Chapter 1441

After seeing this scene, he couldn't help but laugh. He should really be able to do it from now on.

At this moment Gu Shaoyang stood up and said to Tianci

"If that's the case, let me go with her. After all, that place is too dangerous. If she is allowed to go alone, I would be a little worried. Besides, he is quite impulsive, so I won't let her go alone."

After arriving here, he chuckled. But at this time, Tianci really wanted to be jealous of Xiaohei. Unexpectedly, he actually wanted to be jealous of him for leaving this beautiful place together. Uh-huh, uh-huh.

Just the two of them. There was a turmoil in their hearts. It was that person who was like this. The two of them started a new journey. They knew that they would encounter many monsters and ghosts on the road this time, but they were mentally prepared. No matter what they encountered, I don't know how to fight, so I will defeat them.

In this way, the two of them walked towards the destination together. After a while, the old man appeared again and said, the me you see is not me, the real me. It's my soul. I'm here to tell you that when you are in any danger, just call me by name or hold the jade pendant in your hand tightly, and someone will appear by then. Help you.

Of course, the most important thing is when you are at a critical moment of life and death. Otherwise, no one will show up if you ask. I hope you can remember this."

After he finished speaking, he stopped talking, because she followed closely. Disappeared. After seeing this scene, ah, the two of them were simply too surprised. These are some kind of fairy friends. What are we doing every day?

What are they? It's just some messy things. Let me tell you, we must clear this matter up and not give him the slightest chance. Otherwise, they will get into trouble. After we go back this time, we must eradicate the demons and monsters, and we cannot let them run rampant around us.

Otherwise, things like this will happen again and again, and I don't want it to happen again."

After hearing Gu Shaoyang's words, Tianci nodded and said

"is not that right? The demons have been harassing us around us. The demons in our original territory are also a big clan and we don't care about them. Unexpectedly, they came to our door and caused them to wander outside for so many years. If someone wasn't looking for us, maybe we would just be like that for the rest of our lives and not think about anything at all."

Soon, they came to the opposite side. This is a side of bamboo. After seeing this, she suddenly had a very bad premonition. She immediately pulled Tianci to her. Here, I smelled A kind of evil thing arrived. After seeing this, Tianci asked with some doubts

"Are you a little too nervous? How could such a thing exist?" "Why don't I feel anything?" Gu Shaoyang just smiled at this time and did not say, in fact, the reason why he felt this way was because he had been fooled once before, so it was easy for him after being arrested by the work unit. With this feeling, how can you know without experiencing it?

At this moment, Gu Shaoyang couldn't help but speak

"Actually, what should I say about this matter? Well, I will tell you when I have time in the future. Why do I feel that I do that? I have never made a mistake. For example, if you look at him now, 4 will appear directly in front of him. A monster, and after a while, four monsters appeared in front of Gu Shaoyang and the others.

He was speechless about Gu Shaoyang's gift of prophecy. He could see all the other party's actions, but he could only not see himself. You can tell how powerful this must be in his heart.

Although Tianci and Gu Shaoyang are best friends, to be honest, Tianci is sometimes very jealous of Gu Shaoyang's abilities, because he and he live together, and they have been together every day since childhood. Why is his Are you much more capable than yourself? He didn't know why.

My father's expectations for him are much higher than mine, so I have always been careless. This is also a kind of resistance. However, no one has been able to understand my character for so many years. They always think that it is me. In fact, no one knows that he is similar to Gu Shaoyang in terms of his original character. He is relatively calm when faced with problems and never panics.

But these advantages will never be reflected when Tianci is by his side, because he knows that he has become accustomed to relying on Gu Shaoyang by his side for everything.

Because even he knew that Gu Shaoyang was a shining point, and he would be much safer with her by his side, so her own shining point would be covered.

Chapter 1442

No one will be discovered and has no interest in being discovered, so he has always been Gu Shaoyang's shadow, but now is not the time to think about this, because four demons have appeared in front of him, surrounding them. , and then said

"Who sent you here? If you tell me, I will tell others about the things you complained about. But if you don't tell me, then don't blame me for being rude to you."

After he finished speaking, he quickly came to the other party and asked, "Can you drive? Can you drive?"

" At this moment, Gu Shaoyang couldn't help but speak.

"Can you please stay away from me now? Either I will do it myself this time, but Tianci doesn't know why at this time, it's like I'm in a fight with him, saying no, I will also participate this time.

I want to see what kind of strength he has and why he was able to beat my father like that. I really don't know. In my impression, or isn't it just some ugly-looking guy who knows a little magic?

If this spell is really so powerful, ah, how on earth did they harm my father like this? I really can't understand why my father was so powerful, so why did he cause such misery?

We still need to find ten thousand year old ginseng. Alas, this ten thousand year old ginseng is not easy to find. After thinking of this, he especially hated the guy in front of him.

If it weren't for him, the two of them wouldn't have come to this iceberg and snow to look for ten thousand-year-old ginseng. It really caused them a lot of trouble, but if they could save their father, they would have no complaints. , so this time, he will definitely look for this ten thousand year ginseng for his father.

Maybe there might be other discoveries during the whole process. Maybe this is also a turning point. After hearing this, she couldn't help but say

"Okay, okay, if that's the case, then let's wait and see."

After that, Gu Shaoyang took him and started to climb the iceberg, because the monsters and ghosts just now had been subdued by them, and they kicked them down the cliff, and then they started to climb up the snow mountain. Not to mention how big he was. It was really strange to feel like this when climbing a snow mountain for the first time, because they had magic. Originally, they wanted to use magic to climb over, but the old man told them before leaving.

"Since you are sincerely asking for the Ten Thousand Years Snow Ginseng, you must practice it, one foot in front of the other, and you are not allowed to use any laws on your body. Otherwise, if you are not sincere, the other party will definitely not do it. I want you to find them, so this time you must rely on yourself.

After hearing this, he couldn't help but sigh.

"It's hard to do anything these days, so you have to be sincere in everything you do, but it doesn't matter. For them, it's just a trivial matter, so they soon arrived at their small town."

After a while, they climbed to the top. By the time they climbed up, they were already out of breath. To be honest, they had not climbed a mountain for a long time. Even if they climbed a mountain, they had never climbed so high. He While breathing heavily, he said to Gu Shaoyang

"How about Gu Shaoyang, do you feel like you are back when you were a child today?""

With God's gift, he said

"is not that right? I haven't climbed this mountain for a long time, but I just feel like, well, I'm a little weak in physical strength as I get older. That's it. As for other things, there's nothing else. Is this an age gap?"

He clearly remembers that the age difference between the two of them is only 30 years. Is there a generation gap between them at 30 years old? It was so frightened that it hurriedly took a look. It turned out that it was related to personal interests and hobbies. Some people played games before, and some people didn't play games. The two of them just finished playing games.

At this time, he couldn't help but talk about it.

From now on, I will definitely cherish this opportunity. I will not leave you another chance. Well, from today on, I must do a good job. I will not be your shadow again. I hope that in the future In their respective fields, they can shine alone

"I understand, don't worry, it will definitely happen."

In this way, he completed the matter very quickly, and they slowly began to look for students. It was difficult to find even the seventh-grade snow ginseng of 1978 Xueshen, let alone the Wannian snow ginseng. But, they They still had to look for it. After all, this was a panacea that could affect their father's life and death. If they couldn't find it, it would be a shame.

They started looking for it on the edge of the cliff, because their masters had said that only on the cliff Only on the edge can you find deep species or their shadows, because they know this place is safer.

Human beings basically do not dare to lie on this edge, but this time they were wrong, because this time they met Gu Shaoyang and God-given, so she will be found no matter where she is

Chapter 1443

Sure enough, it was just as they said, there was a flower that had just sprouted under the name Snow Lotus Mountain. But who was this person just now? They seemed to see a silhouette passing by, which shocked them. And after Gu Shaoyang heard this sentence, he subconsciously hid this person in his clothes.

Then she told Tianci that she must protect this thing, and then took it out of her arms and handed it to Tianci, asking her to keep it well. She was going to deal with this black shadow. If I guessed correctly, this guy would definitely not I will be shy about going to work and become someone I can meet in this place.

He wondered who was following them along the way, otherwise he would have suspected someone was following him on the way, but he was afraid that Gu Shaoyang would be suspicious, so he didn't say it directly, but it was different now, he saw it really Someone is following them, so they will definitely not care about it this time.

After thinking of this, he couldn't help laughing and said

"Well, from now on I will definitely not let you. If anything unexpected happens, because I still want to accuse you, hurry up and get him. Take it back.

Soon he returned to his residence."

This so-called accommodation is the degree they found temporarily at the foot of the mountain. Because they didn't know when they would find this thing when they first came here, they rented a place to live there. Now they heard that there was going to be an avalanche, so They had to leave early, and then all the people here evacuated. Not to mention that there were actually some people here for fun. When they just evacuated, they found that the blood flow behind them started to fall.

Fortunately, they left completely, otherwise If it were, they might be buried underneath now. At this time, people were at home. Well, you said in the past that you seemed to have realized a bad premonition. He didn't know if this feeling was true, but he always It feels like it is. It feels very bad, as if something happened to the other party.

So from this moment on, he can't sit still. He must go out and take a look. What is going on? Is it really happening? Did anything happen?

After thinking of this, he was about to go out and take a look, but at this time he was suddenly pulled by the old man next to him and said

"Don't think wildly. If I guessed correctly, they should arrive home tomorrow. Well, I have communicated with them with my thoughts. Don't worry if they are safe."

After hearing what the other party said, he finally understood, but why was there still a trace of worry in his heart? Could it be that he was too worried about them?

But then he thought about it, it must not be something like a tacit understanding.

After the old man said this However, he was still a little worried. Just as the old man said on the second day, Gu Shaoyang and Tianci came back safely. Seeing that they were unharmed, everyone breathed a sigh of relief. Then at this time, Gu Shaoyang quickly asked Tianci to take out the things and handed them to the albino old man and said

"We have got the stuff back. You should give it to him quickly, so that he will be out of danger."

After hearing this, he couldn't help but laugh and said, he never thought you were so fast since he was a child. If he had known this, I would have asked you to do other things. After hearing what he said, some time later The two of them were stunned and said

"If there is anything we haven't been asked to do, you can just say it, as long as the two of us can do it."

After hearing this, the two people slowly said

"In fact, we did see beautiful scenery when we went to the top of the mountain this time. The Snowy Mountains are so beautiful."

After he said this, the person next to him started to think about it and said

"It would be great if I could take a look sometime."

At this time, after the king of the daughter country heard the news, not to mention how happy I was, he said

"Is that good? If I have the chance, I would also like to see Tianci. How about you accompany me? When the time comes, Tianci will be mentioned by others, and I will feel a little embarrassed for a while. said

"Ah, well, I can't do anything like this, but now they are more concerned about Tianci. I don't know how Tianci's father's condition is. After seeing the old man's treatment, his father slowly opened his eyes. He opened his eyes and saw his son, Gu Shaoyang and Wu Yi, not to mention how happy they were.

I didn't expect that one day I would open my eyes, and I thought I was dead. I didn't expect that God, who is not very kind to me, might still let me see the day when my son gets married and has children.

After seeing this, everyone laughed and said

"Don't worry, there will be countless time to spend with them in the future, so don't wander around like this, okay?"

After hearing what they said, he couldn't help laughing and said, "Maybe it's a little difficult for me to get up."

Chapter 1444

"But, to be honest, I really enjoyed accompanying them when they were parting. This time I almost didn't make it in time. However, I will definitely cherish my own life in the future and will not be so reckless and act according to my ability without paying for anything else. For the sake of my children"

"What you said this time is very right, because during the days when you disappeared, they didn't mention how worried they were. You didn't even know that they were looking for you everywhere and asking questions when they saw people.

But in the end, you were brought back by your friends. If you hadn't come back with your friends, I don't think they would come back now."

"I'm still running around looking for you, especially your son who seems to be very filial."

"Don't just say it's a gift from God. In fact, Gu Shaoyang is also very filial. I have seen the two of them together since childhood. I don't know what kind of temper they have? Tianci is relatively unreliable, and the most reliable one is Gu Shaoyang. If I guessed correctly, Gu Shaoyang was always in it. Tianci does things, right?"

Tianci Tianci was stabbed in the spine, and he felt a little embarrassed all of a sudden. He said that the truth is not only what he said is right, but I have to rely on Gu Shaoyang. I can't live without him."

Then he burst out laughing. In fact, only he knew in his heart whether he was really laughing or fake laughing at this time. After his father said this in front of outsiders, could he do anything besides laugh?

But Gu Shaoyang is a very smart person and he knows. Tianci's smile in this life contains many things, so he patted Tianci on the shoulder and said, brother, don't be distracted, your father is just joking.

"I know, don't worry, I won't argue with him, he just woke up, and I don't have any problems."

After hearing this, he smiled helplessly. Everyone seems to be happy now. It looks really good. However, this good situation did not last for a few days. When their academy just opened its doors for a few days, there were many people in the academy. An uninvited guest came. Who was this person? He was a student he once taught.

At that time, this student had evil intentions and had no choice but to let Gu Shaoyang and Tianci bully him away. In the end, he was expelled by the old gentleman. , and he has been holding a grudge since then, never expecting that one day he would be able to come back again.

But as a classmate, it really caught people off guard, but since he is a guest, there is no reason for him to treat others The principle of forcing them out, and then they quickly started working.

After a long time, these people discovered that the new guy had some evil intentions and always tried to provoke the relationship between them intentionally or unintentionally. Especially when Gu Shaoyang and Tianci just started, they thought the two people had a bad relationship because they quarreled every day. So this man was sowing discord in the middle, but after a few days, Tianci and Gu Shaoyang had a bad relationship. Knowing this person's true identity, they decided to do whatever they wanted. They continued to listen to his instigation without knowing. As expected, this guy came just to instigate. In the end, there was no other way. Tianci and Gu Shaoyang showed their true colors and killed him. After leaving this academy, how does it feel to be kicked away for the second time? It would be great if one day I could ask him.

And the most angry person at this time is that gentleman. God-sent father, I didn't expect that after so many years, this guy's mind is still evil. No wonder, he hasn't done anything. What can a person with his mind do? He has no carelessness at all. He just thinks about how to push back. Save, if you don't want to give up, where can you find more to give up?

Just like this, he was hospitalized very quickly and expelled this scum. Now there are only some small and transparent ones left. The so-called small transparency means that you can see through their hearts at a glance. What are you thinking about? I like people like this the most, but I never know. It's because they were just like me now, with their hair falling out.

And this day has come. It was a coincidence that she came here. She was going to go to the old man to ask about how to grow hair, but she happened to see that person. Her friend also went to the old man and asked me what this is in your house.

"I don't know what's going on. Go take a look. There are so many people in your house gone, and no one can tell what is going on."

In this case, let's go take a look. Maybe we will find something new. Just like this, a large group of people came to the door of Tianci's private school again.

Soon, they arrived at this place. After a while, Soon, they heard a quarrel coming from inside. Tianci could clearly hear that this was Tianci's father quarreling with a man. Not only did he want to go back and see who it was, so he I quickly went in through the door at the back.

Chapter 1445

At this time, Gu Shaoyang and Tianci had just come back when they heard a lot of people quarreling in front of them, so they took a sneak peek behind them, only to find that there were many people in front of them quarreling with their father. He was so angry that his father usually seemed very gentle and would never quarrel with others.

To be able to quarrel with so many people this time, so many people must have gone too far, so after thinking of this, she quickly came to her father and said to him

"Father, what's wrong? What happened, why are these people here arguing with you?"

Then before his father could speak, one of the men stood up and talked there for a long time, but at this time Gu Shaoyang's father didn't say a word. After seeing this scene, Tianci I knew there must be other problems here, and then I said

"Aren't you the man who was expelled from school in the first few days? Why are you here today?"

And this person couldn't help but say when he saw Tianci Ban staring at him.

"Because I'm afraid that you won't refund me the money, I brought so many blind dates with me so that everyone can make the decision for me so that I can get out of this place as soon as possible."

After hearing this, Tianci suddenly laughed and said

"Why do you have something that you need us to help you with? You can tell us. There is no need for so many people to come. You act like we are afraid of you."

"That's because I'm afraid you won't refund me the money, so I've found so many people. Why do you really want to do this? Then it's really right that I brought so many people today, do you believe it? Comment to me whether they are doing this right or not."

After he finished speaking, he quickly started to talk about it. At this time, Tianci's father actually didn't say a word. Finally, he yelled and said

""Don't bully people too much, otherwise I will report it to the official."

As for these common people, because they are short-sighted rural people, they were so frightened that they ran away when they heard that the official was reported. After seeing this scene, Gu Shaoyang and Tianci There burst into laughter and said

"How about just reporting it to the official and all of you will be fine. If you hadn't ignored it, how dare you do this? Tell me, what do you want to do?"

At this time, when the man saw Gu Shaoyang and Tianci walking towards him, he suddenly became frightened and knelt on the ground. I didn't mean it and I couldn't help it. I was ordered to do this by others. After hearing this Gu Shaoyang and Tianci immediately became interested, and then asked him

"Then tell me who sent you here and what is the purpose of being here? If you don't make it clear, I won't let you leave."

After saying this, she said harshly, of course there is a person who asked me to come. If I don't come, he will kill me, even all my family will help, or throw them into the sea. I There was no other way, so I did this.

After Tianci and Gu Shaoyang heard this, they immediately thought of someone, and then asked her

"Isn't that the person."

Is it the man named Li Zhou who threatened you to do this, right? The other party nodded and said

"Yes, how do you know? If I don't do this they will be killed."

After seeing this, Tianci understood very clearly

"Then, okay, you go back and tell him that if you want to solve the problem, then don't be a coward and meet him at the back of the academy at this time tomorrow. If he doesn't dare to come, then I will treat him as I'm afraid, let him go to the back mountain together at this time tomorrow, and we will fight to the death.

We don't want to continue to struggle with him. If he dares to come, please give me a message."

After he finished speaking, he pushed the man out for a while and closed the door. The man walked out in fear and quickly came to him. He told him everything Gu Shaoyang and the others said. Thinking about this guy, he was particularly angry. Why? Because this was just the beginning.

He still had many things that he hadn't planned yet. He didn't expect to be disturbed by this man all of a sudden, so he was very angry and kicked him hard. It's fine if a man kicks me, and then wants to do it again, at least it can be a quick victory. He doesn't like to be dragged around with them, so he told this man to go back and send me a message, telling them that I accepted their challenge.

Soon, the man returned to Gu Shaoyang, told him the other party's proposal, and then made this man awesome. Originally, Wu Yi didn't want him to leave. He wanted to deal with him well, after all, his people were there. The gathering of people to make trouble here has had a great impact, so he must punish him properly, but Gu Shaoyang did not let him do this and let him let go of the man in front of him.

Chapter 1446

At this time, the man had passed on all the information from both sides, and this time they finally agreed to duel at the back mountain. However, at this time, Tianci's father said with some worry

"I don't know why, but I always have a very ominous feeling, as if something bad is about to happen."

Seeing that the old father was so worried about them, Tianci couldn't help but say

"Father, don't worry, we will definitely take good control of this matter. We must be skilled in execution this time to prevent him from always making little tricks behind our backs. Otherwise, we will be able to stop cultivating here in the future."

And Gu Shaoyang and Wu Yi next to them also agreed, right?

If you don't get rid of it, then you and I will not be able to operate normally in the future, and it will cause us a lot of losses, so You must lead him this time. Don't worry. We will also take care of each other. With his ability, how could we possibly not be able to defeat him. So, father, you must believe in us. We will definitely be able to defeat him, and also We will let him disappear in front of us from now on, so we don't have to worry about looking at him. At least he walked past our academy, but who would have thought that she would turn her kindness into revenge and become what she is now. Anyway, don't worry, we will meet tomorrow He will be taught a good lesson.

At this time, Tianci's father heard them talking and couldn't help but smile and said

"Okay, okay, you have to be merciful and merciful. If the other person is beaten very miserably by you, you must show mercy. As you said, at least he walked out of this academy. We can't Do you know if you want people to leave something to say? Don't worry, dad, we will definitely do it.

In this way, the next morning they both arrived at the martial arts competition factory at the agreed time. When Gu Shaoyang and the others came here, the other party had been here for who knows how long.

At this time, Gu Shaoyang spoke.

"We have a question to ask you. I wonder if you can agree. Let us answer it for you."

The other party said very generously. After that, Gu Shaoyang and the others took a good look at her. At this moment, he really looked amazing. Why?

His shiny black hair is now disheveled. Moreover, his eyes were red and swollen, and his face was blue and purple. The most important thing was that his hands were like ghost nails, thin and long, and his clothes gave people a tattered feeling. In short, it was really It was very amazing to see him looking like a human being or a ghost.

Goddess spoke.

"How did you become like this? Regardless of whether you are a human or a ghost, are you really happy?"

When the other party mentioned the word happiness, the man in front of him seemed to be calmed down for a long time. He didn't realize what happiness meant for a long time.

Gu Shaoyang understood what was going on when he saw him like this, and then he said ?

"I don't care about other things. I just want to know why you keep looking for trouble in the academy. Where have we offended you? We never remember doing anything to hurt you. Instead, you have been hurting us. I want to know what happened. what's going on."But at this time, the other party laughed and said

"In fact, there is no reason. The main reason is that whenever I see you people angry or sad, I feel very happy. As long as you are not having a good life, I feel very, very happy. At this time, you are a godsend and a small one for them. Some conditions can be met, but in fact it is not like this."

You are just jealous. When you see us living a good life, you become more jealous, right?

I'm confused. They all came from the same academy. Why do you become like this? I didn't want you to practice that in the first place. You insist on practicing something, but in the end you become obsessed with it, and then become like this. Do you really have no regrets at all? When the other party hears the word regret, it is like a fantasy. Just now At this time Tianci spoke, okay, okay, don't talk nonsense to him anymore, even if you lie to him and tell him, he doesn't understand, how about this, let's start the duel properly, but how can he fight alone among the three of us? Can it be fair?

At this time, Wu Yi took a look at the three of them. Sure enough, it is not very good for three people to fight one person. At this time, Wu Yi said,"How about this? Gu Shaoyang God gave you two to fight with Li Zhou, and How about I become a referee?"

As soon as his words fell, Gu Shaoyang and the others agreed. When it came to

"Very good, then you go and be the referee, we are playing here, I believe we will beat each other in a while."

After hearing this, Li Zhou didn't like it, so he just followed the instructions. In a short time, they were divided into teams, and Wu Yi became the referee. But as for the referee, in fact, Even Gu

Shaoyang from the kindergarten knew that he just stood there and announced the curtain, writing down a few scenes.

#### Chapter 1447

He was just practicing this, and it was quite boring. When the opponent hit him, he could only watch from the side. Sometimes he could actually learn one or two moves, but as time went by, he felt particularly boring, and then he casually glanced aside. This glance didn't matter.

Suddenly, I noticed that there were several men in black clothes hiding furtively next to me. It didn't matter, there were three of them who suddenly became interested.

Then Tianci and Gu Shaoyang happened to look over at this time, so Wu Yi told them a color. They knew it immediately and asked him to take a look. Then, it turned out to be three men. Coming from behind.

Before the other party could react, he grabbed all three of them with a rope. Then, he took this opportunity to gag all their mouths, so they were captured by Wu Yi quietly. See After this scene, Gu Shaoyang and Tianci couldn't help but laugh out loud, and their laughter was immediately noticed by the other party.

Then Li Zhou asked the two of them what was so funny.

At this moment, Gu Shaoyang saw that the other party had taken those men away, and then he began to ask Li Zhou in front of him

"I would like to ask if you came alone or with a bodyguard."

Unexpectedly, Li Zhou said so brazenly

"Of course I came alone. I had already agreed to bring others here. Do you think I would be so cheating?"

After arriving here, there were two people named Tianci who said with mysterious smiles.

"Well, if that's the case, let's hurry up. Enter the battlefield."

After a while, Gu Shaoyang and Tianci began to attack together. Not to mention Li Zhou, Li Zhou is indeed quite difficult to deal with by himself. No wonder he has to rest. With his martial arts skills, even if there is a misfire He has to do this despite the danger of becoming a demon. It seems that his choice should be good.

At least now that Gu Shaoyang and Tianci are together, it is very difficult to win Lizhou, but even so They still spared no effort to do this, because only in this way can they defeat each other. After defeating him, he will be able to stop and will not cause trouble in the hospital. Otherwise, if they are not at home, he comes to see his father again. Trouble, isn't it very troublesome? His father is no match for him at all, so while he is at home, they must subdue each other. In this way, the world will be peaceful. After thinking of this, the two of them went up and down. Attacking each other from left to right, not to mention that this time the opponent is really overwhelmed.

After all, Gu Shaoyang has a gift from heaven, and the two of them are relatively famous. The knight is not something that ordinary people can deal with. In just a short while, The other party has already been subdued by Gu Shaoyang and the others, but they did not fail. They just controlled it. At this time, the other party spoke. I can give you a chance now.

"Any opportunity can be mentioned."

At this time, Li Zhou said with a smile

"Okay, please tell me quickly what is going on."

Gu Shaoyang and Tianci said at this time

"We found out that your entourage was captured just now."

At this time, he was stunned for a moment, but he quickly realized that he thought the other party was blowing him up, and then he said

"How is this possible? My entourage has been at home and has not come with me at all. Are you mistaken?"

"But at this time, I also saw that a man had just taken all three of them away, and he was tied up with ropes. I can testify to this."

After hearing this, the man opposite him became uneasy, but he still looked very calm and said.

"There is no way my servant has been at home and has not left with me at all, so fight quickly, I know you are deceiving me and I will not believe it."

At this time, Gu Shaoyang spoke. Don't you even believe what I say? I have never deceived anyone, nor would I, nor would I bother to do so.

Even I have seen it, don't you still believe it?

That's it. He quickly told everything about what happened just now, but of course he didn't tell Wu Yi, because Wu Yi was one of them, and if he knew about it, he would definitely not give up. Yes.

At this time, the man finally panicked and said

"Is it true what you said? If it is true, then I must go find them first, otherwise it will be bad if they are captured by others.

After hearing this, they laughed loudly and said

"Didn't you say you didn't bring anyone with you? You got there by yourself, and I didn't expect you to lie too. Although the other party's face was a little red at this time, they said that we brought him here. It was not to deal with you, they just didn't trust me.

"So what do you want now? Should we continue to fight? Or do you want to go find your servant and give him a warm word?"

Chapter 1448

At this time, Gu Shaoyang and Tianci asked Li Zhou on the opposite side what he meant. Are you going to find your servant first? Or do you want to continue to duel with us?

After hearing this, he couldn't help laughing and said

"Of course, I have to duel with you. Only in this way can the battle end quickly, and I don't want to continue to get entangled with you."

She said this as if they had always been like him. However, no matter what she said, they must continue today's duel. After thinking of this, Xianghe and Tianci began to work together to attack Lizhou. During the meeting, Li Zhou might have something on his mind.

He was actually knocked down by Gu Shaoyang and Tianci. This is something that has never happened before. At this time, Wu Yi spoke

"This time it was really unexpected. Originally, the opponent should not lose points, but he did not expect that this was the case. Then Wu Yi wrote another big word on the wall. Now it looks like 9:8. The opponent leads. One point ahead."

Don't tell him that the other party is really powerful. The two of them are not as powerful as him alone.

After a while, he said

"If that's the case, fine, let's continue dueling from now on. I don't believe I can't beat you."

In this way, he came to the opponent very quickly, and then said.

From now on, I must duel with you properly, otherwise I will be embarrassed to death.

In fact, from the beginning to now, Gu Shaoyang and Tianci The two of them have not shown their true strength. If they were true strength, how could they have fought to this point? Well, from now on, let's go 1 on 1 and let me deal with him alone. But at this time Tianci said with some worry

"Can you really do it alone? Don't forget that the other party is an obsessed person. If I separate from you, then our fighting power will be greatly weakened. I don't believe that I can defeat him, but at this time, Gu Shaoyang said, don't worry, I am with you. How could he not be able to beat him?"

So quickly, Gu Shaoyang was alone. He didn't expect you, Li Zhou. Gu Shaoyang's decision really shocked Li Zhou.

He didn't expect that the other party would dare to challenge him alone. He was Are you looking down on yourself or saying that you have a lot of confidence in yourself?

After thinking about this, he burst into laughter and said, "I didn't expect that Gu Shaoyang and Gu Shaoyang, you actually made such a stupid decision."

Before he could finish his words, , Gu Shaoyang said nervously and hastily

"Stupid decision, I don't think it will happen. If I defeat you myself, tell me, there should be a bet between the two of us. What do you think we should do?"

After being asked this question by Gu Shaoyang, Li Zhou suddenly didn't know what to do, and then he said

"Then tell me, what do you think we should do? At this time, Gu Shaoyang suddenly said, if I win, you will remain the same as before. From now on, you will never be allowed to appear in front of me again, and you will not be able to cause trouble to the people around me. Can you accept it?"

After the other party said this, he immediately agreed, because in his impression, it was absolutely impossible for him to defeat him.

"What would you do if you were going to lose?"

This sentence was asked by the other party. After Gu Shaoyang heard this, if he lost, then he would let the other party handle it. How about it?

When Li Zhou heard Gu Shaoyang say this himself, let alone how happy he was in the future. Then it comes to

"Okay, this is what they do, no matter who loses, they will do what they agreed to do."

Because at this time he had made up his mind that he would definitely be the winner, so he warned the other party like this. But in the end, she didn't expect that the result would be completely different from what he imagined. After several fights, the other party He beat Li Zhou so miserably that he couldn't believe Gu Shaoyang's ability until this moment.

When did he become so powerful? He couldn't believe it. Just when Gu Shaoyang was about to catch him, at this moment Suddenly a layer of black mist appeared in front of him. When the black mist dissipated, Gu Shaoyang found that Li Zhou in front of him had disappeared. However, they picked up a black thing on the ground.

No need to guess about this thing. Everyone knew who it belonged to, and this guy should belong to Liu Chengmin.

Because only Liu Chengmin could have this thing, so after thinking about it, he felt that it was really shameless for these two guys to collude together.

He arrived quickly Beside Tianci, Tianci also saw what just happened, so the two of them discussed it. This time things are not going well. Why?

Because the other party is actually from the demon clan. If Li Zhou colludes with the demon clan, He was already possessed by the devil, and this demon clan bonfire was colluding together.

Along the way, Gu Shaoyang and Tianci were looking for the entrance to the demon clan, but unfortunately they searched for a long time and couldn't find it. At this time, Gu Shaoyang Started to complain and said

"Where does this guy exist? Why not?"

Chapter 1449

It is conceivable that it will be a bigger trouble for them by then, so they must go back and study with their father on what to do next. After all, their father is old and experienced, and with him here, You should be able to think of a good solution.

So they packed up everything and returned home. When they arrived at the academy, their father saw how they looked after a year or two and knew that things were not simple. Then he asked what was wrong and how things had become. It's not beyond your expectations.

At this time, Gu Shaoyang and Tianci said calmly

"In fact, it was not beyond our expectations, but at the end, this guy was actually rescued, and the person who was rescued had this thing dropped on him."

After saying that, he took out the jade pendant from his arms. You must know that this jade pendant is unique. Only people from the demon clan can own this jade pendant. If you guessed correctly, this person should be a demon. Liu Chengmin of the clan.

If I remember correctly, Li Zhou had some friendship with him. If the two of them colluded now, it would not be a threat at all, as if it was the law of heaven. After seeing this, he couldn't help but Hehehe said with a smile

"If that's the case, then we don't need to do it anymore. What's wrong? How about we go directly to the Demon Clan and find him directly? But don't forget, the people of the Demon Clan never have contact with the outside world, unless they come to you on their own initiative, otherwise you can't even find his door, so why would you come to settle accounts with him?"

After hearing this, Wu Yi received everything he pointed out, right? This point doesn't make sense at all. They are indeed a very powerful existence, but they are also very mysterious. Most people really can't find them. The geographical location.

It was said before that their demon clan is particularly mysterious, but in my opinion, it is indeed quite mysterious. After all, they can't be found. At this time, the old man couldn't help but be stunned when he heard several young people expressing their opinions. , he didn't expect that everyone would have such a profound understanding of the devil.

At this time, the old man's words had just finished, and Gu Shaoyang next to him spoke.

"Of course, we have dealt with the modules many times along the way, so of course we know them well. After all, we have dealt with them many times along the way, so of course we know them well. But speaking of the demons, they It is indeed an unusual existence. It seems that ordinary goalkeepers have been eliminated by them."

After seeing this, he chuckled

"If that's the case, then okay, let's start looking for the Demon Cult to see if we can find them. It would be great if we could find people from the Demon Clan."So the two of them started looking for the demons.

Because this time the task was quite heavy, so the old man was afraid that Gu Shaoyang and Tianci would go together, because Gu Shaoyang was next to Tianci's room and Tianci could make full use of himself. advantage, because Gu Shaoyang only knows what his weaknesses are, and as long as Gu Shaoyang is by Tianci's side, he will be satisfied. Then he can rest assured that

Tianci will let him go. In this process, he hopes that Tianci can have it. Only in this way can he He continued to train him. Although he suffered a lot this time, fortunately he came back with the other party at the last moment. At this time, Gu Shaoyang and Tianci had come to the depths of the forest, because they had heard from others They said that the entrance of the demon clan was at this place, but after searching for a long time, they found only this place that complied with the rules. Then at this time, Gu Shaoyang said to Tianci

"You must be careful and don't be invaded by the evil spirit here, otherwise you will lose your mind and do something you don't even know you know."

Tianci nodded quickly after hearing Gu Shaoyang's words.

"Of course, I will definitely listen to you."Then he immediately put the things in his arms.

Soon, Gu Shaoyang You asked him to cover his mouth and nose, and Tianci was also very obedient and did as Gu Shaoyang said. After a while, they The two of them were covering up their pharyngitis so that no one would notice that it was the two of them.

Although it was a little uncomfortable, after all, there was no ventilation here and it was not a particularly bright place.

At this time, Gu Shaoyang suddenly yelled, and Tianci dispersed. At this critical moment, Tianci saw with his own eyes a black magic weapon flashing in front of him. After seeing this, Tianci asked Gu Shaoyang worriedly what was going on. Why did a black magic aura appear? Who knows at this time The other party said that maybe the demon inside was going out to do something, so it appeared.

Looking at it this way, the two of us found the right place. This is indeed the entrance of the demon.

"You are absolutely right, our goal is correct, it is here."

Chapter 1450

When Gu Shaoyang said this, it was obvious that there was a kind of excitement in his expression. They had spent so much effort and finally found each other's entrance. Of course they were very happy.

At this time, Gu Shaoyang's Tianci said, since we have found the entrance, we should be more careful next and let me use some magic to bring the two of us to the realm of the demons. After eating, Gu Shaoyang stood on Tianci's Next to it, where did you start your own technology?

After a while, he heard Gu Shaoyang saying

"Open your eyes."

When the two of them opened their eyes, they found that they had come to a messy place. There was nothing in it, and they couldn't even see anyone clearly. Fortunately, he had been holding Gu Shaoyang's hand, otherwise Maybe Gu Shaoyang has disappeared.

At that time, Tianci was holding Gu Shaoyang's hand and asking Gu Shaoyang

"Where are we and why have I never been to this place, even in my dreams?"

But at this time, Gu Shaoyang said

"I also know clearly, I only know that this is a forbidden area for the demons, and they have come to where I live."

You must know that this is the first time in Gu Shaoyang's life that he has brought Tianci to the Demon Clan.

You must know that the Devil Clan is not an ordinary existence. Their lethality and destructive power are full. They are all famous on the list, but they Now he is not afraid of death and has come to the Demon Clan. If they are discovered by the Demon Clan, they will definitely laugh at them as humans, but even so, Gu Shaoyang does not regret it.

Because they are here to find out the truth of some things, or to find out the truth of some things. Some other things.

In fact, the most important thing is to find the king of the daughter country. Why did you say that?

Last time your king wanted to leave, but he met the demon lord halfway, and then the king disappeared. From that time on, Gu Shaoyang They started sending people everywhere to inquire about the module, but they never found it, right?

Today they came to find the entrance of the demon clan again, and they finally found it, so they should see if they can find the king.

After thinking of this, Gu Shaoyang Hehehe said to Tianci

"In fact, you are most determined to find the demon clan. Why do you say that? Because the King of the Daughter Kingdom is likely to be captured by the demons, so when we come here, doesn't it mean that the King of the Daughter Kingdom is about to be rescued?

Don't you want to rescue her?"

After hearing this, Gu Shaoyang laughed and said

"Of course, I was just worried about her, so I went downstairs looking for him everywhere. I didn't think that he was actually captured by the demons. This really surprised me, but it is also reasonable. Who said He is very close to us, and as for the Demon Lord, he may have a hand in everything that has anything to do with us here."

After seeing this, it's possible that the other party laughed, but don't worry.

Maybe they have other reasons for doing this, or maybe because Guoguo.com has run away. I hope so.

Just At this time, they were chatting and walking, and suddenly a sinkhole appeared in front of them. The two of them almost fell into it. When they saw the sinkhole in front of them, they patted their chests in fear. It was so scary, almost I fell in at one o'clock. Fortunately, the two of us reacted quickly.

Otherwise, we don't know what the consequences would be if we fell. While they were talking, they discovered that there was a sound of voices coming from the sinkhole. The sky was so big, If someone is talking, how can they be heard? What's going on these days?

After a while, they came inside, and then they started talking about where they were and why they didn't see the person they wanted. ?

How is it possible that he chuckled at this moment? I told you that she is inside. If you don't believe it, you can follow me. After that, the little girl who just appeared took Gu Shaoyang and Tianci to the pit in heaven. Jumping around, but they are not that stupid. They saw Gu Shaoyang and Tianci stopping there, and then they said nothing.

"What's wrong, don't you two believe me?"

At this time, Gu Shaoyang and Tianci kept shaking their heads, saying no. We are not saying that we don't believe it. You think there is no need to do this. If it falls, I tell you that I have nothing. At this time, the little girl Finally understood what their worries were, and then he laughed and said

"I see, you are afraid that I will bring you in, right? It doesn't matter, I shouldn't be afraid this time."

After saying that, fearing to disturb the sky, a piece of land appeared under their feet. At this time, they couldn't believe where this place was. How could there be such a place

? Just at this time, Gu Shaoyang raised his feet and walked up without confidence. After two steps, it turned out that this was a piece of land. Then he asked with some doubts, the little girl in front of him

"What is going on.

When I saw this little girl, I said don't worry."
