can't find my father, I will definitely die of guilt. After all, this matter happened because of me. If I hadn't been outside If you make trouble, how can you implicate the people in the academy, so this time we really have to say goodbye to you.

Although we have a lot of supplies now, there is no other way. We are important, so the next day in the Daughter Kingdom King With a look of reluctance, they left. After walking for a while, Tianci looked back and found that the King of the Daughter Kingdom was still there looking at him.

He forced himself not to look back because he was afraid of the next second. He would run back and never leave. At this time, Gu Shaoyang and Wu Yi saw Tianci reluctant to leave. They couldn't help but joke.

Chapter 1424

"Okay, okay, don't look any further, you've gone so far, your eyes are almost straight."

After his friend said this, he immediately felt a little embarrassed, and then quickly got down to business.

"Do you think the father will truly be in their hands? I never imagined in my wildest dreams how it could be in their hands. What if they really lied to me?"

At this time, Gu Shaoyang said in a normal tone.

"What can be done? Even if we know it is false, we still have to take a look. What if it is true? Things are often unexpected.

I never remember my father having any interactions with them. In fact, if they did, it wasn't a particularly intimate relationship."

After saying this, Gu Shaoyang just happened to tell him, don't think about anything else. Let's wait until we see your father. Maybe she really has news about your father, so what are we thinking about now? It's all in vain. The most important thing is that it will be the most fortunate thing if we can get your father back by then.

After hearing this, he laughed and said, isn't it? The most important thing for them now is to get my father back. After getting it back, nothing else was important, so they embarked on a journey to Congo.

I heard that this country is quite wealthy. Why do they call this place Congo? That's because the people here are very strong. They have never been defeated by anyone, and every family will be very wealthy. They all earned it with their own labor, so they cherish the fruits of happiness.

When they just stepped into the realm of Gang Kingdom, they discovered that everything People looked at themselves in a different way, as if they were some kind of monster, but everyone later discovered that they were not like this. They were the sellers and were afraid of causing any bad harm to them..

So, they all looked at them with a very cautious look. In fact, they understood Gu Shaoyang very well. After all, they were outsiders. Even when outsiders came to the village when they were at home, they also looked cautious, so a little bit They were not embarrassed. At this time, a little boy walked up to them and asked them

"Brother, are you here to find someone?"

When the little girl asked this question, they were shocked. They didn't expect that the little girl actually asked such a question, but then she asked them

"How did you know we were here to find someone?"

"This is very simple. After you came here, your eyes flickered and you looked everywhere, as if you were looking for someone. So I guessed that you must be looking for someone, and I guessed it right."

After the little girl said this, Gu Shaoyang, Tianci and the others were simply stunned. Are all the children here so smart? At this time, a man came behind the little girl and he held a letter in his hand. speaking of

"May I ask who among you is called Tianci?"

After seeing this, Gu Shaoyang knew that the people here must have established a relationship with them, and then Tianci went to heaven and said, I am Tianci, and then the man handed the letter in the office to Tianci's hands very respectfully, and speaking of

"Someone asked me to give this to you. He said that after I give it to you, you will give me a generous bonus. I don't know if it is true?"

When Goddess heard this, this guy was really nice. It doesn't matter if you let yourself take something. After I told you, I took it out of my arms. The money must have been handed over to the other person's hand. When the man saw the thing in his hand, I was very happy, and then I thanked him several times in a row.

Tianci took the letter and gave it to Gu Shaoyang for Gu Shaoyang to take a look. After Gu Shaoyang read it, he looked at it with a smile. Tianci was right, we really said it. That's right

"Your father and that person are always together, and we can always be here."

Your father said, your father has not been here these two days, so we can only wait two days for them to come back. He was very excited after seeing this, which means that they finally found their father, so He was very happy and came over quickly, a woman said

"Our master told me to wait here for your arrival, and I have indeed been waiting for you. Please come with us."

The two and three of them were just confused about everything here. They didn't know what was going on. However, since someone was leading them, they could only take one step at a time, so the three of them followed. This woman came to an inn and said

"This is a place carefully selected by our master for you. I hope you can get used to it. He said that your father will be back in two or three days, so I hope you can wait patiently for two or three days."

At this time, although the three of them don't know who the owner of this woman is, who is behind the scenes?

Chapter 1425

But as long as there is no harm to them, they are still willing to obey the other party's arrangements. After saying this, he said to the other party

"Thank you for being your master. However, I would like to know what your master does. Could you tell us?"

Who knew this woman would say with a smile?

"Don't worry, our director is a very famous good man. He will never do anything wrong. As for you, this is the first foreigner he has interacted with, so don't worry, he will never do anything wrong. You do some bad things."

On the contrary, before leaving, he told me that we must not neglect you. If he knows that we have neglected you, he will definitely come back to deal with us, so don't worry, stay here safely, we guarantee that you will stay here." It feels like I'm back at home, and there's absolutely nothing strange about it. Not to mention how happy he was after hearing this, and then said

"Then thank you master, but I still have something to ask you, that is, what does your master do? Is he a businessman or the master of some gang?"

Who knew this woman would say

"Don't worry, our master is in business, and she never participates in those fights."

If what this woman said is true, their master is in business, but how did he interact with his father, how did they know him, what happened in the middle, and why did he get it for them? They were like a ball of numbness and couldn't be pulled away. Seeing their confused faces, the woman laughed out loud and said

"It doesn't matter, you will know as time goes by, but I hope you can stay here well, because I hope you can be well, so that you can see your father well, but I will advise Let me tell you, don't go out at night.

Because it is very dangerous here at night. If something happens to you if you go out, we will bear the consequences."

After saying that, he left a mysterious smile on his face. It was amazing. Regarding what Mr. Lin said before, they were not allowed to go out at night. What did she mean? She really wanted to ask.

But At this time, the woman had gone far away, and even if she called him, he probably couldn't hear her. At this time, Tianci looked back at Gu Shaoyang and asked him

"What does he mean by saying that you can't go out at night? It's dangerous. I don't believe it. I must come out at night to see what the secret is. I have to show it to him."

At this time, I heard him say with his brows

"Tianci, do you know what kind of situation we are in now? We are dependent on others now, and your parents and our relatives are in their hands. If you don't listen at this time and make the other party angry, what if? If something happens to them in the middle, what will they do then?

Even if it is destroyed, it cannot make up for it. Do you know that Gu Shaoyang has always known that Tianci is a person who acts willfully, but he did not expect that he could actually joke about this kind of thing.

At this time, Tianci finally got serious and said, Don't worry, how could I be vague about something like this? I will definitely listen to you and do whatever you ask me to do.

"That's great, but what I want you to do now is stay here and don't go anywhere. Didn't they all say that? Can't go out at night.

And you end up staying here at night and can't go out. If you are really bored, just copy the Buddhist scriptures 1,000 times. I think the Buddhist scriptures will definitely calm you down. After hearing this, the little girl stopped talking about the Buddhist scriptures. Even the Book of Songs, he didn't want to copy it. , the only thing he can do is to stay here honestly, and the same is true for Gu Shaoyang and his father."

At this time, a little maid came from outside, brought them some delicious food, and told them to go to bed early and get up early to have a good body. This meant telling them not to run out at night, and they would be able to handle it if anything happened. No.

After saying that, he turned around and left. After a while, he appeared in front of everyone again, and then said,"Let's see what my abilities are now. Will I become a beautiful scenery?"

But this little When the girl left, she also told her, remember what we told you, don't go out at night, we won't be able to afford it if something happens.

After saying that, she turned around and left. At this moment. Tianci couldn't help but ask Gu Shaoyang

"what on earth is it? Why are everyone saying they can't go out because there will be robberies inside? Or is there something dangerous? This makes me feel even more confused."

But at this time, Gu Shaoyang said

"If I were you, I would just stay there and not care whether he was a robber or a money thief. Doesn't it have anything to do with him?"

Chapter 1426

Gu Shaoyang, who was next to him, saw Tianci's troubled look, and he couldn't help but said with a smile.

"I didn't expect that you would have such a day, but let me tell you that this matter has nothing to do with us, so you should not touch the other person's side. If something really happens, I won't care, I won't It can't be solved, after all, this is an unfamiliar place.

Maybe your words are useful in a rural school, but they have no effect at all here."

At this time, Wu Yi spoke.

However, he did not speak with his mouth, but pointed out the window with his finger. Then they looked outside in perfect agreement, only to find a vague figure. There, when they wanted to enter or not, they suddenly saw this figure. Why did it look a little familiar?

It made them feel puzzled. At this time, Gu Shaoyang was not ready to run out. You and the others may have really said that this was the person they met..

At this time Tianci spoke, why do you always feel that this figure is so familiar? What about you, Gu Shaoyang? Didn't you also see this voice? Is it Wu Yi? What about you, do you feel this way? The two of them finished asking Then they all nodded and said

,"

"Yes, we also feel that this voice is very familiar. Have we seen it somewhere? After the performance of the two of them, Tianci can confirm that this person is indeed someone they are familiar with, and his figure has been firmly engraved in his mind."

"Although we may not know the identity of the other party now, I can tell you now that this must be our person. Maybe he has been secretly following us along the way, and maybe he also helped me. A lot of work, but now there is nothing. However, all this is a big breakthrough for us, but I really want to go out and see who this person is.

Also, what the other party said was that they couldn't go out at night. If they went out, they would get into trouble. I really wanted to go out and have a look, but Gu Shaoyang stopped them and said

"I would rather not sleep tonight to watch you. I hope you can be safe and sound."

Gu Shaoyang knows Tianci best. When he saw him like this, he knew that he was determined to win. But, to be honest, he really wanted to persuade him again, but seeing his look like that, he knew that his persuasion had failed. It was useless to say it, so it was better not to say it. He could do whatever he wanted. Anyway, there was no difference. Sure enough that night, Gu Shaoyang took advantage of Tianci and Wu Yi, who were sleeping comfortably, and he quietly He opened the door and prepared to go out to take a look, but it didn't matter. When he just opened the door, he saw a white shadow floating in front of his window, and it seemed to jump in the air. Could this be the rumor? Yes, Ah Piao. After waking up here, he was a little scared, but then he thought about how could Ah Piao appear in a civilized society. He must be scaring himself, so he immediately closed the window, and the two of them escaped at once. It has passed.

Now Tianci and Wu Yi have woken up. They must follow him to ensure her safety. Otherwise, how can they tell him if something goes wrong? My father explained it. After thinking of this, he glared at the knowledge in the textbook, and then said

"This guy is really evil. At this time, he still has the heart to look at these things. He must look good if I find him. After hearing this, he laughed and said, in that case, okay, I will definitely treat you well. Let's talk about it."

At this time, Gu Shaoyang and Wu Yi were following Tianci. They were not far away.

At this time, he suddenly felt that a person wearing white clothes appeared in front of him. He stopped in front of Tianci. Tianci was trembling all over at this time. They didn't care whether they were following Gu Shaoyang or not. They were following Tianci.

They rushed in front of each other, holding the Tianci Tiger to their chests.

"Who are you and why are you pretending to be false here? If we find out, we will definitely not spare you."

At this time, he actually saw such a weird scene in front of me. The other party actually had no head, but he felt that he did not believe that any creature had a head. No wonder Gu Shaoyang was so frightened that he could no longer move. It turned out that he saw it. Such a scene, but it doesn't matter. If you encounter your own vast magical power, you will definitely be able to find out the other party's features.

Then they quickly led Gu Shaoyang to this powerful place. Only then did they know what happened, but it was precisely because of these popularity that this matter was brought to the forefront. After a while, Gu Shaoyang and Wu Yi looked at Tianci who was gradually getting better.

Chapter 1427

Don't mention how happy I am, just do it.

After seeing this, he couldn't help but said

"If that's the case, do you still want to continue investigating?"

At this time, Tianci was frightened by the scene just now, but he was very stubborn in his heart and said he would do what he said. Why not do it? This matter it has become like this. If I don't do it anymore, I will be stabbed in the spine. So at this time, I still have to investigate. Anyway, it has come out. Let's go, let's continue to watch.

So they started I followed the white shadow until I came to the door, and suddenly I found a man sneaking in front of me, following the white shadow and talking about something. I don't know what he said, but the white shadow immediately said that The man was beaten.

He also brushed his hand and raised his hand, and the other person's head fell off. After seeing this scene, Gu Shaoyang was about to scream, but was interrupted by the person next to him, and then said

"Okay, okay, don't argue. If you argue again, you will take it back. Tianci nodded at this time, and the other party released his mouth. At this time, what words were the two of them using to describe their mood at this moment? ? why?"

Because they actually saw each other knocking off their heads, and they all said that if they didn't listen to the old man, they would suffer. They had warned them many times, but they just didn't listen and there was nothing they could do. They really saw this scene and they felt very Are you afraid? This was the question they wanted to ask the most, but when they saw Tianci like this, they couldn't bear to ask, because they found that the people here were indeed strange.

Not only the people in this village but also others The people in this place, in short, the people in this place are very weird, Guan Yu is weird, you can't tell where, but in short, it gives people a different feeling. After seeing this scene, everyone opened and closed their eyes, and then They were ready to see what was going on with the guy in front of them.

Just like that, they came to the suburbs together. They followed the shadow, but as if the shadow knew that they were following them, it suddenly jumped in front of them. They went down to the valley in the distance. You must know that the valley they passed through during the day was more than 100 meters deep.

If they jumped down like this, they would be shattered to pieces. But after they jumped down, they saw that there was no trace at all. His mother thought it was too scary, and then Gu Shaoyang and Wu Yi rushed back to the village with Tianci, because they found that there were still many things waiting for them to do.

So after thinking of this, he hehe said with a smile

"If that's the case, don't blame me for being rude to you.""

After saying that, he left the place harshly.

After a while, they returned to the room. At this moment, there was actually a person waiting for them in the room. This person was none other than the king of the daughter country. This shocked them. Why was this guy nowhere to be found? Not here?

But when he was in school, he was happy and said it was a godsend. The person he had been longing for finally appeared in front of him. Not to mention how happy he was. Then he said why are you here? He gave us a big surprise.

"Why can't I come? Besides, this is my neighboring country and our relationship is very good, so I came to see you. I didn't expect that you are really a group of disobedient people. I have already guessed it, so I thought I want to see what kind of morality you will have after you come back."

When he said this, Tianci felt a little uneasy. Why? Because they found that this little girl seemed to talk about this matter very naturally, as if he already knew that this was your secret. So he talked about it very easily, but Tianci and the others were different.

He told the little girl that they had seen many incredible scenes here, and then told them one scene after another, but Tianci laughed and said , just believe it, I tell you really not to wander around at night, they have a lot of strange things in this place, which happened later at night, but some things are difficult to understand.

But, to be honest, for them in this place He may have anticipated the encounter mentioned here, but after all, the other party is not his zodiac sign, and he cannot pursue it deeply. However, he still said, if it were you, I wouldn't Going against the grain, I did whatever they asked me to do, so as not to cause trouble for myself.

But what did you do? You kept making trouble for others without saying anything, and you scared yourself enough. At this time, outside the door The woman came again, she said

"Our master has said that your father may not come back in a few days, or he may never come back. It depends on your attitude."

Chapter 1428

After saying that, the three women left. After seeing such a scene, Gu Shaoyang seemed to have expected such a scene, and then looked at Tianci speechlessly.

"Do you see, this is the consequence of what you did, insufficient success, more failure than success. As a good father, there is no shadow at all this time. Aren't you strong? Aren't you strong? Go find it yourself."

After arriving here, Tianci was simply dumbfounded, especially the king of the Daughter Kingdom next to him who also looked confused. Just because they didn't listen to each other's words, they

caused a lot of trouble for them, so they punished the other Daughter Kingdom like this. The king felt that there was nothing wrong with doing this.

At least let them teach them a lesson on the spot, but seeing Tianci like this, to be honest, why did she know such a man? The guy who failed to achieve anything but failed more than failed was really blind. , of course, this thought only occurred in a moment, and after a while, this thought disappeared immediately.

Because he saw a look of disappointment on Tianci's face, at this time he sighed and said

"Okay, okay, don't show this kind of sadness and anger again. Everything is caused by you and has nothing to do with others. I have already told you that they are threatening you with this matter.

You just don't listen, you act like a fool, and you still go your own way. It's okay this time. What truth have you found out? Could it be that no truth has been released, and then your father has disappeared so that we can continue to work?"

Gu Shaoyang didn't have anything to say at this time, because he had already advised Tianci before, but he couldn't help it if he didn't listen. Then each of them had something different in mind, especially Tianci, who was very He regrets what he has done, but what can he do? It has happened. The only thing he can do is to remedy it, but since he cannot save it, he must find some way, but so far he has not been able to do anything. No, so all of this was screwed up by him.

After a while, Gu Shaoyang suddenly felt a little distressed when he saw Tianci's lonely look, then walked to him and received

"2

Don't worry about it. I think your father is still very safe. You don't need to listen to their hearsay. At this time, Tianci was as frightened as a bird and said carefully.

"Is it because of me that the other party is so angry?"

Then he didn't let me see my father. He nodded and said without thinking.

"It's true. You are too self-righteous. Everything is your consequence. Aren't you very disappointed? But don't really start from today. We don't know what will happen next, so we can only wait. Let us be punished."

Gu Shaoyang really came to comfort her, which was just adding insult to injury.

But even though he knew what was going on, Tianci didn't dare to say anything anymore, because he had messed up all these things himself, and he almost came. Friends, At this time, your Guoguo.com also came over. Seeing him like this, I couldn't help but laugh. I didn't expect that you would be as peaceful as you are now. If I had known earlier, I should have been distanced by you.

I really didn't expect you to be a brainless person. I thought you were quite powerful at first, but I didn't expect it was really my mistake. At this time, Gu Shaoyang said angrily

"Could you please stop saying these words? Don't you still know what kind of person I am? Who knew that woman said that if I knew better that you were such a loser, do you think I would still be with you in the first place?"

It was just a fool's dream. I don't know why this time he felt particularly angry when he saw something Gu Shaoyang couldn't say, because he was not worthy of being his own person at all, so he quickly took out a letter of revision and put it in the other party's hand. said in front of

"I think it is a huge shame to have someone like you by my side, so in order to draw a clear line with you, you should sign this divorce agreement."

After he finished speaking, he placed the reasonableness letter in front of the other party, but he did not expect that just because of such a thing, Tianci and the princess would be reasonable. This was something he had never seen before, and it was really a headache for him. They have experienced it before, but what can they do? The ending is destined to be written. They are just acting according to God's orders.

Soon the reasonable place was signed. Tianci seemed to be in despair. He didn't know that now What should I do? How did I become like this? Did I become like this because of my own insistence? No one understands me, but is he really at fault? He is just a little more curious and writes After arriving here, he was really speechless. As for Gu Shaoyang at this time, seeing him in pain made him feel uncomfortable, but he had no choice. After all, this was the path he took, and he had to be alone. People bear the responsibility,

He had no choice but to do this, but at this last moment, he found that Gu Shaoyang had also walked in. After seeing the person in front of him, he said with some surprise.

I have already told you that you are not allowed to do this, but you just don't listen. Now the princess also knows, "You are such a person, you said you can't blame your father for saying that you fail to succeed and fail." Youyu, now I have no doubts at all. In the past, I thought your father was making fun of you.

But now it is really possible that I can see that you are more successful than successful, but more likely to fail than successful, although it is more unpleasant for Gu Shaoyang to say this.

But to be honest, this is really the truth, and at this time, Gu Shaoyang. Although she looks very pitiful, it is all the blisters on his feet, and he did it by himself, and he has no right to blame anyone."

So. This time, no one stood in front of him. Although Wu Yi was also very opposed to his actions, he didn't say anything and just remained silent, which meant that More allowed everyone to do what he did.

Gu Shaoyang believes that after this incident, he will definitely change very well, and hopes to be able to protect his father's face with a long face.

Sure enough, this incident hit him hard. He stayed in the room for two days. During these two days, he was not allowed to let anyone in, nor was he allowed to let anyone bring him food. In short, during these two days, she thought a lot. At this time, the king of the daughter country, Gu Shaoyang and Wu Yi came out and asked worriedly what to do?

Have they gone too far now? Look at how angry he is now. Will he really ignore me in the future? Who knows at this time Gu Shaoyang will say

"Don't worry, with his character, how could he ignore you? So what has become of him now? Is it because we forced him? It's not that she is just blaming herself.

And what is this Goddess in the room doing? He really blamed himself. He remembered that Gu Shaoyang had been supporting him every bit of it after his father was captured.

And he is still as heartless as before, but after this incident, he knows that no matter how good someone is to you, it is based on usefulness. If you become a loser, what will happen? It's useless, so why should people help you?

Just like now, because my princess is very good to me, but now, she is separated from me because of such a thing. Isn't it because she looks down on herself and thinks that she is not successful enough and more than easy to fail? Just because of her father's matter, they put All the hats are placed on himself.

Although he felt uncomfortable, he knew that he had done something wrong, so from now on to change her life style or his way of doing things, he must become more mature, rational and no longer impulsive, and no longer want to act arbitrarily. So starting from day 2 and day 3, after he walked out of that room.

Everyone felt that this guy seemed to have changed all over, as if there was a different kind of person in his body. At this time, Gu Shaoyang suddenly walked up to Tianci, preparing to have a good pat with the two brothers. Unexpectedly, Tianci was like this. Beware of what he said

"What are you doing."

This made Tianci feel very embarrassed.

"What else can I do? Of course I'm saying hello to you. Don't forget that's how we say hello."

Who knew that Tianci would actually say this at this time?

"It turns out that it's now, it's now, it's past, it's past. Don't touch me. I'm not used to contacting you like this."

After saying that, he turned around and left. After hearing Tianci's words, Gu Shaoyang didn't react for a moment. What did he mean? Is he trying to draw a clear line with you? This is too obvious, so he walked away for a while. Distance saw the person next to him. If he ignored him, he wouldn't be very powerful. Finally, Tianci had no other choice, and then he sighed and said

"Lord King, I don't know what you have waiting for me here. If there is something, please tell me quickly."

After that, I have other things to do. Don't act like a scoundrel here. Do I look like someone who is easy to bully? After hearing this, the King of the Daughter Kingdom didn't know how to answer him, but he said arrive

"I do have an advantage in finding you. If you have something to say, just say it. I can listen here."

"Let's sit down and have a nice talk."

"No, there is nothing to talk about between me and you. You are a superior king, and I am just a commoner. The only thing I have to do now is to rely on my own efforts to get my father back. Anything else will do. No one or thing is included, so please respect yourself."

After saying that, he turned around and left.

Seeing this change in him, the king of the daughter country felt really miserable, even Gu Shaoyang. What they had done before might have gone too far, and Tianci suddenly felt To low self-esteem.

Chapter 1430

There was no way to close themselves off, but seeing him like this, they felt even more uncomfortable. Why did he become like this? They really can't figure it out.

Sure enough, one person's words can destroy the biggest in history because they speak to the small. Tianci said so many unpleasant things, that's why he treated himself like this, but it doesn't matter, they will definitely return to normal.

After this scene, Gu Shaoyang began to comfort himself that it was okay, the king

"Don't worry, Tianci likes you so much, how could he give up just like that? But don't forget, I forced him to sign the divorce agreement, but you didn't sign it or not, I signed it too. After hearing this, Gu Shaoyang picked up one head and two eggs, and then said to him, Don't you know it's fake? Why do you want to sign it?"

Wasn't it because I was afraid that he wouldn't sign? So I signed the one I signed first, and then signed it again, and his signed it became a new one. I originally thought that no one would know if I

put it in the drawer, and I would just destroy it when the time came, but that day I went back and saw that it was gone. Someone must have taken it away.

If I say this to you, wouldn't it be very bad for Tianci? Come on, help me figure out what to do? Who knows what Gu Shaoyang can do now? We can only take one step and see when the other party can take out that thing. Then you can make a decision.

If your guess is correct, they may target you next, so you must be mentally prepared.

It doesn't matter to me, I've endured this kind of thing out of nowhere many times, but what I'm most worried about is that Tianci doesn't know how she is.

"Don't worry, Tianci is still a man no matter what, and his ability to withstand any situation is stronger than yours."

Actually, after this incident, Tianci has really grown up a lot. Maybe he was scolded so badly by them, but he feels that he has been living in a hazy state. If his friends If they knew that he had such thoughts, they would definitely not act like this.

At this moment, Gu Shaoyang walked up to him and said to him

"In fact, this matter is not as simple as what we said on the surface. He knew that what they did must have hurt God's self-esteem. Otherwise, he would not be so indifferent to them now. Maybe what they said before was indeed a bit excessive. , that's why such a result occurred, which is really rare for them."

Now they want to save Tianci, but they find that this guy has an indifferent face, as if he has never known them before. On this day, they finally broke out and several of them pulled Tianci into a room, and then said to him, Tianci has known him for so many days. You should have vented enough and stop acting like this, otherwise our friends will really get nothing.

But Tianci looked confused at this time.

"What did I do? I'm just not so naughty anymore. Isn't this what you want for a serious life? After the other party said this, some of them were speechless, because what they said was right. Isn't it because of this that they have always had opinions about him?"

Now that he has gotten rid of his original problems, why are you still dissatisfied with him? Does he have to die to make amends to them? After moving here, her eyes became cold, and then she said

"Let me tell you, I can do whatever I want, and it has nothing to do with you. Anyway, I live for myself, not for everyone. I know that our relationship is very good, but please don't interfere with my freedom.

I can do whatever I want, and besides, am I not developing in the direction you want? So don't bother here, okay?"

After saying this, he turned around and left, but how could Gu Shaoyang and the others let him leave? After all, if they don't make it clear this time, it will be even more difficult for them in the future. Once a misunderstanding is formed, it will be difficult to resolve it. It was difficult, so at this time he suddenly pulled Tianci back.

Speaking of,

"Tianci, I don't like hearing what you say. Why did we say that before? It might as well be to make your memory long, but who knew you would make you so cold now? This was not our original intention. , we want you to be well.

But, you have to do this"

"I tell you, you better not make any mess for me, otherwise I will never let you go."

I heard the other party couldn't help but say after hearing his words.

"In fact, I really can't say anything more about you like this."

At this time, Gu Shaoyang didn't know what was going on with Tianci. He had clearly made a joke with them before, but now he really wanted to draw a clear line with them. This feeling made him very bad.
