

## Attributes 1481

### Chapter 1481

After seeing this, Tianci was a little surprised. He had never thought that he would be able to see the treasure in his lifetime. Then he couldn't help but ask, King

"What is going on here? How can there be so many golden pigs? Did you hide it all secretly?"

But at this time, the king said seriously

"No, this is not me hiding it. This is the preparation made by kings in the past for a coup. I didn't expect that I would actually start to activate these things. I really don't want to activate these things, because as long as I activate these things After stuff, it means that the country has suffered an unprecedented disaster, so I have no choice but to use them."

After they talked about this, they couldn't help but think that in this case

"If we want to take back the country, we must have a lot of troops, but now we don't have that many troops, what should we do? Then Tianci asked the king next to him, do you have a better country? We can borrow troops from them or rent them. Anyway, we have so much gold, silver and jewelry here.

I think they should be able to agree."

But at this time the king spoke

"It's not that I don't want to borrow or rent, it's just that like them, I'm not particularly friendly with teachers. There used to be a friend who was more friendly, but after a misunderstanding, the two of us also fell out, and we haven't been together since. Been there."

At this time, when Tianci heard what the other party said, he was simply shocked, and then he couldn't help but say

"Then you are not as good as Qin Hui. Qin Hui, Qin Hui also has three good friends. When life and death are at stake, they can still make each other happy. But look at you now, oh, I don't know what to say to you.."

After hearing Gu Shaoyang's words, the king suddenly felt embarrassed, and then said

"Don't say that, I didn't mean it."

Who knew that such a coup would happen? If I could find one, I would have called them out long ago. Why wait until now? After he said this, Tianci was speechless. He didn't expect that he could still joke at this time..

At this time, Gu Shaoyang saw so many gold and silver jewelry in front of him, and he suddenly became interested and said, as long as you are willing to give up these gold and jewelry, I can help you find a lot of troops.

After the king heard what Gu Shaoyang said , was stunned for a moment, and then said

"As long as you can help me get Guo Jia back, I am willing to pay any price, even if it means paying these gold and jewelry. After hearing this, Tianci couldn't help but think that he is really a rich man."

After hearing what the king said, Gu Shaoyang laughed and said

"If this is the case, then don't worry, I will definitely find a lot of soldiers and horses for you to help you come back. Just like this, after Tianci heard Gu Shaoyang's words, he was immediately full of confidence in him, because Gu Shaoyang knew that the two of them grew up together. How could he not know who the other party was?

So when Gu Shaoyang said this, Tianci believed it very much. He indeed had the ability to do such a thing.

After a while, the person next to me spoke. If this is the case, that would be great, and we can completely turn over.

Who says it's not, so be sure to wait.

At this time he chuckled and said

"If any of you have time, come with me. I will take you to a place to visit the small country of Bian Hammer."

"At this time, Tianci said with some confusion

"Why go to a small country, a small country, what can you do to help?"

But at this time, Gu Shaoyang shook his head and said

"You don't understand this. You'll understand when I tell you later."

Then they started to leave from this place. Along the way, Gu Shaoyang told him about the pros and cons of this. Big countries will definitely not help. Why? Because they feel there is no need to participate in this muddy water. And they don't lack anything, not these gold, silver and jewelry."

Only some small countries can have this kind of mentality because they continue to develop.

After hearing Gu Shaoyang's words, the king immediately admired him. It was indeed like this. If Gu Shaoyang was allowed to be the king, he thought he would definitely carry forward the country of women.

After thinking about this, he suddenly realized that this idea was very dangerous, which meant that he had begun to dislike this country, so he absolutely could not do this.

At this moment, Wu Yi next to him spoke,

"Can we really do this? So which country should we go to next? We must find a small country that can be greedy for these funds and jewelry, and can also help us. We must not be deceived by them. If we are If we cheated away the jewels and then didn't give us troops, it would be more of a loss than a gain."

Chapter 1482

After hearing this, Gu Shaoyang laughed and said

"Do you think I'm that easy to deceive? If they really lied, I will make them pay with blood."

After hearing this, he couldn't help but said

"If this is the case, then you must listen to me from now on."

Then they chose a country called Chen Guo.

Chen Guo is a small but very determined place, but it is a bit backward, so for them, genetic jewelry is a very good choice for them. Temptation, so Gu Shaoyang came to the country as his first stop. When they came to Chengguo, they found that although there were many people on the street, their clothes and the things they sold were relatively backward, so he decided to The country can also take action. She felt that there was an 80% chance of success, so he quickly came to the door of the palace. After a while, they appeared inside the palace.

Because the emperor here actually received them, but All of this was developing as they hoped.

At this time, the emperor of the country met with Gu Shaoyang and the others, and then entertained them very warmly. At this time at the banquet, Gu Shaoyang said straight to the point

"In fact, you should already know what we are here for, so we don't need to beat around the bush. Let's talk, what are you going to do about this time?"

At this time, the emperor of the whole country suddenly laughed and said

"I didn't expect that the young man would be such a shameful person. Very good, we can talk about this matter straight to the point now. Let's do it like this. The two of us can do it this way. In the end, how about we make it mutually beneficial."

After Gu Shaoyang heard this, he knew that the king had agreed, and then he had to put the danger in front of him and let him think about it on his own, so as not to retreat halfway, which would not be a good thing then. Then he said

"In this case, I can tell you once again what kind of path the daughter country is now. The other party laughed and said, do you think I will be afraid of those unruly people?"

"Don't worry, I was able to conquer the Zeng Kingdom not because of those people, because it was through my own efforts and the persistence of these warriors that I achieved today's results.

So, although we are very diligent here, I have always been determined to make a fortune. Although this method is not very good and may cost blood, I am willing to try and tell me, what do you want from me? Will definitely agree." At this time, Gu Shaoyang heard what he said, just to show himself that he was not afraid of anything. If this was the case, then she didn't have to be polite. He soon told him that he had come, and his purpose was to build troops. Buy horses and some of their troops, and they will return them immediately after they are used up.

But at this time, the other party has hesitation. If he takes a fancy to these golden horses of his, and he does not return them after they are completed, he will not be able to return them when the time comes. What should he do?

He has nowhere to go to get it. After all, her strength is not as good as that of other countries. Then he said

"Don't worry, I don't know what you are taboo about, but I can sign a contract with you. With this contract, you should believe it."

When the other party heard that there was a contract, of course they believed it, so they started a sales contract to borrow 200,000 soldiers, and then they promised to return the 200,000 soldiers after the fourth floor. Of course, apart from dying in the process Except for the soldiers and generals, the rest will be sent back to him.

After hearing this, he couldn't help but laugh.

"Okay, if that's the case then I'll accept it personally."

After thinking of this, he couldn't help but laugh.

In this way, the matter was completed so quickly, and then they paid the money and delivered the goods. Gu Shaoyang brought a lot of gold and silver jewelry and delivered them to the other party, and Gu Shaoyang took them away. At that time, he also borrowed a lot of soldiers and generals,

about 300,000 in total. Originally, he wanted to borrow 200,000, but the other party decided to give him an extra 100,000 because he said that war requires a lot of manpower and material resources. , if they keep these golden horses, they are more likely to win, for his generosity.

How could Gu Shaoyang forget it? And he said before leaving

"When he succeeds, he will definitely repay Emperor Chen well."

But the emperor of Chen State said

"It doesn't matter, I'm not a person who adds insult to injury. Just wait until you have this heart in the future."

In this way, Gu Shaoyang returned to the borders of the daughter country with 300,000 soldiers. Of course, these soldiers did not let them know, but they were stationed in the house outside the city of the daughter country without letting the other party find out.

After only three days, Within days, Gu Shaoyang brought the goods back. For them, 300,000 soldiers was simply a miracle.

Chapter 1483

Then Tianci asked him how he did it, so Gu Shaoyang told them the whole process. Then Tianci couldn't help but said that the emperor of Chen State was really a courageous man. For those funds, Alipay was able to lend From your many cases, it can be imagined that he is a very money-loving person.

But at this time, the other party didn't think so. Gu Shaoyang shook his head and said

"That's because you didn't see him for me. When you see him, you won't think so. He is not a person who loves money as much as life. On the contrary, she is a person who cherishes talents very much. Do you know?"

He was afraid that we wouldn't return the medical records, so he deliberately wrote a contract in duplicate. If I didn't give it to him, he would reveal the matter to the public. It's not his problem anymore."

After a while, he couldn't help but said,

"Well, thank you, Gu Shaoyang. Without you, as the king of the daughter country, I would not know what happened or how to deal with it. Anyway, thank you so much."

"Don't say that, I'm doing all this as I should. Besides, isn't it also fulfilling your wish?"

Okay, okay, don't talk anymore, I know what's going on, don't argue anymore, go back and rest quickly, we have to get up early tomorrow morning to train these soldiers."

Gu Shaoyang found Tianci that night and told Tianci how the king had been doing during this period. Tianci sighed at this time and talked about how his country could be. Seeing others worrying about their country every day, he Can you feel better?

But I believe that as long as you are here, Wu Yi and I are here, we will definitely help him get his things back, including the entire country and people

"Don't worry, I will definitely return victorious this time. This time, not only the Chen State but also the neighboring Yue State, I went to them all. Although the Yue State did not agree to send troops, he also agreed not to participate. This time, as long as they don't participate, we have the possibility of victory.

I have already visited all the surrounding countries, and I have made a note of all the countries that will not participate. If they go back on their word then, don't blame me for being rude to them."

After arriving here, he couldn't help but said with a smile.

"That's really great. If that's the case, then we have the possibility of victory."

Soon he came to the other party and said

"Okay, great, let's start to prepare our troops now. We will definitely be able to catch the opponent off guard by then, what do you think?"

"I think so too. After all, the other party is an unusual existence. If it is ordinary ice brew, then we have no scruples. But now that the Demon Lord has participated, who knows what he will do to these diseases. Means of joy, anger, sorrow and joy.

We still don't know yet. I plan to go to the Demon Clan's palace tonight to find out what the situation is like."

But when Tianci heard that Gu Shaoyang visited the palace at night, don't mention how worried I was, and then said

"No, no, how could I let you go alone? Besides, this is also a matter of the daughter country. If you want to go, you can, but you must take me with you, otherwise you will never be allowed to go."

After hearing Tianci's words, Gu Shaoyang certainly knew that he was caring about him. He said

"Don't worry, I'm more accurate than you."

No, no matter what, I will not let you go alone. I have to follow you. There is no other way. Gu Shaoyang took Tianci and avoided everyone at night to the palace of the daughter country. They wanted to take a look at what's going on here, and then they came to the emperor's bedroom. At this time, the other party seemed to be enjoying something there, holding his arms tightly and looking at the palace maid. To be honest, these two people, Gu Shaoyang and the two of them, Tianci, had known each other before. They were in the two apartments next to the king. When they saw Gu Shaoyang and Tianci, they were so surprised. They were about to shout at that time, but they were suddenly stopped by the two of them. He covered his mouth, then dragged it to the side and said

"You two are going to die. If you call out, you will be discovered by the other party."

At this time, the two of them suddenly knelt in front of each other and said

"Sorry, sorry, we couldn't do it on purpose"

"Although we know you didn't mean it, do you know that if you shout like this, they will definitely be called, and after calling them, our target will be exposed. Do you really want us to do this in public?"

Do you know what we are doing today?"

After being questioned by the other party, the two of them suddenly said something.

"Of course I know what you two are here for. It must be about the king's affairs."

Chapter 1484

But do you know that the two guys here are very powerful, especially the red-haired guy. I heard that he is the leader of the Demon Clan. However, this guy is very mysterious every day. At night, he will kill us. The room was tightly closed and no one was allowed to enter. During this period, a young servant was particularly ignorant and told him.

Then the boy disappeared not long after. We all knew that he must have been killed by the other party, so we were very careful from then on. His methods were very vicious and made people here panic. I was very I miss the website. Although he was very serious at that time, he would never mess with us or kill us.

After hearing this, he couldn't help but laugh.

"Don't worry, your king will come back soon. I will help your king get the country back. Believe me, we can definitely do it."

I didn't know I believed it and then said

"I don't know what's going on in the Golden Palace between you two. If there's anything you can tell me quickly, maybe I can help."

When Gu Shaoyang and Tianci heard what he said, they couldn't help laughing.

"Thank you, little girl, we will definitely remember you, but we appreciate your kindness. Now you can go and do whatever you are supposed to do. Don't worry about the rest. As long as you don't scream, you are doing us a favor. The biggest help."

After he finished speaking, he chuckled. After saying this, the two little girls suddenly had a bad premonition, and then said

"Let me tell you a secret."

After that, he whispered a secret in their ears. After the two of them heard it, don't mention how grateful they were to each other, and then said

"Thank you, if it weren't for you, maybe we would have fallen into a trap. ...

Then the two little girls said

"Don't worry, we have all been hoping that the king will come back soon and beat these bad guys away. This is our greatest expectation. I hope you can hurry up."

After jumping here, he couldn't help laughing and said

"Don't worry, we will definitely help you bring the king back, and we will definitely be reunited when the time comes."

After saying this, he couldn't help but laugh, and then they turned and left. In the next time, Tianci asked Gu Shaoyang what should we do?

"What else can be done? According to the original plan, let's go see what happened to the leader of the demon clan."

Before they even reached the other party's room, they discovered that there was an unusual atmosphere here. They suddenly saw the leader of the demon clan practicing martial arts there, but the most terrible thing was that they actually used living people as targets.

Look. Not to mention how angry he was after arriving here. These were all people carefully trained by the King of the Daughter Kingdom, but they were killed one by one. If he knew this, how angry and sad he would be, but There was no time to think about all this, why? Because they could not protect themselves now.

Soon, they came to each other and said

"Okay, okay, if that's the case, don't blame me for being rude to you."

After he finished speaking, he quickly came to the other party and said

"Who gave you the courage to treat human lives like this? Don't you know that they are all living lives?"

At this moment, they are wearing black clothes and black gluten. The other party can't guess who he is at all, and then they dare to yell at each other so boldly. At this time, the team leader of the module listens. Immediately after hearing Tianci's words, he frowned and said, "Who are you? You dare to enter and leave the palace at will. You are simply desperate.

At this time, Gu Shaoyang also appeared. He was wearing black clothes and a black hat like Tianci. face towel and said

"Even a demon lord like you can enter the palace, let alone us who are kind people."

After thinking about this, he smiled coldly.

"In this case, don't blame us for being rude to you."

After he finished speaking, he quickly came to the other party and said

"Okay, okay, if that's the case, don't blame me for being rude to you."

After saying that, he quickly came to the other party, and then received

"Now I will give you a chance to duel with me. If you win, we will leave obediently. If you lose, just follow us. However, the leader of the demon clan did not take their words seriously at all.

So he laughed and said

"There is no ability comparable to mine, but you actually have the ability to be on an equal footing with me. Who gave you the courage? When the other party heard this, they felt as if they were insulted. As for Gu Shaoyang and Tianci, they suddenly laughed and said

"I didn't expect you would still dare to ask for anything that is insulting or not insulting here."

"In this case, don't blame us for being rude to you."

After saying that, he hit the opponent fiercely.

Chapter 1485

But this time, the other party was able to react quickly and disappeared immediately. When the two of them looked back again, they found that the other party had appeared three meters away, which made them feel very strange. What the hell is going on with this guy? Is he so awesome? It's really amazing.

After thinking of this, he couldn't help but laugh, and then said

"If this is the case, then we must proceed well from now on, otherwise it will really not work."

After seeing this, he couldn't help but laugh. "Okay, great.

From now on, let's do it again.

Let's see how we can better defeat the opponent. Although the two of them said

"Very good, but at this time the team leader of the module had no time to duel with them, because he still had a lot of things waiting to be done, so he disappeared from Nana in a short while.

A voice came in their ears, saying

"Juniors, I have important things to do now, so I don't have time to chatter here with you. After I finish the things, I will definitely come back to settle the score with you."

After hearing this, he suddenly lost his composure, and then said

"If that's the case, then we won't force it from now on."

He quickly disappeared.

At this time, the other party stood in front of them with a very tall look, and then said

"From now on, I will definitely make this place my own."

At this moment, Gu Shaoyang and Tianci have already left this place. He can only say these words to the air, and the person who said these words is none other than the king of the Jin Kingdom, that is, the king of the Occupying Daughter Kingdom. man.

After Gu Shaoyang went back, in fact, the king of the daughter country knew when they left, but he didn't say anything to you, because he knew they had to make this trip. If they didn't make this trip, how could they do it? Did he get news about the other party? So he quickly followed behind.

But he was very careful along the way and was not discovered by the other party at all. So when they came back, he had just come back not long ago, so he was afraid that others would find out. They followed each other.

After a while, they came back not long after he came back, so they were not noticed at all.

And at this time, the other party saw him appearing in front of them like this.

Not to mention how many I was surprised, and then I said

"When did you appear here? Don't think that I don't know that you have been following us."

When the other party said this, the king suddenly frowned and said

"It turns out you all knew this all along, no wonder"

"Do you think we are so stupid and don't know you are behind us? I'm telling you what we all know from beginning to end, but we just haven't revealed it because we don't want you to worry. We want you to follow along and see. We have developed things to this point. I didn't expect you to really Keep following, but it doesn't matter, nothing happened anyway."

After the other party said this, he suddenly felt a little embarrassed. He acted as if he didn't believe him, so he started to explain, but Gu Shaoyang stopped him. He wanted to say

"You don't need to explain, we know what's going on and won't argue with you, but you have to believe me, we will definitely help you get this matter done, otherwise we will never come back."

After he finished speaking, he quickly disappeared from his eyes. Although he still doesn't understand what he meant by what he said, she knew that since Gu Shaoyang had said such words, he could definitely do it.

See He looked like he was in despair, Tianci walked up to him and said

"Don't worry, Gu Shaoyang has already taken care of this matter, which means that it will definitely be solved, so you don't have to worry.

Although there may be some minor troubles during the whole process, you have to trust him"

"Don't worry, how could I not believe you, that's it."

Soon, they disappeared in front of everyone, but they didn't know what happened to them. In short, he very much hoped that everyone could get through this difficulty. In this way, things were proceeding in an orderly manner, Suddenly one day an uninvited guest came to them. Who was this person? They never expected that this person was actually Li Zhou.

When Li Zhou appeared in front of everyone, everyone was stunned. They I didn't expect that Lizhou would appear here, and what was the reason for it appearing here? I really don't know.

Now they are in a very mysterious place, how could he find it? So Gu Shaoyang suddenly When he became nervous, he had to lie in front of Li Zhou.

Chapter 1486

"Tell me, who gave you the information to let us be here? Tell us what your purpose is. If you don't tell us, don't blame us for being rude to you."

After listening to Gu Shaoyang's words, Li Zhou suddenly laughed and said

"Is it still difficult to find you? As long as I lock your target, I don't believe I can't find you."

After the other party finished saying this, Gu Shaoyang finally understood. It turned out that he had followed him to come here. No wonder, otherwise there would only be one here. The king of the daughter country knew about this place, and he would not put it here. Something was told, so I figured it out after thinking about it. Someone must have leaked her whereabouts. Otherwise, how could she have come here all of a sudden? But what was his purpose of coming here?

He didn't remember. They were enemies, and then he said to Li Zhou in front of him with a cautious look, what on earth are you here for?

"I have never forgotten that we are not good friends. We should be enemies. Why are you doing this? for what? Don't you know yet? I want to cooperate with you."

After hearing this, Gu Shaoyang felt as if he had heard a fantasy.

"Why should I cooperate with you? Is it necessary for the two of us to cooperate? Is there something you haven't clarified to us? But what happened to the enemy last time was because of you, my God-given father almost died."

Zijian said with a smile on the other side.

"Do you think you can deceive the devil with your tricks? If I hadn't been around him, do you think you could have escaped unscathed? What a joke."

After hearing this, Gu Shaoyang frowned.

"I know what you mean. Could it be that you were the reason why we were able to escape successfully last time? This is a big joke. Don't tell us such jokes. I will never believe it."

"Don't you know it's a joke? Just relying on your three-legged cat's kung fu to escape in front of him is simply overestimating your capabilities."

Perhaps Tianci's father didn't tell you anything else last time. If it weren't for me, he would have been beaten to death long ago. If I hadn't protected him secretly, do you think he would still be safe and sound when you found him? ? Has long been turned into a corpse.

When Tianci and Gu Shaoyang heard this, they were stunned. He did not expect that the other party had done so many things to him, but with words like this, he Why do you still want to hang out with the Demon Lord?

What is the purpose of what Li Zhou said like this? He was a little confused for a moment, and then the other party said

"It doesn't matter what my purpose is. Just know that I am here to help you. As for the rest, I have no comment."

Gu Shaoyang went to talk at this time.

"Since you refuse to tell us, who knows if you will trick us on the way. If you catch us all, the gain will outweigh the loss, so we must find out."

But at this time, Li Zhou burst out laughing and said

"If this is the case, then I can write a military order to you. If I abandon you and cooperate with others on the way or set a trap for you, I am willing to divide you into quarters and strike with thunder from heaven."

Gu Shaoyang and Tianci never expected that the other party could actually discover such a big poisonous oath. What was his purpose of doing this?

She felt very incredible, and this time he told another piece of news: because After you left, the magicians were always harassing your father. I had no choice but to bring your father here. If you believe me, you can follow me.

I will bring your father to you. When Tianci heard the news, not to mention how surprised she was. She didn't expect that the other party actually brought her father. This was simply unbelievable to him, and then said

"Why did you bring my father here? Did he really agree with you bringing him to this place? Or are you forcing him, just to let her persuade us to make such a decision."

At this time, the other party couldn't believe it after hearing Tianci's words.

"With your father's stubborn temper, do you think I can persuade him? Besides, I was once his disciple, how could I do something so evil? Once a teacher, always a father. Although I have done many wrong things before, don't forget that he is also my master. How could I do such a thing?"

Is it okay if I want to do good things now?"

After being said like this by the other party, they felt embarrassed for a while, as if they were preventing others from becoming good people. But can a person like him really become a good person with just one heart? Or should something happen to him? Or maybe he was forced into that state by something before.

Chapter 1487

In short, all this is a mystery to them, and at this time the king spoke. Seeing that his attitude is so sincere, why don't we send someone to follow him to have a look, in case what he said is true. What if it's true?

At this moment, Tianci thought for a moment. After all, the other party was his father, and then he said

"Well, I'll go with you. I don't believe that father can come here with you."

At this time, Gu Shaoyang said, no, you can't go. If you want to go, let me go. I can deal with him. If you go, if something happens, how can I explain to your father? Yeah.

After saying that, he let Li Zhou take him away. Seeing the other person's leaving figure, Tianci suddenly felt like he was a very bastard. He had to let his friends do such a dangerous thing. Do it while they stand helplessly watching all this happen.

After a while he said

"I don't think this kind of thing is a shame for me, I just feel very embarrassed to ask Gu Shaoyang to do this matter. After all, he is my own father, and I don't need to bear any difficulties myself. , but he stands in front of me every time. Sometimes I really feel sorry for him, so I feel very guilty."

At this time, the king finally knew what his worries were, and then he couldn't help laughing, patted him on the shoulder and said

"Just relax, he doesn't think so, why should you? If you always think like this, wouldn't you be sorry for his loyalty? What he does is that he regards you as his own brother. He would give up his life for you, but you, don't you? Same."

Then Tianci said without thinking

"Of course, I must be like him. I will risk everything for him, even if I lose my most precious life. Then when the little lonely king heard it, he knew that it was okay. The friendship between the two of you is gone. It's mutual, both for the other to lose their lives, and that's all.

Needless to say, nothing else needs to be said. As a man, does he need to act like a mother-in-law? At worst, when she has something to do in the future, wouldn't it be nice if you did it twice more?"

After the little king explained, he finally understood, and then said

"Thank you, I feel much better. Now I am waiting for him to help me bring my father back."

After saying that, he looked expectantly at the other person's leaving figure in front of him. At this time, Gu Shaoyang and Li Zhou were walking on the road. Gu Shaoyang couldn't help but ask Li Zhou why you suddenly had such an idea, why did you suddenly Change your evil ways and return to righteousness? If I'm not wrong, you should have had a good relationship with the generals of the Demon Lord when you betrayed them.

If they find out, your end will definitely be very miserable, and Xiao Mo is helpless at this time. Just smile, what can I do, anyway, I have completely broken off with them.

As for what happened, I don't want to tell you, because I'm afraid you will laugh at me. In short, this matter has passed. From now on, I am a module, I am me I am still the teacher's apprentice. If you are willing, you can treat me as my original friend. As for the other things, don't ask anymore, and I don't want to talk about it anymore."

So he said nothing for the next time, but Gu Shaoyang You can feel an element of sadness from his body. What happened or what tragic thing happened to make her look like this? In short, she looks very pitiful, but none of this has anything to do with him. Any relationship, because she knew that she had asked for it, so she followed him to a cave.

He said to Gu Shaoyang next to him

"The master is here. You wait for a while and I will go in and find it. After a while, he found it from inside. When he saw the person appearing in front of him, Gu Shaoyang was not to mention how surprised he was. Isn't this Is the old gentleman from the academy also the god-sent father?"

Then she said in surprise

"Master, why did you come here? Didn't I tell you to wait at home for us to return?"

But at this time, he suddenly said

"I was originally waiting for you there, but I didn't expect that the magic furnace would come and disband every two days. I really had no choice, so I came here. Firstly, I could get together with you, and secondly, I could help you. Think of it, wouldn't it be nice?"

But at this time, Gu Shaoyang asked with some doubts.

"Then why are you with Li Zhou? Did he take the initiative to force you to come, or did you ask him to bring you here?"

At this time, the other party said with a smile

"But I asked him to bring me here, otherwise who do you think can make the decision and bring me here from such a far away place?"

Chapter 1488

It's almost life-threatening, but it can still understand what I say. After hearing this, he chuckled

"If that's the case, then okay, I won't doubt him from now on, but I'm curious about the way he treated us before. Why are you not defensive about her at all? If he takes you away and you leave, aren't you afraid that he might have some trap for you?"

"I'm already a lot older, so what can I do if there are traps? Anyway, I have already looked away, but now he has really changed his ways. You have to believe him. He said he would help you get it back. He has the other party's weaknesses, so you should believe him now. In this way You will save a lot of effort by coming."

When the other party heard what he said, he was simply stunned. He didn't expect that they could even guess this. He was really too smart. It was because he had changed his ways now. If he continued to be with the other party, I would believe him. He will definitely become his biggest enemy

"Well, now that I've knocked you If you don't, just go see Tianci as soon as possible. He must miss you very much."

At this time, the old man in front of me said that I also miss my son very much. Otherwise, how could I come all the way here to find him? Let's go quickly. It will be hard to leave when it gets dark after a while.

" After that, the three of them began to slowly walk in the direction of Tianci. When it was almost dark that night, a few of them finally came back. When Tianci saw the old man appearing in front of him, not to mention how surprised he was. God exposed his father all at once, saying

"It's great, father, to finally be able to see you, but can you tell me what happened to you recently and why they became like this?"

At this time before, my father said with a smile.

"Of course, it is certain. How could he not complete these things if he were there?"

Soon, he came to the other party and said

"If that's the case, okay, let's sort out all of this from now on. Let's study carefully how we can quickly take back the Daughter's Kingdom from the opponent's hands, and make the Daughter's

Kingdom more powerful to the king. It is a very important existence for him. I must find a way to help him get it back, otherwise it will be really embarrassing."

Don't say that, no one wants this kind of thing to happen, but what can be done if it happens?

It's not until this time that they noticed that the king next to them looked a little livid, and Tianci was like this, thinking about nothing. He said this. Of course, he was not laughing at the king, but thought that their ability to do things was not the same at all, so the king was very embarrassed at this time. Suddenly Tianci saw everyone's expressions, Suddenly he remembered what he had said, and then he lay down and slapped himself in the mouth, which frightened the king.

"Tianci, what are you doing? Tianci said sorry at this time. I didn't target you specifically. I just felt that if we didn't take down this king's map, I would feel very sorry for you.

So I spoke freely. I didn't expect that I said so many words without any restraint, and it suddenly seemed like I was being targeted at you. So you must not be like me. I didn't mean it."

Seeing how cautious the other party was, he suddenly said in a funny tone.

"Okay, okay, don't I still know what kind of person you are? I won't be angry with you over such a trivial matter. You should quickly study how to take back my land. I would like to thank you very much."

After saying that, he turned around and left. After all, this place is full of male superiority and female inferiority. At this moment in his heart, it is like a maid pouring water, getting them some food from time to time, and also Drink some water, in short, I have never been idle.

At this time, Gu Shaoyang spoke. If it is true as he said, then our chances will be much greater this time. I wonder if you have ever thought about it like this?

"Don't say that. If that's the case, that would be great. Who knows what kind of tricks the other party will reveal? Besides, he has so many apprentices. It seems like there are only two or three here now, but who knows if they will come in the future?"

"Since they want to develop here, it only means that they will definitely put more and more people here, so before those people come, we must capture this place and make it our territory, otherwise There will definitely be long nights and many dreams."

After hearing this, he couldn't help laughing and said

"is not that right? If this is the case, we can leave this place as soon as possible."

Soon he disappeared in front of everyone, and then couldn't help but say.

Chapter 1489

"I don't know why I got involved with you, but obviously I am very happy, because only in this way can I clear up some of my resentment. After all, I have done a lot of things that I have done to you that I am sorry for, and this time I must even get rid of my resentment. I'll give it back to you with profit, I hope you can accept my good benefits."

Well, seeing how sincere you are, we accepted it.

After a while, they came to each other, and then said

"King of the Daughter Kingdom, we have already thought of a series of plans. What do you think? Can you tell us?."

At this time, the king of the daughter country never thought that they would actually argue about their opinions. He thought that after everyone made a plan, he would just help to get it back. Unexpectedly, they actually said this

"Well, let's tell him"

"As for me, of course I hope that I won't be able to take the country back with one soldier, but I know it's impossible. There will definitely be fighting procedures. But, I know my thoughts are very selfish, but as long as I can I am willing to pay any price to take my country back.

So you can just discuss it among yourself on what to do. There is no need to ask for my opinion, because I am just talking on paper. I have to rely on you for more practical experience, because you have already experienced many such things, so I I trust you very much.

I hope you can do this well for me and help me take back the country soon. I am very grateful to you."

After hearing this, he was extremely grateful to the other party, and then said

"Well, I will be fine from now on."

Then in the next time, Gu Shaoyang gathered some troops. Didn't he already borrow 300,000 troops before? But this time he did not use them all, but activated 200,000 troops. The army of death was there. Waiting for his order, he took 200,000 troops, Tianci and Lizhou Wu Yi.

They came together to the door of the king of the daughter country, which was also outside their realm, and shouted

"Come out and clean up quickly, otherwise don't blame yourself for being rude. After saying that, he was very direct."

Tell me again after a while that the leader of the Demon Tribe and the Emperor of the Great Jin Kingdom will appear.

Behind them, you brought a lot of troops. Now the men and horses of both sides are standing face to face, trying to give each other a very big posture..After a while, the other party finally couldn't help but said

"Your good days are coming to an end, so hurry up and die."

After I finished speaking, I waited for the other party's answer. After a while, the leader of the Kung Fu Demon Clan's eyes were very concise, and he suddenly discovered the existence of Li Zhou, and then said

"Lizhou, Lizhou, I didn't expect you to betray me so quickly. Have you forgotten what you said in the first place?"

At this time, people in Lizhou were clamoring every day. He came immediately and said

"Of course I have not forgotten what I said at the beginning, but have you forgotten how you said it at the beginning and how you want to treat me now, so do I need happiness now?"

I didn't want to talk to you for a long time, so I appeared in front of your enemies. But this time, I hope you can think about it carefully. I'm really sorry about that time. It was our fault, so Let you feel a little wronged."But this time, I believe that after the last lesson, we will definitely handle various things properly, and you will not be wronged again.

After hearing this, they finally understood what was going on. It turned out that He was wronged by the other party, and then he remembered to return here. If he dared to rebel again, it would never keep him. After thinking of this, Gu Shaoyang's eyes glared fiercely at the person next to him. Li Zhou.

Li Zhou, of course, also saw what Gu Shaoyang was thinking, and then said with a smile

"Don't worry, since I have chosen this path, I will never go back. After all, this path is difficult to find. Then I just want to do some good things and put my Make up for all the bad things you did in the past, and don't think about anything else."

After asking for the other party's words, Gu Shaoyang didn't know what to think for a moment. If he really takes the right path, he will welcome it very much. If he is just impulsive, don't blame him for being cruel. This At that time, the king of Jin Kingdom shouted:

"Why is the king of the daughter country gone? Has he become a tortoise? I haven't seen him sacrifice himself for so long. At this moment, a woman appeared from behind. He was dressed in a heroic outfit and looked like a warrior. He suddenly came to the front of the two armies and said, how could such an occasion be possible? Will I be missing?"

Chapter 1490

"Don't forget that every inch of land you step on belongs to me. I must use my own ability to take back this land and let all you outsiders go back to me. I will definitely go back and forth wherever you come from. no sooner said than done."

After hearing what the other party said, he suddenly laughed and said

"Wait until you have such ability before talking, otherwise everything will be in vain"

"Okay, great, then let's wait and see."

After saying that, the other party waved his hand, and the soldiers behind him came up immediately. It didn't matter at first glance, they were densely packed, but as long as they looked carefully, they would find that there was a red dot on the top of their soldiers' frame. It can be seen that they must be controlled by the leader of this demon clan. If this is the case, then how can their ordinary soldiers beat them? After leaning here, Gu Shaoyang suddenly frowned. What on earth is going to happen

? How can they help them get rid of their difficulties and then take back this place? At this moment, their soldiers are already fighting with the opponent. They need some tricks from the opponent, but it can be seen that they must be completely complete during entertainment duels. It was revealed that their combat effectiveness was very powerful, but it could only be maintained for about half an hour. After half an hour, their combat effectiveness completely dropped and they were not as good as an ordinary person. So after he discovered this secret, he asked everyone said

"Everyone must persist until 30 minutes. After 30 minutes, they will have nothing."

After he finished speaking, he looked back proudly. The leader of this module was stunned when he heard what he said. He didn't expect this brat to know it so quickly. If this is a secret, then don't blame him for being rude.

After a while, he also joined the current battle. His target was clearly Gu Shaoyang, and Gu Shaoyang was suddenly in the way of the king. Said in front of him

"You should hide aside first and be sure not to get in the way, otherwise it will be bad if Sword No Eyes gets to you. After all, you are the leader of a country."

After saying that, Gu Shaoyang came to the opponent and started to pick up his sword to duel with the opponent. Not to mention, the opponent really had two brushes. Not only did he have special energy, but he was also very powerful in his hands, legs and feet.. At this time, Gu Shaoyang started to get serious. The opponent really had a few tricks up his sleeve, but he was not easy to deal with. After a while, they were tied, and at this time, Tianci, Li Zhou and the others were also with each other. The generals dueled, and at this time the heroine actually faced off against the king of the daughter country. In this way, they each found their former opponents, and finally the king spoke.

"Now let's have a duel. I'll see what kind of ability you have to snatch the daughter country from my hands. I must reward you well."

After saying that, he gathered a whip on the heroine emperor's body. This whip is very precious. His father only found this whip after many years of searching. Although his father is gone, every time when he picked up this whip, it was as if his father was by his side, protecting him forever.

So this whip has a special meaning. When he dragged the whip hard on the opponent's shoulder, not to mention how much it had. Proud, and then talked about how to be convinced, do you want us to play another game?

After hearing this, he couldn't help but laugh and said

"Okay, let's play another round from now on to see who can win and who can lose."

Then Gu Shaoyang picked up his whip and shouted at the other party again. But this time, the other party's master had already developed into this, and then he said a little embarrassedly

"Although you are empty-handed, I picked up the whip. I don't feel that I owe you anything, so just wait for me to attack you. After saying this, I quickly launched a final Beautiful encounter."

Everyone on the field found their opponent, but Wu Yi was the only one who stood beside him leisurely. Watching the development of everything in front of him, he saw that Gu Shaoyang and the opponent were inseparable. After a while, He ran from the ground to the nearby mountain peak, then ran from the mountain peak to a rockery, and then returned to the ground from the rockery.

In short, the two of them were inseparable, just like a pair of enemies. The other party would not stop beating him to death. After seeing this scene, Wu Yi next to him laughed. It seemed that the other party was really going to be unlucky this time, because Xiao He was a person who would retaliate if he suppressed him. If he was offended, even if he got involved His own character was that he wanted to die with the other person. After thinking of this, he chuckled. At this time, Gu Shaoyang next to him smiled and spoke to the leader of the demon clan in front of him.
