

Attributes 1561

Chapter 1561

After a while, he seemed to slowly figure things out, his eyebrows began to slowly open again, and a slight smile appeared.

God's ability to observe these things is very serious and meticulous.

He immediately looked at Jin Qiuming and said to him: "Uncle, we really sincerely want to rescue Lizhou's father. If what you are talking about is related to the affairs of Lizhou's family, then you can tell him. As we said, we will definitely help you to a certain extent."

Sure enough, after Tianci said these words, Gu Shaoyang had already looked in the direction of Tianci. Gu Shaoyang really didn't expect that Tianci would observe everything. He was so careful, and Gu Shaoyang actually thought so in his heart.

It's just that he didn't know how to speak. He looked at the little girl next to him with great admiration.

After Jin Qiuming heard what Tianci said, he immediately relaxed. His fingers were tapping on the Thai chair next to him, as if he was thinking.

Then he hesitated for a while, looked at Gu Shaoyang and Tianci and said to them: "It is indeed about Tianci's parents, but it has a lot to do with those two people. I hope you will be mentally prepared."

After hearing what Jin Qiuming said, Gu Shaoyang and Tianci immediately looked in the direction of Jin Qiuming. They knew that if this was said, it would definitely be a big deal, so the two young people did not dare to slack off.

But Gu Shaoyang, who was very serious, had already looked at Jin Qiuming and said to him: "Don't worry, uncle, we will definitely keep it secret."

Because Gu Shaoyang knew a few of them, and now they are three very powerful people in the country, Jin Qiuming. At this time, if you want to help yourself, it means that you, Long Hanming

and Jin Zongdi, have become enemies together, covertly or covertly, and it may have a lot of influence on Jin Qiuming in the future.

Gu Shaoyang didn't want this to happen.

After all, if Jin Qiuming were still in the position of National Preceptor, he would be of great help to them.

Jin Qiu Ming cleared his throat, looked at Gu Shaoyang and Tianci, and said to them very seriously: "Okay, then I will talk to you."

Then Jin Qiu Ming had already settled the matter, I slowly explained the whole story to the two people.

Jin Qiuming said to the two of them: "I found that Long Hanming and Jin Zongdi conspired to kill Lizhou's parents."

After hearing this sentence, Gu Shaoyang was really very different. He was not Lizhou's parents. There is a treasure map in their hands, so they have been very safe all along?

Why do you suddenly want to kill Li Zhou's parents again?

If this is the case, it seems that they need to act earlier, otherwise, it will be very hopeless to save people by then.

Gu Shaoyang still had to think about how anxious Li Zhou would be if he heard the news.

If Li Zhou was impulsive and ran away alone to fight with Long Hanming and Emperor Jin Zong, he would find the consequences disastrous if he thought about it.

Gu Shaoyang also sat upright at this time, waiting for the other party's next words.

Tianci, who was on the other side, started to get nervous at this time. He stood up and looked at Jin Qiuming, listening to Jin Qiuming's next words.

Jin Qiuming looked at the two people and said to them:"When I met Emperor Jin Zong occasionally, Emperor Jin Zong thought I had retreated, so he invited the Demon King Long Hanming again, but he didn't expect them What the two people said was actually heard by me."

When he told the truth, he sighed again. After all, the four of them were very good friends in the past.

Then he looked at Gu Shaoyang and Tianci, and continued to say to them:"They feel that Lizhou's parents are really ignorant of current affairs, so they want to kill them directly. Otherwise, no one will get the treasure map."

Gu Shaoyang really didn't expect that Long Hanming and Jin Zongdi were already jumping over the wall in a hurry at this time?

It's because Li Zhou's parents have not given them any news, so they are so anxious.

Gu Shaoyang looked in the direction of Jin Qiuming and said to Jin Qiuming:"The news you got is really the truth. Is it possible that it was a trap designed by them?"

Jin Qiuming didn't know, so what happened? After all, when Gu Shaoyang and others were involved by the Demon King before, he himself didn't know about it.

He looked at Gu Shaoyang and said to him:"It's impossible for two people to plot this matter because they didn't know that I didn't leave the hall, so they thought I had left."

Chapter 1562

Gu Shaoyang looked at Jin Qiuming and said to her:"I was on the road before and saw two farmers giving me news. I thought Jin Qiuming's parents were in a courtyard in the suburbs, but I didn't expect that when we went , Demon King Long Hanming actually set a trap and was waiting for us at that place, so we fought with her for a while before escaping dangerously."

Sure enough, when he heard Gu Shaoyang say this, Jin Qiuming's eyes couldn't help but , have opened their eyes wide. What Gu Shaoyang is worried about is that he is afraid that Long Hanming and Jin Zongdi will also set a trap this time.

That's why the situation for these young people was like this at this time. Jin Qiuming didn't expect that Long Hanming would set such a trap to deal with these young people. This generation of demon kings was really embarrassed.

Jin Qiuming looked at Gu Shaoyang and Tianci with great certainty, and said to them: "Don't worry, the news about this matter must be true. When the time comes, you go back to discuss it with Lizhou. The Demon King and Jin Zongdi If I find out specific information about the murder of her parents, I will inform you at that time. You can just go to that place and rescue people directly. I will also send people to protect you secretly." After hearing this,

Jin Qiuming said Everything had been arranged so well that Gu Shaoyang felt that there was no need for him and Tianci to stay any longer.

So Gu Shaoyang had already stood up, looked at Jin Qiuming and said to him: "Now that things are like this, a few of us will go back to discuss it. This time, I really want to thank you very much, National Master. If anything happens in the future, we will definitely help you." Yes, I will contact you as soon as possible."

Jin Qiu Ming looked at the two young men. He had already stood up to leave. At this time, God sent him to hold his fists with his hands, looked in the direction of Jin Qiu Ming and said to him: "Thank you, Imperial Master. Sir, please tell us the truth this time. If you bother me, we will see you later."

Jin Qiuming looked at the two young people, feeling really pleased.

She looked at Gu Shaoyang and Tianci and said to them: "I hope that everything for you young people will go smoothly. If there is any news from my side, I will send capable assistants to talk to you." Contact us, or ask someone to protect you secretly, don't worry."

Because Jin Qiuming thinks that Gu Shaoyang and these young people are really good, very smart, and very powerful, and they want to rescue Li Zhou. Regarding the parents' matter, it's okay to rely on a few of them.

Otherwise, he was always acting secretly, always being one step slower than Emperor Jin Zong and Long Hanming. Jin Qiuming felt really uncomfortable when the two of them were one step slower.

If it was true that the two of them conspired to kill Li Zhou's parents this time, Jin Qiuming would feel very painful just thinking about it, that he would soon lose two friends.

Gu Shaoyang watched again, and Jin Qiuming said to Jin Qiuming: "In this case, then, Master, the two of us will leave first."

Tianci also clasped his fists with both hands, and when following Gu Shaoyang, he was about to face the door. direction.

The Imperial Master looked at the two young men and said to them:"Let's go, be careful about everything."

Gu Shaoyang and Tianci walked out of the study without turning their eyes, then walked out of the long courtyard, and passed another long Corridor, when walking out of the Imperial Master's Mansion.

Gu Shaoyang breathed a sigh of relief. He didn't expect that he would get some news this time. Although the news was not good news, it was also very important to Gu Shaoyang and the others.

Tianci's side was indeed very nervous.

He looked at Gu Shaoyang and said to him:"Do you think we should go back and tell Lizhou the news?"

Because Tianci knew the news, and if he went back and told Lizhou, Lizhou would definitely be very impulsive and anxious. He wanted to rescue his parents immediately.

But at this time, they didn't even know where the other party was. Even if they wanted to save people, they would be as clueless as a fool. They still had to take a long-term approach.

Gu Shaoyang feels that this matter is really a very difficult problem, but he feels that they are here to help Li Zhou this time, and Li Zhou is the only one who is very familiar with the country they are in now, so he feels that it is better to I need a few friends of my own to discuss it carefully together.

So Gu Shaoyang looked at Tianci and said to him:"I think the two of us should go back and discuss it with him. After all, one person is short-term and three is long-term. If we all get together and discuss it, we may get other news." , the two of us go back quickly."

Chapter 1563

While the two were talking, they were already walking back towards Li Zhou's home and mansion.

After just crossing two streets, both of them were feeling very heavy at this time.

Tianci was thinking about how to tell Li Zhou about this matter in a tactful way so that Li Zhou would not be so irritated.

Gu Shaoyang was thinking about how to find Li Zhou's parents so that the two of them could escape extremely smoothly.

The two of them had just walked into Li Zhou's mansion when they saw Luo Zishan walking in the direction of the two of them very anxiously. Luo Zishan was wearing a purple robe. At first glance, he looked like a handsome young man, walking toward them. When the two people came over, they no longer looked like that young man.

They looked at Gu Shaoyang and Tianci who were very anxious and said to them: "Where have you two guys gone? Do you know?" We have been waiting for you all this morning very anxiously."

Because this is an extraordinary period, Luo Zishan is also afraid that there will be any accidents to Gu Shaoyang and the others, and he has told them both to go see the doctor Jin Qiuming, but he didn't expect that after so long, he really thought that the two of them had encountered something else.

Gu Shaoyang looked at his friend. Luo Zishan's concern for him, although the words were very unpleasant, made him feel warm in his heart.

At this time, Lingdang also walked out of the courtyard.

He was wearing a red robe. When he ran out, he saw Gu Shaoyang and Tianci. The little girl's eyes were slightly red. She looked in the direction of Gu Shaoyang and Tianci.

He said to the two of them very nervously: "You two are finally back. We have been really worried to death this morning."

They were really scared. What would happen to Gu Shaoyang and Tianci when they went out this time? It was like an accident, so I was really worried about the two of them.

The way Ling Dang looked like this made Tianci really feel very uncomfortable. He walked up to hold Ling Dang's hand, patted the back of Ling Dang's little hand, looked at the little sister, very concerned about his appearance, and then gave him Bell wiped her tears.

Tianci said to her, "It's okay. Gu Shaoyang and I just went to the Imperial Master's Mansion once."

Then Tianci looked at the bell and changed the topic, not wanting this little girl to continue to be so sad.

Tianci said to him, "How is it? Is Li Zhou feeling better at this time? Let's go and see him. I have something to tell him."

Sure enough, after hearing this, Ling Ding was already holding back his breath. Frustrated, he held back his tears and sobbed twice.

He said to Gu Shaoyang and Tianci: "He still has some fever at this time, and he still seems to be very ill."

Luo Zishan also sighed, as if Li Zhou's body was suddenly troubled at this time. He fell down and seemed very dissatisfied.

He said to Gu Shaoyang and Tianci: "That's right. I didn't expect that just after this little thing happened, that guy in Lizhou actually started to be unable to hold on. He was really useless."

Although Gu Shaoyang Listen, Luo Zishan spoke like this, but his facial expression was still very worried. He from Lizhou directly put Luo Zishan's shoulders under his arm, as if they were brothers.

He looked at Luo Zishan and said to him: "You have transformed from a monster into a beautiful boy. How come you are still so hard-spoken and soft-hearted, and you don't mean what you mean?"

Luo Zishan threw away Gu Shaoyang's arm in disgust.

Then, he said to him: "What's the matter? Go in quickly and take a look at that guy. He's really seriously ill."

After hearing what Luo Zishan and Lingdang said, Gu Shaoyang thought that maybe Li Zhou was sick. , it was really serious, so he immediately started to get nervous.

He got up and said to the two people:"Come on, let's all go take a look."

He and the others had already walked in the direction of the courtyard.

When he arrived at Li Zhou's door, he didn't knock on the door at all. He just opened the door and walked in. He saw that Li Zhou was lying on the bed with a towel on his head. It looked like he had a fever. of.

Although Li Zhou was lying on the bed, he was not sleeping. When he heard the sound at the door, he had already raised his body and looked outside the door. The towel had already fallen off.

When he saw Gu Shaoyang and Tianci coming back, he immediately started to do it. His face was all red at this time, and his mental state didn't seem particularly good.

He looked at the voices of Gu Shaoyang and Tianci, and both Some people said hoarsely to the two people:"How about Jin Qiuming? Did he give you any useful information? Can we find it? Where are my parents at this time?"

Chapter 1564

Since Lizhou has been under a very stressful situation for a period of time, this time he really couldn't stand it any longer. He was only sick because of the mental exhaustion he had been feeling all along. fall.

Gu Shaoyang really felt sorry for her brother. She walked into the room and sat on a small bench in Lizhou. Looking at Lizhou's mental state, she felt really bad..

Gu Shaoyang looked at Li Zhou and said to him:"If you are sick, then lie down and rest immediately. Why are you so brave? We will definitely tell you the news we get." After listening to

Gu Shaoyang's words, Li Zhou already lay down obediently. He lay down and leaned on the pillow behind him, looking at Gu Shaoyang and Tianci, as if he was asking with his eyes what news they got, and said yes to himself.

At this time, Jin Qiuming and Lingdang fetched a basin of water again and walked into the room. Lingdang, the little girl, was very good at work and had already cooled down the towel very quickly. Then it was delivered to Jin Qiuming.

Jin Qiuming took the towel again and walked towards Li Zhou's bedside very politely.

He said to Li Zhou, "Let's make peace with you. Who made you so ill?"

Although Li Zhou was very ill at this time, when he saw Luo Zishan, his attitude was not the same. Okay, but the movement of the hand is still very light.

He looked in the direction of Luo Zishan, smiled slightly and said to him: "It's okay, my body has improved a lot. Thank you, my brother Luo Zishan."

Then he directly put the cool towel on to his forehead.

Gu Shaoyang cleared his throat, looked at the bell and said to him: "Little girl, go out and take a look, and hold the door for us."

Of course the little girl knew that if she went out, they would definitely have someone in the room, very Important things to say.

So Lingdang nodded and said to them: "Okay, I'll go out and show you."

Lingdang was no longer afraid at this time. Gu Shaoyang and the others would have no intention of getting rid of him, because he felt At this time, I was one of Gu Shaoyang and the others.

Although he is not that important, he is still very hardworking every day. Whether it is washing clothes, cooking, or doing some housework, he is the first in everything. Gu Shaoyang regards this, It was really gratifying. Seeing this little girl working hard, Gu Shaoyang really regarded her as a member of his family.

The door to the room was closed, and the bell had already walked outside the door. He was already holding it obediently. A small bench was guarded by a few of them in the direction of Lizhou's door.

At this time, Gu Shaoyang looked at Luo Zishan and said to him: "Don't get too excited about what I'm going to talk about later."

After all, Gu Shaoyang knew that there was really nothing he could do about Luo Zishan, a magical beast. Many times, if you give it a little fire, it will catch fire very easily.

Luo Zishan was really unhappy when she heard what Gu Shaoyang said.

He looked at Gu Shaoyang and said to him: "If you have something to say, hurry up and let it go. There are so many things. I was like you said at that time."

Gu Shaoyang also knew Luo Zishan's mood, which was really very serious. No, so he didn't want to argue with Luo Zishan. He looked at Tianci's side. Tianci was facing Gu Shaoyang and nodded, indicating that Gu Shaoyang could speak frankly with Li Zhou at this time.

Gu Shaoyang sat next to Li Zhou and said to him: "I have bad news now that I need to tell you, so you must hold still, don't be nervous or anxious, we will all help you."

Sure enough, Gu Shaoyang heard After saying this, not only Li Zhou was very anxious at this time, but also Luo Zishan became nervous at this time, knowing that Gu Shaoyang would definitely not tell any good news when he opened his mouth.

Li Zhou nodded and took a deep breath.

He looked at Gu Shaoyang with great certainty and said to him: "Just tell me, there will be no worse news than this. No matter what it is now, I can bear it."

Gu Shaoyang saw Luo Zishan and Li Zhou was really very strong at this time. He said to the two people: "I heard from Jin Qiuming that Demon King Long Hanming and Jin Zongdi conspired to kill your parents, but we haven't found out where exactly they are."

Sure enough, Gu Shaoyang's voice just said When he fell, Li Zhou was really in disbelief when he heard the news. He never expected that it would be like this. Didn't his parents have the Chang Bao Map in their hands? How could two people want to kill their parents?

Chapter 1565

He felt a sudden explosion in his head, as if it had begun to explode. It was really completely unthinkable that his parents' lives would be in danger.

So Li Zhou was really in disbelief. His eyes were already wide open, and his body that had just been leaning on the pillow suddenly sat up.

He looked in the direction of Gu Shaoyang and Tianci, as if he wanted to see whether the words they said to him were true or false.

Luo Zishan on the other side did not expect that this guy would bring him such bad news.

He suddenly slapped the table next to him. The table cracked and collapsed immediately.

When Gu Shaoyang turned around, he had already seen Luo Zishan's very handsome young face, which had appeared at this time. The unicorn-like scales could tell how angry the other party was at this time..

Luo Zishan looked at Gu Shaoyang angrily and said to him:"What kind of bullshit news is this? Such news could happen, so what are you waiting for? Let's all find out quickly, where is the other party going to save people?"

Gu Shaoyang Of course, I also know that this is the case, but it is very difficult to take action. After all, I really don't know any news now. I just heard such news from Jin Qiuming.

He looked at the two people and said to them:"Don't be anxious, everyone. I believe that this matter will not be completed in a while. So at this time, we all have to wait for Jin Qiuming to give us more news. We need Steady yourself."

Tianci also looked at the two people, very excited and excited at this time.

He said to the two of them:"Yes, yes, yes, what Gu Shaoyang said is very right. We should not get into trouble first. We must wait for Jin Qiuming to give us the news, and then we can all take action. Save Li Zhou's parents."

Then he looked at Li Zhou and Luo Zishan with very angry expressions.

He said to the two of them: "You two must be steady and don't get into trouble. Otherwise, when we all go out, we will definitely be discovered by Long Hanming. If Long Hanming discovers us, he will treat us badly." He was the one who struck first, otherwise he might have been killed before we could rescue anyone."

Tianci was really afraid that some of them would do some irrational things on impulse.

Gu Shaoyang actually thought this way before. Although Gu Shaoyang was very angry in his heart, he knew that these matters needed long-term consideration and were not something that everyone could just rush into.

After Gu Shaoyang and Tianci finished speaking, they stopped talking.

On the other side, Luo Zishan was huffing and puffing. He was sitting there, and his chest was heaving violently. It could be seen that he was really angry at this time.

But her eyes were also very worried, looking in the direction of Li Zhou. After all, this matter was Li Zhou's own business. Luo Zishan also knew that none of her relatives felt this way.

That's why Luo Zishan wanted to help Li Zhou even more, and wanted his parents to come back safely. That's why he was so angry. Luo Zishan felt like he was really useless. He never Warcraft turned into a beautiful boy, and the first thing was already messed up.

Li Zhou received very concerned looks from all his friends. After a long time, he took a deep breath and slowly began to spit it out. At this time, he accepted the news.

He didn't expect that Emperor Jin Zong and Long Hanming would really kill their parents.

After they stabilized, they looked at Gu Shaoyang and the others and said to them: "I know this matter cannot be accomplished by just a few of us. Jin Qiuming said, can you help a few of us?"

Gu Shaoyang Seeing that Li Zhou was very rational at this time, he felt relieved all of a sudden, like a big stone.

He looked in the direction of Li Zhou and said to him: "Yes, Jin Qiuming said that he will definitely find out the information about your parents for us, and then he will send someone to protect us secretly."

After all, there are only a few young people like them now. They are still studying in the academy, so those who want to fight against the demons, Demon King Long Hanming and Jin Zongdi, are the kings of the country.

It was not easy. With two giant beings, Gu Shaoyang felt that with Jin Qiuming's help, they still had a certain chance of winning.

Li Zhou nodded, feeling slightly relieved at this moment.

He murmured to himself: "I didn't expect that Jin Qiuming, who is really a good friend of my parents, would actually help my parents. Under such circumstances, if it is really possible in the future, I will definitely do it." Repay him."

Chapter 1566

After Gu Shaoyang and others studied everything, they saw that Li Zhou's mental state was not particularly good now, and wanted to let him calm down by himself.

Gu Shaoyang looked at Li Zhou and said to him: "The whole story is like this. Next, Luo Zishan and I will go out to find news again, and we will also wait for the news about Jin Qiuming. You Don't be too anxious, get better as soon as possible."

Li Zhou nodded, then looked at Gu Shaoyang and Luo Zishan.

Several of them said to them: "Thank you very much, my brothers."

Luo Zishan walked up and patted Li Zhou on the shoulder, and said to him: "No matter what it is, I will definitely do it." I'll help you, don't get too anxious and get angry, I'll go out in a while and get some news for you, don't worry."

Li Zhou nodded and already agreed.

Gu Shaoyang, on the other side, looked at Li Zhou and said to him: "Just be quiet for a while and think about what kind of places there are in the Jin Kingdom that you have ignored before."

"Think again about where your parents would hide those things. If it is really possible, we can take that treasure map and exchange your parents' lives."

The reason why his parents were arrested was because their family had such a treasure as the shocking Bagua treasure map. If Demon King Long Hanming and Jin Zongdi got it, they would kill his parents." Let them out.

Then they go to find the treasure map again. Gu Shaoyang feels that if they do this, their chances of winning should be greater. After all, human life safety is much more important than anything else.

Li Zhou nodded, looked in the direction of Gu Shaoyang and Tianci, and said to them:"Thank you very much, okay, you go out, I will be alone and think about it."

When Gu Shaoyang and Tianci came out, they saw that the little girl Lingdang was really obedient. She took a small stool and sat quietly outside the door without leaving.

So. As soon as Gu Shaoyang and others opened the door, the little girl immediately turned around and looked in the direction of these people with great concern.

Gu Shaoyang looked at Lingdang and said to him:"You little girl, are you stupid? I don't know. Is this place very hot at noon? Why are you basking in the sun in this place?"

Because when Gu Shaoyang saw Ling Dang, there were already many beads of sweat on his forehead, and the little girl's face was as red as a red apple. Yes, you can imagine it. Several of them are here In the room, when he said this, the little girl really didn't leave at all, but was very quiet, just basking in the sun and watching the door for them.

When Tianci saw the bell, he was really He felt very sorry for this little girl, and immediately turned into a fan in his hand. Looking at the little girl, he said to him:"You are such a silly little girl, don't you know how to cool off by yourself?""

Although Lingdang listened to Gu Shaoyang and Tianci talking to him like this, his heart was still very warm. He felt that the two people really cared about him, and he was also very happy in his heart. After all, he had always He has always lived a very poor life, and no one has ever cared about her.

He smiled stupidly, and when he smiled, it was like a very bright flower, with his face flushed like a flower.

Look. A few people said to them: "Your business is over. I am afraid that someone will approach this place, so I have never dared to leave."

When Luo Zishan saw the little girl Lingdang talking to them like this, even though he was a Qilin beast and had always been lukewarm towards the little girl Lingdang, at this time he felt that this little girl, It was really cute.

He stretched out his hand and rubbed Bell's hair, which was already wet with sweat.

He said to the little girl: "You little guy, hurry up and let's go up to the pavilion." In that place, you can cool down and eat a piece of fruit."

When he said this, several people had already walked towards the pavilion. Lingdang was sitting in the pavilion. Gu Shaoyang poured a cup of herbal tea directly and handed it to Lingdang. Lingdang was really flattered. He didn't expect these people, He was really very kind to him, and looking next to him, Tianci was still holding a fan to fan himself. Gu Shaoyang took the teacup.

Then he looked at Tianci and said to him: "No need to fan, sister Tianci." I'm not hot."

Because Ling Dang's life was very poor before. He had never lived a particularly good life. He had done such things as performing under the sun.

Chapter 1567

So he didn't really care about this little bit of heat.

But Gu Shaoyang and the others really felt that this little girl, who was only twelve or thirteen years old, looked like a little flower at such a young age, and should not suffer such pain.

When Gu Shaoyang heard this little girl say this, he really felt sorry for her.

He looked at Lingdang and said to him: "Don't be so stupid in the future, just take it a little longer, you know?"

Lingdang nodded very happily. He was really very happy in his heart. He looked silly, but he was already He held the herbal tea to his lips and gently began to drink it.

He looked at Gu Shaoyang and the others and said to them, "Have you finished talking about your matters?"

Gu Shaoyang said that he had finished talking about it. Next, we may not be particularly safe and there will be some turmoil. So little girl, you also need to be mentally prepared in advance.

Because Gu Shaoyang knows that Lingdang is sincere and wants to stay with them, and Lingdang is now a helpless person, following them, Gu Shaoyang and Tianci also want to teach him well, Hope the bell will serve as a useful one in the future.

They also really believe in Lingdang, so if they have some things, they will inform this little girl12 to make her mentally prepared.

When Lingdang heard what Gu Shaoyang said, he immediately nodded very solemnly. No matter it was a difficult life or a dangerous day, he would stay with Gu Shaoyang and the rest of them.

After all, at this time, I am already a person without a father and mother. If I want to stay with Gu Shaoyang and the others, I can still have a stable comfort zone.

He looked at Gu Shaoyang and Tianci and the others and said to them, "Okay, I will be mentally prepared."

At this time, Luo Zishan on the other side was already sitting on the stone bench next to him.

He looked at Gu Shaoyang and Tianci and said to them: "You said we are going to go next to find out the news about Lizhou's parents. Where should we go?"

After all, the Kingdom of Jin is really too big, and they It is really not easy to find the figures of these two people. Of course Gu Shaoyang also knows about this matter. At this time, he is really confused. Even so.

He also felt that as long as he could go out and search, his hopes would increase, and he would definitely not give up.

Gu Shaoyang looked at the maknae and said to him: "The main thing is to surround the Demon King, and Emperor Jin Zong, and see if there is any secret place around the two of them. Then a few of us will explore it, I believe. Since Jin Qiuming has agreed to us, he will definitely have his own power to help us find it."

Because Gu Shaoyang knew that Jin Qiuming, although it seemed that he did not completely agree to them, but Jin Qiuming was a national master always means what he says. Now that he has said such words, he will definitely search for her very seriously.

Gu Shaoyang already knew that it wouldn't take long for Jin Qiuming to give them the exact news.

But Gu Shaoyang was afraid that his friends would be disappointed the more they hoped for it, so he didn't tell them that Jin Qiuming would definitely look for this matter for them, but just told them about it.

A few people sat down and talked for a while in the pavilion, and then they dispersed one after another. Lingdang went to take care of Li Zhou again.

Tianci and Gu Shaoyang had already walked out of the yard to find news about Li Zhou's parents.

Time flew by and half a month had passed.

Gu Shaoyang, Luo Zishan and the others would go out early and come back late every day. As long as they could think of places, as long as they were old forest or some relatively hidden places, they would go and really explore them to see if they could find any news about Li Zhou's parents, but I didn't expect that there was no news at all.

And every day, Long Hanming and Jin Zongdi came in and out very regularly. Long Hanming would take care of the demon clan's affairs every day, and Jin Zongdi would go to court every day to take care of some country's affairs. , and nothing suspicious was found.

Just after the seventh day, Li Zhou went out to search.

Li Zhou looked like an eggplant beaten by frost. He lowered his head and pinched his head again. It was already midnight.

Gu Shaoyang was really worried about Li Zhou. He didn't know why he was gone today and hadn't come back for so long, so he saw that his door was suddenly pushed open with a creak.

Then when he walked into Lizhou, he was immediately in the hall, stood up and walked towards the door.

Chapter 1568

Sure enough, when he walked over, he saw Li Zhou with his head lowered, looking very decadent.

Gu Shaoyang looked at Li Zhou and said to her: "I haven't found anything."

Because he just wanted to see Li Zhou like this and already knew it completely. Li Zhou raised his head and looked at Gu Shaoyang. At this time, his whole body was really... It's very frustrating.

He looked at Gu Shaoyang and said to him: "It's been half a month and I haven't found any news about my parents. Do you think the two of them have been conspired by the Demon King and Jin Zongdi? Killed?"

At this time, he really had nothing left in his heart, so he was really very depressed and very scared. He was afraid that from this moment on, he would really have no family..

But Gu Shaoyang really felt that it shouldn't be possible. If there was such news, Jin Qiuming would definitely give them the news.

He looked at Li Zhou and said to him: "I don't think it's possible. Just calm down a little and stop thinking wildly."

The two of them had already walked in the direction of the hall, and Li Zhou had already sat on the chair next to him. He was very tired, so Gu Shaoyang sat directly on the chair next to him.

He patted Li Zhou on the shoulder and said to him: "Tonight, I am just waiting for you. I want to talk to you. Wait until tomorrow, or how about we go to Jin Qiuming in person?"

Because Each of them has been searching very seriously these days, but they didn't expect that they couldn't find any information at all.

So Gu Shaoyang wants Lizhou to get some news quickly, or even Jin Qiuming can have some words of comfort to Lizhou. Otherwise, if Lizhou continues like this, Gu Shaoyang will really be afraid of him. There will come a time when it becomes unbearable.

Hearing Gu Shaoyang speak like this, Li Zhou raised his head at first and looked in the direction of Gu Shaoyang, feeling that when Gu Shaoyang said this, he really wanted to find Jin Qiuming.

But after thinking about it carefully, he could no longer trouble others about his parents' matters, so he shook his head very firmly.

Looking at Gu Shaoyang, he said to him: "Forget it. If the Imperial Master has any news, he will definitely contact us." Of course

Gu Shaoyang also knew that Jin Qiuming must be suffering from the demon king Long Han at this time. Ming and Xiaoguo are in the market, so it must be very inconvenient for him to want to be in a good situation at this time.

Gu Shaoyang nodded, looked at Li Zhou and said to him: "Yes, maybe I am a little anxious at this time, and what I said is not particularly correct. Let's all think of other ways."

Li Zhou had already run away outside. One day, I was really tired at this time, and my mood was also very low.

He looked at Gu Shaoyang and said to him: "I'm going back to the room to rest first. Don't stay with me in this place. It's been a tiring day. You should go back and rest."

Because he also knew that Gu Shaoyang and the others had been Every day is really hard. Although I have this skill and power in my body, it is not easy to help Li Zhou and go out early every day to find news about my parents.

So he is really very grateful to his brothers.

Gu Shaoyang knew that Li Zhou was in a bad mood, so he did not continue talking to Li Zhou.

Instead, he looked at Li Zhou and said to him: "Okay, let's go back and rest earlier."

Three days passed by in a flash, and today they were all sitting in the pavilion, watching in the evening. As the sun set, I finally had a chance to rest and breathe. However, I didn't expect that Gu Shaoyang, who had just picked up a piece of fruit in the pavilion, had already slightly narrowed his eyes and looked towards the outside of the courtyard. passed.

Gu Shaoyang's sense organs are very sensitive. In many cases, as long as someone peeks at them, Gu Shaoyang can find this place. Therefore, Demon King Long Hanming and Jin Zongdi sent them one after another, many. Everyone was discovered by Gu Shaoyang.

In the end, Li Zhou was deeply defeated, so Gu Shaoyang and the others lived in this place for a long time without being threatened by others.

Gu Shaoyang suddenly became serious. They all looked in the direction of Gu Shaoyang, and then looked at Gu Shaoyang in the direction outside the courtyard at this time, so Luo Zishan was really very serious at this time. angry.

He looked at Gu Shaoyang and said to him: "Is there another person who doesn't have a good eye to make trouble again?"

Luo Zishan has long been accustomed to these things. After all, as long as Gu Shaoyang discovers these things, I can just take advantage of this opportunity.

Chapter 1569

Let him relieve the anger in his heart. After all, he has been really depressed for a while, and many things have not developed smoothly.

Gu Shaoyang shook his head slightly and said to them: "This He doesn't look particularly murderous, he seems to be inquiring for information."

After Gu Shaoyang said this, he looked at Luo Zishan and said to him: "Go out and take a look and see who the other party is."

Sure enough, When Luo Zishan heard what Gu Shaoyang said, he immediately stood up, wearing a purple robe. The very handsome young man jumped outside the wall with a very fast jump. Without his figure, Gu Shaoyang felt really helpless when he saw Luo Zishan like this. This guy was always like this, with a very bad temper.

When Luo Zishan just landed outside the courtyard, he had already seen a man wearing a white robe who didn't look particularly old. He was looking around the courtyard, but the other person It seems that as Gu Shaoyang said, it is somewhat different from the previous information.

Luo Zishan, who was wearing a purple robe with his hands behind his back, had already walked towards the boy in white. He looked at him, and then he startled him. When he turned around, he already looked at an age-old boy. A gentle person is talking to himself.

He cupped his hands and looked in the direction of Luo Zishan and said, "Hello, what can I do for you?"

Luo Zishan felt that this guy seemed a little silly.

He looked at the young man in white and said to him: "Why are you walking around in front of this big house? Do you think you have something to do?"

When he heard Luo Zishan say this, the young man immediately said, He began to hesitate. Luo Zishan became very angry when he saw this. He must have some purpose. Therefore, Luo Zishan felt that at this time, he really wanted to stretch out his unicorn arm. Beat the opponent to death.

But Luo Zishan still tolerated his temper.

He looked at the young man in white and said to him: "In that case, then you come with me." Before the young man in white realized what was going on, he looked at Luo Zishan and stretched out his arms directly. He took out his own hand, that big hand that seemed to have distinct bones, and when it was grasped on his shoulder, it was really very powerful. He jumped up with the boy in white, and climbed over the wall again.

The young boy had already jumped back into the pavilion.

The boy in white clothes really didn't know what happened. He suddenly saw a young man, and then the young man took action and caught him in this place. His heart just became excited, and he was already I saw myself falling into the compound.

Gu Shaoyang, Tianci and the others were all looking in Luo Zishan's direction at this time.

I really don't know what happened. I just asked Luo Zishan to go out to find out the news. How could Luo Zishan have arrested someone and come back in this short time?

And looking at the young man in white, he couldn't help but feel weak. Look, you are a scholar.

Even compared to the very tall boy in purple, Gu Shaoyang really felt that Luo Zishan seemed to be bullying the boy in white.

When Luo Zishan landed in the pavilion, he was already sitting on the stone bench next to it.

He looked at Gu Shaoyang and said to him: "This young man is really troublesome to talk. Come and ask him. I have captured him for you."

Then he started to hold a tea cup, and he was very leisurely. He started to drink water, because Luo Zishan could see that this young man did not have any lethality, so Luo Zishan was really difficult to deal with such a person for a while.

And Gu Shaoyang looked at Tianci, and Tianci wanted to look at Gu Shaoyang. He really didn't expect that such a thing would happen.

Tianci has already stood up. After all, she is a girl. It is very convenient to communicate with this young man about these things.

The corners of Tianci's mouth raised slightly, and he smiled in a very gentle arc. He looked at the boy in white, clasped his hands and said to him: "Hello, my name is Tianci, who are you?" The other person saw Tianci, a very beautiful girl wearing a pink dress, and smiled. When she got up, she was really very beautiful. Her long hair was draped on both sides of her shoulders, and she looked so soft.

So when he looked at a girl like Tianci, he felt that his impression was really very good.

He was very polite with his hands clasped in his fists, and he looked like a scholar at first glance. He said to Tianci: "Hello, I came to this place under the order of Jin Qiuming to report a piece of news to you."

Chapter 1570

After hearing Jin Qiuming's order, Gu Shaoyang and the others immediately started to act very seriously. Even Luo Zishan had already opened his eyes at this time, and looked towards the young man in white. Look in the direction.

Gu Shaoyang looked at the young man in white and said to him: "Who are you?"

The young man in white said to Gu Shaoyang: "I am the son of Jin Qiuming's supervisor, so they didn't want to alert the snake and let me come."

Gu Shaoyang After hearing what the young man in white said, I really didn't expect that Jin Qiuming and the others were really very cautious. If they sent a martial arts master, he might just show his head in this place and attract the attention of others.

But if it is such a weak young man, maybe for them, it is really unattractive. Gu Shaoyang thinks that Jin Qiuming is really very smart, but also thinks that this young man looks dull and silly. What should be said is the truth.

Gu Shaoyang nodded, looked at the boy in white and said to him: "Hello, hello, in that case, please sit down and let's talk in detail."

Tianci looked at the two people talking together, and he had already given up his position. At this time, Lizhou on the other side heard that the young man in white was actually Jin Qiuming, bringing them news, a person who knew the news, so he immediately became very nervous.

Sitting aside, his whole body was already sitting up straight. He hoped that what he heard was good news. After all, Li Zhou was really under too much pressure during this period.

Gu Shaoyang looked at Li Zhou and said nothing. He sat there with his eyes fixed on him. Looking at the young man in white, he said that he knew what Li Zhou was thinking at this time, so he did not ask what Li Zhou was thinking. What to do next.

But the next thing he looked at was the young man in white who looked very reserved across from him.

He said to him: "Jin Qiuming asked you to bring us, what kind of news?"

The boy in white clasped his hands, looked at Gu Shaoyang and the others and said to them:"I followed the order of Imperial Master Jin Qiuming. I'd like to tell you that we already know where Li Zhou's parents are being imprisoned after this, but our Imperial Master is not particularly convenient at this time."

: "So I'm just here to tell you some news. Whether the specific news is true or false, you still need to find out for yourself."

After hearing the news, Gu Shaoyang really didn't expect that he had really received important news. At this time, he had already begun to open his eyes slightly.

He looked at that The boy in white said to her:"Okay, you can say it now."

And at this time, the young man in white clothes no longer knows whether Gu Shaoyang and the others are good or bad people?

After all, when he was outside the yard just now, when he was inquiring about information, he had already seen a young man in purple clothes who said nothing and was very rude. He has already caught himself in this courtyard. In this courtyard, although there is a little girl who looks like a bell, there are also such an extraordinary young man as Gu Shaoyang, and there is even a The little girl looked very gentle and educated, but he didn't know who she was yet, so the boy in white looked at it, and Gu Shaoyang and the others said to them:"I don't know who you guys are, can you tell me?" Only by name can I know whether the news I am telling you this time is for you."

Gu Shaoyang looked at the young man in white. He seemed to have told him the news just now. Now he started to be wary of them again. He really couldn't help it and almost wanted to laugh. He looked at In the direction of the young man in white, he clasped his hands and said to the young man:"My name is Gu Shaoyang and I am a friend of Li Zhou. This person is Li Zhou. When he said this, he had already stretched out his hand and pointed in the direction of Li Zhou."

Li Zhou was wearing a black robe today with silver dark patterns on it. He looked very solemn and imposing. He looked in the direction of the young man, clasping his hands into his fists. He looked very... He was serious and very nervous.

He said to him:"Hello, I am Li Zhou, and this time I am the one Jin Qiuming wants to send the message to."

Then he continued to look in the direction of Luo Zishan, and Li Zhou said to the young man in white, "This one is our friend, his name is Luo Zishan."

Luo Zishan was wearing a purple robe. He looked like that handsome young man, but when he spoke, he always gave people a very rude feeling.

He patted the shoulder of the young man in white next to him and said to him: "Hello, I am Luo Zishan. I offended you a lot just now. I'm sorry, brother, please forgive me."
