Chapter 1591

Of course Tianci knew that he looked at Gu Shaoyang and said to him: "It's okay. Anyway, I saved my brother's parents. This is what we all should do." Gu Shaoyang nodded and said to him: "That's true."

At this time, the bell had been taken care of and he walked out. Gu Shaoyang looked at the bell like this and felt very happy in his heart. He did not expect that this little girl was really very conscientious and was doing things in this place. Very diligent.

As soon as Lingdang came over, he immediately looked at Gu Shaoyang, and several of them said to them: "I'd better make the medicine."

After all, Lingdang didn't go there when they went to save people, so at this time he , there is a lot of physical strength and it is not particularly tiring.

And what Lingdang didn't expect the most was that when Gu Shaoyang and the others ran away, they could still think that they had taken him away.

Lingdang directly took the fan from Gu Shaoyang's hand and started brewing the medicine.

Gu Shaoyang didn't stop him, and he and Tianci sat side by side like this.

Only then did Gu Shaoyang remember why he hadn't seen Luo Zishan for a long time.

He had not been there since they came to this place.

He looked at Lingdang and said to him, "Have you seen Luo Zishan?"

Lingdang shook his head and said, "No, he seems to have entered the forest after coming to this place."

Gu Shaoyang felt that Luo Zishan might It was a Qilin beast. She had something to do when she came to the forest, so she just went about her own business first, so she didn't particularly care.

The next step was to boil the medicine, and Gu Shaoyang had already brought it into the room. After Li Zhou carefully fed the medicine, he looked at Gu Shaoyang and said to him:"Is this all right?" Gu Shaoyang nodded and said. : "Yes, we can only continue to wait and obey fate."

When Gu Shaoyang said this, he was really helpless, because Li Zhou's father's injury at this time was really very serious, completely It all depends on his own will. If he can persevere, everyone will be happy. If he can't persevere, then Gu Shaoyang really doesn't know.

So for three days, everyone took medicine every day and lived a very peaceful life.

Luo Zishan didn't know where he went, and he never came back.

Gu Shaoyang looked at Li Zhou's father and saw that his pulse had begun to become more and more stable, so he felt relieved.

After he checked the pulse, he looked at several people and said to them:"There shouldn't be any big problem, he will wake up in the next two days."

Sure enough, after hearing Gu Shaoyang's words, everyone was really happy. For them, this is the best news.

Li Zhou was really happy. After hearing what Gu Shaoyang said, he hugged Gu Shaoyang.

He patted Gu Shaoyang on the back and said to Gu Shaoyang:"Thank you very much, my good brother, you are really the benefactor of my whole family."

Gu Shaoyang felt that Li Zhou was really overjoyed, and of course he was also very sorry for it. Lizhou was happy.

And Li Zhou's mother was really very happy. At this time, he showed a very gentle smile and held Li Haoyang's hand.

He really didn't expect that Li Haoyang could save his life. It seemed that the friends his son had made were really good.

She stood up immediately, and then groped for Gu Shaoyang's direction.

Gu Shaoyang stretched out his hand, took Li Zhou's mother's hand, and said to him: "What can I do for you, madam?"

Li Zhou's mother patted the back of Gu Shaoyang's hand and said to him: "It's really special. Thank you, thank you for saving Li Haoyang

's life." Gu Shaoyang was actually very happy in his heart. In fact, it was not that his medicine was so miraculous, but that Li Haoyang's own psychological quality was better. Another reason was that Li Haoyang himself was originally Even though he is a martial arts practitioner, his will is still relatively strong.

The way he looked at his wife, Gu Shaoyang was also very happy and said to him: "Don't worry, she will definitely wake up in a day or two. If it is good, she may wake up tonight."

After hearing what Gu Shaoyang said, everyone was really happy.

Gu Shaoyang looked at the happy expressions of Li Zhou's mother and daughter and said to them: "The patient needs to be quiet, so we will go out first."

Li Zhou nodded, then looked in the direction of Gu Shaoyang and Tianci, and said I said thank you once.

Gu Shaoyang and Tianci had already retreated.

Tianci was really very happy in his heart. He directly took Gu Shaoyang's hand. He raised his little face and said to Gu Shaoyang with a smile: "I didn't expect to help our friend. I was really very happy in my heart." I'm so happy that I feel like this."

Chapter 1593

Li Zhou had already made way for Gu Shaoyang. At this time, he was really excited and very happy.

Gu Shaoyang put his hand on Li Haoyang's arm. After feeling it for a while, Li Haoyang's body was no longer seriously injured.

So in her heart, she nodded very happily, looked at all of them, and said to them very excitedly: "Don't worry, it's okay."

When several people heard the news about Gu Shaoyang, they were really very excited. So happy, everyone completely put their hearts in their stomachs at this moment.

Time flies by and half a month has passed.

Li Haoyang's body has completely begun to improve a lot, and after this period of recuperation, Li Haoyang has slowly begun to walk on the ground.

Although they had suffered a lot of injuries before, the medicinal materials Gu Shaoyang gave them were really useful.

When he was walking in the yard, he saw Gu Shaoyang and Tianci. The relationship between the two was very good, so looking at these young people, he thought that he wanted to tell them these things about himself.

She looked at Li Zhou and Gu Shaoyang in the yard. Li Haoyang said to them, "Come here, I have something to tell you." At this time, Gu Shaoyang knew that Li Haoyang wanted to fully cooperate with them at this time. It was up to Long Hanming and Jin Zongdi to deal with them.

Tianci led Gu Shaoyang, and the two of them had already walked in the direction of Li Haoyang.

There is only a small fence in this yard, and there are a few small stone benches in the yard. It looks very ordinary, but it is also very warm.

Several people sat down one after another. At this time, Luo Zishan was still the same as before. He talked much less than before, so he was very talkative. He sat silently on a stone not far away and looked at a few of them in the distance.

Li Zhou's father sighed and said to them:"Thank you very much for helping us when our Li family encountered such difficulties."

Gu Shaoyang looked at Li Haoyang, He said to him:"Uncle, I have already said this. There is no need to say thank you anymore. This is the relationship between us and Li Zhou."

Li Zhou looked in the direction of Gu Shaoyang, but did not speak. Thank you very much Gu Shaoyang.

Li Haoyang sighed and stopped talking about this matter to them.

Instead, he continued to say to them:"The reason why Long Hanming and Jin Zongdi have framed our entire Li family is because our family has a treasure map. You may have heard about it, and that is today. Bagua treasure map."

Of course Gu Shaoyang had heard of this matter, so he looked in the direction of Li Haoyang and said to him:"Your family really has this treasure map."

Li Haoyang nodded and said to him Looking at him, he said:"It is true that our family does have this treasure map."

Gu Shaoyang and Tianci looked at each other and felt really shocked. You must know that this treasure map must have many things in it. Otherwise, Long Hanming and Jin Zongdi would not have taken such a big risk and let their entire Li family be framed.

Li Haoyang looked at them and said to them:"I just have this draft map, but I don't know where the babies are gathered, so if you guys wait until his mother and I are well, you can Go find this treasure map."

After hearing what Li Haoyang said, Gu Shaoyang never expected that Li Haoyang really believed in them.

He was actually willing to give them this treasure map.

Li Zhou looked at his father and said to Li Haoyang:"Then where is this treasure map?"

Li Haoyang raised the corners of his mouth slightly, looked at them and said to them: "No matter what, they must not have thought of us. The treasure map is actually hidden in plain sight."

Gu Shaoyang did not expect that Li Haoyang was really very smart, because Emperor Jin Zong and Long Hanming had already turned over all the places in his house. Turning upside down, nothing was found.

So Gu Shaoyang was really very interested in where Li Haoyang and the others hid this treasure map.

After waiting for a while, Li Haoyang said to them: "This treasure map is under the Buddha statue in Changshan Temple on Kunlun Mountain."

When they heard this, several people really didn't think about Kunlun Mountain at all. , why is it placed in that place?

Li Zhou also wanted to ask this question, but suddenly Li Zhou already thought of why.

Li Zhou looked at his father and said to him: "This is the Buddha statue that you and my mother go to that place every year to worship."

Chapter 1594

Li Zhou's father nodded, then looked at him and said to him: "How about it? Father's idea is still very good."

When Li Haoyang said this, he was still very proud. He felt that he was in this place It is really good. Many people worship at that place every day, but no one would have thought that there is a treasure map under the Buddha statue.

Li Zhou murmured and nodded, saying to him: "Father, you are really amazing. No one would have thought that you would hide that place in plain sight."

Li Haoyang laughed. , and said to them: "It's under the Maitreya Buddha statue in that place. You can go find it when the time comes."

Gu Shaoyang really didn't expect that Li Haoyang was really very powerful and could actually This thing was taken to the Kunlun Mountains outside the Jin Kingdom, and was placed under a Buddha statue.

He looked at Li Haoyang and said to him:"Uncle, do you mean that we just want us to find the treasure map and find the treasures in it."

Li Haoyang nodded and looked at These young people have been getting along for half a month now, and he really trusts Gu Shaoyang and the others.

She looked at Gu Shaoyang and said to him:"Yes, I want you to find this treasure map. Then we can recruit troops and deal with Long Hanming and Jin Zongdi. No need It's like hiding here and there."

Gu Shaoyang felt that Li Haoyang had really thought deeply about a lot of things.

And he felt that Li Haoyang was really right to think about this matter. If he had this treasure map and a lot of money, he could then fight against the entire Jin Kingdom, even Emperor Jin Zong and Long Han Ming and Han Ming will also be afraid of themselves.

Gu Shaoyang nodded, looked in the direction of Li Haoyang, and said to Li Haoyang:"Your idea is very good. If we all have enough funds, they will definitely be looking forward to us, and if we can have a lot of Our troops can completely defeat the Demons and the Kingdom of Jin."

After Gu Shaoyang said this, not only Li Haoyang, but also Li Zhou would be very shocked. He did not expect that the manager would have such big thoughts when he came to Xiaoyang..

Some of them were not confident. Li Zhou looked at Gu Shaoyang and said to him:"If this is really the case, is it really okay?"

Gu Shaoyang nodded without hesitation and said to him:"If there are enough guarantees in this shocking Bagua treasure map, and if we recruit enough people by then, what do you think is impossible?"

Li Zhou was very excited at this time. If he After Emperor Jin Zong and Long Hanming are defeated, they can sit on the throne.

But I feel that if the two of them fail completely, can I be very upright and live a good life again, instead of hiding around and guarding against them all the time like now?

But Li Zhou also knows his own strength. If Gu Shaoyang and others don't help him, he will definitely not be able to succeed on his own.

After Li Zhou thought this, he immediately looked in the direction of Gu Shaoyang and Tianci.

He asked Gu Shaoyang and said to him: "Do you think all of us can do this?"

Gu Shaoyang felt that if he had offended Long Hanming and Jin Zongdi this time, they would definitely He will deliberately take revenge on himself.

So even if Gu Shaoyang doesn't want to find any treasure at this time, it will definitely be impossible. Otherwise, if they find him by then, they will definitely not get anything good to eat.

Gu Shaoyang looked at Li Zhou and said to him: "If this place really exists, I think a few of us can give it a try."

After all, if they really find the treasure, Gu Shaoyang and the others really have it. With enough funds, there will be enough troops to fight against Long Hanming and Jin Zongdi.

Hearing what Gu Shaoyang said, Li Zhou felt happy. He had never expected that Gu Shaoyang really thought so too.

Then he already looked in the direction of Tianci.

After all, Tianci has his own identity. His father is the dean of the academy. If his identity is known, Tianci will be very dangerous.

Li Zhou asked in a questioning tone, looked in the direction of Tianci, and said to him: "Tianci, what do you think?"

Tianci nodded, looked in the direction of Li Zhou, and said to him: "I listen to Gu Shaoyang, if Gu Shaoyang decides to look for the shocking treasure map, I will let him go."

Gu Shaoyang really felt that what Tianci said was very useful, and he immediately held Tianci's hand.

Chapter 1595

Looking at Tianci, he said to him: "Okay, I will definitely let you live a good life."

The two of them tacitly agreed, and they all agreed.

Luo Zishan on the other side didn't need Li Zhou to ask him questions at all.

She squatted on a stone on one side and looked at several people who had already made their final decisions.

He looked in the direction of Li Zhou and said to him: "If you are looking for a treasure, count me in. I will definitely help you."

Luo Zishan was actually confident in his heart. After all, Long Hanming was now Her enemy who killed her father is also the enemy who killed the entire family. If they find this treasure, they will definitely have to deal with Long Hanming. So if you look at it from another perspective, he and Li Zhou will have no control over Long Hanming. Said it was a common enemy.

After Li Zhou heard what Luo Zishan said, he felt very happy.

He looked in the direction of Luo Zishan and said to him: "Thank you, brother."

Lingdang looked at them and had already made the final decision.

So at this time, he was really worried that the few of them would continue to move forward and leave themselves in this place.

His worried eyes were already looking in the direction of Gu Shaoyang.

Gu Shaoyang looked at the little girl looking at him pitifully, and his heart was still very soft. He did not expect that the little girl Lingdang was really very attached to him.

He saw Ling Dang and said to him: "You have started to rest now, and your skills are improving very quickly. Don't worry, I will keep you by my side."

Sure enough, he heard what Gu Shaoyang said, Ling Dang The whole person started to laugh, and when he laughed, he was like a bright little flower.

He looked in the direction of Gu Shaoyang and said to him: "Thank you, Brother Gu Shaoyang."

Gu Shaoyang looked at Lingdang like this, then nodded and said to him: "But I want to tell you, there are people along the way. There are many dangers, you have to think carefully."

Lingdang didn't hesitate at all, and immediately turned to Gu Shaoyang with great certainty. They said to them: "I am not afraid of any danger, even if this life is lost, I will not You will regret it."

Gu Shaoyang was already relieved in his heart. He never thought that this little girl really wanted to be by his side.

Lingdang was even more happy in his heart. He really never thought that even if he would become a burden beside Gu Shaoyang and the others, they never thought that they would give up on him.

He will definitely work harder to practice the techniques so that Gu Shaoyang and the others can regard him as their true partner, rather than the person they say they want to take care of.

Li Haoyang looked at these young people. At this time, they had all discussed their own countermeasures. He felt really happy in his heart.

And he didn't expect that Gu Shaoyang and the others were not afraid of danger, and they all decided to go to Kunlun Mountain to look for his Bagua treasure map.

Li Haoyang looked at several young people and said to them: "You all must be careful. Long Hanming and Jin Zongdi are very despicable and shameless people. If they discover your traces next, it will definitely be very dangerous." "

Of course Gu Shaoyang knew that if Li Haoyang and Long Hanming discovered his traces, Long Hanming would definitely send many people from the demon clan to stop them.

And the soldiers that Emperor Jin Zong and the others passed by were not vegetarians.

Gu Shaoyang nodded and said to them: "Don't worry, I know what we all should do, and a few of us still have a certain strength."

Li Haoyang looked at Gu Shaoyang's very confident look, and his series was really I'm very relieved.

He looked at a few people and said to them: "Okay, then you can all prepare and set off."

But Gu Shaoyang was still very worried about Li Haoyang's health, after all, it had just been half a month.

Gu Shaoyang looked at Li Haoyang and said to him: "But your body is not fully recovered now. You still need to take good care of yourself before you can get better little by little. And Madam, her body also needs to take good care of herself."

When Gu Shaoyang finished these words, Li Zhou really started to think about it very seriously. He had completely forgotten all these things before.

He was very worried and looked in the direction of Li Haoyang. He already looked over and said to Li Haoyang: "Dad, otherwise, we all have to wait for a while for this matter."

Li Haoyang, however, was very sure and looked at them. , said to them: "Don't worry, we just need you to prepare all the medicines for us. My wife and I will take care of ourselves and won't hold you back."

Chapter 1596

Gu Shaoyang did not expect Li Haoyang, but he was very determined. It seemed that he really hated Long Hanming and Jin Zongdi very much.

Gu Shaoyang nodded, feeling that if the two of them took medicine on time every day, it would take more than a month for their bodies to recover slowly.

Gu Shaoyang said to them: "Okay, I will prepare all the medicinal materials for you. As long as you take the medicine on time every day, there shouldn't be any big problems."

Li Haoyang had already thought of everything in his heart, even if the two of them. If I die personally, I will not hold back my son. I will definitely make my son prosperous and let him completely defeat Long Hanming and Jin Zongdi.

Li Haoyang looked at several young people and said to them: "Everyone, get ready and set off in the next few days. Don't worry about the two of us."

Gu Shaoyang was not talking, but Li Zhou looked at Li Haoyang really. He was very worried, so he said in the direction of Li Haoyang: "Dad, is it really okay for you two? Otherwise, I will arrange for someone to take care of you here."

Although their family has begun to be very serious at this time. They were in despair, but the skinny camel was bigger than the horse, and their family still had a lot of gold and silver.

Therefore, Li Haoyang felt that what Li Zhou said was very unreasonable. He immediately looked in the direction of Li Zhou and said to him: "The less people know about this place, the better. If others know about it, there will always be certain consequences." It's dangerous."

Li Zhou didn't speak. He felt that his father was very right when he said this, so he didn't continue the topic.

Several people had sat there for a while and dispersed one after another.

Three days later, Gu Shaoyang and the others were all ready for the night before and were ready to set off today.

So when he got up in the morning, Gu Shaoyang had already prepared his luggage.

When he walked out, he saw Luo Zishan who had already walked out of the yard.

Luo Zishan was wearing a purple robe and stood under the peach blossom forest in the yard.

Gu Shaoyang had already walked over in the direction of Luo Zishan.

He looked at Luo Zishan and said to him, "Why are you up so early?"

Luo Zishan turned back to look at Gu Shaoyang, then narrowed her eyes slightly, she looked in the direction of Gu Shaoyang, He said to him: "I don't think it will be so easy for us to leave this time. Long Hanming and Jin Zongdi will definitely jump out again."

Gu Shaoyang had actually thought of this possibility, but All kinds of difficulties can't stop them. As long as they can go all the way to Kunlun Mountain, they will definitely find the treasure wherever they find the treasure map.

Gu Shaoyang said to him: "Then what do you think we should do?"

Luo Zishan looked at Gu Shaoyang's direction with certainty and said to him: "No matter what we do, we will definitely find this thing, even if there are difficulties You must protect yourselves and leave me alone." Gu Shaoyang suddenly knew what Luo Zishan was going to do at this time.

He knew that Luo Zishan was a Qilin beast and had great strength.

She looked at Luo Zishan and said to him: "I don't need you to divorce us, as long as you can protect yourself."

Luo Zishan was very determined, looked at Gu Shaoyang and said to him: "If I die On that day, I must avenge Long Hanming and avenge our entire Qilin clan."

When he said this, he gritted his teeth and was really very angry.

Gu Shaoyang patted Luo Zishan on the shoulder and said to him: "You can only avenge your hatred by yourself. I can't help you in this matter."

While the two of them were talking, Li Zhou and Tianci and the others Everyone has already walked out.

So the two of them did not continue this topic.

Gu Shaoyang looked at Li Haoyang and Li Zhou. They must have talked a lot all morning when they came out together, and everything had been explained clearly.

So Gu Shaoyang stepped forward. Li Haoyang looked at Gu Shaoyang and the others and said to them:"It should be very dangerous along the way. You all should be careful."

Gu Shaoyang clasped his fists, looked in the direction of Li Haoyang, and said to him:" Don't worry, uncle, we will definitely be careful."

Mao Mao has been getting along with Gu Shaoyang for a while, and has a very good impression of this young man Gu Shaoyang. He feels that Gu Shaoyang is really a leader..

He looked at Gu Shaoyang. He felt that he must have seen the right person. He was very relieved. He looked at Gu Shaoyang and said to him:"As long as you are all safe, everything will be fine. You must remember to take care of your own safety."

He then said He told Gu Shaoyang and the others once again.

Gu Shaoyang looked at the kitten very solemnly and his mother who had just come out of Lizhou behind him.

Chapter 1597

He said to them:"Don't worry, you two, we will all come back safely."

Then he looked in the direction of Li Zhou and Luo Zishan, and said to them:"Now that we are ready Let's get ready to go."

The little girl Lingdang was already carrying her luggage and standing in the direction of the door waiting for Gu Shaoyang as if Gu Shaoyang was afraid of leaving her behind.

Gu Shaoyang was really helpless. After watching several people finish talking, they already walked towards the door.

At this time, Luo Zishan was already ready. He had already walked out without leaving any trace.

Tianci looked in the direction of Li Zhou's mother and said to him: "Madam, please take care of yourself, we will all come back as soon as possible." At this time, Li Zhou's mother also had a very good impression of Tianci. I feel that this little girl Tianci is not only very powerful, but also a very gentle little girl.

Mrs. Li looked in the direction of Tianci, and then patted Tianci's hand. Although he couldn't see it, she said to Tianci: "Little girl, you must take good care of yourself. When you encounter danger, you must avoid it. Don't be stupid." "Rush up" because he felt that this little girl Tianci was really good to Gu Shaoyang. If Gu Shaoyang was in danger, she would definitely save Gu Shaoyang at all costs, and wanted to give her some warning. role.

Tianci chuckled and said in the direction of Mrs. Li: "Don't worry, madam, let's go and say goodbye first."

Then the two people let go of their hands, and Gu Shaoyang and others walked out of the yard.

When Gu Shaoyang walked to the edge of the yard, the bell hurriedly followed Gu Shaoyang.

Gu Shaoyang turned around and looked at Lingdang like this. He couldn't help but stretched out his hand and rubbed Lingdang's head.

Gu Shaoyang said to him: "You little girl, it's as if I'm afraid of leaving you in this place."

This is what Lingdang actually thought in her heart.

He knew that he was very young, only twelve or thirteen years old now, and his practice of Kung Fu was just in a preliminary state. Although he worked very hard every day, he still had a longer start than others. It was late, so he had to follow Gu Shaoyang closely.

Lingdang was very obedient. She followed Gu Shaoyang and said to him: "Brother Gu Shaoyang, we are ready to leave now."

Gu Shaoyang nodded and said to him: "Indeed, so if there is danger next, Qian If you think about how good it is to be alone, protect yourself first no matter where you are."

Of course Lingdang knew that Gu Shaoyang had already begun to give instructions to himself while walking.

She immediately nodded hurriedly and said to Gu Shaoyang in a very obedient manner: "Don't worry, I know that I will protect myself and won't hold you back."

Gu Shaoyang looked at the bell with great emotion. Rejoiced.

And walking next to the two of them, Luo Zishan really couldn't help it.

Hua felt very distressed when she saw such a well-behaved little girl like Ling Dang. She was wearing a purple robe and had already walked towards the direction of Ling Dang. In the same way, she stretched out her hand and rubbed Ling Dang's head.

Luo Zishan said to him: "You little silly girl, how can we leave you here?"

Lao Wang knew that the little girl Lingdang was actually so dependent because she felt insecure. Only Gu Shaoyang would be by her side anytime and anywhere.

Then Lingdang looked silly and really started to laugh and said to them, "Yes, you won't leave me behind."

Tianci had already quickened his pace a few times and caught up with Gu Shaoyang and the others. The figures of several people said to them: "Are we all going to walk out of this forest like this?"

Of course Gu Shaoyang would not walk out of this forest like this, but now that he had just left this place, he did not want to stand in the air and face In the far direction, fly out.

So he said to Tianci: "The scenery in Peach Blossom Forest is still very good now. We don't know when we will come back, so everyone should walk for a while first."

Lizhou heard Gu Shaoyang say this, and his I really have a lot of feelings in my heart. After all, he grew up in this place, so he still has a lot of feelings for this place.

Moreover, Li Zhou was still a little worried about his parents. He didn't speak and was very silent all the way. When he followed Gu Shaoyang and a few people around him out of the peach blossom forest, Gu Shaoyang looked in the direction of the people and faced them. They said: "Let's all get ready to go." Because of this place, Kunlun Mountain.

Chapter 1598

In fact, it's not that far away from them. As long as you go all the way south, you can get there.

Otherwise, Li Zhou's parents would not go as far as Kunlun Mountain to offer incense every year.

Gu Shaoyang and the others stood in the air, all floating in the air.

Gu Shaoyang's left hand was holding the bell, and Tianci's other hand was also holding the bell. The bell was held between the two of them.

Since he had not yet learned to fly at this time, the two people had already helped her.

Several people galloped all the way to the south, but did not encounter anyone from Emperor Jin Zong and Demon King Long Hanming.

The journey was very safe. After two days of rushing like this, everyone arrived at a small town.

Gu Shaoyang and the others would avoid these places along the way, for fear that they would be exposed in crowded places.

So there is really no way out today. On the one hand, they have to replenish themselves with some dry food and the like.

On the other hand, during these two days of journey, I have been out in the wilderness without a good rest, so I need to take a good rest today.

They found a hotel in a small town and were already sitting down.

Gu Shaoyang observed everything around him and found that there were no officers and soldiers in this place, and no demon clan members appeared in this place, so he settled down here peacefully.

Gu Shaoyang looked at Luo Zishan and said to him: "Is it true that there are no demons in this place?"

Although Gu Shaoyang knew that there might be no demons in this place, he also knew that Luo Zishan was still sensitive to the aura of the demon lord. Very familiar, so I still have to ask Luo Zishan for confirmation, so that I can rest assured.

Luo Zishan nodded and said to Gu Shaoyang: "I have checked it, and it is indeed not there. Don't worry."

The two of them had checked all the places. At this time, they were really relieved that the arrangements had already begun. Accommodation issues.

After settling in and sleeping for one night, everyone seemed to have come back to life. Only then did the muscles all over the body feel less painful.

While eating in the morning, Lingdang looked at Gu Shaoyang and said to him: "We all have to continue our journey soon."

Gu Shaoyang said: "Let's rest for the whole morning first. If there is nothing else, we will be there in the afternoon. Let's go."

Because Gu Shaoyang had to collect a lot of things in the morning, he didn't want to continue on the way so soon.

Hearing this, Xiaoyou could say that Lingdang seemed to be relieved suddenly. After all, Lingdang had not done any kung fu at this time and was much weaker than Gu Shaoyang and the others.

Gu Shaoyang and the others have been traveling for two days. If everything goes well, they will be able to reach Kunlun Mountain in about ten days and a half after passing through a few forests.

So at this time, several of them were still very anxious to leave this place.

Gu Shaoyang had prepared clothes, a lot of dry food, and some toiletries for them all morning.

After he was ready, he returned to the inn and looked at the two little girls Tianci and Lingdang. They were very obedient and did not leave their room.

Gu Shaoyang looked at the two people and said to them: "Where did Li Zhou and Luo Zishan go?"

The two girls shook their heads and said to Gu Shaoyang: "I don't know."

Gu Shaoyang did not expect these two guys. , they have been told not to wander around, and they are afraid of attracting other people's attention. Why have they disappeared so quickly?

While Gu Shaoyang was still thinking about it, the two people had already left. When they came back, they didn't go very far, but kept sentries in the direction around the inn.

When Gu Shaoyang saw the two people coming back, he said to them: "What did you two do?"

Luo Zishan laughed, looked at Gu Shaoyang, and said to him: "What can you do here? Check around to see if anyone is passing by. If so, we all have to be more careful." Only at this time did Gu Shaoyang feel relieved. Seeing the two people walking back in such a relaxed manner, they must have not been disturbed by others. found.

After a few people replenished their supplies, they started on the road again.

During the three days, they had been in the forest, but what they didn't expect was that there were already many demon king Long Hanming's men in the forest looking for them.

And this demon king is really very smart. He actually knows that people like Gu Shaoyang will definitely go into places like the forest to hide, so they have already started to monitor all these places.

It was really dangerous for Gu Shaoyang and the others to dodge along the way, but what they didn't expect was that they were discovered by one of the Demon King's men.

Chapter 1599

After all, people from the Demon Clan have various mentalities when they turn into Warcraft, so there are some very small Warcraft that Gu Shaoyang and the others are really hard to guard against.

Gu Shaoyang and the others were in the forest. Even if they wanted to escape, there was no way to completely avoid them.

He was a green snake from the Demon Clan. He came directly to the hall of the Demon Clan's Demon King Long Hanming. He twisted his waist twice and turned into a beautiful woman. He knelt down and his body transformed into a very beautiful woman, wearing a green robe.

He said to Demon King Long Hanming: "Master, I found traces of Gu Shaoyang and the others."

Sure enough, Demon King Long Hanming was really interested at this time, and he immediately sat up straight.

He looked in the direction of the woman in green, faced him, and said, "Really, it's really Gu Shaoyang and Li Zhou's group."

The woman in green immediately stepped forward in a very delicate and pretentious manner, Looking at Demon King Long Hanming, he said to him: "Of course, Master, I really saw their figures."

Demon King Long Hanming looked at the woman in green and knew that he must have something to do with him. Conditional.

Then he still had a very good attitude and patted the woman's hand and said to him: "Tell me, what conditions do you want, as long as you give me their real position."

The woman was really surprised when she heard this. Very happy, he immediately looked at Demon King Long Hanming and started laughing. When he laughed, he seemed to be seducing the other person.

The woman in green said to him: "I want to be by your side."

After Demon King Long Hanming heard this, he narrowed his eyes slightly. He did not expect that this woman in green was really very Of scheming.

But Demon King Long Hanming did not show it at this time. His most important thing now is to catch Li Zhou and Gu Shaoyang, so that he can find the treasure map faster.

He immediately pulled the woman in green and sat on his lap.

Then he looked at the woman in green and said to him: "Okay, I have already liked you, and I agree to your terms."

As expected, the woman in green immediately became satisfied and started laughing after hearing what he said. When I laughed, the sound was quite nice, as nice as a silver bell.

She lay in front of Demon King Long Hanming and told him where Gu Shaoyang and the others were at this time.

As soon as Demon King Long Hanming heard this, he immediately shook off the woman in green and said to him, "Okay, I understand, go ahead and wait for me in my harem."

"The woman did not expect that Demon King Long Hanming would change his face very quickly."

Demon King Long Hanming had completely ignored him at this time and had already called his demon clan's subordinates.

Then he told the location of Gu Shaoyang and the others, and said to them: "No matter what the price, I must find them."

When he said this, he had already let himself know His men went looking for traces of Gu Shaoyang and the others.

The men all dispersed very quickly.

At this time, Gu Shaoyang and the others did not know that their traces at this time had completely begun to be exposed, and someone would find them soon.

Moreover, the demons would also block them in the forest and hunt them down.

After the Demon King lost his temper, he had already walked into his harem.

When he arrived at the harem, he didn't expect that the green-skinned snake in green clothes was still waiting for him here.

He was sitting in the courtyard, and when he saw the devil coming back, he had already walked in his direction.

The woman in green looked with a smile on her face, looked in the direction of Long Hanming, and said to him: "How about the devil, are these things I said true?" At this time, Long Hanming was in the mood to talk to him. These were all messy, but he suddenly thought of a possibility. After all, he also knew that this green-skinned snake was very powerful.

He immediately looked in the direction of the green snake monster and said to him: "How about I give you a chance to make a contribution? If you can completely catch Gu Shaoyang and the others, I will let you become our demon clan Queen."

After hearing these words, there was a great temptation for this green-skinned monster.

He immediately stood up, his eyes began to light up, and he said in the direction of Long Hanming, "Really? What's the matter?"

Then Long Hanming began to say to the woman in green, "Let's How he hunted down Gu Shaoyang was explained.

Because this green-skinned snake is not the most powerful, but she is very smart and very good at hiding herself.

Chapter 1600

Long Hanming felt that only such a monster could catch Gu Shaoyang and the others, or completely subdue them.

When the green snake heard what Long Hanming said, he felt that this matter was very simple for him.

After all, he has always felt that Gu Shaoyang and Li Zhou are not particularly powerful, and they don't seem to be particularly old, so they should be very easy to fool.

He immediately agreed, looked in the direction of the Demon King, and said to him: "Demon King, please don't break your promise. If I capture Gu Shaoyang and Li Zhou, don't forget your promise to me."

" Han Ming directly pulled the green-skinned monster and said to him: "Of course, I will definitely let you be my queen."

Then hearing this sentence, this green snake monster is really very powerful. He was happy and said in the direction of Long Hanming: "Then just wait for my good news."

Then he walked in the distance. soonIt had turned into a snake and meandered away, completely disappearing into this space.

The corners of Long Hanming's mouth raised slightly, and he smiled in a very dangerous arc. It had already sent out many of its own monsters to hunt down Gu Shaoyang and the others. If Gu Shaoyang and the others could fall into his hands next, It's really great for him.

And he didn't want to cooperate with Emperor Jin Zong. If he could catch Gu Shaoyang and the others, and then find out the location of the shocking treasure map, Long Hanming would just think about it. They were all very excited. With such a huge treasure, they would definitely be the first to kill Jin Zongdi.

Time passed little by little, Gu Shaoyang and the others continued on their way, and another three days passed.

This forest is really very big. They didn't expect that just walking in this forest and twisting and turning would make several of them feel so tired.

But I have never passed through this large forest.

At this moment, Luo Zishan suddenly stopped and looked in the distance.

Gu Shaoyang and the others didn't know why. They really didn't know what happened to Luo Zishan's sudden behavior.

Gu Shaoyang saw Luo Zishan and said to him: "What's wrong? Why don't you leave all of a sudden?"

Luo Zishan was wearing a purple robe, and then he turned around and said to Gu Shaoyang and the others. : "I smell the scent of World of Warcraft, they must have discovered our traces."

Hearing what Luo Zishan said, Gu Shaoyang and the others immediately entered a state of alert.

Gu Shaoyang said to Luo Zishan: "Don't talk nonsense. If it is true, then why didn't I see the shadow of the monster?" The corners of Luo Zishan's mouth raised slightly. After all, he was a monster, now in human form. , so his strength is very powerful.

He looked in the direction of Gu Shaoyang and the others, and said to them: "Don't worry, you will see them in a while."

When he said this, he actually said that they, Gu Shaoyang, felt that this must be It's not simple. There must be a lot of monsters attacking this place.

He looked at Luo Zishan and said to him: "Then you, the Qilin Beast, must be able to defeat them."

At this time, Luo Zishan was already very fierce, and he looked towards the distance, and then After shaking her body, her body suddenly turned into a huge unicorn.

With a body length of four to five meters and a body of three to two meters high, it looks like a very large being.

Luo Zishan said to Gu Shaoyang and the others in a low voice, eloquently: "Get ready to fight."

When he said this, he already saw a green snake, about three meters long. , and had already taken the lead in meandering in their direction.

Then the green-skinned snake monster stopped in front of them, looked at Gu Shaoyang and the others, and said to them: "You guys are really hard to find. I actually walked away for several days."

When she said this, it turned out to be a woman's voice, and Gu Shaoyang had already looked in the direction of the monster.

He didn't expect that just such a snake would be scary. Luo Zishan looked at Gu Shaoyang and said to him: "This is the famous person next to Long Hanming, be careful."

Gu Shaoyang didn't expect that since he was next to Long Hanming That must be a very powerful existence.

I didn't expect the opponent's size. He looked so small, so he must be very powerful.

After a few twists and turns, the snake turned out to be wearing a green skirt and stood in front of Gu Shaoyang and the others.

And she still had light makeup on her face.
