Chapter 1532

Li Zhou looked at his brothers and friends and said to them: "You guys take a rest first. If there is any news, I will be back right away." As he spoke

, he turned his head and walked in the other direction.

Because when that person sent a message to Lizhou, they arranged to meet in the woods.

Therefore, there are still some relatively remote locations.

Li Zhou walked to his stable, rode a horse, and left very quickly, out of sight of Gu Shaoyang and the others.

Luo Zishan looked at Gu Shaoyang and said to her: "I'm really worried about Li Zhou, and I don't know whether his going this time is good news or bad news."

Gu Shaoyang didn't expect that this guy Luo Zishan had just turned into a human. His body has actually begun to be in someone's heart so quickly.

He looked at Luo Zishan and said to him: "It's okay. I believe that Lizhou should be auspicious and his parents should be okay." At this time, Lizhou on the other side had already arrived at a high speed. forest.

He wanted to wait at this place to find out who was going to report the message to him in person, but he didn't expect that he had been waiting for more than an hour and still hadn't seen the other party.

He was really anxious.

Li Zhou waited for so long but still didn't see anyone. He felt that he must have been tricked.

So I just wanted to leave this place, but unexpectedly, an old man appeared.

He was wearing a black robe, with a gray beard and gray hair. He was already walking in his direction without any cover.

The other person looked in the direction of Li Zhou and said to her: "You are Li Zhou of the Li family."

When Li Zhou heard the other person talking directly to him, he immediately stood firm.

Then he clasped his hands in his fists, looked at the old man, and said to him: "Yes, I am Li Zhou from the Li family. Who are you?"

Because Li Zhou felt that if someone came to see him, it must be him. He is a good friend of his parents, so he must ask the other party for advice.

When the other party saw Li Zhou, he was very pleased. He didn't expect that the child he once had had grown so big.

He looked at Li Zhou and said to him: "Do you know that your father and mother, and the entire family were arrested for what reason?"

Li Zhou spoke directly, looking at the other party, and said to him Said: "I just heard that my father and mother seemed to have offended the king of the Kingdom of Jin, so the whole family has been arrested."

"I am currently thinking of ways to rescue them, but I don't know if they are really what the outside world has said."

When the other party heard what Li Zhou said, he didn't expect that this young man really had some skills. Not long after he came back, he had already found out why his father and mother were arrested..

He looked at Li Zhou with great satisfaction, as if he were looking at his junior.

The old man on the other side looked at Li Zhou and said to him: "Yes, this young man is very smart. I think you are really Yes, you can save your parents."

After hearing what the other party said, Li Zhou quickly looked at the other party and said to him: "As you said, it seems that my father and mother have really offended the king of the Jin Kingdom, so they will be arrested."

The other party nodded and Li Zhou was seven or eight meters apart. He was already walking towards Li Zhou.

Li Zhou didn't move, quietly waiting for the other party to walk in his direction. When he came over, he didn't expect that he was a very burly man who looked about fifty years old.

When he walked to Li Zhou, he looked at Li Zhou. When he looked at Li Zhou, he looked like he was young and promising, very... He was very pleased.

The man looked at Li Zhou and said to him: "Your father and mother, if they knew that you were completely a very handsome young man at this time, they would be very pleased."

Because he saw that Li Zhou was really a talented person now. He didn't expect that the child he once was has become so outstanding. Even as an old man, he really couldn't help but want to praise him.

Li Zhou didn't say anything, but continued to wait for the other party to speak.

The other party looked at Li Zhou and said to him: "Do you know who I am?"

Li Zhou shook his head. He really didn't know.

He looked at the old man on the other side very respectfully and said to him, "I don't know who you are. Is it because of your parents that you came to me today?"

When the other party saw Li Zhou, he said to him: "Did you know that there is a national master in the Kingdom of Jin?"

Li Zhou knew this. When he was young and had not left home, the national preceptor of the Jin Kingdom was already very famous.

He looked at the other person and said to him:"Then you are the national preceptor of this country.."

Chapter 1533

When the other party heard about Li Zhou, he immediately guessed his identity, which made him even more relieved.

This man looks about seventeen or eighteen years old, but he is very smart.

He spoke bluntly, looked at Li Zhou and said to him:"Yes, I am your father's friend and the national preceptor of the Kingdom of Jin. I came to you personally today just to tell you the king why they arrested your family leader. Secret."

After hearing what the other party said, Li Zhou instantly became particularly angry.

I really didn't expect that my parents would be arrested because of these things.

He clasped his hands in his fists, looked at the national preceptor of the Kingdom of Jin, and said to him:"What is your name? Should I call you uncle?"

The man twirled his gray beard, looked at Li Zhou, and said to him"Yes, you should really call me uncle. I am a good friend of your parents. I am the national master of the Jin Kingdom, Jin Qiuming."

After hearing the name Jin Qiuming, Li Zhou immediately stood up, clasped his hands and looked in the direction of the other party. He said to him:"See you, junior Li Zhou, Uncle Jin."

Jin Qiuming nodded, really pleased, and even took two steps forward again, very close to Li Zhou, and patted Li Zhou shoulders.

Jin Qiuming said to him:"It will be good if you come back. After you come back, your father and mother will have hope."

Then he looked at Li Zhou and said to him: "How about it? Your father before Mother said, you have learned a lot of skills outside, are you completely a disciple at this time?"

Li Zhou nodded. Although he said that he was not particularly powerful at this time, he had several talents. A good friend, and this time he was determined to save his mother and father.

She looked in the direction of Jin Qiuming and said to her: "I will definitely rescue my own father and mother this time. Don't worry, don't worry about me. Just tell me everything about my father and mother." That's fine."

After all, if the other party comes to her, she must be very good friends with her father and mother, and she has never come to her rescue because she also has an unspeakable secret.

Besides, you can't let irrelevant people take advantage of your entire family. Doing so will also harm others. Li Zhou himself is well aware of these things.

After hearing what Li Zhou said, he was a very knowledgeable and good boy. Jin Qiuming was really pleased.

She looked at Li Zhou and said to him: "You are really a good boy."

Then she told Li Zhou everything, because his father and mother also reported to the King of Jin and the King of Jin. The Demon Lords have entanglements with each other, so this matter is really very troublesome.

Jin Qiuming looked at Li Zhou, paused for a long time, and seemed to be recalling, and said to him: "Where should I start talking to you?"

When he said this, Jin Qiuming seemed to have returned to the past. In his own memories, yes, but at this time, Li Zhou did not completely disturb the other party's thoughts. After a while.

Jin Qiuming looked at Li Zhou and said to him: "Let me start from when we were young."

Li Zhou really didn't expect it. It seemed that this was really a very long story.

At this time, Li Zhou nodded, looked at Jin Qiuming, and said to him, "Okay, I can listen to what you have to say."

When he said this, Jin Qiuming had already opened his mouth and said in the direction of Li Zhou: "When we were young, we were very good friends with the king of the Kingdom of Jin, who was still a prince at that time, and the demon king of the demon clan, who didn't have his own body at that time. So we were very good friends with each other."

After finishing speaking, Jin Qiuming paused again, speaking in his own voice.

At this moment, he turned slightly back and looked in the distance, because he felt someone approaching in his direction.

Then Jin Qiuming looked at Li Zhou and said to him, "Did you let someone else come to this place?"

Because Jin Qiuming felt that the other party did not hide his traces when he came, so he asked such a question.

Li Zhou shook his head. Although he and several of his friends had already said that he would come to the woods to gather with his father's friends, he did not expect Gu Shaoyang and them to come to this place.

He still thought about the possibility, looked at Jin Qiuming, and said to him: "If you are looking for me, it should be my friend."

Jin Qiuming was very nervous at this time.

He looked at Li Zhou and said to him: "If he is not your friend, he should be our enemy."

Then the two people very quickly jumped up to the tree, waiting for the people below, walking towards their direction.

Chapter 1534

The footsteps were getting closer and closer. When the two people saw clearly who the other party was coming from, Li Zhou suddenly breathed a sigh of relief, as if a big stone had fallen from his heart.

She looked at Jin Qiuming and said to him, "It's okay, these people are all my good friends."

Because Li Zhou saw that the people under the tree were Gu Shaoyang and Luo Zishan.

Gu Shaoyang, Luo Zishan and the others had been waiting in their rooms for half the night and had not seen Li Zhou come back. They were afraid that something might happen to Li Zhou, so they came here. place to get some information.

But I didn't expect that when I walked into the woods, I discovered that the woods didn't seem particularly big, but the trees were so intricate that it looked like a maze when walking.

Gu Shaoyang walked to Luo Zishan on the other side. Luo Zishan complained to Gu Shaoyang and said, "I grew up in the forest before, but I didn't expect this place. It's really complicated. Want to find it?" Lizabeth is really not easy."

Gu Shaoyang also agreed very much with what he said.

He looked at Luo Zishan and said to him, "Look carefully."

Just as he finished speaking, a black figure jumped down from the tree.

Gu Shaoyang, Luo Zishan and others took a few steps back and looked at each other very warily, but what they didn't expect was that they saw Li Zhou.

Li Zhou was really very happy. He didn't expect that several of his friends would have gone to this place because they were worried about him.

He looked at Gu Shaoyang and the others and said to them, "Why are you here?"

Before Gu Shaoyang could speak, he saw another black figure jumping down from the tree.

He looked in the direction of that person. He was about forty or fifty years old. Although he had a tall body and seemed to have an extraordinary temperament, Gu Shaoyang had already guessed that this person must have an unusual identity.

Gu Shaoyang looked in the direction of Li Zhou and said to her: "A few of us are a little worried because you didn't go back for half the night, so we wanted to come here to find out about you."

Jin Qiuming heard this, Gu Shaoyang said this. After talking, he looked at Gu Shaoyang carefully. They were all seventeen or eighteen years old, and they all looked very young. There was a girl behind them. These people seemed to be heroic teenagers. Everyone is extraordinary.

Jin Qiuming looked at Li Zhou and said to him: "These people are all your good friends."

Because Jin Qiuming could see that these people were about the same age as Li Zhou, and they were very familiar with each other when they spoke..

Li Zhou nodded and said, "Yes, I was able to return to the Kingdom of Jin safely because of a few of them who escorted me all the way back."

Jin Qiuming really didn't expect that he knew that Li Zhou's journey back would definitely not be peaceful, but he didn't expect that a few friends would escort him back.

Although they are young, it is certainly not easy to deal with the troops sent by the Demon King and the others. These young people are really very capable.

He was very pleased because Lizhou was able to find a few very good friends to help him.

He looked at Li Zhou and said to him, "Are all your friends reliable?"

After hearing this, Li Zhou nodded without any hesitation.

Ren looked at Jin Qiuming and said to him: "Don't worry, these people are my good friends. Each of them is very reliable. No matter what news, I will share it with them." After hearing

Li After Zhou said this, Jin Qiuming nodded.

Then he looked at Li Zhou and the others and said to them, "Okay, don't waste any more time. Let me tell you what happened to his parents."

Jin Qiuming felt that since these people , if they are all friends of Li Zhou, they will definitely help Li Zhou rescue his parents and his family.

So in this case, it's better for me to tell you why her parents were arrested.

After Gu Shaoyang heard this, he was really interested. He really didn't expect that the other party had such a powerful identity and had already found out all these things.

Gu Shaoyang was very polite, then he clasped his hands and said to the other party in a very respectful manner:"Who are you?"

Jin Qiu Mingzheng only remembered that he had not introduced himself to Li Zhou until they met.

Jin Qiuming smiled and looked at the young people in front of him. For a moment, he still liked them very much.

He looked at Gu Shaoyang and said to him:"I am Jin Qiuming, the national preceptor of the Jin Kingdom."

What Gu Shaoyang didn't expect was that the person Li Zhou's parents knew was actually the national preceptor of the Jin Kingdom.

Chapter 1535

Seeing the news he brought them, it must be very important news.

Gu Shaoyang clasped his hands and continued to say to her:"Hello, Imperial Master of the Kingdom of Jin."

Then Luo Zishan was an informal person. He looked at the other party seriously and looked at her. This person was inferior to one person. He is a person above all others, so he must take a serious look at it.

Tianci, who was following Gu Shaoyang, did not expect that this man was the king of the Jin Kingdom.

In the past, when he followed his father, he had heard that this man had thunderous methods, and he was ruthless no matter what he did, so when he saw the other party speaking, he was a little shocked.

After Jin Qiuming saw the girl's expression, he became a little confused. He looked in the direction of Tianci and said to him, "Have you heard of me or seen me?"

Tianci did not expect that the other party would suddenly mention Got his name.

She looked in the direction of Jin Qiuming and said to her: "My father is the dean of the academy."

She heard that his father was the dean of the academy.

Jin Qiuming nodded clearly and said: "Your father and I also know each other, and the relationship between the two of us is really good. I didn't expect that his daughter would have grown so big. When you were young, I've seen you before."

After finishing speaking, Jin Qiuming had already changed his topic again.

He looked at Gu Shaoyang and several young people and said to them: "Okay, I don't have much time. After I tell you all these things, it's up to you what you want to do.."

Gu Shaoyang nodded, looked in the direction of Jin Qiuming and said to her: "I'd like to trouble you, Jin Qiu Ming, the national master of the Jin Kingdom."

At this time, Li Zhou was also waiting for news about Jin Qiu Ming. He had already communicated with his His friends were all gathered together, so there was no need for him to go back and continue reporting with Gu Shaoyang and the others.

Jin Qiuming looked at Li Zhou again and said to him: "I hope you children can be mentally prepared for the news I want to tell you. After all, his parents are not the ones who offended ordinary people."

Gu Shaoyang had already thought of it. With this possibility in mind, after all, Li Zhou's parents and the entire family have been arrested.

Moreover, Li Zhou's parents were of very high status in the Kingdom of Jin. Since someone who could arrest the entire family at once must have an extraordinary status.

So Gu Shaoyang looked at Li Zhou and said to him: "I believe we can definitely help you."

Li Zhou nodded. He was also afraid that he would implicate a few good friends, so he said to Gu Shaoyang and the others: "We all try our best." Let's go."

Jin Qiuming did not wait for them to speak, but continued to look at them and said to them: "What I want to tell you is that this good friend of mine is Li Zhou's father. At that time, it was me, the demons, and the king of the Kingdom of Jin. We were good brothers who grew up together."

"But I didn't expect that later, after your parents got married, by chance, you got a baby from your family."

Mentioning this treasure, Li Zhou was shocked. It seems that this treasure must have caused such trouble to his family.

He was still thinking about what kind of treasure his family had and why he had always been Don't you know?

Gu Shaoyang was really confused. At first, he thought that his parents had offended someone, or for some unknown reason, and the entire family would disappear. But he didn't expect that it was just... Because of a baby.

It seems that this baby must be a great thing.

After hearing this, Gu Shaoyang continued to look in the direction of Jin Qiuming, waiting for the next words.

Jin Qiuming sighed and said to her: "How many of us are there?" When I was young, my relationship was very good, so your parents didn't have any special thoughts and told several of us about this matter."

After hearing what Jin Qiuming said, Gu Shaoyang already knew that there would definitely be what happened next, and what happened now must be because his parents had told Jin Guo's secret at that time. King, others have already thought of stealing things, so they must be for this reason.

Gu Shaoyang looked at Jin Qiuming and said to him: "I have already guessed one or two, so the next one is the demon lord of the demon clan, or It was the two kings of the Kingdom of Jin who coveted the Li family's treasure, which caused their family to suffer such misfortune."

Jin Qiuming was really pleased when he heard the child say this. It seems that each of the friends around Li Zhou is very extraordinary.

But he didn't expect that this child is really very smart. Gu Shaoyang had already guessed The guesses are very close to each other.

Chapter 1536

After Jin Qiuming sighed, he continued to look at the young men and said to them: "You have guessed about the same, but the matter is far from that simple, and the king of the Jin Kingdom and the demon lord of the demon clan, the two of them He's not that easy to deal with."

Li Zhou looked at Jin Qiuming and said to him, "Uncle, please tell me. No matter what kind of news it is, I can bear it."

Gu Shaoyang also looked at him. Jin Qiuming said half of it but didn't want to say it. He must be afraid that these young people would be difficult to do, or he felt that Gu Shaoyang and the others were completely unable to resist such strength, so he didn't want to let these young people do it. Man, his life was wasted.

Gu Shaoyang looked at Jin Qiu Ming and said to him: "Uncle, don't worry, no matter what the outcome is, it is the choice of a few of us. We will not blame you." After hearing what

Gu Shaoyang said, Jin Qiu Ming really didn't expect that Gu Shaoyang had already guessed exactly what he was thinking about now. It seemed that this young man was really smart.

After sighing, he said to them: "This matter is not as simple as imagined. Because the king of Jin Kingdom, Jin Zongdi, and the demon lord Long Hanming, they have been fighting each other for many years. They covet the baby of your family, so after discussing it, the two of them have expressed their intention to your parents that they want this baby." After finishing speaking, he sighed again, feeling that his whole body Her eyes were already sore, because Jin Qiuming had

always thought that the two of them would become lifelong good friends, but he never thought that one day they would be torn apart and have differences because of a baby.

Jin Qiuming continued to look at several young people and said to them: "But they asked your parents for this treasure time and time again, but your parents have sternly refused. Later, the relationship between them became very uncomfortable. Okay."

He sighed, and continued: "Then after the two people discussed it, they had completely arrested your parents and your entire family, and then used your entire family's Man, blackmail your parents and ask them to take out the Shocking Bagua Treasure Map."

This is the first time Li Zhou has heard that the treasure in his family is the object of the Shocking Bagua Treasure Map. As long as he hears this name, he will You know there will definitely be a lot of treasures inside.

If Emperor Jin Zong and Long Hanming want to get this treasure, they will definitely attack their parents.

Li Zhouzhenghe was really angry. He stretched out his hand and punched the big tree next to him.

A tree was completely broken by Li Zhou in an instant, and it fell over in the other direction, making a violent collision sound.

Gu Shaoyang looked in the direction of Li Zhou and saw Li Zhou's anger at this time.

He comforted Li Zhou and said to him: "Don't be too excited. After all, this matter is not something that any of us can imagine. Next, listen to Jin Qiuming continue to say, as long as there is any little bit of hope, Clues, we will definitely find your parents for you."

Li Zhou was really grateful to Gu Shaoyang. He looked at Gu Shaoyang and said to him: "Thank you, your brother."

After everyone stabilized their minds, they continued Looking at Jin Qiu Ming, Jin Qiu Ming said to him: "As for where your parents are hiding at this time, I really don't know. The King of Jin has many places of his own, maybe hidden in her hidden places. Here."

Then after he thought about it for a moment, the Demon Lord of the Demon Clan also had this possibility.

Then he sighed. He really didn't want to talk any more, but he had no choice but to make it clear to a few young people.

Jin Qiuming continued to say to these young people: "The Demon Lord Long Hanming of the Demon Clan may have hidden your parents, but we have already found out where exactly they are. It has not been found so far."

So at this time, he already knew everything. It seems that Jin Qiuming has used many methods to find Li Zhou's parents. So at this time, when he saw Li Zhou it was only when I came back that I saw a glimmer of hope.

Gu Shaoyang felt that Jin Qiuming was really a very good friend, and he could really say that he was very protective of his friends.

Gu Shaoyang had a new understanding of him.

Gu Shaoyang looked at the old man in front of him, who was over fifty years old, and said to him: "Don't worry, we now know the ins and outs of the matter, and we also know who Li Zhou's parents have offended at this time, and what will happen in the future." , we can just do it ourselves."

Chapter 1537

At this time, Luo Zishan, although he had not spoken all this time, could still hear clearly what was going on. Isn't the so-called Demon King of the Demon Clan the enemy of their entire Qilin Clan?

Luo Zishan was really very angry. He looked up to the sky and roared, and then he turned back to his original form. He was originally a very proud monster.

So at this time, he looked at Gu Shaoyang and the others and said to them: "I didn't expect that it was Long Hanming who did this. I will go find him and ask him clearly in a while."

Gu Shaoyang looked at Luo Zi. At this time, Shan's true colors were revealed when he was angry.

He looked at Jin Qiuming on the other side and was very surprised at first, and then resumed his facial expression.

Gu Shaoyang looked at Luo Zishan and said to him: "Don't get too excited. The whole story of this matter is just like this. We will continue to investigate."

Luo Zishan sighed. , when he heard Gu Shaoyang say this, he once again changed back to that beautiful young man wearing purple clothes.

Then he was very angry, looked at Gu Shaoyang, and said to him: "In short, I will not let him continue to be the demon lord of the demon clan. As long as I have a chance to find him, I will definitely kill him."

Gu Shaoyang really He felt that there must be other things involved, but at this time, he did not have more time to ask what happened to Luo Zishan.

After Jin Qiuming had finished telling the whole story to several children, it was already two or three o'clock in the morning. He could not continue to delay here, otherwise it would cause... If the king of the Kingdom of Jin and the demon lord of the demon tribe pay attention, there will be no good fruits for him.

So Jin Qiuming was very sorry. He looked at the children and said to them: "The whole story is like this. I am too busy taking care of myself at this time and can't help you more, so I'm sorry for these children."

Of course Gu Shaoyang knew. , Jin Qiuming couldn't even take care of himself at this time, so how could they blame him.

When he looked at Li Zhou, he already looked very sad. Gu Shaoyang could only take a step forward, looked at Jin Qiuming with his hands clasped in his fists, and said to him: "Thank you, uncle, for telling us so many things, everything, we have already Got it, we will solve the next thing by ourselves."

Then Gu Shaoyang didn't wait for Jin Qiuming to speak, he already knew that Jin Qiuming said this because he actually wanted to leave this place.

Gu Shaoyang didn't want others to be implicated because of their affairs.

He continued to look at Jin Qiuming and said to him: "In that case, uncle, let's take our leave first."

When he said this, Gu Shaoyang had already walked towards Jin Qiuming and saluted again.

He turned to Jin Qiuming and said to her: "Thank you very much for being able to help Li Zhou and his parents this time."

Jin Qiuming looked at Li Zhou on the other side, and his eyes began to turn red. got up.

Moreover, Li Zhou's face was full of anger. He was pinching a piece of tree bark next to him, and it was almost turned into powder by him. He also knew that this child had really received a lot of blows at this time.

He also ignored Li Zhou's disrespectful look towards him, and was even more pleased when he looked at Gu Shaoyang. This young man looked at his brother like this, but he came out to face him directly and said so many good things to him.

Jin Qiuming was really pleased.

She patted Gu Shaoyang on the shoulder and said to him: "It seems that Li Zhou will have to rely on you brothers this time. In this case, we all say goodbye." When she said this, Jin Qiuming was already there. In a flash, he disappeared in front of several people's eyes and completely disappeared.

Gu Shaoyang did not expect that the opponent's skills were so powerful. Gu Shaoyang was really surprised.

But after only being slightly shocked, Gu Shaoyang had already retracted his thoughts.

He had already walked back in the direction of Lizhou. After all, he also knew that the other party was the national master of the Jin Kingdom and must have extraordinary strength.

Therefore, Gu Shaoyang felt that since the other party already felt that he could not help Gu Shaoyang and the others, he could only rely on himself now.

Gu Shaoyang patted Li Zhou on the shoulder and said to Li Zhou: "It's okay, no matter what happens, the few of us will really stand on your side."

Luo Zishan heard that he was from the demon clan. The Demon Lord caught Li Zhou's father, and he was very angry. At this time, he suppressed his anger and walked towards Li Zhou.

He looked at Li Zhou and said to him: "That Long Hanming is not a good person to begin with. I will definitely help you."

Chapter 1538

"Conquer him completely, and then your parents can be saved."

Although Tianci knew that his strength was not particularly powerful, he walked in the direction of these people.

Tianci looked at them and said to them: "If there are just a few of us, we really can't do it. If so, then I will be like my father, asking for help, hoping that my father can help a few of us."

Several people expressed their desire to help Li Zhou. Li Zhou was really moved. Her eyes were red and she looked at her friends in the darkness.

He clasped his fists with both hands and held his body. They have already conquered a big arc and said to them: "Thank you very much, you brothers. Gu

Shaoyang patted him on the shoulder and said to him: "Okay, if we all have anything to do, let's talk about it back in the mansion.""

Because I have stayed in this place for too long. It will be very troublesome for them to attract other people's attention. So

Gu Shaoyang feels that it is better to return to that place in the house, even though it is already very troublesome. He was in despair, but this was also the most dangerous place, the safest place.

Li Zhou took back all his irrational thoughts just now.

He looked at Gu Shaoyang and said to them, "Okay, let's go back now."

Since it's not yet dawn, this is their best time to be powerful, so Gu Shaoyang took the lead and was already standing in the air.

He looked at several friends and said to them: "We have to hurry up and rush back for a while. It will be dawn. Sometimes, I still have to walk into the city, which is very troublesome."

After listening to this, Li Zhou had already withdrawn all his emotions, stood in the air, looked at Gu Shaoyang and said to them: "In that case, let's all set off."

Several people were already floating in the air, and they were already galloping towards the city.

It only took a quarter of an hour to return to the city, so the time was not very long, and no one was attracted. After all, this time is the time when everyone is sleeping.

Gu Shaoyang and the others arrived, and everyone in the hall of Lizhou's family mansion had already sat down.

But I didn't expect that at this time, the little girl Lingdang He was still reading at night, looking at the books on the exercises that Gu Shaoyang gave him.

When he saw a few of them coming back, he had already retracted his eyes from reading the books and said to them: "You are finally back."

Although Lingdang didn't know why Gu Shaoyang and the others went out, he knew that going out at night would definitely not lead to anything good.

And Lingdang also knew that even though he knew everything about his parents' house in Lizhou, it was just superficial, but he also knew that the people they offended must not be ordinary people.

Lingdang wanted to stay with Gu Shaoyang and Li Zhou, so he would not talk too much about these things.

Gu Shaoyang nodded. , because every one of them was very tired along the way, Gu Shaoyang looked at the bell and was not polite.

He said to the bell:"Go and prepare some cakes for a few of us, and pour a pot for a few of us." Tea."

Zhongdang said very quickly and very respectfully to Gu Shaoyang:"Yes, I understand, brother Gu Shaoyang."

Then he rushed towards the kitchen very quickly.

Gu Shaoyang and Li Zhou were all seated.

Gu Shaoyang looked at Luo Zishan and said to him:"What kind of demon king is he? What kind of strength?"

When she mentioned Long Hanming, Luo Zishan became very angry.

She looked at Gu Shaoyang with a dark face and said,"That guy is a big bad guy, but his strength is really very powerful.."

Gu Shaoyang heard what Luo Zishan said and knew that Luo Zishan's body is a Qilin beast, which is an invulnerable guy, and Luo Zishan's strength is very powerful. Although he is young now, he has already With such strength, since Luo Zishan said that the other party is powerful, then the other party must be stronger and stronger.

Gu Shaoyang nodded, and then said to the few of them:"Okay, I understand, in that case, We are all considering this matter in the long run."

Because at this time, Gu Shaoyang was really thinking in his heart, whether he is the king of Jin Kingdom, Emperor Jin Zong or the demon clan of the demon clan, that Long Hanming has super strength, super financial resources, and the Jin Kingdom's The king, and this country.

This is not something that a few of them can deal with casually, so the next few of them have to think of a way. First, find out the details about

Li Zhou's parents. , to be able to look for it, otherwise, to alert the snake, a few of them could completely crush Gu Shaoyang and the others to death with just one finger.

Chapter 1539

After all, they were students who had just come out of the academy at this time. They wanted financial gifts, but they had no financial gifts. They needed manpower, but they had no manpower and material resources, let alone no material resources.

Therefore, you still have to rely on your own clever mind to defeat these two powerful forces.

After Gu Shaoyang and the others finished talking about this matter, everyone dispersed.

Knowing that Li Zhou was in a bad mood at this time, Gu Shaoyang and his friends did not disturb Li Zhou and let Li Zhou continue to be alone. This would also be beneficial to him and find parents in this country who were more beneficial to him. news.

On the third day, Li Zhou became completely quiet. He went out every day these days. Gu Shaoyang knew that he must have gone out to find news.

Li Zhou came back in a hurry that day and saw Gu Shaoyang and others saying to them:"I have searched all the places in the family. There is indeed such a map in the family. It is said that it should be a treasure map."

Gu Shaoyang really didn't expect that Li Zhou would suddenly come back and walk into the hall and talk to them about this matter, which was very important to them.

After all, his parents have been arrested. As long as they have this map, Gu Shaoyang and the others can blackmail the Demon King, Jin Zongdi and others.

Gu Shaoyang stood up immediately, really excited.

He looked at Li Zhou and said to her:"Let's go to a quiet place to talk."

After all, this place is in the hall of his house, and it is very unsafe to be careful that there are ears in the partition wall.

Luo Zishan also stood up at this time. Knowing this news was really important.

He looked at Li Zhou and Gu Shaoyang and said, "Let's all go to the courtyard."

Since there was a pavilion in the courtyard and the surrounding area was very empty, they could clearly see what was outside. It would be safer for something like this to happen than in such a closed room.

Hearing what Luo Zishan said, Gu Shaoyang felt that Luo Zishan was right. All the people had walked to the back garden of her house and the pavilion in the back garden.

At this time, Tianci and Lingdang were looking at the flowers inside. Tianci and Lingdang also had some tea sets on their desks.

From time to time, Tianci would also teach Lingdang how to use the tea set, and also taught him the knowledge of tea ceremony and the like.

Gu Shaoyang and others had already walked towards their pavilion.

When Tianci saw the few of them coming, he was really surprised. They had just separated, but how could they have arrived at this place so quickly.

She looked at Gu Shaoyang and said to him, "What happened?"

Gu Shaoyang looked around and found no one.

He looked at Lingdang and said to him: "Go a little further for a while and observe the surrounding environment for all of us."

Lingdang knew what Gu Shaoyang meant by this sentence, and nodded immediately, very obediently, and said to Looking at Gu Shaoyang, he said: "I know, brother Gu Shaoyang, I will give you a lookout."

Gu Shaoyang also knew that this little girl was very clever, and he also believed in Lingdang. After all, Lingdang was now helpless and could only Rely on a few of them.

After what happened again and again, she felt that the little girl Lingdang was still teachable.

Gu Shaoyang looked at Tianci and Li Zhou and said to them:"Okay, now we can tell you what news there is in Li Zhou."

When Li Zhou mentioned this issue, he was really angry. He looked at Gu Shaoyang. Said:"I went out early and came back late every day for the past three days. I saw a lot of friends, many of whom were my father's friends. Although they didn't give me much news, I already knew from it that our family did have a family. Many people know about this kind of treasure map."

When Gu Shaoyang heard what Li Zhou said, it seemed that the fact that they had this treasure map in their home was not known to just one person or only a few people. They must have all been informed by the devil. They were completely exposed.

It must have attracted a lot of people's attention because of this.

Gu Shaoyang looked at Li Zhou and said to him:"Then do you know where this thing is at home?"

Li Zhou shook his head and said:"I don't know where it is, but I believe that as long as it is hidden by my parents, Everything must be very safe"

"And I also found out that my parents were in the demon dungeon at this time."

Gu Shaoyang doesn't know where he got this news about Li Zhou.

But he knows that Li Zhou goes out early and comes back late every day. He will definitely pry for information about many people. Maybe he has accidentally exposed this information to some people. , or maybe everyone accidentally let it slip and asked Li Zhou and others to share the information.

Chapter 1540

He looked at Li Zhou and said to him:"Are you sure your parents are locked up in the Demon Clan's dungeon at this time?"

Li Zhou nodded and said, "I have heard about the Demon Clan from more than one person. thing, so I think my father must have asked Long Hanming and the others to be imprisoned."

Luo Zishan was really angry when he heard the name Long Hanming.

He looked at Gu Shaoyang and the others and said to them: "If that's the case, it must be in the Demon Clan's place. I'm still a little familiar with it."

Because they knew that he was a Qilin Warcraft, there must be some of his own coming channel.

Gu Shaoyang said to him: "Then the next step for all of us is to find a way to enter the demon clan."

After Gu Shaoyang finished speaking, Li Zhou nodded, and then looked at Luo Zishan on the other side.

Gu Shaoyang said to him: "But none of us are particularly familiar with the Demon Clan. If I am imprisoned by the King of Jin Kingdom, I still have certain means, but if it is the Demon Clan, I really don't have any. There is no way."

When Li Zhou mentioned this problem, he was very defeated. He really felt that there was no way at all.

After all, the places where the demons are located are very wonderful and magical places that everyone is not familiar with at all. Lizhou is already exhausted mentally and physically if he wants to save his parents, so his mental state is very bad.

Luo Zishan looked directly at the few of them and said to them: "Since they are being imprisoned in a particularly safe place, or a particularly hidden place, it should be in the forbidden area of the demon clan."

Luo Zishan's words When he first landed, Li Zhou, Gu Shaoyang and others all looked in his direction.

Gu Shaoyang was a little in disbelief. He looked at Luo Zishan and said to him: "So you have been to the forbidden area of the demon clan before, and you know that place must be very strict."

Luo Zishan nodded. , looked at them, and said to them: "I have lived in that place before, and I was born there when I was a child."

After hearing what Luo Zishan said, Gu Shaoyang and the others felt that Luo Zishan must not have , he looks so simple on the surface, he must be a monster with a story.

Li Zhou looked at Luo Zishan and immediately became very excited and said to him: "Do you really know where the Demon Clan's forbidden land is."

After all, Li Zhou had opened the news for two days, and since he knew His parents were imprisoned in the place where the demons were detained. He had been running around here and there, but he didn't expect that there was no news at all.

What he didn't expect was something that had always bothered him. It was so simple. After talking to Luo Zishan and Gu Shaoyang, he already had clues. How could he not Excited?

Luo Zishan nodded and said to them: "It is indeed that place. I know it. It is very hidden and mysterious. If you want to go, I will check it out and we can all go there tonight."

Gu Shaoyang I really feel that they cannot act too aggressively at this time, otherwise, they will attract the attention of Long Hanming and Jin Zongdi, and it will be even more difficult to act in the future.

After all, none of Lizhou, Gu Shaoyang and others knew about the return to the Kingdom of Jin, and it was very hidden.

Gu Shaoyang said to them: "Let's all not be anxious. If we have time tonight, Luo Zishan and we will find a way to enter the forbidden area of the demons to find out. After we have the exact information, we will go to rescue you." Parents."

At this time, Li Zhou had no idea at all. Hearing Gu Shaoyang say this, he could only nod helplessly.

Tianci looked at Gu Shaoyang and said to him: "I also think your method is very correct. If we all alert the snake, it will be very difficult for us to act in the future."

Tianci and Gu Shaoyang hit it off and solved all the problems. It's all settled.

Tianci looked at Li Zhou and said to her: "Your parents' matter cannot be rescued overnight, and the power they offended is too powerful. Your family has treasures, which will definitely attract the attention of others." , so we all must not be too impatient."

Lizhou heard Tianci's concern, and he also heard Tianci's comfort to him.

She nodded slowly, knowing that she was really anxious.

Then Tianci looked at Li Zhou and knew that Luo Zishan must have his own thoughts about entering the forbidden area of the demons at this time.

Tianci looked at Luo Zishan and said to him: "Think carefully about what kind of routes there are in the Demon Clan's forbidden land, and then think about it clearly."
