Chapter 1511

Everyone already knew what happened. They really didn't expect that the family Li Zhou offended was really powerful and could actually make the monsters obey their commands.

Gu Shaoyang looked directly at Li Zhou and said to them: "In this case, it seems that we are all going to kill her here today."

The one-meter-large first bee bone spur was already heading towards him. It rushed over from the direction, and there was a huge trembling sound.

Gu Shaoyang felt that when it flew over, it seemed to be carrying wind.

Gu Shaoyang took the long sword in his hand and flew into the air, attacking in the direction of the Bone Spur.

On the other side, Tianci and Li Zhou were not idle either. They both stepped forward with the long swords in their hands.

Gu Shaoyang looked at Tianci and the others and said to them: "Everyone, hurry up and deal with it."

After all, it should be very easy for the three of them to fight against this bee monster.

On the other side, the slave boy in gray clothes and Lingdang also knew that their strength was not good at this time, so they were very obedient and had already hid aside.

Gu Shaoyang held up his long sword and stabbed it in the direction of the head of the first bee bone thorn.

But I didn't expect that the opponent's sharp mouth was really very powerful, just like a sharp knife. When confronting Gu Shaoyang, he was not affected by Gu Shaoyang at all.

Li Zhou directly raised his sword and stabbed it in the direction of the Pioneer Bone Spur's body. However, this thing was too flexible and he had already dodged Li Zhou's attack by fanning his wings.

Gu Shaoyang was shocked. He didn't expect this guy to be so flexible. After absorbing all the energy from the more than ten bees, he became even more powerful.

Gu Shaoyang looked at Tianci and said to several of them: "Let's not be anxious. Let's think of ways to see where his weaknesses are, and then think of ways to kill him."

After all, whether it is a Warcraft or a human, all of them Everyone has their own weaknesses.

Gu Shaoyang was sure that as long as he found the opponent's weakness, he would definitely be able to solve it.

Gu Shaoyang said this, Li Zhou nodded, looked at Gu Shaoyang and said to him: "I know."

She took a deep breath and continued to stab the body of the first bee bone spur. He didn't believe it. There is not a single weakness in him.

But not only was the opponent's movements really fast, even if he was struck by the long swords of Gu Shaoyang and others, it would only be a slight wound, which would heal quickly.

Gu Shaoyang was really very strange. She started to attack in the direction of the first bee bone spur.

While facing him, he said: "I don't believe you have no weaknesses. If you are entangled with the three of us, you will be the one who dies sooner or later."

He made a vibrating buzzing sound from the Pioneer Bone Spur, and said to Gu Shaoyang: "Those little humans who are so boastful, do you think you humans are omnipotent? You are really wrong, only we demons are the most powerful."

When he said these words, he really made Gu Shaoyang has some questions. Gu Shaoyang of the demon clan actually knows it. Isn't that the demon king of the demon clan or Long Hanming?

Gu Shaoyang had heard about this Demon King Long Hanming before, and he said he was very knowledgeable about it.

Gu Shaoyang looked at the First Bee Bone Spur and said to him:"Since you said so, it seems that the people who are in charge of you are humans, and the Demon King Long Hanming and the others."

The First Bee Bone Spur really didn't expect that Gu Shaoyang He could actually guess what he was thinking.

She looked at Gu Shaoyang and said to him:"How can we, the Demon King, be what you call us casually?" As soon as Gu Shaoyang saw the other party's very respectful look, he knew that he had guessed it right.

She looked at Li Zhou and said to him:"Do you and the Demon King Long Hanming have any kind of entanglement with each other?"

Li Zhou shook his head in confusion and said,"I don't know. I have been away from home for many years. I just wanted to I went home, but I didn't expect such an accident to happen."

Gu Shaoyang really felt that it was very strange, but now they didn't have time to think about these things at all. The most important thing was to get rid of this bee bone stabbing thoroughly first. Only by killing the bottom ones can Gu Shaoyang and the others escape from trouble.

Gu Shaoyang held the long sword in his hand and stabbed towards the lower jaw of the bee monster.

But he didn't expect that the bee monster would immediately start to avoid Gu Shaoyang, as if it had encountered some weakness in him.

Gu Shaoyang immediately had a thought in his mind. Could it be that his real weakness was his chin?

Gu Shaoyang looked at Li Zhou and Tianci.

Chapter 1512

He said to them:"This bee monster is very afraid that I will sting its chin. You two will test it out in a while."

Sure enough, after hearing Gu Shaoyang's words, Xian Bee Bone Spur was really angry.

He looked at Gu Shaoyang and said to him:"You human being is just looking for death. Today I will show you how powerful I am."

It seemed that he was really irritated. He quickly flapped his wings and was already heading towards He rushed in the direction of Gu Shaoyang.

But how could Gu Shaoyang and Tianci give him such an opportunity at this time?

Gu Shaoyang held up his long sword and stabbed it towards the lower jaw of Xianfeng Bone Spur.

As soon as the bee monster dodged, Li Zhou, who was following closely behind, already raised his long sword and attacked in the direction of the first bee's bone sting.

Since what Gu Shaoyang just said, he already knew the other party's weakness, and also saw the very frightened and frightened appearance of the other party, they would definitely not let this opportunity go.

After Li Zhou's stab, the first bee bone spur was so dangerous that he dodged Li Zhou's attack.

Tianci followed closely and aimed at the opponent, stabbing towards the opponent's chin.

But he didn't expect that his sword had penetrated directly, and a yellow liquid flowed out immediately after.

Tianci really didn't expect that with such a hard body, he actually had his own weaknesses.

He felt that Gu Shaoyang's guess was really right. Tianci looked at Gu Shaoyang and said to him:"I didn't expect you to be able to guess such a hidden place."

Gu Shaoyang actually guessed such a place by accident. But I didn't expect it to be true.

She looked at Tianci and said to her: "One more blow, and he will be completely dead."

Because at this time, they had already seen the bone spurs of the first bee, and now they were all crooked even when flying. , the sound of its wings vibrating has begun to slow down a lot.

Gu Shaoyang chuckled, looked at the first bee bone spur and said to him: "You, the lowly living bee monster, want to block our way, you are asking for trouble."

When he said this, everyone Already holding the sword, he stabbed in the opponent's direction again.

Gu Shaoyang was quick and accurate, and he had already inserted his long sword deeply into it.

I saw that the wings of the bee monster were slowly fanning slower and slower, and more and more yellow blood began to flow out of its body.

Gu Shaoyang looked at Lingdang and Tianci and said to them: "It's okay, it's completely solved."

When he said this, several people were already standing in front of the Bone Spur, looking at each other's movements. I saw him continue to flap his wings a few times, and then slowly landed on the ground.

When he was lying on the ground, he was still struggling fiercely, but he could still speak human words. He looked at Gu Shaoyang and listened to them: "You will have many opponents along the way, and you will not be allowed to reach the Kingdom of Jin peacefully.."

Gu Shaoyang really didn't expect that he knew so many secrets.

He looked at the Pioneer Bone Spur and said to him: "If you can offend the Lizhou family and arrest everyone in their family, I can spare your life."

And the Pioneer Bone Spur. He looked at Gu Shaoyang and said to him: "Someone will avenge me, even if I die, it doesn't matter."

But after Gu Shaoyang finished saying this, he had already seen that the first bee bone spur had slowly lost its vital signs.

It shook its wings slowly, and then began to fall softly.

Then he shivered a few more times, then completely softened.

Gu Shaoyang knew this guy, even if he wanted to save him, there was no way he could save him.

Xianfeng Bone Spur knew even more that he had met Gu Shaoyang. The few of them were really weak. Even if they wanted to survive now, they had reached their critical point and had no chance of survival. They kicked off their legs, completely dead.

Gu Shaoyang looked at the First Bee Bone Spur, and his whole body had gone limp, with no breath of life left at all.

He sighed, looked at Li Zhou and said to him: "What kind of existence has your family offended?"

Li Zhou was really confused. Could it be that his family had really offended a very special person? Does something awesome exist?

He looked at Gu Shaoyang and said to him: "If this is the case, it is too dangerous, so don't leave with me."

Because she felt that Gu Shaoyang and the others were in great danger to help her, and he didn't want to let this happen.

Tianci looked at Gu Shaoyang and said to him, "What should I do?"

After all, Tianci was really a little shaken at this time.

Chapter 1513

Gu Shaoyang was very determined. He patted Li Zhou on the shoulder and said to him: "The more dangerous the situation is, as your friends, we must be by your side to help you."

Li Zhou heard Gu Shaoyang say this, It was really touching, and he felt some very sour feelings in his heart.

With swollen eyes, he looked at Gu Shaoyang and said to her: "Thank you, brother Gu Shaoyang."

Because he really didn't expect that Gu Shaoyang could actually stand up for his friend and stand completely on his side. aside.

Now that I know that the road ahead must be very dangerous, I don't even have any intention of retreating.

Gu Shaoyang looked at Li Zhou's very excited look, patted Li Zhou on the shoulder, and said to him: "Okay, okay, don't thank me here anymore, wait until everyone in your family comes." , let's talk about it later."

After all, they were members of the entire family, and it would be a real pity if all of them had been killed.

Seeing the end of the battle on Gu Shaoyang's side, the gray-clothed slaves and the bell had already walked out of the forest.

When the two people came out, they saw the huge thing lying on the ground. They were really frightened and their legs were shaking.

The servant immediately came to Li Zhou's side. He looked at Li Zhou with great concern and said to him: "It's okay, young master."

After all, Li Zhou now has the hope of their entire family. If Li Zhou dies, If so, then their entire Li family will have no hope at all.

Lingdang looked at Gu Shaoyang, as if she was really worried about Gu Shaoyang. She looked at Gu Shaoyang and said to him: "Brother Gu Shaoyang, are you okay?"

Gu Shaoyang did not expect that this little girl, Lingdang, was still very conscientious.

Gu Shaoyang felt that if he wanted this little girl to follow him in the future, as long as he was guided correctly, he would be a very kind little girl.

Gu Shaoyang looked into the little girl's eyes, and looked at himself mistyly. He stretched out his hand, rubbed Lingdang's hair, and said to him: "It's nothing more than some monsters. They have been dealt with. Are you afraid?"

Because Gu Shaoyang knew that Lingdang had never encountered such things before.

Lingdang shook his head slightly. With very firm eyes, he looked at Gu Shaoyang and said to him: "Don't be afraid, you guys are very powerful. I believe you can defeat him."

Gu Shaoyang didn't expect that Lingdang was really interested in him. Very confident.

He smiled. He was in a really good mood. Looking at one of his friends, who was safe and sound at this time, he said to them: "Okay, let's continue on our way."

Although Gu Shaoyang said to everyone Once again, we started to hit the road again.

But Gu Shaoyang was really confused in his heart. He had already encountered a monster blocking his way just after walking for a few days. It seemed that the journey to the Kingdom of Jin would not be peaceful for them.

After three days of traveling, Gu Shaoyang and his party finally arrived at what looked like a relatively large city without having to walk through various barren mountains and old forests.

Gu Shaoyang looked at this city, and it really had a unique scenery. He didn't expect that he had traveled to several cities now, and the style of each place was different.

Gu Shaoyang and the others were walking in this city. It seemed that because of what festival it was today, everything was very lively.

Tianci was even more interested and would take a closer look at every stall he walked to.

Lingdang followed closely behind Tianci, looking at Tianci and saying to her: "This thing is really beautiful."

Tianci saw the little girl's bright eyes and already bought it.

She put the small ornament on Lingdang's hand and said to him: "Sister Lingdang, give this to you."

Lingdang was really surprised, she just looked at the thing red The green color is very beautiful. He didn't expect Tianci to buy it as a gift to himself. He was really moved.

He looked at the bell and said to her: "Thank you."

Because he had never received any kind of gift. The last gift he received was a few clothes that Gu Shaoyang bought for himself, but they were just for a change of clothes.

But this time Tianci sincerely gave him a gift. He really cherished it very much, and his whole smile seemed like a very bright flower.

Gu Shaoyang looked at Li Zhou and said to him: "What is this place?"

Li Zhou came from the Li family before, so he also passed by this place.

He looked at Gu Shaoyang and said to him: "This place is Qingquan Town."

Gu Shaoyang heard this very nice name and thought it was very consistent. After all, this town is really unique.

He looked at Li Zhou and said to him: "Is this Qingquan Town?"

Chapter 1514

It's because the spring water in this place is so good."

Of course, he only understood the literal meaning. He felt that the sound of this name gave people a particularly refreshing feeling.

Li Zhou nodded and said, "Maybe, this is the only way to go to the Kingdom of Jin. He It is said that there are many natural shoals in this place, and the scenery in this place is very good. There is a reed marsh outside the town. As long as there is wind in that place, the reeds floating in the wind are very beautiful."

"There are very many people at this time. It should be that the annual Qingquan Festival is coming."

Gu Shaoyang didn't expect that there would be such a festival, but today shouldn't be a festival. People are preparing in advance.

Li Zhou looked at Gu Shaoyang and said to him: "This place is a very unique town. Listen, It is said that whenever there is a festival in Qingquan Town, many people will come to this place."

Tianci, who was walking in front, heard the conversation between the two of them.

He turned around and said to them: "I didn't expect that there would be such a festival. It is really a pity. If it weren't for the fact that a few of us had to rush Well, I am really interested in this festival."

Then he looked at Li Zhou and said to him, "How do you celebrate this festival?"

He knew about the gray-clothed slave following Li Zhou. After all, she had been to these places before. She looked at Tianci and Gu Shaoyang and said to them: "This place in Qingquan Town is I have a certain understanding of festivals. I heard that every year during the festival in Qingquan Town, people go to the reed swamps to set off sea lanterns."

What kind of thing is that? In fact, he has only heard of it but never seen it.

But Tianci was very yearning for it. Tianci looked at them and said to them: "There should be water in front of the reed marsh. Since it is Only when there is water can we put the lamps one by one. Let's put them in the water, or put them in the sky."

At this time, several people shook their heads slightly.

She said: "I don't know either. Gu

Shaoyang saw them and said, "Since you are very interested, we will find an inn to stay in later. Can't you find out by asking the boss?"

When Tianci heard it, it was really a very good idea. He said, "Okay, I'll ask about it later.""

A few people were already wandering around the streets, looking at some snacks, and bought some. They were full. So at this time, the sky was slowly starting to dim, and they needed to find a place to stay.

Gu Shaoyang looked at There was a place in front of it that said Qingquan Inn.

Gu Shaoyang pointed his finger over and said to them: "There happens to be an inn in that place. It looks like a good environment. Let's all go there and stay."

Because Gu Shaoyang had already seen this inn from a distance. It still had a very distinctive doorway with a row of red lanterns hanging and it was painted very clean.

Several people had already walked in that direction, and the gray-clothed Nupu Looking at this place, it really looked very familiar. He murmured to himself and said to them: "When I came out before, the master seemed to have lived in this place."

Although he said this, no one could hear it.

Gu Shaoyang and the others had already walked into Qingquan Inn.

As soon as they entered, they saw a short and fat uncle with a fat face. Full of smiles.

The guest who was entertaining at this time even wore a very distinctive hat on his head and a black robe. When he saw someone coming in, they turned out to be several young people.

He immediately He had turned his head, looked at Gu Shaoyang and the others, and said to them: "Do you want to stay in a hotel or have a meal?"

Gu Shaoyang walked in front of them, so she was wearing a white robe and her tall body stood out in front of them.

The boss naturally regarded Gu Shaoyang as one of them. The leader looked at Gu Shaoyang and asked him a question.

Gu Shaoyang looked in the direction of the boss and said to him:"Uncle, a few of us are going to stay in the hotel. Are there any guest rooms? The boss looked at the direction of Gu Shaoyang and the others, and said to them:"May I ask how many rooms you need. It's the time when we are celebrating the festival, and there are not many places."

Gu Shaoyang looked at them and said to him,"Can we arrange three rooms?""

After all, they have several people, and they need at least three guest rooms.

The boss thought for a while and said to them:"Yes, but there are not many upper rooms. There is only one. Can the remaining ordinary guest rooms be used?"

Gu Shaoyang and the others don't have many choices now, so they can only agree.

Gu Shaoyang has walked into a table next to the inn, looked at several friends and said to them:"Let's all sit down and rest for a while."

Chapter 1515

"We will go up after the boss has packed everything up.

Then he looked in the direction of the boss and said to him:"Bring us a pot of tea.""

The boss agreed with a smile on his face. After all, he looked at Gu Shaoyang and Li Zhou. They really had extraordinary temperaments. He didn't expect that these young people looked like young masters from wealthy families.

He looked at Gu Shaoyang and others said to them:"Okay.

Then he called to the waiter at the back and said to him:"Waiter, give these guests a pot of good tea." As he spoke, he looked at Gu Shaoyang and said to her,"I'll go upstairs and arrange the guest rooms for you right away.""

Gu Shaoyang nodded slightly.

At this time, the waiter in the shop was already very happy. He ran over very quickly with a pot of tea and put down the teapot and teacups.

He looked at Gu Shaoyang and the others and said to them: "Guest Officer, please use it with caution. Tianci looked at the waiter and said to him: "If there is nothing wrong, can I ask you what the so-called Qingquan Festival in Qingquan Town is all about.""

The waiter saw that Gu Shaoyang and the others were outsiders, so he was very interested and started to tell them the ins and outs of the festival in their place.

Although Gu Shaoyang was not particularly interested in these things, anyway, Now that I have nothing to do, I just wanted to listen, so Gu Shaoyang didn't stop him.

The waiter was chattering and started talking about their place, the past few hundred years and the present.

Gu Shaoyang was very interested in listening. Interesting, and very unique.

The boss only went upstairs for a quarter of an hour before he came down and looked at Gu Shaoyang and the others, chatting with the waiter.

She had already walked over with a smile and looked at Gu Shaoyang and the others. The young man said to them: "The guest rooms are ready. They are the two innermost rooms upstairs. There is also an upper room on the second floor. You guys can go up now.""

Gu Shaoyang nodded, and then said to them: "I understand."

Gu Shaoyang continued to look at Tianci and the others, listening to the story there with great interest, and he did not interrupt.

After finishing the story, Tianci was really very sad. He looked at the waiter and said to him: "I didn't expect this festival. It has a history of hundreds of years."

The bell on the other side was really interested. After all, as a little girl like him, he liked this kind of festival stuff very much.

Gu Shaoyang looked at them and said to them: "Everyone has already It's been a long day's journey. Let's go upstairs and rest early today."

To be honest, he had already stood up and walked towards the stairs.

Li Zhou, who was following Gu Shaoyang, had already stood up at this time and walked towards the stairs.

Although Li Zhou has been busy these days His behavior was very normal, but Gu Shaoyang knew that Li Zhou must have been feeling very uncomfortable in his heart, and the calmness he showed was just a disguise.

Li Zhou also showed up later. Follow the young man in gray clothes.

After Gu Shaoyang and the others arranged the guest rooms, they all returned to their rooms.

The environment of the inn here is really very good. Gu Shaoyang lived alone. When he returned to the guest room, he saw that the guest room was very spacious.

After Gu Shaoyang took a simple bath, he went to bed early.

But what Gu Shaoyang didn't know was that Li Zhou's behavior that night At this time, he didn't sleep particularly well. He kept looking in the direction outside. At this time, Nu Pu in gray clothes followed Li Zhou, looked at Li Zhou and said to him: "Master, he was in this place before. Lived."

Sure enough, when he heard what the slave in gray clothes said, Li Zhou felt very sad again. He looked at the slave and said to him: "What kind of person has my father offended?"

Actually, Li Zhou didn't wait for his slave to say something to him.

After all, he also knew that he was just a cleaning slave. He didn't know anything about these things. He was just talking to himself.

Li Zhou didn't sleep particularly well one night.

When he got up the next morning, Gu Shaoyang walked out of his room.

He saw Tianci and Lingdang walking out.

Gu Shaoyang looked at them. Personally, he said to them: "I didn't expect you two to get up so early."

Lingdang has already tidied up neatly, so this little girl is really very diligent. Even though he is forty-two or thirteen years old, following Gu Shaoyang and the others, he can Judging from his expression, he was very diligent.

He immediately walked up to Gu Shaoyang, looked at Gu Shaoyang with a very face and said to him: "Good morning, brother Gu Shaoyang."

Chapter 1516

Gu Shaoyang nodded, feeling that the bell had been with him for almost half a month, but this little girl was really worthy of praise for her courage and diligence.

He looked at Lingdang and said to him: "Why did you get up so early today?"

Lingdang smiled and said to him: "There seem to be some people who can't sleep outside."

Gu Shaoyang knew that it must be this little girl who has always been afraid They will dislike themselves, so they are very hardworking and willing to work.

Gu Shaoyang was not talking, but looked at Lingdang and Tianci and said, "Let's go down to eat first." The two men followed Gu Shaoyang and walked downstairs.

When Gu Shaoyang came down, he didn't expect that Li Zhou and his servant were already sitting downstairs.

Gu Shaoyang felt that it was really early now, but he didn't expect that everyone would wake up earlier than him.

Since it is breakfast time, there are not many customers downstairs.

Moreover, Gu Shaoyang and the others got up very early, and there was only one waiter, who was still standing around the counter in a daze.

Because breakfast is not ready yet at this time.

Gu Shaoyang walked over, looked at Li Zhou and said to her, "Why, I feel like you didn't sleep well last night."

Because Gu Shaoyang could see that Li Zhou's eyes were all bruised. It's because I didn't sleep well last night.

Li Zhou shook his head slightly. She showed a bitter smile, looked at Gu Shaoyang and said to him: "It's nothing. Maybe it was because I suddenly changed places last night and I had trouble sleeping."

But Gu Shaoyang really didn't believe it. After all, Li Zhou, like him, travels all over the country and can sleep well as long as he sees a bed.

He knew that Li Zhou must be feeling very uncomfortable at this time. It might be that he was getting closer to his home, so Li Zhou began to think about more and more things at this time.

Gu Shaoyang did not ask further, but looked at Li Zhou and said to him: "After we all finish breakfast, we will hurry up and go home."

Because he knew that Li Zhou must be in a hurry to go home at this time.

Li Zhou nodded, looked at Gu Shaoyang and said to him: "Okay, thank you. Gu Shaoyang was not talking. After a while, they ordered some more convenient breakfast. The waiter was holding a very large The plates were all the same, and all kinds of breakfasts had been brought to their table.

There were some porridge, some cakes and steamed buns, and some side dishes. The few of them had a hearty breakfast. After breakfast, Gu Shaoyang looked at their friends and said to

them:"Everyone go back and pack your things. We will be ready to set off soon. As he spoke, Gu Shaoyang walked towards the front desk and said to the shopkeeper:"Calculate for us the advance money last night.""

The shopkeeper originally thought that Gu Shaoyang and the other young ladies came to this place to watch the very famous Qingquan Festival.

But he didn't expect that they were just passing by.

The shopkeeper looked at Gu Shaoyang and the others. , said to them:"There are still two days until the Qingquan Festival. The young master doesn't want to stay here for two days. Gu

Shaoyang shook his head slightly and said,"No, the shopkeeper and we just want to pass by this place and stay for one night.""

After saying this, she had already taken out the money and placed it in front of the shopkeeper.

The shopkeeper did not say anything, and moved the abacus in his hand quickly. He looked at Gu Shaoyang and the others and said a price.

Gu Shaoyang put the money After paying, he was already standing in front of the door, waiting for a few friends to come down.

The slave on the other side was already carrying two burdens, one of which belonged to Gu Shaoyang, who had walked down first.

Gu Shaoyang looked at the gray The servant in clothes said to him:"Lizhou was worried last night and didn't sleep well. The servant had nothing to hide from Gu Shaoyang. He nodded and said,"Yes, the inn master lived in this place before, so the young master is in a bad mood at this time.""

Gu Shaoyang already knew. At this moment, several people had all walked downstairs.

Gu Shaoyang looked at Tianci and said to him:"There is nothing left behind.

Tianci nodded and said,"No, they have all been captured."

Gu Shaoyang said:"Then let's set off.""

As he spoke, a few people had already walked onto the street. It was already morning when we got there, and many people had already started to go out to buy things.

And there were a lot of people selling things on both sides. I didn't expect this. In a small town, people are very lively because of this festival.

God sent me some regrets.

Chapter 1517

He said to Gu Shaoyang:"I originally thought that we could all stay here for two days during the Qingquan Festival in Qingquan Town. Why are you in such a hurry and already on your way?"

Since Li Zhou was walking ahead with his head downcast, he didn't No conversation between Gu Shaoyang and Tianci was found.

Gu Shaoyang whispered and pointed. Li Zhou in front looked at Tianci and said to her:"It's better to hurry up and hurry up. Li Zhou is not in a particularly good mood, and he is also very worried about her family."

Tianci heard Gu Shaoyang say this He said that he completely understood it, so he nodded and said:"Okay, I understand."

Although Tianci didn't see it, it was a pity for the festival this time.

But he felt that Li Zhou was really anxious at this time to be able to follow his friend, and he was not talking.

A few people walked out of Qingquan Town very quickly and came to the outside of Qingquan Town.

Sure enough, as I heard before, there is really a large reed field outside this place, and when the breeze blows over, the reeds blowing in the wind look really beautiful.

Tianci and Lingdang could not help but look in that direction.

Although they were traveling all the way, the reeds in this area were about a thousand meters long. For them, they could really see them for a long time.

Bell pointed to the reed marsh in front and said to Tianci: "I didn't expect that this place is really beautiful. No wonder people come to see this place every year."

Tianci also said: "Yes, if this place If someone with a painting can draw it, it must be a very beautiful scenery."

Although the two people said this with emotion, for them, this place is just a look at the scenery in front of them.

Although Gu Shaoyang didn't speak, he really liked the scenery when he saw it, and the scenery here made people feel relaxed and happy.

Li Zhou on the other side was indeed not in such a mood at all. He looked forward with a very low look and walked forward.

Gu Shaoyang and others embarked on the journey again. This time the journey lasted several days, but they did not find any place to stay.

So every night, they lived outside in the open air, or found a relatively safe cave or other place to live under a big tree.

On this day, they were really lucky and found a cave.

Since there has been thunder and lightning outside, if there is no place to stay, we will be flooded tonight.

Gu Shaoyang looked at what seemed to be a cave in the distance, which was dark, and said to a few of them: "Hurry up, there seems to be a cave ahead, and we can all take shelter there."

After all, now, it's already A few drops of rain began to fall.

After hearing Gu Shaoyang's words, the servant immediately stepped forward and said to Gu Shaoyang and the others: "This is also the place where we have a cave. Let's go quickly."

He quickly walked towards that place. The direction went over.

A few hundred meters away, we arrived at the entrance of the cave. It seemed that the entrance to the cave outside was not big.

But when Gu Shaoyang walked in, he took the fire stick in his hand and looked into the space. It was really not small. The few of them could still live in this place for one night.

Gu Shaoyang looked at Li Zhou and said to him: "Let's prepare some wood and light a fire."

After all, it is raining and the wood has just started to rain. If they can't find it, they will have to wait for it tonight. I'm going to stay in a dark cave for the night.

Gu Shaoyang looked at Tianci and Lingdang behind him and said to them: "You two, clean this place a little. When we come back, light a fire and rest."

After all, there are only a few of them. , I have walked a long distance in order to find a place where I can sleep.

The two people nodded slightly, and Gu Shaoyang walked outside.

The movements of several people were very fast.

The two girls quickly cleaned up the place.

Li Zhou and Gu Shaoyang, all carrying some licorice and dead wood branches, came back and built a fire.

Gu Shaoyang took the fire stick in his hand and slowly lit a fire under a hay field.

Immediately afterwards, one piece of wood was pressed on it, and soon the fire slowly started to light up. In an instant, the entire cave began to light up.

And it also brought a hint of warmth, driving away the coldness of the night for them.

The two girls, Tianci and Lingdang, really couldn't help it, so they leaned together and then put their hands on each other.

Chapter 1518

Slowly, it stretched towards the direction of the fire.

Tianci looked at the little girl Lingdang and said to him: "How is it? Is it cold or not? Is it particularly hard to walk with us?"

Lingdang shook his head slightly, although now he is with Gu Shaoyang and the others, it is indeed better than him. It had been hard before, but he felt that he was really happy in his heart.

Because each of them is really kind to themselves.

He looked at Tianci and Gu Shaoyang and said to them: "If it weren't for you, I would still be living a life without enough food and clothing, and every day, I would have to beat and scold others."

Gu Shaoyang Hearing the little girl say this, he felt that he still felt a little uncomfortable in his heart.

After all, these people had been getting along together for a while, and he felt that Lingdang's heart was actually very kind.

It's just that he met a lot of bad people before, so he became so poisonous.

Gu Shaoyang looked at Lingdang and said to him: "It won't happen anymore. As long as you become stronger, no one can bully you.""

"But now, although we are full of kung fu, we should not bully others. The most important thing is to protect others, just like me and Li Zhou. She is my friend, and I will help her if she has difficulties."

Although Lingdang is still young and has never encountered so many problems. Hearing Gu Shaoyang say this, he didn't understand it at all, but he was still very sure and nodded.

Lingdang's eyes were bright, looking at Gu Shaoyang said to him:"I know brother Gu Shaoyang."

He has always called Gu Shaoyang and called him brother. Gu Shaoyang has never corrected him. He thinks that since Lingdang feels this way and can rely on him, then he can just go on like this.

When several people were talking here, they could already hear outside the cave. The sound of wind, mixed with the sound of rain, began to get louder and louder.

Immediately afterwards, the sound of rain began to fall with a "crash".

It began to rain heavily outside, with a crackling sound. The trees outside were crackling.

The slave in gray clothes was sitting on the edge of the cave. He really couldn't help complaining and said:"If it weren't for a few of us who had found the cave at this time, we would all have turned into drowned rats by now.". Gu

Shaoyang replied while warming himself by the fire,"Yes, I didn't expect that the weather would change at any time.""

And now that they have been gone for half a month, no one knows what will happen next.

Gu Shaoyang looked at Li Zhou and said to him:"When I get to your family, are there any People can help you."

Li Zhou has been away from home for several years, so he really doesn't understand these things.

He shook his head slightly, very confused, looked at Gu Shaoyang and said to her:"I don't know these things either. I have to wait until I go back. , to know."

Gu Shaoyang nodded, and he also knew that Li Zhou couldn't make up his mind about what he was thinking about at this time.

Since there was now heat from the fire in their cave, his whole body began to feel warm..

And they had already been walking for a day, so when everyone experienced such warmth, they gradually began to feel sleepy.

Gu Shaoyang looked at his friends and said to them:"You all go to bed first, I'll come to keep vigil first, and then you, Lizhou, will come for the first night."

Li Zhou nodded. Although he was a little tired at this time, he looked at Gu Shaoyang and said to him:"Okay. Gu

Shaoyang looked at a few people and said to them:"It's flatter over there. You can go and sleep there.""

Several people had already walked over at this time and found a relatively flat position.

It was very windy inside and very warm. When they lay down, they all fell asleep slowly due to the fatigue of the day.

Lizhou After just sleeping for a while, he had already woken up from his nightmare.

When he opened his eyes, he felt that his heart was beating like a drum. He was really scared and terrified.

Gu Shaoyang Seeing Li Zhou open his eyes and seeing the beads of sweat on Li Zhou's forehead, he said to her,"What's wrong?"

Li Zhou did not tell Gu Shaoyang what he was thinking, the nightmare that the entire family had been hurt, and said to Gu Shaoyang:"It's okay, you can go back to sleep, I have already slept."

Although Gu Shaoyang felt that Li Zhou seemed a little strange, he didn't say anything.

He nodded, looked at Li Zhou and said to him:"It's cold at night, please turn up the fire a little bit.

Li Zhou nodded and said, "Okay, go to bed quickly."

Gu Shaoyang had already walked back to the place where Li Zhou lay down just now, and continued to lie down and go to sleep.

At dawn the next day, because of the good rest this night, everyone had already begun to resurrect with full blood when they got up in the morning.

Chapter 1519

My whole body felt full of strength.

Gu Shaoyang looked at his companions who had just woken up, and said to them: "We will all go out to find some wild fruits in a while, and after eating these dry food, we can continue on our way."

After all, they had been there before. Prepared by those who prepare food, although these things look dry, they can indeed fill your stomach.

Tianci and Lingdang watched, and Gu Shaoyang said to him: "When we were walking yesterday, we seemed to see an apple tree not far away. Let's go pick some apples and come back later."

Gu Shaoyang I didn't expect that these two little girls were very observant of each other.

He nodded and said, "Okay, then it shouldn't be too far."

Tianci nodded and said, "It's not far, just a few hundred meters away. I had already observed it before I came. After a while, Lingdang and I Just go pick some and come back."

Gu Shaoyang did not refuse, he had already grabbed a handful of rice from his bag, took out his very simple pot, and started to cook a pot of porridge next to the fire.

At this time, the two girls had already walked out of the cave.

Gu Shaoyang felt that after the pot of porridge was cooked, plus some cakes and picked fruits, their breakfast this morning would be very rich.

The two girls moved very quickly. They only went there for a while and then came back.

And there are actually several apples placed in front of everyone's clothes.

At this time, Gu Shaoyang's porridge had been boiled and slowly started to cook. When he saw the two of them coming back, he said to them: "You two came back, it's really just right. The rice porridge has just been cooked. After we all have breakfast, we can set off."

Gu Shaoyang looked at Tianci and the slave. At this time, they had all packed their things, and they sat in a circle and had a simple breakfast.

After breakfast, Gu Shaoyang and the others continued on their way. Due to the heavy rain last night, the road was really slippery. Everyone stumbled and started walking in the forest.

After half a day, I walked out of this forest and walked into another forest.

Just like this journey, Gu Shaoyang and the others passed through one mountain after another. A few more days passed.

Gu Shaoyang felt that it was really strange. Why did he feel that the closer he got to the Kingdom of Jin, the more people seemed to be watching him.

But Gu Shaoyang did not find any eyes looking at him, so he felt as if he was being watched these days.

Gu Shaoyang also expressed this feeling to Tianci.

He walked to Tianci, looked at Tianci and said to him, "Have you noticed that someone seems to be following us these days?" When

Tianci heard Gu Shaoyang's words, he couldn't help but look in the direction to the side. Went there, but saw nothing.

Gu Shaoyang looked at Tianci and said to her: "Don't scare the snake, and continue walking well."

Tianci nodded, and the two of them continued to move forward at this time.

But Gu Shaoyang didn't have this idea. After a long time, it began to come true.

When Gu Shaoyang and the others arrived at noon, everyone was eating. However, what they didn't expect was that they saw several men in black walking towards them.

Gu Shaoyang felt in his heart, narrowed his eyes slightly, looked in the opposite direction, and said to them: "Everyone, be careful." When several people heard what Gu Shaoyang said, they all looked in the direction in front of Gu Shaoyang, and sure enough they saw several men in black walked towards their direction.

These men in black looked really unhurried. One look at them showed that they had been observing them for a long time.

The corners of Gu Shaoyang's mouth raised slightly, she looked at Tianci and said to him ← How about it, my feeling is correct."

Tianci was really speechless. At such a critical moment, Gu Shaoyang actually said such words to him. On the other side, Li Zhou had already taken the long sword he had placed on the ground next to him. Get up.

He stood up directly, looked at the men in black opposite, and said to them: "Who are you? Are they enemies of the Li family?"

While talking, one of the men in black was very tall and seemed to be wrapped up tightly, but his voice was indeed very hoarse.

He looked at Li Zhou and said to him: "So Say, you are that boy from the Li family."

When he said this, he had already taken a step forward and looked at Li Zhou carefully.

Then he smiled and said to him: "I didn't expect that he really looked like those from the Li family."

Li Zhou was really very angry. He held the sword tightly in his hand and pointed in the direction of the black men and said to them: "Who ordered you to come to this place to kill us?"

Although she asked this, he also knew that the other party would definitely not give any answers to him.

Gu Shaoyang looked at Tianci and the others and said to them: "Everyone, please be careful. Not only are they there, but they are definitely There is still a helping hand."

The leader of the men in black looked at Gu Shaoyang. He really didn't expect that this young man was really very powerful.

He looked at Gu Shaoyang and said to her: "Of course, at this time, the words of the few of us want to kill you. We may not be strong enough to stop him, so there are dozens of people behind us waiting at this place."

Gu Shaoyang really didn't want to talk nonsense with him, but looked at the man in black and said to them: "You can't stop me. If that's the case, then take action."

As he said that, Gu Shaoyang had already taken out a long sword with cold light in his hand, and pointed it in the direction of the opponent. At this time, Tianci had also taken all his weapons. Come out.

Lingdang and the young man in gray knew clearly that they were no match for each other, so they had already hid beside a stone, not wanting to hold back Gu Shaoyang and the others. Gu Shaoyang held the long sword in his hand and pointed towards the black man. The one who took the lead in the direction of the man in black had already pounced on him.

On the other side, Li Zhou, without any doubts, made the same move as Gu Shaoyang. The two of them held long swords and attacked in the direction of the man in black.

Chapter 1520

The man in black narrowed his eyes slightly, looked at the few people behind and said to them: "The Lord ordered, kill them all."

After saying that, he already waved the sword in his hand, and Gu Shaoyang's sword, clanging. There was a collision, and there was a burst of sparks.

Gu Shaoyang looked at the strength of the man in black. He was really very strong and was not affected by his attack at all.

On the other side, Li Zhou was already fighting with a man in black.

Tianci was not idle either, and soon he was fighting with the other party.

Gu Shaoyang looked at the leading man in black and said to him: "I didn't expect that all of you were really chasing after us. You actually started sending people to kill us before we entered the territory of the Jin Kingdom. After all, it was a What kind of strength, if you tell me today, I can still save your life."

The man in black laughed with a sneer, looked at Gu Shaoyang and said to her: "Think about you first, let's decide whether we can survive today."

As he spoke, he had already picked up his sword and attacked Gu Shaoyang in the direction of the door.

Gu Shaoyang stepped back slightly, kicked his feet, took a few steps back, looked at the man in black, then flipped over, continued a roundhouse kick, and already kicked the man in black's handle.

That person really didn't expect that Gu Shaoyang, who looked so young, could actually be so powerful.

He was a little surprised, looked at Gu Shaoyang and said to him: "I didn't expect that your helper really has two brushes."

As he spoke, he had already jumped up, and then dived down, towards Gu Shaoyang The direction has already attacked.

Gu Shaoyang had already dodged the opponent's attack with just one spin.

Then he kicked directly, already hitting the opponent's chest.

The tall man took a few steps back slightly, stabilized his figure, and continued to attack Gu Shaoyang.

Tianci, who was on the other side, was very tired from fighting a killer in black.

Because at this time Tianci clearly felt that the strength of himself and the other party were completely unequal, and he was already restricted by the other party in every aspect.

At this time, Lingdang was really worried when he saw Sister Tianci being restrained by others. If this continued, he could see that Sister Tianci was going to fail.

Lingdang felt that after all, he had been with Gu Shaoyang for more than half a month and learned some three-legged cat skills, so he could handle it for a while.

He immediately took a long dagger in his hand and rushed in the direction of Tianci.

I saw the man in black holding a long sword, and when he attacked Tianci, he didn't guard his rear at all.

Ling Dang took the dagger in his hand and hit the opponent's back directly, but his strength was too weak and he only penetrated a little.

The other party turned around and glanced coldly in the direction of the bell.

Ling Ding was so frightened that his legs softened and he took a few steps back. He felt that he was stumbling before he could stand still.

Tianci immediately moved in the direction of the opponent and attacked.

Although Gu Shaoyang was fighting with the man in black on this side, it could also clearly see the movements on Tianci's side. Gu Shaoyang had already stretched out his hand very quickly, towards the wrist of the man in black, and had already chosen the direction. past.

The man in black's wrist was injured and bleeding with bright red blood.

Without any hesitation, Gu Shaoyang took the long sword in his hand and stabbed it in towards the opponent's chest.

Then he pulled it out, bringing out more blood.

The man in black instantly rolled his eyes and lay on the ground. After twitching a few times, he was completely dead.

Gu Shaoyang continued to attack in the direction of Tianci. He looked at Tianci and said to him, "Are you okay?" Tianci shook his head slightly. Although the man in black was very powerful, he could resist for a while after being defeated together. of.

Since each of these men in black was tall and tall, Tianci was really at a disadvantage when fighting them.

She looked at Gu Shaoyang and said to her: "Why, that person has been solved."

Gu Shaoyang nodded, and then with three moves, he had completely solved the man in black. Look at these black men. At this time, two of the Yiren had been eliminated by Li Zhou, leaving only the last one.

The man in black put his hand to his mouth and whistled.

Immediately afterwards, he took out something that looked like gunpowder in the direction of Gu Shaoyang and the others, and threw it over.

A burst of smoke fell at the feet of Gu Shaoyang and the others.
