Chapter 1491

"Why do you just accept it like this? Let me tell you, we still have a long time to duel. If you don't cherish it, don't blame me for being rude to you."

After saying this, he whipped the opponent fiercely.

Yes, Gu Shaoyang also had a whip in his hand, which he picked up at any time on the ground.

But at this time, the opponent's face and body were completely covered with hair. She had already been stabbed several times by Gu Shaoyang, but she didn't expect to be stabbed by him in the end.

This time, she stabbed the opponent's vital part at once, and the pain made her gasp, and she couldn't exert any strength at all. When Xiao Hui came out, he was overjoyed when he saw this scene. He knew that he must have hit his life gate.

In this case, he could take advantage of the victory and pursue the victory. After thinking of this, he began to launch more violent attacks on the opponent. After a while, the man had no power to fight back, and then Gu Shaoyang used his Mr. Kong to tie up his opponent, because he knew that many losses could not tie him up, and only in this way could he be tied up. said to him

"If this is the case, then let's fight to the death. I don't care what state you are in. Normally, there is no mercy. If you are unlucky, there is nothing we can do."

Soon he appeared in front of everyone. This everyone refers to everyone on the field, including Tianci and the others. At this moment, Tianci and the king of Jin Kingdom are fighting inseparably. There are also things like It is said that the king of the Kingdom of Jin seems to be a person who is inexperienced in the world. In fact, he is actually a very happy little king.

Although he has learned some self-defense things before, to this heroine king, he is simply a little witch. After meeting the great witch, they all failed when it came to their son.

Only he had not eaten yet, so at this moment he had a strong sense of responsibility. Seeing Gu Shaoyang there, he kept fighting for the final result for himself. She also had to take a good look. He would never allow such a thing to happen.

After a while, he saw something surprising appearing next to him. What was it? It turned out to be a mythical beast, which meant something like They are not the same thing.

What does the appearance of this thing mean? Does it represent auspiciousness or is it there? For them, they simply don't understand anything. At this time, Gu Shaoyang was very happy when he saw it, and then said

"Whose do these four different things belong to and why did they appear?"

And at this time, as soon as he finished speaking, no one was talking, when this four-faced guy walked towards Gu Shaoyang.

Everyone gasped, why?

They thought this master was walking so fiercely. They came here to attack Gu Shaoyang, but the final result surprised everyone. Why? Because they found out that the four-faced man did not come to attack Gu Shaoyang, but to look for his master. He suddenly knelt on Gu Shaoyang's side. In front of him. Regarding his actions, everyone was a little confused about when Gu Shaoyang knew this Si unlike, and why did this Si unlike appear in front of Gu Shaoyang? All of this is like a mystery, even Gu Shaoyang doesn't know, Not to mention other people, and at this time, the leader of the Demon Clan saw the Sibe. He suddenly fell in front of Gu Shaoyang, which meant that Gu Shaoyang was its master. But as far as he knew, the Sibe had been around for hundreds of years. He hadn't appeared for a hundred years, but he appeared directly in front of Gu Shaoyang, and even asked him to kneel on his body.

What did this kind of operation mean? Could it be that they had known each other before, but after seeing his behavior After that, it showed that they didn't know each other, but why did they go to Gu Shaoyang directly after coming here? Unless there was a possibility that Gu Shaoyang was its owner, but now Gu Shaoyang couldn't remember anything at all.

Otherwise, How could this unlikeable person appear in front of him for no reason? After thinking about this, he became very angry and jealous, but there was no other way. What could he do if it just appeared in front of him?

Really, everyone When he was puzzled later, the four-faced man suddenly stood up and stood next to Gu Shaoyang, as if waiting for his master's instructions. After seeing this scene, Tianci and Wu Yi were not to mention how surprised they were. This guy is really a treasure. He actually protected

Gu Shaoyang so much, because they found that if Si unlike had not stood up just now, then one of that person's hidden weapons would have fallen on the other person, so as soon as he stood up, he suddenly The other party was startled.

He didn't dare to use any hidden weapons at all, so this guy might really be Gu Shaoyang's lucky star.

At this moment, he couldn't help but laugh.

Chapter 1492

"They are not alike, they are not alike, where are you from? Why are you surrounding me? I have no impression of you at all. Don't tell me what the relationship between the two of us is."

At first I thought it was his thoughts, but the other party couldn't understand what he said. He once really answered him, saying in a voice that only the two of them could hear.

"Master, I came here just to look for you. You don't even know how long I have been looking for you. Fortunately, I smelled your breath here, otherwise I might have made a lot of mistakes."

At this time, the other party was speechless after hearing his words. She had never expected that this guy could actually talk to her. It was really unexpected. She felt that when she was about to give birth to Dajinku, his voice suddenly came in again. Yes, he thought in his mind

"You don't need to tell others, otherwise you will suffer divine punishment, not only you but also your friends. If you want your friends to suffer divine punishment, you can just call out loudly. I don't mind talking to you anyway. I don't have any relationship."

At this time, the other party couldn't help but laugh after hearing his words.

"Don't worry, brat, I will definitely not tell your secrets. I know you said this just to prevent me from uploading your identity. It doesn't matter. I already know other things anyway, so I don't need to say anything else."

After a while, Si unlikei stopped talking. Instead, he followed the other person very meekly, waiting for his praise.

After a while, the guy made a comeback, and Gu Shaoyang launched a fierce palm strike. It was completely unforeseen by Gu Shaoyang that this battle was about to happen to the opponent. But at this moment when the thousands of troops were released, Huo Qilin suddenly saw it, and he used this card. His own body blocked it.

Everyone was a little surprised by his actions. They never dreamed that this guy could do such a thing. It was really surprising. Soon they discovered this The thing is a great blessing to Gu Shaoyang, because he can do anything for Gu Shaoyang.

When Gu Shaoyang realized the other party's actions, not to mention how worried he was, why did he step forward to take a look? , what happened.

I don't know if his body was damaged. After seeing this scene, he said

"Thank you so much. If it weren't for you, I might be the one lying here right now."

And at this time the other party said

"It doesn't matter, this is what I should do. I have lost you over the years and have not found you. I finally found you. How could I let you be hurt like this again? I will never do this, don't worry, Master."

But tell me if I have hurt you in any way now, tell me, I can heal you, but at this time 4 doesn't want to go and say with a smile

"Don't worry, I'm thick-skinned and thick-skinned, and his face is totally out of character for me. It won't do any harm to me, so don't worry."

Gu Shaoyang asked with some uncertainty is this really the case? Don't lie to me, otherwise I will be very uneasy. How could I lie to you? You are my master, what can happen? I will stand in your way. You're at the front, besides, it's really my fault that I found you so late.

"But don't worry, this kind of thing will never happen again in the future. I will never let you encounter such a thing again, otherwise I will feel very uncomfortable."

At this moment, he couldn't help but laugh.

"Well, from now on I will never talk about those things again, as long as you stay by my side well, okay?"

Sixiang also heard it obediently, and then said

"Sometimes I can become very small by your side for convenience, but now I can't do this in public, otherwise it will definitely cause trouble for you."

But at this time, Gu Shaoyang didn't care about this at all, he only said

"As long as you are happy, as long as you are safe, this is my biggest wish. No matter you appear by my side in any form, I have no requirements."

After jumping here, he couldn't help but said with a smile.

"Well, don't worry, Master, I will definitely not cause you any trouble in the future. I will only help you solve any problems." After he finished speaking, he closed his eyes and fell into a deep sleep. At this time, he was lying on the bed at home. After a while, he disappeared.

Gu Shaoyang knew that he must go, and when he wanted to Although he was temporarily away from where he wanted to go, he believed that he would come back sooner or later. After seeing this scene, he couldn't help but laugh. At this time, the leader of the demon clan next to him said.

Chapter 1493

"Don't be blabbering here. Come out quickly. Otherwise, if you don't come out, everyone here will be buried with you."

Not long after he finished speaking, he appeared in front of everyone.

When the leader of the demon clan appeared in front of everyone again, they found that he had undergone earth-shaking changes. Now his whole person really fits the mold. The image of the team leader, her hair is tied up, his face is very pale, and there is a golden, snake-like thing on the top of his head.

And there is also a big snake on his arm. In short, the whole person looks He looked very decadent, but he was also very Tai Chi. After a while, he appeared in front of everyone, and then said

"I know why you do this, but I can tell you that if you do this, you will have to bear the price. I don't know why you serve like this, but I believe we will definitely beat you up. It's boundless hell. If you don't believe it, you can give it a try."

At this time, the emperor of the Jin Kingdom has been defeated by Tianci, who has tied her up with a rope, making money between their two armies, and the same for the others next to them. Now the only remaining enemy is Gu Shaoyang. This guy, when he saw that the other party received so many things, he immediately burst into laughter, and then said that if he saw such a thing, he would be rude to you.

After jumping here, he couldn't help but laugh.

"If that's the case, don't blame me for being rude to you."

After that, Gu Shaoyang attacked him fiercely, because when Si Buxiang left, he once told him some formulas. After using these formulas, he found that his body's strength suddenly increased a lot, although he didn't know it. Si unlike, why should you tell him this.

But, it's good after all. After a while, Si unlike appeared next to Gu Shaoyang. Gu Shaoyang didn't expect that Si unlike could recover so well. In such a short time, the wound was healed. After thinking about this, he secretly said to Si Bu

"You really don't have any questions anymore? If there is, go back quickly and report it to us when you feel better. But at this time, he said that if I don't show up now, you will fail miserably in a while, so tell me what you will do today. ?"

Who knew that at this time, he would say to him

"As long as you do what I say, I guarantee that you can defeat this demon clan leader. In fact, he is making his final death struggle, don't you know?"

When you had just dueled with him, you had already impressed his vitality. After impressing the Miemen, he would quickly dissipate to half of his strength. He is now making his final death struggle. If you can control it this time, If he is defeated, it means that his life is not long.

If you let him escape this time, it means that he will have a chance to make a comeback. I don't think you will let him have such an opportunity to invade you again, right?

"Of course, of course I don't want to, so I have to get it right this time, otherwise I really won't be able to face my friends. After jumping here, it won't look like Hehe said with a smile, then Okay, I will help you close your eyes from now on."

After a while, when he opened his eyes again, he found that a handsome young man appeared in front of him. At this time, he began to look around for four different things, but at this time this beautiful young man spoke.

"Are you looking for Si unlike?"

At this time, Gu Shaoyang confirmed that he said

"Yeah, did you see that? But at this time, the other party said, look what is on my hand."

Then Gu Shaoyang lowered his head and glanced at the location of the wound. Isn't it the same location where Si Xiang was injured just now? After thinking for a long time, he seemed to have discovered a new world, and then said

"You won't tell me that you are the one, right? If it is true, it would be really scary. How could you be him? I would never have imagined"

"How could it not be? Don't worry, it's me. It's really me."

"As long as it's you, how could you become like this? If you can become a human, it means that your magic power is very powerful, at least tens of thousands of years of skill, right?"

But at this time, the young man laughed

"Of course, since I have already decided, how can I not pay interest in helping you deal with this module book? So it's easier for me to kill this guy with you when I look like this."

After picking each other's words, he gave us a chuckle.

"Well, from now on I believe that you can do such a thing. Besides, in fact, such a thing is not beyond reproach."

It was at this time that the leader of the demon tribe spoke, what are you two doing there chattering? Hurry up, I don't have that much time waiting for you two to waste here.

Chapter 1494

After saying that, he took advantage of his unpreparedness and started to give up the attack on Gu Shaoyang, and Gu Shaoyang had already expected this move. After all, it wasn't the first or two days since they met him. The two of them had already felt this several times, but today It was the scene of the final duel, so he was even more worried.

"Okay, okay, since it's what you asked for, don't blame me for being rude to you."

After saying that, this young man was this beautiful boy, and Gu Shaoyang attacked each other together. At this time, the other party realized who this young man was. He was not his friend at all, and the four-faced boy was gone. How come he was gone and came back again? Did you get a beautiful boy?

This guy's luck is really good. Only a steady stream of people are helping him, which is surprising.

After jumping here, he couldn't help laughing and said

"That's really great"

"I will definitely tell others about this and make them happy too."

But at this time, the other party didn't give him such a chance at all, and launched attacks on Gu Shaoyang continuously. But at this time, Gu Shaoyang suddenly asked the beautiful boy next to him to avoid her, and wanted to have a real fight with the opponent. That's it. The beautiful boy was accomplished. He hid aside and watched everything in front of him.

But he did not send any resources because he wanted to see what Gu Shaoyang's strength was. Then Gu Shaoyang began to duel with the opponent. During the process of arriving, that guy always took the opportunity unprepared and wanted to attack Gu Shaoyang's life gate.

Gu Shaoyang's life gate had always been well protected by himself. He had never been led by the other party to attack. If he had been attacked, his death would not be far away, so from now on, he has been fiercely protecting his life gate to prevent it from any harm. In a short time, he has already When he reached the top of the opponent's head, he stepped on the head of the module leader with both feet. This made the leader of the demon clan very angry. It was like a huge insult and caught him off guard, but it didn't matter. , these are only temporary, he must beat the other party to death.

After a while, he couldn't help but said

"If that's the case, don't blame me for being rude to you."

After he finished speaking, he slapped the opponent fiercely, and this palm was right on his arm, right on his shoulder blade. This made the opponent very angry. Unexpectedly, He actually made a chop here. You must know that all the strength of his body was directed here, but he didn't expect to be discovered by him all of a sudden.

He couldn't believe everything here. What on earth was going on? He How could she take this step? So she said angrily

"You, a despicable and shameless guy, actually dare to hit my shoulder blade. Do you know that after the shoulder blade is hit, your hands will not be able to use any strength at all."

But the other party laughed.

"So what? Let me tell you, that's why I'm here to fight, so that you can't resist, otherwise you don't know what will happen."

At this moment, the other party became very angry after hearing what he said. He knew clearly that he couldn't fight there, but he still fought there. It was simply not giving him a way to survive. In this case, don't blame him. I am not polite to you anymore.

After a while, he started to fight back again, but this time Gu Shaoyang, as usual, was very timely. Finally he got angry, and Gu Shaoyang decided to catch him with this last move. , and then he began to use his own spells and their weapons to attack the opponent.

You must know that she has never died quickly and accurately in front of everyone with this move. He used it very vividly. After the opponent found out, Not to mention how surprised he was, he didn't expect that this guy could actually do this trick. But what he didn't expect was that there were many, many, many treasures on Gu Shaoyang's body.

People couldn't help but discover it, but after all, he was The enemy, so he has no interest in him. He just wants to solve the opponent quickly. In fact, the two of them have exactly the same idea. They both want to solve the opponent as quickly as possible, so that they can achieve their own goals.

Because at this time Gu Shaoyang no longer wanted to fight with him and wanted to kill him with one move, so Gu Shaoyang quickly picked up his sword and looked fiercely at the opponent's investment, but it was impossible for the opponent to do this. He waited obediently to be chopped by him, so he dodged it in a short time.

But he didn't expect that although the sword dodged, the sword edge did not, and his head was chopped off by Gu Shaoyang. Not to mention how surprised everyone was after seeing Magic Palm's head chopped off by Gu Shaoyang.

Chapter 1495

There wasn't even a sound of breathing in the entire field, as if he was so frightened that he couldn't breathe at all.

I don't know who gave the last cheer. Everyone shouted very happily, especially Tianci, who should have been the first to shout. Then he suddenly ran to Gu Shaoyang and said

"Gu Shaoyang, you are great. I didn't expect you to be so powerful. You took the leader of the demon clan's head off. This time he really shouldn't be able to harm everyone anymore, right?"

"Of course, he has become like this, how can he harm everyone again? If he comes back to life again, I will kill him in the same way."

But what they didn't expect was that while they were cheering, someone secretly picked up his head and stole his body. By the time they reacted, the other person had already disappeared..

But the child was very worried, but Tianci was not. He said to Gu Shaoyang, anyway, he is dead, so what can he do if he worries again? Could it be that his head can be pressed on his head and live another time? Mom, let's see Did they talk so much about blood? It's simply impossible, so don't

worry about it. Gu Shaoyangzi was originally very worried, but after hearing what Tianci said, all the worries disappeared. I'm really happy

, The happiest person at this time should be the king, because he had captured the king of Jin Kingdom, so no one was forming a team at all. Soon in the afternoon, Gu Shaoyang took Tianci and the king to move in. In the palace, when the two little girls saw that the king of their daughter's country had returned, they were so happy.

Then they suddenly ran to a god-given moment.

"Thank you, thank you, for bringing our king back. I knew you would be able to accomplish this, and you did not disappoint us."

"Of course, how could it disappoint you? I have already promised you, and I can definitely do it. Otherwise, I would not make a promise to you at all, so I am a person who pays great attention to commitments."

At this moment, no one knew who said

"It was not him at all. What we saw that day was the person named Gu Shaoyang, and then the two of them came to Gu Shaoyang together to express their gratitude to him."

But Tianci said with an awkward smile at this time

"Even for Gu Shaoyang, I did it together with him. Have you forgotten me?"

At this time, the two little girls ignored him completely. At this time, the king held her hand and said, don't be familiar with him, that's what little girls are like. At this time, Tianci went to laugh and said

""Don't worry, how could I care about them? Besides, we are all in this together, so no one should be grateful to the same person, right?"

After saying that, he took Tianci back to his bedroom. Seeing all this, he felt like he was in a dream. He didn't expect that he could have this daughter so soon. It would really surprise him. If it weren't

for If they were here, how could he take back everything that belonged to him so quickly, so she was very grateful to Gu Shaoyang and God for giving them.

Really, at this time, he walked up to Gu Shaoyangzi and said

"Gu Shaoyang, thank you. I know that this incident is mainly due to your great efforts. Although I say this, I still want to thank you friends. Without your existence, I think everything here would no longer belong to me."

"So I am very grateful to you. Thank you for everything you have done for me and for your sacrifice. I really don't know how to say it."

"Okay, okay, stop talking. I know why you are doing this, but we are all friends and we should help each other. So, please don't continue like this, okay?"

"Soon he came to everyone and said

"Thank you, I know everything will be fine. Now, aren't we moving in a good direction? Believe me, everything will be fine."

At this moment, he couldn't help but laugh and said

"Of course, trust me I'll be fine too."

At this moment, I don't know who exclaimed.

"Now that the king of our daughter's country has taken back the country, shouldn't we hold a wedding together next time?"

When Tianci heard this, he was stunned for a moment, but his face immediately turned red, because he hadn't told his father about it yet.

Being coaxed by them like this made him feel... I don't know what to do, and you are the same as the King of the capital. He has never said that such a thing is not ready yet, so Gu Shaoyang said at

this time there is no rush, and we will talk about other things after we have settled the country. thing.

Chapter 1496

After all, the eldest brother is like the father. Gu Shaoyang is several years older than Tianci, so he looks more mature and stable. When Tianci cannot speak about this kind of thing, only he speaks himself, so as to alleviate everyone's embarrassment.

After arriving here, he couldn't help laughing and said

"Well, from now on, we will deal with national affairs properly. In my thoughts this time, I know that there must be traitors here, so I must find such people to avoid making mistakes later. The same thing."

After hearing this, Tianci felt that what he said was very right, and then said

"You are very right. Let me help you find them all. This way you will save some effort."

In this way, two people from Tiancihe and State Grid began to sort out the files, and soon found many people who were on the crocodile seam. They found all these people, and then expelled them from here, never to be seen again. Let them come back. Don't mention how happy I am after seeing this, but those people were particularly reluctant when they left. I vowed in my heart that they would come back again. When the time comes, it will not be as simple as it is now.

Although the king He knew that they were very unwilling, but there was no way that everyone had their own way of living, and he couldn't influence anyone's thoughts.

Soon, after two days, he finally settled things on the playground. Then that afternoon, the king of the daughter country invited Tianci's father to the palace. To be honest, when the king of the daughter country saw Tianci near the palace for the first time, he suddenly became a little nervous. At this moment,

Tianci's father With his father and Gu Shaoyang beside him, it was like a family gathering. He suddenly felt very embarrassed, and at this time Tianci shook his hand and said

"Don't worry, everything will be fine, my father won't say anything."

After a while, Gu Shaoyang walked into them with Tianci's father and said

"I wonder if His Royal Highness the King asked me to come to the palace today. Is there something to discuss? Or if my son did something bad, you should punish him."

After saying this, he glared at his son fiercely. Unexpectedly, his father's eyes were like this. It was really disappointing. It would not happen soon. He knew that his father He asked this to make the other party cherish him.

After a while, he appeared in front of the other party, and then said

"No, please don't misunderstand. He didn't offend me and didn't do anything wrong. He just came here to discuss our marriage with you."

When the king of the daughter country said these words, he felt bad all over, as if he had done something wrong. Then he said

"If that's the case, don't say anything. I know you're doing this for her own good, but do you know the consequences of doing this?"

When the king of the Daughter Kingdom heard what the other party said, he was simply stunned. What did he mean by this? She just wanted to complete the wedding with Tianci in the Daughter Kingdom. There was nothing else or anything else. Meaning, why does it mean something else to him?

After thinking about this, he asked the other party's father, saying

"I don't understand at all what you mean by this. Don't talk about it like a conspiracy. I don't have that much thought. I just want to hold a wedding with the person I like. If you don't mean anything else, then what exactly is going on when you say this?"

When the other party was asked this question, he was stunned for a moment. He didn't expect that the little girl actually said this sentence so straightforwardly, and then said no, no, please don't misunderstand me. It was me who said it wrong just now. That's all. If you two want to have a wedding, of course you can, of course I will.

"You don't know that someone is willing to have my son, but it's too late for me to burn incense, so how could I object?"

His words successfully made the king of the daughter country laugh. He didn't expect that this guy actually existed like this in the eyes of his father. It was really weird. It can also be seen that he usually behaves like this. What kind of existence was in front of his father? After thinking of this, he suddenly said

"I didn't expect you to be such a person, it's really surprising, but it doesn't matter, I want you to be like this."

After hearing the words of the king of her daughter's country, Gu Shaoyang was simply too surprised. She didn't expect that he would actually say such words, which made her feel very happy, but soon he said

"I am the kind of person my father mentioned. But, if you don't want me now, that's fine. But if you don't want me after the wedding, you won't have this chance, so you must think about what to do.."

Chapter 1497

"Don't worry, even though I have made a decision, I will definitely carry it out to the end. No one wants you anyway, so I'll accept you as a good deed."

When he finished saying this, he burst into laughter. I didn't expect this guy to be so funny.

After a while, he disappeared, and soon he said to the person in front of him.

"I'm really sorry, I tried my best, but I didn't expect him to still be like this."

Everyone knew that they were all joking, so they didn't take it to heart.

When Gu Shaoyang and the others returned, they found Li Zhou standing there in despair, looking into the distance. Seeing him like this, Gu Shaoyang couldn't help but start asking: What happened? What happened

? What happened? Why did you show such an expression? Unexpectedly, the other party looked up and saw that it was Gu Shaoyang and Tianci's father who had returned, and then he said a little embarrassedly

"It's nothing, I just felt a sense of sadness all of a sudden. I didn't expect that this matter would end so quickly, and I don't have the need to live here anymore. I want to leave tomorrow and go back to myself. The place where I once lived."

After hearing this, Tianci asked with some doubts.

"Where do you live? Where have you lived? Isn't it just an academy? Do you want to go back to the academy alone? How about we go back together after our things here are completed?"

At this time, the other party said

"No, the academy is the place where I lived before I came to the academy. I have wonderful memories there. I want to find my parents and get them back. I don't know if I can get them back, but I will do my best. efforts to find them."

Especially when I see you with your father by your side, let alone how envious it is, that is something I will never be able to do.

"Don't say this, my father also belongs to your father, as long as you are filial to her."

When Tianci said these words, the other party was obviously stunned, but he quickly laughed out loud and said

"Thank you for your willingness to share your father with me. However, I only have one father. I still hope to find the father and mother who gave birth to me and raised me.

If they live in this world, I am willing to look for them, but if they are no longer there, then there is nothing I can do.

Soon he appeared in front of everyone."

When they were talking before, a beautiful boy suddenly appeared in front of them. No need to guess, this was the beautiful boy that they had imagined. Seeing that he had healed the wounds on his body, he was very happy, and then speaking of

"It just so happened that your wound finally healed. It was really amazing. How did you do it in only two days?"

When the other party heard Gu Shaoyang ask such a question, he was stunned for a moment, but he quickly came to his senses, and then said

"It's like this. Our skin is different from that of you humans. Its wound healing speed is very fast. As for me, it takes two days to heal. I would say it is slow. If it is good and fast, people can complete this work in one day. matter."

When the other party heard the news, it was a bit rough. He didn't expect that they were so different, and they actually had such a secret. It was really surprising.

But he quickly realized that they are mythical beasts after all. Nature is different from humans, so after thinking about this, they felt relieved.

After a while, he smiled and said

"If this is the case, then there is no need for us to live anymore, so we are ready to leave."

This sentence was said by Gu Shaoyang and Si Xiang.

When everyone heard that Gu Shaoyang was leaving, they were all surprised. You must know that Gu Shaoyang has been living with Tianci and the academy. If he leaves this time, Where? What is he going to do?

All of this is like a mystery to them, especially when the dean of the academy, Tianci's father, and Tianci said

"Where are you going? Where else could you go but here? You must not leave. What will we do after you leave?"

After hearing what Tianci said, Gu Shaoyang didn't know how to react for a moment, and then quickly said

"What can you do, of course, continue to live your life, and I also have my own pursuits. I have thought a lot in the academy for such a long time, and I think I should go out and see if there may be something good in this world. There might be a harvest, and besides, isn't he looking for his parents?"

I can take him walking all the way to find his parents, and we will come back after a while, believe us."

At this time, Tianci saw that Gu Shaoyang had no choice but to go to the hospital, so he could only give him something in the end. After saying that, he took out a handful of banknotes from his arms. The amount on them was simply eye-catching..

Chapter 1498

The amount of 12,000 written on it is simply too much to catch people's attention at first glance.

Seeing these things in his hand, Gu Shaoyang said almost dumbfounded.

"You gave me so many things, why don't you use them yourself? Besides, I probably won't need these on the road."

Unexpectedly, Tianci rolled his eyes and said

"Why don't you need these things when you go out? You must prepare them. Otherwise, what will you do when you need them urgently? Remember, don't expose your wealth and these things must not be exposed, otherwise you will soon become a thorn in the eyes of others, and they will want to steal these things, although you will be able to defeat them.

But it can cause you a lot of trouble, so you must listen to me if it is delayed.

Why did Tianci say these words to Gu Shaoyang? That's because when the two of them are together, these things are done by God, and Gu Shaoyang doesn't have to worry at all.

But this time it was different. Tianci wanted to stay and not leave with Gu Shaoyang, so he had to explain this kind of thing clearly. Otherwise, the trouble would be solved by then. They would still feel distressed because they were far away and couldn't help. , so I can only warn them endlessly.

After knowing God's kindness, he couldn't mention how happy he was, and then said

"Thank you, I don't know what I would do without you here."

After he finished speaking, he sat these things in his arms. After a long time, he finally discovered that these things were not given by God, but were given to him by his father. After thinking of this, he was extremely happy.

"If you want to leave, I know I can't keep you. I just hope that the two of you will be safe and sound outside. Don't rush into anything, think twice before doing anything, and don't cause trouble. I'm really worried because you two are alone outside. These words were said by the old dean, who is God's father."

"He said it was true, and it was indeed the case. He had never been alone outside, and this was the first time in his life.

"Don't worry, I will practice well without you by my side, just as if I'm going out to explore. If I can't do it, I will definitely come back to you. I just hope that you won't expel me from here."

He said quickly

"Well, of course we know, don't worry, as long as we are here you will have a forever home, and your home will be wherever we are. Don't worry, all this will be useful until death, and we will promise you."

After hearing this, he didn't know what to say for a moment, but he knew that as long as they were there, there would be a family, so before leaving, he hugged Tianci and her father tightly. , these two people gave him a lot of love and concern, so his heart would be with them no matter where he was.

The next day, Gu Shaoyang took Li Zhou and left here. When bidding farewell, Gu Shaoyang simply I didn't dare to look back at him, fearing that I couldn't help but stay, and then God-given Li Zhou would talk to Yixiao at this time.

"Okay, Gu Shaoyang, don't endure it anymore. I know you feel bad. If you really don't like it, you can go back. I can also wander around the world alone."

At this moment, they are riding on a big horse, and next to them is the Qilin Beast. At this moment, the Qilin Beast is also riding on a horse. Of course, it has now turned into a handsome young man.

"How could I back down so quickly? Absolutely not. I have never been outside alone. Today is the first time and I hope you can take care of me. I know you often run outside, but I am the first time. You must take care of me once."

After he finished speaking, he smiled lightly at the other party.

But at this time, the other party suddenly changed his face and said

"Aren't you afraid that I will join forces with the demons to trick you? You just believe me.

After seeing the other party's very serious expression, Gu Shaoyang suddenly laughed and said

"If I didn't believe you, I wouldn't have followed you all the way, and we would have parted ways long ago, wouldn't I?"

The other party was stunned when he heard it was here, but he quickly laughed and said

"Yes, you are absolutely right, how could I do such a thing? From now on, the two of us will depend on each other. When we travel around the world, I will let you see many, many interesting things."

"I will take you to the liveliest market, the highest mountain, the deepest lake. In short, I will take you wherever there is fun. After Gu Shaoyang heard this, he felt infinite yearning in his heart."

"Then I would like to thank you in advance, thank you for taking me to so many interesting places, which I have never been to before."

Li Zhou knew that although Gu Shaoyang was very capable, he came into contact with too few people. Then he told Gu Shaoyang, don't trust anyone easily after going out.

Chapter 1499

Especially people who look pitiful, they are the best at deceiving people's sympathy, so you must remember, never trust anyone easily at any time, do you know that this is just to protect yourself?.

After hearing what the other party said, he smiled coldly and said

"Don't worry, no matter how stupid I am, I can still distinguish between beauty and ugliness, good and evil. Thank you for your concern."

"Okay, now that you know, I won't be verbose. Let's start at the next stop. I will take you to the most prosperous market. There are many wonderful performances there, which I think you must have never seen."

Soon like this, he took Gu Shaoyang to a market. The whole market was crowded. Gu Shaoyang didn't know why there were so many people here. Then he heard Li Zhou talking next to him.

"Because there is a very impressive acrobatic performance ahead, I will take you to see it..."

After saying that, they tied the horses in a relatively remote place, then left Lizhou and took Gu Shaoyang to a place that was considered rubbish. There, I saw a little girl hovering in the air, holding a bowl on her feet sideways, and then kept hitting the top of her head.

But he caught so many bowls, and none of them fell to the ground. You can see how hard this little girl worked.

When he saw that he was very happy and overjoyed, suddenly the little girl lost her way and dropped a series of plates, all of which fell to the ground. In an instant, they all became pieces. This made the boss very angry and even took the dishes next to him. Then he started beating the eight or nine-year-old girl with a cane.

After seeing this scene, Gu Shaoyang's sympathy overflowed, and then he held the little girl in his arms for three years.

"What are you doing? He is just a child no matter what. If you hit him like this, he will be broken."

After I finished speaking, I wanted to look back and see how the little girl was injured. Unexpectedly, the boss said

"Who are you? Don't mind your own business here, otherwise I will make you walk around without food."

When the other party heard this, Gu Shaoyang was extremely angry.

She smiled coldly, and then said to the person in front of her.

"I advise you to stay as far away from me as possible now."

Otherwise I will never let you go.

"I really don't believe how far you can get me to go."

After saying that, as soon as he clapped his hands, several thugs appeared next to him. After seeing these thugs, Gu Shaoyang smiled coldly, do you think you can catch me with just a few of you?

What a joke, and at this time Li Zhou also He came from behind and asked Gu Shaoyang what happened. Gu Shaoyang told him what happened here, and then said

"It's okay, I'll help you."

After a while, they turned into a melee. The little girl was watching all this and couldn't believe it. She didn't expect that this big brother was so powerful and beat them all down at once? At this time, they They all knelt in front of Gu Shaoyang, begging for mercy, hoping to let them go. But at this time, Gu Shaoyang stood in front of them very proudly and said, this little girl just begged you, why don't you fight? Why don't you Promise?

"I see that you are very cruel and very angry towards this little girl, so from now on I will treat you in the same way. What do you think?..."

"I don't have an opinion, but I can swear to you that how you treat this little girl will be how I treat you. Believe it or not, when the boss heard this, he was very angry."

"This is obviously the little girl he bought back, so he can treat her how he wants. It has nothing to do with him, a stranger. I didn't expect him to be so nosy. If he is so nosy, then don't blame yourself for being rude."

I couldn't help but smile after hearing this.

"Well, I will take care of you from now on."

Then Gu Shaoyang started to whip the opponent with a whip. At this time, the little girl saw the disparity next to her and did not dare to look into the opponent's eyes because she could feel that the opponent was looking at him with a kind of devil's eyes. Himself, he was really too scared, so he avoided looking at everything in front of him.

After a while, the other party screamed repeatedly, and at this time, Gu Shaoyang held a whip and said to the little girl

"I gave you this whip. Wasn't he just whipping you? Now you are using a whip to whip him and you are filled with hatred just now. Do you dare to pick up a whip and chase the dragon? He won't do it. Then I don't dare to tutor my brother. I'm afraid they will beat me. At this time, Gu Shaoyang said"

"It's okay, they don't dare to bully you with me here. Don't worry, if someone bullies you in the future, I will definitely stand up for you. After saying that, he took the other person into his hands, and then he started to encourage the little girl. , let him crack the whip on the boss.

Chapter 1500

The little girl looked at the boss again, only to see the boss looking at her with a very fierce look. This frightened her, but she remembered what her brother said, as long as someone bullied her, she would Return it harshly, so that no one will dare to bully you next time.

This sentence circulated endlessly in his mind, and finally she mustered up the courage to whip the other person with a whip. Although the other person was an adult, being whipped like this by a little girl was so painful that it lasted for a while. He screamed"Wow". I don't know why the little girl was so excited when she heard the other person shouting. She felt like she was getting revenge."

Then he continued to beat the other party. After a while, they were all covered with bruises and could not stand up. At this time, you can ask the little girl to stop. After the little girl stopped, she handed the whip to Gu Shaoyang. said

"Brother, thank you. I am really relieved."

But I can't be here from now on."

"Where do you want me to go? I have offended them, and there is no way they will want me again."

At this time, Gu Shaoyangzi thought of this. The key question is, just now he was patronizing and impulsive, but how should the little girl settle down now?

At this time, Li Zhou next to him spoke

"How about leaving it to me and I'll send him to a place where he should go, where he will definitely be able to develop well."

Although Gu Shaoyang didn't know where the place Li Zhou mentioned was, he believed that the other party would not let him down. Then he took the little girl away with Li Zhou, leaving only a group of aggrieved people. The men, they swore in their hearts that they would take revenge sooner or later, but now they have no ability.

After a while, they appeared in front of each other. When Gu Shaoyang brought Li Zhou and the little girl came When he came to this place, he couldn't say how surprised he was, because here were all little girls, and the boys were all unwanted children. After seeing Li Zhou bring them here, he couldn't say how surprised he was.

Then asked him

"Where is this place and why are there so many children?"

I saw Li Zhou go and say at this time

"This is a friend I once met. He adopted many Gu Shaoyang children here, and they are all unwanted ones, so I also want to put the little girl here so that when she grows up, she can come to you."

After hearing this, Gu Shaoyang felt very good. This is much better than being beaten and scolded outside. Then he asked the little girl next to him

"Would you like to be here? If you want, we can continue to live here, if you don't, you can come with me."

At this time, the little girl saw that there were many little girls about the same size as her who could play with her, and then she talked about her brother.

"I want to be here with my friends. I think I will be very happy."

After the little girl said this, time came, and she said with interest

"Well, let's just put it here, and he will definitely learn something by then."

After a while, the boss here came back. When he saw Li Zhou appearing here, he was surprised. They hadn't seen each other for a year, but he didn't expect that he would bring him something when he came back. Such a big surprise, then he stepped forward and slapped the other person and said

"Brat, I didn't expect you to finally show up after disappearing for so long. I thought you were gone. The other party's ability to speak venomously has never changed, but Li Zhou is used to it."

After seeing this, he couldn't help but receive

"Okay, okay, stop chatting here. I brought you someone today. I hope you will take good care of him here in the future."

After finishing speaking, he brought out the little girl behind him and said

"We picked this up on the road. He was beaten severely by Gao Tu. We really couldn't stand it anymore, so we brought it to you. I hope you can take good care of them in the days to come."

After he finished speaking, he brought the little girl to the other party and asked him to take a look. Unexpectedly, the other party couldn't help but sigh after reading it.

"What a good prospect, but don't worry, no one will dare to hit you here in the future. I will train you to learn various skills. As long as you are willing to learn, you will definitely learn something good."

"Don't worry, big brother, I will definitely know how to do it. I hope I can learn some skills from you in the future. When I grow up, no one will bully me. If you need to bully me, I will bully you back hard."

When the other party heard what the little girl said, she was wondering if this little girl was often beaten. Why would she have such an idea in her heart? No? If this kind of idea continues to sprout in her heart, It will definitely hinder her in the future.
