Chapter 1581

She said:"Mom, I am Li Zhou. I am back to save you. Just hold on and I will rescue you right away." When the other party heard Li Zhou's voice, he was really excited. His eyes seemed to have begun to open. He can't see clearly. It must be because the time in his place is too long or he has received some kind of threat.

Gu Shaoyang looked at them and said to them:"Hurry up and find a way to rescue him."

When Tianci saw this scene, he was really moved by him, and his eyes were all wet, following Li Zhou also began to shed tears.

Unexpectedly, they had worked hard for so long and finally found Li Zhou's parents.

Luo Zishan quickly changed back to his original form, and he was once again a purple-clothed boy, looking personable.

He looked at Gu Shaoyang and said to him:"The two of us are holding on to this diamond iron railing to see if we can bend him."

Li Zhou immediately let go of his mother's hand.He said,"Mom, please lean back a little. Let's see if we can rescue you."

Sure enough, when the woman heard the sound, she immediately ducked away from her body, and then she saw the groping person. , the other wall is very close to Tianci.

Tianci stretched out his warm little hand and stretched it in the direction of that hand. The other woman dodged slightly, but she didn't expect that at this time, a hand would touch her.

Tianci's very gentle voice said in that direction:"Madam, don't worry, I am Lizhou's friend, and I am here to save you."

When hearing this voice, the woman did not move, but The corners of his mouth raised slightly, and he really smiled, a very gentle arc.

He looked in the direction of Tianci. He couldn't see clearly at all. He said to Tianci: "Thank you very much. I hope that my son and these good friends will be rewarded well in the future."

Gu Shaoyang and Li Zhou , stood in one direction, and put his hand on a railing.

On the other side, Luo Zishan, because he was a strong man, put his hand on another railing. At this time, the three of them exerted force at the same time and pulled in both directions. past.

But the strength of Gu Shaoyang and Li Zhou is really smaller than that of Luo Zishan, so the speed of the King Kong Iron Railing is still slowly happening, and the change is not particularly fast.

When Tianci saw all this, he had already walked in the direction of the two people. Although his own strength was not particularly strong, he could help a little bit.

He said to these two people: "I'm here to help you two."

Then he turned his hand in that direction and walked around. Tianci was holding a piece in his hand that he had just studied. This thing, a small machine, has a lot of power for him.

Tianci had already stuck his little machine on the iron railing, and when he exerted a little force, a lot of force was already produced.

Gu Shaoyang and the others had opened a gap in the railing very easily.

Gu Shaoyang looked at Tianci and said to him: "I didn't expect that this thing of yours is really very easy to use. It is much more powerful than the two of us."

Li Zhou on the other side was even faster. He had already gotten in through the gap. In this water prison, he didn't expect that there was a wooden bed above the water prison. It was very damp. There was a man lying on it. He was already unconscious at this time.

At this time, Li Zhou suppressed the anger in his heart and the tears in his red eyes. He looked at the man on the bed, who was much older and unconscious at this time, and said to him: "Father I'm here to save you."

But when he said this, the man on the bed remained motionless. Li Zhou turned towards his mother and said to his mother: "What's wrong with him, father?"

Li Zhou His mother said to him: "Your father was subjected to various torture instruments by Demon King Long Hanming and Jin Zongdi, so at this time, he has begun to fall into a coma."

Then she continued to face them, and treated them Said: "Hurry up and rescue him, otherwise, I feel that he is about to die at this time."

Everyone really didn't expect that such a dangerous thing would happen.

Gu Shaoyang looked at several people and said to them: "Hurry up, let's all leave."

At this time, Li Zhou had already squatted down. Gu Shaoyang helped Li Zhou and lifted Li Zhou's father onto him.

Without any pause, everyone left the water prison and came to the king's cemetery above.

Chapter 1583

Gu Shaoyang and the others discussed the next thing in this way, and they had already decided on their own positions.

Luo Zishan had transformed back into the Qilin Beast at this time, and put Li Zhou's father on her back. Li Zhou's mother was already riding on him, and then supported the two of his father. It was really tense at that time. One of them had fainted, but the other was a woman who couldn't see anything.

Gu Shaoyang looked at Luo Zishan and said to him: "Be a little more careful, I'm afraid that Madam and Li Haotian won't be able to stand it."

Luo Zishan nodded, and then looked at him eloquently, the direction of the two people was a little towards them. One person said: "Don't worry, I will be careful and take them away from this place safely. You all should also be careful and don't get caught when you break up."

Although he said this sentence is very unpleasant. , but Gu Shaoyang did hear Luo Zishan's concern for them.

At this time, several people had slowly walked back to the entrance of the imperial mausoleum, so as long as they could escape from this place as quickly as possible before dawn, they would definitely be able to completely escape from this place.

Gu Shaoyang looked at several people and said to them:"Is everyone ready?"

Luo Zishan nodded and said to them in a very deep voice:"I am ready."

And Li on the other side Zhou Zhou had already taken out his long sword, looked at Gu Shaoyang and the others, and said to them:"I'm also ready. Thank you to my brothers. I will thank you deeply after I go out."

Gu Shaoyang is now But I can't control so many things.

He looked in the direction of Tianci and said to him:"There is no need to hide your secrets now. Use all those weird things you made before." The corners of Tianci's mouth raised slightly. This little girl usually looked like She looked very gentle, but Gu Shaoyang did know that this little girl had many evil ideas. He nodded, touched the baggage next to him, and said to Gu Shaoyang and the others:"Don't worry. We will definitely escape."

At this time, Gu Shaoyang had already taken out gunpowder fireballs one after another in his hands.

He turned to the direction of the few of them and said to them:"Okay, let's get ready to rush out."

When he said this, Gu Shaoyang directly pushed away the Jinguo National Imperial Tomb and rushed towards the outside. Got out.

The so-called soldiers outside really didn't expect that someone would suddenly rush out from the imperial mausoleum. Therefore, when the soldiers in groups saw Gu Shaoyang and the others, they were really completely and utterly stunned. The thought that so many people would actually show up was really caught off guard.

One of the soldiers and generals immediately stepped forward, wearing a suit of armor, looking at Gu Shaoyang and the others and said to them: "Who is coming? He dares to break into the imperial mausoleum of our country."

Gu Shaoyang raised the corners of his mouth slightly and said to them He said: "You just kidnapped others. Do you think that no one can come to save you? You even asked us who we are."

When Lizhou on the other side came out, although Lizhou had been there for several years Time has not appeared in this place, but these people guarding the country's imperial mausoleum know each other. After all, they are all the sons of some high officials and nobles, so they are on duty at this place.

One of them was a little unbelievable. He looked in the direction of Li Zhou and said to him: "You are Li Zhou."

Li Zhou looked at that person and thought of him. That person happened to be when he was a teenager. , the foxy friends who stay with each other when they are not sensible.

Li Zhou raised the corners of his mouth slightly, and his smile was really dangerous.

She looked at those people and said to them: "You actually captured my parents. Today I will make it impossible for you to come back."

When she said this, Li Zhou took the lead with a long sword and pointed in the opposite direction. He just stabbed it in without any hesitation.

At this time, the Qilin Beast, carrying two people on its back, did not hesitate at all. It immediately flew up towards the sky, and then galloped away in the distance.

But what they didn't expect was that there would be this magical beast in the sky, which had already stopped their movements. This was the magical beast captured by Long Hanming, guarding them in this place.

When the monster appeared, I saw a Qilin beast. I really didn't expect that the other person was still alive.

He looked in the direction of the Qilin Beast, and the huge dragonfly's wings had already flapped a few times.

He looked in the direction of Luo Zishan and said to him: "Put those two people down. Maybe today, I can spare your life." After all,

Luo Zishan used to be a royal unicorn beast, and the other party wouldn't dare to do it easily. offend him.

Chapter 1584

Luo Zishan was gushing at this time, looking at the other party's dragonfly flapping its wings, and then narrowed his eyes slightly, and said to the other party: "I didn't expect that this guy like you, after so many years, is still alive Qilin Beast, but I know each other, that is Demon King Long Hanming, the most loyal dog."

It is a dragonfly that transformed into a demon beast, so its combat ability is still very fast, and the fastest is his speed, so Qilin Beast felt that if he didn't defeat him this time, the possibility of escaping from this place would be really slim.

And Gu Shaoyang immediately saw the changes happening in the sky. There were indeed so many people below him, chasing and blocking him.

Gu Shaoyang took the fireball in his hand and threw it in one direction. The fireball began to grow in size instantly, and there was a huge explosion sound. He could already see himself not far away. Six or seven people were completely at this time. Already fallen down.

Gu Shaoyang looked in the direction given by God and looked at the sky. Said to him: "Use all the things in your hands, can you escape from this place?"

At this time, Tianci, of course, also looked at Luo Zishan's side above the sky, knowing what Gu Shaoyang was thinking at this time, and he I also know that Luo Zishan is fighting against a monster at this time, which is very dangerous.

What's more, Luo Zishan was carrying two people who didn't have any force at all.

He nodded and looked at Gu Shaoyang and said to her: "You can hold on for a while, you go and come back quickly."

Gu Shaoyang nodded and said to him in the direction of Lizhou: "I will save your parents. You are here." Carry it."

Li Zhou immediately nodded, agreed and said to Gu Shaoyang: "Be careful."

Because Li Zhou really didn't expect that when they came out, there would be the demon king Long Hanming, the divine beast arranged in this place. , and that mythical beast looks very powerful.

Gu Shaoyang dived and rushed upward. He saw the huge dragonfly monster flapping itself, its huge wings still talking to Luo Zishan, and the two were talking to each other. When Gu Shaoyang swooped upward, he had already landed next to Luo Zishan.

Looking in the direction of Luo Zishan, he said to her: "What's going on? Is this guy very difficult to deal with?"

Luo Zishan nodded and said to him: "His fighting ability is not particularly strong, but his It's very fast, and if you want to escape, it's very difficult to get rid of it."

Gu Shaoyang didn't expect such a thing when he heard it. It seems that what Luo Zishan did this time was very right. , who was not reckless, had already fled in the direction ahead.

He said to Luo Zishan: "The two of us will fight quickly and kill this guy."

Luo Zishan nodded, then looked at Gu Shaoyang and said: "Okay."

Then Luo Zishan had already used it. His own skills popped up from his body, and one green vine after another hid Li Zhou's father and mother on his back.

On Gu Shaoyang's side, he looked at Li Zhou's mother and said to him: "Madam, don't worry, we will definitely rescue you at this time. We are just fixing you."

The woman nodded. At this time, although She was very nervous, but her eyes could only see a little light. What was going on, she couldn't see at all.

He looked at Gu Shaoyang and the others, and said to them: "I'm really sorry to trouble you, young people."

Then he continued quietly, and his husband, who was already supporting him, said no more.

Gu Shaoyang looked at Li Zhou's mother. She was so calm at this time. She was worthy of coming from a big family, even though she didn't have any skills or abilities at all.

But they were still very sure that when Gu Shaoyang and Luo Zishan did all this well, the Dragonfly Demon King did not expect that the Qilin Beast would have a helper at this time.

Gu Shaoyang held a long sword in one hand and a lot of spherical explosives in the other hand.

Looking at Luo Zishan, he said to him: "Fight quickly."

When he said this, Gu Shaoyang had already dived and flew towards the Qingting. The dragonfly was originally a huge monster. So when its wings flapped, it created a lot of wind.

Gu Shaoyang held his long sword and looked directly in the direction of the dragonfly wings.

Because Gu Shaoyang believed that the other party's weakness must be in that place if he wanted to flap him with his own wings.

But what Gu Shaoyang didn't expect was that when he held the long sword in his hand and attacked the opponent with his wings, the tail of the huge dragonfly was really powerful. It actually moved forward like a long sword, and Gu Shaoyang It came right up straight away.

Chapter 1585

And his tail was really very hard. When the two forces collided, it made a sonorous sound. Gu Shaoyang even heard a little spark collision. He didn't expect that the tail of this thing was actually his attack. arms.

Luo Zishan on the other side had already arrived with a swoop. Next to the dragonfly monster, he said to him: "Today I will let you die without a burial place, you are the devil's bastard."

Then he was already facing the opponent. In the direction, he opened his huge unicorn mouth.

But the opponent's speed was really very fast, and he had already dodged it in an instant. All Li Zhou's attacks had already escaped in the other direction.

This dragonfly monster is completely complete, and it can be seen that Gu Shaoyang's strength is not weak at all, and Luo Zishan is also a Qilin Beast. Originally, the Qilin Beast was already the most powerful in their entire orc clan. of one exists.

So at this moment, he could only rely on his own instinct to avoid, not wanting Gu Yang and the others to escape, and then more monsters would come to support him.

Dragonfly Monster looked in the direction of Luo Zishan and Gu Shaoyang, and said to them:"You two guys can't run away, our Demon King is already here."

Gu Shaoyang really didn't expect that this guy actually, A distress signal has been sent. It seems that this dragonfly was flapping its wings violently just now, and the frequency will change. This should be something like this.

Gu Shaoyang had already begun to narrow his eyes. At this time, he was completely murderous.

He looked in the direction of Luo Zishan and said to him:"Fight quickly and leave this place immediately."

Because if they don't leave this place quickly, whether it is Emperor Jin Zong or Long Hanming, they will definitely We will reach this place very quickly.

If the two of them come back, it will be very difficult to escape.

Luo Zishan nodded, and he dived again, already rushing in the direction of the dragonfly monster.

And another time, Gu Shaoyang took the long sword and pointed it at the wings of the dragonfly monster again.

Gu Shaoyang felt that as long as he could break his wings, the dragonfly monster would deal with them and they would have no ability to hinder them. Therefore, Gu Shaoyang and Luo Zishan cooperated really well with each other.

When Gu Shaoyang rushed forward with a long sword in hand, Luo Zishan had already gone around to the rear. He would have a certain influence on the dragonfly monster, and the blocking effect would not allow him to escape.

And Gu Shaoyang once again turned to the direction of the dragonfly monster and said to him: "Prepare to die, you damn monster."

Gu Shaoyang raised the knife in his hand, and already held his long sword in the direction of the opponent's wings, I had already chopped it down. I really didn't expect that such a thing would happen.

Gu Shaoyang didn't look particularly old, but he was so fast. He was immediately attacked by Gu Shaoyang's sword energy, and a golden sword energy swept directly onto his wings.

Just looking at the huge wings, which were more than one meter long, they were slowly moving downwards and fell.

Dragonfly Monster suddenly lost its balance, and then swayed. I really didn't expect that Gu Shaoyang could be so powerful.

He widened his eyes, and Dragonfly said to Gu Shaoyang: "I didn't expect you to be so powerful."

Then he looked at Gu Shaoyang and said to them: "But my master will come to this place soon."

Luo Zishan was really angry at this time. Seeing that the other party was hurt at this time, he was still here and said these useless words.

He immediately opened his huge unicorn mouth and bit the other dragonfly monster in the direction of its wings.

There was a cracking sound, and with a click, the wings of another dragonfly monster broke again and were about to fall to the ground.

Luo Zishan stuck out his tongue in disgust and said to him: "It's really impossible for you to catch us. I will kill you today."

Then Luo Zishan continued, thinking Wanting to fight with each other, Gu Shaoyang did stop Luo Zishan immediately.

He looked at him and said to him: "Now is not the time to get entangled. Take his parents and leave this place quickly."

Only then did Luo Zishan think of himself, but he had other purposes and stopped immediately. He noticed his movements, looked at the monster on his opponent's side and said to him: "You are lucky today. I, Luo Zishan, have something to do today. I will definitely take your life personally one day."

Then he moved very quickly on his back foot. Kicking forward, he rushed forward with his front feet, and with one movement of escaping, he disappeared in front of Gu Shaoyang and the others.

Chapter 1586

Because Luo Zishan still remembers that her most important thing now is to take Li Zhou's parents away from this place, so it is not the time to act impulsively.

Gu Shaoyang looked at the dragonfly monster with great disdain. At this time, he could only forcefully flap his wings to maintain balance and flutter to prevent himself from falling to the ground.

Gu Shaoyang once again faced the direction of the monster and said to him: "Tomorrow or whenever I meet you again, it will be your death."

Gu Shaoyang fell to the ground, and then directed his fireballs in the surrounding directions. , it was already thrown away.

Tianci, on the other hand, had thrown out all the strange spikes and explosive things in his hands.

Tianci's backpack slowly began to become empty, so at this time, he was really anxious. If Gu Shaoyang didn't help him, he really couldn't stand it.

When Hua saw the fireballs that Gu Shaoyang had captured, he felt happy. He looked in the direction of Li Zhou and said to Li Zhou, "Seize the opportunity and prepare to retreat."

Li Zhou nodded and said to them, "I know, you guys Let's go first."

In the end, Li Zhou felt that his brothers were very happy to be able to save his parents, and he could not let them give in anymore. They would cut off the throne for him.

Gu Shaoyang came directly to Li Zhou's side and pulled Li Zhou's shoulder.

Gu Shaoyang said to him: "What nonsense, let's leave together."

Then the other hand had already pulled Tianci.

Then Tianci had already thrown away all the medicine powder and weapons in his hands.

I only saw those soldiers, but suddenly the surroundings of them were covered in fog, and everything was ablaze with explosions, and they could no longer see anything.

Gu Shaoyang dived up and down, and then he pulled the two people and galloped away in the distance.

Gu Shaoyang actually saw the Demon King and Jin Zongdi from a distance.

The two people were already rushing in this direction. Gu Shaoyang turned around and ran out in the other direction.

After all, the Qilin Beast had already left this place at this time, so it was completely safe for them.

When Gu Shaoyang and others left, Luo Zishan and Li Zhou's parents had already disappeared.

When Long Hanming and Jin Zongdi saw the Jin Kingdom's imperial tomb, the place was in a mess. They really didn't expect that Gu Shaoyang and the others would find this place.

Emperor Jin Zong was really furious. Looking at the generals below him, each one of them looked injured, he cursed: "These people are trash, they are simply trash. I use this money to support you, and you can't even get so much money." Even if you can't stop me, you are a bunch of trash, I will give you the death penalty."

When he said this, Demon King Long Hanming was really angry.

She saw that her loyal dragonfly monster had fallen beside her, and the injury was really serious.

Dragonfly Monster is still saying to Long Hanming: "The Qilin Beast's current strength is really very powerful. We have to be careful next time, whether he will come back to usurp the throne."

Upon hearing what the other party said, Long Hanming Han Ming became even more angry.

He directly waved a black mist in the direction of the dragonfly monster.

Originally, this dragonfly monster was a sincere monster. He never thought that the demon king he had always admired could take his life at this time.

The monster suddenly lost his life.

Long Hanming looked in the direction of Emperor Jin Zong and said to him: "I didn't expect that a few of them actually escaped. It seems that we will find out where they are at this time." Jin

Zong The emperor nodded and said to Long Hanming: "As long as they are in the Kingdom of Jin, I will not let them escape."

After all, this place is his own territory. If he let a few of them disappear all of a sudden, If he can't find it himself, that proves how useless he will be as a king.

On the other side, Gu Shaoyang and the others had all escaped from the clutches of the devil very safely at this time. Gu Shaoyang had just returned to his home in Lizhou and had already seen the Qilin Beast and had returned Lizhou's father, Li Haotian. All of them, including her mother, had been placed on the ground.

Bell was still very serious, supporting the woman next to her, and the woman's eyes could only see a little light, and she was still talking to Bell. When Gu Shaoyang and the others came back, they were very anxious. He had transformed back into a young man in purple robes.

He saw Luo Zishan and said to him, "Are you okay, Luo Zishan."

Luo Zishan shook his head slightly and said, "It's okay. I came back very safely. Fortunately, I fulfilled my mission."

Chapter 1587

Li Zhou on the other side was really excited. Seeing his father and mother in such a mess, he really felt sorry for Gu Shaoyang, but he couldn't care much at this time. He looked at Li Zhou and the others and said to them: "We can't be in this place now. We need to move to the next place immediately. I'm sure Long Hanming and Jin Zongdi will find this place very quickly."

Li Zhou felt that what he said was very reasonable.

He immediately looked at Gu Shaoyang and said to him: "I know, my parents have a thatched house of their own deep in the mountains, so we can go there to hide. There are only three people in our family. Do you know whether other people are there?" I know."

Gu Shaoyang felt that this place should be very safe.

He looked at Luo Zishan and the others and said to them: "Since it's not too late, there's no need to take everything. Let's set off now."

When he said this, Gu Shaoyang was already walking in the direction of Li Zhou's mother. past.

Looking at Li Zhou's mother, she said to him: "Madam, we are leaving this place now, don't be afraid." At this time, Li Zhou had already carried his father Li Haotian on his back, and several people again Standing in the air, he was already galloping away in the distance.

He felt that the most important thing now was to escape. Otherwise, Long Hanming and Jin Zongdi would be like mad dogs at this time, and they would definitely not let them go.

Gu Shaoyang and the others traveled for a long time and arrived at the deep mountain that Li Zhou mentioned.

After entering the deep mountains, we passed through several mountains. The mountains in this place are endless. It is really very hidden and there is no human habitation at all.

Gu Shaoyang really didn't expect that his family in Lizhou would actually build such a place in this place.

When they saw a patch of peach blossoms in front of them, they had no idea that there would be such beautiful scenery among the patches of nature.

Li Zhou pointed to the place in front, then carried his father on his back and landed on the ground.

Gu Shaoyang and others followed, and behind Li Zhou, they all landed in the Peach Blossom Valley.

Gu Shaoyang looked at Li Zhou and said to him: "I never thought that your parents would have such a paradise. It is really beautiful."

Li Zhou raised the corners of his mouth slightly, looked at the few of them and said to them : "This is the place where I grew up when I was a child."

Gu Shaoyang felt really happy when he looked at Li Zhou saying these words.

She looked at Li Zhou and said, "Get your father and mother settled first, and then we can all think about it in the long run. No one else has ever come to this place, so I think they will be safe here for the time being."

Li Zhou nodded, already carrying his father on his back, and walked towards the dilapidated thatched house in front of him.

On the other side, Lingdang and Tianci had already supported Li Zhou's mother and walked in towards the thatched house.

Tianci even said to Lizhou's mother, "Madam, don't worry, this place is Lizhou, the Peach Blossom Valley where you grew up. You should remember this place."

Sure enough, he heard what Tianci said, Li Zhou's mother smiled slightly and started to smile very gently.

He nodded and followed Tianci's two people to hold his hands, walked forward and said to them:"This place, I remember, is the place where her father and I built for her to grow up. This place is really special." It's beautiful."

Then several people came to the room. The room was filled with thick dust. Gu Shaoyang performed a very simple cleaning technique and made the place clean.

He had already placed Li Zhou's father on a very simple wooden bed.

Since Li Haotian had been unconscious at this time, Gu Shaoyang and the others still needed to find a lot of medicinal materials to treat his injuries.

Gu Shaoyang put his hand on Li Haotian's wrist. Li Haotian was really embarrassed at this time, his face was very thin and pale, and there were many external injuries on his body.

After checking his pulse, Gu Shaoyang said to several of them:"He has been abused by others for a long time, so at this time, his body is severely damaged, and the trauma on his body is also particularly serious. The few of us are now It is very easy to find medicinal materials in this big mountain."

So he looked at the bell and said to him:"You are here to take care of the two old people, and we will go find the medicinal materials."

Gu Shaoyang was talking while talking , he had already taken out a prescription in his hand, and then named several medicines.

Gu Shaoyang said to them:"Find these medicinal materials."

Chapter 1588

Since they all have a certain understanding of medicinal materials, they don't find these things particularly difficult.

Tianci nodded and said to him: "Okay, I understand."

Li Zhou was even more anxious at this time. His father was injured and said to them: "I will do it right away."

Li Zhou was really anxious. He had no idea that his father would be so seriously ill.

When Gu Shaoyang handed the medicine list in his hand to him, Li Zhou hurriedly ran out of the room.

Since this place is a very hidden place, surrounded by peach blossom forests, and it is deep in the mountains, Lishou is quite familiar with this place, and he also knows some medicinal materials.

After he walked out, he stood directly in the air, and he quickly began to search for medicinal materials on the entire mountain. Otherwise, he was afraid that Long Hanming and Jin Zongdi would find his traces, and it would be even worse at that time. Danger.

At this time, Lingdang also came out. He immediately took a medicine list that Gu Shaoyang wrote for himself and started looking for it in various places. So the most important thing now is that Li Haoyang body of.

Gu Shaoyang looked at Li Zhou's mother and said to her: "Madam, let me take a look at your body."

After all, she was also looking at Li Zhou's mother. Her eyes were not particularly good. At this time, she sat quietly. By Li Haoyang's side.

Li Zhou's mother nodded and looked at Gu Shaoyang in this direction. Since they hadn't seen the sun for several months, and they didn't have enough food and drink, his body was really weak. Very weak.

Gu Shaoyang looked at her eyes again, but he didn't expect that his eyes could no longer see everything clearly due to some kind of abuse from Long Hanming and others.

But if there are enough medicinal materials and given time, Gu Shaoyang still has a certain chance of being cured.

He looked at Lizhou's mother and said to him:"Madam, your eyesight is very poor now, so in the future, I will find you some medicinal materials that can cure it, but it may take some time." Slow down a little."

When hearing these words, Li Zhou's mother nodded slightly, still looking very calm.

She turned in the direction of Gu Shaoyang and said to him:"I am really grateful to you for helping my son Li Zhou."

Since Gu Shaoyang is a man, he has said many polite words and intimate gestures to Li Zhou's mother. The posture is not particularly suitable.

So at this time, Tianci had already stepped forward, comforted Li Zhou's mother, and said to him:"Madam, these things are what we should do. Li Zhou is our good friend."

Then he patted Li Zhou. Zhou's mother's hand was a gesture of comfort to the other party. She was really grateful that she could have so many good friends in her life and that she also saved the couple. Otherwise, these two people would have been completely dead now. Dead.

Just when all of them were already hiding in the Peach Blossom Forest.

Long Hanming and Jin Zongdi outside were already going crazy looking for Gu Shaoyang and the others.

Long Hanming was losing his temper at Emperor Jin Zong and said to him:"Didn't you say that the imperial mausoleum of your Kingdom of Jin is a very safe place? How could you be rescued by others?"

Jin Zong At this time, the emperor was completely speechless. She had never expected that Gu Shaoyang and the others would find this place. He was also really very angry.

He was sitting on his own Golden Palace, patting his dragon chair, really very angry.

He stared at his own eyes, looked at Long Hanming angrily, and said to him: "How do I know that no one has ever entered the dungeon in that place, and the Imperial Tomb is not a place where you can enter casually. , Don't you know?"

It turns out that when I racked my brains to think of such a safe place, I never thought that I would be rescued by Gu Shaoyang and the others in the end, so at this time Emperor Jin Zong was really He was very angry, and the imperial mausoleum at his home was blown up with various explosives and was completely ruined.

When Emperor Jin Zong thought about it at this time, he felt that he had no face at all to meet his ancestors, so the more he thought about it, the more angry he became.

When he said this, Long Hanming became even more angry and said to him: "Since it is such a safe place, tell me how they got in." When

Long Hanming thought of Emperor Jin Zong He was very angry after doing these things. Even though everyone had been rescued, he was still making excuses in this place and explaining these things to himself.

Chapter 1589

Thinking that Li Zhou's parents had all been rescued, these people would definitely come to take revenge on him.

So after thinking about it like this, Long Hanming felt that he had to find Gu Shaoyang and all of them, otherwise he would really have trouble sleeping and eating.

At this time, the two people had begun to complain to each other, and they no longer looked like the leader of the demon clan, nor did they look like the king of the Jin Kingdom.

The men sent by the two of them began a comprehensive search in the country of Jin, just to find traces of Gu Shaoyang and the others.

But what I didn't expect was that Gu Shaoyang and the others seemed to have disappeared out of thin air at this time and could not be found at all.

So immediately a general walked up to the main hall, looked in the direction of Emperor Jin Zong with his hands clasped, and said to Emperor Jin Zong: "

Your Highness, no trace of these people has been found." As soon as Emperor Jin Zong heard that his general , when he reported this to himself, he became even more angry.

He immediately patted his dragon chair again, looked at the general below and was furious, and said to him:"How is it possible that these people can disappear for no reason? They are really a bunch of trash."

As soon as the general heard the powerful look of Long Hanming above him, he immediately lowered his head and began to admit his mistake.

Long Hanming on the other side was really very angry. He looked at the generals below and said to him:"There are still two unconscious people and they are very seriously injured. How can we let them escape?" Go to all the medical clinics outside to see if there are any traces of these people. I don't believe they can't be found." Sure enough, Emperor Jin Zong heard what Long Hanming said and thought it was very strange. Makes sense.

He immediately looked at the general below and said to him:"Go down to all the medical clinics immediately and don't let him go."

After the general heard what Emperor Jin Zong said, he quickly clasped his hands and said with great respect. He said to Emperor Jin Zong,"Yes, Your Highness, I will go down to look for him right away."

Then he withdrew very respectfully.

Long Hanming and Jin Zongdi looked at me, and I looked at you. No one was talking to each other, but they were very quiet. They all had their faces darkened, waiting for their men to find Gu Shaoyang and the others. Traces of this group of people.

On this side, Gu Shaoyang had already begun to tidy up the place after checking Li Zhou's parents' pulse. Since no one had lived in this place for many years, he and Tianci quickly packed it up. All environmental sanitation in this place has been taken care of.

When Li Zhou and Ling Dang came back, Gu Shaoyang was really happy to see Li Zhou holding a lot of herbs in his hands.

He did not expect that this place deep in the mountains and old forests was really rich in medicinal herbs. For them, this was the basis for their survival.

Gu Shaoyang looked at Li Zhou and said to him: "Have all the medicine been found?"

At this time, Li Zhou's clothes were dirty and his hair was very messy. It could be seen that he had just left Sweat beaded on his forehead as he realized how rushed the half-day had been.

He looked at Gu Shaoyang, feeling really happy. With these herbs, his father could be saved. He said to him: "Everything has been found."

Gu Shaoyang nodded and said to him: "Bring it here." Let me take a look."

Gu Shaoyang checked the same herbs one after another, nodded, and said to him: "That's right, let's go and make the medicine right away."

Gu Shaoyang had already divided all the medicines.

Tianci on the other side moved very quickly. After hearing what Gu Shaoyang said, he immediately took the medicine that Gu Shaoyang had divided and cleaned it thoroughly.

Then he found the cupping cups that had been prepared and the stove that had been placed there, and started to prepare the medicine.

Gu Shaoyang looked at how everyone was cooperating so well, and felt that there was still hope for Li Zhou's father and that he could slowly get better.

Li Zhou didn't take care of himself at this time. He quickly walked into the room and saw his mother sitting next to the bed, holding his father's hand.

He felt that his eyes were beginning to feel sore.

Since he had been very busy in the past, he did not have more time to take a good look at his mother and Li Haoyang, his father.

At this time, when he looked carefully, he realized that the two people had lost a lot of weight at this time, and they were completely different from the graceful appearance before.

He saw his father's emaciated appearance at this time, and she stepped forward and took her mother's hand.

When Li Zhou's mother touched Li Zhou's hand, she was really excited.

Chapter 1590

She muttered to herself and said in the direction of Li Zhou:"Is it Li Zhou?"

When she said this, she seemed to be very confused, but also in a very positive tone.

Li Zhou nodded and realized that her mother couldn't see her, so she felt her heart hurt even more.

She looked in the direction of her mother and said to him,"It's my mother."

Then she looked at her mother, and tears immediately began to flow down. She never thought that she would be able to see her son again..

Li Zhou directly pulled her mother into his arms.

When Gu Shaoyang walked into the room, he had already seen such a scene. He was really envious that Lizhou could still have his own parents.

Because Gu Shaoyang is completely alone at this time. Without friends like himself, Gu Shaoyang would be even more pitiful.

Gu Shaoyang stepped forward and looked at Li Zhou and said to him:"Let your mother have a good rest, and you will take care of your father."

Because Gu Shaoyang knew that Li Zhou's mother was not in particularly good health, so he I feel that Madam should take a good rest at this time and take care of her body so that she can have a greater chance of recovery when she is treated in the future.

Li Zhou nodded and said, "Okay."

Then he looked in the direction of Gu Shaoyang, took his mother's hand, and said to Gu Shaoyang, "Thank you very much, brother Gu Shaoyang. Without you, it seems that everything that happened this time, I won't hear it so smoothly."

What Li Zhou said was not something that Gu Shaoyang particularly cared about. After all, she was his good brother, and Gu Shaoyang felt that he must help his brother.

He looked in the direction of Li Zhou and said to him: "These are what I should do, take good care of your parents."

Li Zhou nodded, then looked at Gu Shaoyang again and said to him: "How is my father?."

Because after Gu Shaoyang treated his father before, he was really anxious and immediately went out to find medicine, so he didn't know what kind of condition his father was in at this time.

Li Zhou felt that he still had to ask Gu Shaoyang to fully understand all the situations, so that he could be mentally prepared in advance.

Gu Shaoyang had nothing to hide from Li Zhou, so he spoke bluntly and said to him: "Look at the condition after taking these medicines. If it is good, you should wake up within three days. If something bad happens, we all need to be mentally prepared."

Of course Li Zhou knew what Gu Shaoyang meant by being mentally prepared.

She immediately began to look at Gu Shaoyang very sadly and said to him: "It's so serious."

In fact, Li Zhou didn't need to ask Gu Shaoyang, he already knew that his father was really seriously ill at this time.

Gu Shaoyang said to him: "Your father is already very strong. If ordinary people had not been in poor physical condition, he would have died long ago."

Li Zhou knew in his heart that because his father was the same as him, They all have martial arts skills. Otherwise, if they don't have such a good physique at this time, they may have died at this moment.

He nodded, looked at Gu Shaoyang, and said to him:"Thank you, Gu Shaoyang."

Gu Shaoyang patted Li Zhou on the shoulder again, comforted her, and said to him:"Please stay with your parents."

Xiao Wang nodded. Nodding, since the two of them are brothers, there is no need to say too many words.

Gu Shaoyang had already turned around and walked out of the door.

Tianci was boiling medicine at this time, and Gu Shaoyang looked at Tianci boiling medicine very seriously.

He walked over and looked at Tianci and said to him,"I'll do it."

Because Gu Shaoyang watched Tianci being smoked with fire in front of the stove. At this time, his forehead was covered with sweat. He also knew that Tianci had a very hard day. He really felt sorry for this little girl.

Tianci saw Gu Shaoyang standing behind him, shook his head slightly, and said to him:"You don't have to come by myself. You can go and rest for a while."

After all, Gu Shaoyang did indeed perform a great job in rescuing Li Zhou's parents this time. He put in a lot of effort, so he felt that Gu Shaoyang was also very tired.

Gu Shaoyang shook his head, looked at Tianci, and said to him:"You should also have a good rest."

He really felt sorry for Tianci, and directly took the fan from Tianci's hand, and then pulled Tianci aside. Go up and let Tianci sit down.

He looked at Tianci and said to him,"Are you particularly tired?"

Tianci was really very tired, and Gu Shaoyang was sitting on the small bench next to him, fanning himself, and looking at the fire on the stove.

He directly pulled Tianci over, leaned on his shoulder, and said to him: "We saved Li Zhou's parents this time, but it may be very troublesome in the future, and the road will not be too smooth."
