

## Attributes 1501

### Chapter 1501

So when Gu Shaoyang looked at the little girl's appearance, he thought it would be better to keep this little girl by his side and teach her seriously.

After all, he is still young now. If he always thinks like this, he will definitely go astray in the future.

Gu Shaoyang looked at the little girl and said to her: "Okay, from now on, you can stay with me and study seriously."

Gu Shaoyang and Tianci had already rescued the little girl at this time, but they still I don't know what the other person's name is.

Gu Shaoyang looked at the little girl and said to him: "What's your name? Because if we are going to be together in the future, we still need to introduce each other."

After Gu Shaoyang finished speaking, he smiled and said, Looking at Gu Shaoyang, his big eyes seemed to be shining with light. He was really different from the bullied look before.

She looked at Gu Shaoyang and Tianci and said to them, "I have a very nice name. My name is Lingdang."

When Gu Shaoyang heard this name, he thought it was really nice.

He looked at the little girl and said to him: "It's really a very nice name."

Gu Shaoyang looked at the little girl and introduced himself to her: "My name is Gu Shaoyang. You should have heard them call me just now. Name it.

After hearing this, the little girl nodded.

When the two people were talking, Tianci had already walked forward and looked at the little girl who only reached below their two shoulders.

He looked at Gu Shaoyang again. He was very confused.

He said to Gu Shaoyang: "Are you really planning to take this little girl with us? Gu

Shaoyang nodded and said, "Yes, I am going to take her with us. Do you have any questions?"

After all, she felt that Tianci sometimes thought very comprehensively. Since Tianci said this, he must have his own concerns.

Tianci looked at Gu Shaoyang like this and already pulled Gu Shaoyang to the side.

The two of them were a little far away from the little girl. Tianci looked at the little girl and said to Gu Shaoyang: "Why do I feel that this bell will not be particularly safe if it is with the two of us? And There are always various things happening between the two of us."

Gu Shaoyang thought about it and that was indeed the case, but Gu Shaoyang really felt that the bell had been with the two of them all the time, so it was nothing, because he could already see that this little girl was not a timid person. People, and he always has some violent tendencies, so Gu Shaoyang still wants to change this little girl.

So Gu Shaoyang did not hide anything from Tianci. He looked at Tianci and said to him: "I think this little girl's mental state, , very unhealthy. If this is the case, it is better to keep it with the two of us. With careful guidance from the two of us, we can correct it."

Tianci really didn't expect that Gu Shaoyang thought like this. It must have been what the little girl said just now. Which sentence touched Gu Shaoyang, so Gu Shaoyang thought like this. Tianci still had some unwillingness to give up. Looking at Gu Shaoyang's reaction to He said: "You've really made up your mind now, you're really going to take him with both of us."

After all, it would be very inconvenient for the two of them to have a little girl of twelve or thirteen years old with them.

Gu Shaoyang nodded and said to him: "And I think this little girl, if she practices Kung Fu in the future, you really have a certain foundation, you can also be a little apprentice with us."

"In other words, the two of us can put it in the book garden when we return to the academy in the future."

Tianci looked at Gu Shaoyang and had made up his mind.

He had no choice but to nod. He looked at Gu Shaoyang, sighed and compromised, and said to him: "Okay, in that case, let it be decided."

Gu Shaoyang also knew what Tianci was thinking. She looked at Tianci and said to him: "If this little girl is allowed to grow up alone and is placed among the crowd, there will be some very mixed things everywhere, and he has nothing to do now. If you are close to each other for no reason, you will definitely go astray in the future."

In fact, when Gu Shaoyang saw the little girl saying those words to him, and when he saw those people bullying him, he knew that this little girl was really very unhealthy.

Tianci nodded, and he already understood what Gu Shaoyang meant, so he was not prepared to continue discussing with Gu Shaoyang.

He looked at Gu Shaoyang and said to him: "Since it has been decided, then the two of us will take her with us."

After finishing speaking, Tianci had already walked back in the direction of the little girl, and the two of them walked back to the little girl Zingdang again.

At this time, Lingdang felt really uneasy. He thought that Gu Shaoyang and Tianci had stepped aside to avoid suspicion with him.

Chapter 1502

He must be talking about his own problems. He is really afraid that after Gu Shaoyang and Tianci come back, Gu Shaoyang will tell him that he can't take him away again and let him make a living by himself.

Therefore, her big eyes seemed to be filled with mist, as if she was praying very much, watching Gu Shaoyang and Tianci's next judgment on her.

The little girl looked like this, let alone Gu Shaoyang, even if it was Godsend at this time, he really felt pity when he saw it.

Gu Shaoyang walked over, rubbed the little girl's hair, and said to him: "Don't worry, the two of us are just discussing the next way. I don't know what to do if I take you with me when there is danger.

" When the girl heard what Gu Shaoyang said, her eyes immediately started to light up.

After hearing what Gu Shaoyang meant, he knew that at this time, Gu Shaoyang and the others would definitely let him follow them in the future.

In this way, you can have a goal and someone to protect you.

Because Lingdang has always been an insecure person, he is often bullied by others.

He had completely felt that Gu Shaoyang and Tianci not only had good temperaments, but also their clothes were much better than those of the people next to them. At first glance, they were extraordinary people.

Ling Dang has been living on the streets since he was a child, doing business as a entertainer, so he is very accurate in reading people.

She had never seen Gu Shaoyang and Tianci with such extraordinary temperament.

Lingdang immediately smiled, looked at Gu Shaoyang and Tianci, and said to them: "I will stay with you two from now on, I can take care of you, no matter what the hard work is, I can do it."

Gu Shaoyang shook his head. Seeing this little girl trying her best to please him, she really felt sorry for him.

Of course Tianci could see what Gu Shaoyang was thinking at this time. After all, this little girl was really very well-behaved, and she really liked such children very much.

Gu Shaoyang looked at Lingdang and said to him: "No, as long as you practice well in the future, you can live a better life in the future."

"And now, in fact, not everyone will have such bad thoughts towards you. In the future, when you follow us, you will see that many people are actually very good to you."

When the little girl heard Gu Shaoyang's words, she immediately shook her head, looked at Gu Shaoyang and Tianci, and said to them: "I now find that the best people are you two, so I still want to follow you. By your side."

When Tianci heard what Lingdang said, he couldn't help but feel a little touched in his heart. He didn't expect that this little girl really had a hostile mentality towards everyone in the world.

Tianci was thinking, maybe because Lingdang was forced by the living environment since he was a child, he still has this mentality now. He feels that it is a good thing for him to stay with Gu Shaoyang and himself, so that the two of them can let this little girl learn something. ability, protect yourself.

It also allows this little girl to have a kind heart towards all people in the world.

Gu Shaoyang did not explain the next words to the little girl, but looked at the bell and said to him: "Since If you want to stay with us two, then come back with us now"

"The two of us are living in a branch of our academy at this time, so we will leave this place in a few days. You will be with us by then. If you feel like leaving, you can tell me."

The little girl immediately denied it, looked at Gu Shaoyang and Tianci, and said to them: "I will never leave you two. No matter how much hardship I endure, it will be okay. I hope you can take me with you. around."

Gu Shaoyang knew that the bell had circled back again, and he was afraid that the two of them would throw him out of this circle.

So he looked at the bell and said to him: "Since I have decided to keep you by my side, I will definitely not chase you away, so don't worry."

At this time, Lingdang heard Gu Shaoyang's assurance and was really relieved.

Several people were already walking towards the end of the street on the crowded street.

Gu Shaoyang and the others passed through After passing through a few alleys, they arrived at the academy's temporary station.

Gu Shaoyang saw the appearance of a courtyard in front and said to the little girl:"This is our temporary station in front of us."

Tianci on the other side also walked towards the front, where they were staying temporarily.

But what he didn't expect was that he saw Li Zhou muttering with a young man at the end of the wall of the house.

Chapter 1503

Don't know what you are talking about.

And looking at Li Zhou's appearance, he seemed to be very angry and very sad.

Tianci pointed in that direction and said to Gu Shaoyang,"What's wrong with Lizhou? Why does he look so abnormal?"

Sure enough, Gu Shaoyang was talking to Lingdang at this time, and he also looked in the direction of Tianci's finger.

Unexpectedly, when she saw Li Zhou at this time, she was really excited, and her eyes had already started to shed tears. People usually say that men don't shed tears, but she didn't expect that at this time, her tears would burst into tears. fell down.

Gu Shaoyang and Tianci couldn't help but be shocked when they saw this scene.

Gu Shaoyang looked at Tianci and said to him,"Did something happen? Who is the young man opposite."

Tianci also looked in the direction of the young man who was talking to Li Zhou.

But they didn't know this young man. He was thin and small, not particularly tall, and his skin was a little dark.

When Li Zhou was talking to the young man, he had to lower his head slightly because he was quite tall.

Tianci shook his head and said. I don't know if I have never seen this young man before, maybe he is someone from his family. Gu

Shaoyang looked at the bell and said to him: "You go into the yard first and wait for the two of us. We have something to do now." "

Lingdang is a person who is very good at judging faces, so he immediately looked at Tianci and Gu Shaoyang, who looked nervous about his friends, and immediately nodded, and said to them very obediently: "Okay, then I'll go in now. Let's see if there is any work in the yard. I'll do some."

Gu Shaoyang was just like Tianci at this time. His whole body and mind were already focused on Li Zhou, so he didn't take Lingdang's words to his heart particularly.

Gu Shaoyang nodded, then waved his hand and looked at the little girl He said to her: "Okay, you go in first."

Lingdang knew that at this time, he would definitely not be able to make Gu Shaoyang and Tianci hate him, so he behaved very well and walked to the yard.

In fact, he was really unfamiliar with this place and could only stay in the yard. He found a broom inside and started sweeping the yard, hoping to perform better so that Gu Shaoyang and the others could leave him alone.

On the other side, Gu Shaoyang and Tianci just stood quietly at the door. From his position, he watched Li Zhou and the young man talking together.

He saw that the young man had finished speaking, and Li Zhou looked extremely sad. He slowly squatted down. He used his hands to He had covered his head and his body was shaking.

Tianci and Gu Shaoyang could really tell that Li Zhou was crying at this time, looking very sad.

Tianci was really worried about him , looking at Gu Shaoyang, he said:"What on earth happened."

Gu Shaoyang shook his head. She saw that at this time, the young man seemed to have agreed everything with Li Zhou. He also looked at Li Zhou and stopped talking.

So he looked at Tianci and said to him:"The two of us went over to see Take a look."

Tianci nodded, because he was really curious. After all, they and Li Zhou are very good friends. The two of them had already walked in the direction of Li Zhou.

At this time, Li Zhou was really crying very sadly. , but he did not let others see his embarrassed appearance.

When the thin young man saw Gu Shaoyang and Tianci walking over, he was very defensive.

He immediately blocked Li Zhou. Behind him, Gu Shaoyang and Tianci, both of whom were quite tall, had already stopped.

They looked at the young man in front of him and said to him:"What's wrong with Lizhou?"

The thin young man heard that Gu Shaoyang actually knew Li Zhou's name, so he was stunned, then looked at Gu Shaoyang and said,"Who are you."

Gu Shaoyang looked at the young man's defensive attitude towards him, as if he had just emerged from the wild beasts. Gu Shaoyang looked at the young man and said to her:"I am a good friend of Li Zhou."

Hearing what Gu Shaoyang said, the young man seemed to have lowered his guard a little.

Then he looked at the two of them and said to them: "It's nothing. This is all our own business."

Gu Shaoyang really didn't want to talk to this young man, so he raised his voice a little louder, looked at Lizhou and said to him: "What happened in Lizhou."

At this time, Li Zhou slowly calmed down his emotions, and then took a few deep breaths. With his red eyes, he had already stood up and looked at Gu Shaoyang and Tianci. The corners of his mouth were slightly raised, but he was smiling. I was really reluctant and said to the two of them: "It's okay, it's just my personal matter, so you two don't have to worry about it."

#### Chapter 1504

Because Li Zhou didn't want his own affairs to affect Gu Shaoyang and Tianci and get them involved. After all, this matter was not a trivial matter.

Because two days ago, Li Zhou said he wanted to return to his family, but he didn't expect it to be so soon, so why was he in such a low mood.

She was very happy two days ago. Gu Shaoyang looked at Li Zhou and said to her, "We are all brothers. If something happens, you must tell me and don't bear it alone."

Li Zhou Although I was very depressed at this time, I couldn't help but feel very moved when I heard Gu Shaoyang say this.

On the other hand, Tianci was really worried about Li Zhou.

He looked at Li Zhou and said to him: "What happened, can you tell us? If the two of us can help you, we will definitely help you. Don't be sad alone."

After all, God's usual He has a gentle and jade-like appearance, so when he speaks, he also gives people a feeling of soothing the soul.

Li Zhou, as if all his strength had been drained from his body, was leaning against the wall next to him.

He looked at Gu Shaoyang and Tianci, and instantly his eyes began to get wet again.

The young man next to him looked at Tianci and the others talking together. He was really very familiar with each other. He looked at Li Zhou and said to him: "Young Master, do you need me to tell him this matter?"

Li Zhou thought. After a while, although he wanted to explain to Gu Shaoyang and Tianci, he felt really uncomfortable at this time. She nodded slowly, looked at the young man and said, "Go ahead."

The thin young man He immediately looked at Gu Shaoyang and Tianci, clasped his hands in his fists, and said sorry to them: "I didn't know you two were friends of our young master just now. I'm sorry for being neglectful just now."

Gu Shaoyang and Tianci, on the other hand, said Not caring, Gu Shaoyang waved his hand and said to her: "What happened? Tell me everything Li Zhou just told you."

Sure enough, after hearing what Gu Shaoyang said, the young man had already looked at her. Gu Shaoyang said to them: "I am a slave of the Li family of the Kingdom of Jin."

The young man introduced himself first.

As soon as Gu Shaoyang heard the name of the servant of the Jinguo Li family, he knew that it was the surname of the Lizhou family. He looked at the young man and said to him: "Then why did you come to this place? You are the young man who came to pick you up. Lord."

The young man shook his head, his mood was very low. Although he was very small and thin, at this time, he looked more like a little beast abandoned by others.

He slowly lowered his head and explained in a low voice to Gu Shaoyang and Tianci: "Our family doesn't know who we offended or what happened. The whole family has been arrested. Get up"

"And a very small slave like me was also arrested at the beginning. Because I was very thin, they thought of a way to send me out."

"Let me find the young master and go back to help the family check how to rescue them all."

"And if it is like what the master said before, they will be very dangerous at this time."

When he finished saying this, he started to choke completely.

Gu Shaoyang really didn't expect that such a thing would happen. Isn't the Lizhou family a very big family in the Kingdom of Jin? How could such a thing happen?

So Gu Shaoyang immediately looked at the thin young man and said to her: "Who is that person? They have arrested the entire Li family."

After all, it seems that there are at least several hundred people in the Li family. If they are all arrested, it is a very huge force.

He doesn't know about the thin young man. After all, his status is very low. The former At that time, he was just doing some cleaning work in the outer courtyard.

He shook his head, looking very confused. He looked at Gu Shaoyang and Tianci and said, "I don't know who those people are, so I came here this time." The purpose of finding Young Master Lizhou was to allow her to find out who was behind this incident."

Gu Shaoyang heard what the youngest said, but he didn't give them many clues. He just knew that all the members of the Lizhou family had been arrested, and he didn't know who the other party's opponent was.

Gu Shaoyang looked at Lizhou At this time, the whole person was in a very low mood.

She also followed Li Zhou, lowered her body slightly, patted Li Zhou on the shoulder, and said to him comfortingly: "I know that this time your family has encountered a sudden disaster. , Tianci and I will definitely help you, so don't be too sad."

Chapter 1505

Because in the past, when Gu Shaoyang and Tianci were in trouble, Li Zhou would spare no effort to help them. So now, when Li Zhou's family is in trouble, he will not stand by and watch anyway.

Li Zhou nodded, his eyes all red.

Tianci also stepped forward, patted Li Zhou's other shoulder to comfort her, and said to her: "Yes, Gu Shaoyang and I will help you. No matter who kidnaps your entire clan, we will definitely help you." Thinking of a way to rescue them."

Li Zhou slowly raised his head, his eyes were red, and he suppressed his sadness at this time.

He looked at Gu Shaoyang and Tianci and said to them: "Thank you, you are really grateful to you, but you two have your own schedule, so you don't need to accompany me."

"After all, the road to my home is quite far. Gu

Shaoyang shook his head, looked at Li Zhou and said to him: "It's okay. The two of us are just walking outside the academy now, so we have our own personal space most of the time. When the time comes, the two of us can be together with Tianci." My father, the dean of the academy, just tell me and he can go with you. Tianci also nodded hastily. When he saw Gu Shaoyang saying this, he also knew that Gu Shaoyang was really worried about Li Zhou at this time. He looked at Li Zhou and said to him: "When the time comes, my father and I will personally speaking, if we all go to the Kingdom of Jin together, my father will probably give us a holiday."

When Li Zhou heard the two of them say this, it was as if he suddenly had help from others, as if his body had begun to gain strength.

He looked at Gu Shaoyang and Tianci very seriously, really I was very grateful and said to the two of them: "Thank you, really thank you, my good brothers."

No matter how powerful Li Zhou is and how powerful he is, after all, he is not particularly old. Now that such a big thing has happened in the entire family, she has never dealt with it. All this time, he They are all unruly and go smoothly, so when something difficult happens now, it is inevitable that there will be some confusion. Now that two friends are helping him, he is really touched.

Gu Shaoyang waved his hand. At this time, he had already stretched out his hand and hugged him. Li Zhou looked over his shoulder, looked at Li Zhou and said to him: "Let's go back to the courtyard of the academy. Finally, after we say hello to the dean, we will go to the Kingdom of Jin as soon as possible to check what happened to your family." What happened."

Li Zhou nodded. He and Tianci, one on the left and one on the right, had already pulled Li Zhou into the interior of the academy.

And the thin young man followed behind the two of them.

The academy has always been , the three of them live in this place, so they came here at this time, and now only the dean of the academy is working.

Gu Shaoyang and the others discussed and planned to ask the dean of the academy for a leave, so the three of them had already arrived at the academy. In front of the door of the director's office.

Gu Shaoyang took a step forward and knocked on the door softly.

"After three knocks on the door, I heard a very gentle and jade-like voice inside, and said:"Please come in.""

The three of them looked at each other and walked in. Gu Shaoyang took the lead in the front, followed by Tianci. Li Zhou lowered his head and followed behind them.

The dean was a little strange, watching these three young people today. How could we come to this place together?

He had put down the brush in his hand, stood up, walked towards the chair next to him, looked at Gu Shaoyang and the others, and said to them:"What's wrong, today What do you want from me?"

Gu Shaoyang cleared his throat, then clasped his hands in his fists, looked at the dean and said to him:"A few of us are here today to say goodbye to you, dean. We want to go to the Kingdom of Jin."

The dean heard what Gu Shaoyang said, and he couldn't help but feel very confused in his heart about what happened.

Jin Guoke is very far away from their country, and the king of that place is said to be very cruel. Why do you want to go to that place?

Of course the dean also asked this question, looked at Gu Shaoyang and said to him:"Why, you suddenly decided to leave?"

Although they are now students in the academy and can walk freely, there are still regulations for where they want to go and they need to report in advance.

The dean looked at them and said to them: "Why? Go and tell me the reason."

When the dean finished saying this, his eyes had already glanced at the three of them, looking at Gu Shaoyang and Tianci. The two were calm and composed without much expression.

But when he saw Li Zhou.

Chapter 1506

Li Zhou's mood was very low, and he was followed by a young man, thin and small.

The dean had already set his eyes on Li Zhou. Suddenly, he thought that Li Zhou's family seemed to be from the Kingdom of Jin.

Li Zhou raised his head. He felt that at this time, Gu Shaoyang and Tianci did not need to explain to him, so he clasped his hands in his fists, stood up, and bowed to the dean very respectfully.

He looked at the dean and said to him: "My family suddenly encountered a disaster. All the people in the family have been arrested, and my servant came to tell me and asked me to go back to check the news and rescue them all, so I need to go back once."

The dean was shocked when he heard what Li Zhou said. After all, the Li Zhou family is a big family in the Jin Kingdom, and he knew that, but at this time, such a big thing happened in the family. Only one of his children who was studying abroad survived.

Li Zhou continued to look at the dean and said to him: "Gu Shaoyang and Tianci looked at me. I was really helpless, so they wanted to go to the Kingdom of Jin with me to help me."

The dean listened to Li Zhou's words. By that time, it was completely clear that it was because of this matter. After all, the relationship between the three of them was very good. They were also classmates and very good friends.

So the dean thought about it, looked at Gu Shaoyang and Tianci and said to them: "You two have really decided to go through that place, but it is very dangerous and the journey is long."

Gu Shaoyang did not hesitate at all. Already looking at the dean, he said to him: "Yes, Lizhou needs help from others at this time, and he only has a few of us here, so we decided to help her."

Although the dean was thinking about what to say, Tianci next to him He came over to look at his father and said to him: "Father, just let us go. We know the depth ourselves. If there is danger, we will avoid it as soon as possible."

The dean thought for a while, Gu Shaoyang and the others had already They all went to sleep, so there was nothing I could do to stop them.

I could only sigh and feel very helpless when I saw a few of them and said to them: "The King of Jin Kingdom is very cruel, and there are many steep mountains on your way to that place, so be more careful."

Upon hearing that the dean had agreed, Gu Shaoyang and Tianci followed Li Zhou, and a slight smile appeared on Gu Shaoyang's face.

On the other side, Tianci was very happy and immediately looked at the dean and said to her: "Don't worry, father, we will definitely believe it, and this time is also a very good experience for us."

The dean shook his head helplessly. He took out his writing pen and started to write a letter of recommendation. He said to the two of them: "Without a letter, it will be very difficult for you to enter the Golden Congress, so I will give it to you now. Write a letter."

Gu Shaoyang really didn't expect that it would be so troublesome to enter the Kingdom of Jin or other countries, but he saw that the dean was writing very quickly and had everything written down. It was sealed into an envelope and delivered to Gu Shaoyang's hands.

He looked at Gu Shaoyang and said to him: "This is a letter. When you get there, as long as it has the name of our academy, you can use it no matter where you go, just in case there is any trouble."

Gu Shaoyang knew The dean was doing it for their own good, so he clasped his hands, looked at the dean and said to him: "Thank you, dean."

Li Zhou on the other side was really grateful to the dean, which could save a lot of trouble..

In the past, you could use it if you had your own family's name on it, but now that the whole family has been arrested, it definitely can't be used.

Li Zhou also clasped his hands, looked at the dean gratefully, and said to him:"Thank you dean for your kindness."

The dean waved his hands, looked at several young people, and said to them:"Then when are you leaving?"

Li Zhou immediately raised his head, looked at Gu Shaoyang and wanted to know what Gu Shaoyang meant. After all, Li Zhou was really anxious now. If he could get up, he wanted to leave immediately.

Gu Shaoyang looked at Li Zhou who was looking at him, looked at the dean and said to him:"Let's all pack up and we will set off tomorrow morning."

Because it is already noon, so if we set off next, it will be in the afternoon , if you want to leave, you have to take the night road, which is very dangerous.

Therefore, Gu Shaoyang felt that there was no rush and he would rather get up earlier tomorrow morning and start again.

The dean nodded, looked at several young people and said to them:"Okay, then you go down and clean up first. I won't send you off tomorrow. You can go on your own."

Several people clasped their hands and bowed. Body, said to the dean:"Then dean, we will leave first, you can do your work first."

Chapter 1507

When Gu Shaoyang and others walked out of the dean's room, Gu Shaoyang looked at Li Zhou and said to him:"Go back and pack your things first."

Then he continued to look at Tianci and said to him: "You also go back and pack your things. Take your luggage."

After Gu Shaoyang finished speaking, he walked towards the bell where the cleaning work was taking place in the courtyard.

He looked at the little girl Lingdang, she was really doing well.

Gu Shaoyang looked at Lingdang and said to her: "You don't need to do these tasks. I will buy something for you then. We will leave here tomorrow. Can you come with us?"

Sure enough, Lingdang heard Gu Shaoyang say this, He immediately raised his head, looked at Gu Shaoyang and began to nod with certainty, and said to Gu Shaoyang: "I will definitely be able to leave. No matter what kind of hardships I have to endure, I will stay with you."

Gu Shaoyang also knew that this little girl was He was very insecure, so he was very helpless. He looked at the bell and said to him: "I will get you some money. After a while, you can go to the street and buy yourself two sets of changes of clothes, and then buy the things you need." Some.

Because Gu Shaoyang could tell that the clothes this little girl was wearing at this time were really very thin, and the clothes he was wearing were very tattered, and he looked very embarrassed.

If you want to hit the road, it's better to have some changes of clothes and buy some things you need.

The little girl took the money from Gu Shaoyang and was really touched. She had never seen so much money before, and it was used to buy things for herself.

His eyes immediately brightened, he looked at Gu Shaoyang and said to him: "Thank you, brother Gu Shaoyang, I will definitely repay you in the future." Gu Shaoyang reminded again, and said to the little girl: "But there will be a lot of things on the road. It's safe. You have to be mentally prepared in advance. Otherwise, you can be taken away in this academy. As long as the dean returns to our main academy, you will go with him." In fact, Gu Shaoyang was thinking about this little girl. , if you follow the dean, it is actually very safe, but you didn't expect Lingdang to deny it immediately.

He looked at Gu Shaoyang and said to her: "No, I'm with you and I won't cause you any trouble. Don't worry, brother Gu Shaoyang."

Gu Shaoyang had no choice. He had already made many choices for him. But this little girl still wants to be by her side.

He could only nod helplessly, looked at the bell and said to him: "Okay, then take these few coins and buy things for yourself. We will leave here tomorrow morning."

The little girl was really very excited. He was so happy that he looked at Gu Shaoyang again and said to her: "I understand, thank you, brother Gu Shaoyang."

Then he walked out towards the door happily and contentedly.

Gu Shaoyang returned to his room, took out his package, and wrapped all his usual clothes and some daily necessities.

When we set out tomorrow, we can leave directly.

The whole night passed in a very ordinary way.

Early the next morning, everyone got up very early because they had to rush on the road today. When the sun just rose, Gu Shaoyang had already opened the door and walked out of his room.

But what he didn't expect was that he saw Li Zhou in the pavilion in the courtyard.

Li Zhou definitely didn't have a good rest that night. Not only was he thinking about his home far away in the Kingdom of Jin, but his parents had a whole family.

Gu Shaoyang walked into the pavilion, looked at Li Zhou and said to him: "The wind is so cold in the morning, why are you sitting here?"

After hearing Gu Shaoyang's words, Li Zhou turned around slightly, looked at Gu Shaoyang and said to him: "I really can't sleep, and the room is too stuffy, so I came out to think about something."

Gu Shaoyang knew that Li Zhou was in a very bad mood, he patted Li Zhou on the shoulder to show comfort, looked at Li Zhou and said to him : "Don't be anxious, we are all going to leave soon."

Li Zhou nodded and said nothing more. Gu Shaoyang just sat beside Li Zhou very quietly to accompany him, so he was not talking.

After a while, Tianci and Lingdang all got up and walked out carrying their own baggage.

Gu Shaoyang looked at everyone. He got up very early today and saw that everyone was already gathered.

Gu Shaoyang looked at Li Zhou and said to her: "Where is the servant who came to report to you yesterday."

Li Zhou said: "He does not live here, but found a place to sit down by himself outside. After a while he will come with us."

Gu Shaoyang nodded, looked at Li Zhou and said to him: "Let's go, let's all go out to have some breakfast, and then we can go on our way."

Li Zhou had already stood up, looking at Ling Dang and Tianci Two people came over.

Chapter 1508

He was really very solemn, with his hands clasped in his fists, looking at Gu Shaoyang and the others, he had deeply conquered his body.

Then, without raising his head, he said to them: "I can't thank you enough for your kindness. I am able to make friends like you. Thank you very much."

Because when people are in trouble, friends help you. , it's really the kind of warmth that others can't imagine.

Gu Shaoyang didn't care. He directly helped him up. Li Zhou said to him: "Don't say such polite words to us. We are all brothers. Let's go."

Several people walked out of the academy with their baggage on their backs. The door, just as the few of them were walking away, they saw another door of the academy room opened.

It was the dean standing in the room, looking at the backs of several young people, and sighing silently.

Because the dean knows a few of them, it will definitely not be easy to go there this time, and a lot of things will happen, but the children have grown up, and they can only walk their own way.

The dean stood outside the door of his study room and watched as several children slowly disappeared.

I looked helplessly at the empty door in front of me, so I could only turn around and continue my work.

What kind of fate Gu Shaoyang and Tianci will have next depends on whether he will keep the child for himself.

As for Gu Shaoyang and Tianci, they went out very early, so when they walked to the street, there was no one at all.

On the street, Gu Shaoyang was carrying his own baggage. He looked at Li Zhou behind him and said to her, "Where is your slave now?"

Li Zhou looked at Gu Shaoyang and said, "I saw him last night. Tell him. Wait for a few of us outside the city gate, and we can go together then."

Gu Shaoyang nodded, understanding.

He, Tianci and others were already walking towards the city gate.

Since the opening hours of the city gate are regulated, when they walked over, they had just caught up with the opening of the city gate.

As soon as I walked to the city gate, I really saw the very thin slave.

Gu Shaoyang looked at Li Zhou and said to him:"Over there."

Li Zhou had already looked in that direction, and sure enough he saw the thin figure wearing gray clothes walking towards him.

When he saw Li Zhou, he clasped his hands, looked at Li Zhou and said to him,"Young Master."

Li Zhou nodded.

Then the city gate opened. Gu Shaoyang looked at several people and said to them:"The city gate has been opened. Let's leave the city now."

Gu Shaoyang and others had already walked up to the outside of the city gate and walked out.

Lingdang followed Gu Shaoyang and the others the whole time, as if he was an invisible person. He didn't speak all the time, and he was really very well-behaved.

Gu Shaoyang and the others walked outside the city gate and saw a forest not far away.

Since they were going to the Kingdom of Jin, it would be a long journey. The next few of them would eat and sleep in the open air, and they would often pass through such barren mountains and wild ridges.

There are still many people walking in tandem with them, so it is not particularly desolate.

Gu Shaoyang looked at Tianci and said to him:"It seems that we will have a lot of fun along the way." At this time, Tianci smiled slightly, looked at Gu Shaoyang and said to him:"I didn't expect your adventurous spirit, you are still like this Rich."

Gu Shaoyang chuckled and said,"Yes, after all, I have always been very interested in unknown things."

Lingdang was really curious as she listened to Gu Shaoyang and Tianci talking..

After all, he has always been performing in the streets and alleys, and has never traveled very far, so he is still very interested in his future and unknown life.

Gu Shaoyang and the others traveled for two days, and by this time they had arrived in another city.

This place looks no different from the previous place, but the air seems to be slightly colder.

Gu Shaoyang looked at Tianci and the others and said to them: "How far do we all have to go before we can reach the place." At this time, Li Zhou had already looked at Gu Shaoyang and said to him: "If nothing happens, it will be about It should take about a month."

Did Gu Shaoyang really not expect that it would be such a long journey?

The few of them continued to walk forward. At this time, there was really no village in front of them or any store behind them. There was nothing in this place except tall and lush trees everywhere.

And although it seems to be an official road, it is not particularly broad.

When Gu Shaoyang and the others were on their way, because it was already afternoon, Gu Shaoyang suddenly felt as if he had heard a buzzing sound.

He thought he heard it wrong, so at first, he just listened to the voice.

Chapter 1509

Then he continued walking forward without saying a word.

But I also feel it carefully, and I seem to hear this buzzing sound again, just like a bee.

Gu Shaoyang felt that he had heard it right at this moment. There had been this kind of sound all along. It seemed that he was getting closer and the sound was getting louder and louder.

She stopped in her tracks and listened carefully.

Li Zhou, Lingdang and others turned around in confusion when they saw Gu Shaoyang's movements.

Li Zhou looked at Gu Shaoyang and said to her: "What's wrong? What happened?"

Gu Shaoyang said: "There shouldn't be any monsters or swarms of bees in this place."

Because he really heard it. This sound.

Sure enough, they heard what Gu Shaoyang said, and they all started to listen very seriously.

Li Zhou was shocked and immediately became very nervous. He looked at Gu Shaoyang and said to him: "We won't let us encounter the bees."

Tianci was also listening carefully at this time, but this voice was really It's getting closer and closer to them.

Tianci's eyes looked forward, and he was immediately shocked.

Because he saw in front of him a bee about half a meter long. This thing was simply too big. When it flew towards them, it was really terrifying.

Tianci immediately looked at Gu Shaoyang and said to them: "Look quickly."

The few people in front of them all looked in the direction Tianci was speaking, and saw bees one after another heading in their direction, flying darkly. Come over.

And now it's too late for them to escape.

Gu Shaoyang really didn't expect that what they encountered was not bees, but a swarm of bee monsters.

Gu Shaoyang looked at them and said to them: "Everyone, please quickly find some more secluded places and be careful of being bitten by these bee monsters. Otherwise, it will be very dangerous."

Although he knew in his heart that if these bee monsters were to bite him, it would be very dangerous. It would be very dangerous if you stung yourself.

But there was no way, the bee had now flown in front of him, and even for a few of them, it was already too late to escape.

So Gu Shaoyang was the first to get off the official road and ran in the direction of the nearby woods. After all, in this very open place, it was very easy for the Bee Monster to catch them.

Li Zhou, Lingdang and others followed closely behind and ran towards Gu Shaoyang.

Everyone hid behind clusters of bushes, but at this time, Bee Monster had discovered Gu Shaoyang and all of them.

Gu Shaoyang had already taken out the long sword in his hand, ready to attack at any time.

On the other side, Li Zhou and Tianci had also taken out their weapons.

Gu Shaoyang looked at the few of them and said to them: "Everyone, be careful."

But as soon as he finished speaking, he had already seen one bee monster after another, flying towards the direction of the forest.

Gu Shaoyang was shocked. She immediately took out her long sword, swung it towards the outside, and slashed directly on the tentacles of a bee monster.

When the bee monster was attacked by Gu Shaoyang, its body immediately lost its balance, and it buzzed like a very painful sound.

Immediately afterwards, her pointed mouth attacked Gu Shaoyang, looking really angry.

Gu Shaoyang quickly took his long sword, jumped up and stepped on the bee monster on the tree trunk next to him.

He followed closely, holding a long sword, and stabbed downwards hard, directly penetrating the bee monster.

At this time, a bee monster had already fallen towards the ground, splashing a layer of dust on the ground.

Gu Shaoyang looked at Li Zhou's side again. Li Zhou was holding a long sword in his hand, and he had already waved his long sword in the direction of a bee and a monster.

And his own slave is really very weak and has no ability to attack at all.

So at this time, Lizhou's protection is still needed.

It is really difficult for Lizhou to protect one person and also need the other party's Bee Monster.

The slave was still very loyal. He looked at Li Zhou and said to him: "Young master, please don't worry about me. Just take care of yourself."

Li Zhou was indeed unyielding. After all, it was very difficult for him as a slave. , to be able to report the news to him, he looked at the slave and said to him: "Shut up."

Although it was a very harsh word, it was full of concern.

Li Zhou waved his long sword and stabbed it in the direction of the Bee Monster's head.

The bee monster's long mouth was directly aligned with his mouth, and half of it fell off in an instant.

Chapter 1510

Gu Shaoyang looked at Li Zhou's fighting ability and thought it was okay.

After all, he was very good at this aspect of fighting in the past.

Gu Shaoyang looked at Tianci on the other side. At this time, he and the little girl were working together very well.

Gu Shaoyang really didn't expect the bell to actually hold a dagger in his hand. When Tianci attacked, it would also play a certain role in helping Tianci from time to time.

Gu Shaoyang looked in the direction of Tianci and said to him: "You two, be careful."

At this time, Ling Dang also looked in the direction of Gu Shaoyang, looked at Gu Shaoyang and said to him: "Brother, be careful."

Gu Shaoyang really didn't expect that. , Lingdang still cares about himself very much.

He nodded, and he already swung his sword and stabbed in the direction of the other bee monster.

At this time, Gu Shaoyang had completely found the opponent's weakness, so this attack was very easy for her.

When Gu Shaoyang stopped his attack, he looked at the dozen or so bee monsters. At this time, they had been attacked by several of them, and they had become two or three.

Gu Shaoyang felt that they were really going to end this battle right away.

But I didn't expect that one of the monsters seemed to be their leader.

At this time, his body began to grow bigger and bigger. Gu Shaoyang was really confused about what kind of energy this was.

As for the bee monsters underground, the bodies that had just died slowly began to shrink, and finally became the size of a fist, which really made the difference even more extraordinary.

Moreover, when Gu Shaoyang looked at the leader of the Bee Monster, it seemed that all the energy from them had been absorbed into his own body, which was really shocking.

Gu Shaoyang looked at a few of them and said to them: "This guy is going to mutate soon. Please be careful."

As he spoke, everyone looked in the direction of the huge monster.

Sure enough, that thing has now become very big. Even Li Zhou and the others would feel a creepy feeling when they saw it.

After all, who could not be afraid of something so big?

At this time, Gu Shaoyang and his friends were all close together.

Then Gu Shaoyang looked at the bee monster and said to him: "I didn't expect that this guy is really very powerful, and he can do such tricks."

I saw that the bee monster actually spoke human words, looked at Gu Shaoyang and said to her "You shouldn't call me Bee Monster, my name is Bee Spur."

Gu Shaoyang was surprised. He didn't expect that this guy could talk. He never thought that this beast could actually speak human words.

Gu Shaoyang thought of the Qilin Beast he knew before. At that time, he could talk and seemed to start to transform right away.

But Gu Shaoyang couldn't care so much now. He looked at the bee monster and could actually talk to himself, so he was not particularly surprised and suppressed all the feelings in his heart.

Gu Shaoyang looked at the First Bee Bone Spur and said to him: "Why are you blocking our way?"

Sure enough, the remaining huge First Bee Bone Spur, as well as the two Bee Monsters behind it, buzzed and vibrated. wings.

Xianfeng's bone spurs made a buzzing sound, which was still very sharp. He looked in the direction of Gu Shaoyang and said to him: "Someone wants your life. If I kill you all, it will give me a lot of benefits."

Gu Shaoyang really said It's very strange how they could offend anyone just after leaving this place.

And there are actually monsters in this place, blocking his way forward.

But Li Zhou's face, who was standing behind Gu Shaoyang, was very ugly. He narrowed his eyes slightly, and his whole face showed a very angry look.

He looked in the direction of the First Bee Bone Spur and said to him, "Do you monsters still have a deal with humans?" Sure enough, when Li Zhou finished speaking, the First Bee Bone Spur sounded like he was laughing, He made a very happy sound of vibrating his wings and said to Li Zhou: "Of course, if you can give me enough benefits, of course I will make a deal with the other party. Today I will let you all die in my bee." Under the mouth.

Gu Shaoyang was not particularly anxious, but watched the huge body of the First Bee flying in the air.

Gu Shaoyang said to him: "Is the person you mentioned coming to hunt us the same person in the Lizhou family that Li offended?"

After hearing this name, Xianfeng Bone Spur couldn't control that much at all, he said: "No I know, anyway, the other party told me that they must stop Li Zhou and all of you."

When she said this, she had already rushed towards Gu Shaoyang.

But at this time, Gu Shaoyang and Li Zhou were two people.
