Chapter 1461

He originally thought that the two of them would be angry, after all, his master lived so far away, but when he saw the two of them, he found an extremely excited expression on their faces, and then he said

"Aren't you two supposed to be angry? Why do you have such an expression? Is it because I didn't understand it clearly enough?" At this time, the other party said

"No, no, we don't mean that. We just think what you said is very right. Experts generally live in places that ordinary people can't understand, so I think your master must be a very powerful person."

When he heard someone say that his master was very powerful, Gu Shaoyang was extremely happy, and then he said

"That's of course, otherwise I wouldn't have been able to abandon everyone and follow my master for so long."

Actually, Gu Shaoyang's true ability has not been revealed, but she can't use it due to her own reasons, so he has to come to the master. Remember to ask the master when will he be able to open the seal on himself. If the seal had been opened earlier, If so, these minions and even the leader of the demon tribe would not be under his control at all.

But after receiving the master's instructions, he did not dare to open the seal casually, otherwise it might cause great harm to others.

And she, too I have always adhered to the master's principles."

Then he said

"You are right, my master is indeed a worldly expert, but his temper is very weird, so I told you to be nice and not to offend him, otherwise he will not give us anything. Good luck, he will drive us out of that place when the time comes. He is not someone who cannot do it, because he always looks like an ordinary person thousands of miles away."

After seeing this, he laughed and said

"Well, the two of us will definitely obey your orders. We will do whatever you ask us to do. We will never go against your orders like this."

The other party laughed after hearing what he said.

"Well, I believe you now, but remember what you said and never break your oath, otherwise you will be punished."

After he finished speaking, Gu Shaoyang took the lead to come forward. Tianci and Wu Yi knew little about Gu Shaoyang's words. If they lied, they would lie. If they said the right thing, there would be any punishment. But at this time, they didn't understand at all. , and after a certain period of time in the future, they finally understood what it felt like to lie and be punished. From then on, they would never lie again.

Soon, they arrived at Mang Mountain. At this moment, they have been walking for three days and three nights, but the distance they have walked is quite far, and they are walking quite fast.

If we talk about it according to ordinary people, the average time is 7 or 8 days. They could walk this far, but it only took them three days and three nights, which obviously shortened the distance by half.

So at this time, he said to everyone, now we are at the foot of Mang Mountain, if not If you guessed wrong, Master should have a place for us to live in Mansan.

"I'll take you there now. I hope you two won't lie or make any noise, otherwise you won't even be able to get in."After saying that, he took the lead in leading everyone towards the hillside. To be honest, this place is really shaking. Without the help of the uncle, they would not be able to go up at all. You can imagine how steep this mountain is. But this doesn't seem to be a problem at all for Gu Shaoyang. Even if he doesn't hold on to the big tree, he can walk up step by step. After all, this is the place where he has lived since he was a child. He may be able to understand this place with his eyes closed. Where is his home?

Soon he disappeared from everyone's eyes. At this time, Tianci and Wu Yi were a little worried and asked where Gu Shaoyang went? Why are there only the two of us left, and this The godsend of time said

"Don't worry, he won't leave us two behind. If my guess is right, he must have gone to see if there is any rain. If there is no rain, he can take the boat directly, but if there is rain, he can take the boat.."

At this moment, Gu Shaoyang, who had just disappeared for a long time, suddenly appeared in front of them again, and then said to them very happily

"I just checked and found that the master has not left, so you must behave well and not make the master disgusted. Do you know this?"

When Gu Shaoyang brought this news, not to mention how happy I was, especially when the two of them knew that they were very famous people. If everyone came to help her at this time, then it is conceivable that he should be in this place. He was about to become famous.

At this time, the two of them were very excited and said to Gu Shaoyang

"That's great. Now that the master has not left, won't our matter be resolved soon?"

Chapter 1462

So Gu Shaoyang quickly brought us to him. I think they won't mind. At this time, the other party said with a smile.

"You two have been so busy coming here that you will not have a good rest, so we must have a good rest after a while. I will summon you two tomorrow, so you must behave well."

"You are absolutely right, you must show it well, otherwise, who knows whether my mistake will delay you or mess up what you have to do."

At this time, according to Gu Shaoyang's guidance, they had arrived outside the main hall. At this moment, they were very nervous because they knew that the person they wanted to see was inside, not far away from them. At this time, Gu Shaoyang He told the two of them to stay here, and he would go back and talk to the master later.

Then Gu Shaoyang soon appeared in the main hall. When Gu Shaoyang appeared in front of the master, his master was simply stunned. He didn't expect that Gu Shaoyang would come back at this time, and then the class expression said

"I thought you had forgotten me. It is not easy to still remember me as your master."

Who knew that Gu Shaoyang seemed to be a different person at this time, throwing himself at the master's side. Speaking of master, you don't even know. I miss you very much after I have been away for so many years, but there are some things that I can't leave. Is it really intentional? Please forgive me.

But at this time, Gu Shaoyang said with a smile.

"Don't deceive me with nice words. Don't I still know what kind of person you are? Tell me, did you encounter something that was more difficult for you this time, so you came back to me.

I tell you that I am not a savior. If there is no benefit, I really won't do it."

At this time, Gu Shaoyang burst out laughing and said

"Master knows me, and I guessed it if you did too. You will definitely guess it. Either I am here or I have something to ask of you. However, I will not force you. You just need to look at my friends. Okay, let's talk about other things. After all, I have brought my friend here. Can you meet me?"

After hearing this, he couldn't help laughing and said

"Boy, why do you think it is necessary for me to meet your friends? Or are you begging me?"

Gu Shaoyang said without thinking.

"Of course I'm begging you, master, please see how I look at making friends, and whether these two children are worthy of my sincerity."

After hearing this, he suddenly became serious. He spent a long time doing it because of this personnel matter, and then said

"That's okay, I can help you with this little favor."

After saying that, he immediately came outside the hall and saw Gu Shaoyang's friends kneeling on the ground. One was Tianci and Wu Yi. At this time, the two of them had already turned around and saw Gu Shaoyang's side. There is no need to guess about this elder, he must be Gu Shaoyang's master.

After thinking of this, Tianci and Wu Yi immediately became serious.

"This is my first meeting with the master. Please pay more attention to me."

At this moment he said with a smile

"It doesn't matter, it seems that my apprentice teacher has a good vision, very good, he is Gu Shaoyang, but it can be seen from your brows that something important has happened to you and has been in your heart and has not been resolved."

At this moment, as soon as he finished speaking, Tianci and Wu Yi, who were standing next to them, were simply shocked. It turned out that Gu Shaoyang's master really knew how to read faces. He immediately guessed what was going on between the two of them. , and then Tianci told him about his current environment and what happened without any concealment.

Sure enough, when he heard it, he was stunned. He didn't expect that someone would do such a thing. It was a surprise, but he quickly comforted Tianci and Wu Yi

"Don't worry, this kind of thing will be settled"

"As for you, you must study hard. We must take a long-term approach and don't be impulsive. Otherwise, you will get involved yourself and make others worry. Therefore, you must be cautious and thoughtful when doing things."

Although his last sentence didn't sound very nice, to be honest, what he said was not unreasonable. If you don't have a brain in doing things, wouldn't it be causing trouble to others? After hearing this, he didn't have any refutation, just The other party nodded and left. After everyone left, only

Gu Shaoyang Tianci and Wu Yi were left in the scene. When Wu Yi and the others were sad, Tianci immediately said to Gu Shaoyang

"What does your master mean by saying he promised to help me? Or should I say I left a good impression on him."

Gu Shaoyang said with a smile at this time

"Don't worry, the master should be able to help you, but he didn't directly say that he might be angry with me."

Chapter 1463

"After all, when I left, I never came back when I faced him, but now I have come back again for you, so it is not impossible that she has opinions about me. Don't worry about it, I have nothing to do with you. relationship, do you know?"Of course they understood after hearing what Gu Shaoyang said, so they told Gu Shaoyang

"Gu Shaoyang is really troubling you this time. If it weren't for us, you wouldn't come back here."

I'm really sorry, but at this time Gu Shaoyang said

"Don't think like this, after all, this is my master. Without him, I wouldn't be where I am today, and I wouldn't have brought you to this place. Therefore, none of these things are absolute.

Although the master seems to be cold to me now, I know that his heart towards me has never changed. Otherwise, when he first came back, he would not have let others greet me here but would have kicked me away. So the master has always been very good to me, so you don't have to worry."

After hearing what Gu Shaoyang and the others said, he immediately felt relieved, and then said

"Well, since this is the case, we won't say anything anymore, but Gu Shaoyang still says the same old saying, we believe that you will be able to get your happiness afterwards, because I know that your master is indeed a very outstanding person, plus You will definitely be very powerful"

"Thank you for your kind words, I believe you will."

At this time, Gu Shaoyang ordered someone to come over and call Gu Shaoyang away. Although they didn't know why they asked him to leave, they must have something to say to him. Sure enough, when Gu Shaoyang came to the master, his master said with a smile.

"Little bastard, what do you mean by calling your good brothers in front of me? Do you want me to see how miserable they are? But I can tell you, if you want me to help them, it's not impossible, but we have conditions."

When Gu Shaoyang heard that his master finally said it, he was so happy, and then asked his master

"Whatever the conditions are, as long as you tell me what I can do, I will definitely agree."

At this time, I only heard his master say

"It's actually very simple, you just need to tell me. Will you always stay by my side in the future? If you promise to stay by my side, I will. Help them solve the biggest difficulty at present, but if you can't stay with me, then this matter will be discussed face to face, and I won't force you."

After hearing this, Gu Shaoyang suddenly became embarrassed. There are many things he wants to do in the future, and it is impossible to be by her side all the time. But seeing the master like this, he must be very lonely. If he is not with her now, If you are around me, what should you do if something happens to him?

After thinking about this, the master who matched him said

"Master, I promise you, as long as you can help me solve their problems, I am willing to stay by your side. Besides, I am your disciple to begin with. If I don't stay with you, who will I stay with? Don't you think so?"

Not to mention how excited his master was at this time. If he had been the brat before, he would never have agreed. But now I don't know what happened today, but he agreed so quickly. Is there something wrong with him? Problem, after thinking of this, he looked at the man in front of him with his shrewd eyes to see if he had any tricks up his sleeve. However, after looking at him for a long time, he only saw sincerity in his eyes, and there was nothing else like this. Once he finally believed it, and then he burst out laughing and said

"Fortunately, brat, since you have promised me, let your friends come tomorrow and tell me their things, and then maybe I can teach them how to do things."

The master felt very happy after doing this, so he said to the master

"Thank you so much, master. I will definitely repay you well in the future. After saying that, he turned around and left. Seeing the other person's back, he smiled helplessly.

"Brat, I just tested you to see if you were willing to stay with me. I didn't expect you to really be willing. I really said yes, but even if you are willing to stay with me, I can't be so selfish, because I know you are still very young and have a lot to do. How could I break your wings and let you stay with me? What about around you? I wouldn't be so selfish."

Of course, these are his master's thoughts. Gu Shaoyang doesn't know at all. He thought that the master really wanted him to stay with her, so he had a little idea when he went out. But he was still very happy when he thought about being able to help his friends. At this time, he found his friends and told them everything his master told him. Unexpectedly, Tianci and Wu Yi looked so happy. Like a child, he kept thanking Gu Shaoyang there.

Chapter 1464

"Gu Shaoyang, if it weren't for you, they might not be so successful now, but Gu Shaoyang said at this time that it doesn't matter, we are friends and we should help each other."

It's just that no one knows the loneliness in his heart. Maybe after meeting them, he will always be with the master and never see them again. After thinking of this, he suddenly felt a sense of loss. , and Tianci was very smart. He immediately saw the strangeness of Gu Shaoyang, and then said

"What's wrong? Did something happen to Tianci? Tell me quickly. If we can help you solve it, we will definitely do it."

But at this time Gu Shaoyang said

"It doesn't matter, nothing happened to me at all. What else can happen to me when I'm with the master? If something happens, the master will solve it for me."

"But why did you look so disappointed just now? You must have been overthinking it."

"But I just saw you looking very disappointed. I can't be wrong about that."

"Oops, if I say you are wrong, you are wrong. The master has already promised us these things. It should be too late for me to be happy. How can I still be disappointed? You must be overthinking it. By the way, I won't tell you any more. The master told me that I still have a lot of things to do, so I will leave first. You two can chat slowly here," after I finished speaking, I He turned around and left because he was afraid of being discovered by them if he stayed any longer, so he had no choice but to leave first. At this time, after he left, Tianci kept seeing his back, Wu Yi said

"What's wrong? What's the problem?"

At this time Tianci said

"Didn't you notice that Gu Shaoyang looked strange just now? He clearly showed a very unhappy look, but he had to say that he was very happy. What happened to him? Did he promise something to his master, so his master asked us to help us? If If this is the case, I would rather they not help us.

Gu Shaoyang didn't let Gu Shaoyang agree to his master. After saying any unfair treatment, he turned around and left. However, at this time, he was suddenly pulled away by Wu Yi and said

"God has taught you not to be impulsive. If you break Gu Shaoyang's big cock under impulse, won't we all become sinners by then? If there is anything we must discuss with Gu Shaoyang, so that it can be done, otherwise we will be really sorry for Gu Shaoyang.

Just like you said, if he really agreed to some unfair treaty with his master, wouldn't that mean he was pretending to be inside?"

After hearing what he said, he immediately felt that what he was doing was wrong, and then said, what should I do? I have already said it.

It doesn't matter, look at me, I will definitely help you deal with this. Things.

Early the next morning, they, Gu Shaoyang and Tianci Wu Yi, came to the master's study. After taking them in, she turned around and was about to leave, but at this time, the master who convened said that you don't need to leave, because you are all together. Yes, so there is no need to avoid suspicion. At this time, Tianci and Wu Yi sat in front of each other and said

"Master, I want to ask you a question. I hope you can answer it truthfully. Just say it. As long as I know, I will definitely tell you."

"Well, actually I want to ask you something. Did Gu Shaoyang agree to some unequal treaties with you, so you helped us? If that's the case, then we don't want this opportunity, and we don't want Gu Shaoyang to be unhappy."

When he finished saying this, Gu Shaoyang's master was simply stunned. He didn't expect that the other party could guess this level. It can be imagined how meticulous their observation of Gu Shaoyang was. In fact, Gu Shaoyang didn't understand anything at all. He didn't say it, and he knew it.

At this moment, Gu Shaoyang said with a smile

"Tianci, what are you talking about? How could the master treat me with an unequal treaty? This is how he helps you, because he is my master and he will not see me in trouble"

"Is this really the case with Gu Shaoyang? If this is the case, then we will accept it. If you agree to some unequal treaty, you must say it. We cannot betray you just because of this, do you know?"

When Gu Shaoyang heard what the other party said, he was simply shocked. He didn't expect that he had such a high status in their hearts, but to be honest, he didn't feel aggrieved. He just felt pity for his master. With that He was a teacher for many years, and then he left after studying well.

Isn't it normal for people to make requests after so many years? After thinking about this, he said to Tianci

"Don't think too much, that's my master, how could I disobey him? Besides, my master makes all the decisions for my own good. There's no way I can be like you said. things happen, so don't worry I'll be fine, really.

If I were not very good, how could my master agree to your request here?"

Chapter 1465

"Besides, you are a stranger to them, why should he agree to you? Isn't it just for my sake?"

So be obedient.

At this moment, Gu Shaoyang burst into laughter and said

"Gu Shaoyang Gu Shaoyang, I didn't expect that these friends you made outside are really great. He dared to sacrifice his best interests for you. I was really touched. But despite this, I am still willing to accept and help you. mean."

Master, didn't you say

"Okay, okay, I was just kidding you, do you really take it seriously? Is the master that deceptive? How old is the master? How could I tie you to my side and prevent you from leaving?"

Besides, I don't want you to sit around doing nothing all your life. It's a failure. My only apprentice made me look like this, so don't worry. I really don't think it will count. I just made a joke. But. Promise your friend that this matter will never be ignored."

At this time, Tianci and Wu Yi, not to mention how happy they are. Although they don't know what conditions they put forward, as long as his master's words don't count, not to mention how happy they are, and then said

"Thank you, master. I am thanking you on behalf of Gu Shaoyang. Thank you."

But at this time Gu Shaoyang said

"Okay, okay, whatever decision my master makes all the time is for my own good, and I understand him, so don't make trouble here anymore."

After he finished speaking, he walked up to the master in a few strides, knelt down in front of the master, and said

"Master, I'm sorry. I'm really guilty for not taking good care of you for so many years."

Oh, okay, okay, don't talk anymore. You are the heart of the master. If you are not good, how can you get better? Don't think that since you have been away from me for so many years, I don't know

what you are in your heart. Have you always been in the academy? Something happened in the past few months, so you came back without any choice. But life is still very happy. At least you can think of me when you are in trouble. This shows that you did not Forget me, so master will never hate you to the fullest, he will only love you and protect you even more. No matter what happens to you, you have to think about whether master knows about it, so sometimes I may not be able to I will help you thoroughly.

But I can also give you some advice. This is my promise to you."

After hearing this, he suddenly didn't know what to say. When he saw his apprentice's eyes about to cry, his eyes The master said quickly

"Okay, okay, don't say any more. I happen to have some things to deal with. You are recovering now. I will come to see you again in the evening. Then, we will discuss your matters."

Then he left surrounded by a large group of disciples. At this moment, only Gu Shaoyang, Tianci and Wu Yi were left on the street. Suddenly Tianci said to the three of them:

"Gu Shaoyang, tell me quickly, what conditions did you agree to to your master before he would help us? If you don't tell me, we will really feel uneasy."

When they see their friends like this, if they don't say anything, they won't let it go and then they say

"In fact, the reason why the master agreed to help you is because I promised the master a condition, and this condition is that I agree to stay with her. After all, for so many years, I have worshiped him as the emperor's master until now. None of them fulfilled their responsibilities as disciples, and I thought about it.

After all, the master is so old, it's not impossible to stay with her, and she can help you solve your problems, so why not? So I agreed to this condition."

After Gu Shaoyang finished speaking, Tianci and Wu Yi said in disbelief.

"Is this the condition?"

And Gu Shaoyang saw that the other party looked a little doubtful at this time, and couldn't help but say

"Yes, that is the condition. Otherwise, what do you think it is?"

At this time, they finally breathed a sigh of relief and said

"It turns out that it is such a condition, no wonder, but although we have some messy thoughts in our hearts, fortunately, your master treats you sincerely. From this point of view, it doesn't matter even if you agree to him 10 such conditions. Because we don't understand, we're causing trouble for you, right? Sorry, we didn't mean to"

"Don't worry, why should I care about you? I have already said that this matter has nothing to do with you. You just need to be good. The master said that he will help you solve this problem tomorrow. Let's see what he says. Then we follow his instructions. Yes,

I believe we will solve this problem soon. He is a resourceful person. In my impression, he has helped others solve many difficulties. That's why I brought you here this time. I hope you can Give them sound advice."

Chapter 1466

After hearing this, he chuckled and said

"is not that right? So, today we must thank your master very much. If it weren't for him, I believe we would not be so fast."

At this moment he said with a smile

"Isn't it? Tonight we must listen carefully to how the master solves this problem for us."

So when night came, although some of them were already very sleepy, the child listened to the master's teachings. His master gave them several ideas and asked them to make their own. Finally, they chose two , and then after some analysis by the master, he taught them some skills.

After a few days passed, Tianci and Wu Yi's abilities improved a lot, so that the chance of dueling with each other was greatly improved. It has improved greatly. As for Gu Shaoyang at this time, he has actually improved a lot in cultivation. He has not shown it in front of everyone, but this trip has

indeed made everyone gain something. The fourth day or On the fifth day, Gu Shaoyang took Tianci and Wu Yi to say goodbye to his master and left. Then his master bowed to him and said

"Go ahead and complete your unfinished mission."

But after walking a certain distance, Gu Shaoyang came back all of a sudden, threw himself into the master's arms and said

"Master, I'm sorry. I have promised you that I will accompany you before, but this time I have to leave again. I am always like this, and I don't keep my words. Will you dislike me?"

But at this time, his master patted her head like a child.

"No matter how old you are, you are still the master's child. Don't worry, the master will not have any objections to you. I just hope that you will be careful when you go out alone and never be bullied by others. This is what the master is most worried about right now. thing.

Okay, okay, don't worry, master, I will definitely do it."

So quickly he disappeared in front of everyone, and at this time Gu Shaoyang could not see his master. After walking for a while, when he looked back again, he found that the master had hidden this place. , completely out of sight. At this time, Tianci and Wu Yi looked back, only to find that this place had disappeared.

Although she had many questions in her heart, she knew that it must be the other party's intention, just to not let him go. Many people knew that they had appeared in this place.

Soon, he appeared in front of everyone. It was at this time that Gu Shaoyang spoke.

"If the other party appears at this time, are we sure we can win against the other party now?"

But at this time, Gu Shaoyang said

"If you don't fight, you will never know. If it really happens, then let me punch him to death and let them be so rampant. They don't do it when they should do it, and they do it blindly when they shouldn't do it. In short, let them People are very angry."

It was at this time that he chuckled.

"how can that be possible? Listen to me. Starting from tomorrow, we must work together to rescue your father, and then bring back the king of the daughter country. I think her departure this time is not accidental. He must have encountered some difficulties. Things, so I left a person to face it alone.

If that's the case, that's really bad. I must find her."

While they were talking, they suddenly heard a shouting sound in front of them, so they ran a few steps forward and saw a big lion appearing in front of their daughter's aunt Wang, who was about to be bitten.

Gu Shaoyang took action at this time. He knocked down the big lion. Tianci immediately walked up to him. Seeing his embarrassed look, he felt particularly distressed, and then said

"What's the matter with you? Why did you leave without saying goodbye last time? What happened recently and how did you change? So embarrassed."

At this time, the other party raised his head and glanced at Tianci, and then said angrily

"How about it, are you very happy to see me in such a down and out state now? Let me tell you, my country is gone. My country has been occupied by other countries. Now I am homeless. You are happy, please be happy."

After saying that, he was about to turn around and leave, but how could Gu Shaoyang and Tianci let each other go at this time? So Tianci suddenly took the little opponent's hand and said

"No, you must not leave at this time. If nothing else, we are still a married couple who have worshiped heaven and earth. We all say that husband and wife are like birds in the forest. When disaster strikes, I don't want to fly separately. Come back with me quickly and let's study it carefully. , maybe it can help you take your country back."

After hearing this, he couldn't help laughing and said

"If this is the case, that would be really great, but you also know that there are only a few of us now, and it is simply impossible to drive the other party away if there is any case."

Chapter 1467

"So, don't mention this matter again in the future, so as to avoid the discomfort of saying it, so he turned around and left, but Tianci would not let him leave at all. she said

"God, please don't leave anymore. Is there anything we can face together? Doesn't it mean that all problems have no solution? Do you know?"

But at this time, Tianci lowered his head in embarrassment, because it was the first time he heard someone talk to him like this, so he said

"You must not have any doubts. This is indeed Gu Shaoyang. We learned some things based on his father's profession that others don't know, so you should be able to do it when you come back."

At this time, the other party spoke, saying

"If this is the case, that would be great. If you can really help me take the country back from the enemy, I will be very grateful to you. Thank you."

But at this time, this pair of people said

"Okay, okay, everyone, don't be angry anymore, go back quickly, let's find a place to rest first, and then we can discuss anything together. Isn't this good?"

Then they took Tianci Gu Shaoyang and King Wu Yigu to an inn. When they came here, they found that people were in panic. There was no other way. They bought a hat and put it on their heads. At this time, everyone was talking. Okay, why does this background look so familiar?

In this way, everyone can't judge him. They quickly returned to the inn, and then everyone sat together to discuss things. At this time, the king spoke. By the way, during this time, you Where have you gone?"

I once went back to look for you, but I found that the building was empty, and there was no one. At this time, Tianci went to talk, why did you go back to take care of us, and when did we leave not long after you left? Well, we went to do something big, so he just came back now."

Did you have something to do with us later? Otherwise, how could you have come to me? Did you want to ask us for help because of your country's affairs, but we were not there at the time? In the end, there was no way and you couldn't take it back. Come on, it's simple. Watching these countries being taken away, right?

After hearing this, his face became very ugly, and he guessed it right at first glance, and then said to him

"Sorry, we didn't mean to do it. If we knew you needed help, we wouldn't have left at all. We also did it on the spur of the moment. But after we came back this time, we found that we have gained a lot of knowledge. If we didn't learn, we would still be here. It really can't be done."

After hearing this, he laughed and said

"In this case, let me tell you, in fact, the last time I came to see you was for the sake of the country, but maybe it was fate that I did not find you, so the entire country was quickly invaded. In this way, I became a slave of the subjugated country. Fortunately, I ran fast, otherwise I would have been caught by them.

Now they are still placing bounties everywhere. If they can catch me, they will be heartbroken, but I will never let them catch me. I would rather die than make such a sacrifice."

At this time, Gu Shaoyang Tianci and the others felt very guilty after listening to each other's words. They were wondering if they could have given them some advice if they had not left at the beginning. Then, their country would not be destroyed. , but now you see there is nothing.

At this moment, Tianci came to the door of the room cautiously, and silently looked outside. It didn't matter, but they were frightened. It turned out that it was not someone else. It was the waiter in the shop, but he was also very surprised as to why they had to be checked at this time.

They had never done anything before. After looking down at the other person's feet, he found that he was wearing a pair of black boots, which showed that this guy should not be Ordinary people, after thinking of this, he nodded to the others. At this time, everyone became very nervous.

Knowing that an outsider was coming, Gu Shaoyang hurriedly opened the door, pretending to be very familiar and said

"Thank you so much. I really appreciate you bringing us some food and wine so late."

After saying that, he took it and closed the door, but at this time the other party said

"No, no, no, how can we trouble you? Let us go in alone."

After saying that, she rushed in regardless of Gu Shaoyang's obstruction. However, when she broke in, she found that Gu Shaoyang was the only one and even the cup on the table was missing.

After this scene, he felt very strange, because He had opened the good news before, and there were already several people inside, but they disappeared in the blink of an eye. Did he see it wrong?

After thinking of this, he said with some uncertainty

"Where are your friends? Why is it missing? Don't you feel lonely when you are all alone?"

Chapter 1468

But at this time, the other party said

"What's so lonely about this? I've always been alone, and I'm used to it?"

It was at this time, well, he checked the environment in the room and found that there was no place where he could be infected, so he left just then. However, after he left, his hand suddenly became numb. At this time before The other party ate something from his left hand, and then said to the other party

"Thanks."

Then he closed the door. At this time, the man did not leave. He was still standing at the door observing the situation inside. Moreover, how could Hei and the others not know about it? After knowing that the other party left, they did not leave. Come up below and say

"This guy is really weird. If I guessed correctly, he shouldn't have left yet."

Watching outside the door, they acted cautiously inside. It wasn't until the other party heard footsteps and voices that they knew he was gone, and then they appeared openly. After a night of discussion, they decided They went to get treatment the next day because their father had been there for too long and they didn't know how his father was.

Just thinking that Tianci would be able to rescue his father the next day, not to mention how happy he was. At this time, Gu Shaoyang arrived, and Tianci said to his side

"Aren't you very excited? Don't worry. We will do our best to rescue your father from each other's hands. I believe I will rescue him. Well, then we can be reunited as a family."

After hearing Gu Shaoyang's words, Tianci held her hand and said

"Thank you Gu Shaoyang, I know you have been supporting me along the way. If it weren't for you, I might not have known what to do, or I might have collapsed, but fortunately you are here, so I was able to do my best to deal with this matter, thank you so much."

After hearing what the other party said, he couldn't help but laugh.

"Don't worry, I am your best friend. How could I abandon you at this time? So don't be discouraged. We are always together."

"Thank you Gu Shaoyang. Only two words, thank you, can express my gratitude to you. But believe me, I have really grown a lot this time."

"Of course I'll thank you, it doesn't matter."

At this time, the King of the Daughter Kingdom came over.

In fact, our action this time should be very dangerous, so I think we should plan it carefully. At this time, the other party couldn't help but say after hearing his words

"is not that right? Although we may be sure of victory this time, we must know that the other party is a very cunning guy. Who knows what they will do behind the scenes to thwart our plan, so we have to think carefully about what to do next. what to do"

"You are absolutely right, so I decided to divide our troops into two groups, me and Tianci, and you and Wu Yi.

Let's divide the troops into two groups. This will distract them and prevent them from being together. Then when they are discovered, the others can't do anything."

"You're so right, that's how it should be done."

So we must do well from now on. We must work together to do this well. Otherwise, this will be a very difficult thing to do."

"Don't worry, we will definitely succeed. I believe that with our efforts, I will always believe that evil prevails over good, so go ahead and do it boldly. Besides, we also learned a lot of useful things from the master this time, and the master We will also help us this time, so feel free to do it boldly."

So this God's gift should be even more grateful to Gu Shaoyang. If it weren't for Gu Shaoyang, they might not know where the door is now.

Okay, okay, don't say any more, I already know your thoughts. That's it. That night they They were all excited.

They got up early the next day, made some plans, and walked towards the demons. At this moment, the number of demons had come back from outside, and they were leading everyone to work together. At this time, they actually called the old dean of the academy, Tianci's father, and respected him. After all, he is a scholar, and everyone has always respected scholars, so they let her sit in the upper seat. Although Tianci His father didn't like this kind of situation very much, but he had no choice. People had to bow their heads under the eaves, so he could only obey.

After a while, the leader of the demon clan came to Tianci's father and said to him

"I know that my subordinates have arrested you, and you must be very unhappy, but there is nothing you can do about it. Your son and your students are very disobedient. We only do this to contain them, but you also You see, they haven't come to save you for so long, which means you are not particularly important in their hearts."

Chapter 1469

If I were their father, I would definitely give them a good scolding. At such a critical moment, I actually ignored my own father. It was simply worse than a beast.

At this time, the other party originally thought that he was going out for the other party, but his father, who had thought about Tianci, said very angrily

"You misunderstood. I didn't let them act rashly, because I knew they would fall into your trap as soon as they came. For the sake of their safety, I had already told them. Don't worry about it. I only want their lives to be safe. can."

At this time, the other party was a little confused after hearing what he said. Are you just so resigned to being locked up here by us until you die? I don't believe you are so resigned to your fate, but at this time, God's father said, what will happen if you don't accept your fate? What? Anyway, I have been dragged here by you, and I can't get out. I can only take one step at a time.

After hearing this, he said with a somewhat overwhelmed look.

"In this case, don't blame us for being rude to you."

Soon after he finished speaking, he was in front of the other party. He picked up a knife and said to him

"If you don't tell me the whereabouts of your father and your child, then this knife will go in and out of your body with white knives and red knives. Aren't you afraid?"

So at this time, Tianci's father was stunned for a moment, and immediately laughed and said

"How could I not be afraid of death? Everyone is very afraid of death, but death also has its meaning. It is lighter than a feather or heavier than Mount Tai. I will never trade my life for the life

of my son. I would rather die. Don't let them fall into your trap. I will never do this. You will give up on this idea."

At this time, the other party heard that Tianci's father was so stubborn, and he didn't know what to do for a moment. Suddenly someone came to report that there were a few young men outside who barged in and said they wanted to save them. Father, if you guessed correctly, he should be his son. God has given them several people.

At this moment, the other party was the clan leader again, and he suddenly laughed and said

"This is God's help. I really wanted to know why they haven't come yet, but they actually delivered it to my door."

Then he walked to his God-given father and said

"It seems that your warnings have no effect, and they still come to rescue you."

After saying that, she laughed and left his side. At this time, the god-sent Fu Jing had completely heard what was going on outside. She couldn't help but think of these fools. Didn't you tell them already? Don't worry about yourself, they just don't care. It sounds good, but he will definitely fall into their trap. At this moment, Tianci's father is as anxious as an ant on a hot pot.

He can't wait to fly out now, then ignore them and send them all away. But this is just a thought. The most important thing for him now is to hope that everyone can evacuate safely, but don't forget about him anymore. He is an old man himself. He deserves his share of life, even if he is She was so miserable that she could rest in peace. She didn't want to put these young people in danger because of herself, otherwise he would be very guilty.

After thinking of this, he began to beg the soldiers next to him to let them take him out for a look. But these little soldiers are very timid. Without the master's order, they will never put it to the front. They have no choice but to wait here. I hope that the other party will be merciful and take them to the front. Take a look, just when they were thinking about the problem, suddenly two soldiers came from the front and told them to push the man to the front hall. The boss asked them to wait there. After a while, Tianci's father came Arriving at the hall.

At this moment, Gu Shaoyang and Tianci were standing in the middle of the hall. They saw their father being pushed in. Not to mention how excited they were, and then they said

"Father, who knows how you are doing? At this time, his father raised his face and said

"Why don't you kids listen? Didn't I tell you? Don't come here.

Why don't you listen?"

At this time before, Tianci suddenly knelt on the ground and said to his father

"I'm sorry, father, I didn't listen to you, but we really can't watch you being captured and tortured here day and night. We absolutely can't do it, so we would rather take the risk to rescue you from here."

At this moment, his father didn't know what to say, but the person next to him clapped his hands and said

"What a touching scene. It seems that your son is not unfilial."

Tianci said angrily at this time yesterday.

"I tell you it's best to release my father, otherwise don't blame me for being rude to you."

After a while, Gu Shaoyang took out his sword and prepared for Tianci and the others to fight with each other at any time. Sure enough, after a while, Li Zhou suddenly appeared in front of her.

Chapter 1470

You must know that since Li Zhou became obsessed, everything he did was something that a normal person would not understand and could not do. So this time they knew that Li Zhou must be their tool and let Li Zhou deal with them. , I thought they would be merciful, but I didn't expect that every move they made would be fatal.

If one is not careful, he will be cut by the other party, so at this moment he is very careful. The panda is thinking about how they made such a cruel scene. You must know that the last time they fought with them, they were not so powerful. Why did they meet so soon? It has become like this, which is simply a bit overwhelming.

At this time, they also knew what they looked like in each other's eyes, so he smiled and said

"Don't you want to say that it's right to have that feeling of being impressed when you recognize a peanut birthday? Because we have worked hard on it in the past few days, we have made such a big change. You should just accept it.."

After saying that, he immediately hit the opponent. After a while, they had formed a large group.

At this time, Li Zhou discovered that Gu Shaoyang and Tianci did not attack him, but kept attacking. Defending there made him feel very strange. Could it be that the two of them were exhausted and didn't want to duel with him. After thinking of this, he felt that it was very impossible. Otherwise, they would not have been able to enter this place alone. You must know this The clan leaders here are very thoughtful and can be caught by them if they are not careful.

And their methods are cruel. No one can come out of the torture chamber alive. Even if they come out, they will be disabled for life, so at this moment he Very worried about the other party.

At this time, Gu Shaoyang suddenly launched a violent attack, and this sudden change prevented the other party from slowing down. The same happened to Tianci, who started to launch a violent attack from behind, so for a while he could not Knowing what to do, the final result can be imagined. He must have beaten the other party until he was lying on the ground unable to get up.

At this time, Liu Chengmin came over and said with some worry when he saw the parrot.

"Li Zhou, are you okay?"

After hearing what Liu Chengmin said, Li Zhou said,

"It's okay, I was just careless. I was attacked by them. I believe I will be able to defeat them this time. But at this time, Gu Shaoyang burst out laughing and said, I didn't expect you guys to still want to use wheel fighting? It doesn't work once, it doesn't work twice, it doesn't work twice, it doesn't work twice, and it doesn't work again three times. If this goes on and on, when will it end?"

When the other party finished speaking, everyone was silent. If they continued, they would be accused of taking advantage of others' power, but if the patriarch spoke, it would be the same.

At this time, he was very excited He walked up to Gu Shaoyang and said

"If you can sincerely play a game with me, I will win the bet I placed for you, and you will leave immediately. From now on, you will never know so much trouble. If you lose, you will become my slave forever. How about it."

After Gu Shaoyang heard what he said, he agreed without thinking.

"OK, I promise you."

But at this time, the person next to her said to her

"Are you a little too conceited and haven't thought about the people around you? What if the people around him can beat him?"

But these words have been spoken, and they have no choice but to continue. After a while, they are all ready to fight. At this moment, Tianci is standing next to them, looking at Gu Shaoyang and the other party. In a duel, to be honest, this was Gu Shaoyang's first time fighting with this clan leader.

He had never had any experience before, and he didn't know what the opponent's approach was, so Tianci was very worried at this moment.

But what if he brought oil? There was no other way.

Really, the other party finally took action at this time. Gu Shaoyang found that the other party's Lulu was simply fast, accurate and ruthless. It was faster, more accurate and ruthless than his own, so at the beginning, in order to find out The other party had been preparing for defense, and sure enough, he kept sitting like this.

Suddenly he figured out the opponent's tactics, and then laughed. When Tianci saw Gu Shaoyang shouting like this, he knew that he must have discovered What did he want, so he quickly started a duel with the opponent. After a while, Gu Shaoyang had the upper hand, which made the leader of the opposite clan a little confused. Just now, he was clearly defeated by him, but after such a while, He actually overtook me.

He was so impressed with me. Even so, he didn't say anything because he knew it was all. The results he discovered were the result of his own efforts.

Although Gu Shaoyang admired the other party very much at this time, However, the other party is his opponent after all, so he must not cherish his talents. Just when he was thinking wildly, the other party began to launch a fierce attack on it. At this time, Gu Shaoyang came back to his senses.
