Chapter 1431

So I planned to try to persuade him to stop being like this, but this guy was very cold and gave them a very cold face. They felt very sad when they saw him like this.

Could it be that they have gone too far before?

That made him wary of everyone. They must have gone too far before, so they must find a way to get them together now.

Think carefully about any way to save it from the past article. After seeing this, he couldn't help but said, if this is the case, then should we find a way to prevent Tianci from continuing to be so indifferent? , To be honest, I feel really sad when I see Tianci like this. I don't want him to be like this now.

You are very tired like this.

At this time, the king of the daughter country spoke

"I just said this method won't work, you have to say it works, and it works this time."

Seeing that he has become like this, what should I do? He said that he will ignore me now, who knows Wu At this time, he also said that he ignored me and ignored everyone.

So we must find the best way now, but what should we do if we wait? This is really a very sad thing, thinking about it It doesn't matter if he chuckles after this. Let's see if we can find his father now.

It will become normal. I guess it is like this. Otherwise, let's comfort her while helping him find his father. , and soon, they made this decision. Now the only person who can affect his sadness and anger is his Fauci. Even he doesn't like his job anymore. It's not that he doesn't like him and feels that he can't reach high. He got up.

He thought it was wrong from the beginning, otherwise how could these things happen in the future? Not to mention how awkward he felt after getting here.

Then he came to a relatively open place, where he could speak freely. , here you can say everything you want to say.

In fact, it is really difficult for him to have the gift of Jin Yuxi in front of his friends. Sometimes he can hardly hold it in, but there is no way. He could only do this for his father. Why did Gu Shaoyang do this? It was because he wanted others to see that they finally broke up.

Then they took it easy, and someone would come to him when the time came, and they would know about his father. His whereabouts were exactly as they had guessed, and so were these people.

Their cold eyes glanced around them. They really wanted to get his father back as soon as possible. Only in this way could he change back to his original self. Tianci, and Tianci comforted himself so much when he saw these brothers and sisters beside him.

He was really too happy, but, he really can't do anything now. He can just wait here. Don't mention it after thinking about this. I was already angry, and then I said what should I do?

Have I offended him? What should I do if it continues? After he put it in the box, he couldn't help laughing and said, "That's okay." What should we do?

After a while, he immediately said, "Okay, okay, don't wait any more." After a while, he came over and it was weird for him to hear him. As expected, as soon as he finished speaking, Gu Shaoyang came over here. In fact, Gu Shaoyang was also curious about what they were doing here.

After arriving here, he immediately came to the other party and said:

What is the purpose of coming here?

If so. If you want to see our jokes, you have already seen it, you If you want to see anything else, you can just say it. We can satisfy you. After listening to his words, he couldn't help but frowned and said

"Why are you like this? I have no other meaning. Why do you think like this? I really judge a gentleman with a villain's heart. But at this time, Gu Shaoyang suddenly burst out laughing, but he quickly returned to normal. Yes, they all thought it was a hallucination."

Then he walked swaggeringly in front of them. After he finished walking, Wu Yi next to him asked if he had laughed out loud just now, "No, why didn't I hear it? I'm dead, I won't lie to you. , I know him best. The expression on his face when he came back just now, I knew he must be smiling. This shows that he is pretending to be like us, but what is his purpose of doing this?"

That's for his father. If that's the case, then I think we don't have to think about who the other party sees.

We don't need to do this kind of thing like the mess they made, so, You should also treat me well. I don't like those messy things. Hear you?

Everyone nodded after hearing what Gu Shaoyang said.

"Don't worry, we don't like those things any more than you do, so you don't have to worry."

It was at this time that the princess next to me spoke.

It seemed like he didn't see me just now.

Chapter 1432

He passed by me all of a sudden. Did he really do this on purpose? I would forgive him if it was intentional, but I would never forgive him if he didn't do it on purpose.

After hearing this, they were speechless for a while. They obviously started this incident, so what qualifications do they have to say that they cannot forgive others? It is simply ridiculous.

However, he couldn't say anything. After all, the other party was the princess, and the princess could not afford to offend. Things passed quickly like this. Three days passed in a flash. The owner of the village finally came back, but beside him Brought a strange man.

This man could not speak, and he was also wearing a mask. Regarding her arrival, Gu Shaoyang and Tianci were at the same level, and then asked the village owner who this person was.

Unexpectedly, the village owner said nothing and returned to the room. Later, I said, isn't this the person you have been thinking about?

Not to mention how surprised they were when they heard that it was her who was waiting for her father with all her heart. He quickly took down all the things his father was carrying and saw that it was his father's face, and then spoke to him.

"Father, where have you been during this time? Why haven't we found you? When his father saw his son in front of him, he thought it was like a dream."

Then he said

"Didn't I leave with the guy who was sweeping the floor? I didn't expect that he was actually a bad guy. He took me to a deserted corner and handed me over. But yesterday my friend felt that he had rescued me. From then on, I followed him. I follow him when doing business."

Not to mention how surprised Gu Shaoyang and the others were when they heard this. The guy who had been thinking about it for a long time was a bad guy. If he had known earlier, he would not have entrusted his father to him. No wonder they had a very bad premonition at that time. It turned out that it was He was pushed into the tiger's den. After thinking of this, they felt very guilty, so they said to him

"I'm sorry, uncle, we didn't mean it, and we didn't know what kind of person he was. If we had known, we wouldn't have entrusted you to him."

After hearing this, he couldn't help laughing and said

"Don't worry, young man, how can I blame you? I will definitely thank you very much. At least my son has grown a lot during this period. He has learned about responsibility and filial piety. Anyway, he has learned a lot by your side. Even though I saw him today An indifferent look.

But I know that he is pretending, and he will never be indifferent to his friends. If he were indifferent, then he would not be standing here with me today, maybe he would have disappeared long ago."

At this time, Gu Shaoyang also spoke, to Gu Shaoyang and the others

"Gu Shaoyang, I didn't mean to do it. I did it for the good of my father. Maybe you think it's a jerk to do this, but I'm telling you the truth, I really did it for my father. I thought after letting down my guard.

They will reveal their clues, so we can find the evidence and directly find where my father is. I didn't expect him to find it so quickly. So, thank you very much this time."

At this time, I turned around and looked at the people in front of me and said

"I really didn't expect you guys to be so determined. At the beginning, I just wanted to test you to see if you would listen to what I said and do it. I didn't expect that my old friend, your son would be so stubborn. , I almost killed you. I think your friends seemed to have strong opinions on you and ignored you afterwards.

I hurt you every day, but why did you change so much later?"

Then Gu Shaoyang said with some embarrassment

"I thought you were deliberately being unruly to us. If I disobey, you would do something to my father, but I don't believe it at all, because I think it's impossible for a person to do so many things for no reason, so what? I just feel it. There must be something wrong with this. As expected, I guessed that you were all faking it.

However, I am very happy to see you like this. At least you have a car and know how to confuse each other. If these are really those who come here, I am not sure how to deal with them."

At this moment, the king of the daughter country walked up to Gu Shaoyang and said

"But you are all pretending. Come with me later. I have something to ask you."

Only at this moment he couldn't help but say

"Well, I have something to ask you. The two of us have a good talk. That's it. They saw the princess and her son leaving with their own eyes. After seeing this scene, he frowned, and then said to Gu Shaoyang next to him.

"The two of them still have heads now."

"Yes, they have a very good relationship. What's wrong? you do not know? The two of them have already held a wedding ceremony in the daughter's kingdom, and the whole country already knows about it. Don't you know?"

Chapter 1433

When Tianci's father knew about this, he was simply stunned. He didn't expect that Tianci would do such a thing. It really shocked him, but these words are quite good. At least this daughter's country The king is quite decent, a man who is simply above average for his people.

What was Gu Shaoyang doing at this time? He must be calling his brother from behind.

Just when they were talking happily, suddenly the sky was covered with dark clouds. It seemed that the wind direction suddenly changed and the nature changed suddenly. Then, um, I took a look at the sky at noon and felt a little bad, so I hurriedly Gu Shaoyang called him back and asked him to check the weather here.

Suddenly Gu Shaoyang's eyes became very sharp, and then he ordered everyone to act quickly, return to the house quickly, and never come out again. Don't come out if anything happens. In this way, the crowd was quickly evacuated by it, and they were asked to go back together. When he arrived in the room, Gu Shaoyang stood under the sky and looked at everything in front of him. He suddenly laughed and said

"I didn't expect that you would dare to do it all over again. If you dare, I will definitely not let you go this time."

After hearing what the other party said, he couldn't help but say

"Hey, hey, let me see if any of you say you can't let me go this time, I will make you pay with blood."

After listening, Gu Shaoyang suddenly felt why the sound was so good. It was as if the ear mouse had just heard this sound not long ago, which made him feel particularly magnetic. At this time, the

other party finally showed up. When Gu Shaoyang saw the person in front of him Not to mention how surprised he was.

It turns out that this guy is not dead yet, Gu Shaoyang said with a chuckle

"It turns out it was you, and who did I think it was? It's you who has been doing this for a long time, but it doesn't matter. I was able to beat you so badly last time, and it will be the same this time, so be prepared to take the attack."

After seeing this scene, he couldn't help but said

"Put away your three-legged cat skills, this time I will definitely make you beg your grandpa to sue your grandma."

Then Gu Shaoyang reacted, and he started to attack Gu Shaoyang. But this time, Gu Shaoyang did not hit the opponent fiercely like before, but this time, Gu Shaoyang kicked him back. Now, he doesn't know what Gu Shaoyang has experienced during this period of time and why his abilities have improved so much.

It shocked him, but there was nothing he could do about it, after all, this had happened before. The rest of the people may have encountered some adventures during this period.

Later, the other party refused to give up and struggled with him for a long time. In the end, he was defeated by Gu Shaoyang. He fled in defeat. At this time, Godsend and others came out from outside and asked Gu Shaoyang if he needed help. If he needs help, we Two will help you now.

Unexpectedly, as soon as he finished speaking, he saw that the other party had run away. When they saw the other party's escaping figure, the two of them wanted to chase him, but, he caught him and said

"Okay, okay, don't chase him anymore. He has been beaten away by me. From now on, you should never take care of him again."

"If he really runs away, that's okay, but I'm afraid if he comes back halfway, won't he become a trouble for us?" "Don't worry, it won't happen. I've already severely injured him this time. His immortal veins have been cut off by me, and his spine has also been chopped into pieces by me. If I

chop these two into pieces, it will be broken." Just like a useless person, even alive is worse than a useless person.

After seeing this, they finally felt at ease, and then they couldn't help it until now. In this case, don't blame me for being rude to you. After saying this, he opened Gu Shaoyang with a palm , before Gu Shaoyang could react, why did he beat himself up and think of God's gift at any time? He laughed.

Speaking of

"This time, I asked me to avenge myself. Who told you to say that to me? Gu Shaoyang. When I heard that, it turned out to be like this. To avenge myself is to seek revenge, but it doesn't matter. They are best friends anyway. What does he want? So be it."

So quickly they returned to the room. At this time, Gu Shaoyang's father and the village owner were worried about their own safety. When they saw him coming back with a safe face, they immediately thought that the West Campus was open, but I found this Things must not be settled like this. If it is settled like this, it will be used up.

Tianci just slapped Gu Shaoyang. This slap was actually quite heavy, but it still couldn't hurt Gu Shaoyang. It just hurt a little. Next.

At this time, Tianci's father seemed to notice that Gu Shaoyang was uncomfortable, so he looked back, only to find that his son was complacent there, and he knew what was going on. So he fiercely He scolded his son harshly, and then healed Gu Shaoyang's wounds. He still couldn't recognize the slap. If he hadn't healed it earlier, it would have been difficult to repair the previous wounds.

Chapter 1434

Did he really not know all this? If Gu Shaoyang didn't know, it would be the third young master.

At this time, Gu Shaoyang couldn't help but said after hearing what the other party said.

"Ah, I was wrong, I was wrong. Isn't it okay if I never make trouble again? I didn't mean to do it just now. I just looked for it casually. Who knew I would beat him so hard? Father, I'm sorry, it was my mistake."

His father saw Tianci's face admitting his mistake and said nothing more. However, he discovered a problem with Gu Shaoyang, that is, there was an unknown spirit flowing around in Gu Shaoyang's body. , if it is used, it will definitely be angry for that day.

If he is not so excited, maybe they will not be so angry."

After thinking of this, he chuckled, and then said to his good friends

"I'm sorry, I was too impulsive that day, and I didn't have any other intentions. I think you should know, right?"

At this time, Gu Shaoyang and the others collectively ignored him. In fact, it stands to reason that they were the first to be angry, and it had nothing to do with Gu Shaoyang. Gu Shaoyang God-given that he was just imitating Gu Shaoyang and the others, but he did not expect that he would actually learn from him. Until now, he suddenly became indifferent.

After you saw this, everyone became nervous. He thought he was going to look like a devil again, but he didn't expect that he could only scare everyone, and suddenly laughed. Get up and talk about

"I knew you would be surprised. I tell you this trick. You are not allowed to scare me anymore. You don't know that I was very depressed every day in those days. I was about to suffer from depression. Just because you were here. They keep talking about me, so I don't even know what to do."

"Then you have to know that we are doing this for your own good. If it were not for your own good, do you think we are willing? So you must be nicer to us after we get back on track. Everything we do is because of you. Otherwise what do you think."

After hearing this, he no longer said anything, but at this time he couldn't help but say

"Actually, this matter is all because of me. I didn't protect my father well and let everyone worry about me before he fell into the hands of others. But from now on, I won't do it anymore. I will definitely be fine. I won't make them sad again when I take you with me, so please trust me this time"

"Don't worry, it will happen. How could I not believe you? You are my best friend."

I understand, thank you, Goddess.

The conference room was not far away from them and I saw a few of them shaking hands and making peace. Not to mention how happy they were.

In this way, they stayed here for two days and prepared to go back to the academy. Because they had been away from that academy for a long time, they should go back and make preparations. However, through this incident, he developed a bad guy, that is, the sweeper. He originally thought he was a good person and took his father to hide in the academy. It's nice to be in a hidden corner.

But who would have thought that he would actually be with the monsters and ghosts outside? That's why my father disappeared without a trace. I can feel it vaguely now. , I guess he can't do this. Although it's a little uncomfortable because of the thought, I know that my father still regrets leaving that guy. To be honest,

"His father had worked with him for so long, and he had never seen her show such an expression, so this time he was really angry.

And my father came over and said to everyone

"When you see that man after you go out, don't show him any kindness, don't treat him as if you know him and just ignore him, and don't really scold him, because this will make him feel very shy."

In this way, they set off on the road to say goodbye to the owner of the village. Not to mention that the owner of the village is not bad. Although they had suspected that his father's affairs were related to him, he once thought that he actually saved his father's life, and so many things. He has had his father by his side since the beginning of time, and he is extremely grateful to this man in his heart. At this time, his father also treated the man in the same way, he was very grateful, and then said."

Father, thank you so much, As long as you can come back safe and sound, this is really a great thing for us. Please don't do such things again in the future. We really can't bear it."

After hearing what the other party said, he laughed and said

"Don't worry, how could the young man's father do such a thing again? He would definitely not, so they left here very quickly and came to a large Gobi desert, because this was the only way for them to go home."

This road is the way home, and it is the only road that leads to the academy. They are afraid that these places will buy gloves for each other, so Gu Shaoyang God-given them two to walk in front very seriously, And what about the king of the daughter country?

Chapter 1435

Now he is with them. He is preparing to leave him after the things here are completed. He must also go back and take a good rest with his army. During this period of time, he has found that his army seems to be a little unclear. It was a very strange feeling. He had to go back and figure it out. Otherwise, what would he do with these big plots?

At this time, everything was going in full swing, but who would have thought that something like this would happen? It turns out that there was a fledgling in front of him who looked like he had been abandoned. He looked like a Gu Shaoyang. I felt very guilty, and then I quickly picked up the child and said

""How are you? Gu Shaoyangzi, how are you?"

Unexpectedly, the other party laughed.

"Yes, thank you brother, I'm fine. By the way, what are you doing here? Can I take you with me? I also want to go with you, because I am afraid that no one will come with me."

So, you wait here to see if there are any passers-by passing by together. I didn't expect that I would notice it, but it seems like you don't want me to follow you. After all, I am just Gu Shaoyang, and you are adults. And you must be very regretful about me.

At this time, after the other party heard his words, he was completely stunned. He did not expect that he would actually do such a thing. You must know that the princess has no cap.

Come here Then he couldn't help but laugh and said

"Well, from now on I won't care about you anymore, but I will start my life."

After seeing this, he couldn't help laughing and said

"Okay, okay, follow me now, we will definitely take you out of this place. No one saw his face at this time, and he smiled blankly. Of course, apart from the emperor, it belongs to her. , she felt like she was just having fun with others, and she couldn't be more angry after seeing this scene."

Then he said that he must be good from now on and never be the same as before. Do you know that Gu Shaoyang's father has been away for so long? Let's see if you have any experience. After saying this, he started to hit each other for a while. In a short time, he had already beaten the other party to the ground. At this time, Gu Shaoyang's eyes were very magical.

After walking for a while, Gu Shaoyang said to them

"Why don't you go first? I'll take this child and walk slowly. After a while, I found that she seemed to be walking very slowly. I looked at how her legs were doing. After Gu Shaoyang said this, of course no one had any doubts. Understanding his words, they all walked away.

But at this moment, Gu Shaoyangzi and Gu Shaoyang were left alone. Suddenly Gu Shaoyang threw it on the ground, and the other party was thrown hard because he didn't expect it, and then said Gu Shaoyang, what are you doing? It hurts so much when the disease hits me like this, but Gu Shaoyang said at this time, you still know the pain.

I thought you didn't know. Aren't you just a soldier under the other party? Do you think I don't know you? Your appearance almost deceived us. Fortunately, I thought early, otherwise I don't know what would have happened.

"What else can you do? Don't think wildly. I tell you that everything has been arranged. You are not allowed to make up anything and everything, and you are not allowed to have anything happen in it."

"I want to know what you are going to do, why do you keep calling us, the dean of the academy, who is Tianci's father, over and over again? What mistake did he make? If you want such punishment, he will let him leave again and again. At this time, the other party spoke. In fact, we didn't think about it.

Just because he knows some secrets, we want him to shut his mouth forever, because it is really a shame for us that he is alive."

But I want to know what secrets they know, and why they let you kill so painfully. If it wasn't very important, I don't think you would just leave it like this. I didn't expect the other party to laugh.

God's gift is indeed a God's gift, and so is Gu Shaoyang. Same, the two of you have always cooperated perfectly.

But at this time, some laughter suddenly came from the side. It doesn't matter. Gu Shaoyang immediately saw the person who laughed. The person who laughed was no one else. It's Tianci. He didn't know when he returned from the front. Did he hear all the conversation between them?

After thinking of this, he chuckled. How about Tianci, why did you send it here? Who knows that Tianci chuckled, and then He walked up to the man and said

"You can see the difference. Do you think I'm that stupid? So don't think that I won't know if you don't tell me about this matter. What happened to you? My father finally came back from the outside."

Chapter 1436

"I hope you can recognize this fact and don't let anything bad happen to my father. If you know about me, I will never forgive you."

At this time, the other party did not feel the slightest fear after hearing Gu Shaoyang's words. Instead, he said with anger on his face.

"Brat, do you think we will be scared if you say harsh words? I tell you that this matter will never be settled like this.

I must punish you well so that you don't listen to my father."

Suddenly Gu Shaoyang and Tianci said to the people in front of them.

"I swear, I told him that we will never go to any occasion again. Please believe in us. We will never do anything that threatens your affairs. Just stop arguing with us, okay?"

And the other party didn't know what to say at all, because he didn't have the final say in this matter. He was just a stringer. Then he thought that this matter actually had nothing to do with me, but, I I can tell you that as long as you are safe and sound in this matter.

Stay where you are supposed to live and don't wander around. Maybe no one will remember what you have done, but if you keep wandering around like this, who will? I know what will happen to you, mainly because of two words, so it will definitely happen, don't worry.

Soon they disappeared in front of everyone, and at this time Tianci's father also came over and asked them just Where did that Gu Shaoyang go? When he knew Gu Shaoyang, he said, this is it. His father just came to find someone and he took him from the side. He was already very powerful.

From our original direction, we didn't see that you were so powerful. That was Of course, he didn't even take a look at whose son it was.

After seeing this, he said calmly

"Well, if that's the case then don't blame me for being rude to you?"

After saying that, he quickly flew towards the other party. After a while, he had disappeared in front of everyone, and then he couldn't help but say

"Okay, since I was a kid, I've been watching you to see if you have anything else to say."

In this way, he quickly said in front of everyone

"Starting from today, those bad luck will be far away from us and will never fall on us again. We can start from today and we will no longer sit still and wait for death."

Not to mention how happy they were after being here, and then they were all tearing up, and some became restless.

Soon they returned to the academy, and when they opened the door of the academy, suddenly a kind of dust came to their nostrils. This means that no one has been here for a long time, and even the cleaners are no longer here. After seeing this scene, they felt very sad and depressed, and they thought I was like this.

Originally, after they all came back, they planned to clean up the place and continue their direct careers, but they didn't expect that the demons stumbled in at this time. At this moment, the demons appeared in front of them, letting them I was shocked. What was going on with these guys? How

could they be so well-informed? After a while, the leader of the Kung Fu Demon Clan stood in front of Gu Shaoyang and the others. Seeing such value, it seemed that they were here to cause trouble again..

But this time their trouble is not their father, and Gu Shaoyang, I also said that you have been here for more than 10 years.

It was at this time that an obvious guy appeared in the breast milk, and this man Gu Shaoyang's God-given father is She knew each other very well. This demon general was under the Demon King's command more than 10 years ago and was one of the best. But no one knew why they ended up in this situation. This was the last thing she wanted to see. Arrived.

At this time, a great general among the demon lords appeared in front of Gu Shaoyangzi and said?

"How about I give you a chance today, as long as you can defeat me, from now on we will never come to trouble you again? As long as you can defeat us, after hearing this, Gu Shaoyang knew that this was the only chance, so he asked, is this really the last chance? Dressing up means traveling."

At this moment, he couldn't help but said, in this case, don't blame me for being rude to you. After saying that, he quickly hit Gu Shaoyang, and Gu Shaoyang also quickly He started to attack. To be honest, he had grown up. If Gu Shaoyang couldn't resist, then this palm would hit him.

People from the Sanmo Clan who will soon be with him are so insidious and cunning, and they will never let the other party have it. It was a good life, but Gu Shaoyang was also very upbeat. He remembered it all of a sudden, and missed it very much, right?.

At this time, Tianci also wanted to step forward. He came to help Gu Shaoyang, but he was rejected by Gu Shaoyang at once, and then said

"You must not come up, just leave me alone."

Chapter 1437

Otherwise, you will become a burden to me, and then you will become a burden to me. After thinking of this, Gu Shaoyang knew that he had already decided on this matter, and as usual he would not change it, so the only way he could What I did was to cheer him up from the side, hoping that he would be able to get out of the past things quickly.

Then he would be quite happy. After thinking of this, he smiled and said, great, Gu Shaoyang, you can finally make this happen.

In fact, they all knew it tacitly in their hearts. The reason why Gu Shaoyang refused Tianci's help was simply to allow him to conserve his physical strength and deal with more powerful ones later, or the next minion. He didn't want to let the other party suffer even the slightest harm because of you.

This is the last thing she wants to see. After coming here, he smiled helplessly. "Okay, since this is the case, there is nothing I can do, so she is sure that she is willing to complete it."

At this moment, Tianci appeared behind Gu Shaoyang alone. At this time, Gu Shaoyang had just been attacked by the opponent. He ignored the small sign and came over to steal it. He hugged her there alone. Please help me figure it out. I am already wonderful too.

At this moment, a soldier from the demon tribe wanted to sneak up on Gu Shaoyang from behind, but this time he was discovered by Tianci. Tianci discovered it, how could he remain indifferent?

So he was behind Tianci. He beat the soldier to death severely. After seeing this scene, the real Xiao Ming suddenly turned into a small box, but as for what was in the box, he picked it up and put it next to his father without looking. Go and get this thing from your father.

"I don't know what there is in it, but in my opinion it should be a good one, so I learned this thing from his father, and he came back after a while."

Seeing such a panic scene in front of him, who should he pick up?

At this time, an expert came next to Tianci and Gu Shaoyang. This man looked gray-haired, but not even Gu Shaoyang's father was seen. He passed, and then said

"Who are you and why are you here?"

And the other party said with a very complacent look.

"Who am I? Have you forgotten who I am? I am not something that you can definitely imagine if you think about it carefully. I don't believe that you are just like this. I have also forgotten it, if I really have forgotten it.

Then you will definitely not have any good juice to eat, so I believe I have to take a good guess and see if you can guess who I am. If you guess correctly, I will give you a reward. If you can't guess, I will give you a reward. Say it again."

At this time, everyone saw who the white-haired old man in front of them was? They had never seen him before, and even their father knew little about him. So Tianci returned to his father and asked her, not only do you know Who is he? Why does he look so mysterious?

Why have I never seen him before? Is he your old friend? Take a closer look and see if you have any impression. After hearing what your son said, , the old man walked forward again and saw it several times, but did not find any familiar texture, and then said

"I'm sorry that I didn't recognize who he was. I didn't even recognize him when he was sitting behind me."

At this time, the white-haired old man didn't even recognize her when he saw Tianci's father. You can imagine how special this guy is. Hidden away.

At this moment, the white-haired old man saw that no one recognized him. Finally, he laughed loudly and said that the brat didn't even recognize me. After that, he said: After hitting Gu Shaoyang, Gu Shaoyang was blinded. Then Gu Shaoyang said seriously,"It's my fault. I really don't know you. Who are you?

You don't even know who I am, do you?" You look at who I am again, and then the old man moves his face in front of Tiancihei. You take a closer look. After this look, Gu Shaoyang finally has some impression.

Then he felt a little embarrassed and laughed.

"I'm sorry, I didn't mean to do it. How can I recognize who you are when you look like this? If you look upright, I will definitely recognize you. I'm sorry, old man, I didn't mean to do it."

"Okay, okay, don't tell me these things again. Some of them are right. How did you make the demon people feel sorry for you and offend them? I see that there are many people from the demon clan gathered outside who seem to be looking for you to settle accounts."

"Isn't it? The demons were almost offended by us, because they wanted to take our father away, so I beat him outside, but I found that bringing my father back this time should be the last person to leave the house. Because the module work has not been completed yet, I brought my father's fan back."

Chapter 1438

Could it be another danger to her?"

After hearing this, the other party couldn't help laughing and said

"Don't worry, the boat will be straight when it reaches the bridge. I believe God will not treat every promising young person so badly. He should do a good job in dealing with the aftermath for everyone."

Maybe it should be, but I really don't dare to expect too much about this kind of thing, because this kind of thing will turn into disappointment if it is too disappointing, so, well, just do whatever you want. I don't really pray anymore. , it doesn't matter what God does to me.

At this moment, he couldn't help but say

"Alas, if you give me a way to defend myself now, even if I lose ten years of my life, I'm willing to do it, as long as I can see this devilish guy defeat me."

"Willing for anything."

At this moment, the old man said, Gu Shaoyang, is it true? As long as you can defeat the Demon Lord, you two are willing to pay any price, yes, yes, the two of them nodded without hesitation and said, "Teacher, As long as I can defeat them, I will definitely live up to my expectations.

They said

"Well, because you two are so sincere, I will take you two to a place, but the time will be long or short. Do you have the courage to follow me?"

Of course we have. As long as we eliminate the big devil on the other side, we are willing to go. At this time, Gu Shaoyang couldn't help but ask them, are you really willing to go? Are you really willing to go? If so, then you can do it yourself. Go.

Then let the other person take Tianci and Tianci with him. The two of them turned around and disappeared. None of them knew where they went. They only knew that Tianci and Gu Shaoyang were mysteriously killed by a person. The man with curly hair was taken away.

In this way, Gu Shaoyang and Tianci were taken away by the old man and brought to a mysterious mountain peak. Here they saw the peak covered with snow all year round. After seeing this scene, Tianci Ren I couldn't help but tell Gu Shaoyang

"Are you cold? Why do you feel like I'm freezing?"

Who knew that Gu Shaoyang felt the same as him at this time and said

"It's so cold in your store, how can I not be cold?"

Then Gu Shaoyang thought of something and said

"You should quickly use the zhenqi to replenish your physical strength and ability, otherwise you won't have to go around it again."

After hearing Gu Shaoyang's reminder, Tianci hurriedly followed his words. Sure enough, his body warmed up a lot. At this moment, the old man next to him appeared again. He appeared completely different from before. He came out this time. It's very dark.

I couldn't help but laugh after saying something flirty to the other person.

"Okay, from now on I want to see who can climb out of here, I want to see who has this ability." After hearing this, he laughed. At this moment, he beat the other party hard, and that was it. After a while, the old man took them to a cave inside the mountain. When the two of them After entering this cave, I suddenly felt very warm, and then asked Gu Shaoyang what was going on with these guys. What did he want to do by bringing us both here? Is it some illegal thing? After things moved here, why did he pick himself up, and he couldn't help but laugh after seeing him like this?

"What are you thinking about? Don't forget, you are not a big girl, you are a young man. What he can do to you and still survive and sell your organs depends on how cautious you are that day."

As soon as they finished speaking, the old man came over from inside and said

"You brat is so annoying. Let me tell you, if you even guard me, no one can help you.

This is what I would say to the old man, please tell us what is going on, and how can all this be resolved?"

In fact, there is no reason for all these things, survival of the fittest.

It does not mean that it is reasonable. Being able to stand depends on whether you have this ability. If you are strong, you can survive. If you don't want to, you will become someone else's rookie. About this point

"I think you two understand it very well now. Of course they understand what he said. What happened along the way is enough for them to understand. Of course, of course, I understand the law of the jungle. The world? If you are weak, it will be strong. If you are strong, it will be weak. That's it...."

"It seems that you have a very clear view. Yes, what you said is very correct. So, I hope that in the next time, the two of you can study this Buddhist Dharma well. I will wait for you to study it. Once you do, everything inside will become yours."

After saying that, he took off the top skin. When he finally opened it, there was a picture of something. After seeing this, he couldn't help but speak.

Chapter 1439

In fact, at this time, he didn't say much. I was thinking, what if they didn't do what they agreed to do at this time, and kidnapped his father and friends while I was away? What to do?

And at this time, the other party said

"Don't worry, I have already sent people to protect each other. After seeing the people at my party, they will definitely not give up. He has raised a girl-like mother behind him."

"I don't know why he looks weird, as if he has become stupid, but his mother never behaves like this. It is very likely that she was stimulated, so she suddenly became like this, but it doesn't matter. , nothing can escape his discernment."

After a while, he disappeared in front of everyone. Seeing such a familiar scene, he couldn't help but said, OK, if that's the case, don't blame me for being rude to you. After that, outside Those few soldiers began to attack Gu Shaoyang and the others. To be honest, they didn't know the remaining barriers because the other party was already here. What were Gu Shaoyang and Tianci doing on the mountain at this time? Because the old man was teaching Their martial arts, so the two of them now have no impurities in their brains, and they are absorbing the essence of Buddhism. After seeing this scene, he was not to mention how surprised he was. Logically speaking, they should win together, but Who could have thought that this matter would develop to this point later.

Originally, his father had come back and was ready to carry forward their skills and skills, but they failed to achieve results. Suddenly, something like this happened again. It was simply shocking. They were caught off guard.

But what could they do? It had become like this, so he quickly started doing it and said

"No, I can't let this happen again. I must cheer up and prevent my father from being harmed in the slightest."

At this time the old man spoke.

"I know what you are thinking, but I can tell you that it is useless for you to just think, you must also do it, and I am ready to hand over to you all the highest and supreme mental methods here, etc. After you have learned it, you will be able to master it.

Although you two practice different things, to be honest, the little man in front of you is indeed quite tempting, but it has nothing to do with us, because we don't like to eat this thing."

At this time, he will find that Gu Shaoyang and Tianci have been away for a long time. Why haven't they come back? At this time, he is already anxious. He said that if he doesn't come back, he will go out to look for them, but he He was immediately protected by Gu Shaoyang's father.

Speaking of

"Patriarch, please don't tell me now why I took a while to accept it."

At this time, after the other party heard his words, he couldn't help laughing and said

"Isn't that right? The leader of this demon tribe must not know that we are here now. If he knew, he would definitely be fuming."

"is not that right? And how come that guy saved him over and over again, but in the end he still recruited outsiders to force me to buy his books and so on."

At this time, the demon coach finally couldn't wait any longer. They sent a few generals to Gu Shaoyang's academy, wanting to take action here, because their father, who was gifted by God, had already returned to the so-called woman, so for The damage they caused was also very interesting.

After a while, he couldn't help but say

"If that's the case, don't blame me for being rude to you."

After saying that, he began to attack the opponent aggressively. At this time, Tianci and Gu Shaoyang Ant-Man had returned. After resting there for a while, the opponent discovered that the two of them were surprisingly fast, so there was no Just say anything and let them back, hoping that they can find out the truth based on what happened this time.

At this time, Gu Shaoyang and Tianci stood in front of the demons, blocking their Tianci master behind them , at this time Tianci's father finally breathed a sigh of relief, knowing that if the two of them never came back, he might not be able to resist it.

But at the last moment, they finally came out to block it for him, which made him He was so exhausted that he sat on the ground at this time. To be honest, it was really difficult.

Well, after seeing this scene, he couldn't help but worry. Godsend, Godsend, what do you want me to say about you? ? To me, all of this is like a heaven and a hell, oops.

At this moment, he couldn't help but say

"If this is really the case, then there is nothing I can do about it. Just like this, the two of them were talking vaguely.

Chapter 1440

Looking at everything in front of them, the two of them sighed and said in one breath

"Fight or not? Do you want to fight or not? If you don't beat us out, why don't you beat us here? If you don't beat us, just watch them. Can some people be taken away by others? No, I can't tell."

Soon like this, Gu Shaoyang was fighting with the opponent again, and the fight was seamless. Facing everything in front of them, they almost felt like they were searching for a path. To be honest. Seeing this After the scene, he couldn't help but laugh and said

"Okay, okay, from now on you stay with me and you are not allowed to go anywhere."

"Where else could I go? Didn't you idiot already say that? We will be together forever and never be apart. Are all the things we said before false?"

At this time, the King of the Daughter Kingdom came over. Seeing Gu Shaoyang and Tianci, they were so happy, especially Tianci, who looked serious. Is this really the Tianci he knew?

At this time, God's eyes also saw that the king of the daughter country wanted to know that this was his wife. Anyway, they had already made a contract before, as for the move of union and separation? Those are all fake. They don't have to take it seriously, but it will always be like this. When you are sober, some people will think you are fake. Isn't this just a human being?

"Yes, yes, you are the most powerful, and we will always be your strongest support. By the way, your father is inside. If you don't go and take a look, he seems to be a little injured."

Tianci heard that his father was injured, not to mention how sad he was. He then took Gu Shaoyang's hand and went in. Seeing his master lying there, he finally felt relieved and said arrive

"I'm sorry, father. It's all my fault. If I had succeeded in my studies, I might have made you suffer these unprovoked sins here. It's really my fault. Please forgive me."

After hearing what the other party said, he couldn't help but laugh.

"Young man, alas, my father has become a little different from himself now. There is something wrong with him. After we deal with his affairs, we will study his affairs. After listening, the two of them laughed with themselves.."

At this moment, Tianci's father suddenly spit out a large mouthful of blood from his mouth. This scene was seen by them. Not to mention how nervous Tianci was, he stepped forward to help his father with a cold and said

"How is your father? Why did you spit out a mouthful of blood? He said, "Tell me who did it," before she could speak."

The person next to me spoke.

"It's the little demons next to you. They teased your father back and forth and exhausted your father's energy. In the end, he became like this. You should be able to understand what I'm saying."

After hearing this, Gu Shaoyang and Tianci were very angry. These little waists died all of a sudden at the stall, and even the bodies had disappeared. After seeing this, they didn't even mention that there were any How scared, you have to know that this kind of thing can't happen again and again.

If they don't understand it thoroughly, even doing the questions will be in vain. After hearing this, Gu Shaoyang really has hope in the future. It has nothing to do with it.

Even if the other party has been beaten to death, his father has also been severely injured. What should he do? If he does not continue to be treated, it is estimated that his father will have a hard time surviving. After seeing this, he suddenly That old man suddenly appeared. Seeing her appearance, Tianci said as if he had found a life-saving straw.

"Old man, please hurry up and look at my father for me. How can I save him? If I can accept it, he can make me pay any price, but the dynamics at this time are always there. Everything collapsed one by one, which was like a bolt from the blue to them, but it didn't matter, because to them it was nothing at all."

At this time, the other party couldn't help but laugh after hearing this.

"OK, let's complete this great thing from now on."

Then the old man said, didn't you just ask me how to save your father?

In fact, your father's heart is damaged. The only way to bear the damage is to repair the heart. The pulse of things is only half a year of life, but the place of half a year of life is not in this place. It is in a place very far away. I don't know if you have the courage to dare to go and bring back those ten thousand years of history to your father's kind of hairy city. I have made myself very stupid.

Of course, I have to find ten thousand-year-old ginseng for my god-sent father. Well, if any of you go here and I will take care of you, there will definitely be no problem. If you can't find it in half a year, your Your father will become more and more sluggish and weak day by day, and finally disappear in front of your eyes, so you can do this activity or not. In short, it is a very weak place.
