Chapter 1521

Following closely behind, Gu Shaoyang and the others could no longer see the figure of the man in black.

Unexpectedly, after four people died, this person actually ran away.

Gu Shaoyang narrowed his eyes slightly, and then waited until all the fog blocking his eyes dissipated around him.

He saw that all of his friends were safe and sound, and then he felt relieved and said to them: "Let's all leave this place as soon as possible."

However, he did not expect that Gu Shaoyang and Li Zhou, as soon as they finished speaking, they had already seen one black shadow after another, rushing towards their direction.

Gu Shaoyang stopped immediately. He tensed up his face because he saw the direction behind the black shadows. It seemed that the trees were still moving. There must be more people. Already rushing in their direction.

Gu Shaoyang looked at Lingdang and the others and said to them: "Be careful."

Then he looked at Li Zhou and said to him: "I didn't expect that you would really be in big trouble this time. It seems that this time they really sent a lot of people."

Li Zhou's face at this time was also very dark and ugly. He looked at Gu Shaoyang and said to him: "It seems that I have caused trouble for you this time. It's really I'm sorry."

Gu Shaoyang didn't want to say anything to him now, sorry, but wanted to fight side by side with his brother.

He looked at Li Zhou and said to him: "In that case, it seems that our two brothers will definitely kill each other this time and fight their way out."

Tianci also moved closer to the two of them.

He looked at the two of them and said to them: "There is still a time for you two to talk. Didn't you see that at this time, twenty or thirty people have already rushed over?"

Of course they can see it, so At this time, Tianci had already taken the lead in waving his sword and rushed forward.

After all, I can't leave now even if I want to, so it's better to fight quickly and get rid of all these people.

The corner of Gu Shaoyang's mouth rose slightly. He didn't expect that this little girl Tianci would be really powerful and powerful at the critical moment. The rest of them had already fought for them.

Gu Shaoyang looked around him, and there were already five or six men in black surrounding him.

The corners of Gu Shaoyang's mouth raised slightly, he looked at them and said to them: "You really think highly of us young people, who actually photographed so many killers."

But with so many men in black, there was no such thing. One person replied to Gu Shaoyang, but Gu Shaoyang could only hold up his sword and jump in the direction of the other person.

One versus five was really difficult for Gu Shaoyang.

Looking at the people on the other side, everyone was in a similar situation to Gu Shaoyang.

Although Tianci had taken the lead and attacked in the direction of the opponent, at this time, he was retreating steadily.

Although the bell would help him from time to time, the bell itself could not protect him.

Gu Shaoyang looked at several friends. At this time, it was very uncomfortable for everyone to resist. He shouted and looked in the direction of Tianci and Li Zhou.

He said to the two of them: "Come here quickly."

After all, it was really not easy for them to fight their way out at this time.

What's more, if they are separated one by one, they will defeat them all one by one.

When he heard Gu Shaoyang's words, Li Zhou gradually moved closer to Gu Shaoyang.

Tianci on the other side also jumped directly to Gu Shaoyang's side very quickly.

The three people were close together.

Lingdang and the boy in gray were once again very smart and immediately hid aside.

The other party looked at the two of them as if they were slaves and didn't take them into consideration at all.

He had already attacked in the direction of the three of them.

Gu Shaoyang looked at Li Zhou and said to him: "It seems that it will be very difficult for the few of us to go out today."

To be honest, he had already hit one of the directions.

Then he looked at Li Zhou and Tianci and said, "Let's all open up a hole from this direction."

Then several people looked at the men in black in front of them, and they were attacking in their direction. passed.

But there were really too many of these twenty or thirty men in black. They had been fighting for more than an hour, and they were completely exhausted.

If Gu Shaoyang and the others continue to fight like this in this wheel battle, Gu Shaoyang and the others will be exhausted before it gets dark and be captured by them.

Chapter 1522

So at this time, Gu Shaoyang was really panicking in his heart.

After all, these people are really very strong. Who did Li Zhou's family offend to be able to let them do such cruel things to him?

Tianci was really anxious. He looked at Gu Shaoyang and said, "What should we do? It seems that these people must be unyielding to us."

Li Zhou felt even more guilty. After all, she was really I feel that I have completely implicated Tianci and Gu Shaoyang.

He looked at Gu Shaoyang and Tianci and said to them: "You two run away first and leave me alone. You can escape immediately." At this time, Li Zhou really felt that he was really sorry for Gu Shaoyang and Tianci.

But how could Gu Shaoyang do this?

Gu Shaoyang kicked down a circle of people with a roundhouse kick. He looked at the two of them and said to them: "Stop talking nonsense. Let's deal with them first."

But after they said this, they started talking again. After fighting for more than an hour, he really had no power at all. Even the sword thrust out of his hand felt very light.

Gu Shaoyang felt that at this time, he was completely defeated by these men in black. Looking at the dozen men in black who had fallen behind him, Gu Shaoyang felt that there would definitely be more and more of these men in black in front of him. support.

Gu Shaoyang shouted and looked at Tianci. At this time, he had already rushed forward and said to Tianci: "Tianci, be careful."

But at this time, the few of them were completely preoccupied with themselves.

Gu Shaoyang also has these people around him, and it is impossible to break through the siege of a team.

Li Zhou on the other side was really heartbroken when he saw Tianci like this. He didn't expect that he would implicate them because of him.

Gu Shaoyang looked at the three men in black in front of him, who were already swinging their swords in his direction, so Gu Shaoyang could only retreat quickly.

He immediately kicked several people on the hilts of their swords with a roundhouse kick, and then continued to attack in the direction of several people, but he felt that his body was starting to get weaker and weaker.

Gu Shaoyang looked at this time, the sun was setting in the west, the weather was slowly starting to get dark, and a slight cool breeze was blowing.

What's more, Gu Shaoyang and the others had been fighting for a whole day. At this time, the whole person seemed to be fished out of the water.

The clothes on his body were dirty and gray, and there was a lot of sweat on his hair, which was already stuck to his face.

Gu Shaoyang felt that it seemed that he would definitely not be able to complete his task of helping Li Zhou today.

But I didn't expect that at this critical moment, I saw a young man wearing purple clothes falling from the sky with a long whip in his hand.

Gu Shaoyang looked in the direction of the young man. The young man was tall and thin, and his face was very fair. He had big eyes and looked in the direction of Gu Shaoyang and the others. He even showed a smile when he came over.

Gu Shaoyang felt strange in his heart, who is this person?

She really has never seen it.

I saw the young man holding a long purple whip in his hand, and he hit several men in black directly. The long whip seemed to be charged with electricity, and it immediately killed those people completely. Drawn down.

Immediately afterwards, the young man was already standing next to Gu Shaoyang. He looked at Gu Shaoyang and said to her: "Why, have you never seen a handsome young man like me?"

Gu Shaoyang was really confused when he heard the other person joking with him. So, what happened.

Then Tianci had already moved closer to Gu Shaoyang.

Seeing that this young man was really very handsome, he looked at Gu Shaoyang and said to him: "Who is it?"

Then Tianci had already stretched out his sword, towards the direction of a man in black, and had already blocked it. Another stab.

Gu Shaoyang looked at Tianci and said to him: "I wonder who this person is, falling from the sky."

What Gu Shaoyang said was true and direct. The boy in purple was really very handsome. He waved the purple whip in his hand and suddenly He had already knocked down two people.

Moreover, after the man fell, he was completely breathless. How could this boy in purple be so powerful?

Gu Shaoyang felt that the other party was really powerful and very powerful.

So at this time, Gu Shaoyang didn't have any time to talk to the other party. He could only look at Tianci and said to him: "Quick fight." Tianci nodded. At this time, someone had already joined, so the few of them It is already much easier to fight against those men in black.

What's more, this purple-clothed boy, Gu Shaoyang could tell, was quite powerful.

Since Gu Shaoyang and the men in black were all exhausted, it was very easy for the young man in black to fight against these people. After nearly an hour, everyone was already looking at the corpses everywhere.

Gu Shaoyang killed the last man in black and pulled his sword out of the other man's body, drawing out a burst of blood.

He looked at his other companions, who had already collapsed on the ground from exhaustion.

At this time, Li Zhou was kneeling on the ground with one leg and supporting the long sword with the other hand. He was panting, lowered his head, and even put his hand on the hilt of the sword next to him, and kept working on it. I gasped.

It can be seen that Li Zhou is really very tired.

At this time, Tianci had completely ignored her usual ladylike image and had already sat down on the ground.

She usually wears a white dress with a fairy spirit, but at this time, there is nothing but blood and dust.

She had no image when she was sitting on the ground. Bell had quickly moved towards Tianci and ran over to support Tianci.

He said: "Sister Tianci, are you okay?"

Tianci had completely relaxed after the battle just now, and his whole body had collapsed. Ling Ding was supporting him, and he really felt sorry for this sister.

Although Gu Shaoyang was standing at this time, he also knew that his body was in a particularly overdrawn state.

Gu Shaoyang was still very strong and already walked towards the young man in purple clothes.

He saw the purple-clothed boy, who was sweating beads of sweat from his face. Since the battle for just an hour had consumed a lot of energy for him, his face was slightly pale, and even more so. Gives people a particularly translucent feeling.

Gu Shaoyang looked in the direction of the purple-clothed boy, already clasped his fists with both hands, holding the sword in his hand, and said to the purple-clothed boy: "Thank you, young hero, for helping me just now."

After hearing what Gu Shaoyang said, the purple-clothed boy immediately started to laugh. Laughing, she looked at Gu Shaoyang and said to her: "Why, you don't recognize me anymore."

After Gu Shaoyang heard the purple-clothed boy speaking like this, he couldn't help but be stunned, who is this?

He really has never seen it.

After all, Gu Shaoyang feels that his memory is very good, and he can remember everyone he has met.

The young man in purple was even more happy when he saw Gu Shaoyang's stunned look.

He had already walked in the direction of Gu Shaoyang.

He compared heads with Gu Shaoyang, and then he looked at Gu Shaoyang very disappointed and said to him: "What's going on? How can I be shorter than you?"

Gu Shaoyang didn't expect that he would be taller than usual. No one is too tall, and this boy in purple seems to be very disappointed.

The boy in purple didn't get confused with Gu Shaoyang anymore.

On the other side, Li Zhou had already stood up, facing Tianci's direction, and he and Ling Dang helped Tianci up.

Then he walked back to Gu Shaoyang.

Tianci was also very confused with a weak voice, looked at Gu Shaoyang and said to her:"Who is this? He looks so handsome."

Because no matter which girl she is, she likes these beautiful things very much.

Although Ling Dang on the other side is very young, she really likes seeing this handsome boy in purple clothes, and her whole face is flushed.

Gu Shaoyang looked in the direction of a few of them, shook his head and said to them,"I don't know you."

Then he heard the young man in purple, with a very lazy voice, saying to Tianci:"Sister Tianci."

Tianci was stunned, this guy actually Know your own name.

But seeing that the other person looks so handsome, if he had seen him before, he would definitely know him.

So Tianci, who was weak, saw that the other party had stopped his body, fixed his hair, and said to her:"Who are you? Do you still know me? Why haven't I seen you before?"

And the boy in purple on the other side , continued to look at Li Zhou and said to him:"Brother Li Zhou."

He didn't expect to know Li Zhou.

Li Zhou was very grateful. He looked at the boy in purple and said to him:"I cannot say thank you enough for your kindness. Thank you just now for helping us. If you have anything in the future, you can mention it to me and I will repay the kindness."

The boy in purple laughed when he heard what Li Zhou said. Then he looked at Gu Shaoyang and the others and said to them:"Okay, I won't play such riddles with you anymore. Guess who I am?"

Gu Shaoyang really said It was because I was teased by the purple-clothed boy that I almost laughed out loud. I just said that I wouldn't beat around the bush, but now I'm still letting myself guess.

Gu Shaoyang shook his head slightly and said,"I wonder who this young man is?" The young man in purple patted Gu Shaoyang on the shoulder and said to him,"Don't you really know me?"

Then he pointed at himself.

Chapter 1524

Then he took his purple braid and waved it.

Gu Shaoyang looked at this purple thing and felt very familiar, but he didn't know who it was.

The purple boy sighed helplessly and said to them:"I am the Qilin Beast from before."

After saying this, Gu Shaoyang and the others couldn't help but be stunned. Tianci immediately reacted and looked at the boy and said to him : "You are the Qilin Beast. Now you can completely transform into a shape, and you have also turned into a beautiful boy."

The boy in purple was very happy for Tianci to say this, so he looked at Tianci and said to him:"Yes, I have become a beautiful boy now."

Then he turned around, looked at Tianci and Li Zhou and said to him:"How about it, I look like this now, right?"

He said to himself I am very satisfied with the image.

Sure enough, Tianci was really surprised when he looked at him. He looked at the boy in purple and said to him:"Qilin Beast, I didn't expect that you have actually transformed into a human form." After saying Qilin Beast's name, he started to let him know. The boy in purple was very dissatisfied.

Her little face started to jump up slightly. She looked at Tianci and Gu Shaoyang, clasped her hands in fists, then bowed and said to them:"You may not know my name yet, let me introduce myself." My name is Luo Zishan."

The name Luo Zishan was very good. It suited his temperament very well. He was wearing a purple shirt, and he also gave himself a surname, Luo.

Tianci murmured to himself: "Luo Zishan, Luo Zishan."

Then he showed a very gentle smile, looked at Luo Zishan and said to him: "This name is very nice and very suitable. You."

Li Zhou on the other side really didn't expect that the Qilin beast they saw could turn into a beautiful boy at this time, and even gave himself a very nice name.

Li Zhou continued to look at Luo Zishan and said to him: "Thank you, you saved us this time. I really didn't expect that when a few of us were in trouble, you would be the one to help us."

Gu Shaoyang also looked at this Luo Zishan said to her: "You are really very fast. I haven't seen you for just a few months, and you have already turned into a beautiful boy." The boy in purple looked at the group of them talking to each other. They said: "Of course, when I just became a beautiful boy, I had already gone to your previous academy and asked the dean of your academy to tell us that you had come to the Kingdom of Jin, so I have been full of travels along the way. Came here."

Gu Shaoyang thought that this was what happened, and Luo Zishan happened to have rushed to this place, so he rescued them.

Gu Shaoyang walked over directly and sat down on a big tree nearby.

Li Zhou, Tianci and others followed Gu Shaoyang and walked in that direction.

They really didn't care about image at all. They had already sat down and were really tired.

Gu Shaoyang looked at Luo Zishan and said to him: "I didn't expect you to feel so timely. Otherwise, it seems that several of us are really going to die here today."

Luo Zishan looked at Gu Shaoyang and the others. One person said to them: "What happened to our family in Lizhou? I heard what the dean said. The parents were arrested and I didn't understand. So I was very worried and came to chase you."

Gu Shaoyang, Li Zhou and the others were already exhausted at this time.

So Li Zhou looked at his slave in gray clothes and said to him: "You and Luo Zishan will tell you about my family's affairs." When the slave's name was called, he immediately started to step forward, clasping his fists with both hands. Looking at Luo Zishan, he said to him: "Hello, Luo Zishan. Then I will come and tell you what happened on behalf of the young master."

Luo Zishan nodded and said, "Okay, then let me tell you what happened." Come and tell me about it, little brother."

When he said this, the young man in gray blushed and raised his head.

He looked in the direction of Luo Zishan and told Luo Zishan all the ins and outs of what happened in his family.

Luo Zishan was really surprised. He didn't expect that all the hundreds of people in such a big family would have been arrested and secretly imprisoned. He really didn't expect that such a thing would happen..

Moreover, the boy in gray clothes also told Luo Zishan about the various monsters they had encountered before, as well as the killer in black. The boy in purple did not expect that even monsters had intervened in such a situation. Something happened.

Chapter 1525

Luo Zishan was very angry. He patted a big tree next to him, inserted his hand deeply into the tree, and turned up a piece of bark.

He looked at Gu Shaoyang, and several of them said to them: "If this is the case, I think there must be people with demon clan, and they should also participate in this incident."

"In this case I will help you."

Gu Shaoyang actually knew that this Qilin beast would definitely help her.

She looked in the direction of the Qilin beast and said to her: "Thank you, Luo Zishan. If you follow us in the future, I will definitely give you some help." More benefits."

Because Luo Zishan was able to become a beautiful young man at this time, it was also because of the help of Gu Shaoyang and the others.

Gu Shaoyang and the others did not continue to travel this night, but directly went to this place. They had already laid down on the ground and started to rest.

Luo Zishan also found a lot of edible prey and fruits for them.

Everyone had a good night's sleep, and then woke up refreshed again the next morning, and began to continue on their way.

Because Gu Shaoyang and the others killed a lot of men in black this time, so on the way later, although there were a few men in black or a few people with no eyesight, there was some doubt about them. However, Gu Shaoyang and the others were able to stop them very quickly. A month after all the crises, Gu Shaoyang and others had already seen the very heavy city gate in front of them, and the word "Jin Guo" was written on it. Gu

Shaoyang Knowing that they had been walking for nearly a month, they finally reached their destination after stumbling. On the other side, Li Zhou's eyes had begun to turn slightly red.

Gu Shaoyang looked at Li Zhou's already excited expression, he walked over, patted Li Zhou's shoulder directly, and said to him: "We will solve this problem for you."

Li Zhou nodded with certainty. His hands were tightly clenched in his fists, and his nails had dug deeply into his own flesh and blood. He must find out who was framed by their family..

Li Zhou looked at Gu Shaoyang and said to him: "I will definitely avenge everyone in the family."

To be honest, they were just like ordinary people entering the city. They had already walked in the direction of the city gate of Jin Kingdom.

Tianci followed Gu Shaoyang, looked at Gu Shaoyang and said to him:"We are here. There are people chasing us all the way, so no one will be following us when we enter the Golden Congress this time."

What Tianci actually thought about was something Gu Shaoyang had thought about before.

He looked at Tianci and said to him:"So what, since we all came to this place all the way, nothing that happens next can stop us. footsteps."

Tianci thought about it and it was actually the same. Since someone was monitoring it, they could follow the clues and find the real person behind the scenes.

Tianci looked at Gu Shaoyang and said to him:"In this case, what should we do now."

Gu Shaoyang shook his head slightly, looked at Tianci and said to him:"Let's ask Li Zhou first."

As they spoke, the two of them walked a few steps quickly and came to Li Zhou's side.

Li Zhou now looked at the interior of the Kingdom of Jin, seeing all the scenes he was very familiar with when he was a boy, and he was still trying to find his own... Memories.

He saw that Gu Shaoyang had come to his side. Li Zhou looked at the two of them and said to them:"Let's go back to my family's yard first."

Gu Shaoyang listened to what Li Zhou said and knew that Li Zhou had his own plans.

Now that he has accompanied Li Zhou to this place, he should listen to Li Zhou on everything.

Gu Shaoyang nodded. , looked at Li Zhou and said hello to her:"Ah, I haven't been to our brother who has been with us for many years. You are at home so you can take a look. Li

Zhou showed a very forced smile and said to Gu Shaoyang:"That home now is just a big empty yard.""

As he spoke, he had already led several of them, and based on his own memory, he had already walked in the direction of a main road.

The group of people passed through several avenues and reached the middle of the city.

No. Thinking of Li Zhou's family, it is really a very big family.

I can actually see the words "Li Family" written in front of the huge door. These big characters are written with dragons and phoenixes dancing, and they are magnificent.

Li Zhou Qing He had already pushed open this very heavy door. Looking at the black wooden door, everything was the same as what he remembered when he was young. After pushing it open, everything came into view. In front of my eyes, I saw a very large corridor and a very large courtyard. The trees inside were already very barren. It looked like it had been a long time and no one had cleaned it. When the gray-clothed slave walked into the courtyard, his whole body was also His eyes immediately started to turn red.

Chapter 1526

He looked at Li Zhou and said to him: "Master, when they were captured, everything was untouched, and it is still like this now."

Li Zhou nodded slightly, looked at Tianci and the others, and said to them: "Let's go in."

So Luo Zishan and Gu Shaoyang followed Li Zhou into this deep compound.

There are houses one after another, and courtyards one after another. It can be seen that Lizabeth's home is really a very elegant place.

Li Zhou casually opened the door of a large hall. Inside, there were all kinds of very solemn furniture on display, all of which seemed to be of great value.

Li Zhou looked at Gu Shaoyang and the others and said to them: "No one has cleaned this place for a long time. Let's just find a house and settle in."

To be honest, he was already sitting there He sat on the chair next to him, not caring that a heavy layer of dust had fallen on the chair.

Li Zhou touched the lines on the back of the chair and said to the slave following him: "I often played in this hall when I was a child, and my parents at that time didn't particularly discipline me. Yeah."

When he said this, it was as if he was returning to his childhood memories.

At this time, Gu Shaoyang and Tianci had already gone to live in their own courtyard.

Luo Zishan on the other side found a very large room, and he was already in the very luxurious room. After cleaning it himself, he sat down.

Gu Shaoyang knew that what Li Zhou needed at this time was to calm down, so he did not disturb her.

In three days, they cleaned this huge courtyard from front to back, and now everything looks brand new.

Gu Shaoyang looked at Li Zhou and said to her: "What are your plans next?"

Li Zhou shook his head slightly and said: "Now that all the members of my clan are gone, I have to find a way to find their traces."

Just two When talking to each other, Gu Shaoyang looked at Li Zhou and said to him: "But now there are no clues, what should you do?"

Li Zhou said: "I will go find my father and some of his old friends. Do they have any news about my parents?"

Then he looked at Gu Shaoyang and said, "Don't go with me about these things. I will tell you the news when I come back in the evening."

Gu Shaoyang already knew, Li Zhou He had his own plans, so he had no plans to go with Li Zhou.

Then he nodded, looked at Li Zhou and said to him: "Okay, if you need any help, tell me in advance."

After saying that, Li Zhou clasped his fists, looked at Gu Shaoyang and said to him: "Thank you very much. You, Gu Shaoyang, if you need anything here, tell me, I still have a few friends here."

Gu Shaoyang doesn't need anything. After all, there is food and accommodation here, which is enough for him. Yes, and he also has his own connections in this place.

Gu Shaoyang patted Li Zhou on the shoulder and said to him: "Go, brother."

After saying this, Li Zhou smiled slightly and led the servant in gray clothes towards the outside of the gate.

After the two people walked out of the door, they closed the dark door.

Tianci and Lingdang are really very interested in this huge courtyard these days.

After all, this place is full of pavilions, carved pavilions, and there are many ponds below, and there are many beautiful goldfish in them. It is really beautiful.

So the two of them seemed to be watching the Grand View Garden these days, walking around and looking around.

At this time, seeing Gu Shaoyang standing in the yard, Tianci and Lingdang had already walked over.

Lingdang looked at Gu Shaoyang very curiously and said to him: "Why are you alone? Where has brother Li Zhou gone?"

Gu Shaoyang was still excited when he saw the two little girls walking over.

Gu Shaoyang said to them: "Li Zhou just went out to inquire about his parents. Where did you two come from?"

Tianci smiled and said to him:"There are a lot of fish behind you. The two of us are here." I just found a boat and went fishing."

Finally, they had a chance to rest, so the two girls enjoyed themselves very much.

Gu Shaoyang looked at Lingdang and said to her:"I gave you a set of ordinary practice skills a few days ago. How are you practicing?"

Lingdang blushed, looked at Gu Shaoyang and said to him:"I have already practiced initially, and I meditate very seriously every day."

Gu Shaoyang nodded, knowing that this little girl is usually very familiar with these things, and he really has some muscles, so he can learn these things very quickly.

Gu Shaoyang looked at the bell and said to him:"Practice seriously and hard."

Chapter 1527

"After you practice well, I will give you a complete set of exercises."

Lingdang happily looked at Gu Shaoyang and said to him:"I understand, brother Gu Shaoyang, don't worry, I will definitely practice seriously.

Tianci looked at Gu Shaoyang and said to him:"How about braised fish for us at noon?"

When I heard the name, a very lazy voice immediately answered:"Okay, I really like braised fish, especially the food you cooked."

Tianci turned around slightly and saw Luo Zishan, wearing a purple robe, walking towards the direction of the few of them.

When Tianci looked at Luo Zishan, he really felt that this Qilin beast, why He will become a beautiful boy, and he will still look so handsome.

He looked at Luo Zishan and said to him:"Why don't you live in your very big yard?"

Because since Luo Zishan came to this place, he immediately chose a very large courtyard for himself, and no one else was allowed to go there. He enjoyed it in that place every day.

Luo Zishan smiled and walked with his long lazy legs. He had already walked in the direction of a few of them.

He stood still, looked at Tianci, and said, "But I also get hungry sometimes. I really want to eat the food you made for me, sister Tianci." Where's the braised fish?"

Tianci gave the other party a big roll of his eyes, looked at Luo Zishan and said to him: "Since you want to eat braised fish, then come to the kitchen with me now and help me."

As he spoke, he walked towards the kitchen.

After all, there are only a few of them in this huge courtyard, so no matter what they do, they have to do it by themselves.

Gu Shaoyang and the others have all followed Following Tianci, they came to the yard.

Since there is a vegetable garden in this huge courtyard, although they were very panicked, it was still usable for them.

So they picked some The food was plentiful and very fast, and a very sumptuous lunch was prepared.

After several people had lunch, they started chatting casually in the pavilion in the yard. The weather at this time was just right. , when the breeze came, it really gave them a very comfortable feeling of living in such a huge courtyard.

As the sun set, Li Zhou already lowered his head and walked back with very low air pressure.

The slave in gray clothes who followed him also had his head drooped, as if he had been beaten by the wind and frost.

When Gu Shaoyang and the others saw the two of them, they knew what had happened when they saw their faces. Gu

Shaoyang He stood up and walked towards Li Zhou. His friends were all following behind him.

Gu Shaoyang looked at Li Zhou and said to her: "Why did you hit a nail? Did things go wrong?"

Li Zhou was really disappointed. He nodded and said, "Yes, I remember that my father had many friends in the past, but I didn't expect that when I asked them about my father and mother, these people had already It would be so snobbish to exclude me."

Gu Shaoyang actually thought of this when Li Zhou went out. Maybe he looked at Li Zhou and said to her: "These are just some bad friends, so don't be too angry."

"Now that such a big thing has happened to your family, they will definitely bring down Hu Sunsan."

Li Zhou thought about it and it was indeed the same, so he didn't want to complain about these people.

He looked at Gu Shaoyang and the others and said to them: "I'm sorry, we haven't found any clues yet. , so I still need a few of you to continue to stay with me at this time."

Luo Zishan really didn't care. She looked at Li Zhou and said to her: "I wish I could live in your house for the rest of my life. This place is so comfortable. Li

Zhou's mood improved a little. He looked at Luo Zishan and said to him: "Thank you especially. Without your help last time, several of us might have ceased to exist at this time.""

Luo Zishan really didn't care. Although he had a body of copper skin and iron bones, he has now become a beautiful boy with thin skin and tender flesh.

He looked at Li Zhou and said to him: "This is your place. , as long as you entertain me with delicious food and drink, and let me live in this place for a lifetime, that's fine."

He actually said this just to let Li Zhou feel relaxed. Sure enough, after listening to this, Li Zhou looked at them and said to them: "You haven't eaten tonight, otherwise I will How about I treat you to a restaurant?"

When he said this, Luo Zishan immediately agreed.

And Lingdang is a little girl, and he likes these lively things very much.

Chapter 1528

He immediately clapped his hands and applauded, saying, "Okay, okay, I haven't seen this big city in the Kingdom of Jin yet. What is it like? It's just a good time to go out and broaden your horizons."

Although they were already living in this place, However, in three or four days, he did not leave this courtyard.

Gu Shaoyang also felt that it would be good for them to go out to see the world at this time, and then go out to find out some news.

He nodded and said to them: "In that case, let's go out and have some fun today."

After saying this, all of them agreed and walked towards the door.

But what he didn't expect was that when Gu Shaoyang looked in the direction of the courtyard road, he had already shot an arrow.

Gu Shaoyang immediately hid, looked at them, and said to them: "Be careful." He saw that arrow rain had been directly inserted into the wooden stake next to him. None of them noticed it at first. Someone would do such a thing outside their door. It seemed that the other party was really powerful.

Gu Shaoyang looked in the direction outside the door, but there was no trace at all, so he could only walk towards the wooden pillar.

Then he pulled out the arrow on the wooden stake, and there was a note stuck in the sword.

Gu Shaoyang knew who this must be, the person who had tipped them off, or what kind of information he wanted to tell them.

Gu Shaoyang walked over and pulled out the arrow.

Then it was delivered to Li Zhou.

He looked at Li Zhou and said to him: "Come and take a look."

Li Zhou opened the letter and looked at the words written on it and said to him: "If you want to know what you are doing, For news about my parents, come to the woods to find me tonight."

After reading these words, Li Zhou looked at Gu Shaoyang and the others at a loss, and said to them: "Who on earth sent this to me."

The corners of Gu Shaoyang's mouth raised slightly, and he looked at Li Zhou and said to her: "It should be some insiders who want to report some news to you, but it is not particularly convenient, so I will contact you in this way."

Li Zhou immediately began to see hope in his heart.

He looked at Gu Shaoyang and said to him: "Could he be a real friend of my parents?"

Gu Shaoyang thought about it, and of course it was possible.

He looked at Li Zhou and said to her: "Eat first. After eating, go to the woods to meet him."

Since someone tipped them off, they would go to the woods next.

Gu Shaoyang looked at Li Zhou and said to him: "You should go alone tonight. If you let the other party know that you have someone with you, it will be very inconvenient."

Li Zhou nodded and said, "Okay, then we Let's go out to eat first, and I'll go after eating."

Tonight, we were going to the woods. At this time, several people had all fallen silent, and they discovered a new piece of news. For them, it was really very important. importance.

Several people walked out of Li's courtyard and walked on the street. The Kingdom of Jin was really lively at night, with lanterns lighting up everywhere.

A few of them came to the door of a very large hotel, and saw that the Golden State Hotel was written in front of it. It was indeed a very impressive name.

Gu Shaoyang looked at the name of the restaurant and said to Li Zhou:"It seems that we are going to eat here today."

After all, he could see that this restaurant was the largest place on the entire street.

Li Zhou nodded and said,"Yes, since I ask you to eat, it must be in the best place, so this is the best restaurant in the whole place."

Gu Shaoyang said,"Okay, since that's the case, let's go in and try it. Let's try it."

To be honest, he had already led a few good friends and walked into the largest restaurant.

Even though this hotel covers a very large area and the decoration inside is also very luxurious, I didn't expect that there were so many guests.

Not only can you eat inside, but when Gu Shaoyang and the others walked in, they saw many singers singing and dancing, performing their own shows on the round stage in the middle.

This kind of form is really rare, and passing by this place is very unique. Those people are dressed in special ethnic customs, and the dances they dance are also unique to this place, and their faces are half covered. The handkerchief looks even more hazy and beautiful.

Gu Shaoyang and the others had already walked towards a higher place on the second floor.

From this place, you can see the dance on the first floor, and you can also see a lot of people talking and chatting together.

Gu Shaoyang and his friends were all sitting in a circle.

Li Zhou looked at Gu Shaoyang and said to him, "How about it? This place is very prosperous. You can order whatever you want. The food here is also very delicious."

Wei started to look over.

Chapter 1529

Sitting at the dining table on the second floor, everyone has an exquisite menu in front of them.

Several people looked at the names on the menu, and they all sounded very nice and artistic. When they looked at these dishes, they seemed to be very appetizing.

Gu Shaoyang was also very interested. He looked at the names on the menu with great interest. He even ordered a few of his favorite dishes with his own fingers.

Then he said to several friends: "These are the best names for these dishes."

Although Li Zhou said that he wanted to meet the person who flew over anonymously tonight, but at this time, he wanted to Treat your friends well.

Gu Shaoyang was really very interested. He looked at Li Zhou and said to him: "It's really a very nice place."

He looked at several of his friends. At this time, they were all very curious and looked towards the entrance of this huge hotel. Looking around, I could see that not only the decoration here, but also the clothes worn by everyone here looked very wealthy.

Gu Shaoyang saw that everyone here was dressed very luxuriously.

He looked at Li Zhou and said to him, "This should be the best hotel in the Kingdom of Jin."

Li Zhou looked downstairs and saw a very lively scene everywhere.

He looked at a few friends, nodded and said: "Yes, this place is full of dignitaries, and everyone has a status. If you are just rich, you may not be able to get in." "

"In the past, my family had a relatively high status, so I would have a seat in this place. Otherwise, it would be impossible to bring you here."

Gu Shaoyang really didn't expect this place to require so many procedures. It seems that this place is really good. Not only can you come if you have money, but you still have to hang out in this place to get a seat. Position.

Gu Shaoyang nodded and looked at the purple-clothed boy opposite him.

At this time, Luo Zishan was also looking around with great curiosity. After all, he had just transformed from a monster into a human form. He had never seen this colorful world before.

Gu Shaoyang looked at Luo Zishan who was looking around, and said to Luo Zishan: "How is it? Is Luo Zishan interested in this place?"

Luo Zishan was looking around at this time, looking at the scenery in the distance, and then looking at the people below. He was really interested in seeing those people who were singing and dancing.

After all, he has always been A mythical beast has never been exposed to such a life, especially such a particularly lively scene.

When Luo Zishan heard Gu Shaoyang speak, he had already turned his head.

He looked at Gu Shaoyang and said to him Said: "Did you say it was me? Of course I am very interested, it is really lively here."

Gu Shaoyang guessed that Luo Zishan would like this kind of place very much. After all, he had always lived in the forest with this Qilin beast. Only after meeting Gu Shaoyang and the others did he come into contact with humans.

He looked at Luo Zishan Shirt, said to him: "In the future, we will often be exposed to this level of life, so we must adapt first."

Gu Shaoyang also wanted Luo Zishan to live like this again in the future, so he wanted to remind him to be a little more steady, because at this time Luo Zishan had already raised his buttocks slightly and was already heading downstairs in the direction of dancing and singing. Looking over,

Tianci, who was opposite them, had already ordered the dishes. He looked at the people and said to them: "These dishes should be enough for all of us."

Because he had already ordered ten dishes at this time and felt that it was enough for the four of them to eat these things. It was already very luxurious for a few of them.

Gu Shaoyang nodded and said: "That's enough. ,enough."

He looked at the full menu written in Tianci's hand, and really felt that none of them had been so luxurious along the way. Although Gu Shaoyang also lived a good life, he didn't want Li Zhou to treat him like this. It was a waste of money.

But Li Zhou shook his head and said to him: "The dishes in this place are all very high-quality and there is no over-ordering, so if you guys want to eat more, you should order more dishes."

Each dish is very small. When Li Zhou said this, they really didn't expect that such a big place would provide so few dishes.

Li Zhou smiled and looked at them. An individual told them: "The dishes at this place are all about high-quality food. Everything is very fresh, and the portions are very small. You just need to taste it."

This is the standard of life for wealthy people. They eat everything very carefully, so the quantity is very small. Although it is very expensive, it is not something that can often be seen in the market. I heard Li When Zhou said this, Luo Zishan was instantly unwilling. Although he had turned into a beautiful boy at this time, wearing a purple robe and looking like that, his appetite was still very big.

Chapter 1530

Luo Zishan looked at Li Zhou and said to him: "In that case, let's order a few more."

Tianci immediately disagreed and looked at them and said to them: "But we have already ordered ten. Two dishes are enough for the four of us."

Tianci was not afraid that everyone could not afford the price, but felt that there was no need for such luxury, as long as the few of them could eat enough..

Li Zhou took over the menu again and ordered a few dishes.

Looking at them, he said to them: "Don't worry, I'll pay for it this time, and I won't let you guys spend money."

As he spoke, Li Zhou had already delivered his menu to the waiter again. Inside, because he ordered seven or eight more dishes.

The waiter was very quick and already took the menu to sign up for the dishes.

The food is served very quickly.

Gu Shaoyang and the others were looking at the scene with dazzled eyes. They could already see the waiter placing dishes one after another on the table.

Sure enough, as Li Zhou said, these dishes are indeed very beautiful and exquisite, but the quantity is really very small.

After all the dishes were served, he looked at the twenty dishes in front of him.

Luo Zishan really couldn't help but click his tongue, looked at Li Zhou, and said to him: "These dishes are indeed very few. I feel that I can eat them all in just two mouthfuls of this plate. After eating them all, I can be full by myself."

Because Luo Zishan and Gu Shaoyang could really see the dishes on this plate, but the shape was more beautiful, and only the bites in the middle looked really... Very few.

Li Zhou originally wanted to thank her friends today for escorting her all the way back to the Kingdom of Jin.

So he looked at a few friends and said to them: "Everyone, feel free to eat. As long as you can eat it, I will pay for it tonight."

Although the current parents of Lizhou's family have all been arrested, but he wants to spend some money, and these things are still available. After all, the family's roots are still in this place.

Sure enough, after hearing what Li Zhou said, Luo Zishan was really rude. He slightly rolled up the sleeves of his purple robe.

Luo Zishan looked at Li Zhou and said to him: "Then I won't be polite. These things look full of color, fragrance and taste, and they are really delicious."

Gu Shaoyang was really helpless. He picked up the He picked up his chopsticks and picked it up in the direction of a dish. He didn't expect that these things were really high-quality.

Li Zhou explained to Gu Shaoyang: "This is a fish that has just been fished out of the sea. It has been working hard all the way to our country of Jin before it was put into the kitchen. It only lasted three days. It is very precious."

Gu Shaoyang I really didn't expect that if you have money, you can really have everything. Even if it is such a long distance, you can travel all the way to this place.

He looked at Li Zhou and said to him: "You are really good at enjoying yourself. It seems that these people in the Jin Kingdom know how to live a good life." He didn't expect that the people here are not only very rich but also very good at living. Money, and enjoying life very much. I have never seen anyone like Jin Guoguo.

Li Zhou nodded and said: "Yes, all the people of the Jin Kingdom live a very luxurious life under the leadership of the king, so they will enjoy these things very much. The shipping cost alone is higher than the value of it. But it doesn't matter, we all just came to have a taste, feel free to eat."

Although he said so, Luo Zishan, who was rushing to the other side, had already started to pick up his chopsticks and start eating. These things are really delicious. Luo Zishan looked at several people, all looking in his direction, and immediately extended his thumb.

Then he slurred his mouth and said to everyone: "It really tastes good." When several people saw Luo Zishan's appearance, they immediately started laughing.

Luo Zishan didn't care whether everyone was laughing at her or joking with herself, she lowered her head and continued to eat her own food. She had just transformed into a human form, so everything she ate was really delicious.

Tianci looked at Luo Zishan and said to him: "Can you pay attention to your image? After all, the people here are all dignitaries. You are too imageless."

Luo Zishan can't control so much at this time. While eating, he looked at Tianci and said to him: "After I have eaten my fill first, I will pay attention to the image of this beautiful boy."

Tianci felt that Luo Zishan had already grown from a unicorn at this time. The beast has transformed into a beautiful boy, but the bloody nature in his own beast clan has not completely passed away.
