Chapter 1541

"Let's go find out again tonight, and don't let others arouse suspicion."

Gu Shaoyang felt that Tianci had arranged these things very well.

She looked at Tianci with great appreciation, and then said to Tianci: "Yes, just like what Tianci said, we all must Proceed with caution."

The few people discussed everything and kept whispering about all the plans.

Gu Shaoyang looked at the bell on the other side, but he was well-behaved. He was really looking at the bells outside the hospital for them. The situation is in control.

Gu Shaoyang is really very satisfied with the bell. He has stood up and looked at several friends. At this time, everyone's expressions are very bad and very solemn.

Gu Shaoyang said to several of them: "Okay, that's all for everyone, let's set out together tonight."

Sure enough, after hearing Gu Shaoyang say this to several people, they all slowly recovered their thoughts at this time.

Li Zhou nodded with a very defeated look, looked at several friends and said to them: "Thank you very much.. Gu

Shaoyang waved his hand and said, "We are all friends, so let's not talk about this matter. You all go back and rest first.""

Then Gu Shaoyang stood up and walked towards the direction of Lingdang.

Since Gu Shaoyang has asked Lingdang to follow him, Gu Shaoyang has not given Lingdang anything for a long time, but just let him see some skills and the like. Book.

So Gu Shaoyang felt that he still had time now and wanted to give Lingdang some guidance.

It would not be in vain for this little girl to follow him.

After all, Lingdang is like a small sapling now. If you give him instructions If he has a particularly good mind and skills, he will still have his own cultivation and his own future in the future. Lingdang looked at Gu Shaoyang and the others, and they all started to make some moves, so he looked in the direction of them..

He watched Gu Shaoyang walking towards him.

Ling Dang also stepped forward and took a few steps. She raised her head and looked at Gu Shaoyang and said to him:"Brother Gu Shaoyang, are you done?"

Gu Shaoyang nodded and said to him:"Yes, it's done."

Then he looked at the bell and said to her:"Follow me to the pavilion. I have something to tell you.""

While speaking, Gu Shaoyang had already turned around and walked towards the pavilion.

Tianci and Luo Zishan had already stood up and walked back towards their rooms.

So although Ling Dang was a little strange, he still followed Behind Gu Shaoyang, he didn't know why brother Gu Shaoyang was looking for him at this time.

He was very well-behaved and had already followed Gu Shaoyang to the pavilion.

Gu Shaoyang sat on the stone bench of the pavilion and watched the bell carefully stand on his Around him.

He also knew that this was all caused by Lingdang's previous life. This little girl had always lived a very painful life. Many people would bully him, so it also caused this little girl's heart, He is not particularly healthy and always acts based on other people's faces.

Gu Shaoyang looked at the little girl and said to the bell, "You sit down first, I have something to tell you.""

Sure enough, after hearing what Gu Shaoyang said, Lingdang became even more nervous. He was afraid that Gu Shaoyang would kick him out of the conference room or do something particularly harsh to him.

He stood there cautiously and said to Gu Shaoyang: "No, I don't need a seat. If Brother Gu Shaoyang needs anything, just tell him. Do you think I did something wrong?"

When Gu Shaoyang saw this little girl like this, he felt that he really felt sorry for him.

He directly took Lingdang's hand. Lingdang was only twelve or thirteen years old at this time, several years younger than himself. So he really treated Ling Dang as his own sister and loved her.

He wanted Ling Dang to become a very cheerful and lively little girl in the future.

He pulled the bell and made her sit on the stone bench in the pavilion next to her. Go up.

Gu Shaoyang looked at Lingdang and said to him: "You don't need to be so cautious with the rest of us in the future, and you should be more generous even when you see others, and don't be afraid of others' eyes on you."

Lingdang nodded, but he still didn't raise his head. She was afraid that Gu Shaoyang's next words would say something particularly unpleasant to her or ask her to leave.

Gu Shaoyang looked at Lingdang very helplessly, and then looked at Lingdang, and said He said: "How are you doing with the exercise book I gave you this time?"

Hearing what Gu Shaoyang said, Lingdang immediately raised his head, his eyes seemed to be shining with stars, because he had been working very hard during this period.

He knew that Gu Shaoyang and the others were busy, so He never disturbed any of them, he just studied it carefully by himself.

He looked at Gu Shaoyang and said to him: "I have read that book three times. Although there are many things I can't understand, I think I can still understand some of the things written in it."

Gu Shaoyang did not expect this. The little girl has read the book so many times. It seems that he is really serious these days.

It was just a very ordinary book on practicing martial arts, and it was just an introductory book, so Gu Shaoyang felt that it was very suitable for her to start learning Lingdang now.

Gu Shaoyang looked at Lingdang and said to him: "I happen to have time today, so I want to teach you. If you don't understand anything, you can ask me." As soon as

Lingdang heard Gu Shaoyang say this, she became happy. His eyes were already wide open, looking in the direction of Gu Shaoyang.

He was a little unbelievable and said to Gu Shaoyang: "Really? Brother Gu Shaoyang."

Gu Shaoyang nodded and said: "Yes, since you are with me, I have the responsibility to educate you well, so you have. If you don't understand something, take this opportunity today to ask everything clearly, and you can start practicing." After hearing Gu Shaoyang say this, Lingdang was immediately behind him and took out a book on ordinary cultivation.

Gu Shaoyang looked in the direction of the book. Sure enough, as Ling Dang said, he had read it many times, and there were many annotations on it.

Gu Shaoyang felt that this little girl, Lingdang, was really serious about what she did.

But in Lingdang's heart, she was thinking about herself. She must study hard to be a master, to be able to change her current living situation, and not to follow others and be taken care of by others every day.

Ling Ding opened his book and placed it on the stone table next to him.

In the pavilion, he had already begun to ask Gu Shaoyang some questions that he had no idea about.

Lingdang looked at Gu Shaoyang and said to him:"This is how to draw Qi into the body. I don't know how to draw Qi."

Gu Shaoyang didn't seem to think that Lingdang had marked many questions that he didn't understand in the book. He admired the little girl very much for doing this.

He was also very serious and told the bell how these problems should be solved.

After listening to it, Ling Dang's understanding was very high and he understood everything immediately.

Ru looked at Gu Shaoyang and said to her:"The so-called Dantian is our place."

While speaking, he covered the direction of his stomach with his hands.

Because the little girl has never been exposed to this knowledge, she relies entirely on her own guesses about these things.

Gu Shaoyang nodded, looked at Lingdang and said to her:"I didn't expect you to be really smart."

When Lingdang heard Gu Shaoyang say this, she laughed, and her own laughing voice was like the silver bell. In general, it really sounds very good, and his little face is like a sunflower, it is really beautiful.

Gu Shaoyang hoped that the little girl Lingdang could be so cheerful and optimistic in the future. He looked at Lingdang and said to him:"You have a very beautiful smile. From now on, you can say whatever you want and ask whatever you want. Do you understand?"

Lingdang nodded. Feeling a little embarrassed, he looked at Gu Shaoyang and said to her:"But there are still many things I don't understand."

Gu Shaoyang knew that he had time all afternoon today, so he said to Lingdang:"Okay, let's go Ask me all the questions you don't understand. In the evening, you can slowly start practicing by yourself."

Because Lingdang had already marked all the questions in the book at this time, Gu Shaoyang was very good at explaining. easy.

Then Lingdang wrote all the knowledge he heard in that book.

So at this time, the book is really filled with writing by this little girl.

And there were some words that he couldn't write. He didn't expect that this little girl was really very smart. Since he had drawn all these things with a pattern that he couldn't understand.

At this time, Tianci had already taken some pastries and tea and walked towards their pavilion.

He saw that Gu Shaoyang was very patient and taught Lingdang various knowledge.

The corners of Tianci's mouth curled up slightly in a very pleasant arc.

When he came over, he was wearing a white dress and looked fairy-like.

Tianci said to the two people in the pavilion, "What are you two doing?"

Because Tianci also likes the little girl Lingdang very much, and feels that Lingdang is really very pitiful, so recently, whether it is flower arrangement or Make tea, Godsend will teach Bell something.

After all, Tianci's father is the dean of the academy, so he knows a lot of things and is very knowledgeable.

Chapter 1543

Hearing Tianci's voice, both of them looked towards the stone path in the garden.

The two of them looked at Tianci wearing a white dress, holding a tray in his hand and talking to two people.

Gu Shaoyang had already laughed, looked at Tianci, and said to him: "I am teaching Lingdang the books on the exercises that he just read a while ago, and I want him to enter the state of cultivation faster."

After all, they are By now, I have been here for seven or eight days.

Lingdang has read all the books, and this is a good time to teach him.

Lingdang looked at Tianci walking towards her direction. She stood up very politely, looked in the direction of Tianci and said hello, "Sister Tianci."

Tianci looked at Lingdang's proactive look and was really very surprised. I feel sorry for this little girl.

She had already approached the pavilion, and then placed the snacks and some tea in her hands on the stone table next to her.

Tianci looked at Lingdang and said to him, "How about Gu Shaoyang telling you these things? Do you understand or not?"

Lingdang nodded, and then immediately shook her head. Looking at Tianci, she felt a little embarrassed. Her face suddenly changed. It became red.

Because he still didn't understand something, but he was embarrassed to ask Gu Shaoyang.

He looked at Tianci and said to him: "I have understood many things, but there are still some things that I will not know until I practice them myself."

Tianci touched Lingdang's head, then looked at Lingdang, He said to him: "Whenever you don't understand something in cultivation, come to Sister Tianci and I will answer it for you."

Gu Shaoyang knew that Tianci felt very sorry for this little girl, so he also looked at the bell and said to him: "If there is anything you don't understand, you can ask any of us, and we will answer it for you."

Lingdang was really happy, and he started to laugh sincerely at this time.

He looked at Gu Shaoyang and Tianci and felt very grateful. They said to them, "Thank you very much. You have changed my destiny."

Gu Shaoyang felt that he had already written in his book. All the knowledge that he did not understand has been taught to him, and there is nothing left to teach Ling Ding.

So Gu Shaoyang looked at Lingdang and said to him: "As long as you get what you want, you have to rely on your own efforts, but don't forget that there are many people who are actually very good to you."

Because Gu Shaoyang still I remember that in the past, Lingdang had very deep resentment towards other people.

And it is very unfriendly to many people.

Lingdang was suddenly startled, but after reacting for a while, he understood the meaning of what Gu Shaoyang said.

I also know that during this period, Gu Shaoyang, Luo Zishan and others have been very kind to me, and I am also very dignified when walking with them outside.

So he has faded away from the resentment he had towards everyone before.

He looked at Gu Shaoyang and Tianci and the others, and said to them: "I know that I will work harder in the future and won't be held back by you guys."

Gu Shaoyang did not expect that this little girl is really a very self-improving person. He also likes Lingdang's very stubborn character.

He looked at Lingdang and said to her: "Yes, you can definitely change your own personality."

Bai was already holding Lingdang's hand, looked at Lingdang, and said to him: "You can only become a master by enduring hardships." , Although it is very hard for you to learn these things now, you will definitely win the respect of others in the future."

Lingdang was really very happy, and several of them said these heartfelt words to themselves.

He looked at Tianci and Gu Shaoyang and said, "I'm really grateful to you two."

As he spoke, Gu Shaoyang had already begun to change the direction of his speech and no longer talked to Lingdang about some study problems. Instead, he talked about some very light topics.

It was amusing for a moment, and Lingdang and Tianci laughed.

Gu Shaoyang saw the two of them happy, and he felt really happy in his heart.

The whole morning passed like this, and everyone sat at the same table during lunch.

Gu Shaoyang looked at Luo Zishan and Li Zhou and found that their emotions were not particularly high. Gu Shaoyang did not ask them what the specific reason was.

After all, he also knew that the two of them seemed to have great resistance to the demon king of the demon clan, and they must be related to her.

Therefore, Gu Shaoyang did not want them to have too much pressure and did not mention this issue.

The sky began to darken little by little.

Gu Shaoyang and the others gathered together again to discuss their plans.

Chapter 1544

Li Zhou looked at him and said: "You have really made all the plans."

Luo Zishan nodded very solemnly and said to them: "The Demon Clan's Forbidden Land is not just for anyone to go to. So we must be careful and hide our traces."

Because he knew that the demons had their own tracking techniques, he was also afraid that Gu Shaoyang and the others would be affected.

Gu Shaoyang nodded and looked at Luo Zishan, and said to him: "Don't worry, as long as we can enter the place where the demons are, we will be careful." At this time, Li Zhou had already begun to look at Luo Zishan very seriously. He said: "Thank you very much, my brother."

He really didn't expect that when he saw the Qilin Beast, the Qilin Beast would help him so much.

Not only did he save his own life, but it also helped him a lot, and he was able to save his parents.

Luo Zishan looked at Li Zhou very seriously and said to him: "Actually, our entire family is an enemy of the Demon King, so he will also deal with me. If I help you now, I am also helping myself, and he and I They have deep hatred."

After hearing what Luo Zishan said, Gu Shaoyang and the others couldn't help but look in her direction.

Since it was just sunset, a few of them wanted to leave, but some of them had to go early.

Gu Shaoyang and the others didn't ask, and they didn't tell them what Luo Zishan wanted to do specifically.

Gu Shaoyang looked at Luo Zishan and said to him: "When I originally wanted to ask you whether you had hatred for being with the Demon King Long Hanming and the others, but after hearing what you said, I felt that It's a bigger level. Could it be that your family and the Demon King have hatred?"

When Luo Zishan heard Gu Shaoyang ask this question, he became very angry.

He immediately crushed the corner of the table next to him.

Then he looked at Gu Shaoyang and the others and said, "Don't mention her to me. That guy Long Hanming is just a despicable and shameless guy."

After hearing what Luo Zishan said, Gu Shaoyang became even more conscious of Li Zhou and the others. People with their own stories.

He looked at Luo Zishan and said to him: "You can tell us when you want to talk. You don't have to tell us now. You can just make your own plans." When Gu Shaoyang said this, Luo

Zishan I have suppressed my anger.

After all, for their entire demon clan, this matter is very obscure, so ordinary people don't know about it.

Luo Zishan also promised his father that he could not tell others about this matter.

So she continued, looked at Gu Shaoyang and Tianci and the others, and said to them: "I will tell you one day, don't worry."

When Gu Shaoyang looked at Luo Zishan, he really didn't want to say it, so he didn't force her.

Gu Shaoyang patted Luo Zishan on the shoulder and said to him: "As long as I can help you with this revenge, we will definitely kill Long Hanming anyway." At this time, Li Zhou immediately raised his head, not with his head down and his anger.

He looked at Luo Zishan and said to him: "Yes, whether it is Long Hanming or Jin Zongdi, the king of the Jin Kingdom, I will definitely let them both die badly."

Because it really didn't expect that he His parents and the whole clan had been arrested, so of course he was very angry at this time.

Gu Shaoyang really felt that Li Zhou was a little too excited. She looked at Li Zhou and said to her: "If you have always been so excited, it would be very irrational for you to go to the demon forbidden land with us."

Gu Shaoyang looked at Li Zhou and said to him: "If you think like this again, don't leave with us."

Gu Shaoyang felt that Li Zhou's current mood would not only put himself in danger, but also put them in great danger.

As soon as Li Zhou heard what Gu Shaoyang said, he immediately opened his eyes and looked in Gu Shaoyang's direction.

There were some things it didn't know and didn't expect. Gu Shaoyang suddenly spoke to him very seriously.

Gu Shaoyang knew that when he said this, there must be something Li Zhou couldn't accept.

So she continued to look in the direction of Li Zhou and said to him:"After entering the forbidden area of the demon clan, various things may happen. If you have been so excited and impulsive, you will definitely be exposed by then. It will be very dangerous for all of us if the information about all of us is exposed."

Sure enough, after hearing what Gu Shaoyang said, Li Zhou slowly began to stabilize his mood. He looked at Gu Shaoyang and said,"Yes, I was too excited. I'm sorry. I don't want you to be hurt like this."

Chapter 1545

After Gu Shaoyang said this, Li Zhou's mood gradually began to stabilize.

Li Zhou also knew that it would not be what he wanted to see if all his good friends were put into such a dangerous situation because of himself.

So he felt that he was really wrong to be so excited just now.

He looked at Gu Shaoyang and the others, and reassured them again, saying,"Don't worry, I won't be impulsive."

Gu Shaoyang looked at the sky, which was slowly starting to get dark.

At this time, Lingdang was particularly worried about Gu Shaoyang and the others coming over.

Because he knew that Gu Shaoyang and the others were about to set off. Although he didn't know where they went tonight, he looked at how nervous Gu Shaoyang and the others were all day, and knew that something must be very serious. Dangerous things.

Lingdang cautiously walked up to them, looked at Gu Shaoyang and the others, and said to them: "Brothers and sisters, you must come back safely."

Gu Shaoyang looked at the weather and it was already late, but Lingdang wasn't there yet. Go back to your room and rest.

He looked at Ling Dang and said to him: "Don't worry, we will all come back safely. Nothing dangerous will happen." Then he continued to comfort Ling Ding and said to him: "You go back to your room to practice first. I will give you some advice today." We will come back after you finish practicing your basic skills."

Lingdang nodded, knowing that Gu Shaoyang said this to comfort himself, and he did not want to be a drag on Gu Shaoyang and the others.

So he looked at Gu Shaoyang and Tianci and the others, and said to them: "Then you leave now, I will definitely leave the door open for you."

Tianci really liked this little girl and felt that he was really Well-behaved and sensible.

She looked at Lingdang and said to him: "Okay, then you can practice hard. When we come back, we will all rest together."

Lingdang nodded immediately, feeling that if they didn't come back tonight, she would I definitely won't sleep.

He looked at Tianci and said to him: "Then be careful, sister Tianci."

Tianci nodded. Gu Shaoyang had already looked at everyone and said to them: "Let's get ready to go now."

After all, everything has been done now Preparation, and it also takes a certain amount of time to reach the demonic realm.

Tianci nodded and looked at Li Zhou and Luo Zishan. Tianci also said to them: "You two must remember to suppress your temper."

Of course they knew that these two guys were both Very excitable.

Li Zhou nodded very solemnly and said to Tianci: "Don't worry, no matter how excited I am, I will definitely not put you in danger."

Luo Zishan also knew that that place was very dangerous, so he looked at Gu Shaoyang and the others said to them: "Don't worry, I won't do anything easily. After all, I am very familiar with that place. It is indeed very dangerous." To be honest, he had already looked at everyone and said to them: "It's getting late, let's get ready to go."

Gu Shaoyang, Tianci and the others had already walked out of the Li family's mansion.

Since it was already dark, it was very convenient for them to walk.

So very quickly, Gu Shaoyang and the others were already standing in the air, not in mid-air, but already in the distance, and they were already gone in time.

Gu Shaoyang and the others spent half the night arriving at the Demon Clan's forbidden area.

A few people passed through one forest after another, and there were formations everywhere. They didn't expect that it was a very hidden place, and it would be impossible to get in without Luo Zishan.

Gu Shaoyang looked at Luo Zishan and said to her: "It seems that you are really familiar with these terrains."

Because Gu Shaoyang felt that anyone who did not know the inside story would definitely not be able to enter this place.

Luo Zishan nodded, then smiled very self-deprecatingly, and said to him: "These places have already been engraved in my heart."

Gu Shaoyang did not speak anymore, but followed Luo Zishan along the way. , they flew for nearly a quarter of an hour, and Luo Zishan slowly landed on the ground.

There is a forest everywhere here, and this place is really scary. The stones look weird, like ghosts one after another.

Tianci and Gu Shaoyang followed Luo Zishan one after another and fell down.

Gu Shaoyang looked at Luo Zishan and said to her:"What's wrong, what happened."

Luo Zishan told them that they could no longer fly in this place, and there would be demon soldiers guarding it.

After hearing what Luo Zishan said, Gu Shaoyang, Li Zhou and others immediately became alert.

Chapter 1546

Li Zhou looked at Luo Zishan and said to him:"I didn't expect that the Demon Clan is really very powerful. Even before they reach the Demon Clan's territory, there are already Demon Clan soldiers."

Gu Shaoyang also didn't expect it. This place is so dangerous.

Luo Zishan chuckled and said to them:"That guy is very alert. As long as there is a little bit of danger, he will get rid of it."

Then Luo Zishan took the lead, stepping towards the Walk in the direction inside.

But what Gu Shaoyang didn't expect was that Luo Zishan was not walking casually, walking towards the inside of the forest.

Rather, they seemed to have their own formations, or their own steps, so they did not follow their footsteps randomly, but stepped on one person's footprints and walked forward like this.

Gu Shaoyang whispered to Luo Zishan in front:"Does this place have its own unique method?"

Luo Zishan nodded and said: "Yes, only people from the Demon Clan will know this method, and only people from the Demon Clan Center, Only then will you know how to get in."

Gu Shaoyang was really shocked, it seems that this place is not that easy to get into.

A few people walked for about an hour, twisting and turning. This place was very complicated, and they arrived at a group of splendid and tall houses.

The tall walls surrounding it are magnificent and magnificent.

Gu Shaoyang was really in disbelief. He didn't expect that the demons were really very powerful. This place was really well built.

And from the outside, although the buildings here are different from their buildings and look strange, and there is still demonic energy here, you can still see his momentum.

Due to the demonic energy entering their bodies, they still felt a little uncomfortable when they first entered this place.

Luo Zishan turned back to look at Gu Shaoyang and the others, put an elixir on each of their hands, and said to them: "After you get used to it for a while, you will all feel much better."

Gu Shaoyang nodded and said no more. , but felt that at this time, he should follow Luo Zishan honestly.

Several people followed Luo Zishan and walked into the huge mansion.

This place, said to be a big house, was a house built on a mountain. And after Luo Zishan's explanation, they realized that this mountain had been completely hollowed out by their demon clan, and even In a semi-underground place, there is also their underground palace.

Gu Shaoyang really didn't expect what a big project this would be.

A house of that size was built on it, and the mountain was completely hollowed out, and every space under the ground was completely used by them.

A few of them followed Luo Zishan and arrived at this huge courtyard. They lay on the wall and looked inside.

There were many monsters and demons walking inside at that time. It can be seen that the security of this place was very tight at that time.

Luo Zishan looked at Gu Shaoyang and the others, and made a gesture to ask Gu Shaoyang and the others to follow him.

Without any hesitation, several people followed Luo Zishan.

Very quickly, he had jumped into the courtyard of the forbidden area, the base camp of the demon clan.

Luo Zishan led a few of them, and after another round of twists and turns, they arrived at the door of a huge palace of the Demon Clan.

Lao Wang pointed with his finger, and then drew a shape. He told them that this was where the demon king Long Hanming lived.

Gu Shaoyang and the others had all looked towards the huge house inside the palace.

I didn't expect that this place was really big. It was placed in a palace, but that's all.

And it can be seen that Luo Zishan is really familiar with this place.

Gu Shaoyang and the others couldn't talk at this time, so they didn't ask Luo Zishan too many questions.

After Luo Zishan showed this direction to several of them, he continued towards the back of the house and went around it.

Gu Shaoyang and the others had all followed behind Luo Zishan, walking lightly, for fear of arousing someone's suspicion.

Immediately, a personal guard was seen patrolling in their direction.

Several people immediately hid in a dark place, avoiding the patrol team.

Gu Shaoyang felt that at this moment, his heart seemed to jump into his throat. After all, this was the forbidden land of the demon clan, and the demon king lived in this place, so it was really very tense and dangerous for the few of them.

Gu Shaoyang and the others followed Luo Zishan and came to the backyard of this huge palace again.

Chapter 1547

Then I saw a very dilapidated small house in the backyard. I really didn't expect such a beautiful demon to have such a place.

Luo Zishan immediately walked into the house without any hesitation.

After walking in, he saw that there was no one holding any handles in this place, and Luo Zishan breathed a sigh of relief.

He looked at Gu Shaoyang and the others and said to them: "This is the forbidden area of the demon clan. The place where prisoners are imprisoned is semi-underground in this house." It really made Gu Shaoyang, Li Zhou and the others unexpectedly I never thought that the forbidden area where the demons kept prisoners was actually an ordinary house in the demon king's harem.

And there is often a secret passage in that house, where prisoners are held.

Gu Shaoyang looked at Luo Zishan and said to him: "Are we going in now?"

Luo Zishan nodded and said: "This opportunity must not be missed and will never come back. Since we have not aroused anyone's suspicion now, then we will go in now." Go in."

After saying this, he imagined walking in one direction of the woodshed.

There is a pot rim in the wood room. The pot rim looks like a very ordinary, very shabby thing, but it really looks so out of place in a place like the Demon Clan.

Luo Zishan immediately picked up the pot and jumped in downwards.

Gu Shaoyang and the others were all following Luo Zishan. It was really strange. What kind of imagination was this that could create such a space.

But now is not the time to ask these questions. Tianci followed Gu Shaoyang carefully all the way. He felt that it was really dangerous at this time.

Even if he was too nervous, she still wanted to help Li Zhou and Luo Zishan find this place.

Sure enough, after going down, I didn't expect that it was not particularly dark. Clusters of torches could illuminate the entire dungeon space from a distance.

Moreover, Gu Shaoyang was already facing the direction inside, and when he looked over, there was really a lot of wailing.

Although this place was said to be a dungeon, I didn't expect that a lot of people must be imprisoned, because when Gu Shaoyang and the others just landed, they heard various sounds of ghosts crying and howling inside, and some of the sounds even sounded creepy. Feel.

Luo Zishan seemed to have become accustomed to it.

She bowed and motioned to Gu Shaoyang and the others to follow her.

Tianci followed Gu Shaoyang in a very low voice and said to her: "Why do I feel like I'm not in the forbidden land of the demons? It's like going to hell."

Although Tianci was joking like this, he wanted to relax a little. one time.

But Gu Shaoyang could tell that Tianci was really nervous.

, Gu Shaoyang stretched out his hand and took Tianci's weak and boneless little hand in his own.

Then he looked at Tianci in a low voice and said to him, "Don't be afraid."

When Tianci looked at Gu Shaoyang's generous hand and held his hand, his heart seemed to have calmed down a lot.

She raised her head and nodded in the direction of Gu Shaoyang.

Then Gu Shaoyang had already held his hand and walked all the way inside.

When I first walked into a dungeon, I didn't expect that the person locked inside was actually a monster.

Moreover, this monster looked bloody, and it was no longer clear what its original appearance looked like.

Luo Zishan just took a brief look and walked in the other direction.

But they didn't expect that they had walked through the entire dungeon and found no human figure, let alone Li Zhou's parents.

Luo Zishan was really surprised. He obviously felt that this place was already a very hidden place in the forbidden area of the demons. Could it be that Li Zhou's parents were being imprisoned in another more hidden place at this time?

He looked at Gu Shaoyang and the others and signaled them with his eyes that they had already searched all the places, so at this time they could only return without success.

Gu Shaoyang and the others did not dare to stay too long in this place, so they all followed Luo Zishan and walked out of the dungeon.

Just after leaving the dungeon and the forbidden land of the demon clan.

Gu Shaoyang had already seen Luo Zishan and asked him what was going on. Could it be that Quan had searched all over just now and couldn't find Li Zhou's parents."

Li Zhou was really anxious at this time. He had put all his hopes on Luo Zishan.

The place pointed out by Luo Zishan was really very hidden, but there was no Thinking about why his parents were not found.

Li Zhou was a little in disbelief. He looked at Luo Zishan and said,"Is there any other safer or more hidden place? That place is already where my parents are detained." The place."

Chapter 1548

Luo Zishan shook his head and said to him:"I only know that the demons have such a forbidden area. I don't know about other places. I'm really sorry. I didn't expect that I couldn't help you."

Li Zhou was completely exhausted I collapsed, not expecting that the hope I just saw would turn into complete disappointment at this time.

Gu Shaoyang immediately put his arms around Li Zhou's shoulders, looked at Li Zhou and said to her:"Don't be discouraged, as long as we all look for it carefully, we will definitely find clues."

At this time, the few of them had already walked to the devil's door. In the forest of the tribe, but unexpectedly, there was a roar of a monster.

Gu Shaoyang and the others immediately became alert. What was the reason for this?

Luo Zishan immediately turned around, looked at Gu Shaoyang and the others and said,"One of you must have gone to the wrong position, so at this time, the attention of the demon soldiers has been attracted. Please be careful and leave this place."

After all, as long as this After the sound came out, all the monsters would slowly approach them in this direction, which was very dangerous for them.

Sure enough, after hearing what Luo Zishan said, Gu Shaoyang had already looked in the direction of Li Zhou. Maybe it was because Li Zhou was living in poverty just now, so he accidentally stepped on the wrong position.

I didn't expect that the forbidden area of the Demon Clan is really very strict, and even a small error will arouse such suspicion.

Gu Shaoyang looked at the few of them and said to them:"It's not too late, let's go quickly."

After saying that, several people stopped hiding their traces and quickly walked out towards the edge of humanity.

But what I didn't expect was that very quickly, the demon generals were chasing him.

Gu Shaoyang looked at the body of the monster behind him. The huge body howled, giving people a frightening feeling.

Then he was still able to speak human words. He looked at Gu Shaoyang and the others and said to them:"Who should break into our demon clan?"

It was a huge magical beast that looked like a big lion. When it approached Gu Shaoyang and the others, When he was alone, he could already hear the lion making a thumping sound with every step it took, which really gave people a particularly frightening feeling.

And that monster is actually taller than the Qilin Beast Luo Zishan, about three meters tall.

When Gu Shaoyang and the others want to take a fancy to him, they really need to look up to him.

And that huge guy was ten meters long, and it was even more terrifying when he walked.

Tianci had already stood behind Gu Shaoyang at this time, so he had a certain understanding of Warcraft, but he had never seen such a big Warcraft before.

When he saw the lion-like, huge monster, Li Zhou really couldn't be confident. He didn't know what kind of behemoth he had provoked.

So at this time, Gu Shaoyang was already holding a long sword in the direction of the opponent, ready to attack anytime and anywhere.

Gu Shaoyang on the other side was also ready to attack. After all, at first glance, this guy was not that easy to mess with.

At this time, Luo Zishan did indeed open his eyes in disbelief.

He took the hands of Gu Shaoyang and others and said to them: "Don't act rashly." I know him."

Gu Shaoyang really didn't expect what Luo Zishan was talking about.

When he saw Luo Zishan, he said to him: "This is a general of the demon clan. You must not have a relationship with him. Maybe he is here. Kill us."

When Gu Shaoyang said this, he really felt that the other party's murderous intent was already full, and he was already walking in the direction of Gu Shaoyang and the others.

Gu Shaoyang believed that as long as the other party opened his mouth, he could completely kill them all. This tiny human has been eaten all.

Luo Zishan bowed his hands and immediately revealed his original Qilin monster body.

Luo Zishan's body at this time was not particularly big, only about one meter. How tall, and three to five meters long, so compared with the huge lion monster on the other side, it does seem to be much smaller.

Luo Zishan turned towards that direction, and then made a very low sound of a monster, without expecting it The other party's footsteps suddenly paused.

Although Gu Shaoyang couldn't understand why the two of them communicated with each other in such voices, he knew that the two people were talking.

But Gu Shaoyang knew that Luo Zishan just said He said that he knew the general, which seemed to be true.

Gu Shaoyang and the others felt that they were really in danger this time. If they met this guy, it was not Luo Zishan. I know a few of them, and there will definitely be a bloody battle at this time.

Chapter 1549

So Gu Shaoyang patted Tianci's hand, comforted Tianci, and told Tianci not to be afraid at this time.

At this time, Tianci also looked in the direction of Luo Zishan.

Several people saw that Luo Zishan had transformed back into a purple-clad boy very quickly. When they saw Luo Zishan transform back, the four huge monsters also turned into human beings.

He was so thin and transformed into a human body, but he turned out to be a burly man over two meters tall, and he looked to be in his thirties, which really gave people a very stressful feeling.

Gu Shaoyang had already looked in the direction of the man. Is this the huge lion monster he just saw? It's really unbelievable.

Several people only heard the man's very low voice, and they already looked in the direction of Luo Zishan and said to her:"You are the little Qilin beast."

Sure enough, when they heard this sentence, Luo Zishan felt like I was really excited at this time.

He had already looked in the direction of the lion.

He said to him:"Uncle."

After hearing this, even Gu Shaoyang was a little unbelievable. This guy actually called him uncle. What's going on?

Several people were really happy when they saw the lion monster. She immediately stepped forward and was much taller than Luo Zishan.

He patted Luo Zishan on the shoulder and said to him: "I didn't expect that the Qilin Beast family would still have descendants."

He was really emotional when he said this. Although Gu Shaoyang didn't know what happened, but He did know that Qilin Beast must be the last monster in their Qilin Beast family.

Gu Shaoyang looked in the direction of Luo Zishan and said to him: "What's going on?"

Gu Shaoyang had already taken a few steps forward, and Luo Zishan immediately turned back and looked at Gu Shaoyang and the others.

Then he looked in the direction of the lion monster and said to him: "Uncle, please let a few of us go today. A few of us came here just to inquire about the news, and there was no damage."

The lion Warcraft. Hearing what Luo Zishan said, he looked at Luo Zishan and said to him: "Why have you returned to the forbidden area of the demon clan again? Do you know that this place is very dangerous for you."

Lion Warcraft has always been The person who protects Luo Zishan wants Luo Zishan to stay away from the demon clan. This place is also very safe for him. After all, he is the last one of the Qilin Beast clan.

Luo Zishan nodded and said to him: "It is indeed very dangerous, but my friend's parents have been arrested by the Demon King, so we came to this place to find out the news."

Hearing Qilin Beast say this After that, there was something unbelievable about the lion monster.

It looked at Gu Shaoyang and the others and said to him: "You are the family of those humans."

Gu Shaoyang did not expect that this guy must have his own inside story.

She looked at Li Zhou and then at Luo Zishan, and said to him: "It is indeed a few of us, their descendants. Our parents were arrested, so we came here to rescue our parents."

Sure enough, after the lion monster heard what Gu Shaoyang and the others said, he looked at them and said to them: "The Demon King of the Demon Clan is not that easy to deal with. You guys should leave this place quickly. I want you to My parents are worried about you."

Upon hearing this, Luo Zishan realized that the lion monster was already planning to let him go, so he was still very happy in his heart. He did not point out that the lion monster could be of more help to him. After all, they are all on different positions now.

Luo Zishan looked at his uncle opposite and said to him: "Thank you, uncle, for letting us go this time."

After all, many Warcraft are lions without so many emotions. Warcraft can treat Qilin. It is a very good thing that beasts have such feelings.

When Gu Shaoyang wanted to continue asking questions, Luo Zishan had already turned around and took Gu Shaoyang's arm, stopping Gu Shaoyang's hope of continuing to speak.

He looked at Gu Shaoyang and the others, and said to them: "Since uncle has let us go this time, let's all leave."

When Luo Zishan finished speaking, he had already clasped his fists and looked at the The tall man turned to her and said to her: "Thank you, uncle, for letting us go this time."

Luo Zishan was really grateful to the Lion Warcraft General. After all, if it weren't for him today, it would definitely not be so easy for them. Just be able to escape.

The lion monster looked in the direction of Luo Zishan, but he didn't expect that Luo Zishan didn't ask for news about his friend's parents.

He still looked at the Qilin Beast very excitedly and said to him: "A few of them have been imprisoned in other courtyards, but I don't know where they are."

Chapter 1550

"Only the Demon King and King Jin Zongdi of the Kingdom of Jin knew about it."

Hearing what the other party said, Gu Shaoyang knew that they would fail this time.

Gu Shaoyang clasped his hands in his fists, looked in the direction of the lion monster, and said to him: "Thank you for your kindness, thank you for letting us go a few times this time. Personally leave this place."

At this time, Tianci also clasped his hands in the direction of the other party like Gu Shaoyang.

The other party ignored Gu Shaoyang and the others, but waved his hands, then continued to look in the direction of the Qilin Warcraft, and said to him: "Get out of this place quickly. , a large force will be coming soon."

After all, Lion Warcraft is relatively close to this place, so they have already said a lot, and they will attract a lot of people immediately.

Luo Zishan nodded, then looked at Gu Shaoyang and the others, and said They said: "Get out of here quickly."

Then the one standing in the air flew towards the distance.

Gu Shaoyang, Tianci and the others followed Luo Zishan without any hesitation.

They maintained this position for half an hour. , finally returned to the edge of the human area.

It really made Gu Shaoyang and the others relax a little.

Gu Shaoyang saw Luo Zishan and said to her: "Why didn't you ask where Li Zhou's parents were? Luo

Zishan shook his head and said to him: "Uncle, he is also under the control of the devil now, so we should not embarrass him.""

He didn't say any more unnecessary words. When a few people returned to the compound, it was already three o'clock in the morning, and the sky was already starting to light up. As soon as Gu Shaoyang and the others opened the door, they saw the bell. He was very nervous and had already ran over.

Gu Shaoyang looked at the little girl Lingdang, her eyes were bruised, and he knew that this little girl really did not sleep this night, but was waiting for them.

Lingdang was really He was very worried, looked at Gu Shaoyang and said:"Are you all okay?"

Gu Shaoyang nodded and said,"It's okay. Go back and rest quickly.""

After all, he could also see that this little girl was already very sleepy, and her eyes were already a little confused.

Lingdang nodded, looked at the few of them, and seemed to be relieved that nothing was wrong.

He said to Tianci said:"Sister Tianci, are you okay?"

Tianci shook his head and said,"It's okay, little girl, go back to sleep.""

Lingdang nodded again, and then said to them:"Then I really go back to sleep."

When he said this, he had already yawned and walked into his room. What

Gu Shaoyang and the others did not expect was that Long Hanming from the demon clan was in his demon clan's hall tonight. , so when he arrived, he had already seen the lion monster saying goodbye to Luo Zishan and the others. He did not alert the snake.

Instead, he knew why they came to this place, the demon king of the demon clan He really didn't expect that he would find Lizhou after all his efforts.

So Mo Zheng, he had already captured the Lion Demon Beast directly.

The Lion Demon never thought that he had just sent Gu Shaoyang and the others away When he left, he had become a prisoner.

When it was imprisoned in the prison in the forbidden area of the demon clan, the demon king controlled several demon beasts and told Gu Shaoyang and others which courtyard they would be in next, and continued to search for news about Li Zhou's parents. , all of them have been found out.

So at this time, the devil's mouth slightly raised, and she said to herself:"These young people are very easy to deal with, so I will let them fall into my trap."."

But at this time, Gu Shaoyang and the others did not know what had been discovered by Long Hanming.

Two days passed, and Gu Shaoyang and the others would start to inquire about the news in various other courtyards every day.

But there was no Thinking that there has been no news all this time.

It was at this time that Gu Shaoyang and the others searched again with no results.

When he returned to his home in Lizhou very tiredly, he walked on the street and saw two people talking together

"It's really strange that no one is allowed in that place in the suburbs. Is there some big shot there?"

When Gu Shaoyang heard this, he immediately looked in the direction of the two people chatting.

The two people were wearing very ordinary clothes, like farmers, and they were holding vegetable baskets in their hands.

Gu Shaoyang was already following them. Behind the individual, the two people could be heard saying:"It must be because there is some big force in that place. Didn't you know that there is a particularly large annex in that place? There must be some particularly important people being imprisoned there." Come on."

After Gu Shaoyang heard this sentence, he knew that he had found a particularly important piece of news.
